THE Honorable the Governor General and Council have been pleased to resolve that all business relative to Military affairs shall henceforward be conducted, and their proceedings on Military subjects be recorded, in the Military Department, which is to comprize all personal applications transmitted through the Commander in Chief from individuals in the military service, whether in his Majesty's or the Company's Troops, matters of account, not of a political nature, all correspondence with the Presidents and Councils at the other Presidencies on such subjects, Military Commissions, &c.—All memorials respecting military rank, all appeals from the audit of the Auditor General upon military accounts and charges, but which are still to be transmitted through the prescribed channel of the Paymaster and Military Auditor General.—All military contracts and agencies, and all correspondence with the Military Board.

Constituting
Mily. Dept. of
the Govt.

M. C. 29th Oct.
1799.

The Governor General in Council having taken into consideration the present establishment of the office of the Secretary to the Government, has been pleased to order, that the establishment shall in future consist of a Chief Secretary to Government and four Secretaries, viz. one Secretary for the Secret, Political and Foreign Department; one Secretary for the Public Department; one Secretary for the Judicial and Revenue Department; and one Secretary for the Military Department.

Appointment of
Mily. Secy. to
the Govt.

Letters and applications, of the description heretofore addressed to the Sub-Secretaries of the respective departments, are in future to be addressed to the Secretary to the department.

The Governor General in Council having been pleased to fix the salary for the office of the Secretary to the Government in the Military Department at Seven Rupees 32-50 per month, and to direct that the fees on Military Commissions be appropriable towards the payment of this salary, the Military Paymaster General is desired to collect the fees on Military Commissions from the above date, and bring the amount to the credit of Government in the public accounts.

Proc. C. G.

Pas. 1786. — As in 1786, passed in this Session of Parliament, has enabled the Company to unite in the same person the Office of Governor General and Commander in Chief, and Lord Cornwallis having undertaken the office of Governor General, we think it may be attended with beneficial consequences at this time to invest his Lordship with the supreme power, both Civil and Military.

M. C. 10th
April 1787.

The Military establishment of this Presidency affords few justifications out of the line of regular succession; the public good requires that such as do exist should be considered as the marks of professional merit, and not be granted by partial favor; an adherence to this principle, under a Government subject to continual variations in the constituent member, may be most reasonably expected by suffering the distribution to flow through the Commander in Chief alone, by conceding to him the exclusive management of the detail in all the military appointments.

G. O. G. G.
23d June 1801.

The Governor General in Council deeming it to be essential to the establishment of a proper and uniform system of discipline among the several Corps of the Army that the authority and order of the General Officer holding the commission of Commander in Chief for the time being, should at all times have full effect, as well in all Forts and Garrisons as at the other stations of the army; His Excellency in Council accordingly desires, that the Commander in Chief will be pleased to issue such orders and directions as he may think proper respecting the regimental detail and discipline, and the review and inspection of the troops at the Presidency, including those in the Garrison of Fort William, and at the Cantonments of Battrackpore; and the Officer Commanding the Garrison at Fort William and the Town Major are directed to obey such orders as they may receive from the Commander in Chief according to the tenor of this order.

G. O. G. G.
16th April
1810.

The Governor General in Council understands that the returns of the Company's troops belonging to the Presidencies of Fort St. George and Bombay are not regularly furnished to the Commander in Chief in India. His Excellency in Council deems it to be absolutely necessary, that the Governor General and Commander in Chief should at all times possess the means of knowing the actual strength, as well as the distribution of the military force belonging to the other Presidencies; and therefore orders, that the Governments of Fort St. George and Bombay be directed to instruct the Officers commanding the troops under their respective Presidencies to transmit regular monthly returns of the Company's troops to the Commander in Chief in India. These returns to be accompanied with statements showing the distribution of the different corps at the several Presidencies; and any material change or alteration which it may at any time be found necessary to make in the distribution of the army & to be reported immediately to the Commander in Chief in India.

Returns & re-
ports of Troops
at Madras and
Bombay to be
made to Comr.
in Chief in In-
dia.

It being of the greatest importance to the security of the British possessions in India that a regular and uniform system of discipline and subordination should be established and maintained among the troops of his Majesty and of the Honorable Company; His Excellency in Council directs that the General Officers upon the staff commanding stations or districts, serving under the Presidencies of Bengal, Fort St. George and Bombay, shall inspect and review the corps under their respective commands annually, under such directions and at such times of the year as the Commander in Chief in India may think proper, and that such General Officers shall report to the Commander in Chief in India, through the proper channel, the particular state of the discipline and efficiency of the several Regiments and corps under their respective commands for the information of the Governor General in Council.

All Troops at
the several Pre-
sidencies to be
annually re-
viewed under
the orders of
the Comr. in
Chief in India.

Proc. G. G.
15th Nov.
1807.

His Excellency Lieutenant General Hewitt is to be considered as having assumed the office of Commander in Chief from the time of his arrival at Fort St. George, and consequently the right of appointing his personal Aids, which otherwise is to be considered from the same period.

Period at which
the Comr. in
Chief assumed

Statement of camp equipage, cattle & attendants, &c. for the Comr. in Chief & Staff attached. The Governor General in Council directs that the following revised statements of camp equipage, cattle and attendants, &c. &c. for his Excellency the Commander in Chief and Officers on the General Staff, be published in General Orders.—(Wide Form No. 1.) G. O. G. G. 10th Jan. 1812.

Strength of Escort ordered for Comr. in Chief on a tour of inspection. Major General St. Leger will be pleased to give directions for the formation of an Escort of Native Cavalry and Infantry to accompany the Commander in Chief; the former to consist of 60 rank and file, the latter of 200 rank and file, with such proportion of Commissioned Officers as the Major General may think proper. G. O. C. C. ad Oct. 1808.

Allowance fixed for Milly. Secy. to Comr. in Chief. The Governor General in Council adverting to the orders of the Vice President in Council of the 26th April 1799, respecting the compensation of 2000 Rupees per month granted to the Commander in Chief's Military Secretary, in place of the emoluments which he formerly derived from the Military Dawk beyond the provinces; his Lordship observes that the allowance of 2000 Rupees per month was intended to be continued as a permanent allowance, in order that the important office of Military Secretary to the Commander in Chief might always remain on the same scale of emolument, as that which had been annexed to it previous to the separation of the profit of the Military Dawk beyond the provinces, and of the consequent annexation of the profits derived from that Dawk to the General Revenues of the Post Office. Proc. C. G. 19th Mar. 1801.

Office establishment of Milly. Secy. to Comr. in Chief how charged. The actual expence which Lieutenant Colonel Lake may incur, on account of the establishment of his office as Military Secretary to the Commander in Chief, is to be charged in a monthly contingent bill attested in the usual manner. Proc. G. G. 23d Jan. 1806.

Salary to Persian Interpreter to the Comr. in Chief. Extract from the Table of Monthly Salaries and Allowances, annexed to the Code of Bengal Military Regulations, published under the Authority of Government first of January, 1791.

" Persian Interpreter to the Commander in Chief, St. Rs. 666 10 8."

Allowed the full Batta & House-rent of his Rank. The Persian Interpreter to the Commander in Chief is entitled to draw full Batta in M. C. 16th June 1786.

No. of Aids-de-camp fixed for the Comr. in Chief. The Governor General in Council considering the very great increase to the army of this and the other Presidencies since the Regulations of 1786, fixing the number of Aids-de-camp to be allowed to the Commander in Chief, is pleased to determine that his Excellency be allowed three Aids-de-camp to enable him to carry on the duties of his station. Proc. G. G. 16th Nov. 1807.

Additional Aid-de-camp when allowed. We do not object to an additional Aid-de-camp being allowed to the Commander in Chief under the circumstances stated; nor to a fourth being added when on service in the field, or on a tour of inspection of the Army. Let. C. D. 16th Feb. 1810.

Salary to Aids-de-camp to the Comr. in Chief. Extract from the Table of Monthly Salaries and Allowances, annexed to the Code of Bengal Military Regulations, published under the Authority of Government first of January, 1791.

" Aid-de-camp to the Commander in Chief,

Staff allowances, &c. and House-rent, St. Rs. 324."

Batta fixed for Aids-de-camp to Comr. in Chief. Aids-de-camp to the Commander in Chief are allowed the full Batta of their rank in M. C. 16th June 1786.

Uniform ordered for Aids-de-camp to Comr. in Chief. Aids-de-camp to the Commander in Chief to wear the uniform of the corresponding rank in the King's service with a Epaullets. G. O. 11th July 1787.

Provl. Comr. in Chief when to be appointed & his allowance fixed. If, by the death of the Commander in Chief in India, or by his resignation of that office before a successor shall arrive, it shall be found necessary to appoint a Provincial Commander in Chief at your Presidency, the Officer so appointed shall receive 2000 Sicca the allowances of his rank, until a new Commander in

- Proc. G. G.** 21st Sep. 1807. Ordered, that the Provincial Commander in Chief be informed that it has not been the practice of the service to consider the temporary appointment of a Major General, either on his Majesty's or the Company's Staff, to be Provincial Commander in Chief, as constituting a vacancy on that Staff, which was considered to be equally complete as if that Officer was executing the duties of the command to which he had been specially and permanently appointed. Appointment of Provl. Comr. in Chief causes no vacancy on the Staff,
- G. O. G. G.** 20th Feb. 1807. The Right Honorable Lord Lake, Commander in Chief, having taken his departure from Fort William for the purpose of returning to Europe, and Major General Dowdeswell being the Senior General Officer on the Staff of this Presidency, the Governor General in Council directs that all reports and returns of the troops under the Presidency of Bengal be transmitted to Major General Dowdeswell until further orders. - Proc. G. G.** 21st Aug. 1810. The Governor General in Council has been pleased to fix the salary of the Secretary to the Commander of the Forces, or the Provincial Commander in Chief, at 1000 Sicca Rupees per mensem, exclusive of the established allowance for writers, horses, stationery and candles: viz. for writers Sonat Rupees 50; horses Sonat Rupees 60; stationery 50; candles 30; total Sonat Rupees 190. Salary fixed for Secy. to Provl. Comr. in Chief or Officer commanding the Forces.
- Let C. D.** 21st Sept. 1786. Whenever it becomes necessary to increase the army at any of the Presidencies beyond what is settled for the Peace establishment, no alteration must take place in the proportion of Officers, &c. settled for the different Corps of the Presidency; on such occasions complete Companies are to be added to the Artillery and Artillery Light, com- Rules for augmenting the Army.

plate Regiments to the Cavalry, and complete Battalions to the European and Native Infantry; drafts are to be made from the old Corps, as a foundation for the additional levies in proportion to the articles of these levies, and the old Corps will make good their respective deficiencies in consequence of the Drafts by Recruiting, so that the same proportion of one Company of Artillery and Artillery Leaders, of one Regiment of Cavalry, and one Battalion of European or Native Infantry, shall invariably remain the same in the old and new corps.

New establishments when to commence. All new Establishments made by the Board are to be understood to take place from the 1st day of the month, following their publication, unless the date of their commencement shall be expressed in the order. G. O. C. C. 14th Sep 1778.

System of Field Exercise to be observed in the Army. It being expedient and necessary for the service that one uniform system of field exercise and movements should be practised in the Army throughout India; and the Regulations established for His Majesty's Forces, being founded on just and true principles, easy in attainment and simple in execution, the Commander in Chief in India has resolved that copies of them be circulated to the different Divisions, Stations and Corps of the Army, and orders that they may be invariably practised and adhered to by His Majesty's and the Honorable Company's Forces, under his command. The Commander in Chief directs, as the only deviation from the Regulations now to be adopted, that the Army in India continue to form two deep, the Officers and Sergeants not posted in the ranks forming a third, to be considered as the supernumerary rank; the corps will, however, occasionally practise their exercise and movements three deep.—Such orders and regulations as do not militate against the rules now established will continue in force, but all such as may be found to interfere with or counteract their effect and operation are to be considered as cancelled and annulled. The Commander in Chief calls in a particular manner on Officers, commanding Stations and Corps, for their strenuous efforts, that the Troops under their command are regularly trained and instructed in the system now ordered. G. O. C. C. 14th Jan 1794.

Forbidding any deviation from the System ordered to be observed. An uniform system of discipline founded on just principles, being so indispensably necessary to the efficiency of an Army, the Commander in Chief is pleased to direct that the Rules and Regulations laid down for the Formation, Field Exercise and Movements of His Majesty's Forces, be rigidly adhered to by the whole of the Army serving under this Presidency, and that no deviation be made therefrom without his sanction.—Any alterations which may have been introduced, are ordered to be laid aside immediately, and the Commander in Chief demands a strict compliance with this order in future. G. O. C. C. 30th Sep 1801.

New manual & Platoon exercises introduced. The Commander in Chief is pleased to recall and cancel the Manual and Platoon exercises as now practised in this Army, and to direct the Regulations to be established in their stead, as ordered by the King on the 1st November, 1804; and to which was added His Royal Highness, the Duke of York's observations, and extracts from the Rules and Regulations for the Formation, Field Exercise and Movements of His Majesty's Forces; with a system of rifle exercise annexed; copies whereof will immediately be circulated from the Adjutant General's Office, by His Excellency's command to all General Officers, commanding Districts, to Officers in command of Stations and Detachments, Regiments and Battalions, to the end that the Drills of every Regiment on this establishment be conducted hereafter in strict conformity thereto. G. O. C. C. 21st Nov. 1807.

Orders for the superintendence of Drills. The Commander in Chief deeming the practice of punishing Soldiers with a catten at the pleasure of individuals, entitled with the instruction of Recruits at the Drill, or on any other occasion whatsoever, to be liable to serious objection, is pleased to forbid such an irregular practice, and to call upon Officers, commanding Regiments and Battalions, to enforce a strict observance of this order in future.—It is the particular duty of Adjutants to superintend the drills of their respective Corps, which should never be without the attendance of the Adjutant or that of an European Commissioned Officer, to be appointed for the duty, in case of the Adjutant's unavoidable absence. G. O. C. C. 18th Feb. 1808.

Non-comm. or privates having cause of complaint. When the Non-commissioned Officers of Men of a Regiment, Troop or Company, having just cause of complaint, they are to apply for redress through their several commanding Officers. G. O. C. C. 9th Aug. 1809.

18. The Captain or commanding Officer of the Troop or Company to which they belong.—ad. The commanding Officer of their Regiment; and, finally, the General Officer in command of the District, who will forward their representation, if proper, to the Commander in Chief.—Such application for medals may be signed by two or three Men, in the name of those who are aggrieved, and may be delivered by the same number; but any assemblage of the Regiment, Troop or Company, without due authority, is a high breach of discipline, and must be punished accordingly.

Ext. Art. of War, enacted for the Troops, &c. in the service of E. I. C. 15th Nov. 1753.

Section XV. Art. I. The foregoing Articles are to be read and published once in every two months at the head of every regiment, troop or company, mustered or to be mustered in the service; and are to be duly observed, and exactly obeyed, by all Officers and Soldiers who are or shall be in the service.

Articles of War when to be read and published.

G. O. C. C. 15th Nov. 1805.

The standards and colours of corps of the Honorable Company's service are to be lodged in their standard of quarter guards.

Standards and colours where to be lodged.

Ext. Garrison Regulations, Fort William.

All Guards turn out to the Governor General as often as he passes, rest their arms, beat a march, and the Officers salute.

Military honors paid to the Governor General and Vice President.

In the absence of the Governor General the second in Council is to be received in the same manner in all respects, and so is the next in Council in case the Governor General and second in Council are absent.

SALUTES.

M. C. 5th Aug. 1779.

To the Governor General 15 guns.

To the Vice President and Deputy Governor 17 guns.

Resolved, that the following regulations for salutes from the military be observed: Generals of horse and foot to be saluted with 17 guns; Lieutenant General, being Commander in Chief, with 17, otherwise 15 guns; Major General, being Commander in Chief, with 15, otherwise 13 guns; Brigadier General, being Commander in Chief, with 13, otherwise 11 guns.

Regulations for Milly. Honors & Salutes; also personal Guards to Genl. Officers.

Resolved, that the following rules for military honors from Guards be observed:

BY INFANTRY.

Generals of horse and foot upon all occasions to have the march beat to them and to be saluted by all Officers, the colours excepted. They are likewise entitled to a guard of a Captain, Lieutenant, Ensign, and 50 men, with colours and standard.

Lieutenant Generals of horse and foot upon all occasions to be saluted by all Officers; they are to have three ruffles given them, and are entitled to a guard of a Lieutenant and 30 men.

Major Generals to have two ruffles given them, and are not saluted by any Officer; they are entitled to a guard of an Ensign and 30 men. Brigadiers to have one ruffle, and are entitled to a guard of a Serjeant and 12 men. A Lieutenant General, who is Commander in Chief, is to have the same respect paid him on all occasions as a General of horse and foot. A Major General as a Lieutenant General, and a Brigadier as a Major General.

BY CAVALRY.

A General of horse and foot is to be received with swords drawn, kettle drums beating, trumpets sounding, and all the Officers to salute, except the Cornet bearing the standard. A Lieutenant General to be received with swords drawn, trumpets sounding twice the trumpet flourish, as in drawing swords, and all the Officers to salute, except the Cornet who bears the standard. A Major General to be received with swords drawn, one trumpet of each squadron sounding, no Officers to salute. A Brigadier General to be received with swords drawn, no trumpet to sound or Officer to salute.

G. O. C. C.

The Commander in Chief is pleased to direct that the following order of march be

Reports to be made in the event of Corps not being regularly paid.

Proc. G. G. 9th May 1806. The Governor General in Council observes that the established pay and allowances of the troops are calculated and fixed in Sonat Rupees, and that, in the payment of the troops in the upper Provinces, the Lucnow Sicca Rupee is considered of equal value with the Sonat Rupee, and is, in consequence, paid to and received by the troops conformably to that standard: As it is proper and just that the troops should not suffer loss by receiving their pay in coin inferior in its intrinsic value to the Lucnow Sicca Rupee, it is necessary that whenever such inferior coin is issued, the Collector or Officer, from whose Treasury the money is issued, shall, at the time of issuing the pay, ascertain the amount value of the difference between the intrinsic value of the Rupees issued from his treasury, and the Lucnow Sicca Rupee, and pay it accordingly on account of the troops.

Receits authorized to be issued to the Troops in the upper provinces receiving their pay in coin inferior to the Lucknow rupees.

Proc. G. G. 18th Sep 1806. Lists of the army to be trans.

Returns of brigades & detachments and copies of orders issued at Stations to be sent monthly to Head-quarters.

Monthly returns of brigades, detachments and independent corps, together with copies of all orders issued to the Troops by their several commanding officers, are directed to be sent to the Commander in Chief as soon as possible after the expiration of every month; also returns of all elephants, camels; draft and carriage cattle, that are attached to them or at the several Stations of the Army. When from any cause they are prevented from being dispatched in due time, the commanders of brigades and commanding officers of corps are to report it by letter; they are likewise to report by letter all material occurrences that may have happened in the course of the month, relative to their corps not specified in their returns.

G. O. 14th Dec. 1780.

Monthly returns of corps and Stations when transmitted, their forms &c.

The monthly returns of corps and other monthly papers for Head-quarters, with exception to the general returns of artillery from the Presidency and in the Field, are to be always dispatched by officers, respectively, on the first of every month. The Station returns will consequently only include in detail the corps and departments present at the Station. The corps dependant to be entered under a general head, as for instance; "First Battalion 12th Regiment at Secora and Byram Ghaut." The latter are always to express, in addition to the report of aircars due to corps, the date to which the Staff, Magazine, Hospital and every other Department have actually received pay. (*Vide Form No. 2.*)

G. O. C. 13th June 1806

From all Stations, detachments or corps, where there may be no public Staff, the general orders received during the month are to be described on the back of the monthly returns.

G. O. C. C. 1st June 1806.

Returns of regiments & battalions, & companies of Artillery sent monthly.

Separate monthly regimental returns of the European Regiments and Battalions of Sepoys, whether on detachment or not, are to be transmitted to the Adjutant General's Office for the Commander in Chief on the first of every month, by the Officers commanding them; returns also of each company of Artillery on detachment are to be transmitted in the like manner. (*Vide Forms No. 3, 4, 5, 6, 7, 8.*)

G. O. C. C. 8th April 1780

Names of officers to be inserted at length in Regl. returns

The return of each corps must have the name at length of every commissioned Officer attached to it accurately inserted.

G. O. C. C. 9th April 1787.

Rules for the preparation of monthly returns of corps.

The want of accuracy which appears in many of the monthly returns received at the Adjutant General's Office, obliges the Commander in Chief to call upon the commanding Officers of corps for a more strict attention to this necessary part of their duty: every corps has its adjutant, whose immediate business it is to superintend the preparing of the returns and carefully to examine them before they are presented to the commanding Officer for signature, and in proof of having done so, his name should be affixed at the bottom; but the commanding Officer being responsible for the accuracy of the returns which he transmits, it is also particularly incumbent upon him minutely to inspect them before he gives them the sanction of his name. The form at present in use is approved, and the following particulars are to be observed. That the returns correspond with the muster rolls by including in figures all the men whose names appear in the latter. That recruits be included among the effectives. That effective Staff be distinguished from non-effective. That supernumeraries be separate from the fixed establishment. That alterations and casualties be carefully noted in columns under that head, and the causes, whether of increase or decrease, be explained in remarks at the foot of the return.—That wanting to complete in every rank be specified in the column, under that denomination, and that the period to which the corps is paid be inserted at the bottom of the return. After this injunction the Commander in Chief expects that the returns will be free from errors, and has positively directed the Adjutant General to notice to him any inaccuracy that may appear in returns transmitted to his office, in order that the officers by whom they are signed may receive some mark of disapprobation.

G. O. C. C. 8th July 1788.

Departure & return of officers noted in monthly returns.

The dates of departure and return of Officers absent by permission, and of casualties specified in the regulations relative to Muster, to be inserted in the monthly returns, agreeably to the standing regulations on that subject.

The Commander in Chief directs the following mode of circulating General Orders to be observed in future.

Directions for circulation of General orders.

to the army and for the transmission of reports, applications, &c.

General Orders will be transmitted to the principal stations from the Adjutant General's Office, and are to be circulated by Majors of Brigade to the out-posts dependant on the several stations, respectively.

All returns, reports, and applications from the army are directed to be forwarded to the Adjutant General at Head-quarters, for the purpose of being submitted to the Commander in Chief; those from out-posts through the Commanding Officers of the station and division to which they belong. In all cases of emergency the senior Officer on the staff is to report direct to Head-quarters, as well as through the Commanding Officer of the station.

Regulations for the circulation of General orders, transmission of reports, applications &c. during the absence of the Commander in Chief from the Presidency.

The Commander in Chief being about to proceed to the Upper Stations of the army on the public service, resolved, that the Military details be carried on during his absence from the Presidency as follows:—Reports and applications in cases of emergency, where delay may be productive of injury or inconvenience to the service, are to be forwarded to the Secretary to Government in the Military Department, and a report thereof transmitted to Head-quarters for the information of the Commander in Chief. On other occasions all reports and applications are to be transmitted to the Acting Adjutant General at Head-quarters. Resolutions of Government which require immediate execution, and the communication of which in the usual manner through the Commander in Chief may be productive of delay, will be transmitted direct from the Secretary to Government to the Commanding Officers of the stations which they may concern, and are to be carried into immediate effect; duplicates of them will at the same time be forwarded to the Acting Adjutant General at Head-quarters, for the information of the Commander in Chief. The resolutions of Government on ordinary occasions will be transmitted to the Acting Adjutant General at Head-quarters, to be by him circulated to the several stations of the army with the orders of the Commander in Chief respecting them. The orders which the Commander in Chief may have occasion to issue to the troops at the Presidency, including Barrackpore, will be forwarded to the Town Major of Fort William for publication, with the previous approbation of the Right Honorable the Governor General in Council. The orders of the Commander in Chief will be transmitted direct from Head-quarters to the Officer commanding in the field and to the Commanding Officers of the four principal stations of the army within the provinces, to be by them published to the troops under their immediate command and circulated to the respective dependencies. All reports and applications are to be forwarded in the usual manner to Commanding Officers of stations, who, according to the nature of them, will transmit them to the Commander in Chief, or direct to the Secretary to the Government in the Military Department. All reports and papers requiring the Commander in Chief's inspection or decision are to be forwarded to the Acting Adjutant General at Head-quarters. General Orders of the Governor General in Council intended for publication to the army will be circulated to the several stations from the Adjutant General's Office at the Presidency. Applications from Officers to go to sea for the recovery of their health are, in cases of urgency, to be forwarded to the Assistant Adjutant General at the Adjutant General's Office, who will transmit them to the Secretary to Government; and Commanding Officers of stations being satisfied of such urgency are authorized to permit the sick Officers to repair to the Presidency, reporting these instances to the Acting Adjutant General at Head-quarters.

General orders how issued in the interval between the departure of Commander in Chief from India and arrival of Provincial Commander in Chief at the Presidency.

The Governor General in Council adverting to the present situation of Major General Dowdeswell, Provincial Commander in Chief, who is not expected to reach the Presidency before the 8th or 10th of the ensuing month, deems it to be proper, with a view to obviate any inconvenience which might arise to the public service by the delaying to issue any orders to the army during the interval between the period of the departure of the Right Honorable the Commander in Chief from Fort William, and the arrival of Major General Dowdeswell at the Presidency, that such orders as would otherwise fall to the province of Major General Dowdeswell, and as may become necessary and that cannot be delayed without inconvenience to the public service or to individuals, shall be issued in the name of and by the Governor General in Council until the arrival of Major General Dowdeswell at Fort William. The Governor General in Council resolves that all letters or applications received by the Adjutant General during the period above mentioned, which require immediate consideration and orders, be forwarded by

16th April 1809.

On the return to Cawnpoor of Major General St. Leger and the Deputy Adjutant General of the army, the rules and regulations which were in force for the circulation of General Orders are to be reverted to under the following arrangements. During the continuance of Head Quarters in the Field all General Orders by the Commander in Chief will be sent direct to the Officers commanding the 1st and 2d divisions of the Field army, as well as to the other stations, as now in force. All Government General Orders are to be transmitted from the Adjutant General's Office at the Presidency, as directed by General Orders issued by the Commander in Chief on the 2d July 1808. From the Deputy Adjutant General's Office at Cawnpoor all orders will be transmitted as heretofore, viz. those by Government and the Commander in Chief to Bundelkund and to Futtyghur, and those by Government to Meerut also, whence as soon as published the copy received from the Deputy Adjutant General is to be forwarded to the Officer commanding the 3d division of the Field army. From the Brigade Major's Office, of each division of the Field command, all orders are to be transmitted to the several out-posts and dependencies respectively. All occurrences and reports extra to the common routine of the service, and especially any movement of troops and the progress of the service or duty on which they may be employed, are to be reported direct to Head-quarters, as well as to the officer commanding in the Field.

The following directions for acknowledging the receipt of General Orders are to be observed in future. From all principal and other stations where they may be public Staff Officers, a separate list of all General Orders received during the preceding month is to be sent to the Adjutant General's Office the 1st of each month. From all stations, detachments, or corps, where there may be no public Staff, the General Orders received during the month are to be described on the back of the monthly returns. The acknowledgments in both cases are to express as follow :

Regulations for troops embarking on foreign service.

The following General Regulations (including those published in Minutes of Council of the 24th June 1799), for victualling European and Native Troops, as well as for preserving the health, discipline and efficiency of Native Troops embarking from this Presidency on foreign service, or serving on board ship, are directed to be carried into effect, and to be strictly attended to.

G. O. C. C.
26th 180.

For preserving and restoring health, &c.

Ordered, with a view to preserve the health of troops proceeding from Bengal by sea, and to take proper care of them when sick, that the following rules, recommended by the Medical Board, be strictly attended to in future.

Ordered, that the medical officers appointed for the service shall, in all practicable cases, be men of experience and activity, possessing competent knowledge of the language and customs of the native troops, and that the earliest notice shall be given to those medical gentlemen of their destination or appointment for such service, that they may have sufficient time to provide themselves with proper servants, and to equip themselves well in other respects.

That previously to the embarkation of the troops, a medical examination shall take place under the superintendence of the Medical Board; and that no man in fever or flux be permitted to proceed.

That particular care be taken to prevent the men from being crowded in the floops or boats on their passage down the river; and also to prevent their being exposed to the weather, or sleeping in wet cloaths.

That directions be given to the commanders of the ships on which the troops may be embarked, that, as often as it may be necessary to cover the hatchways, when at sea, with tarpaulins, they be raised when the weather will permit, from the grating, with small spars, or capstan bars, in order to prevent the stagnation of air below the deck.

That the water for the troops be at all times filled from the river above Calcutta, in preference to being filled at the fort; and that, in the rainy season, a short period be allowed for the grosser parts to subside, previous to its being put into casks for use.

Ordered, with a view to preserve the water sweet and pure, that the casks intended for water, for the use of the troops, be fired on setting out, until a sherry coat be formed over the whole of the inner surface.

That care be taken to instruct the officers of the troops and transports with the important advantages of opposing every disease, especially fever and flux, in the earliest stage; and to remove the mistaken and fatal idea that it is 'unmanly' to complain or take medicine, until the patient's head is fixed upon his pillow. A vigilant and discerning surgeon will readily discover the first dawning of these diseases by various circumstances, that cannot be perceived or comprehended by a common observer; and by an early and liberal application of medicine, will be able to stop their progress at once, or render their future course free of danger. In this important part of his duty, therefore, he ought to meet with every assistance and no discouragement.

At being now established by incontestable proofs, that nothing contributes more effec-

usually to retard the diffusion and progress of contagion than the immediate separation of the sick from those who are well, an apartment is to be appropriated for this purpose in all practicable cases.

Upon the first appearance of any acute infectious disorder on board of any vessel in which there may be no surgeon, a signal (previously concerted) should be made to the hospital ship, if there is one in the fleet, and the diseased men removed to her; if there is no hospital ship, to such ship as the surgeon of the corps, to which the sick man or men belong may be on board of.

Where there is a surgeon or assistant surgeon on board, he is to examine the men occasionally at morning or evening parade: and to observe in general, if there be any appearance of disease amongst them.

That as it appears to be sufficiently established by experiment, that fumigations with nitric acid, instituted by Doctor Smyth, and still more those proposed by Doctor Cruickshank, with oxygenated muriatic acid gas, have the power to prevent the diffusion of contagion; ordered, that the practice be introduced into transports carrying troops from Bengal to foreign service, and wherever else there may be reason to apprehend the production, or existence of contagion; that, to accomplish this purpose, the surgeon or captain of every ship shall apply to the apothecary of the general dispensary, for the materials and necessary instructions for conducting the process, and that a particular report of its effects shall be made by the surgeons to the Medical Board.

The materials for fumigation may also be brimstone with saw dust, or brimstone thrown over any lighted substance; nitre, to which a little vitriolic acid is added; or common salt with the same addition of vitriolic acid. Gun-powder wetted or the heated logger head in the pitch pot. The time of fumigating between decks to be immediately after the hammocks are brought up and the bunks cleaned.

As every ship ought and generally is supplied with the means of effecting the foregoing purposes, no excuse will be admitted for any neglect on so important a head.

That surgeons employed on foreign service shall in future give a description of the diseases they meet with in foreign parts, and shall make a faithful report of their observations and practice to the Medical Board; especially respecting diseases that are little known; such as the plague and dreadful ophthalmias of Egypt, and the fevers of Batavia, &c. concerning which little or no useful information has been obtained.

That a stock of lime juice shall be provided on every transport going to any considerable distance, for the use of the lascars and native troops in case of scurvy.

That every surgeon or captain, proceeding to sea with native troops, shall provide themselves with a copy of Doctor Hunter's instructive Essays on the Diseases of Indian Seamen.

A sentry is constantly to be placed at the caboose, or one on each side, if the number of troops on board the ship is sufficient to admit of it, with orders not to allow fire of any kind to be taken from the caboose without permission.

The Native commissioned officers are to consider it their special duty to see that every possible precaution is taken to guard against fire, carefully and frequently impressing on the minds of the non-commissioned officers and sepoys the fatal consequences that might ensue to the safety of the whole from any negligence in this particular.

All lights are to be extinguished at eight o'clock at night, except the lights over which there may be sentries; the European Officer's lights to be extinguished at ten o'clock, unless the commanding Officer on board should think proper to give his permission, occasionally, for a longer time.

No lights to be suffered on any account amongst the Native commissioned, non-commissioned officers and privates, except in lanthorns; nor amongst the European commissioned officers, except in lamps or shades.

No smoking to be allowed between decks in fair weather, nor, if possible, at any other time; as however a deprivation of this indulgence might be severely felt by the Native troops during a long continuance of bad weather, the commanding Officer is at liberty to grant it, at his own discretion, taking care that it be done at a stated hour, and for a limited time, in the presence of, and under the immediate inspection of, a commissioned European Officer (if there be one on board,) otherwise of such Native commissioned or non-commissioned officers as he may order for the duty.

That the following tables or tables of provisions for the following non-commissioned officers or soldier, and for a Hindoo and Mussulman Sepoy, on board a ship, be ordered to be provided for the troops proceeding from Bengal by sea, subject to such further regulations as may hereafter show them to require.

By order of His Excellency the Vice President in Council,

C. W. GARDINER,

COUNCIL CHAMBER, 28th March, 1811.

Acting Secy. to Govt. Mil. Dept.

Ordered, that the Garrison Store-keeper be directed to prepare and send on board each Transport, engaged to convey Troops on this and any succeeding Expeditions, the un-mentioned Articles.

FOR EVERY HUNDRED MEN, EUROPEANS OR NATIVES.

Twenty Brooms, twenty Deck Scrapers, one Grindstone for sharpening the Scrapers, two Holy Stones for rubbing the Deck.

FOR EVERY TWENTY NATIVES.

One leather Bucket to contain three pints, with a wooden Stretcher, and sufficient Line to draw water for ablution.

be distributed with the same ration. A bamboo for the purpose of taking care of the men will be allowed to each ship. The men should be placed in bales between decks for the purpose of preventing infection.

That in all cases, as hereafter specified, where it shall be thought necessary to provide hammocks for native troops, a quantity of tea, in the proportion of one chest for every two hundred men per month, be also provided, to be served out at the discretion of the officer commanding the troops, to the sick in general, and, to the other men, when from the badness of the weather, or other causes, they may be unable or disinclined to partake of their usual food.

It being satisfactorily established, that hammocks materially conduce to the preservation of the men's health; ordered, that they be accordingly allowed to all native troops, when proceeding by sea from Bengal on distant expeditions, and that the commissary of stores be directed to make up 1,000 to be kept in store for occasional demands. Hammocks are not to be provided for native troops sailing during the north-east monsoon, and victualled for less than two months.

With a view to adopt every practicable measure which may contribute to the accommodation and comfort of the native troops, it is hereby ordered, that whenever native troops are victualled for more than one month, casts of cow-dung and earth are to be embarked on board of each ship, in proportion to the number of Hindoos embarked, for the purpose of plastering the separate chokah or incle in the caboose, in which the different casts of that persuasion dress their vicissitudes. Caboose for Hindoos will not be limited to any particular number, but as many provided as may be necessary, and can be conveniently stowed.

With a view to prevent the troops sustaining hardship, and being exposed to the hazard of arriving at their destination, in a sickly, and, consequently, an inefficient state, by being too much crowded on board of transports; ordered, that, in every practicable case, the regulated tonnage be never less than a ton and half for the accommodation of one man.

Tonnage.

G. O. C. C.
9th Feb. 1811.

The extent of the armaments now fitting out for foreign service at this Presidency, rendering it necessary, in order to enable Government to command the requisite tonnage for the same, that the officers and troops to be employed on the Expedition should be attended with as few followers, and be as lightly equipped with baggage, as possible; the Commander in Chief is pleased to direct the following proportions of baggage and servants, to be allowed to officers and troops on this occasion, to be published in General Orders.

Proportions of servants & tonnage allowed to Eur. Officers proceeding on foreign service.

} Including camp equipage.

With the view to enable officers the better to accommodate themselves to the foregoing scale, the Commander in Chief strongly recommends to the officers of the detachment of Artillery and Volunteer Battalions to adopt early and efficient arrangements for the formation of a mess in their respective corps, for which purpose an allotment of tonnage will be made on account of messes as follows, viz.

For the messs of the Officers of a Volunteer Battalion.....	} For Mess Stores—Tons 15, Servants for the mess .. 6.
For the messs of the Officers of the Artillery Detachment.....	} For Mess Stores—Tons 8, Servants for the mess .. 4.

The men are to wash their feet every morning; for which purpose there must be two tubs of salt water in readiness upon the fore-castle by sun-rise. The native troops (Hindoos in particular) being fond of bathing, little regulation, it is imagined, is necessary to enforce a practice, so congenial to their habits, and so essential to health and cleanliness; care must be taken that it is not neglected by the Mussulmans, amongst whom the practice is not so prevalent. They should be required to wash their bodies all over once or twice a week at least.

Continued.

Commanders of ships and transports must take care that the Necessaries are constructed in the most secure manner possible, otherwise the troops will be averse to use them, particularly in tempestuous weather, and be thereby exposed to great hardship and loss of health. Great attention must also be paid to the cleanliness of the Necessaries; buckets of water are to be thrown down frequently in the day to prevent the soil from sticking to the sides of the ships.

In cases where hammocks are allowed to the Native Troops, they must be brought up on deck every morning, if the weather will permit, by six o'clock. To obviate any objections on the part of the men to bring up their hammocks, founded on the erroneous supposition of its being incompatible with their duty, as soldiers, it must be fully explained to them on going on board, and previous to the hammocks being delivered out, that if they wish to avail themselves of the indulgence which Government has been pleased to grant to them, it is expected and required, that they bring up, take down, and sling their own hammocks, in the same manner as is done by European troops in the same situation, and as they themselves do in respect to their camp equipage on shore, in the packing, pitching, and loading of which, they are bound by the regulations of the service to assist.

No separate births by hanging blankets, curtains, &c. to be allowed on board the ships, as they materially obstruct the free circulation of air.

The impropriety of washing between decks in transports, and even sprinkling them with vinegar, when there are no port holes, through which streams of air might in dry weather pass, and carry off the moist vapour, thereby occasioned, being now recognized by the best medical authorities in Europe, it is ordered, that, in place of washing, the decks be scraped and dry rubbed, once or twice a day, and that vinegar be no longer used in sprinkling the decks, but by adding to it some tar or pitch in the tar kettle.

The decks may be washed with quick lime once or twice a month in dry weather, and then only.

Should the troops be disembarked with a view to their refreshment, or for other reasons, at any intermediate port at which they may touch, every vessel and transport must be thoroughly cleaned and fumigated, and the hold, decks, &c. washed with quick lime, before the troops shall be re-embarked. This being an indispensable precaution, it is enjoined to the commanders of the Company's ships on which troops may be embarked, as well as to the masters of hired transports, to have a quantity of quick lime, sufficient for the purpose, on board their ships.

Flags being held in extreme aversion by the Native troops of both persuasions, and particularly by the Mussulmans, who consider them as symbols of idolatry, it is ordered,

as polluted, by being enclosed in the same precincts, with such unclean animals, it becomes very desirable to prevent the admission of them on board the same ships, with the troops: Commanders, and masters of ships, and transports, are therefore desired not to admit them when they can be dispensed with, without any material inconvenience.

The whole to be divided into watches, both European officers (if a sufficient number be on board) and native officers and men. The watch gives all sentries, small guards, &c.

Discipline.

An European officer of the day to be appointed, to whom the subadar of the watch will make his reports, and the European officer to be the commanding officer, if there be a superior officer on board.

The whole watch to be always on deck, except when rain obliges them to go below for shelter; and in fine weather, every man should be upon deck the whole day.

The troops to parade on the poop or quarter deck, at six o'clock in the morning, when every man must appear as clean as his situation will allow; his hands, face, and feet washed, and his hair well combed.

The officer of the day is always to attend parade; he is likewise to be present when the rations are serving out; and it is to be his special duty to see that they are served out in kind, quality, and quantity, exactly conformable to the regulations on that head, reporting to the commanding officer, when he has done so; and also, if he should have observed any neglect in victualling the troops, or any badness in the provisions laid in, or on any matters whatever touching the conduct, either of the garrison store-keeper, or contractor, who may have supplied the provisions, or of the masters or crews of the vessels, towards the troops. The commanding officer will, if necessary, make representation on any of these points to the General, or other Officer Commanding in Chief, on arriving at the place of destination, or sooner, if practicable.

The subadar of the watch is to be always present, and to give directions at the bringing up of the hammocks, cleaning the decks, &c. &c. which, when done, he is to report to the officer of the day.

The men are to parade again, if the weather permits, at half an hour before sun-set, quite clean, as to their persons. At sun-set the hammocks are to be taken down.

At nine o'clock in the evening, every man is to be in his berth, except the man on watch.

Exercise being of the utmost consequence, in maintaining the health and strength of the soldier, the men are to be drilled as often as the weather will permit.

It is to be clearly understood by all commanders and masters of ships and transports, on board of which troops may be embarked, that the Troops are subject only to the orders of their immediate officers, and to the rules and articles of war, prescribed for the government of the land forces; except, however, in cases where they may be serving as marines, on board any of His Majesty's ships of war, or the Honourable Company's armed vessels, when they are of course to obey the orders of the captain or commanding officer of the ship, and so be considered as the same light as His Majesty's land forces are when serving as marines on board any of His Majesty's ships.

The native troops are, however, in all situations and upon all occasions to be treated, as well by the Captain of the ship, as by all other officers and people belonging to her, with the utmost attention and humanity, and with the respect and regard due to the government under which they serve.

No duties, unusual for soldiers to perform, are to be exacted from them, nor are they to be ill used, or punished, for not expressing an inclination to perform them; nor, on any account, to be struck by any of the officers, petty officers, or seamen. Every deviation from these rules and orders is to be particularly reported by the officer commanding the troops on board the ship, through the proper channel, for the information of the Governor General in Council.

Troops serving as marines are, when sick or wounded, to be treated with the same care by the surgeon of the ship that the seamen are.

It being of the greatest consequence to the due observance of the foregoing regulations, and in order to realize the advantages expected from them, that the troops on board should be commanded by officers possessing some experience of the service, and such qualifications of a knowledge of the language, and of the character and habits of the native troops, whenever native troops shall be on board.

efforts towards maintaining and recruiting the Sepoys to their situation on board of ship, suitable selected in all cases which the Commander in Chief shall be of opinion that such selection is proper and practicable (by the commanding officer of the Station, or detachment from whence the troops may proceed) and ordered for the service (and one officer, so qualified, shall be sent on board every ship, on which one or more companies may be embarked).

All officers are carefully to bear in mind the objects which the foregoing regulations have in view, and use by every means in their power to contribute to promote them. By strict attention to the preceding regulations and by treating the soldiers, native, with temper and with every indulgence consistent with the principles of subordination and discipline, and with the rules and practice of the service, well founded hopes may be entertained, that the health, discipline, and efficiency of the native troops, will be preserved during the longest voyage.

In order that Government may be apprised of the conduct of all commanders and masters of vessels on board of which troops may be embarked, the officers in command of troops on board of each vessel are required, on the debarkation of the troops, to report through the proper channel, for the information of the Governor General in Council, how far the Commanders of the vessels have attended to the public regulations, in the conduct observed by them towards the officers and troops, during the time they remained on

Instructions to
officers commanding
Troops embarked in
India on the Hon-
orable Company's
ships.

Herewith you will receive a code of regulations to be observed by troops embarked on board of transports, for service in India; but, as the situation of troops embarked on board of the Honorable Company's ships, is in some measure different, you must be careful not to attempt to enforce any of those regulations that may interfere with the system laid down by the commanders of the Honorable Company's ships for the regularity and discipline of their respective ship's companies.

The following instructions, which it has been thought necessary to give, in addition to those before mentioned, will not be found liable to any such interference, and must therefore be strictly adhered to by you.

The officers belonging to the troops will chuse their berths on board the ship according to seniority; and no officer is to quit the ship without leave of the officer commanding the troops.

You are to pay the greatest attention to every requisition consistent with the good of His Majesty's and of the Honorable Company's service, made to you from the Captain, or chief officer of the ship, and to enforce the strictest obedience to all these orders from every non-commissioned officer and soldier under your command; you are most particularly to prohibit all non-commissioned officers and soldiers from impeding, directly or indirectly, any of the petty officers or others in the execution of their respective duties; you are to forbid the officers and soldiers under your command from entering into any altercation or argument whatever, with any person belonging to the ship's company. If the soldiers think themselves aggrieved by any of the officers or men belonging to the ship, they are at a proper time to make their complaint to you, and upon an application from you to the Captain or chief officer of the ship, it will be their duty to embrace the earliest opportunity to have the complaints investigated, and the grievances redressed. And although you will discourage and prevent any frivolous complaints from the non-commissioned officers and men, it will be your indispensable duty to see that the most perfect justice is done to them, in regard to the quality and quantity of their provisions, and (as before mentioned) never allow the troops to enter into any altercation with any person belonging to the ship, but direct the soldiers to make their complaints to you at a proper time; that you may represent them, if well grounded, to the Captain or chief officer.

A sufficient guard is to be mounted immediately on the detachment getting on board ship; which guard is to be relieved daily, so long as the ship shall remain in harbour. Sentinels from the guards are to be placed at the gangways, or wherever the Captain or chief officer shall appoint. No soldier is to be suffered to go on shore on any pretence whatever while you remain in harbour, unless such a measure shall be deemed by you to be indispensibly necessary, and every precaution is to be taken to prevent liquor being brought into the ship. On your proceeding to sea the subaltern officers and men

are to be divided into watches with the ship's company, according to the printed regulations referred to in the first paragraph of these instructions.

Should there be three officers, the guard while in harbour to be an officer's guard. Should it be necessary to hold a court martial on board, and to inflict punishment, you will apply to the Captain of the ship to know at what time, and in what part of the ship such punishment is to be inflicted. Should the Captain or commanding officer of the ship be desirous of deferring the execution of the punishment, you are accordingly to comply, so long as he shall deem it expedient and proper to postpone the punishment.

The men, if Europeans, are to be formed into messes, six to a mess.

The soldiers' hammocks are to be brought upon deck every morning and stowed in the nettings, or such other places as the Captain of the ship or commanding officer on board shall appoint; and every precaution taken to comply with your orders in the printed instructions relating to cleanliness of the people between decks, &c.

G. O. V. P. 9d
July 1810.

The Vice President in Council is pleased to direct, that in addition to the rules and regulations established by Government, under date the 15th August 1805, for victualing and preserving the health, discipline and efficiency of European and Native troops embarking from this Presidency, the following regulations shall have effect from the 1st instant:

Allotment of Troops to Ships and report of their Embarkation and accommodation by a Staff Officer detached for that purpose.

1st. That whenever any embarkation of European or Native troops shall be ordered from this Presidency, the Marine Board be required, under the authority of Government, on receiving a report of the numbers, cast, &c. intended for embarkation, to make an allotment of the troops and followers to a ship or ships; which having done, the Marine Board is then to allot specifically by instructions to the Captain or Master of each ship or vessel, the situation and space which is to be assigned for the use of the troops, on their ships or vessels respectively.

2d. That a copy of those directions and arrangements, on being received by Government, be forwarded from the Military Department to the Commander in Chief, or, in his absence, to the officer commanding at the Presidency station, who will cause copies of the distribution and allotment of accommodation to be furnished to the senior Military Officer, proceeding on the ship or ships respectively.

3d. On the troops proceeding to embark they are to be accompanied by a Staff Officer from the Presidency, such Staff Officer, as can be best spared at the time, being selected for this special service. It will be the duty of the Staff Officer to visit personally every ship, on which the Troops may be embarked, and to see the accommodation occupied by the Troops according to the distribution which shall have been previously made under the authority of Government, with copies of which he is to be furnished; to remain at the place of anchorage until the ship or ships shall be finally dispatched; and to collect written reports from the Senior Military Officer on each ship, stating the accommodation and arrangement made on board of each, for the berths and cooking places of the Troops.

4th. From these reports, and his own personal inspection, a general report is to be submitted on his return to Calcutta, through the Officer commanding at the Presidency, for the information of the Commander in Chief and of Government.

5. The reports by the Senior Military Officers on ships, respectively, are also to detail generally the description and quantities of provisions and of water actually on board each ship for the use of the troops, and the situation in which these articles have been stowed; a direction on which head, is also to form part of the instructions to be furnished to Captains or Masters of ships by the Marine Board.

6. These rules are to be invariably attended to and carried into effect on every occasion of the embarkation of troops, European or Native, from this Presidency, however limited may be the number of troops ordered to embark.

G. O. G. G.
25th November
1810.

The Right Honorable the Governor General in Council is pleased to direct, that in addition to the Rules prescribed by the 3d and 4th Paragraph of the General Orders by Government, under date the 2d January 1810, relative to the Embarkation of Troops from this Presidency, the following Regulations shall have effect from the 1st Instant:

1st. That the written Report, directed to be made by the Senior Military Officer on board each ship to the Staff Officer appointed to superintend the Embarkation, shall likewise contain Embarkation Returns of the Officers, Troops, and Followers, on board each ship, together with the names and rank of the European commissioned Officers.

Additional orders relative to the Reports of the embarkation and accommodation of Troops proceeding on Service by Sea.

3d. The original Reports thus furnished, to be sent for deposit in the Adjutant General's Office, with the general report directed to be made by the Staff Officer superintending the Embarkation.

Staff Officer superintending the Embarkation to be furnished with a suitable Vessel for his use; and to proceed to the anchorage previous to the departure of the Troops.

3d. To enable the Staff Officer superintending the Embarkation, more effectually to fulfil the important duty required of him, a Pilot Schooner, or other suitable Vessel, will be provided for his use, on an application being made to Government for the purpose by the Adjutant General or by the Officer Commanding at the Presidency, in the Commander in Chief's absence.

4th. That whenever the number of Troops to be embarked, the season of the year or other circumstances shall render such a measure advisable, the Staff Officer superintending the Embarkation shall, with the sanction of Government, proceed to the anchorage of the ships some days previous to the departure of the Troops from Fort William, in order to report the progress made in the preparations for the reception of the Troops on board the respective transports: such report to be transmitted to the Adjutant General as often as circumstances will permit.

His Lordship in Council enjoins the strictest attention to the foregoing Regulations, and also to the ad Article of those published in General Orders of the ad January 1810, which directs, that copies of the Allotment, made by the Marine Board, of Troops and Followers to each ship shall be furnished to the senior Military Officer proceeding on ships respectively. (*For the Embarkation Returns, &c. vide Forms Nos. 10, 11 & 12.*)

Allowance to Purfers or Masters of Transports for taking charge of Provisions for Troops.

The Governor General in Council is pleased to grant to the Purfers, or Masters (when there is no Purfer) of Transports which may be hired by the Government for the service of the Expedition now in progress, an allowance of eight sicca annas per day for every 25 Europeans, or under; and four sicca annas per day for the same number of Natives, as a remuneration for their trouble and responsibility in the custody of the Provisions for the Troops embarked on their respective ships.

G. O. G. G.
15th Feby.
1811.

This allowance will not be paid to the Purfers or Masters until the expiration of the term for which the Transports are engaged, and the account of the receipt and expenditure of the Provision Stores shall be adjusted.

Any wastage of Provisions, which may occur on board of Transports, is to be ascertained by a committee of Survey, and the Proceedings of the Committee, signed by the President and Members, are to be the Voucher to the Officer in charge, for writing off in his Books the quantity deficient.

Rules for preservation of Surplus Provisions on board of Sloops by Troops embarking or disembarking.

The following extracts from the resolutions of the Military Board are directed to be strictly attended to.

G. O. C. C. and
July 1808.

Resolution of the Military Board, dated 1st June, 1808.

Agreed, that all Officers, whether European or native, in command of Detachments on board of sloops, be directed to prevent the Troops under their command from carrying off any of the stores or provisions, which may remain unexpended on board such sloops at the time of the Detachments quitting them, unless such stores and provisions are necessary for the use of the detachments, and that, in that event, the Commanding Officer of the detachment is to deliver to the Serang of the Sloop a receipt for such articles as he may think it necessary to carry away, which is to be delivered by the Serang to the Garrison Store-keeper.

16th August
1810.

The Governor General in Council is pleased to authorize the Officers of his Majesty's 14th Regiment of foot, proceeding on foreign service, to draw extra half batta and full Tentage from the 1st instant, the date on which the Regiment was ordered to be in readiness to embark,

Field allow-
ances when to
commence to
Troops pro-
ceeding on For-
eign Service from
Fort William.

Allowances advanced to European Officers & Staff proceeding on service. The Governor General in Council is pleased to authorize an advance of four months pay and allowances to be made to all the European Officers and Staff of the Bengal division of troops proceeding on foreign service. G. O. G. G. 24th August 1810.

Allowances advanced to Native Troops proceeding on Foreign Service. His Lordship in Council is pleased to grant to the gun Lascars proceeding on foreign service the indulgence of an advance of two months pay and full batta previous to their embarkation, as authorized for the native volunteers; and, in order to enable the train artificers directed to be entertained for the service of that department to provide themselves with the requisite necessaries, the Deputy Commissary is authorized to draw on their account an advance of two months pay and full batta, and to issue the same in such proportions as he may deem advisable. G. O. G. G. 21st August 1801.

Officers proceeding on service allowed Tents from Arsenal at the Contract Price. The Governor General in Council is pleased to authorize a compliance with the requests of any of the Officers proceeding on foreign service to be supplied with private tents of the new pattern at the contract price. Head Quarters on board H. M. ship Victor, Mocha Roads, 17th June, 1802.
The Staff, corps, and detachments of the Army will be entitled to a continuation of their field allowances up to the day of their disembarkation at their several stations in India.

Regulations for the payment of family money to the dependants, followers, &c. of European Officers. European commissioned and non-commissioned Officers, proceeding with the Expedition, who may be desirous of assigning a portion of their allowances for the support of their dependants, or of the families of their followers in Bengal, during their absence, are authorized to grant Family Certificates for that purpose, under the same arrangement with regard to the documents, to be furnished to the Military Auditor General and Superintendent of Family Money, as prescribed for Native Troops by the General Orders of the 28th March, 1808. G. O. G. G. March 1, 1811.

Paymaster of Family Money appointed to superintend the payment. Lieutenant Nott, of the 20th Regiment Native Infantry, is appointed to superintend the distribution of family money to the dependants, servants, or followers of European Officers, as well as those of Native Troops.

Lieutenant Nott will draw the family allowances, authorized under this order, in a bill, distinct from the payment to the families of Native Troops, the amount of which, when paid, will be charged by the Paymaster at the Presidency to the debit of the Paymaster of the expedition, who will be responsible for the recovery of the amount by corresponding stoppages from the pay of the Officers concerned, respectively.

Rolls of family payments will therefore be prepared, in the present instance in triplicate, one copy for the Military Auditor General, and two copies to be forwarded to

Lieutenant Nott, who will countersign one of these copies, and transmit it for the guidance of the Paymaster of the expedition.

G. O. G. G.
28th March,
1808.

The Right Honorable the Governor General in Council is pleased to establish the following Rules for the distribution of Family Money on account of Native Troops, &c. proceeding on Foreign Service.

Regulation
for the deduction
on and pay-
ment of family
money on ac-
count of Native
Troops pro-
ceeding on Fo-
reign service.

When Troops are about to proceed on Foreign Service, Rolls according to Form No. I. of such men as are desirous of leaving a portion of their pay to their Families in Bengal, are to be prepared in duplicate by Officers commanding companies, one to be forwarded to the Military Auditor General, and one to the Officer appointed to superintend the distribution of Family Money in Bengal.

Officers commanding companies will also prepare and deliver to the Officer appointed to superintend the distribution of Family Money, a Certificate according to Form No. II. applicable to each person entitled to receive Family Money, and to which is to be subjoined such further information as the circumstances of individuals may suggest, tending to prevent imposition and to secure the benefit intended by the Certificate to the proper person.

The amount of Family Money payable in Bengal shall be noted on the Muster Rolls opposite to the name of each man from whose pay a corresponding stoppage is to be made, and in case a man should wish to withdraw the stipend he had assigned, the same is to be notified on the Muster Roll.

All Casualties of men from whom deductions are made on account of Family Money, are to be immediately reported without waiting for the period of Muster by commanding Officers of Companies to the Officer appointed to superintend the distribution of Family Money, and by the latter to the Military Auditor General. Correct Monthly Rolls of all Casualties are also to be transmitted along with the Muster Rolls to the Military Auditor General. These Casualty Rolls are to be prepared according to Form No. III.

The Family Money of men on Foreign Service, to be drawn monthly in abstract by the Officer appointed to superintend its distribution, and to be transmitted by him through the Paymaster at the Presidency, for audit.

The abstract, when audited, will be returned to the Paymaster with instructions to furnish the Officer appointed to superintend the distribution of Family Money, with assignments, to the amount of the audited abstracts drawn upon the Collectors of Districts, where persons entitled to receive Family Money may reside. On the receipt of those assignments, the Officer appointed to superintend the distribution of Family Money shall annex to each a particular detail of the sums to be paid to each person corresponding with the Certificate in possession of the person who is entitled to the Payment, so as to enable the Collectors without any difficulty to make a proper distribution of the amount of the assignment. The Collectors will be instructed to acknowledge the receipt of assignments from the Officer appointed to superintend the distribution of Family Money; in case however of omission, the Officer is to remind the Collectors thereof.

The Family Money is to be drawn two months in arrears, and the Officers in charge of Companies will annex to their Monthly Abstracts the deduction which has been made from each man on account of Family Money, the total of which he will deduct from the amount of his abstract, and the remainder only is to be charged by the Paymaster on his disbursements.

To prevent Government being subjected to double charges on account of Family Money, it is to be particularly explained to Troops proceeding on Foreign Service, that after they have left the Presidency, they will not be permitted to withdraw the stipend assigned by them to their respective families, until the officer in command of the company shall have received an acknowledgment from the Officer appointed to superintend the distribution of Family Money, of their desire or wish to that effect having reached him, nor shall the stoppage from the pay of the men be discontinued, until such notification shall be received by the Officer commanding the company. It will therefore be the duty of the Officer appointed to superintend the distribution of Family Money in Bengal to acknowledge his receipt of applications of this nature without any delay, and whatever may appear to have been stopped from the Soldier, in excess to the amount which shall have been reported by the Officer appointed to superintend the distribution of Family Money to have been paid to his family, is to be drawn in the next Abstract of the Company under the head "Arrears," accompanied by an Extract of the Letter from the Officer appointed to

superintend the distribution of Family Money, notifying the period from which the stoppage should cease.

Any over payment which may happen to be made to the Family of a man deceased, shall be recovered from the balance of arrears which may be due to such man at the time of his decease, and the commanding Officer of the Company will hold in his hands the arrears of such men, until due advice of payments to the Family of the deceased shall have been received from the Officer appointed to superintend the distribution of Family Money.

The foregoing directions are to be considered applicable to all Native Troops and public Establishments proceeding on Foreign Service.

10th August
1810.

In pursuance of the Regulation by General Orders under date the 28th March 1810, respecting the payment of Family Money, the following Regulation is to be strictly attended to, whenever the necessity occur.

Regulations relative to the family certificates of men removed from one Company to another, while on Foreign Service.

In the event of soldiers while on Foreign Service being removed from one Company to another, the Officer, from whose Company the transfer is made, shall without the least delay forward a Casualty Roll, and the Officer into whose Company such men are received, shall transmit a Family Certificate Roll in duplicate, one to the Military Auditor General, and one to the Officer appointed to the distribution of Family Money, carefully inserting the surnames, &c. and opposite each man's name noting the number of his certificate.

G. O. G. G.
11th August
1810.

In addition to the Regulations respecting Family Money, published in General Orders under dates the 28th March 1808, and 10th August 1810, and in order more clearly to mark the identity of the Family Tickets, and to obviate as far as possible the inconvenience liable to arise to the individuals concerned from one ticket being mistaken for another of a corresponding number, it is now directed, that there shall not be granted from any Corps two tickets of the same number: for this purpose it becomes necessary to assign to each Company of a Corps certain numbers to be considered as the peculiar and appropriate numbers for the Family Tickets of that Company. Conformably to this arrangement the following assignment of Numbers is made to Companies respectively:

Family Tickets of each Corps to be differently numbered.

The Tickets of Men of the Right Grenadier Company to be numbered from 1 to 150
..... 1st Battalion Company, 151 " 300
..... 2d 301 " 450
..... 3d 451 " 600
..... 4th 601 " 750
..... 5th 751 " 900
..... 6th 901 " 1050
..... 7th 1051 " 1200
..... 8th 1201 " 1350

Do. of Men of Left Grenadier Company, or men of the Light Company in Corps having only 1 Grenadier and 1 Light Company, as in the case of the Native Volunteer Battalions now forming, 1351 " 1500

In Corps having two Grenadier and one Light Company, then the Light Company to be considered as the 1st Battalion Company, and the Family Tickets numbered accordingly,

The Commander in Chief has the pleasure of announcing to the army that his Excel-
lency the Nawab Vizier, fully sensible of their gallant behaviour in the action of the 26th October and of their meritorious conduct in quelling a dangerous insurrection with-
in his territories, has been pleased to request that his thanks may be conveyed to them in public orders: and as a further reward for their important and beneficial services to him, he has presented the Resident at Lucnow with the Sum of Lucnow Sicca Rupees 21,00,000 for and in behalf of Government, with the expression of his earnest wish that the Honorable the Governor General in Council will accept the same, and appro-
priate it as a donation to the army in such proportions as he may think fit. The Com-
mander in Chief acquaints the army that he has solicited the Governor General in Council to comply with his Excellency's request, and has also recommended that what-
ever proportion would have been set apart for him may be presented to the army, and divided in the manner above proposed; and he requests their acceptance of it as a small token of the high sense he entertains of their gallant services.

Troops enga-
ged in the Ac-
tion at Bhopal.

G O C. C.
18th September
1803.

The Commander in Chief congratulates the brave army under his command on the brilliant success of yesterday. The steady gallantry with which they bore and advanced in the midst of a most severe and destructive fire reflects the highest credit on the courage and discipline of the whole. The Commander in Chief considers the alacrity and spirit with which the troops entered into action immediately after completing a march of 18 miles, and the patience with which they underwent the severe fatigue to which they were exposed in the field from 11 o'clock in the forenoon until near sun-set in weather so unusually and intensely hot, as doing them the greatest honor. An extra dram to be served to the European troops immediately. The Commander in Chief authorizes 200 Rupees to be presented to each Regiment of Native Cavalry and Battalion of Native Infantry, and proportionately to the Companies of the 17th Native Infantry, of Go-
hundase and Gun-falcars, as a Zeefat in testimony of his approbation of their conduct.

The Subject in reference to the Honorable the Court of Directors, respecting the rank of the Adjutant General and other Staff Officers, having been left to the decision of the Commander in Chief, and his sentiments thereon communicated to the Board, it is re-
solved that the Superior rank assigned to the Officers holding the appointments of Adjutant General, Deputy Adjutant General, Quarter-master General, Deputy Quarter-
master General, and Majors of Brigades, shall be always the youngest of their several assigned ranks, when they do not enjoy an equal or superior rank from their standing in the ser-

vice, and that this official rank will terminate and cease with the office; the names of such officers holding staff appointments are to be inserted in their proper places in the general list of the Army, and remain while in office at the bottom of the list of these ranks by which they may be respectively denominated in consequence of their staff appointments, expressing however opposite to their names these words, "temporary rank annexed to staff appointments;" but officers holding equal or superior rank to that which may be annexed to their staff appointments are to be put in the list of the Army in their own places, only inserting opposite their names the Staff Offices which they hold.

Commissions not granted to officers acting in superior ranks.

Resolved, that commissions be not granted to officers who may be appointed to act in ranks superior to that which they actually possess in the Army, subject to the confirmation of the Court of Directors: but it is ordered that such officers do, by virtue of their appointment from Government, take post in the Army in those ranks in which they shall be respectively appointed to act, from the date of such appointments.

M. C. 3d Dec. 1790.

Staff Officers to be on the strength of regt. and promoted in regimental succession.

All Staff Officers whatever are to be on the strength of the regiments or battalions and promoted accordingly; and not by any brevet or temporary rank they may hold in consequence of civil employments or staff appointments.

Let. C. D. 8th January 1796.

Not to receive a double allowance of batta.

Staff Officers are not to receive a double allowance of batta, but may draw the batta established for their highest rank.

Staff Salaries, from what date to commence.

Officers appointed to staff situations have no claim to the salary attached to such situation previously to the date of the order of Government by which they have been appointed.

Proc. G. C. 18th Apr. 1803

Reports to be made on occasions of the nomination of acting staff.

The Commander in Chief is pleased to republish the following extract of Minutes of Council, dated the 1st May 1798. "In all cases where it may be practicable without inconvenience to the public service, application is to be made to the Commander in Chief for the nomination of acting staff previous to such appointments being made." In addition to the foregoing, His Lordship directs, that whenever the urgency of the public service may render necessary a deviation from the rule prescribed, a copy of the order on the occasion be forwarded on the day of its date for his Lordship's information. Without attention to this point the order will not be confirmed.

G. O. C. C. 24th Apr. 1806

Allowances of acting Staff Officers not drawn until the appointments are confirmed.

The allowances fixed for acting Staff Officers are not to be drawn until the temporary appointments shall have received the confirmation of the Commander in Chief.

M. C. 1st May 1798.

Allowance how drawn by Staff Officers on leave, and officers acting in their absence.

The Vice President in Council is pleased to pass the following order. That when Staff Officers shall be absent with leave by Government or the Commander in Chief, on sick certificate or on duty, such Staff Officers shall continue to draw the personal or staff allowance of the appointment; and the officer doing the duty during the absence of the proper Staff Officer to draw all other allowances whatsoever appertaining to the office, whether for house-rent or for office rent, for horses or candles, for stationery and writers, or any other establishment: when Staff Officers shall be absent with leave by Government or the Commander in Chief, on account of their private affairs, then the officer doing the duty to draw all the office allowances as above, and the proper Staff Officer to receive the personal or Staff allowance, during such absence for any period not exceeding six Months; after which the whole of the personal or staff allowances, as well as those for office and establishment, to be drawn by the officer doing the duty until the proper Staff Officer shall resume the duties of his office. The operation of the rules prescribed with regard to Staff Officers absent on account of their private affairs is not to be considered as extending to the case of leave granted to the Cape, nor elsewhere beyond the other Presidencies in India.

G. O. V. P. 20th March 1810.

Allowances granted to Officers acting for

Let C. D. 7th
Sept. 1808.

PARA. 131st. Officers nominated to situations, who from attention to other duties in which they are engaged cannot at the time of nomination immediately enter upon the functions of such offices, are not to receive the salaries or allowances annexed thereto, which are to be given to those who act temporarily during the absence of the Nominees.

Officers nominated to Staff situations not to receive the allowances until they assume the duties of their office.

Proc. G. G. 6th
June 1808.

The Governor General, on a consideration of the case of Captain Fogo, is pleased to authorize a separate Staff allowance to that Officer of 4 Rupees per day, as a Major of Brigade, until the date of the Army, to which he was attached, breaking up; the establishment of office and allowance for a horse and office tent, and also the regulated Staff allowance, will, however, be passed to Lieut. Hawkins from the period of his appointment to be Brigade Major, on Captain Fogo being disabled by his wound from continuing to perform the duties of that situation.

Allowance granted to Staff Officers disabled by wounds and to officers acting in their absence.

With a view to prevent any deviation from the spirit of the regulations of the 30th November, 1792, and of the 19th of December, 1796, and 12th April, 1804, by which officers in the Military branch of the Service are indulged with permission to proceed to the Cape of Good Hope and eventually to Europe, in cases of certified sickness, without forfeiting the personal allowances of their rank in the event of their remaining at those places, as prescribed by the regulations; and in conformity to the principle prescribed by the Hon'ble the Court of Directors, by which Officers holding Staff appointments, or other employments out of the line of their Regimental duty, are required to relinquish such appointments, on their quitting the Presidency to which they belong with the permission of Government, and the Commander in Chief to proceed to Europe: The Governor General in Council deems it to be proper to notify in public orders that, when Officers holding Staff appointments, the command of Independent or Irregular Corps, or other employments out of the line of their Regimental duty, shall embark under the permission of Government, to proceed to the Cape and "eventually to Europe," or to St. Helena, and "eventually to Europe," such appointments or commands, &c. will be considered as vacant from the date of the dispatch of the ships, on which the Officers shall respectively embark, according to the general rules of the service in such cases.

Officers holding Staff appointments and the command of independent Corps &c. proceeding on leave to the Cape and St. Helena, and "eventually" to Europe vacate such appointments from the date of embarkation.

G. O. G. G.
11th Aug. 1806.

The Governor General in Council deeming it to be highly improper that any Officer holding a staff appointment at an army station, or an Officer who may be employed in the capacity of personal staff to the commanding Officer at such stations, should act as agent for a contractor, is pleased to direct that this practice (which is evidently so much at variance with the established principles of controul) shall be hereafter discontinued, and every Officer holding a staff appointment is hereby positively prohibited from undertaking such an agency.

Staff Officers not to officiate as agents for Contractors.

G. O. G. G.
23d April 1807.

The Governor General in Council is pleased to extend the provisions contained in General Orders of the 15th November 1793, and 21st August 1806, which restrict Staff Officers at stations from acting as agents to contractors, to their acting as agents for Officers entrusted with the execution of public works or the disbursement of public money.

Or for Officers entrusted with execution of public works or disbursement of public money.

G. O. C. C.
30th Jan. 1808.

Officers entrusted with the execution of public works or the disbursement of the public money are precluded, by the spirit and intentions of the provisions contained in General Orders of Government of 15th November 1793, 31st August 1806, and 23d April 1807, from undertaking to officiate for Majors of Brigade or other staff by whom the details and routine of station duty are conducted.

Who also are not to officiate as Majors of Brigade and station staff.

- G. O. G. G. 9th Feb. 1801. His Majesty having been pleased to appoint Lieut. General Forbes Champagné to the Staff in India, in his advanced rank of Lieutenant General, Lieut. General Champagné is admitted to the Staff of this Presidency accordingly. Lieut. General appointed to the Staff.
- Lt. C. D. 8th Jan. 1790. The limited number of Major Generals hereafter specified for the Staff at your Presidency, are to be selected by your Government at the recommendation of the Commander in Chief. The actual appointment of the Generals on the Staff to be in the Governor General in Council subject, of course, to the approval of the Court of Directors. If there are not a sufficient number of King's Generals at your Presidency, from which to select the proportion hereafter specified for the Staff, in such case the same is to be supplied, pro tempore, from the Company's Generals. Proportion of General Officers employed on the Staff, their appointment, selection and personal Staff attached.
- The selection of Generals for the Staff to be made from the Officers of that rank present on the spot. A Brigade Major and an Aide-de-Camp to be allowed to each General Officer on the Staff.
- Six General Officers are to be employed on the Staff at your Presidency; four on the Company's establishment and two on the King's: these, exclusive of the Commander in Chief, will be sufficient in time of peace; the number necessary in war must depend upon circumstances, and be subject to our future orders and directions.
- G. O. G. G. 4th August 1803. Confirmed. Lt. C. D. 15th July 1803. Officers of Artillery or Engineers, when promoted to the rank of General Officers, are eligible, according to the existing regulations of the Hon'ble the Court of Directors, to be employed on the General Staff. General Officers of Artillery and Engineers employed on the Staff.

General Officers not to issue orders to or make returns of their regiments.	Major Generals commanding Stations, being in the situation of General Officers on the Staff, are not expected to make returns of their Regiments, which are to be sent to the Adjutant General's Office by the senior Officer present with the Regiment; nor is it expected or customary that General Officers in such situations should issue Regimental orders. When a General Officer happens to command at a Station where his own Regiment is present, he may direct the Officer in command of the Regiment to issue whatever orders to it he may think proper; and it will be of course understood, that he may issue in his Station orders, whatever orders he shall judge necessary regarding that Regiment or any other Regiment belonging to his command.	G. O. C. C. 18th Aug. 1796
Allowances fixed for General Officers on the Staff.	The General Officers upon the Staff at your Presidency are to receive an aggregate allowance of St. Rs. 4000 per month, in addition to their Regimental emoluments of pay, as Colonel, and their share of the profits arising from the cloathing, in lieu of all claims whatever in peace or war, except for camp equipage, carriage and travelling expences, for which they are to draw 400 St. Rs. per month in time of peace, and 1000 St. Rs. per month when employed in actual service in the field during war.	Let. C. D. 8th Jan. 1796.
Who provide their own camp equipage, Behisties, &c.	Generals on the Staff to find their own camp equipage, puckallies, behisties and sweepers, in all situations, from their established allowance.	M. C. 20th June 1796.
Increased allowances for camp equipage &c. not granted on occasions of first appointment or of relief	Resolved, the increased allowance for camp equipage, carriage and travelling expences be never granted to Major Generals on the Staff when appointed to, and proceeding in the common course, to join their stations, or when they shall be removed in the ordinary routine of relief, from the command of one station to another.	M. C. 20th May 1796.
The Staff allowance provides for all expences of removal from station to station.	The Staff allowances fixed for General Officers are considered as providing for all expences incidental to their removal from one station to another.	Proc. V. P. 10th Apr. 1812
Generals on the Staff, if in the Cavalry, not to draw horse allowance.	The Governor General in Council is decidedly of opinion that a General Officer on the Staff, if a Cavalry Officer, is not entitled to regimental horse allowance.	Proc. G. G. 18th Sept.: 800
Charges for intelligence, guides, &c. how drawn by Gen. Officers	Ordered, that the Military Auditor General be informed, that the regulations respecting the stated allowance for guides and hircarrahs, not applying to an Officer on the General Staff, the General Officer commanding at Muttra must continue to draw the actual charges for intelligence incurred by him in a contingent bill.	Proc. G. G. 2d April 1807.
General Officers to remain on the Staff 4 years only unless re-appointed.	We have resolved, that General Officers on the Staff shall continue to hold the Staff appointments for four years only, at the end of which they are to be relieved by other Officers, unless our Governments shall re-appoint them to the Staff at the expiration of four years, subject, of course, to our approbation.	Let. C. D. 20th Apr. 1803
General Officer temporarily appointed on the Staff to command a Division proceeding on service.	Resolved, that Major General Popham be appointed temporarily on the Staff and to command the Bengal troops proceeding on service to the Coast. Major General Popham will be allowed an Aid-de-camp, and a Major of Brigade will likewise be attached to him,	M. C. 14th Dec. 1798.
Staff allowances for Brigade Major and Aid-de-Camp to Genl. Officers.	The Staff allowances to the Brigade Majors and Aids-de-Camp attached to General Officers to continue the same as those drawn respectively by the Brigade Majors and Aids-de-Camp attached to Colonels, viz. Brigade Majors Sa. Rs. 294, Aids-de-Camp Sa. Rs. 204, as fixed by M. C. 20th June, 1786.	M. C. 29th July 1796.

The Governor General in Council deems it to be absolutely necessary to employ on the Staff of Bengal until further orders, Officers of the rank of Colonel—The exigency of the Service under the present circumstances renders the measure unavoidable: it is however the intention of the Governor General in Council to adopt the measure as a temporary expedient only, without altering the existing general rule, which restricts the description of Officers to be appointed to the Staff, and the command of stations and districts, to the rank of Major General. The Governor General in Council is therefore pleased to establish a Staff allowance of St. Rs. 3000 per mensem, for a Colonel employed on the Staff with a monthly allowance of St. Rs. 300 for camp equipage, carriage, &c. and travelling expences in time of peace, and an allowance of St. Rs. 800 per month, in lieu of those charges when employed in the Field, conformably to the existing regulations respecting the allowance to Major Generals on the Staff, on account of camp equipage, carriage and travelling expences.

On a deficiency of Major Generals, Colonels appointed temporarily to the Staff and their allowances fixed.

G. O. V. P.
10th August
1805.

The recent promotions of Colonels in the army on this establishment, to the rank of Major General, having removed the necessity which induced the Government to appoint, as a temporary expedient, Colonels to supply the vacancies which existed in the General Staff of this Presidency, the provisional appointments of Colonels to the Staff are consequently to cease.

The appointments to cease on the promotion of an adequate number of Major Generals.

G. O. C. G.
29th June
1807.

A vacancy having been occasioned in the General Staff established for the service of this Presidency by the departure of Major General Dowdeswell for Europe, and there not being any Officer of the rank of Major General on the spot to supply the vacancy, the Governor General in Council, with a view to provide for the temporary exigency of the public service in this respect, is pleased to appoint Colonel J. S. Wood, of His Majesty's 8th Regiment of Light Dragoons, to the Staff of this Presidency until further orders, with the allowances established for Colonels upon the Staff, by G. O. 19th April 1804. Colonel Wood is allowed an Aid-de-camp, as a personal staff, during the time he may be employed on the Staff of this Presidency.

There being no Major Genl. on the spot, a Colonel appointed, temporarily, to a vacancy on the Staff and an aid-de-camp allowed him.

Adjutants and Quarter Masters of Native Infantry to perform Staff duties with Detachments where there are no public Staff.
- G. O. G. G.** **25th January 1811.** The Right Honorable the Governor General in Council is pleased to pass the following resolutions, regarding the Staff of occasional Detachments. Regulations for the Staff of occasional Detachments.
- When a Detachment consisting of the actual strength of two and less than three Battalions, is formed for Service, the Senior Adjutant and Quarter Master with the Detachment shall perform the Staff duties of such Detachment, and shall draw Extra Staff Pay 60 Rupees per month. Should no Adjutant and Quarter Master be present, then the Senior Adjutant with the Detachment is to be appointed and to draw the difference between the regular allowances of an Adjutant of a Battalion, and an Adjutant and Quarter Master of a Regiment of Native Infantry.

When a Detachment is formed of the strength of one, and less than two Battalions, the Staff duties of the Detachment are to be performed by the Senior Adjutant, who is to draw Extra Staff Pay 60 Rupees per month, except where there is an Adjutant and Quarter Master, with the Detachment; when such Officer is required to act as Detachment Staff, on his regular allowances; but should there be neither an Adjutant and Quarter Master, nor an Adjutant present with the Detachment, then an Officer is to be appointed to act as Adjutant to the Detachment, on the established allowances for an Adjutant of a Battalion of Native Infantry.

An Adjutant being detached with part of his Battalion in company with other parties of Troops, constituting, on the whole, a number equal to the strength of a Battalion of Native Infantry, is to perform the Staff duties of the Detachment, on his established allowances. In case of no Adjutant being present with a body of Troops, equal in number to a Battalion of Native Infantry, then an Officer is to be appointed to act as Adjutant to the Detachment, and is to draw the same allowances as established for an Adjutant of a Battalion of Native Infantry.

Certificates of hired cattle and carriage to be furnished by staff Officers of the station who are never to be employed in the hire of cattle or entertaining of establishments.

The Commander in Chief is pleased to direct that whenever it shall be necessary to hire hackeries for the public service at any of the stations of the army, applications for the purpose are to be made to the agent for the contractor (now Commissariat,) who will be furnished by the Brigade Major of the station with a certificate, stating the date of employment and of discharge, the service for which the hackeries may have been required, and the number of bullocks by which they may have been drawn. It being obviously incompatible with the established principles of controul, and with the good of the service, that an Officer standing in the relative situation, in which a Brigade Major does to a commanding Officer of a station, should be employed in the disbursement of the public money, or in the hire or entertaining of public establishments, carriage, or cattle of any description,—the Commander in Chief is pleased to prohibit Brigade Majors being ever so employed.

Monthly review Rolls of Station Staff given in by Brigade Majors to the Paymaster

G. O. C. C. The Commander in Chief is pleased to lay down the following rules regarding guards and escorts, to which he desires the most unremitting attention by all Officers concerned. All guards or escorts proceeding by land or water to be invariably relieved at the post or station next to that to which they belong, for which purpose all commissioned and non-commissioned Officers are to be particularly instructed always to report their arrival to the Staff or Officer commanding, and on no account are they to pass any post or station, except in case they cannot be relieved, when they are to be furnished with a written certificate to that effect by the Staff Officer. Whenever a guard or escort, however small, leaves a corps or station, the date of its departure, its strength, and the duty on which employed, is to be at the time reported by dawn to the Staff Officer at the station or post to which it is ordered, or to the next intermediate post or station on its route, if any intervenes, where it is to be relieved as above directed. All parties thus relieved, or their duties performed, are always to be ordered back immediately to their corps, except in cases where there may be certain information of supplies arriving, or other cause for escort to the station which they may have to pass or belong to, when a few days' detention, in order to their being employed on that duty, is to be allowed. In every case of being ordered to rejoin, they are to be furnished with a certificate reporting the date of dispatch, the duty on which employed, or returning without any charge, as the case may be. No returning escort is ever to pass beyond the station to which it belongs on any account whatever, unless regularly ordered to do so under particular circumstances by the Officers commanding such post or station. All parties of troops, of whatever description arriving at Fort William on escort duty, are to be immediately reported to the Town Major, whose particular duty it will be to furnish them with certificates and orders to rejoin without delay, except in cases of a prospect of immediate duty on the route of their march or passage, in which case they are to be detained and employed as above directed. All escorts, guards &c. ordered at Fort William to return or proceed in charge of stores, clothing, or other duty whatsoever, are to receive orders from the Town Major's Office in conformity to the foregoing directions on the subject of escorts.

Rules for relief and report of Guard and escorts by Staff Officers at Stations,

Parties or escorts arriving at or proceeding from Fort William to report to the Town Major,

The extensive duties required from the Native troops in almost every situation, even in time of peace, renders it necessary to restrict their employment as guards and escorts. The Commander in Chief therefore deems it expedient to prohibit guards or escorts being furnished from the regular troops to individual Officers or others moving about the country, except when such command will pay strict

guards and escorts not furnished to Officers but when proceeding on duty.

orders in future.

G. O. C. C. The Commander in Chief relies on the Major Generals, on the Staff and all Officers in command of stations, corps, &c. for a due obedience to the General Orders of the 20th May last respecting guards and escorts, as well as for the vigilant attention and care of all Staff Officers to insure a regular relief of all guards and escorts, as directed in the

Commanding and Staff Officers of Stations to insure a regular relief of Guards, escorts &c.

Certificates to be furnished to detachments proceeding on command by Staff Officers.

When any detachment is sent from the Presidency or any other station of the army as an escort, it is to be furnished with a certificate specifying the actual date of embarkation or march. When the detachment goes from Fort William, the certificate is to be given by the Town Major; when from any other station or post, by the Major of Brigade or other public Staff Officer. On the return of the detachment from duty, the certificate is to be delivered back to the Officer who signed it, and to be forwarded by him to the Officer commanding the battalion, as a voucher for his drawing the extra batta to which the party may be entitled.

The Governor General in Council is pleased to direct, that the following Regulation, No. XVIII, of 1810, for the collection of the duties on pilgrims at Allahabad.—Passed by the Governor General in Council, on the 16th October, 1810; corresponding with the 1st Kautick 1217 Bengal era; the 4th Kautick 1218 Fushly; the 2d Kautick 1218 Willaity; the 4th Kautick 1867 Sumbut; and the 16th Ramzan 1225 Higerce; be published in General Orders for the information of the Army.

G. O. G. G.
15th Dec, 1810

I. Whereas it has been deemed expedient to establish specific rules for the better prevention of all abuses in the collection of the duties on pilgrims at Allahabad, the following rules have been enacted by the Governor General in Council, to be in force from their promulgation.

II. *First* The duties hitherto paid by pilgrims resorting to the conflux of the rivers Ganges and Jumna at Allahabad, shall continue to be levied at the following rates:—

On every pilgrim on foot, One rupee.

On every pilgrim with horse, or palankeen, or carriage of any description, Two rupees.

On every pilgrim with a camel, Three ditto.

On every pilgrim with an elephant, Twenty ditto.

Second. All other duties, fees, or gratuities at the Ghaut, within the fort, or at any other place, whether demanded in the name of government, or for the benefit of individuals, are hereby strictly prohibited.

III. Every pilgrim, on application to the Collector of the land revenue at Allahabad, shall be furnished with a license, entitling him to perform the usual religious ceremonies, and no person shall be admitted to the performance of such ceremonies until he shall have furnished himself with such license.

IV. The exemption from duty hitherto allowed to the inhabitants of the town of Allahabad and of its suburbs, and to the Hindoos in the Honorable Company's Army, is hereby confirmed. But with a view to obviate the abuses to which this exemption is liable, every such person shall be furnished with a license of exemption, or *maafee chittee*, on application to the Collector, and shall not be entitled to admission to the performance of the religious ceremonies until he shall have furnished himself with such *maafee chittee*.

V. No duty or tax of any kind shall be imposed upon the shaving barbers, or *hujams*, attending at the conflux of the two rivers; but they shall be required to register their names at the Collector's office, and execute an obligation to the collector, binding themselves under a penalty of fifty rupees in every instance of contravention, not to perform that part of the ceremonies which rests with them, to any person who shall not have furnished himself with the prescribed license or *maafee chittee*.

VI. The access to the place of ablution, at the conflux of the two rivers, shall be restricted to a certain number of gates or avenues, to be fixed upon in a barrier, which shall be annually established on the subsiding of the rivers from the palisades of the fort of Allahabad to the bank of the river; and no person shall be admitted through such barrier except on the production of the prescribed license or *maafee chittee*.

VII. Such numbers and descriptions of native officers, as may be approved of by the Board of Commissioners, shall be stationed by the collector at the abovementioned barrier, whose duty it should be not to admit within the barrier any person except on the production of the prescribed license or *maafee chittee*.

VIII. In addition to the aforesaid officers, a sufficient military force, in the discretion of the officer commanding the station at Allahabad, shall, on application of the collector, be posted at the said barrier during the *mela* or principal concourse of pilgrims in the month of January and February. And it shall be the duty of the military employed on the occasion, to prevent the concourse of people from breaking through the barrier or otherwise forcing admission.

IX. The licenses and *maafee chitties*, after being shewn at the place of admission, shall be delivered up to the officers who may be appointed to receive them, and shall be returned to the collector in order to their being cancelled.

X. All persons, who, with a view to avoid payment of the duty, shall, instead of presenting themselves at the established places of admission, attempt to cross over in boats from the opposite side of the river, to the place of ablution, shall, on the fact being proved to the satisfaction of the collector, be liable to a fine of three times the prescribed duty; and if any hujam shall assist any such person in the performance of the ceremonies, such hujam shall be liable to the penalty stipulated in his engagements.

XI. No hujams, except such as shall have entered into the obligation prescribed by Section V. shall be permitted to officiate in the ceremonies of the pilgrims; and any hujam who, without having entered into such obligation, shall be proved to the satisfaction of the magistrate to have contravened this prohibition, shall be liable to the penalty of fifty rupees for every pilgrim whom he shall be proved to have shaved, and, in the event of his not being able to pay the penalty, shall be committed for three months to the dewanny jail.

G. C. C. C. The Commander in Chief is pleased to direct that on every occasion of Native Officers or men belonging to the Native corps of the Army visiting Allahabad for the performance of their religious ceremonies, they are invariably to report to the fort adjutant, who will, as often as applications may be made to him by individuals for that purpose, furnish the collector with a list of the names of the applicants, that the usual exemption or maafee chittee may be granted accordingly.

Fort Adjutant to apply to the Collector for exemption chittees for Native Officers, &c performing religious ceremonies at Allahabad.

The same arrangement for obtaining exemption chittees from the collector is to be observed with regard to Native Officers and men belonging to corps or detachments on duty at Allahabad, who may be desirous of performing their religious ceremonies at that place.

STATION OF BENARUS.

Head quarters of the Chunar station removed to Benarus. The Vice President in Council, adverting to the circumstances which rendered expedient the removal of the Head-quarters of the station of Chunar from the Fortlets of Chunar to Secrole near Benarus, and which in the opinion of Government still exist, is pleased to authorize the permanent establishment of the Head-quarters of that District at Secrole; and to direct that the Military District included in that command be hereafter designated the Station of Benarus. **G. O. V. P. 29th Aug. 1859**

Duties of the Civil department in the Benarus district to be performed by the Regular Troops. The duties of the Benarus Provincial Battalion (with the exception of those under the commercial Agent at Ghazee-poor and the duty of guarding the convicts on the roads which will be done by Burkundazes,) are henceforward to be performed by the regulars appertaining to the Benarus command.—The requisite details for the duties of Mirzapoor and Juan-poor to be furnished by the Battalion stationed at Tara Mirzapoor. The duties of the civil station of Benarus, to be taken by the Troops at Secrole. The Officer commanding at Benarus will please to cause frequent reliefs of all guards and parties employed in the civil and Mofussil duties, in order to prevent as much as possible the discipline of the Troops being impaired by long absence from their Corps in remote and dispersed situations. **G. Let. M. S. G.
11th Sep. 1807

In consideration of the satisfactory manner in which the subsistence and general care of the Prisoners of War has been administered for so considerable a period of time, and of that judicious policy which, while it maintains the national character, is calculated, in attending to the comfort of those whom the chance of war has thrown into our hands, to ameliorate the condition of our countrymen in the same relative situation with our enemies, His Lordship in Council has determined that no reduction shall be made in the allowance of 15 Rupees a month per man, drawn by the Town Major for subsisting Prisoners of War.

Allowance for the subsistence of French prisoners by the Town Major.

M. C. 2d July
1788

Resolved, that an officer be appointed to the following duties, and that he be denominated Adjutant of the Town Guards. He shall have the general command of all the sepoy guards in the town of Calcutta, except that at Head-quarters, and it shall be his duty to be aiding and assisting to the officers of the police on their requisition in apprehending disorderly persons, suppressing tumults, and maintaining the peace of the settlement; he shall comply with all written requisitions made to him by the Custom Master for small parties of sepoys, which at times may be required to enforce the duties of his office. He shall obey all requisitions made to him in writing by the Commanders of the Hon'ble Company's or Foreign ships, for apprehending such seamen as may attempt to desert from the ships, or who behave disorderly while in Calcutta. On receiving intimation from the Fort Major, or Adjutant, of soldiers having deserted or absented themselves from the corps in Garrison, or from the General Hospital, with the description of such soldiers, he is to cause the necessary search to be made for them in the town of Calcutta, and generally to use such other means as may be required to prevent the escape of men suspected of an intention to desert. He is to cause rounds to go frequently from the guards under section in the town, where a round is to apprehend all soldiers they may find in Calcutta between sun-set and sun-rise, and all soldiers who may be taken up by the rounds are to be sent to the main guard in Fort William with a crime in writing, and the commanding officer of the corps to which they belong is to be informed by him of their apprehension. He is to render such assistance as may be required from him by the Fort Major in making out the discharges and certificates for Lord Clive's Pension for the soldiers who may be entitled to them.

Adjutant of the town guards appointed and the duties of his office detailed.

Native Infantry

In your letter of the 5th August, 1809, you have suggested the necessity of reducing the Sepoy establishment at Fort Marlborough to 300 men, being an excess of two hundred above the number prescribed by the Honorable Court; should you be of opinion that the force prescribed by the Honorable Court is insufficient for the maintenance of the authority of the Company at Fort Marlborough, and for the duties of the subordinate stations at which it may be deemed advisable to maintain permanently any European or Native Officers or Agents, the Vice President in Council authorizes you to retain such further proportion of the Native Troops as you shall deem to be indispensibly necessary until you shall receive the final orders of the Governor General in Council respecting the strength of the detachment of Native Infantry to be permanently retained at Fort Marlborough.—The additional Force which you may retain under the discretionary authority vested in you is not to have attached to it a greater number of Officers than the proportion allowed by the rules of the Service to companies or to detachments from companies of Native Troops; and the whole of the Force remaining at Fort Marlborough is to be placed under the immediate command of the Captain of Artillery allowed for the establishment by the Honorable Court. The Vice President in Council, advertng to your observation on the great additional means of defence which would be afforded to the Settlement by the addition of two Mortars to the establishment of ordnance, he has ordered two Mortars to be sent to Fort Marlborough in compliance with your recommendation.

Two mortars to be kept at Fort Marlborough.

Military buildings

Contingencies

Staff appointments

Medical establishment

You will be particularly careful to discontinue all further expenditure of the public money for Military Buildings of whatever description, and you will reduce all Military Charges of a contingent nature to the lowest scale that may be practicable. The usual contingent charges of the Troops retained at Fort Marlborough are to be regulated by the established rules in force at this Presidency, and no other contingencies are to be on any account allowed. Such of the Military duties performed by the Officers who held Staff appointments, as it may be necessary to continue under the new constitution of the Residency, are to be performed by the Officers to be retained on the establishment. Adverting to the various circumstances which may deprive the settlement of all medical aid, were only one Assistant Surgeon to be retained on the establishment, and referring to the urgent representation which you have made to the Governor General in Council on this subject, the Vice President in Council authorizes you to retain one or more of the Assistant Surgeons now at Fort Marlborough, as you may judge to be indispensibly necessary.

Detail of Artillery ordered for Fort Marlborough.

The detail of European Artillery for the relief of the Artillery at Bencoolen is to consist of 20 Matroses to be now sent, which, including six Matroses who are to remain at Bencoolen from the party now there, will make the detail of Artillery for the duties of that Settlement as follows:—1 Captain Lieutenant,—2 Serjeants,—2 Corporals,—4 Gunners,—26 Matroses—Total, European non-commissioned and Privates 34.—1 Berang,—1 First Tindal,—1 Second Tindal,—30 Gun Lascars.

and not to be retained after it has been relieved.

His Excellency the Commander in Chief considers the appointment of Adjutant to the Detachment at Bencoolen to be entirely of a regimental nature, and that the officer holding it for the time being is not to be retained in the situation after the Detachment with which he is on duty at the Island shall be relieved. The Commander in Chief therefore desires that, in conformity with this principle, the officer holding the appointment of Adjutant at Bencoolen be required to exercise the authority and perform the duty of his Regimental situation according to the usage of the service.

Staff allowance granted to officers holding the appointment of Brigadier.

Considerable expence having been incurred by Government in permitting Officers holding the temporary and nominal appointments of Brigadiers, to draw the superior batta and also an extraordinary personal allowance under the denomination of "Brigadier's Allowance," during the same period of time, under a misconception of the orders and intentions of Government on that subject, the Governor General in Council deems it to be proper to notify in public orders, that whenever the public service shall hereafter require the nomination of Brigadiers to command brigades of the Army, they are to receive an extra personal allowance equal to Brigadier's allowance, viz. Sonat Rs. 12 per diem, for the performance of that duty, but no superior batta.

Guide allowance to officers Commanding Detachments marching, &c.

The Governor General in Council, with a view to limit the amount of the contingent charges heretofore drawn for secret service and intelligence at the Field and Frontier Stations, as well as the contingent charges for hircarras and guides with detachments when marching, or employed in the duties of the collectors, is pleased to establish the following allowances, and to lay down precise rules for the situations in which they are to be drawn and paid, under the control of the Military Auditor General, without bringing them before the Board.

M. C. 12th
April 1788

The commanding Officer of every detachment composed of one or more battalions shall be allowed, while actually marching, the sum of 100 Rupees per month for a Moonshie for the purpose of corresponding with the commissary, and for the pay of hircarras and guides to attend the line.

Now furnished to Detachments from Battalions

That the same allowance be granted to the commanding Officer of every detachment detached on the duties of the collectors, whether stationary or marching, provided such detachment does not consist of less than one battalion: but that all such detachments

from such corps be provided with hircarrahs and guides by the commanding Officer deriving this allowance, and no separate charge whatever on those accounts be admitted. That for every small detachment so employed from a corps, the commanding Officer of which is not in receipt of the above allowance, the sum of 50 Rupees per month be allowed to the commanding Officer of the detachment, provided it be not less than one company. The Governor General in Council observes that the occupation of a separate and distinct command is an indispensable circumstance in the situation of an Officer to whom any proportion of the established guide allowance can be paid under the regulations as a personal allowance. As therefore the dependency of the Detachment at Byram Chaut upon the Head-quarters of the Battalion at Secroa wholly precludes the admission of this circumstance in the present case, the Officer commanding it is referred for reimbursement of any expence which he may have necessarily incurred on that account to the commanding Officer of his Battalion.

Correspondence of Officers commanding Stations, &c. how conducted

The Commander in Chief having recently observed that commanding Officers of Stations, Corps, and Detachments frequently communicate with their Superiors in rank and even with Head-quarters, through the medium of Staff Officers attached to their respective commands, instead of directly from themselves, he thinks it necessary to express his disapprobation of so unmilitary a practice, and to forbid it in future; and in all cases where Officers shall have occasion to correspond with the Civil Officers of Government in the Districts where they may be employed, they are to do it immediately from themselves, and not through the channel of their Adjutants or other subordinate staff.

Garrison and Cantonment duties how to be taken, and periods of relief fixed

In future garrison duties are to be taken by a detail from all the corps instead of one particular Battalion; such Detail to be relieved regularly once a week. The above is to be considered a standing order applicable to all garrisons and cantonments occupied by more than one corps; the period of reliefs for the details on duty will depend on the distance they have to go from their lines and other circumstances, but in all practicable cases they are to be relieved at as short intervals as possible, once a day, week or fortnight, as the above circumstances may require.

Troops at Stations, &c. exercised in line by the commanding Officers

It is also to be considered as a standing order, that when more than one corps, whether Artillery, Cavalry, or Infantry, is stationed at any garrison, cantonment or post, the Troops are to be exercised in Brigade, or line, by the General or other Officer commanding; or in their absence by the next Senior Officer, twice a week during the cold season, and during the remainder of the year occasionally, as often as may be requisite for maintaining the discipline of the Troops without risk to their health or unnecessarily harassing them.

Who exact from Officers commanding Stations, attention to their relative duties

Lord Cornwallis will depend on the vigilance and abilities of the Officers commanding Stations to exact from the Officers commanding Battalions a proper attention to the duties of that station; and those officers are to be implicitly obeyed in every point respecting the internal duties and discipline of their own corps by the officers that are put under their command.

List of Committees to be assembled annually by commanding Officers of Stations, Out-posts and Detachments respectively.

Annual Native Invaliding committee

Committees of Surgeons for the purpose of examining and reporting on such men of the Native Corps and Detachments of the Army as may be deemed fit objects for the Invalid Establishment to be assembled on the 1st March annually.

Annual valuation committee

Committees of Officers for the survey and valuation of the Honorable Company's cattle, agency and contract, to be assembled on the 1st and their proceedings closed on

30th April annually. Cavalry Officers, only, are to be employed for the valuation of the horses and appointments of the Cavalry.

Committees of Surgeons for the purpose of examining and reporting on all European non-commissioned Officers and Privates who may be deemed incapable of further field duty, to be assembled at all Stations and Posts in the Field on the 31st July, and at and below Allahabad on the 31st August of each year.

European annual invaliding committee

Committees of Cavalry Officers for the purpose of casting such horses as may be deemed unfit for further service, to be assembled on the 1st October annually.

Annual committees for casting Cavalry horses

Committees of Officers for the survey of all works and buildings to be assembled in Fort William on the 1st Wednesday in December, and at all other Stations of the Army on the 1st November yearly, as directed in General Orders issued under date the 17th September, 1792.

Annual committees of survey on works and buildings

Committees of Officers for the survey of all stores in the magazines, the arms, accoutrements, colours, camp-equipage, &c. in use with the several corps of the army, also the ammunition barrels, flints, carts, tools, &c. remaining with the Quarter-masters of corps to be assembled so as their proceedings may be closed on the 31st December of each year, and the reports are to be transmitted so as to reach the Military Board Office, on or before the 30th January following.

Annual survey of arms, accoutrements, ordnance, stores &c.

The Commander in Chief takes this opportunity of calling the attention of all Officers in command, whether of Stations, out-posts or single corps, to the responsibility which rests with them not only with respect to assembling the several committees above specified at the stated periods; but that they are severally constituted of Officers fully competent to the duty, that the rules in force for the guidance of those committees, respectively, are strictly attended to, and that reports in the prescribed forms are duly transmitted to the heads of such departments as are entitled to receive them by the regulations of the service.

All committees to be composed of competent Officers

G. O. C. C. 16th June 1796 The following to be considered as standing orders: That whenever it may be necessary to employ the artificers, lascars, bildars, coolies or labourers of fixed establishments on public works, they shall be taken from the several establishments, in proportion to the ability or number of each class in each department, which is always to be detailed in station, cantonment or detachment orders. The fixed establishments being destined for the services of the departments to which they appertain, they are only to be employed to assist in public works of a general or emergent nature, and it is hereby ordered that none of the public servants be drawn from their departments for any private purposes whatever.

Rules for employing establishments of Lascars, &c. on public works

G. O. V. P. 16th Dec. 1809 Lascars required for occasional duties to proceed with small detachments, &c. shall be furnished from the Quarter-master's establishments of European corps at the stations where such duties may occur, instead of such people being hired for the occasion, and charged for in contingent bills as hitherto practised.

Lascars for occasional duties how furnished

G. O. C. C. 14th Mar. 1809 Whenever commanding Officers of Stations, detachments, or Officers in any other situation of command, may find it indispensably necessary to order any temporary staff appointment, or any establishment of people or cattle to be entertained, in excess to those authorized by the regulations of the service, copies of all such orders are, on the day of their date, to be transmitted to Head-quarters for the consideration and confirmation, when approved, of the Commander in Chief.

Coming Officers upon ordering temporary establishments, &c. send copies of their orders to Head-quarters

No documents of this nature which may not be forwarded as above directed will in future be attended to. Copies of the General Orders authorizing or confirming any measure of extra expence are always to accompany the bill when presented for payment.

G. O. C. C. 16th Jan. 1808 It is to be considered a standing order, that temporary establishments are invariably to be discharged in public orders by the Officer on the spot, without any reference to other authority, whenever the purpose of the public service has been fulfilled for which they were required.

Temporary establishments when to be discharged

G. O. C. C. 16th Nov. 1806 The Commander in Chief directs that with all survey reports or propositions having reference to expence necessary to be incurred on account of the public service, estimates of the probable expence, with nerricks annexed, are invariably to be forwarded in order that the whole subject may be brought under consideration at one and the same time.

Propositions having reference to expence to be accompanied by nerricks &c.

Detachments

&c.

The Commander in Chief is pleased to direct that it be considered as a standing regula-
tion of the service that on every occasion where forts, garrisons, towns, or other fortified
places, or strong holds of any description whatsoever, are to be attacked, either in the Vi-
sion's or in the Hon'ble Company's territories, or any other situation where hostilities may
prevail, Battering Guns, Mortars and Howitzers, or a proportion of each, according to the
service in prospect, shall be invariably employed; and in order to give complete effect to
this order, Officers who may have been previously detached without Battering Guns, &c.
but which may eventually become necessary in performance of the duty on which they
may be employed, are to report and forward requisitions accordingly to the Officer by
whose orders they may have been detached; but on no account is any such service to be
undertaken without a suitable equipment of the kind above directed, and which is there-
fore to be supplied, in the first instance, where there may be a probability, even, of its be-
ing required. On all occasions of Field Service that a gun may be deemed necessary, two
guns are invariably to be sent.

applications

Every person belonging to the Army being amenable to the immediate controul and
authority of the Officer commanding, wherever they may be, whether permanently be-
longing to the station or only temporarily residing there, under any other circumstances,
and his Lordship referring to his orders under date 4th November, 1805, enjoins all com-
manding Officers to enforce obedience to those orders on the part of any individual at any
time residing or being under their authority, and to use their best endeavours to prevent
the Civil Magistrates from being troubled in an unnecessary or irregular manner.

It will be the duty of a commanding Officer of a station or detachment to cause lists to be
prepared by the earliest convenience, after giving out an order for the march of troops
from his command, which he will forward to the Magistrate, containing all the descrip-
tions of people, cattle, and other carriage necessarily required for their accommodation;
and the same rule must be observed by individuals, whose applications, in every case, are to
be submitted to the commanding Officer, whether of a station, out-post, or detachment, and
these again will be held responsible to his Lordship for the suppression of frivolous or un-
necessary demands, which will be judged of according to circumstances from their experi-
ence in the service.

The Commander in Chief is pleased to direct that all European and Native Officers, commanding at out-posts or in charge of detachments along the western frontier of the districts of Midnapoor, Burdwan, Ramghur, and Behar, do on all occasions afford the most prompt assistance to the Darogah or other Officers of the Salt Department, in seizing Salt, whenever application shall be made to them for that purpose.

M. C. Calcutta
Oct. 1785.

The commanding Officers of Brigades, Garrisons or Detachments, are not, on any account, to counteract in any manner the official orders of the Paymaster General to the Paymasters. Commanding Officers of Brigades and Detachments have nevertheless the power at any time of requiring their Paymasters to specify what balance they hold, and to order the application of it to the payment of the established expence of any particular Regiment or Detachment, as the exigencies of the service may require.

Commanding Officers what controul to exercise over Paymasters.

But every requisition of this kind made to the Paymaster must be subscribed by the commanding Officers. When pay is to be issued, the commanding Officers of Brigades or Detachments are to specify in orders the days on which the several corps are to receive it; and it must be then punctually distributed to the Troops.

Applications from Paymasters for leave of absence are, in the first instance, to be made to the commanding Officer of the Brigade or Detachment to which they belong, and likewise to the Paymaster General.

M. C. Calcutta
April 1791.

The Governor General in Council thinks proper to explain, for the information of commanding Officers, that Paymasters are considered as fixed to stations, and not removable therefrom by any authority, but that which is communicated through the channel of the Military Paymaster General, as prescribed by the regulations.

The applications of Paymasters for the supplies of cash necessary for the subsequent month, shall be complied with by the Residents and Collectors, upon commanding Officers of Stations countersigning these applications, in testimony that the amount received in the preceding month has been nearly or wholly applied to the payment of the Troops. Whenever a Collector or Resident shall dispatch specie to any of the Military stations, he shall apprise the commanding Officer of the amount and date of the dispatch, and the arrival of Treasure is to be immediately reported to the commanding Officer.

Regulations to be observed by commanding Officers in procuring supplies of cash for the payment of the Troops.

If the Residents or Collectors should find it necessary to send to the Paymasters Bills of Exchange, instead of cash, they shall advise the commandants of the Stations of the amount, on whom drawn and at what sight, in order that the commanding Officer may know, when money may be expected for the Troops.

M. C. Calcutta
1789

The Governor General in Council is pleased to desire, that every Paymaster shall, on the last day of every month, report to the respective commanding Officers of the Stations or Detachments to which they belong, the amount of any balances of public money that may, contrary to the intentions of Government, remain in their hands, if there be any, and that the commanding Officers shall ascertain as they think proper and certify to the Commander in Chief, through the Adjutant-general, when the monthly reports of arrears due to the Troops are made, (which reports they are to countersign and transmit), that the balance so reported, is actually in the treasury chest in cash.

And in reporting the monthly balances in the treasury chest.

a monthly allowance to all the corps at a station; it is therefore resolved, that, in future, as soon as the respective Paymasters shall have reported upon the last day of each month to the commanding Officers of stations, the amount of the balances of public money which may remain in their chests, the commanding Officers shall issue orders to the respective Paymasters to apply such balances, immediately, in payment of the abstracts of one or more corps, as far as it will go, giving the preference to the corps that shall happen to be longest in arrears; or, in case they are all equally paid up, the abstracts of the corps are to be discharged in the order pointed out by the commanding Officers.

Commanding Officers of stations are to report, at the beginning of every month, through the Adjutant-general, the orders which they shall have issued in consequence of the preceding regulation.

Rules to be observed by commanding Officers in disbursing treasure that may be furnished for their detachments.

The Governor General in Council is pleased to direct that commanding Officers of detachments or stations shall not, on any account, authorize the disbursement of treasure, which may be supplied for the use of the Troops under their command, unless by the hands or direction of the Paymaster, who is alone accountable to Government for the due disbursement of the same according to the established regulations.

G.O.G.G. 10th
March 1806

The commanding Officer of a detachment shall not on any account in the absence of a Paymaster sanction the payment of pay abstracts or bills for established allowances; but in cases of emergency he is authorized to order advances to be made from the public treasure.

When such advances are made on account of pay abstracts or of fixed establishments, the commanding Officer of the detachment is, either of himself, or by his public Staff Officer, to transmit to the Paymaster the receipts of the respective Officers of companies, or other departments, for the amount received; which must specify the month's allowances on account of which the advance has been issued; but all advances on account of contingent charges, or charges not of a fixed or established nature, shall be placed at the personal debit of the commanding Officer who authorized such advance.

The commanding Officer of the detachment shall also cause to be transmitted to the Paymaster, early in each month, a statement of the treasure with his detachment, specifying all advances that have been made therefrom by his authority in the course of the past month.

and in receiving advances from Civil Officers.

Should any unforeseen emergency occur, in which it may be necessary for a Collector or other Civil Officer to make an advance for a Military purpose, without being furnished with a regular Bill of Exchange, drawn by a Paymaster upon the Military Paymaster General, such Civil Officer or Collector is to receive from the Officer commanding the detachment, his personal receipt for the amount, and to retain in his hands that document until the commanding Officer shall replace it by a Bill of Exchange, for which he shall apply to his Paymaster without any delay.

Comm. Officers not to order advances on account of works sanctioned by the Military Board.

The Governor General in Council is pleased to direct, that advances on account of works, the authority for the execution of which has been obtained through the Military Board, shall not be ordered by Officers in command of stations or detachments without the special authority of Government.

Rules for comm. Officers authorizing the payment of contingent charges.

The Governor General in Council is pleased to authorize the Paymasters of stations to pay the full amount of all contingent bills, when presented for that purpose, not exceeding in amount one thousand Sonat Rupees, provided such bills shall be properly vouched and attested by the drawer and countersigned by the commanding Officer, in evidence of his having approved the charges they contain.

Sept. 1807

In cases of emergency advances will, of course, under the existing regulations, be ordered by commanding Officers of stations or detachments, whether the amount exceed or fall short of 1000 Sonat Rupees.

sufficiently attended to, is pleased, in conformity to the tenor of those orders, to direct that advances of cash shall henceforward be strictly confined to cases of public emergency, the circumstances of which are invariably to be specified in the orders directing the Paymaster to make such advances.

It is accordingly now declared that any Officer authorizing an advance of cash, contrary to the true intent of these orders, will be held responsible for the same, and the amount will be placed at his personal debit.

M. M. 21th October 1785 Any Officer commanding a corps detached from the station where his Paymaster resides, is to transmit to him, as soon after the expiration of the month as possible, the monthly abstracts of that corps, which the Paymaster is to examine without delay, and return drafts for the amount which may appear due on the abstracts.

Officers comg. detachments to transmit pay bills to their Paymaster.

M. C. 22d July 1791 Resolved, that in all cases when the treasury from which the Troops at any station are usually paid, cannot discharge the draft of a Paymaster for the abstract of a month, for which payment to the Troops at the Presidency has been ordered, it be a standing rule for the commanding Officers of detached corps, and the Paymasters of stations, to apply to the next Collector, and so on, until the supply of cash for the draft has been procured.

In case of disa. appointment in the supply of cash, comg. Officers to apply to the next treasury.

M. C. 5th June 1780 That no Officer commanding a Brigade, Corps, or Detachment shall be authorized upon any account or pretext whatever to make or order any new establishments which have been formed by the Governor General in Council, without their express authority, previously obtained; but as cases may arise when Troops are employed on remote services in which the necessity thereof shall be so urgent as to require an immediate expence not allowed by the fixed establishment or regulations of the Service; in every such instance the commanding Officer being invested with a discretionary power for the purpose, in the manner hereafter described, shall himself pay the same and be responsible for it to the Board, transmitting, on every such exigency, advice thereof to the Board through the channel of the Auditor General, together with the vouchers for the expence. That for the purpose of defraying such emergent expences he do draw upon the Paymaster of the Troops under his command for specific sums, expressing that they are to be placed to his (the commanding Officer's) account, and to remain at his debit, until the bills for the disbursements to which they shall be applied, shall have been passed by the Governor General in Council and credit allowed him accordingly.

Officers comg. detachments on remote services invested with discretionary power to authorize expence.

That as this regulation is intended only for remote services, no commanding Officer shall be allowed the discretionary power contained in it, without the express authority of the Board.

That every such commanding Officer shall transmit to the Board on the first of every month an account current of every such expence incurred by him in the preceding month, specifying the sums received, and their application.

M. C. 17th Feb. 1790. Whenever any discretionary power is vested by an express act of Government in the commanding Officer of a Detachment employed on foreign service for authorizing contingent charges, the amount of all such disbursements shall be carried to his debit by the Paymasters of the Detachment, to whom he is to give a receipt in duplicate at the end of every month, for the amount of all contingencies disbursed by his authority, and he shall consider himself responsible for the disbursements, until they shall have received the sanction and approval of Government.

Regulations for Officers comg. troops on foreign service authorizing contingencies.

It shall be the duty of the commanding Officer to enforce the regular monthly transmission of all accounts of disbursements and vouchers from the Paymaster's Office to the proper Officers at the Presidency, where they are to undergo audit; and to require that duplicates of them should be kept with the Detachment, lest any accident should happen to the originals.

As the prices in the Bengal book of rates cannot be expected to apply to a foreign service, it shall be the duty of the commanding Officer to inspect the rates at which all bills for the supply of stores are charged, and to certify, upon the bills themselves, that the rates charged are to be the best of his knowledge and belief the current prices at the places at which the supplies may happen to be made.

No verbal order for incurring any extra expence will ever be admitted as an authority, but it will be required from every Officer commanding a Detachment or Army to whom

authority to warrant any contingent charges may have been confided, to transmit to the proper Officer of controul at the beginning of every month, a copy, signed by himself, of all orders creative of expence that shall have been issued during the preceding month. Authenticated copies of bills for all charges on account of secret services shall be sent monthly to the Secret Department of Government by the commanding Officer, accompanied by the most particular information, relative to the application of every sum charged for secret services of whatever nature, and unless such information be very full and satisfactory the commanding Officer may be assured that the charges will not be admitted: and as disbursements of this nature are most necessarily attended with a degree of confidence on the part of Government, which every Officer should feel himself anxious to prove has not been misplaced, and which Government should have the means of satisfying themselves has not in any instance been abused, every commanding Officer shall be held liable at the end of a campaign, and on the conclusion of a war, to be questioned upon oath, relative to the fidelity of his accounts for secret services.

Regular troops to perform the duties of the Provincials at Zillah Stations.

The regular Troops are to perform the duties on which the provincials (reduced) have usually been employed, until further orders, and all requisitions from Magistrates to Officers commanding corps in Zillahs respectively, are to be complied with, and always reported immediately to the General Officer commanding the division and to Head-quarters. All guards at stations, and within one day's march of the corps furnishing them, are to be relieved weekly: and all detachments which may be employed at the requisition of Magistrates at a greater distance are to be relieved every two months; a Puckallee to be always sent with every guard consisting of more than 30 privates.

Regulations for inspection and reports of guards at Zillah Stations.

In order to guard against the injurious consequences to which the public service is liable when guards that may be furnished at the requisition of the civil authorities for the duties of treasuries, jails, or any other public purpose, are not frequently inspected and the duties which they have to perform duly regulated and clearly understood by commanding Officers of stations, corps, &c. the Commander in Chief is pleased to direct that the following orders on this head be strictly attended to in future.

G. O. C. C.
13th June 1806

1st.—All guards which may be furnished from the regulars at the requisition of the civil authorities for the purposes of guarding Jails, Treasuries, or any other public purpose, are to be visited by the commanding Officers of the station, corps, &c. whence they may be furnished, whenever he may judge proper, and by the Field Officer, Captain, or other Officer on public duty, as often as commanding Officers, according to circumstances, may judge necessary.

2d.—The visiting Officer is to observe the extent of duty necessary to be performed and make his remarks upon the strength of the guards and the number of sentries, in proportion thereto and to the duty required.

3d.—All observations that may appear necessary with regard to the nature, and condition of the buildings, and the degree of security, in which Treasure, Prisoners, &c. may appear to be placed, are to be reported, for the information of commanding Officers, respectively, who will thereupon make such official communication, as circumstances may appear to require, to the civil authorities upon whose requisition the guards may be employed.

4th.—Guards being furnished at the requisition of the civil authorities on their stating the purposes for which they are required, the responsibility rests with commanding Officers with regard to the strength and efficiency of the guards so furnished and the regular performance of the duty on which they are employed under the same rules of inspection and controul as are in force for all other guards; and in this view it may be desirable that the civil authorities should be requested never to detach, separate, or employ the guards on any other duty than that for which they are specifically ordered; and additional guards are to be furnished on any occasion for which the employment of regular Troops is authorized, upon application being duly made.

5th.—All guards, excepting such as are strictly and exclusively personal guards, are to be subject to the foregoing rules of superintendence and inspection.

The Governor General in Council admits the expediency of the regular Troops being withdrawn as guards to escort prisoners when carried out of the jail for examination before the Magistrate. The Governor General in Council accordingly determines that the per-

The following extracts from the general regulations for collecting the revenues, passed in Council on the 8th June last, are published in General Orders for the information and guidance of Officers who may be employed at Revenue Stations :

Regulations for Troops employed at Civil Stations.

" Whenever there shall be any of the Honorable Company's Troops at a Revenue Station, the commanding Officer shall on no account of his own authority detach any Sepoys either singly or in parties beyond their quarters, upon any service whatever except on the requisition in writing of the Collector of the Station at which he is fixed. This order is not to be understood to impede the performance of any customary Regimental service or duty. The commanding Officer shall not be permitted to punish or confine any person not appertaining to his command ; neither shall any commanding Officer, nor any Officer, commissioned or non-commissioned, or any Private under his command be permitted to lend or borrow any money, or take any concern in any farm, talook or securityship, or to sell or contract to sell any article whatever either in the district in which he resides, or in any other, or to have any dealings of any kind whatever with any Dewan, Zemindar, Farmer, Ryot, or other dependant or Officer of the Revenue. These orders shall be equally binding upon the Native Officers and upon all the Sepoys and followers of the Corps. Whenever the Collector shall find it necessary to detach any Sepoys for escorts of Treasure or other public duties, he shall make a requisition in writing to the commanding Officer, specifying the nature of the service, and the Officer shall determine the strength of the Detachment, and give his separate orders to the Officer commanding such Detachment for the performance of any service in such case as may require it, and no detachment shall be made without a requisition in writing. That no Collector shall be authorized to employ Sepoys in the collection of Revenues. That no batta be ever levied or taken by Sepoys employed on business in the Mofussil."

The articles which regard the Native Officers and Sepoys are to be clearly explained to them and strictly enforced.

In case orders for the march of Troops should be countermanded before the day on which they were originally ordered to move, the extra batta is only to commence three days before the subsequent actual march, but in this case the ordinary pay and batta of the extra establishments of people shall be allowed from three days previous to the day on which the Troops were originally ordered to march; but no personal Field Staff allowance nor allowance for straw, tent-pins, mallets, iron, steel, charcoal, stationery nor any other extra allowance whatever, exclusive of the said three days' extra batta, and the pay and batta of the established extra people as above mentioned, is on any pretence to be drawn until the date of the actual march.

It will be the duty of Officers commanding Native Troops ordered to march and to occupy any new Post or situation, at which it shall be intended the Troops are to remain for a period of time not less than two months, immediately on the arrival of the Troops at the ground to which they are destined, to give the necessary directions in public orders to the proper Officers, to cease drawing the extra batta for the Native Troops. Commanding Officers, on all such occasions, are ordered to give immediate information to the Military Auditor General, by letter, of the date at which the extra batta is to cease. The Commander in Chief expects that Officers of every description will exert their best endeavours to maintain strict discipline and good order in the several Corps under their command, or to which they are attached, and he lays his particular injunctions upon Officers charged with conducting the march of Detachments or single Corps, to use every possible means in their power to prevent oppressions, or any just grounds of complaint from the Inhabitants of the districts through which the Troops may pass to Stations.

G. O. 22d Oct.

Although the preservation of order and discipline among the Troops, is a duty incumbent on every Officer, in all situations, yet an attention to these essential points becomes more particularly necessary during a march, since any excesses committed by the men must naturally excite alarm among the Inhabitants, and to this circumstance probably more than to any other may be ascribed the difficulty of procuring supplies.

G. O. P. C.
15th Aug. 1807

The order which directs that the advance and rear guards of Troops marching be commanded by European Officers is equally applicable to Regiments of Cavalry marching.

G. O. G. G.
1st Aug. 1808

The Governor General in Council observing that the rules prescribed by General Orders of the 3d May 1794, for the guidance of Officers commanding single Corps or detachments of Troops while marching from Station to Station, have not been sufficiently attended to, His Lordship in Council, in conformity to the tenor of those orders, is pleased to direct, that whenever detachments of Troops or single Corps are marching, the Commanding Officers thereof apply, in all practicable cases, to the Collectors of the Company's Districts through which they may pass; who will take the requisite measures to provide boats and the necessary accommodations for crossing the Troops and baggage over any rivers or nullahs which may intersect their line of march.—That no impediment or delay may arise, Commanding Officers are directed to inform the Collectors of the time when they expect to arrive at any river or nullah where assistance will be required.

Applications
for boats for
crossing nullahs
to be made to
the Collectors

Contingent expenses for the march of single Battalions or detachments can rarely occur except for the crossing of rivers, in which case the extra expense may generally be confined to the hire of boats and of a few platforms for boats: whatever else is requisite to facilitate the crossing of troops over rivers and nullahs may usually be performed by the people attached to Corps. G. O. 1st May 1789

Contingent bills for crossing rivers and nullahs are not to be made out for the gross sum; but are to particularize the number of workmen of all denominations employed in addition to those belonging to the detachment; the articles made use of, and the quantity, the number and size of the boats employed, and the time.—They are also to express the breadth of the river or nullah at the time of crossing it as nearly as can be computed. G. O. 8th Apr. 1786

Pierheads and platforms being an unnecessary provision for Corps when marching unincumbered with Artillery or other heavy carriages, it is now made known to the Army that no allowance for such provision will be granted in future in a greater extent than two platform boats for a Battalion of Sepoys, for the more safe passing of grain belonging to the bazar and of Officer's cattle. G. O. 15th Sept. 1789

The Vice President in Council resolves, that, in future, bills of officers containing charges for transporting Troops across rivers, or in any respect connected therewith, shall be subject to total rejection, unless accompanied by a document shewing that they had applied to the Collectors for assistance without being able to obtain it. G. O. V. p. 30th March 1810

The disbursement of contingent charges necessarily incurred during the march of a corps or detachment, is not to be made by the officer commanding such corps or detachment, but by the staff Officer commanding them, excepting in cases where there may be no staff Officer or other subordinate Officer present. G. O. G. G. 5th Oct. 1807

The Commander in Chief having been given to understand, that in some instances Detachments of Troops have marched through Foreign Settlements without any previous notice having been sent to the Governor or Chief, thinks it fit to apprise the Army that the observance of such a form is, in point of military propriety, absolutely necessary; and therefore directs that whenever officers may have occasion to pass through Foreign Settlements at the head of Troops, intimation of their intention, if time will permit, be given to the Governor or Chief the night before, but at all events two or three hours before the approach of the Troops to the barrier gate. G. O. 20th Feb. 1789

Constitution of the Military Board. PARA. 18th—We direct that this Board consist of, 1st The Commander in Chief—2d The Senior Officer at the Presidency—3d The Senior Officer of Artillery—4th The Chief Engineer—5th The Adjutant General—6th The Quarter Master General—7th The Military Auditor General. Let: C. D. 9th Sept. 1785

Comg. Officer at the Presy. to act as vice President in absence of the Comg. in Chief. PARA. 99th—We approve of the principle of the arrangement which directs that during the absence of the Commander in Chief the Senior Officer at the presidency should act as Vice President of the Military Board. Let: C. D. 29th May 1799

The Governor General in Council is pleased to appoint Major General Sir Ewen Haillie, commanding Officer of the Troops at the Presidency Station, to be Vice President of the Military Board during the absence of His Excellency the Commander in Chief from the Presidency. G. O. G. G. 11th July 1808

Rank and precedence of the Members. PARA. 25th—In order to remove all ground of future altercation on the subject, we think proper to direct, that when any new Members shall be introduced into the Military Board they shall henceforward take rank according to their seniority at the Board, without regard to their rank in any other respect. Let: C. D. 11th March 1791

The Governor General in Council notifies, for the information of the Military Board, the opinion of Lord Cornwallis on the question referred by the Board on Let: M. S. G. 4th November 1791

the last part of 15th Paragraph of the General Letter dated the 11th March last, regarding the future regulation of rank at that Board, viz: that, from the words of the General Letter, the pleasure of the Honorable Court appears to His Lordship to be, that, in future, all officers, except the Commander in Chief, shall, upon their admission, take their seats at the Military Board as youngest Members, which will extend not only to the Officers who may become Members of the Military Board in virtue of their appointment to particular offices, but also to those officers who may return to the Military Board either from Europe, or from having been detached upon duty from the Presidency, and whose places during their absence have been filled by other Members.

* Proc. G. G.
18th Sep. 1806.

Colonel J. Morris, holding the temporary command of the Troops at the Presidency, is appointed a Member of the Military Board so long as he shall continue to hold that command.

Officer in temporary command at the Presidency appointed a member.

G. O. G. G.
6th May 1808.

The Governor General in Council, in consequence of the departure of Lieutenant Colonel Carnegie, Commandant of Artillery, for the purpose of embarking for Europe on the Walpole, is pleased to appoint Lieutenant Colonel Hardwick, the senior Officer of Artillery at the Presidency, to a seat at the Military Board during the absence of Lieutenant Colonel Horsford, who will succeed to the command of the Artillery on this Establishment from the day on which the Walpole may leave the Pilot.

And also the Officer in temporary command of the Artillery.

Proc. G. G. 10th
Mar. 1807

The senior Member of the Military Board is to be considered as having a casting voice, whenever it shall be necessary, on the occurrence of differences of opinion to constitute a majority on which a resolution of the Board may be framed.

Senior Member to have a casting voice.

R. M. B. 21st
April 1794

When any Member is prevented attending the meeting at the Board, the same to be signified to the Secretary by letter, and should this form be neglected by any Member, that the Secretary do insert opposite to the name of such Member, "absent without the assignment of a cause".

Members prevented attending notify the same to the Secretary.

R. M. B. 31st
Oct. 1806

The Board agree that it be observed as a standing regulation, that no Member shall detain any paper or papers, more than two days, except on any particular occasion, which may require calculations of considerable importance, when such extension of time as may be indispensibly necessary may be allowed.

Members not to detain papers more than two days.

M. C. 25th Jan.
1798

Resolved, that no Member of the Military Board shall in future have any thing to do with the execution of public works, or the disbursement of the public money, except as an officer of controul; nor shall he have any concern with the entertaining, the hire, or the disbursement of the pay of any description of the public servants, nor with the provision or custody of any of the materials requisite in the construction of public works.

Members not to be concerned in the execution of public works or disbursement of public money.

M. C. 2nd July
1787

Whenever any matter shall be brought before the Military Board, relative to estimates, bills, or other matters of accounts, in which any Member thereof is concerned, such Member is precluded from voting in it.

Nor to vote upon matters of accounts in which they are concerned

PARA. 19th—It will be the business of the Military Board to examine into the state of the musters of the Troops and to give their strict attention, that all the establishments are kept up to the full complement.

Military Board to cause the establishments, &c. to be kept complete.

20th—It will be part of their duty to be regularly informed of the amount, both in quantity and quality, of Provisions, Ammunition and Stores of every kind, in our Forts, Granaries and Garrisons.

and to be informed relative to the Provisions, Stores, &c. in Forts & Garrisons.

21st—It must be their province to attend to the Artillery, Arms and Implements of Engineering, so that our settlements may be amply provided with every thing requisite, for the complete equipment of an Army, at the shortest warning.

and to the Artillery, Arms, &c.

22d—We only mention these particulars, as an illustration to point out the nature of the duty to be performed by this Board, meaning that every article of Military expenditure shall come under their revision and controul; but we desire to have it explicitly understood, that no part of the discipline of the Army, the distribution of the Troops, nor the application of the Force, is to fall under their authority; but all these particulars are to remain exclusively with the Supreme Government and Commander in Chief respectively;

All Military expenditures to come under their revision & controul.

Duties of the Board detailed, as having reference to the Supreme Council neither do we mean that they are to have the power of issuing money or granting warrants for the issuing of money, on any account or pretence whatever; we mean them as a Board of reference and report, for the purpose of inspection, and to prevent abuse and deficiencies.

22d—Of reference from the Supreme Council upon all matters of Military detail, so far as the expenditure of money is concerned. We therefore direct our Supreme Council to make use of the Military Board in this point of view, in order that the expenditure of the public money in contingent articles, may be sanctioned by the opinion of the Officers who constitute this Board. We do not mean that the Supreme Council are bound to refer such points for their consideration, or that they should be bound to act by their opinions when they have received them; but we do expect that before any material issues of money are ordered on the head of Military charges, the Supreme Council will consider it as a useful check against extravagance, if material articles of Military expenditure are previously considered and reported upon by Officers whose situations and professions lead them to be particularly conversant in the knowledge of every article of Military expence.

24th—Although to report upon references made to them by the Supreme Council will form a very essential part of the duty of the Military Board, it is not to be their only duty; we consider it as an essential part of the business of the Board, and we direct that they particularly attend to the various branches of Military detail to which we have alluded, and that they regularly from time to time report to the Supreme Council the state and condition of the respective articles of service falling under their inspection.

25th—If there is any difference of opinion among them either in matters referred to them by the Supreme Council, or in points the consideration of which has originated with themselves, such differences of opinion with the grounds of them are to be specially reported by them.

26th—We direct that, without delay, you form, in concert with the Officers who are to constitute this Board, such fixed rules for the conduct of their business, as may effectually ensure the means of their being furnished with such regular returns from the inferior Departments as may enable them to conduct their business with dispatch and regularity; they are to report their whole proceedings to you, and you are to transmit them to us in separate dispatches under the head "Military Department."

28th—We trust the regulations you shall frame and the instructions you shall give to the different servants under you, connected with Military business, will be sufficient to bring before the Military Board every material information necessary for them to be possessed of; but, if at any time either additional instructions or occasional orders shall be requisite, they are to apply for them to the Supreme Council.

29th—The Military Board is to possess no authority exclusive of and independant of the Supreme Civil Government, but are, in all respects, to act under you and through the medium of your authority.

Returns of receipts & issues to be furnished to the Board.

Plans of fortifications and reports of Military buildings to be sent to the Board.

The Board to attend to the performance of Military contracts

The extraordinaries of the Army to be submitted to the Board,

Monthly returns of receipts and issues, surplus and deficiencies of all provisions laid up in Forts or Military Granaries, shall be sent regularly to the Military Board. To enable the Military Board to give their attention to the state of the Company's Forts and all public Military Buildings, and to report to the Governor General in Council whatever they may, from time to time, think proper to be done respecting them, the Chief Engineer or proper Officer shall lay before them plans of the different fortifications and other Military Buildings; and survey reports shall regularly be sent to them in future at such stated periods as may hereafter be determined on.

It being the duty of the Military Board to attend to the punctual performance of such Military contracts or agreements as may be communicated to them, by the Right Honorable the Governor General in Council, and to report any failure, the requisite orders for returns, &c. shall be given to the Officers, or others concerned.

That every article of Military expenditure may come under the revision and controul of the Military Board, in as far as they are not now under the separate revision and controul of the Auditor General, all extraordinaries of the Army shall be laid before them monthly, by the Paymaster of extraordinaries, for their opinion on them, previous to their coming for final audit before the Governor General in Council.

The Military Board shall form, for the approbation of the Governor General in Council, such further regulations as may appear requisite for the more expeditious dispatch of their business.

M. C. 2d July
1787

The Military Board shall transmit monthly to the Governor General in Council, that is, on the 15th day of each month, a complete copy of their consultations for the month preceding, with an abstract of them; and at the end of every twelve months, they shall deliver in a report or compendium of the quantity and state of the several articles of service under their controul; and such an account of their proceedings as will enable the Court of Directors, and the Governor General in Council, to judge of the degree of utility of that establishment.

Copies and reports of the proceedings & of the articles of service under their controul when transmitted by the Board.

M. C. 15th Sept.
1787

Resolved, that in future, when references are made to the Military Board, by the Supreme Council, for their report on claims preferred by individuals, that the Military Board do require from such individuals, or Officers respectively, the vouchers to which they refer, and authorities necessary for the support of, or elucidation of such claims; and that the report of their proceedings to the Governor General in Council be accompanied with all such vouchers, so as to enable the Board to determine finally upon them without a further reference.

All claims, proposals, &c. submitted to Government to be accompanied with the requisite vouchers, and explanation on.

That in the same manner it is the direction of the Supreme Council in general, that every proposal laid before them for their confirmation or rejection, be accompanied with all the documents, vouchers and explanations required for the illustration of it, so that the Board be enabled to determine finally upon it. The Governor General in Council do accordingly now delegate to the Military Board the powers requisite to effect such purposes.

R. M. B. 1st
Dec. 1807

Propositions or suggestions submitted to the consideration of the Military Board, the eventual adoption of which may be attended with expence to Government, are invariably to be accompanied by the detailed and particular statements, and (in all necessary cases) plans of the proposed works; as, without definite information of the expence to be incurred, the Board cannot submit, nor would Government sanction such propositions; whereby a great loss of time and much public inconvenience may result.

In submitting propositions attended with expence, plans, statements, &c. of the proposed works, are to accompany.

Proc. G. G.
11th June 1807

The Governor General in Council directs that all papers sent in circulation during the intervals between the meetings of the Military Board, may be regularly returned, and laid before the Board at the next meeting. Should the Board not then be prepared to decide on the subject of any of those papers, such paper may again be circulated if deemed necessary.

All Papers sent in circulation between meetings to be laid before the Board at the next meetings

Proc. V P 23d
Sept. 1801.

The Vice President in Council calls the particular attention of the Military Board to the general rule of the service, which requires that no expence shall be incurred without the previous sanction of Government, excepting in cases of particular urgency, which are always to be reported to Government as early as may be practicable.

Without the previous sanction of Government, no expence to be incurred,

Proc. G. G.
6th June 1806.

The Military Board will be careful in future, that no buildings are constructed or repaired without the sanction of Government, except in cases of the utmost emergency; and in all such cases the orders which the Military Board may find it necessary to give, are to be immediately reported for the information and sanction of the Governor General in Council.

No buildings to be constructed or repaired, except in cases of emergency.

Proc. V. P.
24th Apr. 1810

The Vice President in Council does not conceive the charge, being subject ultimately to be verified upon oath, to constitute any ground for admitting an estimate, which under a different arrangement would be objected to. The object of subjecting to revision and controul the plans and estimates of public works, as well as the accounts of expenditure in the execution of them, is not merely to prevent the acquisition of unauthorized gains by the Officers of Government, but to restrict the public expenditure to the lowest practicable scale, consistent with the good of the service; and this primary object of the regulation would be certainly frustrated, if Government, or the Military Board, were from a confidence, however well founded, in the actual expenditure of the amount charged, to overlook the important duty of applying to all estimates and bills the same rigorous scrutiny, and check to which they have always been subject.

Strict scrutiny and check to be applied to all estimates & bills.

The Governor General in Council considers it to be desirable, when estimates are transmitted by the Military Board which exhibit any considerable excess, that the Board will point out the particular circumstance from which it appears to originate.

Explanation to accompany estimates which exhibit any particular excess.

Military Board
to class their re-
commendation
for all public
works.

The Military Board are in future to class their recommendations for all public works under one of the following descriptions; assigning at the same time, the grounds upon which they consider the works proposed to be executed to be applicable to either class.

Proc. G. G.
31st Jan. 1794.

1st. Repairs or new constructions which will not admit of delay without injury or prejudice to the public service.

2^d. Repairs which, though not immediately and indispensably necessary, would, if deferred to a future period, occasion comparatively a much greater expence when they should become unavoidable.

3^d. Works, which though useful and expedient in different degrees, may be postponed or undertaken according to the direction of Government.

And in submit-
ting estimates or
bills to report
on the reasona-
bleness of the
charge.

The Vice President in Council is concerned to remark that his orders of the 23^d ult. which directed the Military Board in submitting either estimates or bills for his decision, to express at all times their opinion as to the reasonableness or otherwise of the charges, have not been attended to, and he desires they be strictly observed in future.

Proc. M. B. 31st
July 1801

The Governor General in Council judges it proper, that the Military Board's general correspondence with Government should be carried on by the Board, and not by the Secretary; and His Lordship accordingly desires, that all letters, which the Board may have occasion to write on matters of importance, may be signed by the Members of the Board. The dispatch and convenience of public business will certainly require frequent communications between their Secretary and those of the Government, on various matters of detail, and it is not His Lordship's intention to prevent such communications, but it is his wish that on all questions of magnitude or importance to the public service, the Members of the Military Board, and not the Secretary alone, should be responsible for the due conduct of the correspondence with the Governor General in Council.

Regulations for conducting the correspondence of the Board with Govt.

And with Com-
manding and
Staff Officers of
Stations, corps,
&c. and Or-
dnance Officers.

The present undefined and desultory mode of carrying on the correspondence of the Military Board, being productive of considerable embarrassment and delay in the transaction of the public business, the following rules for simplifying the correspondence with that department, for more regularly conducting it, and for attaching responsibility more immediately to authority and command, are adopted and ordered to be considered as standing regulations in future.

G.O. C. C. 5th
Dec. 1867.

1st—General Officers commanding districts or divisions of the Army, and all Officers commanding Stations, Garrisons and Posts, or Divisions and Detachments of Troops marching, are themselves to correspond with the Military Board and not through the medium of their Staff Officers, on all points involving expenditure of the public money, or relating to the equipment and supplying of the Troops, or places under their respective commands, with Ordnance, Stores, Arms or Accoutrements, or generally to all matters, that fall within the proper province of the Military Board, under the regulations of Government.

2d—The same rule to be observed on all occasions of references or applications designed to be submitted, or which it may eventually be found necessary to submit to the Right Honorable the Governor General in Council or to his Excellency the Commander in Chief.

3d—In forwarding for the Board's information and report to Government propositions likely to be attended with expence or affecting any general principle of the service, General Officers and Officers commanding Stations will accompany such propositions with their opinions on the necessity or expediency of adopting them, formed after particular enquiry and on as attentive a consideration as the nature of the case may require or will admit.

4th—Officers at the head of all Public Departments, all Ordnance Officers, Commissaries of Supplies, &c. are not to correspond with the Military Board direct on any of the occasions above enumerated but through their respective commanding Officers; this is not however meant to preclude the direct transmission of returns, accounts, vouchers, &c. to the Military Board Office or direct correspondence with that Office on matters of pure detail or that relate to the individual concerns of Officers.

5th—Officers commanding Regiments and Battalions being answerable for the equipments of their respective Corps, and the accuracy of the prescribed quarterly returns of them, those returns are to be transmitted by commanding Officers, and not through the medium of their Regimental, Battalion, or Detachment Staff, as is at present occasionally though irregularly practised.

6th—The rules prescribed in General Orders of the 15th Nov. 1788, for the transmission of indents from corps at the fixed stations of the Army through the Brigade Major's Office, and from Corps detached through the public Staff Officer, where there is one serving, otherwise by the Officer commanding, to continue in force and to be strictly observed, particularly that part which requires the commanding Officer's approval of the indents being signified by his countersigning them previous to transmission, and which holds him responsible for all issues of stores made on his judgement and discretion.

7th.—The annual survey reports of public works, fortifications and Military buildings, as well as of Ordnance and military stores in magazines and depôts, are to be transmitted by commanding Officers of stations and garrisons accompanied by letters, signed by themselves, containing such observations as they may have to offer on the general state of the works, buildings, ordnance or stores, and as may tend to give the Military Board the fullest information respecting them, with a view to such measures being taken as circumstances may require.

8th.—All letters, returns, reports or other official documents not transmitted, agreeably to the foregoing orders, or to existing standing regulations, will be immediately returned to the person from whom they may be received; who will be held responsible for any delay or inconvenience which may arise to the service from inattention to those orders and regulations.

Regrs. of the
Board to be
copied and
kept up by
Staff Officers

Every regulation of this Board, whether published in general orders or circulated by the Secretary, is to be entered in a book to be kept by the commanding Officer of each Station, Garrison, Detachment, or separate Corps, and by the Officers of ordnance and others whom they may immediately concern, which book every such Officer, when relieved, deliver over to his successor in command or office.

Confirmed by
Military Board

- Res. M. B. 2d**
August 1799
- Resolved, that the Governor General in Council be requested to desire the dependant Governments to transmit to this Presidency, copies of the lists of the established proportions of ordnance and Military stores for their respective fortresses and stations, distinguishing the quantities deemed necessary to be constantly kept in the arsenal at each Presidency, as the general depôt of supplies of Stores, for the Armies and subordinate stations. That it be recommended to the Honorable the Court of Directors to transmit to the Supreme Government annually, in duplicate, copies of the invoices of all Ordnance and Military Stores, sent from England for the subordinate Governments.
- That the Military Boards be directed to correspond with each other relative to any improvements or to any suggestions which may tend to promote the good of the public service.
- Res. M. B. 2d**
August 1799
- After the arrival at the respective Presidencies of the last ship of each season from Europe, the Secretaries of the Military Boards shall communicate to each other for the information of their respective Boards, lists of the supplies of Military Stores received from Europe during the season. Agreed, as an amendment to the rule laid down in the proceedings of the Military Board, of the 27th July, 1787, subsequently approved by the Governor General in Council, which direct that "all estimates of buildings executed by the Chief Engineer should be compared and corrected by the Secretary or some Member of the Military Board," that instead of leaving it in doubt whether the duty should be performed by a Member of the Board or by the Secretary, it be the particular duty in future of the Secretary alone.

Estimates of buildings to be compared and corrected by the Secretary.

Res. M. B. 5th
April 1790.

In all bills for money, expended in public buildings or expences of any kind incurred by individuals, under the sanction of Government, or the Military Board, the person making such demand, shall particularly express, on the face of the bill, the authority and date of the order or orders by which he became authorized to make the charge, in like manner, when materials wanted for the execution of public works are indented for, the indenting Officer shall set forth on the face of the indent the date of authority, by which such work is to be carried on.

Bills, &c. not submitted to the Board unless the authority and date of the order be inserted.

No bills or indents of the above description to be laid before the Military Board, on which the information now required is not fully expressed, but the Secretary is immediately to return them to the persons from whom they shall have been received.

Res. M. B. 22d
June 1788.

The Military Board, having noticed that several indents have of late come before them which were not drawn out agreeable to the prescribed form, have been pleased to direct that in future when any such shall be transmitted to their Secretary, he do immediately return them to the respective Officers who sent them.

Informal Indents to be returned by the Secretary,

Res. M. B. 18th
June 1789

The Secretary to remark to the Military Board, when indents on the subordinate commissaries of supplies (now commissariat) contain articles which they are not regularly authorized to furnish.

Who will remark when Indents on the Commissariat contain articles they are not authorized to furnish.

Res. M. B. 17th
Feb. 1789

The Secretary to furnish the Military Auditor General with lists of stores passed on indents, for the departments of the executive Officer and Barrack Master of Fort William, during each quarter.

And transmit lists of stores passed to Barrack master, &c. in each quarter to Military Auditor General.

His Majesty's Troops serving in India.

General Staff, &c. attached—Returns, Reports and Applications how transmitted—Regulations relative to their Rank, Payment, Allowances, &c. under different circumstances of Service.

Provision and custody of Arms, Accoutrements and Cloathing.

Orders for drafting Regiments returning to Europe—Passage Money, &c. to Officers,

G. O. G. G.
16th April 1807

HIS Excellency Lieutenant General Sir John Craddock, Commander in Chief of the Forces serving under the Presidency of Fort St. George, being the senior Officer of his Majesty's Forces employed in India, in consequence of the departure for Europe of the Right Honorable Lord Lake and His Excellency Lieutenant General Nicolls, the Honorable the Governor General in Council requests that his Excellency Lieutenant General Sir John Craddock, Commander in Chief at Fort St. George, will be pleased to exercise such authority over his Majesty's Regiments in India, with regard to their internal management and to promotions, &c. in those Corps, as may be consistent with the rules and usage of his Majesty's service in such cases.

General command of His Majesty's troops vested in the senior Officer in India, in the absence of the Commander in Chief.

Let. C. D. 31st
May 1809

PARA. 106th—It was established as a regulation by our orders of the 4th May, 1796, when the first appointments of His Majesty's General Officers on the Staff in India took place, that the allowances to the King's Officers appointed to the Staff were to commence from the period of their arrival in India; we have not thought proper to make any alteration therein.

Allowances to General Officers appointed to the Staff in India when to commence.

Pro. G. G. 23d
Nov. 1807
Sanctioned
Let. C. D. 16th
Feb. 1810

The Governor General in Council has been pleased to permit Major General St. Leger, appointed to the Staff of this Presidency, to draw the allowances of a General Officer on his Majesty's Staff in India from the date of his landing at Fort St. George, and his personal Staff are to draw their allowances from the abovementioned date.

Pro. G. G. 16th
May 1805

The Governor General in Council observes that Major General St. John was appointed to the Staff of the Presidency of Fort William, and continued on the Staff accordingly until his embarkation and departure from Bengal for Europe; and that conformably to the established rule of the service, his resignation of the Staff appointment which he held took effect from the date of the dispatch of the ship on which he embarked, and his Staff allowances ceased of course from the same time: under these considerations, the Governor General in Council does not deem it to be proper to admit the claim preferred by Major General St. John to Staff allowances until the dispatch of the ship, on which he embarked, from Fort St. George.

Inadmissible for the period they may be in India, after departure from the Presidency they were attached to

M. C. 27th June

Monthly returns to be sent to the Adjutant General the Bengal Army.

G. O. C. C. 20th May 1804 In future, Officers in command of His Majesty's Regiments of Cavalry and Infantry will direct survey reports of camp equipage, in use with their respective corps, to be transmitted quarterly to the Military Board. And quarterly returns of camp equipage to the Military Board.

M. C. 1st Aug. 1788 Resolved, that it be published in general orders, that His Majesty, from a desire to remove all grounds of complaint from the Company's Officers of supercession in rank, by Officers in his own service, has been graciously pleased to direct, that such of his own Officers as at present enjoy brevet local rank in India shall waive the exercise of that rank, after the 30th day of September, 1789, and shall confine themselves after that day to the rank which they hold by their Regimental commissions, or by commissions which give them general rank in the Army. Brevet local rank withdrawn from M. Officers serving in India.

M. C. 15th Aug 1793 Resolved, that Colonels of His Majesty's Service, although not Colonels of Regiments, shall be on a footing with Officers of the same rank in the service of the Honorable Company, in all future distributions of gratuity to the Field Officers serving on this establishment. Colonels to be treated in all distributions of gratuity to them as Colonels of Regiments.

Allowances of H. M. Troops equalized with those of the same ranks in the Company's Service.

Agreed, that the pay and stated allowances of His Majesty's Troops, serving under this Presidency, be made exactly equal to the corresponding ranks in the Company's Service, as recommended by the Governor General, and that the Commander in Chief be requested to publish the same in General Orders.

M.C. 27th June 1788

The difference between the amount of the off-reckonings and the actual expence of the cloathing is a fund subject to internal regulations in both services.

Company's allowances when to commence to H. M. Troops arriving in India and disembarked previous to reaching the Presidency they are destined for.

PARA. 87/h.—In consideration of the expence to which His Majesty's Troops will be exposed from the date of their debarkation in the Company's territories, and in reference to the propriety of granting them the same allowances as may be drawn by any other Troops previously serving at the place of debarkation; with reference, also, to the consideration that the debarkation of corps, or detachments of corps, at places other than those to which they may have been destined, is a matter of accident or necessity, not, probably, within controul of the Officers commanding such corps or detachments of corps; we authorize you to pass Company's allowances to all corps or detachments of corps landing in any part of the Company's immediate territories in India, from the date of the debarkation of such corps, provided such debarkation were made by order of the established local authorities, but we shall not admit Company's allowances being passed to individual Officers who shall land in any part of India, different from that to which their duty calls them.

Let. C. D. 16th Feb. 1810

Individual Officers have the power of obtaining a passage on our ships to any of the Presidencies of India, at which their Regiment may be serving, or, in the case of Staff Officers, at which their usual well-known duties call them to reside; if, therefore, they wilfully land at other places than that to which they ought to have directed their immediate course, or if any corps, or detachments of corps, or individual Officers accidentally land at Ceylon, or any other place in India, where the Troops are not receiving pay from the East India Company; in all such cases we direct that Company's allowances be not passed to them until their actual arrival at the Presidency to which they have been appointed.

Also to those proceeding direct to Bengal.

His Majesty's Regiments are to receive the Company's allowances from the date of their arrival at Fort William.

We direct that the Sonat Rupee be paid to the King's Regiments at the same exchange, at which it is issued to the Company's Troops, viz. at 6d.

Let C. D. 19th May 1790

The Governor General in Council, with reference to the course prescribed by His Majesty's Regulations for the payment of his forces, is pleased to determine that these Troops shall in future receive their subsistence on the 24th of each month, as it becomes due, or, in other terms, one month in advance. The Military Paymaster General will make the necessary arrangements for the Regimental Paymasters being regularly furnished with drafts for the subsistence of their respective Regiments, in such manner as will put them in possession on the 24th of each month of cash equal to the payment of the subsistence of the Regiment for the month next ensuing.

Proc. G. G. 27th June 1808

Rate of pay as established for H. M. Officers.

His Excellency the Most Noble the Governor General in Council having received copies of two warrants from His Majesty, contained in the circular letters from the War Office, dated the 27th June, 1797, and the 25th January, 1798, by which some alterations have been made in the pay of the Officers of His Majesty's Service, His Lordship in Council judges it proper to direct that the new rates of pay established by His Majesty's said warrants shall be adopted, and have effect at this Presidency from the 25th June next; and the payments are to be made to the Officers of His Majesty's Cavalry and Infantry Regiments, serving under this Presidency, accordingly.

G. O. G. G. 23d April 1801

Abstracts of the amount due on account of the arrears to Officers of His Majesty's Regiments serving under this Presidency, who are now in India, and who have not been in England subsequently to the period to which the arrears were paid up, then, are to be

forwarded to the Military Auditor General for audit before payment: those Officers who have embarked for Europe will of course receive their arrears there, if they apply for the payment. It will be necessary that Officers returning or arriving from Europe, and applying for the payment of any part of the arrears here, should produce certificates from the proper person at the India House that their arrears have not been paid by the Company in England. In consequence of the new rates of pay to His Majesty's Officers, the following Tables of Pay and Company's allowances have been prepared, and are to be substituted from the 25th June next for the Tables now in use. Non effective and contingent allowances to Field Officers equalized with the allowances of Officers in the Honorable Company's service.

In conformity with the Orders of the Honorable the Court of Directors, contained in the 90th, 91st, and 93d paragraphs of their General Letter, dated the 31st of May, 1810, for equalizing the allowances of the Field Officers and Captains of His Majesty's Regiments of Dragoons and Infantry, with the allowances of Officers of corresponding rank in the Honorable Company's Service, and which have been found to exceed the latter, in consequence of the non-effective and contingent allowances drawn by Field Officers and Captains in His Majesty's Service,—the Right Honorable the Governor General in Council is pleased to pass the following Regulations, to take effect from the 15th December, 1810:

G. O. G. G.
12 Feb. 1811

The Non-effective and Contingent Allowances hitherto drawn for Field Officers and Captains, half yearly, shall, from the 15th December, 1810, be drawn by the Regimental Paymaster in his monthly Subsistence Abstract, according to the correct proportion for each month, for the number of Officers entitled to such allowances actually present in India.

That the corresponding deductions shall be made in the monthly Regimental Abstracts of the Honorable Company's Allowances from the Allowances of Officers, for whom the Non-effective and Contingent Allowances shall have been drawn in the Subsistence Abstract, at the following monthly average rates:

Lieutenant Colonel, Dragoons.

Average monthly amount of the £. 50 per cent granted by His Majesty's Regulation, dated 27th May, 1810, in lieu of the emoluments arising from the Contingent Allowances which Field Officers received as Captains of Troops, *Sonat Rupees*, 13 5 4

each class to be stated separately on the Pay

Rolls to be transmitted by commanding Officers of Corps, in authentication of claims for increased pay.

Orders specifying the nature of service required in qualification of claims for increased rates of pay.

When claims cannot be exactly ascertained, payment to be suspended.

Allowances of Serjt. Major and Quarter-master Serjts. equalized with those of the Company's service.

Amount of advance to Staffs for H. M. Regts. arriving from Europe.

Bounty money to Volunteers from H. M. Regts. drafted.

Bounty money to Boys enlisted in India.

Compensation for loss of baggage, granted to H. M. Troops.

Warrant exhibiting rates of compensation for loss of baggage to H. M. Troops.

The commanding Officer of each Regiment will transmit to the office of the Military Auditor General a long roll, which shall include the name of every effective Non-commissioned Officer and Private of the corps under his command, stating the date of his entrance into the Regiment, and adding thereto such remarks relative to former service as may tend to establish claims to the increased rates of pay under His Majesty's regulation; as stated in letters from the Secretary at War, dated 20th July, 1806, as follows:

"In regard to the additional allowances to Corporals and Privates after 7, 14 and 17 years' service, respectively, it is to be understood that previous service in any corps of regulars or in any fencible corps, liable to serve out of Great Britain, Ireland and the Islands in the Channel, is to be taken into account, in estimating the claims of the men to the said additional allowances. It is also to be understood that men discharged at the late peace, or at any other period, who have since entered into the Army, are entitled to claim the benefit of their antecedent service in corps of the above description. But service in the Militia or in any corps of Fencibles not liable to serve out of Great Britain, Ireland or the Islands in the Channel, is not to be considered as making any part of the service entitling the men to the said additional allowances. Former desertion is not to affect a man's claim to the allowances in question, but desertion occurring subsequently to the 25th June, 1806, will deprive a Soldier of all title to the said allowances arising from antecedent service. In the case of men formerly discharged and recommended to Chelsea, and who have since entered into the Army, the time during which such men were on the Chelsea Pension is to be taken into account in estimating their claim to the additional allowances, two years, thereof, being reckoned as one of actual service, and the same in proportion for any longer or shorter period."

The commanding Officers of Regiments are enjoined to pay the strictest attention to the foregoing rules, by which the claims of Non-commissioned Officers and Privates, respectively, according to length of service, are to be determined, and to satisfy themselves as far as may be practicable of the just pretensions of each individual to receive the augmented pay, founded upon his former service in other corps; and when such claim cannot be exactly ascertained, payment thereof is to be suspended until the necessary information or special authority shall have been obtained.

In fixing the aggregate allowances for the Serjeant-major and Quarter-master Serjeant of His Majesty's 22d Regiment, the Military Auditor General is to attend to the principle of equality established with respect to the amount of the allowances between His Majesty's and the Honorable Company's Forces.

Regulations relative to the funeral charges &c. of Soldiers in H. M. Regt who die at the General Hospital at Fort William: Adj. judgment of their debts and arrears of pay.

The Brigade Major of the King's Troops at Fort William to pay the Bills of the Steward of the General Hospital for the interment of men belonging to any of His Majesty's Regiments in India, dying in that Hospital, taking his receipt for the same.

The general charge of Sonat Rupees 8 9 10 to be on no account exceeded without the authority of Government.

The Steward of the General Hospital to take an inventory of the necessaries of Patients received into it, and to furnish the Major of Brigade to the King's Troops with a copy thereof, and on no account is any man to be permitted to dispose of any part of his necessaries during his residence at the Hospital.

When a man dies at the Hospital, the Steward shall immediately take charge of such money as the deceased may have died possessed of, and deliver all his effects to the Brigade Major to the King's Troops, who will cause them to be sold to the best advantage; the Steward, for the money so paid by him, will take the Brigade Major's receipt.

For men belonging to the King's Regiments on the Bengal Establishment who may be in the General Hospital, the Brigade Major to the King's Troops in Fort William will continue to draw their pay, and on their quitting the Hospital settle their accounts in the manner now practised. In the case of men dying in the Hospital, he will be governed by the foregoing regulations, receiving from the Paymaster to the King's Troops the balance which may on any occasion be required to make up their funeral charges.

In the case of men belonging to his Majesty's Regiments serving at the Presidencies of Fort St. George and Bombay, the Brigade Major will apply to Government to direct the exact sum, required to make up the amount of the expence of the funerals, to be issued to him by the Paymaster to the King's Troops, who will charge the same to the

debit of the Regiment concerned. All balances remaining in the hands of the Brigade Major, after the funeral expences shall have been discharged, is to be applicable, in the first instance, to the liquidation of the Regimental debts of the parties concerned, in conformity to his Majesty's Regulations, when the residue may be paid to the legal representatives of the deceased; but, when such residue may not be claimed, the Brigade Major is to pay the amount thereof into the hands of the Paymaster to the King's Troops, who will carry the same to the credit of the corps to which the men belonged.

The King's Regiment quartered in Fort William will at no time come within the operation of this arrangement, as the Officer commanding it on the spot is responsible for the due settlement of all just demands upon the corps.

Orphan Asylum

The Governor General in Council sanctions the arrangement proposed by the Managers of the Orphan Society, for 12 children of Soldiers belonging to His Majesty's 14th Regiment of Foot, being admitted at the Lower Orphan School, upon the express condition of the Officer commanding the Regiment becoming responsible for the due payment of all expences of those children.

Proc. G. G.
6th Mar. 1809

The Military Paymaster General is accordingly to take measures for a monthly stoppage being made from that Regiment to the amount of 5 Rupees for each of the 12 children who may, in consequence, be received on that establishment.

Arms, Accoutrements, Stores

Proc. G. G.
25th May 1801

The Governor General in Council has been pleased to authorize the Indent for Colours for His Majesty's 78th Regiment to be passed, but the bill for the expence of making them up must be forwarded (through the Military Board) for transmission to the Court of Directors, in order to its adjustment in England.

Colours for H. M. Regiments how to be supplied.

Let. M. S. G.
25th Sept. 1789

His Lordship is of opinion, that the public must, in general, bear the loss of replacing accoutrements intended for the King's Regiments, if they should unfortunately be destroyed by any accident after having been lodged in a public store.

The loss of replacing accoutrements, &c. destroyed in the Stores by accident, to be borne by the public.

Res. M. B.
24th July 1807

As the Military Board are not at liberty to authorize the deposit of Cloathing or any Stores of His Majesty's Regiments in the Arsenal of Fort William, they would recommend a communication being made, by the Board of Trade, to the Officers in command of the 17th and 22d Regiments, on the subject of the disposal of the Cloathing, &c. arrived for those Corps, or to the Adjutant General of the King's Troops at the Presidency.

Military Board do not permit the Cloathing or other Stores of H. M. Regts. to be lodged in the Arsenal of Fort William.

Proc. G. G.
6th June 1805

All expences of transporting the Cloathing of His Majesty's Regiments are to be borne by the Colonels of those Regiments, who receive the off-reckonings.

Expence of transporting the Cloathing to be borne by the Colonels.

Proc. G. G.
26th Aug. 1802

The Governor General in Council does not consider the Honorable Company to be subject to the payment of the charges incurred in transporting the Cloathing of His Majesty's Regiments serving in India, previously to the Cloathing being received by the Regiments; after the Cloathing shall have been in possession of the Regiments, his Excellency in Council considers the Honorable Company to be subject to the expence of transporting it, in the same manner as is established for transporting the Cloathing and other Regimental Stores of the Company's Troops.

Circumstances under which the expence of transporting the Cloathing is to be borne by the Company.

The expence of insuring and transporting the Cloathing of the Company's Troops is defrayed by the off-reckoning fund, and not by the Company, and it is understood that the off-reckoning fund in His Majesty's service is in like manner intended to defray all expences, &c. attending the conveyance, insurance, &c. of new Cloathing.

5th May 1806

His Majesty's 75th Regiment of Foot being under orders to return to Europe, the Right Honorable the Commander in Chief is pleased to direct that such men of the corps as may volunteer their services in His Majesty's Regiments remaining in India, shall receive a bounty of 3 guineas per man.

Orders for drafting H. M. Regiments returning to Eu-

The men are permitted to make choice of the Corps in which they wish to serve, and his Lordship trusts that the spirit and zeal which have ever characterized the Corps, will induce them to volunteer a continuation of their services to their country in India.

The Commander in Chief points out the after-mentioned Corps as those into which his Lordship is particularly anxious the men of the 75th should volunteer their services, viz. the 8th, 24th and 25th Light Dragoons; 22d, 53d and 67th Regiments of Foot. His Lordship entreats the assistance of Major Campbell and the Officers of the 75th Regiment to promote the public service in this instance.

The bounty of three guineas is to be delivered to each man as soon as he is properly enrolled. The Commander in Chief directs its being fully explained to the men that no further bounty is to be expected, and that none are, or will be, permitted to volunteer for the Honorable Company's Service. His Lordship expressly forbids liquor or gratuity of any description, over and above the bounty of 3 guineas, being given to the men, and calls upon commanding Officers of Corps to see this order strictly attended to.

Major General Dowdeswell will be pleased to select Officers to take charge of those men who may volunteer for Corps at other stations; a report to be sent daily to the office of the acting Adjutant General to the King's Troops of the number of men who may have volunteered, specifying for what Corps.

The Commander in Chief directs that this order be read and fully explained to the men of the 75th Regiment.

6th Mar. 1809

Ordered, that the following paragraphs of a General Letter from the Honorable the Court of Directors, dated the 7th September, 1808, be published in General Orders.

PAR. 227th—As there exists a doubt in the minds of the commanders of our ships of our intentions in regard to the passage home, of Officers, and they have claimed the amount authorized by the printed regulations of the 27th July, 1796, we think it ne-

necessary to repeat our orders of the 18th April, 1800, Paragraphs 7th and 11th, in the Military Department, viz. that in all cases where the expence of His Majesty's Officers proceeding to England is borne by the Company, the sums to be paid to the commanders of our ships are on no account to exceed the following rates :

General Officers,	£. 250	Lieut. Colonels and Majors,	£. 150
Colonels,	200	Captains,	125

All Subaltern Officers, formerly 100 guineas, but since encreased to £. 110.

PAR. 228th—These rates to be converted into Indian currency, at ss. the Current Rupee : 8s. the Star Pagoda, and as. 3d. the Bombay Rupee.

229th—The sums mentioned in the 2d page of our printed regulations, have a reference only to instances where Officers or other Passengers proceed from England to India, at their own cost and charge, and those regulations were intended by us to guard Passengers of the descriptions mentioned from any exorbitant demand on the part of the commanders of our ships, for their accommodation to Europe; you will therefore particularly attend to this explanation on future occasions of claims for passage of Officers returning to England at the Company's expence.

Passage money to Officers proceeding on the Recruiting Service or in charge of Invalids.

230th—While we are upon this subject, we think it necessary to direct, that where King's Officers proceed to England upon the Recruiting Service, under the permission granted in the 4th paragraph of our Military Letter to your Presidency, of the 23d May, 1798, this indulgence must be restricted to one Officer of each rank composing the Recruiting Troop or Company of their several Regiments, left in England; and upon occasions where it shall be deemed expedient for an Officer of His Majesty's service to be sent to England in charge of Invalids from King's Regiments, we consent to your granting such Officer, whatever rank he may hold, the passage money of a Subaltern Officer, being £. 110, provided he has not a less number than thirty Invalids under his charge, on board of whatever ship he may proceed to this country. You must, however, be careful that no undue advantage is taken of our indulgence in this respect.

231st—Upon the whole, except in the two latter instances, and where King's Officers proceed to England on sick certificate, as at present allowed to the Officers in the Company's Service, or upon the return of His Majesty's Regiments from service in India, no allowance whatever is to be made upon their account by the Company; and in all cases we direct you to confine the rates of passage money to the sums above specified.

The Right Honorable the Governor General in Council is pleased to publish to the Army the following Regulations of the Honorable the Court of Directors, respecting passage money, passed on the 11th July, 1810. G. O. G. C. 19th Jan. 1811.

AT A COURT OF DIRECTORS,

HELD ON WEDNESDAY, THE 11th JULY, 1810.

RESOLVED,

Rates of Passage money to be paid by H. M. Officers proceeding to and from India, and accommodation to be allotted to them.

That the following Regulations be established, respecting the passage and accommodation of persons of the undermentioned descriptions, to and from India, on the ships in the Company's Service, viz.

For the Passage from England.

That the Commander be not permitted to demand more than the following Sums, for the accommodation, at their Tables, of Officers in his Majesty's Service, proceeding to India in the following Stations, viz.

General Officers,	£. 235	} Exclusive of the charter party allowance to the owners, paid by the Company.
Colonels,	185	
Lieutenant Colonels,	135	
Majors,	135	
Captain and Surgeons	110	
Subalterns and Assistant Surgeons,	95	

For the Passage from India.

That the Commanders of the Company's ships be not permitted to demand more than the following Sums, for the passage and accommodation at their Tables, from India, of

Officers, either in His Majesty's or the Company's Service, who shall be returning to Europe, either on sick certificate or Military duty, viz.

	From Bengal.	From Madras.	From Bombay.
	Sa. Rs.	Arbit. Rs.	Bombay Rs.
Lieutenant Colonels,	2,500	2,500	2,500
Majors,	2,500	2,500	2,500
Captains,	2,000	2,000	2,000
Subalterns,	1,500	1,500	1,500

And that the commanders do, upon no account, refuse to receive the sums herein stated, for the passage and accommodation of gentlemen of the above description from India, respectively.

That the commanders of the Company's regular ships be each constrained to receive on board their respective ships at least two officers, of the description abovementioned, returning to Europe, and that the larboard third part of the great cabin, with the passage to the quarter gallery taken off, be appropriated to their accommodation.

That the commanders of the Company's extra ships shall be likewise constrained to receive on board one officer returning to Europe, of the beforementioned description; and that such officer be accommodated with a cabin on the starboard side, abaft the chief mate's cabin, and abreast of the spirit room, of not less dimensions than seven feet long and six feet wide.

That in the event of the return of the whole or one of His Majesty's Regiments to Europe, the Governments in India shall, in such case, allow the whole, or such part, of the great cabin of each ship, for the accommodation of the officers, as the Governments may deem proper, due notice thereof being given to the commanders; and that the sum to be paid for the passage of each officer, be the same as those above stated for officers returning on Military duty.

That the several sums abovementioned be established for the passage outward and homeward, of the several persons of the descriptions before stated, and that the same do apply only to such accommodations as those persons are respectively entitled to, under the existing regulations of the Company; and that any additional accommodation or cabin may be agreed for with the Commander, and paid for separately, without being considered as a deduction from the sum fixed by the Court for the passage money of each person.

Orders to Officers proceeding to England in charge of Invalid Soldiers.

His Royal Highness the Duke of York, having directed it to be intimated to the Commander in Chief in India, that many inconveniences had arisen from officers who are sent home with Invalid Soldiers leaving the ships before their arrival at the place of their final destination, the General thinks fit to give the most positive orders to all officers returning home with Invalid Soldiers under their care, that they shall on no account quit them until they deliver them over personally at Chatham Barracks, to Major General Fox, to whom, and to the Paymaster at Chatham, they will make over the accounts of the men who have been under their care, whether belonging to the same or any other regiment in His Majesty's service.

Certificates and Statements to be furnished with Invalids, by commanding Officers of Regiments.

The Commander in Chief is likewise pleased to direct that the commanding Officers of Regiments do transmit to Chatham Barracks, with their invalided men, a very exact statement of their accounts, specifying any arrears of pay or cloathing which may be due to them, and likewise certificates of their length of service, ascertaining their hurts and wounds received, and pointing out such as are deemed proper subjects for His Majesty's royal bounty of Chelsea Hospital.

Certificates to be furnished by H. M. Officers, applying for furlough or to resign.

The order issued under date the 19th August, 1785, that all applications from officers for leave of absence or to resign the Service shall be rejected unless accompanied by a certificate from the Paymaster that the officer applying had settled all accounts with the Company, not having yet extended to His Majesty's officers, who receiving Company's allowances are equally liable to retrenchments,—Resolved, that the above Regulations of the 19th August, 1785, be considered in future to have effect as well with regard to the King's officers as those of the Company.

M. C. 11th
Aug. 1789.

Advance of pay granted to H. M. Officers proceeding to Europe on furlough.

Officers in His Majesty's Service proceeding to Europe on furlough usually receive an advance of six months, pay on application to that effect, on producing the requisite certificate from the Military Paymaster General.

Proc. G. C.
18th Apr. 1802

Declaration to accompany applications from Officers for leave to proceed to England.

In obedience to orders received from His Royal Highness the Commander in Chief, the Right Honorable Lord Lake directs that, in future, all applications from officers in His Majesty's service for leave to return to Europe, shall be accompanied by a declaration upon their honor, that it is not their intention to retire from the service at the expiration of such leave.

G. O. C. C.
18th Oct. 1802

No leave is in future to be granted until the determination of the officer making the application (whether on sick certificate or otherwise) shall be made known.

N. B.—For reports of Casualties on the passage among the Military proceeding to India, —Regulations under which Batta and extra Batta and Quilts are drawn and served, —Grant of Hammock and Quilts, to invalided and discharged Soldiers, —Rewards for the apprehension of Deserters, —Funerals of Soldiers dying in Fort William, —the Allowances granted to Wives and Children of Soldiers, —Proportion of Ordnance and Stores, allowed for the Practice of European Regiments, —Staff Allowances and Establishments of Regimental Staff, —Allowances of Petty Stores, &c. —Rates of Tonnage and proportion of Boats, for Troops proceeding on the River, —Employment of European Orderlies, —Indents for Camp Equipage, &c. and other Regulations which apply equally to the European Troops in His Majesty's and the Company's Service, *vide Chapter IV.*

M. C. 20th
Sept. 1786

EXTRACT. PAR. 86th—You are to comply in future with our repeated injunctions, that no more appointments of Cadets do take place in India: such appointments must rest exclusively with the Court of Directors.

Appointment
of Cadets vested
in the Court
of Directors.

Let. C. D.
10th Feb. 1806

PAR. 21st—We have appointed Mr. Joseph Queros, now residing at your Presidency, a Cadet for the Infantry on your Establishment, provided he shall appear to you to be the son of European parents, subjects of the British Empire, also that he is not under the age of 15 nor above 22 years, and that he is unexceptionable in every other respect.

Qualification
required of
those appointed
in India.

Let. C. D.
20th Apr. 1809

PAR. 57th—In the 30th Paragraph of our Letter of the 29th May, 1799, we signified our intention to take into consideration the application made in the 189th Paragraph of your Letter of the 28th August, 1797, in behalf of the two sons of the late Major Hodgson, when they should be of the proper age. We have agreed to appoint them Cadets of the present season upon production of the required certificates regarding their age.

Cadetships
bestowed on
the orphans of
Officers, dying
in the service.

Let. C. D. 6th
April 1808

PAR. 3d—We have transmitted you, a number in the Packet, a copy of the terms on which young men are admitted into our Military Service, and to which we require their assent before we appoint them.

4th—The Cadets have likewise delivered to them a copy of the Articles of War, and you will observe in the terms alluded to, the Cadet is required on his arrival in India to sign a declaration that he has frequently and attentively perused the same during the voyage out, and that in the event of his having neglected to peruse them, he is not to be entitled to his pay or to be considered on the strength of the Army, until he shall send in to the Government a written declaration that he has carefully perused the same.

Orders, &c.
communicated
to Cadets on
their receiving
their appointments.

5th—We enclose a copy of the declaration signed by the Cadets when they receive their appointment, and we trust that the measures now adopted will effectually suppress that spirit of insubordination which has manifested itself among the Cadets at the institution under your Presidency, as none will proceed thither in future, without being fully informed of the nature of their appointment, and the rules and orders to which they are expected to submit; but if contrary to our hope and expectation, any of the Cadets should evince a disposition of insubordination, we direct that you exercise the authority with which you are invested by suspending or dismissing them from our service, as the case may require, and that you immediately order those who may be dismissed to return to England at their own expence.

Those whose
conduct is dis-
approved to be
suspended or
dismissed at the
option of Govt.

The Cadet (upon his being approved of by the Committee of Shipping) will be ranked according to his actual departure from England, so that the sooner he proceeds to India, the higher his rank will be above those who may be appointed in the course of the same season as himself. On his arrival at the Presidency to which he is appointed, he will enter into pay as a Cadet, at Four Shillings and Two-pence per day, and be promo-

Cadets, &c.

ted to a commission in the Company's Army, according to his seniority in the list of rank above alluded to, provided he shall not have forfeited his claim to such promotion by any disobedience of the Court's Orders, or misconduct during his passage out.

If the Cadet should wish to be accommodated at the commander's table during the voyage out, he will be required to pay into the hands of Mr. Chatfield, the Company's Paymaster, the sum of £.116 for his accommodation, being £.95 for the commander, and £.15 for the owners of the ship. But if he should prefer being accommodated at the third mate's mess, he will then have to pay in the sum of £.70, being £.55 for the third mate, and £.15 for the owners. Should the Cadet, after he has taken his passage, neglect going in the ship, the commander or third mate will be entitled to retain one moiety of the passage-money paid in on their account, but the other moiety, and the £.15 paid in on account of the owners, will be reserved towards his subsequent conveyance, or returned to the Cadet, should he resign his appointment before his departure from England. It is further expected, that the Cadet will, upon his arrival in India, conform strictly to all the Rules and Regulations of the Institutions established at the Presidency to which he is appointed for the Instruction of the Cadets, and that he will endeavour to qualify himself for his future situation, by professional acquirements, and by the attainment of a knowledge of the languages of the country; in failure of which he will render himself liable to be dismissed the Service, and ordered back to England at his own expense.

The Cadet, upon his appearing before the Committee, will be furnished with a copy of the Articles of War for the Company's Service, and he is hereby informed that upon his arrival in India he will be required to sign a declaration that he has frequently and attentively perused the same during the voyage out; and in the event of his having neglected to peruse them, he will not be entitled to his pay, or considered as on the strength of the Army, until such written declaration is given in to the Governor.

And whereas it has been represented to the Court of Directors by the Governments abroad that many of the Cadets at the Institutions have manifested a serious disposition to insubordination towards their superiors, and have been guilty of gross irregularities and ungentleman-like conduct towards each other, the Cadet is hereby informed that on his arrival in India he is subject to Martial Law.

**AT A COURT OF DIRECTORS,
HELD ON WEDNESDAY, THE 6th JUNE, 1804.**

RESOLVED,

That upon the friends of each Cadet paying the regulated amount of his passage-money to the Company's Paymaster, such Cadet be required to sign a declaration, upon honor, that he has not paid, or caused to be paid, and will not pay, or cause to be paid, either directly or indirectly, by himself or by any person on his behalf, any further sum for his accommodation, either to the commander or mate, than those prescribed by the Court's Regulations.

That in the event of its appearing at any future time, that a further sum shall have been paid by, or for, any Cadet, such Cadet be placed at the bottom of the list of the rank of senior in which he was appointed; and that these last-mentioned Regulations be printed and delivered to each Cadet, upon his appearing before the Committee of Shipping to be approved.

Wm. RAMSAY, Secretary.

**AT A COURT OF DIRECTORS,
HELD ON WEDNESDAY, THE 30th JULY, 1806.**

RESOLVED,

That any person who shall in future be nominated to a situation, either Civil or Military, in the Service of this Company, and who shall have obtained such nomination, either directly or indirectly, by purchase, or agreement to purchase, through the medium of an agent, or other person, shall be rejected, and the person so nominated shall be rendered incapable of holding any situation whatsoever in the Company's Service; and, in the event of any person having obtained an appointment in the manner before stated, and proceeded to India previous to its being discovered, such person shall be dismissed the Company's Service, and ordered back to England, and shall also be rendered incapable of holding any situation whatsoever in the Company's Service.

Wm. RAMSAY, Secretary.

“That the appointment of Mr. Samuel Lewis to be a Cadet in 1800, which appoint-
 ment he (being born of an Indian Mother) carried through, by getting an Englishman
 named Philips to personate him before the Committee of Shipping, be, notwithstanding
 the Resolution of the Court on the 5th Instant, which limits the retrospective operation
 of the Resolutions of the 28th February, 1799, and 6th August, 1806, to the date last
 mentioned, annulled; and that he be dismissed the Company's Service on account of the
 fraud practised by him.”

PARA. 7th. We direct that you communicate the foregoing Resolution to the parties
 concerned who may be at your Presidency, and order them to proceed to Europe as speedily
 as possible, consistent with a reasonable allowance of time to prepare for their voyage.

PARA. 8th. We desire that it may be distinctly understood that the Resolution of the
 5th May was intended to have respect to the List then before the Court of appointments
 stated to have been corruptly procured, and that the said resolution was not meant to ex-
 clude the consideration of any other case or cases of corrupt purchase in procurement
 which might at any time be discovered, though such cases should have occurred before
 the 6th August, 1806.

G. O. V. P. In conformity to the orders of the Hon'ble Court, contained in the foregoing Extract, **And who are**

Let. C. D. **PARA. 37th.** It appears by the attestation of Captain Fagan, the Assistant Secretary to the **Period of com-**
April 1809 **Military Board,** that the services of Lieutenant Bent and the other Cadets who arrived at **mencement of**
 the Cape of Good Hope on the Fleet in June, 1796, were required for the defence of that **service of Ca-**
 colony against an expected attack, (the fact being also otherwise well ascertained): on this **dets detained**
 account, and in consideration of the further detention of Lieutenant Bent by the ship he **on duty at**
 had embarked on being ordered by the Madras Government to proceed in chase of the **other Preside-**
 French Frigates, we are of opinion he was entitled to the furlough he solicited, as, had **ncies, &c.**
 it not been for these detentions, the ships which left England in April, 1796, would pro-
 bably have arrived in India by September following, and his 10 years' Service, required
 by the Regulations, would therefore have been completed at the time you granted him
 such furlough.

G. O. G. G. The Most Noble the Governor General in Council directs that the following Extract **And of Cadets**
and Jan. 1801 of a General Letter from the Hon'ble the Court of Directors be published in General **proceeding to**
Orders: **other Preside-**
ncies from want
of accommoda-
tion in the dis-
rect Ships.

“It being impracticable to accommodate the whole of the Cadets proceeding to Ma-
 dras and Bombay this season on the ships consigned to those Presidencies, several of them
 will take their passage on the Bengal ships, whence they are to be directed to proceed to
 their duty by the earliest opportunity.

As this does not arise from any fault in the Cadets who take this circuitous passage, but
 merely from the want of accommodation in the Madras and Bombay ships, we have re-
 solved that the periods of their service may be considered as commencing from their arri-
 val at Bengal.”—

His Lordship in Council also directs that the Cadets of the Presidencies of Fort St. George and Bombay, alluded to in the foregoing Paragraphs, be furnished individually by the Town Major of Fort William with certificates of the dates of their respective arrivals at this Presidency; and that a list of the names of the whole of those Cadets, specifying the ships on which they arrived in Bengal, the dates of arrival, and the Presidency for which they are respectively appointed, be transmitted by the Town Major to the Secretary to Government.

Rank of Assistant Surgeons & Cadets commences from their arrival at their respective Presidencies.

PARA. 16th. We have resolved that every Cadet and Assistant Surgeon appointed next season, and any future season, be ranked, as they arrive at the several Presidencies to which they are appointed.—We shall accordingly send you lists of their rank in the same fleet, in which the Cadets and Assistant Surgeons are respectively to proceed; in case of their non-arrival in that fleet you will strike out their names in such lists, and we shall insert them in the list of that fleet in which they shall afterwards actually proceed.

Let. C. D. 16th
Aug. 1801

Precedence in rank to Cadets who have been one year in H. M. service.

PARA. 7th. We have resolved that no Cadet shall be allowed a higher rank than that assigned him by the lists transmitted by us in each season. It is our intention, in forming those lists, to rank at the head of the same, such Gentlemen who shall actually have been, for the space of one year at least, a commissioned Officer in His Majesty's Service, or in the Militia or Fencible Men when embodied, and have been called into actual Service, or have been in the Company of Cadets in the Royal Regiment of Artillery; the above resolutions we mean to enforce in future.

Let. C. D. 28th

Cadets unavoidably detained in England not prejudiced in their rank.

PARA. 6th. You will observe in the List of Rank of the 2d class of Cadets, transmitted you by a former conveyance, the names of several Cadets who had taken their passage on board the *Jane Duchs of Gordon*, *Comet* and *Tigris*; and as it was intended that those ships should have formed a part of the last fleet, had they been ready in time, we have come to the resolution that those young men, who were actually on board at the time that fleet sailed, should not be prejudiced in their rank in consequence of the ships before mentioned having been left behind; we therefore direct that you give them the precedence pointed out in the 2d class upon their actual arrival in India.

Let. C. D. 18th
July 1805

Allowances to Cadets proceeding from Europe to Bengal, detained at Fort St. George

The Governor General in Council is pleased to permit Messrs. Passmore, De Lisle, Heron and Cowslade, Cadets, to draw the pay, gratuity and half batta of Ensigns, from the day on which they were ordered on shore at Fort St. George, by the Governor and Council at that Presidency, for the purpose of giving evidence at a Court Martial, until their arrival at Fort William, and also the house-rent of Ensigns during their detention, if they were not furnished with quarters.

Proc. G. G. 4th
Sept. 1806

The Governor General in Council is also pleased to allow these Gentlemen the usual passage money from Fort St. George to Fort William.

Certificates and affidavits of Cadets arriving, how procured and forwarded by the Town Major.

Ordered, that the following suggestions be furnished for the guidance of the Town Major in all cases to which they are applicable:

Proc. G. G.
6th May 1809

1st. The Fort Major of Fort William to be very particular in calling upon all Cadets at the time of reporting their arrival to produce the certificates of their respective appointments.

2nd. In cases where those documents shall have been lost, the Fort Major is to furnish the parties with a copy of the affidavit required to be taken by them before they can be admitted to the service, and further, if necessary, to appoint a Peon or Orderly to conduct them to the Sitting Magistrate, in order to their making the necessary declaration on oath without delay.

3rd. The affidavits, when duly executed, to be delivered to the Fort Major in lieu of the regular certificates, and to be by him transmitted, together with the certificates of the other Cadets, to the Adjutant General's Office at the Presidency, accompanied by a list carefully compared with the Register of arrival at the Fort Major's Office.

We have agreed that an allowance shall be made by the Company to the Royal Academy at Woolwich for the education of such a number of Cadets as the Company may have occasion to appoint to their different Presidencies: such Cadets to produce a certificate from the Academy before they can be entitled to appointments in the Artillery or Engineer Corps.

Let. C. D.
8th Jan. 1796

Let. C. D. 5th
March, 1806.

PARA. 15th.—With a view to promote emulation in the Cadets for our Artillery and Engineer Corps who are educated at Woolwich, we have resolved to make it a standing regulation that those, who by their progress in the different studies are first reported qualified to proceed to India, shall have precedence in rank in those Corps, without any reference to their rank in the general list of Cadets appointed for the respective Presidencies.

Precedence in rank to those first reported qualified to proceed to India.

Let. C. D. 15th Feb. 1806

PARA. 26th.—Mr. T. P. Calvert having been educated at a private Academy, and reported to us by the proper Officer at the Royal Military Academy at Woolwich as qualified for a Commission, Mr. Calvert embarked on board the Sir W. Bensley as a Cadet for the Artillery or Engineer Corps on your establishment; but as he will not have attained the age prescribed by our regulations for Cadets who have received private education to rank in either of those Corps (which is 17 years) until the 19th March 1806, we shall advise his rank by a future opportunity.

Age at which Cadets for the Artillery and Engineers privately educated, are allowed to rank.

Let. C. D. 10th Apr. 1805

PARA. 6th.—Resolved, that the rank of Cadets receiving education at the Royal Military College for the Company's Service do commence from the time they would be entitled to rank, supposing they were appointed and immediately sent to India without going to the College; and as Cadets may be so appointed at 15, allowing six months for their arrival in India, this will fix the rank of those sent to the College at 15½ years of age.

Period of commencement of rank of Cadets educated at the Royal Military College.

That it be advisable to establish the same rule of precedence among the Cadets at Marlow as obtains in regard to those at Woolwich, i. e. that after the date of their rank takes place, viz. at 15½ years, those who are first reported qualified for commissions shall take precedence of rank, and if it should happen that one or more Cadets, of each of the above descriptions, are on the same day reported qualified, the precedence of rank should be given to the Cadet or Cadets who have been longest at the College, provided that in no case this regulation shall give rank to a Cadet for a period anterior to the date of his actual appointment, or that it shall affect the rank of Cadets who shall be reported qualified within the period hereafter mentioned.

Precedence in rank to those first reported qualified to proceed to India.

That in the event of any of the Cadets for the Company's Service appointed to the College not being reported duly qualified after continuing there two years and a half, such Cadets shall lose one year's rank, that is, that their rank in the Company's Army shall not take place till they are 16½ years of age.

Those not qualified after two years and a half to lose one year's rank.

PARA. 7th.—You will be advised, from time to time, of the age of such Cadets of the above description as may be appointed to your Presidency, that you may rank them accordingly.

Let. C. D. 6th Apr. 1809

PARA. 42d.—The regulations for the rank of Cadets educated at Marlow, communicated in our letter of the 10th April, 1805, were intended to place them on the same footing as Cadets who, not having received their education at that Institution, proceeded at once to India, which they may do, under the act of Parliament, if they have previously attained the age of fifteen.

Cadets educated at the Royal Military College entitled to Regt. and Army Rank, from the date of their rank commencing.

PARA. 43d.—It is obvious, therefore, that the Cadets from Marlow are entitled to Regimental as well as Army Rank from the time stated in the regulation above mentioned, and although some inconvenience may thereby be experienced by the Cadets who proceed immediately to India, without first receiving their education at Marlow, it would entirely defeat the object in view by placing young gentlemen at the Royal Military College, where they must reasonably be expected to acquire superior qualifications for Military Service, if their rank in our Armies in India were not duly preserved to them.

Let. C. D. 4th May 1810

PARA. 7th.—We lately took into our consideration the state of our Artillery and Engineer Corps at your Presidency, and with a view to ensure in future an adequate supply of properly qualified Officers, we have established an Institution under our immediate controul and superintendence, for the express purpose of educating young men destined for this line of service. We anticipate many advantages from the measure, and we look forward not merely to a more effectual and expeditious mode of filling up the several vacancies, in this branch of our service, as they occur; but we may reasonably expect that such Cadets as we shall hereafter send out, will be well grounded (previous to their leaving this country) in every branch of theoretical and practical knowledge requisite for forming the complete Artillery and Engineer Officer.

Institution for the education of Cadets for the Artillery & Engineers.

8th.—In this Institution, among other studies, we have embraced that of the Persian and Hindustanee languages, whence, we trust, you will no longer find it necessary to detain Officers any length of time at your Cadet establishment in order to their completion in this necessary part of education.

21st.—As it has hitherto been your practice to examine into the abilities and qualifications of the several Cadets, intended for our Artillery and Engineer service, previous to their being posted to either of those corps, we direct that you pursue the same method with respect to the Cadets now proceeding; and we further desire, that you transmit us a report of the result of such examination, together with any observation you may think necessary to make on their respective attainments, or which may appear to you as likely to conduce to the ultimate object of our wishes, the future success of this Institution.

Regulations for the selection and appointment to Corps of Cadets for the Artillery and Engineers.

Inconvenience having arisen to the public service in consequence of the option which is allowed to Cadets educated for the Artillery or Engineers to make choice of the corps in which they may wish to serve not being governed by any fixed rule or restriction with regard to the time for such election being made, the Commander in Chief is pleased to establish the following regulation, and directs that it be strictly adhered to in future.

G. O. C. C.
14th May 1809

All Cadets for the Artillery or Engineers are, on the expiration of two months from their arrival at Fort William, to be called upon by the Officer commanding at the Presidency to make a written report specifying the corps in which they may wish to serve; that is, whenever there may be vacancies in the Engineer Corps, when all who may make their election for that branch are to be duly examined and reported upon by the Chief Engineer and Surveyor General, (or either of those Officers who may be at the Presidency); the vacancies in the Engineers will then be filled up by nominating those who may be found best qualified for that branch of service; the remainder will be posted to the Artillery, and the allotment that may then be made to corps is to be considered final, with this exception, that in the event of any vacancy happening in the Engineers, previous to the publication in General Orders of the relative Regimental rank of Lieutenant Fireworkers of Artillery, and not afterwards, an option be allowed to make choice of the Engineer Corps, on the necessary condition of any person who may then wish to be transferred, being, on examination, found duly qualified for that branch of the service, and of going in as youngest of the corps at the time of being appointed to it.

The reports consequent to this regulation are to be transmitted, as often as the occasion shall arise, to the Adjutant General's Office to be laid before the Commander in Chief.

Arrival of Cadets from Europe at the Taverns in Calcutta, to be notified to the Town Major.

The necessary orders are to be given by the Superintendent of Police to the several Tavern keepers of the Town of Calcutta, to transmit to the Town Major immediate notice, upon the arrival of any Cadet at their Taverns from Europe.

Proc. G. C.
23d Sept. 1804

Cadets to be sent to Barasut

Upon the arrival of the Gentlemen Cadets from Europe, the Town Major is directed to provide them with palankeens and bearers to transport them immediately to Barasut; their baggage is to be deposited in the Barracks, and delivered in charge to the Barrack-Master, who will apply to the Commissary of Stores for carts, bullocks and lascars to transport their baggage to Barasut.

G. O. G. C.
23d Sept. 1804

Within 36 hours after their arrival is reported.

The Town Major will be particularly careful to dispatch to Barasut every Cadet, who may be destined for that Institution, within 36 hours of the time of arrival of such Cadet being reported at his Office.

Proc. V. P.
21st Nov. 1809

Rates to be charged for Palankeen-hire.

The charges for hire of palankeens and bearers for Cadets proceeding to Barasut, provided by the Town Major, are to be checked by the rates in Calcutta.

Proc. G. C.
18th Aug. 1802

Cadets of 21 years of age to be reported from joining the Institution at Barasut.

The Vice President in Council has resolved that no Cadets, having attained the age of 21 years, shall in future be required to join the Institution at Barasut.

Let. M. S. G.
3d Oct. 1809

The Town Major has been directed to call on the Cadets, when they report themselves at his Office, to specify their age, and to report to Government the names of all such Cadets as may report themselves above the age of 21 years, with his opinion, as far as he may be enabled to judge from appearance, of the accuracy of the statement.

All Cadets who may be exempted from joining the Institution at Barasut will be directed to join corps without delay, to prevent the evils attendant on a protracted residence at the Presidency.

Proc. V. P.
5th Nov. 1809

The Vice President in Council determines that all Cadets who may be exempted from joining the Institution at Barasut, and appointed to do duty with corps, shall receive the pay, half batta and gratuity of Ensigns.

Their allowances on being ordered to join or do duty with Corps.

Cadets ordered to join corps without being sent to Barasut are to be allowed to draw half the Boat allowance of Ensigns in addition to the advance which will be made them.

G. O. G. G.
15th Jan. 1811

The Governor General in Council is pleased to authorize all Cadets of Cavalry and Infantry, doing duty with corps, to draw Ensign's Tent allowance from the date of their joining, until they are accommodated with public quarters.

Tent allowance granted.

G. O. G. G.
2d Feb. 1811

Cadets doing duty with corps are, on their promotion, and being ordered to join the corps to which they may be posted, to be furnished with an advance of pay and allowances calculated to defray the expences of their journey to the station to which they are ordered to proceed.

They are to be furnished with advances on being promoted and finally posted.

Paymasters of stations are accordingly authorized to make the requisite advances to Officers in the above circumstances, on application being made to them for that purpose, by the commanding Officers of the corps, with which such Officers have been doing duty, through the commanding Officer of the station.

G. O. G. G.
19th Aug. 1802

The Governor General in Council has been pleased to determine that the Cadets of Infantry and Cavalry of this establishment shall be formed into a company, immediately on their arrival in Bengal, and stationed at Barasut under the command of Captain D. T. Richardson.

The Company of Cadets established and stationed at Barasut.

The Governor General in Council has been pleased to determine that an Adjutant, with the usual allowances, shall form part of the establishment of the Company of Cadets.

Adjutant appointed.

His Excellency the Commander in Chief will be pleased to fix on an uniform dress for the Company of Cadets, and to appoint such non-commissioned Officers to assist Captain Richardson in carrying on the duties of the company, and to issue such further orders for carrying the plan into effect, as his Excellency may deem to be necessary. His Excellency will also be pleased to furnish Captain Richardson with such instructions for his guidance in respect to the superintendence, the discipline, and the interior regulation of the Cadet Company, as his Excellency may judge to be necessary and proper.

The Cadets belonging to the Cadet Company will be permitted to draw the allowances of Ensigns of Infantry from the dates of their respective arrivals at Fort William.

Allowances for the Cadets.

The pay and allowances of the Cadets are to be drawn and disbursed on their account in such a manner, and under such regulations, as the Commander in Chief may think proper to prescribe.

Proc. G. G.
15th May 1803

In pursuance of the Orders of the Governor General in Council of 19th August, 1802, authorizing the pay and allowances of Ensigns to the Cadets from the date of their arrival at Fort William, the Cadets at Barasut, being provided with quarters at the public expence, are entitled to the pay, half batta and gratuity of Ensigns.

Who, being provided with Quarters, receive half batta

The commanding Officer of the Company of Cadets is to be furnished with quarters at the public expence, and is permitted to draw, according to the regulations of the Service respecting Officers in the command of Regiments and Battalions, the batta of the rank next superior to his Regimental Rank.

Officer commanding, furnished with quarters and allowed superior batta.

The Governor General in Council authorizes Staff allowance to the Adjutant of the Cadet Company equal to the Staff Allowance of an Adjutant of an European Regiment.

Staff allowance for the Adjutant.

G. O. G. G.
16th Oct. 1802

The Commander in Chief is pleased to establish the following rules and regulations for the management of the Company of Gentlemen Cadets.

Regulations for the Cadet Company.

The Company, when of sufficient strength and forwardness in discipline, is to be formed into two sub-divisions under the immediate command of its commandant. Each sub-division shall be divided into two or more sections, according to its strength, under charge of such Captains, Lieutenants, Ensigns, Serjeants and Corporals, as may be appointed for

How to be officered.

that duty. The requisite number of Captains, Lieutenants, Ensigns, Sergeants and Corporals, from the Cadets best qualified to fill up those stations, shall be appointed and published in the public orders of the Company; those appointments shall not be held by one and the same Cadet for a longer period than 15 days.

Attendance at Drills and Parades. The Cadet Company shall attend drill or parade twice a day, viz. morning and evening, at each of which each individual belonging to it shall be present, unless prevented by sickness, duty or special leave.

Previous to every drill or parade, each section or sub-division shall be inspected by its respective commissioned and non-commissioned Officers, and marched to the company parade.

Orders of the day when to be read. General Orders and the Orders of the Cadet Company shall be read daily to each sub-division by its commanding Officer prior to its being marched to the company parade for afternoon drill or parade.

Articles of War when to be read. The Articles of War shall be read by the Officer commanding the sub-division to each Cadet on joining it, and to the Company of Cadets at evening parade on the first Sunday every month.

Instructions & Drills. The instructions and drills will comprehend every part of the rules and regulations for the formations, movements, and field-exercise established for His Majesty's forces, and in addition the form of mounting and relieving Guards and Picquets, going the rounds in camp or garrison, as also the mode of performing all other Military duties of parade or camp.

Guards and sentinels to be furnished. A suitable proportion of the Cadet Company, when of sufficient strength, shall always compose a detail for a Main and Quarter Guard, and from Retreat beating till 8 of the following morning shall furnish a certain number of sentinels, viz. at the commanding Officer's quarters, over the Arms, and at any other places which may be deemed requisite.

Hours to be observed for meals, &c. The Cadets shall rise at day-break, breakfast at seven, eight, or nine o'clock, according to the season; dine at sun-set and retire to rest at nine; all lights shall be put out at nine o'clock; and the Officer of the day shall be held responsible for an exact and punctual observance of this order. No Cadet, between nine o'clock at night and day-break of the following morning, shall leave his quarters.

Regulations for the mess. A general mess shall be established for the breakfast and dinner of the Cadet Company, and the commandant of the Company shall be considered as President of the mess. Every individual of the Company shall belong to the mess, and no one shall be absent from it on any other account than sickness; each person shall appear in the prescribed uniform on all occasions at the mess, where the utmost decorum in every respect shall be observed; the dinner shall not be of longer continuance than an hour or an hour and half, and no Cadet shall be allowed more than a pint of wine and a pint of beer per day.

The Cadets shall not be permitted to purchase any spirituous liquors, wine, or beer, without the express sanction of the commanding Officer, nor shall any issue of those articles from the mess between meals be allowed, but under the permission of the commandant.

Hours to be employed in the study of the Native Languages. Every Cadet shall study the Native Languages, and for that purpose as well as for being instructed in the manner of making out Reports, Returns, &c. and of acquiring a knowledge of the service by copying the General Orders in force, the Cadets shall not be permitted to move out of their quarters between the hours of 11 in the forenoon and two in the afternoon.

Divine Service when to be performed. Divine Service shall be performed every Sunday forenoon by the commandant of the Company, or other person under his nomination, at which the Cadet Company shall attend.

Uniform to be worn out of Quarters. Except on occasions of taking some manly exercise, such as playing at cricket, fives, or other games, no Cadet shall appear out of his quarters otherwise dressed than in his uniform and side arms. The habit of lounging from quarter to quarter in a white waist-coat is expressly forbid.

Leave of absence. No leave of absence, even for a day, shall be granted to any individual belonging to the Cadet Company but by application to Head-quarters; but in consequence of the Commander in Chief being at present absent from the Presidency, the commandant of the Company is permitted to grant such leave of absence to the Cadets, as may appear to him to be absolutely necessary, reporting, however, whatever leave he may grant, and to whom, to Head-quarters.

Irregularities how punished.
 Inattention to orders, neglect of duty, carelessness of dress, and other irregularities, will be punished by public or private reproof, extra drills and duties, in the first instance; by a privation of liberty to go out, seclusion from society by temporary confinement, in the second; and by arrest and close confinement, in the last.

Uniform.
 The uniform of the Cadet Company is to be a plain short scarlet jacket, with scarlet cuffs and collar, small white metal buttons, embroidered straps for the shoulders, white pantaloons, half boots, black leather stocks, black round hat and black feather. The Cadets are permitted to wear, during the hot season, an undress white linen jacket of the same form as the scarlet uniform and with white metal buttons. Captain Richardson will be pleased to make up a muster jacket of each kind and forward them to Head-quarters for the Commander in Chief's approval.

Arms, Accoutrements, &c.
 Captain Richardson will be pleased to indent for the requisite number of Artillery fusils, buff accoutrements, pouches, pikes, swords, ammunition and flints, which are at present, and may from time to time, be wanted for the Cadets under his command.

Pay and allowances how to be drawn.
 The pay and allowances of Ensign, which the Governor General in Council has permitted the Cadets to receive, to be drawn for by Captain Richardson in one abstract from the Paymaster to the Garrison of Fort William, and he is to disburse it agreeably to the instructions he has received from Head-quarters.

Advance to each Cadet on joining the Company.
 The Paymaster is directed to make to Captain Richardson an advance on account of three month's pay and allowances for each Cadet now under his charge; and also for every Cadet who may hereafter arrive and join the Cadet Company.

Staff Sergeants appointed.
 Two Serjeants are allowed the Cadet Company, one of whom is to receive the pay, batta and staff pay of a Serjeant Major, and the other that of a Quarter-master Serjeant of a Battalion of Native Infantry, and their pay is to be drawn for by the Adjutant in the same abstract with his own. Captain Richardson will be pleased to forward to Head-quarters the names of two Serjeants properly qualified for the Cadet Company.

Guard of Native Infantry to be furnished.
 A Subadar, 2 Havildars, 2 Naicks, 1 Drummer, 1 Fifer and 40 Sepoys are to be sent to Captain Richardson at Barasut from Barrackpore, and are to be employed by him in exercising with the Company in such manner as he shall direct. This Guard is to be relieved monthly.

Proc. G. G. 2d
 Sept. 1802.

The Governor General in Council authorizes the commanding Officer of the Cadet Company to draw for such sums as may be necessary to liquidate any demands that may be against the Gentlemen Cadets; the sums so advanced are to be made good by stoppages from their pay in such proportions as may be deemed reasonable. His Excellency in Council has authorized the commanding Officer to procure a copy of Gilchrist's Work for each of the Cadets, and to provide two good Moonshies.

Commanding Officer to draw for sums to liquidate demands against Cadets.

And to provide books, &c. moonshies.

Proc. G. G.
 19th Aug. 1803

Ordered, that the salaries of the two Moonshies, authorized for the Cadet Company by the orders of Government of the 2d September last, be admitted, the one at 50, the other at 40 St. Rs. per mensem.

Salaries of the head Moonshies fixed.

Proc. G. G.
 23d Jun. 1803

The Officer commanding the Cadet Company is authorized to hire one Moonshie for every two Cadets at 20 St. Rs. per month.

Moonshie allowed to every two Cadets.

Proc. G. G.
 28th Apr. 1803

The pay of the Establishment of Moonshies attached to the Cadet Company is to be drawn in a separate bill, and not in the abstracts of the company. The Officer commanding the Cadet Company is to indent on the Committee of Stationery for the stationery necessary for the use of the cadets. The Committee will comply with the indents so far as they may think proper.

Pay of the Moonshies how drawn, and stationery how provided.

G. O. G. G.
 22th Jun. 1806

The Governor General in Council was pleased to determine on the 3d April last, that the Institution of the Cadet Company shall be re-established at Barasut conformably to the plan, and under the Rules and Regulations, which existed previous to the temporary suspension of the Institution in November, 1802.

Cadet Company re-established at Barasut

The Governor General in Council has been pleased to make the following appointments.

Commanding Officer to superintend the studies of the Cadets.

Major W. Raban, of the 12th Regiment Native Infantry, to be Commandant of the Cadet Company, and to superintend the studies of the Cadets in the languages of the Country.

Adjutant and Assistant. Lieutenant A. Oliver, of the 4th Regiment of Native Infantry, to be Adjutant to the Cadet Company and Assistant to the Commandant of that Company in superintending the studies of the Cadets.

Surgeon. Mr. O. Hunter, Assistant Surgeon, to be Surgeon to the Cadet Company.

Assistant teacher of languages. The Governor General in Council is pleased to appoint Captain Lieutenant H. Huthwaite, Proc. C. G. 1st Jan. 1807, to be Assistant Teacher of the Persian and Hindustani Languages to the Cadet Company at Barasut, with a salary of Rupees 350 per mensem, in addition to the pay, full batta, gratuity and tentage of his rank.

His relative rank at the institution. Captain Lieutenant Huthwaite being the Officer next in rank to Major Rahan with G. O. C. C. 1st Feb. 1807 the Cadet Company, he is to be considered as second in command of that Institution, and to be obeyed as such accordingly.

Temporary Adjutant and Assistant. The Governor General in Council has been pleased to appoint Lieutenant R. Martin, G. O. G. G. 4th Sept. 1806 of the 7th Regiment Native Infantry, to be temporary Adjutant and Assistant to the Officer commanding the Cadet Company, as long as the establishment of that Corps shall exceed 50.

Salaries, &c. to the Commanding Officer, and Adjutant approved by the Court of Directors. PARA. 117th.—We acquiesce in your resolution to grant to the commandant of the Cadet Company the batta of the next superior rank, and the salary of Sonat Rupees 800 per month for the superintendence of the Cadets in the study of the Native Languages; also in the salary of 200 Rupees per month to the Adjutant and Assistant in addition to his Military allowances. Let. C. D. 7th Sept. 1808

Officers attached to the institution receive the allowances of their Corps. The Governor General in Council orders that the commanding Officer and Staff attached to the Institution at Barasut be permitted to draw the full allowances of their respective corps. Proc. G. G. 4th Sept. 1806

Salary to the additional Adjutant and Assistant. The Governor General in Council resolves that the additional Adjutant and Assistant, having the same duties to perform, be permitted to draw the allowance fixed for the Adjutant and Assistant of the Company.

Horse allowance inadmissible to the Adjutants. The Governor General in Council, adverting to the tenor of the orders of Government dated the 19th February, 1807, by which the Horse allowance drawn by Adjutants to corps of European Artillery and Infantry was established, does not consider that the Adjutants to the Cadet Company, either from the spirit or intention of the orders, or from the nature of the particular duty assigned to those Officers, are entitled to benefit by that allowance. Proc. G. G. 11th Apr. 1808

Quarter-master's Establishment. The following Establishment of people is fixed for the Cadet Company, to be drawn for by the Adjutant of that Corps. G. O. G. G. 4th Sept. 1806

1 Mistry Carpenter—1 Mate Carpenter—1 Mistry Smith—1 Fireman—1 Hammerman—1 Chuckler—4 Lascars—10 Cooks. Puckallies in the proportion of 1 to every ten Gentlemen—Sweeper in the proportion of 1 to every four Gentlemen—The necessary expenditure for iron, steel, charcoal, &c. is to be drawn for by the Adjutant in a contingent bill, properly attested by him, and countersigned by the commanding Officer.

Monthly advance on that account. The necessary measures will be taken for making a monthly advance to Lieutenant Oliver, Adjutant to the Cadet Company, of Sonat Rupees 25, on account of the repairs of the Arms, &c. of the Company. Proc. G. G. 18th July 1807

Additional Lascars. The Governor General in Council is pleased to authorize an addition of six Lascars to the establishment fixed by General Orders of the 4th September last, for the Adjutant and Quarter-master to the Cadet Company. G. O. G. G. 6th Nov. 1806

Drill Sergeants &c. The Governor General in Council is pleased to authorize the following addition to the staff of the Cadet Company. G. O. G. G. 5th Feb. 1807

2 European non-commissioned Officers for the duties of the Drill, with the usual allowance of Drill Sergeant :—1 Sizar for the purpose of receiving and disbursing the pay of the Company.

The Governor General in Council is also pleased to direct that a gurry, with its usual establishment, be allowed for the Cadet Company; and that a cart be added to the Adjutant's Establishment for that Company.

A Gurry.
One Cart.

- Proc. G. G.
9th Nov. 1807 The Governor General in Council is pleased to authorize 30 Rupees per mensem to the Adjutant of the Cadet Company, for the purpose of furnishing and maintaining a cart and bullocks, for keeping the ground clean round the Barracks at Barasut. Additional Cart.
- Proc. G. G.
18th Mar. 1807 In consequence of the increase of the Cadet Company, Major Raban is authorized to entertain an additional Head Moonshree so long as it may be necessary. Additional head Moonshree

- Proc. G. G.
19th Oct. 1807 The Governor General in Council, adverting to the liberal allowances made for the provision of medicines for the Cadets, has resolved that the medicine allowance to natives be discontinued, and that they be provided for without any extra expence to the public. Medicine allowance not granted to Natives.
- Proc. G. G.
13th Nov. 1806 Ordered, that the Military Auditor General be authorized to pass the Bills for the rent of the premises at Barasut, at the rate specified, viz. Sicca Rupees 400, per mensem, for the Cadets' Houses, and 250 for the Houses of the Officers. Rent of Buildings for Officers, &c. at Barasut.
- Proc. G. G.
8th Jan. 1807 The Governor General in Council authorizes the Military Board to conclude an agreement with Mr. Birch, for a lease of the buildings to be constructed at Barasut, for the accommodation of 132 Cadets, for 7 years, at a monthly rent of Sicca Rupees 1,188, being at the rate of 9 Rupees per mensem, for each Cadet. Lease of Buildings for Cadets
- Let. M. S. G.
27th May 1808 The Military Board will state to the Agent of the Executrix of Mr. Birch's Estate, the expectation of Government, that the repairs which may be occasionally required to be given to the doors and windows will be provided for by the employment of a blacksmith and a carpenter, to be permanently entertained by him for that purpose. Doors & windows of Barracks how repaired.
- Proc. G. G.

Reports of Cadets qualified to join how made.

The Officer commanding the Cadet Company is directed to report to the Commander in Chief, the names of such of the Cadets as from their progress in Military duties, and in the country languages, he may deem to be qualified to join their corps, and his report is to be accompanied by a certificate of the progress made by these Gentlemen in a knowledge of the languages of the country, signed by one or more of the Professors of the College.

Directions for the examination of Cadets, and transmission of the consequent reports.

Considerable delay now attending the mode of getting examinations ordered for the Gentlemen of the Cadet Company, and finally reported through the several Offices, it is directed, for the future, that whenever the Commandant of the Company may judge it expedient to cause an examination to be made of such Gentlemen as he may deem, in all respects, qualified to join the Army, he is, in the first instance, to make application to the Secretary to the College of Fort William for a professor to be deputed to Barasut, at an appointed time, for the examination of such Gentlemen as may be reported by the commanding Officer, with respect to their proficiency in the Hindostany Language; a report thereon to be delivered on the spot to the commanding Officer, by whom it is to be transmitted to the Commander in Chief, accompanied by his own report respecting the professional attainments of those Gentlemen who may be deemed by the Examiner from the College qualified, by their knowledge of the Native Languages, to join the Army.

Allowances to Cadets of Cavalry & Infantry, who may pass examination previous to being promoted.

Cadets for the Cavalry, not yet promoted, are to be ordered, when they shall have passed examination, to join and do duty with Cavalry corps upon the same allowances, (viz. the pay, half batta and gratuity of Ensigns,) as granted to Cadets of Infantry lately ordered to join corps from being 21 years of age. (*Vide p. 107.*)

Proc. V.P. 24th
Nov. 1809

With regard to Cadets of Infantry who may not be promoted on their passing examination, his Excellency the Vice President in Council is pleased to determine, that they shall join corps on the same allowances as granted to Cadets who have joined the Honorable Company's European Regiment at Dinapoor.

Cadets for Cavalry and Infantry, in the above mentioned predicament, are to be allowed the half boat allowance of Ensigns, as granted to the Cadets of 21 years of age, on being ordered to join their corps.

G. O. C. C. The following scale of advances has been authorized by Government to gentlemen
7th Feb. 1807 who may be discharged from the Cadet Company and ordered to join corps:

Scale of advances allowed to Cadets discharged, & ordered to join corps.

Two months' pay and allowances to those appointed to corps at and below Dinapoor.

Three months' pay and allowances to those appointed to corps at Chunar, Mirzapoor and Allahabad.

Four months' pay and allowances to those appointed to corps above Allahabad and in the Vizier's Dominions.

G. O. P. C. Instances having occurred of gentlemen who have been discharged the Cadet Institution, and ordered to join their corps, having remained at the Presidency for considerable periods of time, instead of proceeding without delay to join their corps, the Provincial Commander in Chief is pleased to issue the following directions on the subject.
31st May 1807

As often as gentlemen shall be discharged from the Cadet Company, the Officer commanding it will be pleased to cause communication to be made to the Officers commanding corps, respectively, of the date at which the gentlemen ordered to join shall have settled all accounts, received their advances and gratuities, and be finally ordered to depart from Barasut.

Reports by the Officer Commanding the institution of the date of their departure from thence.

Officers commanding corps, calculating from the dates thus communicated, are directed to return all Officers absent without leave, who shall not join in the time allowed, agreeably to the periods prescribed by the Boat Regulations, for travelling by land or by water, unless very satisfactory testimony of their inability to do so, from sickness or other unavoidable cause, shall be furnished; which testimonies are to be forwarded to Head-quarters with the monthly returns of corps. Officers, who may subject themselves to the operation of this order, will forfeit all their allowances for the intermediate periods of unauthorized absence, and be subject to such further notice as the circumstances of the case may require.

Those not joining Corps within the prescribed period how to be returned.

G. O. P. C. The Commander in Chief directs that a Report be made to Head-quarters by commanding Officers of corps, respectively, stating the degree of proficiency in the native languages, and professional acquirements of the several officers who may, from time to time, join corps from the Cadet Company.

Let. C. D.
10th Mar. 1760

Rank of Officers transferred from the Bencoolen to the Bengal establishment.

Resolved, that the incorporation of Officers of the Bencoolen Residency with those of the Bengal Establishment do take place by their introduction upon the Bengal Army List, as youngest of their respective ranks, but with a bar to their future rise, until the Officers of an inferior rank, now on the Bengal Establishment, but who have been longer in the Service, shall have been promoted; and that the dates of the original appointments of the Bencoolen Officers be recorded in the Adjutant General's Office, and inserted in the Army List opposite their respective names, as soon as the same shall be ascertained.

M. C. 14th
April 1780

Ordered, that the commissions held by the Bencoolen Officers be severally recalled, and others granted to them, without date of Army Rank, until the Officers entitled to promotion above them shall have risen to the same rank, when their commissions will be dated, and afterwards they will have progressive rank.

Appointments to Corps and Promotions.

We have resolved to establish the following regulations:

Let. C. D.
8th Jan. 1796

APPOINTMENTS AND PROMOTIONS.

Artillery.

The promotion of Officers in the Artillery corps is to proceed by seniority in the whole corps, according to the practice in the King's service.

Infantry.

The Honorable Court having directed that promotion in the Army shall proceed upon the principles laid down in their dispatch of the 8th January 1796, with the following qualifications, that in the Infantry, the Officers be promoted by seniority in their respective Regiments to the rank of Major, and afterwards to the higher ranks by Seniority in the whole corps; and that in the Cavalry, promotion do likewise proceed by seniority in the respective Regiments to the rank of Major, and afterwards to the higher ranks by seniority in the whole corps; Resolved that this arrangement be carried into effect in the following manner:

M. C. 26th
Nov. 1798

Regimental arrangement of Officers in the Corps of Cavalry and Infantry.

In the Cavalry—With the 1st Major be ranged the 1st Captain, 1st Captain Lieutenant, the 1st Lieutenant and the 1st Cornet—the 5th Captain, 5th Lieutenant, and the 5th Cornet, and 9th Lieutenant and 9th Cornet: and with the 2d Major be ranged the 2d Captain, the 2d Captain Lieutenant, 2d Lieutenant and 2d Cornet—the 6th Captain, 6th Lieutenant and 6th Cornet, and the 10th Lieutenant and the 10th Cornet, and so on.

And that in the Infantry, the arrangement be made in the same systematic order, viz. the 19 Senior Majors be placed in the different Regiments, and to the first Major be added the 20th Major, 1st Captain, 1st Captain Lieutenant, 1st Lieutenant and 1st Ensign, also the 20th Captain, 20th Lieutenant and 20th Ensign; with the 2d Major to be ranged the 21st Major, 2d Captain, 2d Captain Lieutenant, and 2d Ensign, and also the 21st Captain, 21st Lieutenant and 21st Ensign, and so on.

That the Senior Major of Cavalry, and Officers Regimentally arranged with him, be posted to the senior Regiment, and the 2d Major, and Officers Regimentally connected with him, to the 2d Regiment, and so on.

That in the Infantry, the Senior Major, with the Officers in Regimental connection with him, be posted to the 1st European Regiment, as the senior corps of Infantry. The 2d Major, with the Officers Regimentally arranged with him, to the 2d European Regiment, as the next senior corps. The 3d Major, &c. to the 1st Native Regiment, and so on in arithmetical progression.

Circumstances under which Officers next in succession to the command of Regiments, Battalions, &c. are superseded.

Should the senior Lieutenant Colonel, or any number of the senior Lieutenant Colonels appear to the Government at your Presidency, either upon representation of the Commander in Chief, or by any other means, to be unfit for the command of Regiments, they are to be passed over and junior Officers promoted. But the reasons for such supersession are to be entered on the Records for the information of the Court of Directors.

Let. C. D.
8th Jan. 1796

The same principle to be applied to the promotion of Officers of Artillery to the command of Battalions and of the corps, to the Chief Engineers, to the Colonels commandant and Officers to command Regiments of Cavalry, and to the rank of Major Generals from that of Colonels.

Should any Captains or Subalterns obtain leave, hereafter, to exchange from one Regiment to another, they are to come into the Regiment to which they are removed, as the youngest of their respective ranks, according to the practice of the King's service.

Captains or Subalterns exchanging corps to come in youngest of their rank.

M. C. 19th
19th May 1850

The Governor General in Council has determined that two Regiments of Native Cavalry, and two of Native Infantry, according to the present establishment of these corps, shall be added to the Army of this Presidency, and that the promotion and selection of commissioned European Officers, required in consequence of the augmentation, be made on the following principles, conformably to the plan prepared by his Excellency the Commander in Chief:

Rules observed in selecting and promoting Officers upon an augmentation of the Army.

INFANTRY.

Promotion to the ranks of Colonel and Lieutenant Colonel, by seniority in line.

Vacancies in the ranks of Major, Captain and Captain Lieutenant, occasioned by promotion or transfer, to be filled up by promotion by seniority in the Regiments wherein the vacancies occur.

The two senior Majors of the 2d class of Majors to be transferred to the new Regiments as first Majors, and the two senior Captains in the Regiments from which the Majors have been taken, to be promoted in their room.

The two senior Captains in the Army, after the foregoing promotions have been made, to be promoted to the rank of Major and posted to the new Regiments.

The two senior Subalterns of the Army to be promoted to the rank of Captain Lieutenant, and appointed to the new Regiments.

The selection of captains and subalterns for the new Regiments to be made according to the Army Rank, and not to be regulated by the Rank which Officers may have gained in Regimental succession; by this means, the two senior Captains in the Army, of the 2d class of Captains, will become 1st Captains in the new Regiments, and so throughout, until the whole of the Captains and Subalterns are furnished for the new Regiments.

The same mode to be followed in the promotion and selection of Officers of Cavalry.

M. C. 11th
Aug. 1783.

Frequent representations having been made by Officers of the several corps of the Army, concerning the Rank which those of the one casually obtain over those of the other, the Board now think it proper to publish, for the information of the whole Army, the sentiments which they have uniformly declared upon memorials of this sort, that the Officers of Artillery, Infantry, and Engineers shall rise in their own corps, independent of each other, and without any reference to their first entrance into the Service; which rule cannot be injurious to Officers in either of these lines, since their promotion entirely depends upon chance and is regulated by the accidental vacancies which happen in their respective corps.

No reference to the original standing of Officers will be admitted, in the event of casual supersessions of one branch of the service over another.

G. O. C. C.
15th Feb. 1822

With a view to obviate the delay and inconvenience which has been found to attend the transmission of King's commissions to the Officers in the Hon'ble Company's Army in conformity to His Majesty's gracious warrant, bearing date the 28th March, 1788, granting them a participation of rank in His Army serving in India; His Majesty has been most graciously pleased to delegate to the Commander in Chief of the Forces in India, the same authority to issue commissions of equal effect to those bearing His Majesty's own signature, as was formerly vested in the late Marquis Cornwallis, when Commander in Chief in this country, and His Majesty has been at the same time pleased to command his Excellency Lieutenant General Hewett to intimate to the Army under his command, in terms the most explicit, His Majesty's pleasure that all Officers in the Service of the Honorable East India Company, bearing His Majesty's commission, or commissions signed by His special authority, delegated to the Commander in Chief in India, are, in virtue thereof, to have the same local rank as if they were in the immediate service of His Majesty, and that no distinction of rank whatever is to be made, in that respect, between the King's and Company's Officers of corresponding ranks, except what must necessarily arise from the dates of their respective commissions.

King's commissions conferring local rank on the Company's Officers, granted under the signature of the Commander in Chief in India.

Agreeably to the power thus vested in the Commander in Chief by His Majesty's Warrant dated at St. James's on the 9th June, 1810, hereunto annexed, his Excellency's Military Secretary has been directed to forward commissions to all the Officers on this Establishment to whom King's commissions may not have been already granted; and the Military Secretary will be governed by the General Orders, under date 20th December,

1788, (now republished for the information of the Army) in regard to the amount of the fees and the mode of collecting the same, as well as the channel through which the commissions are to be forwarded to the Officers to whom they may be granted.

for Commis-
sions of King's

when to be
paid,

The brevet commissions of King's local rank in India, which His Majesty has been graciously pleased to grant to the Officers in the Service of the Honorable Company, will be issued, and the Commander in Chief has thought proper to limit and fix the fees of those commissions at each Presidency, and of all others that may be granted in consequence of future promotion in the Company's Service, at half the amount of the fees which are established at their respective Presidencies for Company's commissions, which are granted to the Officers of their own establishment.

G. O. 20th Dec.
1788

The Military Secretary has been directed to transmit the commissions for the Officers of this Establishment, to the Paymasters of Artillery and Garrisons, and the different Paymasters, by whom they are to be distributed; and the fees, in conformity to the Minutes of Council, 5th November, 1781, are to be deducted from the first payment, that may be made to the several Officers at their respective stations.

GEORGE R.

Whereas we were pleased by our Warrant bearing date the 28th March, 1788, to direct that the Officers in the Service of the United Company of Merchants, Trading to the East Indies, should be admitted to a participation of rank in our Army serving in India, We do hereby give you full power and authority to grant brevet commissions in our Service to all the said Company's Officers, now serving abroad, conferring upon them the same rank in our Army, in the East Indies only, as they now enjoy in the Company's Service; the commissions to bear the respective dates of their present commissions in the Service of the said Company: and we do further give you full power and authority to continue from time to time to grant like commissions, giving similar rank in our Army, in the East Indies only, to all such Officers as shall be hereafter appointed or promoted in the Company's Service.

And all such Officers to whom you shall grant commissions, in the manner herein directed, are to be acknowledged, and command in their respective stations, as if they had received commissions from us.

Given at our Court at Saint James's, this Ninth Day of June, 1810, in the Fiftieth Year of our Reign.

By His Majesty's Command,
(Signed) LIVERPOOL.

Considerable alterations having taken place in the dates of rank since the rolls of Officers who have not been furnished with His Majesty's commissions, were required to be transmitted to the Adjutant General's Office; and those rolls having been prepared in various different forms, it is now directed that rolls of all the European commissioned Officers of

the Honorable Company's Service on this Establishment, be prepared by Regiments of Cavalry, Regiments of European Artillery and Infantry, by the Engineer and Invalid Corps, and by Regiments of Native Infantry (specifying Battalions) agreeably to the following form; to be corrected up to the 30th of the present month and dispatched to the Assistant General's Office on the 30th May next.

The names of all Officers belonging to corps, respectively, are to be included in the Returns of their corps, whether present, absent, or doing duty with other corps, and in cases that, from the absence of Officers, the information required cannot be ascertained, it is to be noted, accordingly, in pencil, the dates of those ranks only, for which His Majesty's commissions have not been received, are to be inserted, and such dates are to be those of Army Rank. All Cornets, Ensigns, &c. recently appointed, whether joined or not, are to be included.

All Medical Staff, not on the strength of corps, will be pleased to send separate Rolls, specifying the dates of commissions which they may require. (*Vide Form No. 1.*)

Ordered, that the following separate paragraph, received from the Honorable the Court of Directors, be published in orders:

Rates of fees
fixed for H. M.
Brevet com-
missions.

"We forward in the present packet several brevet commissions from His Majesty, for the Officers serving under your Presidency, the fees on which have been paid here; and you will stop the amount from the Officers' pay. The fees by the additional stamp duties are now as follows:—Major General £. 12 12s. 6d.—Colonels £. 11 0s. 6d.—Lieut. Colonels £. 10 1s. 6d.—Majors £. 9 17s. 6d.—Captains £. 9 7s. 6d."

Nov. 1797

The Governor General in Council having taken into consideration the fees charged on the commissions issued to European Officers in the Honorable Company's Army in Bengal, and understanding that on the brevet commissions granted to the Company's Officers by His Majesty, and sent out from the War Office, the full rates of fees are charged, agreeably to the respective ranks in His Majesty's service, has been pleased to resolve, that no fees whatever shall be charged on brevet commissions issued by Government to the Company's Officers of this Presidency, excepting that of a Major General, the fee on which is fixed at Sonat Rupees 400.

No fees charged
on Brevet
commissions issued
by Government.

Amount of fees
for a Major
General's commis-
sion.

At the same time the Governor General in Council has resolved, that the following fees, established by the resolution of Government of the 11th October, 1785, be continued in force, and paid by the Military Paymaster General, on all commissions that shall be issued to Officers promoted to supply vacancies in the establishment of the Army:

Colonel, Arcot Rupees 300—Lieutenant Colonel, 200—Major, 100—Captain, 70—Captain Lieutenant, 60—Lieutenant, 30—Lieutenant Fireworker, Cornet and Ensign, 25—Surgeon, 70—Assistant Surgeon, 30.

And for com-
missions of the
different ranks.

M. C. 27th
Sept. 1781.

The amount of the fees for each Officer's commission to be received out of the first pay that shall become due to him in such rank, and no Officer shall be entitled to his pay in any new rank until he shall have accounted with the Paymaster for the amount of such fees.

As the number of Officers now attached to the several Establishments will not confer any additional rank on many subalterns of long standing, the brevet rank of Captain is to be granted, at present, to every Lieutenant who has been fifteen years in the Company's Service; but he is only to receive the pay of Lieutenant until he comes upon the regular establishment, as already detailed.

Rank of Bre-
vet Captain
granted to Lieut-
enants of 15
years' service.

M. C. D.
29th May 1799

PARA. 16th—In consideration of the peculiar circumstances set forth in the several memorials from the Cadets of 1782, we have agreed to comply with their request, and to admit of their being promoted to the rank of Captain by brevet from the 8th January, 1798; we have fixed on the period as being fully within fifteen years' service, few of the Cadets, though called of 1782, having been appointed before 1783.

Additional allowances to Brevet Captains.

The Honorable the Court of Directors have been pleased to notify to Government M. C. 15th Oct. 1799 that they consider the brevet Captains who obtained that rank in 1796, after a period of fifteen years' service, as standing in a very different situation from Officers advanced beyond their Regimental Rank, merely on account of general brevets granted by His Majesty, and have therefore authorized the Governor General in Council to make an addition of one Rupee per day to the pay and allowances of Lieutenants holding the brevet rank of Captains.

Under what circumstances to be drawn,

Brevet Captains are therefore permitted to draw, in all situations, the above addition of one Rupee per day to their usual allowances as Lieutenants, except when they may be in the receipt of Captain's batta, either in consequence of their holding a situation on the Staff entitling them to such batta, or when they may be in the receipt of Captain's batta in consequence of commanding a Battalion or Regiment.

Additional quarters or camp equipage not allowed on account of Brevet promotion.

This additional allowance to be drawn as batta in arrears.

Resolved, that promotions by brevet shall not entitle Officers so promoted to any further accommodation of quarters or camp equipage.

M. C. 5th Aug. 1796

Officers holding Brevet commissions how to do duty and be returned, &c.

Officers holding a superior commission by brevet to their rank on the establishment, are to do duty in their Regiments according to their established or Regimental Rank, and in the line according to their Brevet or Army Rank. G. O. C. C. 10th Jun. 1796

In all Regimental returns and orders they will be filed according to their rank on the establishment.

Explanation of the nature and relative operation of Brevet commissions.

From the references which have been made to the Commander in Chief regarding the relative rank of Officers holding brevet commissions, and of Officers holding regimental or corps commissions, he is led to suppose that the nature of brevet commissions is not yet well understood in this Army; he therefore thinks it necessary to explain that brevet commissions are of equal validity and of equal force in the general line of the service with any other commissions, the priority of date alone constituting the superiority. When two commissions happen to bear the same date, though one be a brevet and the other a regimental or corps commission, the superiority in point of rank in the general line of the service of the Officers holding them, must be determined by a reference to the commissions which they respectively held, immediately preceding those in question; and the seniority of such commissions ascertains the seniority of rank. G. O. C. C. 25th Nov. 1796

Promotions when to be made.

Vacancies in the several corps in the Army, as well Hindostan as European, shall be filled up and commissions dated from the period on which they occur.

M. C. 5th Aug. 1779

Vacancies occasioned by Officers embarking for Europe when to have effect.

The date of the report made by the Gentlemen appointed to dispatch any of the Company's Ships for Europe, is to be considered, as the time from which the vacancy occasioned by the embarkation of Officers, who may take their passage on these ships to Europe, should be calculated. Let. M. S. G. 7th Jan. 1788

Promotion in lieu of Vacancies occurring in Europe how regulated.

The Governor General in Council is pleased to direct, conformably to the orders of the Honorable Court of Directors, contained in the 6th paragraph of their General Letter of the 10th June, 1801, that in future the promotion in the Army to supply vacancies occasioned by deaths, resignations or retirement from the service of Officers in Europe, shall be made as soon as the notification of such casualties shall have been received in Bengal. G. O. G. C. 24th June 1801

All such promotions shall take effect from the dates of such casualties, respectively, provided that such vacancies can be so filled without interfering with, or materially deranging, the rank already fixed for Officers by regular promotion.

In cases wherein such interference and derangement would be occasioned by strict adherence to the general principle now established, the rank of the Officers promoted to supply the vacancies shall be fixed ~~from~~ retrospectively, as may be practicable, without deranging materially the rank already assigned to Officers by regular promotion.

In lieu of Officers retired in kind, to place from date of application.

PARA. 122d.—In justice to the equitable pretensions of our Officers, who are to benefit in their promotion by others retiring, we have resolved, that Officers, who receive permission on their application to us to retire from the Service, shall be considered as having retired from the date of their application being recorded. You will receive a number Let. C. D. 21st Apr. 1809

in the packet a list of retired Officers, with the dates thereof, on the principle above stated, and the promotions in consequence are to be regulated accordingly. Rank being recorded.

Let. C. D.
30th June 1804

It is not necessary to delay promotions in consequence of Officers receiving your permission to retire on half pay, and you will make the promotions incidental to Captain Flemyn's retirement from the date of that event.

In lieu of Officers retiring on half pay to be made immediately.

G. O. G. G.
7th Apr. 1803

The Governor General in Council is pleased to order that in all cases of Officers of the Honorable Company's Service promoted to superior rank, for the purpose of supplying vacancies in the establishment of Corps, the Officers so promoted shall receive the pay and other personal allowances of the advanced rank, viz. batta, additional allowance and gratuity, from the dates of rank which shall be assigned to them, respectively, by the orders of the Governor General in Council; provided the Officers are in India, in situations in which they are entitled to such Military allowances.

Allowances of the advanced rank to Officers promoted when to commence.

Proc. G. G.
18th Aug. 1806

The Governor General in Council approves of the allowances of Major having been passed to Captain Bagshaw, during the period he performed the duties of Major with his Regiment, under the authority of Government, until the orders of the 17th April last, rescinding his promotion, reached the Head-quarters of the 17th Regiment.

Allowances to an Officer erroneously promoted.

The Governor General in Council also considers Major Carpenter to be entitled to the allowances of Major from the 14th November last, the date from which he takes rank as a Major, and authorizes those allowances to be passed to Major Carpenter accordingly.

Let. C. D.
8th Jan. 1796

Officers who come home in any future season on furlough, or with leave, shall be eligible for Regiments in the same manner as if they were in India.

Officers on furlough eligible for promotion.

Let. C. D.
29th May 1799

We have to inform you of our having consented that Officers on furlough, promoted during their absence, shall receive the pay of the advanced Rank from the date of their promotion.

And receive the advanced pay from the date of promotion.

4th Dec. 1806

The Officers to whom retrospective Rank has been assigned, in pursuance of the orders of the Honorable the Court of Directors of the 12th July, 1805, respecting the Officers promoted in consequence of the formation of the retired List, are only to draw the difference of the pay betwixt the Rank formerly held by them and the Rank now assigned them. The Lieutenant Colonels who have obtained retrospective Rank as Colonels from the 1st January, 1803, are also to receive under the Court's orders, each, a sum equal to £. 500 per annum from the Old-reckoning Fund from that date.

Arrears of pay, only, granted to Officers receiving retrospective rank in consequence of new establishment, &c.

G. O. G. G.
26th Nov. 1806

The Honorable Court of Directors having been pleased to order that the establishment of a second Lieutenant Colonel and second Major to each Battalion of Artillery, authorized by general orders of the 15th May last, shall have effect from the 21st of September, 1804, in pursuance of the orders of the Honorable Court, the difference of pay only is to be drawn by the Officers of Artillery to be promoted from the 21st September, in consequence of the present orders.

G. O. G. G.
25th Sept. 1806

The Governor General in Council deems it proper to notify to the army that no Officer above the rank of Captain will be appointed a Deputy Paymaster, and that Officers holding that appointment will be removed therefrom, on their attaining the rank of Major.

Office of Deputy Paymaster incompatible with the rank of Field Officer.

G. O. G. G.
28th July 1807

In consequence of the inconvenience and difficulties occasioned by the operation of the rule established by the General Army Regulations of 1796, by which Lieutenant Colonels of the Company's Service were promoted to the rank of Colonels, and to the command of Regiments and Battalions, without reference to their general rank in the army as Lieutenant Colonels,—the Honorable the Court of Directors have been pleased to revise the regulations in that respect, and to signify their pleasure on the subject in the following extracts of a general letter from the Honorable Court to the Governor General in Council, in the Military Department, dated the 23d December, 1806:

Prohibition of promotion to the rank of Colonel independent of the operation of H.M. Brevet.

PARA. 16th—We direct that the following general regulation be established:

PARA. 17th—That, in future, when a vacancy occurs in the command of a Regiment of Infantry, Battalion of Artillery, Brigade of Cavalry, or the Corps of Engineers, the senior Lieutenant Colonel, succeeding to such command, shall not in consequence

Establishing the rank of Lieutenant Co-

Colonel Commandant be promoted to the rank of Colonel, but shall be called Lieutenant Colonel Commandant of the Regiment, Battalion, &c. until, by the general brevet promotion in His Majesty's army, he becomes entitled to be promoted to the rank of Colonel by the date of his commission as Lieutenant Colonel.

PARA. 18th—The Lieutenant Colonel Commandant is however to enjoy the same emoluments in every respect, on obtaining the Command of the Regiment, &c. as he would be entitled to if he had been promoted to the rank of Colonel under the regulations of 1796.

PARA. 19th—This Regulation will completely remove all cause of complaint in the King's Lieutenant Colonels, regarding the Promotion of Officers of that rank, in our Service, and it appears to us to be the most effectual mode of doing so; at the same time it will have the additional advantage of preventing all supercession among the Lieutenant Colonels in our Service by the accidental promotion that has heretofore occasionally taken place of a junior Lieutenant Colonel in one corps, before that of his senior in another corps.

It is not intended by the present orders of the Honorable Court to alter the Establishment of Regiments, &c. of the Honorable Company's Army, as fixed by the Company's Regulations; a Colonel to command each of which is therefore to be considered as part of the fixed Establishment, to be appointed, accordingly, when holding the Rank of Colonel by the operation of his Majesty's general brevet; but, when not entitled to the Rank of Colonel by the King's general brevet promotion, the Lieutenant Colonel becoming entitled to the command of a Regiment, Battalion, Brigade, &c. is only to be appointed Lieutenant Colonel Commandant, &c. thereby occasioning a temporary modification of the fixed establishment, by the substitution of Lieutenant Colonel Commandant of the Regiment, Battalion, Brigade &c. for a Colonel. All the other requisite promotions are to be made, as usual, by which the establishment of Officers of a Regiment of the Company's Army will occasionally, for a time, consist of a Lieutenant Colonel Commandant—a Lieutenant Colonels—a Majors, &c. instead of a Colonel Commandant and the usual fixed proportion of other Officers.

Lieut. Col. Commandant promoted to the rank of Colonel Regimentally.

The Lieutenant Colonels who, in conformity to the orders of the Honorable the Court of Directors, are also Lieutenant Colonels Commandant, having been promoted to the Rank of Colonel by the operation of His Majesty's brevet promotion of the 25th April 1808, are promoted to the Rank of Colonel regimentally on this Establishment from the 25th April, 1808.

26th Jun. 1809

Officers paying the fees of Lieut. Col. Comt's. commission do not pay for that of Colonel

Colonel Bradshaw, of the 7th Regiment Native Infantry, having already paid the fees for a commission of Lieutenant Colonel Commandant, the Vice President in Council does not consider it to be equitable that that Officer should be called upon to pay any fees upon his commission as full Colonel.

Proc. V. P.
20th Sep. 1809

Prohibition of promotion to the rank of Major General independently of H.M. Brevet.

The Honorable the Court of Directors, in their General Letter of the 12th July, 1805, have stated that it is not their intention that Colonels of the Company's Service shall be promoted to the Rank of Major General, independantly of the operation of His Majesty's general brevet promotions.

G. O. G. G.
15th May 1806

Unemployed Gen. Officers may return to Europe or reside in the country.

It being incompatible with the rank of General Officers to perform regimental duties with their regiments or corps, as Colonel, when mixed with other Troops, General Officers, not on the Staff, are to have the option of returning to Europe, or of residing in the country until their services shall be called for.

M. C. 5th June 1797

The general principle, established by the Regulations, which prohibits General Officers from performing regimental duties, and from conducting the details of their respective corps, is equally applicable to all General Officers in every branch of the Service.

M. C. 13d
May 1770.

It being the object of Government, that the rules of Military Service, respecting
precedence of Rank, shall be hereafter as strictly adhered to as the nature of it will admit,
as well as to obviate all impressions and discouragements, arising from any kind of undue
preference, it is determined, that all fixed and established commands, such as garrisons
and cantonments, shall in future be delegated to the oldest officer, excepting on extraordi-
nary occasions, or pressing necessity, which, from a peculiarity of circumstances, may re-
quire a deviation from the general rule.

In such cases the Government means to reserve to itself the power of appointing such
Officers as it shall think proper.

Let. C. D.
8th Jan. 1796

The pay and allowances to the several Officers, included in this arrangement, are to be
fixed agreeable to the table transmitted herewith. (*Vide Form No. 2.*)

Rates of Pay,
&c. to Officers
on the Bengal
establishment.

M. C. 5th Aug.
1779.

The Court of Directors have thought proper to make the following allowances, over
and above the present established pay, by way of donation or gratuity only, to Captains
and Subalterns of the Army, viz : To a Captain 36 Sonat Rupees per month—to a Lieute-
nant 24—to an Ensign 12.

Allowance of
Gratuity to
Captains and
Subalterns.

The Surgeons of the Army shall draw the gratuity of commissioned Officers according
to their Ranks—a full Surgeon 36 Sonat Rupees per month—An Assistant Surgeon 24
Sonat Rupees per month.

To Surgeons
and Assistant
Surgeons.

M. C. 11th
March 1785

Ordered, that the gratuity, which has hitherto been drawn by the Officers of the Army
in advance, be drawn from next month in arrears with the batta.

How to be
drawn.

M. C. 6th Feb.
1773

The Assistant Surgeons of the Army are permitted to draw an additional allowance
of one Rupee per day.

Additional al-
lowance to As-
sistant Surgeons.

Proc. G. O.
9th April 1801

The Governor General in Council passes the following orders.

Full batta to

That from and after the first day of May, 1801, all European commissioned Officers,
Surgeons and Assistant Surgeons attached to corps, and not holding appointments or
serving in the garrison of Fort William or Allahabad, shall receive the full batta of their
respective ranks.

Officers and Sur-
geons except at
Allahabad and
Fort William.

G. O. G. G.
18th Nov. 1808

The existing regulations sufficiently provide for the cases of Officers moving with
Troops, but when Officers shall be removed from one station to another, and shall not be
ordered to proceed with Troops, they are in some instances entitled under the existing
regulations to additional batta, and in some instances to additional tent allowance, during
their movement from one station to another. In such cases, additional batta or tentage is
to be allowed for the number of marches between the stations, calculated at the rate of
ten miles per day.

Additional
batta when al-
lowed to Offi-
cers moving
from station to
station.

When Officers shall be removed from a station at which they are entitled to full batta
and full tent allowance, to a garrison or station at which they can be entitled only to half
batta and half tent allowance; the full batta and full tent allowance, in such cases, is to be
continued to them for the number of marches between the stations, calculated, as before,
at the rate of ten miles per day, and reckoning from one month after the publication of
the orders at the station whence they may be removed.

Periods for
which allowed.

European commissioned Officers absent from their corps with leave, or arriving at Fort
William from Europe, are permitted, from the date of their arrival, to draw the same al-
lowances to which they would have been entitled if present with their respective corps;
and all Officers absent from their corps on duty are permitted to draw the allowances of
the station at which they may be doing duty, whenever such allowances shall be higher
than those of the place at which their corps may be stationed.

Allowances to
Officers absent
on leave, or on
duty.

G. O. 26th
March 1787

Officers while proceeding upon duty by water shall be entitled to full batta,

When proceed-
ing on duty by
water to receive
full batta.

Officers on the Staff only to draw batta and tent allowance by special regulation.

Officers holding Brevet rank receive the batta of their Regt. Rank.

Tent allowance to Officers of Native Corps.

Rates of monthly allowance to each Rank and how to be drawn.

Office tent to Brigade Majors

And Adjutants and Quarter-Masters.

Tent allowance to be drawn in the Field and Cantonments. Dimensions of the tents of Captains and Subalterns.

Subalterns in superior situations of command not to receive increased tent allowance. Monthly inspection and report of Officers' Camp Equipage, &c.

Quarterly surveys and reports of ditto.

Officers of European Corps, above Allahabad, draw full tent allowance.

And half tent allowance below Allahabad, except when marching or in when full tent allowance is granted.

Officers appointed to native corps, but precluded from serving with them by being on the Staff, or holding other situations, are not to draw batta or tent allowance unless entitled to it by special order, or regulation. M. C. 10th June 1796

No Officer, either in His Majesty's Army serving in India, or in the Company's Service, shall be allowed higher batta than that to which he is entitled by his Regimental Rank, with exception of those Staff Officers who drew superior batta in virtue of their situations on the Staff previous to the introduction of Brevet Rank into the Company's Army. M. C. 15th Oct. 1799

Resolved, that a fixed monthly allowance be hereafter granted to Field, Staff, and European commissioned Officers of the Sepoy Brigades, in consideration of which they are to provide their own camp equipage and carriage, under the Regulations herein specified. M. C. 12th Dec. 1786

That the monthly allowance to each rank, and which is to be drawn in arrear, is to be as follows—a Lieutenant Colonel, per month, Sonat Rupees 150—A Major 120—a Captain 75—a Subaltern and Assistant Surgeon 50—Brigade Majors to draw as Captains—Adjutants of Battalions to draw as Subalterns. An extra allowance of 30 Rupees per month to be granted to a Brigade Major to furnish and carry a small Office Tent.

The Governor General in Council has agreed to grant to the Adjutants and Quarter-masters an allowance of 30 Sonat Rupees per month for the provision and carriage of a small office tent. G. O. 4th Mar. 1789

These allowances are to be drawn in all situations, whether in the Field or cantonments, that Officers may be prepared at all times to move on the shortest notice. M. C. 12th Dec. 1786

In order to preserve uniformity in the encampment of corps, the tents of the Officers in the several Ranks of Captains and Subalterns, shall be agreeable to the following dimensions, and that no Officers of these Ranks shall take any more than one marquee into the Field.

	Length.	Breadth.	Distance between Poles.	Height.
	FEET.	FEET.	FEET.	FEET.
Captains.....	28	15	10	12
Subalterns.....	14	14	—	11

Captains serving on Lieutenant's pay shall only draw the allowance of Subalterns. Any casualty which may place a Subaltern, or Captain serving upon Subaltern's allowances, in the temporary command of a corps, shall not give him a claim to the allowance of a Captain.

That no inconvenience may arise to the Service, from Officers who receive this allowance neglecting to provide themselves with camp equipage and carriage, the commanding Officers of Battalions are to review them monthly at muster, and insert a remark in their monthly returns if any Officer is not properly supplied.

Quarterly surveys and reports must also be made, under the inspection of the commanding Officer of the station, who, as well as the commanding Officers of battalions, will be held responsible for enforcing a strict obedience to these regulations, and seeing that the public service is duly provided for.

The Governor General in Council is pleased to permit the Officers of all European corps (Artillery, Dragoon, and Infantry,) stationed at any place above Allahabad, to draw the full tent allowance of their respective ranks. G. O. G. G. 30th Aug. 1803

Half tent allowance to be granted to the commissioned Officers, Surgeons and Assistant Surgeons of European Dragoons, European Artillery, Infantry and Engineers, when at the principal Stations of Fort William, Barrampoor, Dinapoor, Chunar, (including the cantonment at Sultanpore) and Ghazepour; and these officers to be allowed the full tent allowance of their respective ranks when marching, when in the field on service, and when detached on duty from the principal Stations to which they belong. G. O. G. G. 23d Sep. 1802

No allowance for puccallies, behisties and sweepers to be drawn for any European commissioned Officer, receiving either whole or half tent allowance.

Behisties, Sweepers, &c. not allowed to Officers on tent allowance.

M. C. 4th Aug.
1794

Resolved, that all Officers, not on tent allowance by the standing regulation, shall, when ordered on service, indent for such tents as they may require, and that, should they neglect to make their indents as above directed, any subsequent claim to allowance for tents be not admitted.

Officers not on tent allowance, going on service and omitting to indent, not to make subsequent claims.

M. C. 30th
June 1796

The European Officers of Native Cavalry to receive the same tent allowance as the Officers of Native Infantry in their respective ranks.

Tent allowance to Officers of Native Cavalry

M. C. 7th Dec.
1787

Resolved, that an allowance of 90 Sonat Rupees be granted to a Captain of Cavalry for providing, furnishing and feeding his own horses, and that the allowance to the Subalterns and Assistant Surgeons for the same purpose be continued at 60 Sonat Rupees per month.

Horse allowance to Cavalry Officers.

M. C. 30th
June 1796

The Colonels Commandant and Field Officers of Cavalry to draw 120 Rupees a month horse allowance—Brigade Major of Cavalry to receive horse allowance as Captain.

M. C. 16th
June 1786

Budgerows are not to be provided by the Company for any Officers, but those ordered on duty by water shall be allowed to draw, in lieu of budgerows and boats, whether going or coming, as follows:—Colonel perensem, Sonat Rupees 930—Lieutenant Colonel and First Member Medical Board, Sonat Rupees 630—Major and Superintending Surgeon, Sonat Rupees 360—Captain, Paymaster, Deputy Paymaster and Regimental Surgeons, Sonat Rupees 180—Subalterns, Hospital and Regimental Assistant Surgeons, 100—Cadets, 80.

Rates of boat allow. to the several ranks of Officers ordered on duty by water.

(For the periods for which boat allowance is granted to stations vide Form No. 3.)

Boat allowance to and from places, not specified, where water conveyance can be used, shall be ascertained by the distance, allowing 5 cois a day coming against, and 7 cois coming with, the stream.

Periods for which granted and how drawn to places for which no period is fixed.

Proc. G. G.
29th Jun. 1807

The Governor General in Council does not consider any subsequent promotion to affect boat allowance previously drawn.

Not affected by promotion subsequent to its being drawn.

G. O. G. G.
17th July 1806

Frequent applications for boat allowance having been received from Officers proceeding to join their corps, the Governor General in Council thinks proper to announce to the Army, that as the allowances, to which Officers become entitled by the Regulations of Government dated the 2d November, 1802, amply provide for all travelling expences, admission of boat allowance to Officers in receipt of tent allowance will hereafter be strictly confined to such Officers as shall be necessarily required to proceed on duty by water in charge of troops, stores or treasure.

Only granted to Officers in charge of Troops, stores &c.

G. O. G. G.
30th Nov. 1807

No Officer is to be directed to travel by water, unless in a case of absolute emergency, the particular circumstances of which are to be reported through the regular channel for the information of Government.

Any emergency under which Officers are ordered to proceed by water to be reported to Govt.

To obviate the frequent references that are now made on the subject of boat allowance, the Commander in Chief notifies to the Army, that the Governor General in Council considers commissioned and warrant Officers, who are not entitled to tent allowance in cases of removal, or when ordered on duty from one station to another, to be entitled to the boat allowance of their rank, although not ordered to proceed on duty by water, with or in charge of troops, stores or treasure.

Officers not entitled to tent allowance, when on duty, not removed from stations, receive boat allowance.

Proc. V. P.
15th Aug. 1809

The Vice President in Council approves of the selection made by the Officer commanding at the Presidency, of Lieutenant Eyre, to act as Interpreter to the detachment proceeding to the Upper Stations of the Army, under command of Lieutenant Colonel Wade, of H. M. Dragoons, and authorizes the boat allowance of his rank being passed to Lieutenant Eyre during the period he may be employed on that service.

Boat allowance to an Officer proceeding as interpreter to an European detachment.

giment, to the boat allowance of their respective ranks, when proceeding to the Presidency as evidences at a General Court Martial, is pleased, in consideration of a similar claim having been last year admitted by Government, and of those Officers being in receipt of half tent allowance only, and under the peculiar circumstances of the case, to allow them to draw boat allowance, coming to the Presidency, as well as returning to their station.

To Officers who have proceeded in charge of Troops, &c. when returning to their Station.

Boat allowance is to be passed to all Officers returning to their stations from whence they may have proceeded by water in charge of troops, stores, or treasure.

G. O. C. C.
28th May 1810

Rates to be drawn by Staff and warrant Officers.

Staff or warrant Officers may draw boat allowance according to the monthly pay and batta they receive in virtue of their office, unless their rank in the Army entitles them to superior allowances, in which case they shall be permitted to draw the allowance of their rank.

M. C. 16th
June 1766

Bills for boat allowance how prepared, and authenticated.

The bills for boat allowance shall specify the places of departure and destination, the rank of the Officers who draw them, the corps from and to which these Officers may be removed, with the date of removal; and, if the places of departure and destination happen to be such as are not specified in the table, the distances shall be expressed in the bills, in order that the Officers who countersign them may be enabled to judge, at one view, of their correctness.

The above allowance to be drawn in advance by bills on the Paymaster of the station or corps from which the Officers are to proceed, if from the Presidency, on the Paymaster of Artillery and Garrisons, countersigned by the Adjutant General or Town Major, accompanied by an attested copy of the order of removal and audited before payment; if from any other station to be signed by the Major of Brigade or other Staff Officer, who usually circulates the orders of the commanding Officer, by whom it shall be countersigned, and an attested copy of the order of removal tacked to it.

The signature and attested orders shall be authority for the Paymaster to discharge all such bills, having first corrected the rate, if necessary. Excess will be retrenched, but the Paymaster will be debited, as usual, leaving him recourse as in other cases.

From Officers ordered by water by other authority than that of Gov. Genl or Com. in Chief sent to Head-quarters.

Whenever an Officer is ordered from one station of the Army to another, by water, by any other authority than that of His Excellency the Most Noble the Governor General or the Commander in Chief, the boat bill of the Officer or Officers, so ordered, are directed to be transmitted to Head-quarters for the sanction of the Commander in Chief, without which they are not to be discharged.

Regulations for the payment, and rates of tolls, on boats passing Tolly's nullah.

Officers or other persons passing through Tolly's canal, in charge of boats on the public Military Service, are directed to deliver a certificate of their numbers, size and lading to the persons employed on the collection of the toll, on which vouchers the amount of the toll will be paid by the Quarter-master General. It is, however, to be understood, that the certificate is only to comprehend the boats provided by the Company; as all Officers and other persons proceeding on boat allowance are themselves to defray the charges of the tolls according to the established rates; which will be collected, on the part of Government, under the superintendence of the Collector of the 24 Pergunnahs, at Surmon's bridge, on all boats entering from the river Hoogly, and at Coot Ghaut, Ruffapugla, on boats entering from the Eastward; viz. on budgerows, 4 As. per oar:—empty boats, 4 As. per 100 maunds burthen.

Field Officers.

Field Officers, present with their corps, may retain the command and repair the arms of their companies, or leave the charge and payment to the senior subaltern, as they may think proper.

G. O. C. C. Should it happen through a temporary deficiency of European Officers, that there is not one present for every troop or company, the senior Captain in the Regiment or Battalion is to sign the review rolls and pay abstracts of the troop or company that has no European Officer, and draw the allowance for keeping the arms and accoutrements of such troop or company in repair; and if a second troop or company should happen to be without an European Officer, the second Captain in the corps, present, is to have charge of it.

Allowance of companies with which no Officer is present by whom drawn.

The rule to extend to Captains and Subalterns as far as there may be vacant companies, and it is to be understood that the commanding Officer of the Regiment or Battalion, or Officer in the temporary command, is excluded from such charge.

Commanding Officer of the Corps excluded from such charge.

In case of the occasional absence of the Captain or the Subaltern posted to the command of a troop or company, he is not to forfeit the allowance for the repairs of arms, but is to defray any expence that may be incurred on that account, during his absence.

Officers do not forfeit this allowance on occasional absence

M. C. 4th The absence of an Officer on account of ill health, or on account of public or private business, that does not carry him from the Presidency, is occasional. The absence of an Officer to Europe, or to another settlement, or in consequence of his holding a public situation that debars him from joining his corps, is not occasional.

G. O. C. C. The Commander in Chief understanding that doubts are entertained with respect to the right of Field Officers, under the circumstances of occasional absence, to receive the surplus arising from the established allowance, for repairing the arms, for stationery, &c. of companies of Native Infantry, to which they belong, in like manner, as such surplus is received by other Officers, Captains or Subalterns, holding companies in their own right, his Lordship is pleased to direct, that the rules which are established with regard to those Officers, be also considered entirely applicable to all Field Officers, who choose to retain the command of their companies, as authorized by the regulations of the Service.

Field Officers eligible to receive the surplus of the allowances for repairs of Arms &c.

Let. C. D. PARA. 32d—Among the arguments brought forward in support of the sub-division of the off-reckonings, it has been suggested, that the Officer in actual command of a Regiment, during the absence of the Colonel, is exposed to additional expence; we are by no means prepared to admit the force of this argument. It is not consistent, as we understand, with the practice in His Majesty's or any other Service, that a Commanding Officer should consider himself as called upon to incur extraordinary expence in receiving and entertaining the Officers of his corps; we see no reason why in our Service, as in all others, the Commanding Officer should not live at the Mess with his Brother Officers, without affecting an expence which is inconsistent with the fair emoluments of his situation. Individuals may find it difficult to break through an established practice of this nature, however objectionable and inconvenient in itself; but it is the duty of the Government to discountenance habits of useless expence, incompatible with the well-regulated constitution of any Army; and to relieve, by the weight of their sanction and admonition, the feelings of officers, who might otherwise be reluctant to depart from what may have grown up into a general habit.

Orders of the Court of Directors relative to the establishment of Messes.

G. O. G. G. The Governor General in Council being of opinion that considerable advantage would be derived to the public service, and to the general discipline of the army, independently of the economical advantages which would result to the Officers from the measure, were the Officers of the several corps of the Company's Army to form Messes, according to the practice of the Officers in His Majesty's Regiments, as proposed in the 32d Paragraph of the Court's Letter, is desirous that his Excellency the Commander in Chief will be pleased to adopt such measures, as his Excellency may deem to be proper and necessary, for obtaining so desirable an object.

Orders of Government relative to the formation of Messes

G. O. G. G. The Governor General in Council being desirous of giving the fullest effect to the orders of the Honorable the Court of Directors, respecting the establishment of Messes, among the Officers of the Army in India, by affording every reasonable encouragement to the Officers to establish regular Regimental Messes, is pleased to authorize the allowance of Sonat Rupers 150 per mensem, established by General Orders of the 8th May,

Mess allowance to the Officers of European Cavalry & Infantry.

1806, for each Regiment of European Cavalry or Infantry, in the service of His Majesty, or of the Honorable Company, when actually marching or in the Field, in which Messes had been or might afterwards be established, for the purpose of providing for all expences attending the accommodation of those Messes, to be drawn also by those Regiments when in cantonments, in the manner and under the certificates prescribed by the orders above mentioned.

And of Native Cavalry & Infantry. The Governor General in Council is further pleased to authorize the monthly allowance of Sonat Rupees 120, established by the orders of the 8th May, 1806, for each Regiment of Native Cavalry or Battalion of Native Infantry, when actually marching, or in the Field, to be drawn for those corps in all situations, in the manner prescribed by those orders.

No buildings, &c. allowed for messes except in Fort William. In consequence of the orders of the 8th May, 1806, and of the present orders establishing fixed monthly allowances, on account of Regimental Messes, no tents or buildings of any description are to be provided or maintained by the Public, for the accommodation of Messes, except in the Garrison of Fort William, where quarters will be appropriated to those purposes as heretofore.

Mess allowances how drawn. The Mess allowances are to be drawn by the Adjutant of the corps, for every month in which the Mess shall have been conducted, upon a certificate to that effect, signed by the commanding Officer. G. O. G. G. 8th May 1806

G. O. G. G. 16th May 1806

Officers commanding Corps &c. allowed the batta of the rank above their regimental rank. With the exception of Colonels, the Officers commanding Battalions of Artillery, Regiments of European Infantry, Native Cavalry, and Battalions of Native Infantry, shall be allowed the full or half batta of the rank next above their Regimental Rank, according to the situations in which they are serving. Officers drawing the batta of the superior rank, in consequence of their commanding stations or detachments, are only entitled to draw the batta of the rank immediately superior to their Regimental Rank, and not the batta of the rank superior to their Brevet Rank. M. C. 30th May 1796

Allowed to Field Officers commanding a detachment of different Corps and to the next Officer in the Battalion they commanded. Officers of any rank commanding Regiments or Battalions are entitled to the batta of the rank next superior to their regimental rank, according to the rate of batta at the station. A Field Officer commanding a detachment of different Regiments, and consisting of two or more Battalions, is to receive superior batta, during the period of his command; and, if such Field Officer be also commandant of a Battalion, the next senior Officer of the Battalion becomes entitled to the superior batta for the same period.

not to Of- Officers commanding detachments of Battalions, or parts of Battalions of the same Regiment, are not entitled to superior batta as commanding such detachments, or such parts of

Battalions, but to the batta to which their rank and command in their Regiment may entitle them.

A detachment of Artillery with field guns, and doing duty with a Regiment, or part of a Regiment, does not entitle the commanding Officer of such Regiment to superior batta commanding a detachment of a separate corps. If the senior Officer commands the Regiment or a Battalion, he is of course entitled to the superior batta as such; but the next senior Officer of such Regiment or Battalion is not entitled to superior batta, on the plea that the commanding Officer receives it as commanding the detachment.

Commandants of Regiments or Battalions on leave of absence between muster and muster, whether on account of sickness or otherwise, Commandants, sick, present or detached on duty, either with or without their Battalion, shall be considered as entitled to the batta or half batta of the next superior rank; but Commandants not with their Battalion at muster shall not be entitled to superior batta from the day of their quitting their corps to the period of their rejoining it.

Proc. V. P. 5th and 9th Dec. 1809 The Vice President in Council is pleased to relieve Captain Rowland from the retrenchment made in the Auditor General's Office, of the batta of the next superior rank drawn by that Officer. Claim of commanding Officer not affected by the absence of the Light Company.

Let. M. S. G. 11th Sept. 1809 The detachment of a Troop of Cavalry and two Companies of Infantry, on some temporary or occasional service, is a circumstance which would not seem to injure Captain Shubrick's claim to the superior batta, as being next senior Officer in the 1st Regiment of Cavalry to Lieutenant Colonel Browne, commanding the post of Pertaubghur, at which two corps are stationed; and in that event the allowance he claims is authorized to be remitted on reaudit.

Nor by the occasional detachment of troops or companies.

Proc. G. G. 11th Feb. 1809 As the commanding Officer of the 2d Battalion 6th Regiment, while detached with a part of the corps, (one Company) is by the regulations of Government secured from the forfeiture of the batta of the next superior rank, and the assignment of superior batta for the same period to more than one Officer of the same Battalion being expressly prohibited, excepting under circumstances which do not belong to the present case, the claim preferred by the next senior Officer of that corps to this allowance is not considered by his Lordship in Council to be admissible.

Nor by the absence on detachment of the commanding Officer if with any part of his Corps.

Proc. G. G. 19th May 1806 The Governor General in Council has confirmed the retrenchment of the superior batta drawn by Lieutenant Colonel Kelfo, as next senior Officer of H. M. 2d Regiment to Colonel Mercer, who commanded the station of Cawnpore, as well as that Regiment; the monthly review rolls having been regularly signed during that period by Colonel Mercer, and no charge or responsibility appearing to have been vested in Lieutenant Colonel Kelfo.

Superior batta is admissible, unless the papers are signed and responsibility of command incurred.

Proc. G. G. 15th July 1805 The Military Auditor General is authorized to pass the batta of the next superior rank to Lieutenant Colonel Fawcett, of the 5th Regiment of Native Cavalry, as well as the allowance for stationery during the period of time that Officer was under arrest, and to retrench from Major Webber the superior batta and allowance for stationery drawn by him during the same period. Major Webber is to be referred to Colonel Fawcett for reimbursement of the actual expence, incurred by him, for stationery, during the time he was in temporary command of the 5th Regiment Native Cavalry.

A Captain, Surgeon, or Deputy Commissary of Ordnance, 4, viz: cook, washerman, and two kidmutgars.

A Major, 5 or 7, viz: cook, washerman, 2 kidmutgars, one khansama.

A Lieutenant Colonel commanding, 6 or 8, viz: 2 cooks, 1 washerman, 2 kidmutgars, 1 khansama.

The 2 additional, viz. a fyce and grafs-cutter for each, are allowed to Field Officers when going where they can be mounted.

N. B. Each Officer, when proceeding to the Coast in time of war, will be allowed 4 additional followers, viz. a fyce, grafs-cutter, and two Bullock-drivers.

And to Adjutants proceeding to a place where they can be mounted.

The Vice President in Council is pleased to extend the indulgence, as published in General Orders of the 19th ultimo, of passage and provisions to a fyce and grafs-cutter to each Field Officer, if going on foreign service to a place where they can be mounted, to all Adjutants so situated.

Rates of table and passage allowance to Officers embarking on the public service.

The Governor General in Council, having had under his consideration the rules by which the table allowance at present granted for Officers, on board the Honorable Company's ships or transports, not proceeding from port to port, has been established, is of opinion that they do not afford an adequate compensation to the commanders of such ships, and also, that, according to the rates allowed for the passage money of Officers on board of ships, proceeding from port to port in India, the commanders in some cases are over-paid, and in others are not paid sufficiently. His Lordship in Council, therefore, with a view of fixing, as far as may be practicable, one uniform rate of allowance, to be

granted in all cases, for the table and passage of Officers, embarking on board of ships on the public service, has determined that the different rates, heretofore allowed, shall be discontinued, and that an allowance of Sonat Rupees 4 per day shall be granted in lieu of them.

This allowance is applicable to the chartered ships of the Honorable Company, and generally to all ships engaged as transports proceeding on the public service, unless, in the instance of ships of the latter description, circumstances shall render it necessary to provide for the accommodation of Officers, under a special engagement for that purpose.

But his Lordship in Council judges it to be proper to signify his expectation, that the commanders of ships, sailing under the protection of this Government, will on all occasions conform to the rate above specified, in their demands of passage money for Officers' accommodation on board of their respective ships; and every Officer, from whom a higher rate of passage money shall have been demanded, is directed to report the same to Government, through the Adjutant General, specifying the sum paid, the name of the owner or commander who shall have received it, and the name of the vessel.

to what ships applicable

reports to be made by Officers of owners or commanders demanding higher rates.

G. O. G. G. 8th Sept. 1810 The Governor General in Council, considering the established allowance of Sonat Rupees 4 per diem, to be inadequate to the expence, which the commanders of ships and transports must necessarily incur in providing a table for Officers, proceeding from port to port in India, is pleased to encrease that allowance to 6 Sonat Rupees per diem, and to determine, that a deduction of a Sonat Rupees per diem be made, on that account, from the allowance of the Officers, who on such occasions always receive full batta.

Augmentation of the allowance to be defrayed by the Officers.

G. O. G. G. 19th J. n. 1811 The Right Honorable the Governor General in Council is pleased to publish to the Army, the following regulations of the Honorable the Court of Directors, respecting passage money, passed on the 11th July, 1810.

Regulations for passage money and accommodation of Officers in the Company's Service proceeding to and from India.

AT A COURT OF DIRECTORS,

HELD ON WEDNESDAY, THE 11th JULY, 1810.

RESOLVED,

That the following regulations be established, respecting the passage and accommodation of persons of the undermentioned descriptions, to and from India, on the ships in the Company's Service, viz.

FOR THE PASSAGE FROM ENGLAND.

That the commanders be not permitted to demand more than the undermentioned sums, for the passage and accommodation at their tables of gentlemen proceeding to India, in the Company's Service, at their own expence, in the following stations:

General Officers,.....	£. 250
Gentlemen of Council, or Colonels,	200
Lieutenant Colonels,	} 150
Majors,	
Senior Merchants,	
Junior ditto,	
Factors,	} 125
Captains,	

That the commanders be absolutely restrained from demanding more than the following sums, for the passage and accommodation at their tables, of persons proceeding to India in the Company's Service, in the following stations, viz.

Writers,.....	£. 110	} including Charter Party allowance to the owners.
Subalterns,.....	110	
Assistant Surgeons,...	95	} exclusive of Charter Party allowance to the owners.
Cadets,.....	95	

That the third mates be likewise restrained from demanding more than the sum of £. 55, for the accommodation of any Assistant Surgeon or Cadet, who may proceed at their mess to India, exclusive of the Charter Party allowance to the owners.

That in order more effectually to prevent more than the allowances aforesaid being taken from the Writers, Subaltern Officers, Assistant Surgeons, and Cadets, the several sums stipulated for the outward-bound passage of those persons, whether the two latter shall be at the Captain's table or third mate's mess, shall be paid by them, respectively, to the Paymaster of Seamen's wages; and the order for the reception of any person, in

either of those stations, on board any of the ships in the Company's Service, shall not be delivered, until they shall have produced the Paymaster's receipt for the amount so ordered to be paid him : and that the several allowances, hereby directed to be deposited in his hands be paid to the commanders, or to the third mate, or their respective agents, properly authorized to receive the same.

FOR THE PASSAGE FROM INDIA:

That the commanders of the Company's ships be not permitted to demand more than the following sums, for the passage and accommodation at their tables, from India, of Officers, either in His Majesty's or the Company's Service, who shall be returning to Europe, either on sick certificate or Military duty, viz.

	From Bengal Sicca Rupia.	From Madras Arco Rupia.	From Bombay Borby Ru.
Lieutenant Colonels,.....	2,500	2,500	2,500
Majors,	2,500	2,500	2,500
Captains,	2,000	2,000	2,000
Subalterns,	1,500	1,500	1,500

And that the commanders do, upon no account, refuse to receive the sums herein-stated, for the passage and accommodation of gentlemen of the above description, from India, respectively.

That the commanders of the Company's regular ships be each constrained to receive on board their respective ships at least two Officers, of the description abovementioned, returning to Europe, and that the larboard third part of the great cabin, with the passage to the quarter gallery taken off, be appropriated to their accommodation.

That the commanders of the Company's extra ships shall be likewise constrained to receive on board one Officer returning to Europe, of the beforementioned description ; and that such Officer be accommodated with a cabin on the starboard side, abaft the chief mate's cabin, and abreast of the spirit room, of not less dimensions than seven feet long and six feet wide.

That in case any commander shall, by any ways or means, directly or indirectly, either in England or India, take or receive any further sum or sums of money, or other gratuity or satisfaction, for the passage of any Writer, Subaltern Officer, Assistant Surgeon, or Cadet, to or from India, such commander shall forfeit and pay to the Company, for the use of Poplar Hospital, treble the sum so taken beyond the sums before mentioned ; and for the purpose of making himself liable to and securing such payment, the commander of every ship in the Company's Service shall, before he is sworn in, give bond to the Company, in the penalty of one thousand pounds.

That if any third mate should, directly or indirectly, either demand or receive from any Assistant Surgeon or Cadet, accommodated at his mess, a larger sum than the rate fixed by these regulations, he be fined treble the amount of the excess, for the use of Poplar Hospital ; and that such fine be deducted from his wages, or his account of private trade, as the Court may direct.

That the several sums abovementioned be established for the passage outward and homeward, of the several persons of the descriptions before stated, and that the same do apply only to such accommodations as those persons are respectively entitled to, under the existing regulations of the Company ; and that any additional accommodation or cabin may be agreed for with the Commander, and paid for separately, without being considered as a deduction from the sum fixed by the Court for the passage money of each person.

(Signed) Wm. RAMSAY, Secretary.

14th June 1801

Wishing to extend every reasonable indulgence to Officers whose ill health prevents their continuing in our service, we have agreed to allow Subaltern Officers in this predicament, who return in India, the same passage money as if they were coming home on Furlough.

Extended to Subalterns returning from the service on account of ill health.

G. O. 6th Aug.
1786

The passage money of Officers returning to Europe is to be drawn from the Paymaster of Artillery and Garrisons at the Presidency.

Passage money where drawn.

Let. C. D. 21st
April 1809

PARA. 91st—IncurSIONS from the enemy must naturally be expected in all continental wars, and losses of property by individuals as the inevitable consequence; but it is not therefore understood to be incumbent on the state to make good such losses.

Compensation to Officers whose bungalows and property were destroyed by the enemy.

PARA. 92^d—In consideration, however, of your recommendation, the Officers of the 4th Regiment of Native Cavalry, who suffered by the destruction of their bungalows and other private property, in the attack of Holkar's Army at Futty Ghur, may be allowed three months' full Batta, each, according to the ranks they held at the time.

G. O. V. P.
14th Nov. 1809

The Vice President in Council, with reference to the 92^d paragraph of the general letter from the Honorable the Court of Directors in the Military Department, under date 21st April 1809, is pleased to direct that the Officers whose bungalows were burned by the army of Jeswunt Rao Holkar, at the station of Futty Ghur, transmit for audit, bills for the compensation of three months' full batta, authorized by the Honorable Court, accompanied by a certificate, signed by the commanding Officer, or the public Officer of the station, specifying their bungalows having been destroyed by the army of Holkar, and the month and year in which it occurred.

Bills how to be prepared.

The Vice President in Council, considering it to be equitable that a similar donation should be granted to the Officers whose bungalows were destroyed, at the station of Kasi Gunge, during the rebellion of Nehr Ally Khan, directs that bills for this purpose be forwarded by those Officers to the Office of Audit, accompanied by a certificate of the nature above described.

Compensation extended to Officers whose property was destroyed at Kasi Gunge in a rebellion.

Proc. G. G. 13th
Feb. 1806

The Governor General in Council authorizes compensation in money, for the Officers of the late detachment, under the command of Colonel Monson, who lost their baggage, equivalent to the rules established by His Majesty's regulations for the loss of baggage, according to their respective ranks.

Proc. M. Board
10th July 1807

The sums allowed to a Captain, who has lost his baggage in Colonel Monson's retreat, are the same as those allowed by His Majesty's regulations.—Baggage £. 80—Camp equipage £. 35. Exchange at 8 Sonat Rupees to the Pound Sterling. Mounted Officers, and no others, are entitled to 800 Rupees for a horse killed in action or taken by the enemy.

Rates allowed to Officers losing Camp-equipage &c. by the enemy in the field.

Let. C. D. 7th
Sept. 1808

PARA. 84th—In consideration of the gallant conduct of the Officers of the detachment under Colonel Monson, under the peculiar circumstances of their situation, and the severe loss they suffered in their retreat, we not only approve the compensation you granted them, but, in consequence of your particular recommendation, have agreed to present them with an addition thereto of three months' full batta to each Officer.

Let. C. D. 16th
1810

PARA. 75th—As the Company have been put to great and unnecessary expence, by the allowances which have been at different times made by our several Governments as

Not allowed to Officers for loss

of baggage, &c. on board ship unless proceeding on duty: compensations to Officers, for loss of baggage by ship-wreck, fire and capture, and as every Officer may, if he pleases, insure his property before he embarks, either here or in India, we direct that no compensation be hereafter made to any Officer, for loss of baggage on board ship, unless such Officer be proceeding on duty by order of Government.

Gratuity to Officers who have lost an eye or a limb in actions

PARA. 127th.—The gratuity to Captain Lindley, being in conformity to the established regulations of His Majesty's Service, we acquiesce in your regulation, although these regulations have not hitherto been generally acted upon in India.

Let. C. D. 29th
May 1807

PARA. 128th.—In regard to your recommendation that a similar rule should be adopted in our Service, agreeing in opinion with you that it would be a measure consistent both with policy and humanity, we have resolved to adopt the same, so far as relates to the allowance of one year's pay to Officers who may have lost an eye or a limb in action.

Approbation of the Court of Staff appointments being conferred on wounded Officers,

Conformably with the sentiments we have expressed in a preceding paragraph, relative to the nomination of wounded Officers to Staff appointments, we approve the nomination of Lieutenant Forrest to be Fort Adjutant and Barrackmaster at Agra, as, by the report of the Adjutant General, it appears that Lieutenant Forrest, exclusive of the loss of an arm, had received twenty-two other wounds at the assault at Deig.

Let. C. D. 8th

Gratuity &c. and periods of service allowed to Officers captured by the French

Lieutenant Garnham, of your establishment, who was proceeding to Europe agreeably to the permission granted him by our Military letter to Bengal, of the 4th August, 1802, having unfortunately been captured on board the Nelson on his passage home; we have been induced, on consideration of the circumstances of his capture and of the aid he gave in the defence of the ship, to present him with the sum of One Hundred Guineas: and as Lieutenant Garnham was detained a prisoner from the 14th August 1803, to the 4th October, 1806, we have allowed him two years of the time he will have been absent from his duty to be reckoned in his service in India, in view to his future retirement under the regulations.

Let. C. D. 23d
Dec. 1806

PARA. 101st.—Having considered a letter from Mr. W. H. Robertson, an Assistant Surgeon upon your establishment, stating to us the permission he obtained from the Governor General in Council to proceed to sea for his health, his embarkation in June, 1803, on a ship bound to the Isle of France, his detention and confinement there, the permission he obtained from the Governor General on account of ill health to leave the Island on condition of not returning to India, but by way of America and Europe, his proceeding accordingly and having been exchanged, and now released from his parole; requesting for these and other causes mentioned, we would sanction his proceedings and permit him to return to Bengal without loss of rank, and without deducting the time which must necessarily elapse from leaving the Isle of France to his arriving in Bengal, from his period of service.

Let. C. D. 12th
Feb. 1806

PARA. 111th.—In consideration of the peculiar circumstances of Mr. Robertson's case, as above stated, we have granted him a term of 18 months, from his departure from Bengal, to be considered on actual service, after which period he is to come under the regulations for furlough, and draw pay only.

Honorary rank of Colonel Commandant of Cavalry conferred on Colonel Macan for his distinguished services.

With a view to manifest the just sense which the Governor General in Council entertains of the services of the Officers, who render themselves conspicuous in the discharge of their public duty, by an ardent zeal for the public interests, his Excellency in Council is pleased to determine, in consequence of the recommendation of his Excellency the Commander in Chief, founded on the zeal, gallantry, and distinguished conduct of Colonel Richard Macan, that the appointment of Colonel Commandant of Cavalry shall be revived, as an honorary distinction for Colonel Macan, and that Colonel Macan shall be Commandant of Cavalry, until the commands of the Honorable Court of Directors shall have been received on that subject.

Dec. 1807

PARA. 2d.—The frequent applications that have been made to us by Officers of our several Military Establishments in India, when in Europe, for advances of money on loans, under the plea of their being otherwise unable to return to their duty, have not only caused much trouble and inconvenience, but in some instances the Company have sustained loss, by the death of the parties to whom such advances have occasionally been made, and the practice has of late years increased.

Applications

Feb. 1810

The Honorable the Court of Directors, having in the 7th paragraph of their letter to the Select Committee at Canton, under date the 12th of January, 1810, prohibited the Committee from making any advances on account of pay and allowances in future to Officers of His Majesty's or the Honorable Company's Service, who may visit China, the Right Honorable the Governor General in Council is pleased to notify the above orders in General Orders to the Army.

No advances to
be made to Of-
ficers in China.

G. O. C. C.
25th Aug. 1808

It having been represented to the Commander in Chief, that Officers proceeding to join their Corps in the Upper-provinces, make frequent applications at intermediate stations for advances of pay, which have in some instances been granted, on the plea that has been urged of the inability of the parties applying to proceed further on their journey, he thinks proper to declare that such applications, being contrary to the intentions of General Orders of the 7th February, 1807, are irregular, and will not in future be attended to. Officers ordered to join corps, for the first time, will therefore be aware of the inconvenience to which they will be exposed, unless they guard against it by a provident use of the advances which they receive at the Presidency, and which have been calculated on a scale to admit of their joining their corps without further aid.

G. O. C. C.
5th Jany. 1803

The Commander in Chief directs that in future all Officers to whom advances of money may at any time be made on account of the public service, shall specify at the bottom of the bills or accounts which they transmit to any of the Public Departments, the amount of the advance, the date of its receipt, and the authority by which it was ordered; and in the event of no advance of cash having been received the same is to be notified.

Proc. G. G. 23d
April 1803

The commission to be allowed, on disbursements not exceeding 1000 Rupees, is only to

be given when cash cannot be supplied by the Paymaster, and where the disbursement has in consequence been made from private funds.

Officers how to acknowledge the receipt of drafts.

The Commander in Chief is pleased to direct all Officers receiving drafts, or orders for money on account of public disbursements, to acknowledge the receipt of such draft or order in the following form, viz.

G. O. C. C.
9th Aug. 1805

I do hereby acknowledge this day to have received a draft on the Collector of (or order on the Paymaster) for St. Rs. on account of

Pay bills. &c. from Officers how to be receipted.

Every Officer must sign what Company, Battalion, or Regiment he belongs to; he must date his bill, and sign a receipt when the money is paid, and no pay or fixed allowance is to be paid without the name, rank and station of the Officer is specified who may be entitled to draw it.

M. C. 23d May
1777

If any person at the station of a Paymaster having a demand on the Company, either as a principal or as an agent for another, payable by such Paymaster, shall leave his abstract or bills in the hands of the Paymaster with a receipt for the amount thereof, without having actually received the payment of the amount, for which the receipt shall have been granted, such person shall forfeit his claim on the Company, and be left to have recourse against the Paymaster as a private individual.

M. C. 24th
May 1793

With respect to Officers detached who necessarily send their bills or abstracts to their respective Paymasters for examination before payment, such Officers, or other persons, are to report to the commanding Officers of their stations, if they shall have met with any unnecessary delay in the payment of their bills or abstracts.

Officers self-responsible for the pay of their companies while in their possession.

The pay of companies shall be received by the commanding Officer of the company and be issued by him to the men, and it is declared that he shall be responsible for such pay while in his possession, and that all losses are to be made good by him, that by the enemy excepted.

24th Oct. 1809

The Vice President in Council is pleased to authorize an allowance, as subsistence, to be paid to the Officers of His Majesty's or of the Honorable Company's Service, who may either resign or be dismissed therefrom, according to the following rates.

Subsistence and passage money to Officers resigning or dismissed the service, and regulations under which it is drawn.

To Field Officers, Captains and Surgeons, per diem, St. Rs. 4 0

To Lieutenants and Assistant Surgeons, 2 0

To Ensigns, Lieutenant Fireworkers, Cornets and Cadets, 1 12

The subsistence above authorized is to cease on the dispatch of the first ships for England, after the Officers shall have been directed to proceed to Europe, of which due notification will be given to the proper office.

The subsistence will accordingly be passed from the day following the date of the resignation or dismissal of the Officer, up to the date of the dispatch of the ship on which he may proceed to England, or in cases where no regular dispatch may be made, up to the date on which the Pilot leaves the ship upon a certificate to that effect being produced.

The Vice President in Council, with the view to provide for the accommodation of Officers so circumstanced, during their passage to England, is further pleased to authorize a sum, equal to the subsistence of each Officer for six months, to be drawn and paid to the commander of the ship, with whom an arrangement may have been made for their passage.

The bills for subsistence as well as the passage money will be discharged by the Paymaster at the Presidency after having been duly audited.

Additional allowance to commanders of ships, during the period they may be detained at the Cape or St. Helena, and how paid.

The Governor General in Council approves of the proposition of the Marine Board for granting to the commanders of the several ships, on board of which Military Officers are ordered to be accommodated with passages to England, an additional allowance of 3 dollars, per day, for every Officer appointed to proceed on their respective ships, during the period of their detention at the Cape of Good Hope or St. Helena, to assist the commanders of those ships to fulfil the orders, which they have received, to keep a table for the Officers ordered on their respective ships, during the time they may remain at the several places at which they may touch on their passage to England.

The above allowance is to be paid to the commanders on their return to England, by the Honorable the Court of Directors, to whom the necessary communication on the subject will be made by the next dispatch.

Travelling charges not allowed. But Officers to apply to the Postmasters for bearers.

Resolved, that travelling charges shall not be allowed in any cases, in future.

M. C. 23d Aug. 1789

The Governor General in Council is pleased to direct that Officers who may be in future authorized to travel by dawk, at the public charge, shall apply to the Postmaster of the district to furnish bearers for their conveyance.

G. O. G. G. 5th June 1810

All applications to be forwarded through the prescribed channel.

The Commander in Chief is pleased to order that all applications of a public nature from Officers, whether present or not present with their Corps, shall in future be forwarded through the prescribed channel of commanding Officers of corps and stations, and desires it to be clearly understood that no applications, except in cases of peculiar urgency, will be attended to, which are not forwarded in a regular manner.

G. O. C. C. 26th Aug. 1810

Officers are not to address the Commander in Chief relative to matters of expence.

Officers are not to address the Commander in Chief relative to matters of expence, excepting such contingent disbursements as he may find it necessary to authorize, and which must have the sanction of his signature for passing them.

M. C. 27th Jan. 1781

Mode of signature to be observed in all applications to Head quarters.

In future all applications or letters which may be transmitted to Head-quarters by Officers, Surgeons or persons attached to any department of the Army, shall specify, below the signature of the writer, the Rank, Battalion, Regiment or department, to which the person who forwards the application shall belong.

G. O. C. G. 16th Oct. 1810

Officers, Surgeons, &c. arriving from Europe how to report the same.

Resolved, that any Officer, Surgeon, Assistant Surgeon or Cadet, either returning from Europe, or holding an appointment by commission or certificate granted to him here, or at the India House, shall on their arrival wait on the Town Major that he may notify the same to the Governor General, and he shall afterwards, as soon as may be, wait on the Adjutant General that he may notify the same to the Commander in Chief, exhibiting to the Adjutant General, or his deputy, the certificate or commission in his possession, allowing him to proceed to India, that the same may be examined and rectified, if defective, previous to such Officer, Surgeon, Assistant Surgeon or Cadet being reported to the Board, and before his admission or re-admission to the service is notified in orders to the Army.

G. O. C. G.
9th Jan. 1809

The Governor General in Council, observing that many Officers who come to the Presidency on duty or otherwise, omit to report their arrival at the Adjutant General's Office, is pleased to direct that all Officers who come to Fort William, on duty or on leave of absence, shall report their arrival as well as their departure from the Presidency in writing to the Assistant Adjutant General; during the absence of the Adjutant General from the Presidency.

In the absence of the Adjutant General, Officers to report at his office at the Presidency for the information of Govt.

G. O. C. G.
11th Oct. 1801

It having been represented to the Commander in Chief that Officers have not unfrequently come to Military Stations and omitted to report their arrival to the commanding Officer thereof, his Excellency directs that any Officer who may hereafter visit any Military Station, whether on duty or from any other cause, shall immediately report his arrival, personally if his health permits, and by letter if sick, to the commanding Officer, as also the time of his departure.

Reports from Officers arriving at and quitting Military Stations.

G. O. C. G.
17th Dec. 1805

There being few circumstances more reprehensible or injurious to the efficiency and reputation of an Army, than inattention to the orders and regulations of Government, it is with much regret the Commander in Chief finds himself compelled to animadvert on the frequent neglect of that essential point of duty, which has been so often enjoined to the Officers of this Army, of immediately reporting their arrival at the Presidency or at other stations of the Army, and of waiting on the public Officers of the Fort or stations to make themselves acquainted with all general orders that may have been issued, and of attending occasionally, from time to time, at the office of the public Officer for the same purpose, during the time they may reside at any station, to which they may not belong, on leave of absence or from any other cause, and of reporting their departure for the information of the commanding Officer.

And their attendance on the Staff Officers to acquaint themselves with the several orders, &c. particularly enjoined.

His Lordship now calls upon all Officers whatsoever to pay the strictest attention to such points in future, and Officers commanding at the Presidency and at all the stations and posts of the Army are directed to use their best endeavours to exact attention to these orders, and to report the name of any Officer who may neglect to comply with them, for the information of the Commander in Chief.

In default of which they are to be reported to Head-quarters.

His Lordship desires the Officer commanding at the Presidency will not only direct all Officers, Surgeons, and Assistants, returning from Europe, to proceed without delay to join their corps, but that he, as well as all Officers commanding stations, &c. will call upon all Officers, Surgeons, and Assistants who may arrive within the limits of their respective commands, to report to them on what authority they have arrived there, if on sick certificate or other leave, and for what time, and require their departure at the time necessary to enable them to rejoin by the expiration of the leave, unless a renewal of sick certificate or other sufficient cause be assigned for prolonging their stay.

Officers not permitted to delay at stations beyond the period of their leave.

After the promulgation of this order Staff Officers of stations, &c. will be relieved from the constant interruptions they now experience, by receiving written requisitions for orderly books, copies of orders, &c. which practise, being altogether irregular, will henceforward never be allowed. It will be moreover the duty of Officers commanding stations not to allow Officers, Surgeons and Assistant Surgeons who may be passing stations to join their corps, or on any other duty to make any unnecessary delay within the limits of their respective commands.

Applications to Staff Officers for orderly books, &c. inadmissible.

Let. C. D.
11th Apr. 1760

Officers shall be entirely subject to the orders of the Governor General in Council at each Presidency, the Company's legal representatives.

Officers entirely subject to the orders of Gov. Gen. in Council.

G. O. 16th
July 1787

Ample redress will upon decent representation be given to every Officer, by Lord Cornwallis, for any act of real or designed injustice or oppression from his superior.

Representations from inferior Officers how to be preferred.

In a difference of opinion between a subordinate Officer and his own commanding Officer, on the nature of Military duties or the manner in which they are to be performed, a junior Officer of modesty, and with proper sentiments of respect for his superior, will generally acquiesce in the opinion of the Officer commanding the brigade, but the opinion of the Officer commanding the station is to be upon such points final.

Meetings of Officers to concert means to resist or counteract the effect of Military Orders are as subversive of the true principles of discipline, as they are contrary to Military Law.

Appeals from Officers to a superior authority to be confined to a statement of facts.

When Officers are constrained to appeal, on points of real importance, from the decision of their commanding Officers, it is their duty to state facts only in temperate language.

gauge, with decorum and propriety; and to abstain from all strictures whatever. The commanding Officer of the forces will form his own judgment, and all attempts to prompt or prepossess that judgment will ever be discouraged.

Representations of memorials how prepared.

It shall in future be observed as a standing rule in this Army, that when any set of Officers, above three in number, shall resolve to state a real or supposed grievance to any superior, the representation or memorial shall be signed by the senior Officer only, of those who may think themselves aggrieved, and he is to transmit, in a separate paper, a list of the names of all those who may have given sanction to his signature, but the senior Officer will in all such cases be held particularly responsible, both for the matter itself, and for the manner in which complaints may be stated in those remonstrances and representations.

C. O. 8th Feb. 1790

Circumstances under which meetings of Officers for the purpose of making representations, &c. will be permitted.

The Commander in Chief thinks it necessary to publish to the Army, the following order issued to the Troops at the Presidency by the Governor General.

G. O. C. C. 6th Oct. 1795

Garrison orders by the Governor General, October 3, 1795.—The Governor General has seen, with great surprise, an advertisement in the Gazette of Thursday last, by authority of the Presidency Committee of Officers, inviting the Officers at the Presidency to meet (as subsequently explained) for the purpose of signing an address to Mr. Hastings.

The Governor General would have had no objection to comply with the wishes of the Officers to meet for the avowed objects expressed in the advertisement, had they been communicated to him through the regular channel, but he thinks it necessary to declare his decided disapprobation of the illegal authority by which the Officers were invited to assemble, and in consequence directs that no meeting of the Officers attached to the Presidency be held on the 5th inst. nor on any future occasion without his previous sanction.

That the Officers of the Army may not, on the one hand, conceive it to be the intention of the Commander in Chief to debar them from making representations, through the regular channel, of any real hardships they may suffer; and that, on the other hand, meetings may not be assembled for the purpose of discussing matters, and disseminating principles subversive of good order and subordination, the Commander in Chief thinks it proper strictly to forbid general or partial assemblies of Officers at the stations of the Army for the consideration of any public question, unless with the permission of the commanding Officers of such stations, notified in public orders, which are also to express the particular object of the meeting; and as the Commander in Chief will hold commanding Officers responsible for the conduct of those under them, on these occasions, it will be their duty not to grant a sanction for the meetings of Officers, until they shall be satisfied that the objects of them are perfectly unexceptionable; that the deliberations will be confined to the declared objects; and that the assemblies will be conducted with moderation and decorum.

Prohibition as against persons corresponding privately on the public affairs of the Company.

PARA. 51/2—Many of our servants, possessing our most confidential situations, are accustomed to indulge themselves without reserve in corresponding by their private letters on the public affairs of the Company; this is attended with many inconveniences, is directly contrary to our repeated orders, and we desire that you will take the most effectual means to prevent it, and if any of our servants presume to continue in a practice so contrary to our wishes and orders, we shall certainly mark our disapprobation by the severest tokens of our displeasure.

Let. C. D. 11th Sept. 1785

No letters to the Court to be transmitted privately for the purpose of being presented in England.

It is incumbent upon us farther to inform you, that a practice has sometimes prevailed of late, of our servants abroad sending home public letters to the care of persons resident in this country, to be delivered by them, or not, as in their discretion they shall think proper. We prohibit any such practice in future, and direct that all letters to us from our servants abroad be addressed directly to the Court of Directors, and sent by the usual conveyances; no other will be received by us.

Officers having matter of representation to the Court of Directors who do not wait their decision in India, will be dismissed the service.

If any commissioned Officer in the Company's Service in the East Indies shall repair to England under pretence of obtaining relief of any injury he is apprehensive of labouring under, without first having applied, through the Governor General in Council of the Presidency under which he sits, to the Court of Directors, for redress, and who having made such application does not continue in his employ, and wait the determination of the Court of Directors, but shall return to Europe before an answer is given from them on the subject of his complaint, he shall absolutely and entirely, to all intents and purposes,

Let. C. D. 25th Mar. 1778 repeated 30th June 1778

stand and be held to be dismissed from the Honorable Company's Service, and not be restored except by the order of three-fourths of the Court of Directors and Court of Proprietors, according to the terms prescribed by the late act of parliament, of which you are to give the most public notice as soon as possible.

G. O. 14th
March 1774

Resolved, that memorials from Officers to the Board or Commander in Chief be forwarded through their respective commanding Officers to the Commander in Chief. Memorials from Officers will be laid before the Board by the Commander in Chief.

G. O. 25th
March 1789

The Governments in this country are the regular channels for the transmission to the Court of Directors of statements of any real hardships which the Officers may suffer, and his Lordship is confident they will always be received with great attention, and that every proper exertion will be made to afford redress by the Honorable Court.

M. C. 29th
May 1778

The Governor General in Council has been pleased to direct that no memorial, addressed hereafter by Officers to the Court of Directors, shall be transmitted by the ship, under actual dispatch, if received after the day fixed for the close of the dispatch.

Let. C. D.
6th June 1798

PAR. 119th—We hereby direct, that if any of our Officers hereafter presume to address themselves to our Government in an offensive, intemperate or disrespectful style, upon the subject of orders received from us, such Officers, whatever be their rank or services, be immediately dismissed from our employ and sent to England.

Officers addressing Govt. in an improper style will be dismissed.

The Governor General in Council observing that, in two recent instances, proposals for the construction of public works on contract have been tendered by a Military Officer and a Military Surgeon, and considering that the attention of persons of either description, who may be permitted to enter into any engagement of that nature, must necessarily be drawn off from the proper exercise of their professional duties, deems it expedient to prohibit all Officers and Surgeons from engaging personally, or by the agency of others, in the execution of any works, offered to public contract on account of Government.

Officers and Military Surgeons prohibited from tendering proposals of contract for the construction of buildings.

The Commander in Chief expects that all Officers employed on surveys, in the several branches of the public service, will consider it a duty of the utmost importance, and always exercise the strictest inspection and scrutiny accordingly.

Attention required of Officers employed on surveys.

G. O. C. C.
15th Apr. 1805

It is to be considered a standing regulation, that Officers employed on Committees of Survey, or any other general duty, are not to be exempted from Regimental duties, but are to take them and proceed with their corps at all times, unless when a committee is actually sitting.

Who are not exempt from Regl. duties when the committees are not sitting.

G. O. C. C.
12th Oct. 1806

It is to be considered a standing regulation of the Army, that no Officer shall be employed on any survey whatever, or act as superintending Officer of native Courts Martial, until a period of two years shall have elapsed from the date of first joining their respective corps; at the same time the Commander in Chief recommends that young Officers, during such interval, be constantly required to attend Courts Martial for the purpose of qualifying themselves for the duties of their situations.

No Officers to be employed to superintend Native Courts Martial or on survey duty until two years.

Let. Adj. Gen.
15th Apr. 1797

The Commander in Chief considers the superintendence of the administration of justice, as one of the most important duties of an Officer; it requires experience in Military points, and, in Courts composed of natives, a knowledge of their language and customs: and as these qualifications are most likely to be found in Officers who have attained the rank of Captain, he should look to that class of Officers for the superintendence of Regimental Courts Martial, were it not that the frequency of such Courts, and the small proportion of Captains generally present with a Regiment of Native Infantry, and particularly with a detached Battalion, would cause the duty to bear rather hard upon them. It happens in the Bengal Army there are subalterns of long standing, and in general such a number of them, as may be employed in the duty of superintending the proceedings of Regimental Courts Martial, without having recourse to Captains or young Officers, whose want of experience may render them unfit. Captains may be very properly em-

played as superintendants of Line Courts Martial, or even of Regimental Courts Martial in cases of peculiar intricacy, but their roster for such duties must be kept separate from that of Subaltern Officers.

Prohibition of Officers travelling with escorts sending into villages for provisions coolies, &c.

Military Officers or other persons to whom escorts may be allowed, when travelling through the country by land, or proceeding by water, are forbid to send Sepoys or Lascars into the villages, for the purpose of procuring any sorts of provisions, or of pressing Coolies or Dandies, every town or village, upon proper application to the chief person in it, will, in consequence of instructions from the several Collectors to that end, furnish such assistance, in the above points, as they may be capable of affording, and, by that means, render forcible and violent measures entirely unnecessary.

M. C. 16th May 1790

And of Officers employ Sepoys on private business,

The Commander in Chief, warmly interested for the credit and character of the Army, is extremely concerned that a necessity should have occurred for Government calling upon him to take such measures as he may think best calculated to prevent Officers employing Sepoys out of the regular line of their duty.

C. O. C. C. 11th June 1790

The necessity, however, having arisen out of Proceedings before Government in the Judicial Department, whereby it appears that a Sepoy, in consequence of an affair in which he was concerned, whilst employed in procuring milk for his commanding Officer, had been brought to trial for murder, and declared liable to death by the Mahomedan Law Officer;—the Commander in Chief feels it incumbent upon him, as well in obedience to the orders of Government, as from his own sense of public duty, to restrain the practice of employing Sepoys on private business.

It must be obvious to the experience of Officers that the discretion of Sepoys, when so employed, is not to be trusted; and that however contrary the use of forcible means may be to their intentions, and even orders, such means will frequently be resorted to; whence violence to the persons, and injury to the property of the inhabitants must occasionally ensue.

Further, the Commander in Chief looks upon the employment of Sepoys on private business, not less objectionable in a Military than a Civil point of view; as being incompatible with their duty, and inconsistent with their character of Soldiers, he therefore recalls the attention of the Army to the various orders which have been issued on the subject of sending Sepoys into villages on the plea of providing necessaries, Coolies and Dandies, and thinks it his duty to add that any Officer deviating therefrom will be liable to the most serious responsibility.

Or out of the line of their Military duty.

The Commander in Chief will not fail to notice in the most serious manner the conduct of any Officer, who, in defence of the repeated regulations and orders of this Army, shall presume to employ men placed under their command in any way, whatsoever, that may not be strictly in conformity with the regulations of Government, and within the line of their Military duty, as Soldiers.

G. O. C. C. 11th Nov 1806

Reports from Officers passing stations with escorts.

Officers, or others, having guards or escorts under their command, are required, when reporting their arrival at all stations, posts, or detachments, which they may pass, to specify the strength of every such guard or escort, and the corps to which they belong.

Prohibition of Officers travelling interfering with the dak hircarrabs

Numerous complaints having been made that the hircarrabs of the Honorable Company, stationed on the roads for the purpose of forwarding the public dispatches, are frequently taken by force from their stations by Officers passing through the Provinces, being compelled to furnish provisions and other necessaries, to serve as guides and coolies, and being often beat and otherwise ill treated, it is now declared, that if any Officer, Soldier, or retainer to a Camp, shall be found guilty of offending herein after the publication of this order, they will be punished, according to the nature of the offence, by the judgment of a General Court Martial.

G. O. 27th Nov 1778

No Officers to receive presents for recommendation or promotion.

No Officer shall, on pain of being dismissed the Service, demand or receive, either directly or indirectly, any present, fee, or reward for the admission or recommendation of any person to be promoted in the Military service.

Let. C. D. 17th June 1811

Officers purchasing commands to be dismissed.

PARA. 52d—Officers exchanging commands by purchase shall forthwith be dismissed the service.

Let C. D. 4th March 1767.

- Ext. Let. C. D. 15th Dec. 1775 As the custom of receiving complimentary nuzzers, or presents, is not only liable to abuse, but also contrary to the late act of Parliament for regulating India Affairs, we direct that strict obedience be paid to the said act, not only by all the members of our Council, but by every person in our service; and by all British Subjects residing in India under our protection. No nuzzers or presents to be received by any persons in the Company's service.
- Let. C. D. 31st Jan. 1776 PARA. 32d—We direct that the prohibition contained in the 18th article of the regulations formed by the Committee of Revenue, in 1772, relative to the lending of money to zemindars, farmers, or ryuts, be extended to all our servants of every denomination, and that every person, who shall be found so offending against this order, be forthwith suspended from holding any appointment under the Company until our pleasure shall be known. Prohibition of lending money to Zemindars, Ryuts, &c. &c.
- M. C. 30th April 1790 All Military Officers are prohibited by Government from exacting or receiving interest or premium for loans of money, in any part of India, beyond the rate which would be considered as legal within the Company's Provinces; and any Officer, who shall be convicted before a Court Martial of practices which would be looked upon as usurious within the Company's Provinces, in defiance of the prohibition of Government, will be deemed unworthy to remain in the Honorable Company's Service. And of receiving interest or premium for loans, beyond the legal rate.
- G. O. C. G. 10th Feb. 1809 Captain J. Leathart, of the 26th Native Infantry, who is charged with being the author of certain papers of a seditious nature, and with an attempt to circulate those papers among the Officers of the Army on this establishment, having been suspended the Honorable Company's Service from the 30th ultimo, and ordered to hold himself in readiness to embark for England, on one of the ships of the ensuing fleet, the Governor General in Council is pleased to direct, that the resolution of Government, respecting Captain Leathart, shall be published in general orders. An Officer suspended on charge of editing papers of an objectionable nature.
- Let. C. D. 19th Mar. 1774 Before the removal of any Company's servant from his office, the party is to be made acquainted, in writing, with the accusation preferred against him, and a reasonable time allowed him to make his defence. No officers to be removed from situations without previous intimation of the charges preferred against them.
- M. C. 3d Aug. 1779 It is directed that no Company's servant or Military Officer be henceforth dismissed the Service, until his case shall have been represented to the Court of Directors, for their determination, except such Military Officers as shall be cashiered by the sentence of a Court Martial. No Officers to be dismissed without reference to the Court, except those cashiered, who are to be sent immediately to England.
- Let. C. D. 20th Aug. 1783 PARA. 17th—Officers dismissed by the approved sentence of a General Court Martial, must proceed to Europe on one of the ships of the season in which sentence has been passed. We hereby direct that you observe it as a standing order, that when Officers shall be dismissed by the sentence of a Court Martial, and the same meeting with your approval, such Officers must, on no account, be permitted to remain in India.
- G. O. C. C. 16th Oct. 1801 The Commander in Chief having observed a want of uniformity in the dress of the European Commissioned Officers of the Army, is pleased to lay down the following Regulations, for the due observance of which commanding Officers of Regiments and Battalions shall in future be held responsible. Regns. for the uniform of Infantry Officers.
- The full uniform of all Infantry commissioned and non-commissioned Officers is to be the jacket that is now in use, black round hats, white pantaloons and half boots. Hats, Pantaloons & Boots.
- Grenadier Officers.—Subalterns to wear two plain gold or silver epaulets, one on each shoulder, with a hand grenade embroidered on each epaulet.—Captains two epaulets, with a hand grenade and star embroidered on each. Distinguishing epaulets of the different ranks and denominations.
- Battalion Officers.—Subalterns to wear one plain gold or silver epaulet on the right shoulder.—Captains one epaulet on the right shoulder, with an embroidered star on the epaulet.
- Field Officers and Colonels.—Majors to wear two plain gold or silver epaulets.—Lieutenant Colonels two epaulets, with an embroidered star on each.—Colonels two epaulets, with two embroidered stars on each; where the embroidery is gold, the distinguishing star to be silver, and vice versa.

Patterns of hats not to be altered.	Patterns of the hats, once approved by the Commander in Chief, are not to be altered without his express sanction.	
No fancy dresses to be worn.	The Commander in Chief positively prohibits any Officer appearing in a fancy dress.	
Swift Jacket and blue Pantaloon when permitted.	On Battalion duties and on line of March, Officers are allowed to wear the close or Swift jacket, and, in the cold season, blue cloth pantaloons; both the jacket and pantaloons worn by Officers of the same regiment, to be made of the same pattern so as to be uniform. On general duties all Officers are to wear their full regimental uniform.	
Dress of both Batt. of a regt. to correspond. Uniform of the Corps of Artillery.	Every part of the dress of the two Battalions of the same regiment is to correspond in every respect.	
	The dress of the corps of Artillery to remain as at present. Artillery Officers are permitted to wear long uniform coats, close or Swift jackets, and blue cloth pantaloons, under the same restrictions as are laid down for the Infantry.	
And of the Cavalry.	The Commander in Chief is pleased to order the following uniform for the whole of the Native Cavalry, from which no deviation is to be made without his express sanction.	G. O. C. C. 18th Feb. 1808
Helmets.	Officers' helmets to have a bear-skin crest, leopard-skin band, with double chains, a King's regulation feather, viz. 5 inches red at bottom and the top white, the length of the whole feather to be 17 inches, a red bow and silver tassels. The jacket of the

Uniform of Quarter-masters and Adjutants.	Quarter-masters and Adjutants to wear the Regimentals of their respective corps.	G. O. C. C. 5th Aug. 1796
Addl. Regts. for the uniform of Infantry Officers.	The Commander in Chief is pleased to establish the following particulars of dress for the Officers of the European and Native Infantry of the Bengal Army.	G. O. C. C. 4th Mar. 1808
	Jackets, plain double breasted, with buttons of the pattern adopted by Lord Lake.	
	Epaullets and wings as heretofore.	
Belt Plates.	Belt plates and belts.—The plates to be either gilt or silver, according to the colour of the button, and of an oval shape, with the number of the Regiment only, embossed in figures.	
Belts.	Belts, of whitened buff leather, worn over the jacket.	
Sashes.	Sashes of crimson silk, as now used, but to be worn over the jacket and shoulder-belt.	
Swords and Sword-knots.	Swords and Swords Knots.—Swords to be of the same pattern as is established in His Majesty's Service, vizt. a brass guard pommel and shell, gilt with gold, with the grip or handle of silver twisted wire; the blade to be straight and made to cut and thrust, to be one inch at least broad at the shoulder, and 34 inches in length; the sword knot to be crimson and gold in stripes.	
Stocks.	Stocks, of black silk tied behind; the shirt collar displayed half an inch over.	
Sword for the Artillery and Engineers.	The King's regulation sword, as described above, is also to be worn by the Officers of Engineers and Artillery; and with a view to insure a supply of the buttons, commissioned by Lord Lake, complete sets will, in the first instance, be forwarded to all corps in the Army, from the house of Gibson, Son and Knox, of Calcutta, by whom the cost will be accounted for by Staff Officers of corps.	
Dress permitted to be worn by Officers off duty.	Long coats, corresponding with the Regimental jackets, breeches, stockings and shoes, with cocked hats, are permitted to be worn by all Officers on occasions not connected with public duty.	
	The house of Gibson, Son and Knox is provided with corresponding buttons for the Staff of the Army, General, Station and Garrison.	
Shoulder Belts and Swords worn by Infantry Officers	The shoulder belt and sword, laid down in the general orders of the 4th March last, is to be worn by Infantry Officers of every denomination, nor is there to be any difference in the manner of wearing them.	Ext. Let. Adg. Dept. Ad. Gen. 9th Aug. 1808

The waist belt and sabre, heretofore worn by mounted Officers, are to be discontinued, as wearing the sash over the shoulder-belt will obviate the inconvenience which may be supposed to have given rise to the use of sabres and waist belts among the mounted Officers of the Army. of every description in the same manner.

The Swift jacket to continue to be worn on all Regimental duties, and on the line of march, as authorized by general orders of the 16th October, 1801.

Swift jacket continued to be worn.

G. O. C. C. 1st Nov. 1796. The only mourning to be worn by Officers is a black crape round the left arm, above the cuff of the coat.

Mourning how to be worn by officers.

G. O. C. C. 1st Aug. 1786. The Commander in Chief expects that commanding Officers will be very attentive to preserve the strictest uniformity of dress in their respective corps, as well in the particulars described, as in any other minutiae, which may conduce to the handsome and military appearance of the Troops.

Commanding Officers to preserve uniformity of dress.

G. O. C. C. 11th July 1787. Lord Cornwallis is of opinion that an Officer of any rank can seldom be dressed with more propriety and convenience than in his Military uniform; he therefore expects that no Officer, even when on leave of absence from his duty, shall appear in public in any other dress; and he positively orders that the Officers, while at their proper stations, do not appear in public in any other dress than their uniform upon any pretext whatsoever.

Officers not to appear out of uniform.

The commanding Officers of Stations, Brigades, and Regiments are to be responsible that this order is strictly complied with.

G. O. C. C. 27th April 1790. In order that Officers in the British service may not be exposed to the risk of disrespectful or uncivil treatment in any of the foreign settlements, from ignorance of their situation and character, the Commander in Chief directs, that whenever British Officers visit the settlements of foreign nations, they do constantly appear in the uniform dress of their profession.

G. O. C. C. 16th October 1808. In all applications for leave of absence, the date on which the leave is wished to commence is to be mentioned, otherwise it is to be understood to commence from the date of its publication in general orders.

Applications for leave of absence to specify when it is wished to commence

G. O. C. F. 16th July 1798. The commanding Officer of the forces having had occasion to observe that Officers are frequently returned absent from their corps beyond musters, without application from their commanding Officers for confirmation of leave, it is directed that this practice be discontinued in future.

When granted on emergent occasions by commanding Officers to be reported to the Commander in Chief for confirmation

In cases of very urgent necessity, when commanding Officers find it requisite to grant leave of absence, without waiting for the previous sanction of the Commander in Chief, immediate notice thereof is to be given to the Adjutant General, in order that the Commander in Chief's sanction may be obtained and published in general orders.

G. O. C. C. 19th July 1807. The Provincial Commander in Chief, with the view of regulating the indulgence of leave of absence in India to European Officers, as well as to prevent the abuse of that indulgence, and to maintain the efficiency of corps as much as possible, at the same time affording all reasonable consideration to the urgent occasions which may arise, requiring the absence of Officers from their corps;—he is pleased to issue the following orders on the subject, and Officers commanding corps and stations will be held responsible for their being invariably and strictly complied with.

Regulations for granting leave of absence in India

With reference to the great scarcity of Officers doing duty with the several corps of the Army it is requisite in the first instance, that on receiving any application for leave from an Officer or Officers to be absent from their corps, commanding Officers shall satisfy themselves of the object and necessity for such leave being granted, and which is also to be specified in the application, and they will moreover consider it their duty always to exercise their discretion in forwarding applications or rejecting them, by advertent to the calls of the public service at the time, as well as the claims of individuals to indulgence, founded on the grounds of punctual attention and zealous discharge of their duty, whilst present with their corps, or conduct of a different tendency, partaking of remissness or wilful inattention.

Rules for commanding officers in forwarding applications

Prohibition of Officers applying for any extension

All Officers applying for leave to visit the Presidency, from distant stations of the Army, or other stations or places at considerable distances from the station of their corps, are required to calculate the period of time necessary for performing the journey from and back to their corps, as well as the intermediate time that may be indispensably necessary for fulfilling the object of their leave, and whenever the Commander in Chief may be pleased to comply with applications under the circumstances above prescribed, it will be on the express condition that no subsequent application for the renewal of the leave, under any circumstances, excepting that of sickness, duly certified, will be allowed, and that every Officer, who shall not rejoin by the expiration of the leave granted, shall be returned absent without leave, and be liable to such further notice of his conduct, as the circumstances of the case may require.

Leave between muster & muster now granted.

Periods of leave to remain at the Presidency to Officers arriving from Europe.

And reports on their arrival.

Leave between muster and muster may be granted by commanding Officers of stations and out-posts, without reference to Head-quarters, but under the conditions above prescribed, with regard to exceeding the leave granted in the first instance.

Officers and Medical Staff returning from furlough in Europe will be allowed one month to remain at the Presidency from the day of their arrival, to that of their proceeding to join their corps, and all who may not join within the period allowed by the boat regulations from that date, are in like manner to be returned absent without leave.

All Officers or Medical Staff, arriving from Europe, are to report the date of their arrival to the Major of Brigade at the Presidency station, by whom it is to be reported to the Officer commanding the corps, to which such Officers belong. Reports are also to be made, as at present, in writing to the Office of the Adjutant General and Town Major by Officers, &c. returning from Europe.

Period of leave to remain at the Presidency for Officers discharged from Barasut.

The foregoing rules are to be considered applicable to all Officers ordered to join corps from the Cadet Institution, who will be also subject to be returned absent without leave, in the event of not joining their corps within the period prescribed by the boat regulations, allowing 15 days from the date of their being discharged from Barasut, to that of their departure from the Presidency.

Officers, &c. proceeding on furlough when to embark, or altering their intention in what period to rejoin their corps

The Provincial Commander in Chief is further pleased to direct, that Officers and Army Staff who may obtain leave to repair to the Presidency, preparatory to embarking for Europe on furlough, be required to embark on the earliest ships, on which a passage can be procured after their arrival, and in the event of any Officer or Army Staff altering their intention, and not proceeding by the first opportunity that may offer, they will be expected to rejoin their corps within the periods hereafter prescribed, on failure of which they will be returned absent without leave.

Officers whose corps are at and below Chunar and its dependencies, to join in three months from the date on which they may have left their corps.

Officers whose corps are at Cawnpore, Allahabad, and in the Vizier's dominions, and in Bundelkund, to rejoin in four months from the date on which they may have left their corps.

And Officers of all corps in more distant situations to rejoin in five and half months from the date of quitting their corps.

Commanding Officers of corps and stations are required to pay the strictest attention to the due observance and enforcement of these regulations.

Officers on leave when to rejoin their corps.

It is to be understood in future, that Officers, whether absent for the recovery of their health or on account of their private affairs, are expected to rejoin their corps on or before the day to which they have specific leave to be absent. G. O. C. F. 4th Apr. 1792.

To report if prevented joining by unavoidable necessity.

All Officers ordered to join, who have received leave of absence from their corps on account of sickness or any other cause, and who shall be disabled or prevented by any unavoidable necessity from proceeding or returning to their stations, shall give due notice thereof to the commanding Officer of the corps to which they belong, that they may be regularly accounted for to the Commander in Chief in the monthly returns. M. C. 13th June 1782.

Proportion of Officers beyond which is not to exceed.

Commanding Officers of corps are not, on any account, to suffer applications for leave of absence to pass through them for a number exceeding one third of the complement of the Officers of their corps, without the most urgent necessity, setting forth the same in their address forwarding such applications. G. O. 16th Oct. 1774.

- G. O. C. C.** 25th Apr. 1858 Officers coming to the Presidency on leave of absence, or returning from Europe or from sea, are directed to report the place of their residence to the Brigade Major to the Troops at the Presidency; and as often as they may have occasion to change their abode, they are to notify the same to the Brigade Major. Reports of their residence, by Officers on leave at the Presidency.
- G. O. C. C.** 26th October 1858. The Commander in Chief is pleased to direct that it be considered a standing regulation, during the time of his Excellency's residence in the field, that no Officer or Military person shall be permitted to visit Lucnow, without his special leave, except when ordered on duty. No Officers to visit Lucnow when the Commander in Chief is in the field without his sanction.
- Field Army Orders, 22nd Nov. 1858.** Officers at the different Stations and posts in the field are again referred to the indispensable necessity of intimating, to the Resident at Lucnow, their intention of travelling through the Vizier's dominions.—Letters upon that subject have frequently been received after the actual departure of Officers from the stations they belong to, precluding the possibility of those precautionary measures being taken, which his Excellency the Vizier has directed for their security. Intimation to be given of the intention of Officers to travel through the Vizier's dominions.
- Officers will address themselves on these occasions by letter to the Resident, stating the day of their intended departure, which will be forwarded under cover by the senior Officer of the post they may proceed from.
- G. O. C. C.** 6th Sept. 1856 All Officers, Surgeons or Assistant Surgeons, who may be permitted to visit other Presidencies, or to proceed to sea for the benefit of their health, are directed to report the date of their embarkation, the name of the ship on which they proceed, and the date of their return to the Presidency to the Town Major and to the Adjutant General, at Fort William. Reports to be made by Officers arriving at or quitting the Presidency.
- Officers, Surgeons, Assistant Surgeons, Chaplains or warrant Officers, who may arrive at the Presidency from Europe, or on leave, or duty from other stations, are also reminded of the necessity of reporting their arrival to the Town Major and Adjutant General, and are strictly enjoined always to report in like manner the date of their departure from the Presidency.
- All Officers and Assistant Surgeons, appointed to corps in the first instance, are also directed to make similar reports on proceeding to join their corps.
- G. O. C. C.** 21st Nov. 1857 Officers obtaining leave to proceed to sea on account of health, who shall find themselves disappointed of the opportunity for making the voyage, or who do not avail themselves of the indulgence by the first that offers, whether in the case of intermediate favorable change of their complaint, or otherwise, are required to report the circumstances of their situation, through the proper channel, to the General Officer commanding at the Presidency for the information of the Commander in Chief. And by Officers who having leave to go to sea, may relinquish their intention.
- M. C. 1st Oct. 1786** Resolved, that it be left with the Governor General to grant permission to Officers to proceed to sea on account of indisposition, and ordered that all applications of this nature be made, in future, accordingly. Leave to proceed to sea for the recovery of health granted by the Gov. Genl.
- G. O. 23d April 1791** All Officers, who may wish to go to sea for the benefit of their health, are directed to apply in future to the Governor General in Council for that purpose through the Adjutant General. And applications show transmitted.
- It is to be understood that their applications are to be transmitted, according to the standing rule, through the channels of their respective commanding Officers, and accompanied by the prescribed certificates from their Surgeons.
- M. C. 5th May 1783.** Whenever it shall appear necessary for any Officer to apply for leave of absence on account of sickness, whether for medical advice or for change of air, he shall be furnished with certificates in duplicate, signed by the Surgeon of his corps, describing his disorder, and declaring that such leave is, in his opinion, absolutely necessary, to be granted to such Officer for the restoration of his health. Certificates furnished by Officers applying for leave on account of sickness, and continued monthly until they are recovered.
- Every Officer who may obtain leave of absence on account of sickness shall, until he is recovered, procure monthly certificates, in duplicate, from the Military Surgeon of the station where he may be, specifying the state of his health and his inability to return to his duty.

Certificates transmitted by officers on sick leave at other Presidencies,

Officers who obtain permission to proceed to sea for the recovery of their health shall on their arrival at the settlement they may visit; and afterwards monthly, so long as they continue ill at them, procure the like certificates in duplicate from the Surgeons of such settlements, which they are to transmit, as conveyances may offer, to the commanding Officer and Paymaster of their corps.

And in case of detention there after their recovery,

When an Officer going to sea for the benefit of his health shall happen to be detained at any settlement after his recovery, for want of a conveyance to return to Bengal, he shall procure certificates thereof, in duplicate, from the commanding Officer, the Town Major, or other public Officer; one to be produced to his commanding Officer, and the other to the Paymaster of his corps.

Or in the event of its being necessary they should remain there or make a longer voyage.

Officers, who proceed to other settlements for the recovery of their health, shall apply to the principal Surgeons for certificates of the state of their health, and such Surgeons shall be required to express their opinion, whether or not a longer residence in such settlement or a further voyage is deemed necessary for the recovery of the Officers. G. O. B. C. 1789.

Form of sick certificate to officers on account of their health republished, & strict conformity therewith to be observed.

It having come under the notice of the Provincial Commander in Chief, that the rules and regulations established with regard to Officers absent from their corps in India, on sick certificate, are in many material points totally unattended to, and also that the certificates furnished on such occasions are frequently very defective in form, he is pleased to direct that the forms of certificate prescribed by General Orders of the 8th October, 1789, shall be republished in General Orders, and the Provincial Commander in Chief relies upon the responsibility of commanding Officers for not forwarding to Head-quarters any certificates that may not be in strict conformity with the rules prescribed. G. O. B. C. 18th July 1807.

Form of certificate.

I. A. B. Surgeon at or of do hereby certify that E. F. Lieutenant, of the Regiment of European Infantry (or other corps) is in a bad state of health, and I solemnly and sincerely declare, that, according to the best of my judgment, a change of air is essentially necessary to his recovery, and do therefore recommend, that he may be permitted to proceed to sea, or upon the river, (or to such place as the surgeon may think proper, expressing it in the certificate).

Certificate by whom to be countersigned.

These are to be prepared in duplicate, and to be countersigned by the Superintending Surgeon, or senior Medical Staff, where there may be more than one present; they are also to be countersigned by commanding Officers of corps, in testimony of their being of opinion the measure is necessary and proper.

One certificate to be forwarded to Head-quarters and one to the Paymaster of the corps.

To be regularly transmitted by officers sick absent every month.

The orders under date above mentioned, which direct that certificates shall be forwarded monthly, by all officers absent on sick leave, are also to be complied with, and any officer neglecting to transmit such certificates on the 1st of every month, or as soon after as the circumstances of his situation may permit, will be liable to the consequence of being absent without leave.

Form of certificate.

I. A. B. Surgeon at, or of, do hereby certify that Lieutenant E. F., of the Regiment of the Bengal Establishment, (if at another settlement) arrived here on the day of in a bad state of health, (or convalescent, and I solemnly and sincerely declare, according to the best of my judgment, it still continues such as renders it improper that he should yet proceed to join his corps.

One of these certificates is to be forwarded monthly to the commanding Officer of the corps and one to the Paymaster.

Report by officers returning from sick leave from sea, &c. and in what periods to rejoin their corps.

Officers returning to the Presidency, after a voyage to sea on account of their health, are to report in writing to the Adjutant General, Town Major, and commanding Officer of their corps, and will be expected to rejoin their corps within the period allowed by the boat regulations from the date of their return to the Presidency; and in like manner all Officers, absent on sick leave, are required, as soon as recovered, to make a report accordingly to the Officer commanding their corps when the transmission of the monthly certificates will cease, and, from the date of such report, Officers are to rejoin

their corps, within the period allowed by the boat regulations, and in failure of doing so, in any of the foregoing instances, they are to be reported absent without leave, when such notice will be taken of their conduct as circumstances may render necessary.

Officers coming to the Presidency on sick leave are reminded of the necessity of bringing from their Paymasters certificates of the last pay received, without which no pay can be drawn at the Presidency, and all Officers who may arrive at the Presidency from Europe, from sea, or from other stations, on leave or on duty, are strictly enjoined to report in writing the date of their departure, as well as arrival, to the Town Major and the Major of Brigade at the Presidency station.

Certificates to be brought and reports to be made by Officers on sick leave to the Presidency.

G. O. C. C. in
Nov. 1807. In addition to the directions laid down in General Orders of the 18th July last, respecting sick certificates, an explanation by the Surgeon granting a sick certificate, is invariably to be subjoined, containing his reasons for recommending the indulgence of change of air, to the Presidency in particular; and the attention of commanding Officers, as well as the Medical Staff of the Army, is again particularly called to the General Orders above referred to; and the Commander in Chief expects that no sick certificates or applications for leave of absence, on any account, will in future be transmitted to Head-quarters, that are not in strict conformity to the regulations now in force on that head.

Additional orders regarding sick certificates and the form to be observed.

Proc. G. O.
24th Jan. 1808. The Governor General in Council considers a reference to him from the Bengal Officers serving at Colombo, with a view to obtain permission to proceed to sea for the recovery of their health, in any cases of certified sickness, for any space of time not exceeding six months, unnecessary.

Reference to the Gov. Gen. from Officers serving in Ceylon for leave to proceed to sea, unnecessary.

M. C. C. in
N. O. 1794. Resolved, that Lieutenant H. Scott be permitted to proceed to sea, and as far as the Cape of Good Hope, for the recovery of his health, and that he be further allowed to continue his voyage to Europe, in case the latter should be thought advisable.

Regulation granting the allowances of their corps to Officers proceeding to the Cape and eventually to Europe for their health.

The Board however deem it proper to direct, that Lieutenant Scott be restricted from drawing any allowances after his embarkation; but to this order an exception will be admitted, that, in case of his death, upon the passage, between Bengal and the Cape, his allowances will be continued to such period, upon a certificate from the commander of the ship of the date of the casualty; or if he should not proceed from the Cape to Europe, six months being allowed for his stay at the former, his allowances may be drawn on his return to this Presidency; but if after a residence of the above period at the Cape he shall not have recovered his health, and should find it necessary to proceed to Europe, he will be entitled to his allowances to the above period, upon certificate of his residence at the Cape from some public officer of the Dutch Government.

That this be considered a standing regulation with respect to all Officers desiring to proceed upon leave, in case of ill health, to the Cape of Good Hope and eventually to Europe.

Period for transmission to His Majesty's quarters of applications of Officers to proceed to Europe on furlough. **With a view to obviate the irregular practice of Officers obtaining leave to quit their corps, at various periods of the year, on the plea of preparing for their return to Europe on furlough, the Provincial Commander in Chief is pleased to prescribe the following rules on the subject, which are to be strictly attended to in future.**

G. C. P. C. G.
April 1807

Officers and Medical Staff who may be desirous of proceeding to Europe on furlough, are to forward their applications, accompanied by the requisite statement of actual service

in India, through the prescribed channel so as to reach the Adjutant General's Office by the 15th of August of each year, to enable the Commander in Chief to submit the whole in a connected point of view for the orders of Government, which, when received, will be issued in sufficient time, for all, to whom furlough may be granted, to repair to the Presidency and to embark on the first fleet of the season.

Commanding Officers of corps and stations, in transmitting applications for furlough or any other applications, from the Officers or Staff under their command, are required to state their opinion on the propriety and public expediency, or otherwise, of the object of such applications.

Commanding Officers state their opinion on the expediency of all applications they transmit.

G. O. C. C.
26th Dec. 1806

No applications for furlough to Europe are to be forwarded at any other time than that above mentioned, except in cases of certified sickness.

Applications for furlough only forwarded at the prescribed period and accompanied with a statement of length of service and pay certificates.

The Commander in Chief directs, that the application of all commissioned and warrant Officers, Surgeons and Assistant Surgeons, for leave to proceed on furlough to Europe, be always accompanied by a statement of their actual service in India: describing also any intermediate absence on furlough, or otherwise, since the time of their last arrival.

Without such statement, no applications for furlough will be received, and at the same time the certificate from the pay department, with any other requisite documents, are to be forwarded, that the whole may be presented to Government at the same time.

G. O. 3d Feb.
1799

All Officers, Surgeons, and Assistant Surgeons proceeding to Europe on any other ships than the Company's regular Indiamen, are directed to report, in writing, to the Governor General's Military Secretary, the days on which the Pilots quit their respective ships, which they will always have an opportunity of doing by the return of those Pilots.

M. C. 28th
Oct. 1796

Officers proceeding on foreign ships are enjoined to attend to the necessity of forwarding to the Secretary of Government certificates from the Captains or Pilots specifying the date of dispatch.

The Secretary to Government is directed to send to the Honorable Court of Directors, by each succeeding dispatch, lists containing the name and rank, with the date of departure, of any vessel, on which Military Officers have embarked on furlough, and to forward a general report thereof, by the first ships of each season, including all those of the preceding year.

Leave of absence to Officers to go to Europe shall commence from the dates of dispatch of the ships on which they may happen to embark; and the Civil Servants who dispatch the ships are accordingly required to report the dates of their dispatch, and names and rank of the Military Passengers, to the Secretary of Government.

Furlough to them when to commence.

Ext. Let. C. D.
8th Jan. 1796

That the following proportion of the Company's Officers at each Presidency be allowed to be absent, viz. one third of the Lieutenant Colonels and Majors. One fourth of the Captains and Surgeons to the Troops, and one sixth of the Subalterns and Assistant Surgeons to the Army.

Proportion allowed to be on furlough.

That the period of furlough be for three years, reckoning from the day of its date, to the return of the Officer to his respective Presidency.

Period of duration of the furlough.

You will observe, that though it is to be established as a general rule, that, in time of peace, leave of absence may be granted to the above proportion of Officers, yet, as those Officers are to be absent for three years, it will be requisite for the Government in India to grant leave of absence in such a proportion that nearly an equal number may continue on furlough every year: and consequently the proportion to be annually granted will be one third of the proportion allowed to be absent together, regard being had to the number of Officers who are compelled to come home on account of sickness.

Proportion to which furlough may be annually granted.

That subalterns be ten years in India before they can be entitled (except in case of certified sickness) to their rotation to be absent on furlough, and the same rule to be applicable to Assistant Military Surgeons. The furlough to be granted by the Commander in Chief at each Presidency with the approbation of the respective Governments.

Subalterns and Assistant Surgeons to be ten years in India before they obtain furlough.

Which regulation is applicable to all Officers of whatever rank,

As the regulation which directs that subalterns must be ten years in India before they are permitted to come home on furlough, unless on account of ill health, has not been considered as extending to the Officers of higher rank, we think it necessary to direct, conformably to the evident spirit and intention of that regulation, that no Officer of whatever rank, that has not served ten years in India, be permitted to come to Europe on furlough, and to draw his pay, unless in case of ill health under the usual certificates.

Ext. Let. G. 7
2d Dec. 1806

Circumstances under which an Officer, not having served ten years, is allowed furlough.

Lieutenant W. H. Jackson, of the 24th Regiment Native Infantry, whose time of service in India does not entitle him to furlough on account of his private affairs, conformably to the regulations of the service on that subject, is, in consideration of the urgency and peculiar circumstances of his case, permitted to proceed to Europe, on furlough, on account of his private affairs; subject however to the confirmation and orders of the Honorable the Court of Directors; Lieutenant Jackson relinquishes all claim to pay from the date of his embarkation for Europe.

No Officer to be permitted to come home on furlough, without producing to Government, according to the rules now in force, a certificate from the proper Officers that the Company have no demand against him.

Subalterns and Assistant Surgeons of the Army applying for leave of absence, on account of sickness, shall produce a certificate signed by the Surgeon and Assistant Surgeon of the Regiment or Battalion to which they belong, or in respect to Assistant Surgeons, by the Surgeon of his own Regiment and of another at the same station, specifying the state of the health of the party, and their full conviction of the necessity of his proceeding to Europe on account thereof.

This certificate in the first instance to be laid before the Medical Board, who, on examination of the party applying, shall signify, on the back of the certificate, their opinion on his case.

Advances granted, but no pay to be drawn after quitting their respective Presidencies.

If any application be made to that effect, the Governments in India shall consent to make an advance to any Officer in part of his pay, while on furlough; notification of the same to be inserted on the certificate; but no pay to be drawn for Officers on furlough after their having quitted the Presidency to which they belong.

No Officer to be allowed his pay on furlough without producing the certificates required above; or, if the case should occur, an affidavit, setting forth that he received such certificates and has lost the same, stating by what means such loss has occurred.

General Officers or Colonels of Regiments permitted to come home on furlough, to receive their pay, in like manner with other Officers; and to have the annual amount of off- reckonings they are entitled to.

On his arrival in England, each Officer, having obtained permission to come home on furlough, shall address the Court stating such permission, and enclosing the proper certificates.

The pay to Officers on furlough to commence from the date of their last receiving pay in India, according to the certificate, and to be issued half yearly at Midsummer and Christmas, under the rules established for Officers retired from the Service, (*V. page 157.*)

As the amount of pay issued in England will not probably exceed two years' and a half full pay to each Officer, allowing half a year for his passage out, the remaining half year's pay shall be advanced, if required, on the Officer's taking his passage for the purpose of returning to his duty.

On return of Officers on furlough to their duty, a certificate in triplicate shall be made out by the Auditor, specifying to what period they have received their pay in England; one copy to be delivered to each Officer, the others to be forwarded by the ships next dispatched.

Affidavit in event of the certificates being lost.

M. C. 1st Jan. 1798 An advance of 6 months' pay is authorized, on application, to all Officers in the Company's Service, who may proceed to Europe with the sanction of Government.

Amount of advance to Officers proceeding to Europe.

Let. C. D. 3rd June 1797 **PARA. 5th**—Resolved, that no Officer on furlough shall receive pay during such furlough, for more than two years and a half from the time of his quitting India, as allowed by the regulations, notwithstanding his furlough may have been extended beyond that period, unless when returning to his duty, when six months' more pay may be advanced, as allowed by the regulations.

No Officer to receive, on furlough, pay for more than three years except under the specific orders of the Court.

Ext. Let. C. D. 13th Mar. 1799 We direct that Officers, whose furlough has exceeded three years, from the time of their quitting India to that of their return, are not to be entitled to pay for any period of their absence beyond three years, but their pay is to recommence only from the date of their actual arrival from furlough, at the Presidency under which they serve.

As some cases however may occur, where Officers have been detained on their voyage home by unavoidable causes, out of the usual course, or by the late sailing, in some seasons, of the ship outward bound, the certificates of pay given by our Auditor will specify the exceptions to the general rule above prescribed, which we may think proper to admit of.

Ext. Let. C. D. 30th Aug. 1800 We have resolved, that no Officer who has drawn three years' pay on furlough shall be allowed any further pay, on being permitted to come home again on furlough, unless in cases of certified illness.

Those having received 3 years pay not allowed pay on a second furlough unless in event of sickness.

Ext. A/E. Par. 1st June 1793 **ARTICLE LXX.**—And it be further enacted, that no person who shall have held any Civil or Military station whatever in India, in the Service of the said United Company, being under the rank or degree of a Member of Council, or Commander in Chief of the Forces, and who having departed from India by leave of the Governor General in Council or Governor in Council, shall not return to India, within the space of 5 years next after such departure, shall be entitled to any rank or restoration of office, or be capable of again serving in India, either in the European or Native Corps of Troops, or in the Civil line of the Company's Service, unless, in the case of any Civil Servant of the Company, it shall be proved for the satisfaction of the Court of Directors, that such absence was occasioned by sickness or infirmity, or unless such person be permitted to return with his rank to India by a vote or resolution, passed by way of ballot, by three parts in four of the Proprietors, assembled in General Court, specially convened for that purpose, whereof eight days' previous notice of the time and purpose of such meeting shall be given in the London Gazette; or unless, in the case of any Military Officer, it shall be proved to the satisfaction of the said Court of Directors, and the Commissioners for the Affairs of India, that such absence was occasioned by sickness, or infirmity, or some inevitable accident.

No person under the degree of Member of Council, or Commander in Chief, who shall not return to India within 5 years from his leave to depart, shall be entitled to rank, &c., except as herein provided.

Leave to resign granted by the Gov. General. Leave to resign the Company's Service, or for Officers to repair to England for the recovery of health, is to be granted by the Governor General in Council only. Let. C. D.
29th Mar. 1774

Officers having resigned with the view of pursuing other objects not to be recalled. We must declare our disapprobation of Officers resigning our Service, with the view of pursuing other objects, and afterwards applying again for restoration to our Service; and we direct you to issue, in public orders, our determination, in future, not to admit Officers again into our Service who may resign under such circumstances. Let. C. D.
8th July 1795

Officers permitted to resign not allowed to reside out of the Provinces until they embark. Military Officers permitted to resign the Company's Service shall not, after their resignation, and until they embark for Europe, be allowed to reside in any place or district without the provinces of Bengal, Behar, and that part of Orissa which belongs to the territories of the Company. No Officers to retire from the Service in India PARA. 75th—In future we direct that Officers be not permitted to retire from our Service in India; but that those who intend to quit the Service, be first allowed to come to Europe on furlough, that their application, for the purpose of retiring, may be submitted to the Court. Let. C. D.
7th Sep. 1803

Period of service qualifying Officers to retire on their pay when to commence. As to the period of qualification of Officers to retire on their full pay, it is to commence, with regard to Cadets appointed here, from their arrival at the Presidency to which they are nominated, or if they have been detained on their voyage out, at any other Presidency, and employed there on actual service, from their being so employed; and as to the Cadets appointed in the Country, and confirmed by us, from the date of their being appointed, provided they were then at the Presidency where such appointment took place. Let. C. D.
9th May 1801

Limitation of the period. Every Officer after 25 years' service in India, including 3 years for one furlough, is allowed to retire with the pay of the rank to which he may have attained; but it must be understood that such pay is to be the same only as that allowed to Officers of Infantry. Let. C. D.
8th Jan. 1796

Rules for observance of Officers retiring from the service All Officers wishing to avail themselves of the indulgence of retiring from the Service, according to the new regulations, shall signify the same to Government, through the Commander in Chief, accompanying their application with a statement of their length of actual service in India, and the time they have been absent on furlough, or otherwise. Let. C. D.
22d April 1796

Certificates of length of service and of permission to retire how prepared and by whom furnished. On due examination of these statements by the proper Officers, and the sanction thereof by Government, with the approbation of the Commander in Chief, being obtained, a certificate signed by the Secretary to Government shall be delivered to each Officer stating the permission granted to, and the length of actual service of, such Officer.

Officers applying for leave in India to retire from the Service have been directed to accompany their application with a statement of the length of their actual service in India, and the time they have been absent on furlough or otherwise; these statements are to be compared by the Adjutant General, with the records, either of his own office, or by enquiry at the office of the Town Major; and when the application is forwarded to Government, his certificate is to accompany it, specifying the length of actual service to enable the Secretary to furnish the required certificate, viz.

Forms of Certificate. I do hereby certify that A. B—, in the Honorable Company's Military Service on the Bengal Establishment, obtained on the — of —, the permission of the Governor General in Council to retire from the Service, and that at that period the length of service

Officers meaning to avail themselves of the indulgence of retiring from the Service, but who apply only for leave to go on furlough, are to accompany their application also with a statement of their length of service, which is to be compared and certified by the Adjutant General, as directed in the preceding case, that they may carry with them the necessary voucher on which to found their application to the Honorable the Court of Directors in Europe, viz.

I do hereby certify that A. B. in the Honorable Company's Military Service on the Bengal Establishment, obtained on the day of , the permission of the Governor General in Council to proceed to Europe, with the option of retiring from the Service: and that at the above date the length of service of the said A. B. was , including an absence of on furlough, as appears by a certificate from the Adjutant General.

Given under my hand,
at Fort William in Bengal,
this day of 181 .

Officers will be careful to provide themselves with the necessary certificates from the Pay Department, which are prescribed by the Honorable Court's orders.

Art. 1st, C. D.
22d April 1796 That a certificate, signed by the Military Paymaster General, shall be given to each Officer permitted to retire on full pay, stating to what period he has received pay and allowances in India.

Certificates furnished by Paymaster General.

That duplicates of the foregoing certificates shall be forwarded by the ships on which the Officers, permitted to retire, proceed to Europe, and triplicates thereof by the next dispatch.

Duplicates and triplicates forwarded to England.

That no Officer be permitted to retire on his pay without producing a certificate from the proper Officer, stating that the Company have no demands upon him, according to the rules now in force.

Pay certificate to be produced by Officers applying to retire.

That no advance be made to any Officer in India on account of his allowance of pay, on retiring from the service; or after his quitting India to any person on his account.

No advances to be made to them

That no Officer shall be allowed his pay on retiring, without producing the certificate required; or, if the case shall occur, an affidavit stating that he received such certificate in India, and has lost the same, stating by what means such loss has occurred.

Certificates to be transmitted to the Court or Affidavits in event of their being lost.

That on his arrival in England, each Officer, retiring on his pay, shall address the Court, stating the permission granted him for that purpose, by the Government under which he served, and enclosing the certificates required.

That the pay to Officers retiring shall commence from the date of their last receiving pay in India, according to the certificates in that case required.

Pay to Officers retiring when to commence, and at what periods issued.

Such pay shall be issued half yearly, viz. at Midsummer and Christmas.

Prohibition by the Court of clandestine sales of commissions.

Penalties to be imposed upon persons offending therein.

Officers declaring their intention to retire within twelve months of their arrival allowed the pay of the rank they may be then entitled to.

Those not making the declaration within the prescribed period will be held to have relinquished the service and will forfeit their pay.

Those who have served 22 years without furlough, allowed two years previous to being called on to declare their intention.

But only to receive the pay of the rank they held at the expiration of 12 months from their arrival.

Circumstances under which Officers, unable, from ill health, to remain in India, are allowed to retire on half pay.

Officers desiring to have their pay drawn by attorney, shall signify the same to the Auditor of Indian Accounts.

At the periods appointed for payment, every Officer shall appear personally at the Auditor's Office; or if the pay is to be drawn by attorney, such attorney shall produce a certificate signed by the Minister, Church Warden, or Chief Magistrate of the nearest Town or Borough Corporate to the place of such Officer's residence, of his being then living.

No Officer shall be permitted to resign the Honorable Company's Service, or retire on the full or half pay list, until he shall have obtained a certificate from the Paymaster of his corps, countersigned by the Paymaster General, that there are no public demands against him, either on account of retrenchment made by the Auditor General or otherwise.

In order to guard against the possibility of clandestine sales of commissions, we think it proper to direct, that every Officer who shall apply for leave to retire from the Service on the pay of his rank, shall declare, upon oath, that neither he himself, or any other Officer for him, to his knowledge, has received, or will, in future, receive, directly or indirectly, any compensation or gratification, pecuniary or otherwise, from any person or persons, whatsoever, for such his retirement.

And if, notwithstanding this restriction, such practice shall be discovered, the Officer receiving, or permitting to be received, any compensation for his retiring, shall not hereafter be entitled to his pay on retirement; but shall nevertheless be considered as entirely out of the Service; and the Officer or Officers who shall be found to have offered to grant any compensation or gratification to those of higher rank for retiring, shall not be allowed the benefit of the promotion thereby acquired, but it shall be competent for the Government, under which the parties concerned serve, to promote another Officer to the rank held in the Regiment or Battalion by the Officer retiring.

Officers on furlough who wish to retire, and declare their intention to that effect, within twelve months from their arrival, will be permitted to retire on the pay of the rank they may be entitled to at that period.

That every Officer returning on furlough, and wishing to retire from the Service, being qualified, as above, by the term of his service, be required to make a declaration to that effect within 12 months after his arrival in England; and in case of his neglecting to make such declaration, within the time specified, he must at the expiration of his furlough either return to India, or be held to have relinquished the Service, and not entitled to retire on the pay of his rank.

Military Officers who have continued to serve in India, from their first arrival, for the space of twenty-two years, without having a furlough, shall, when they are permitted to come home on furlough at the expiration of that period, be allowed two years, instead of one year, as by the present regulations, before they are called on to signify their intention of retiring from the Service.

Should however these Officers apply at the end of two years to retire from the Service, they can then only be allowed the pay of the rank they held at the expiration of 12 months from their arrival in Europe.

We have consented, without requiring any specific period of service, that every Officer who has by regular promotion attained the rank of Lieutenant Colonel, Major, Captain, or Captain Lieutenant, and whose ill health renders it impossible for him to continue to serve in India, be allowed to retire from the service on the half pay of his rank; and as cases may occur, where the constitution of some of our Officers may not be able to support the climate of India, for a period sufficient to their obtaining promotion above the rank of Subaltern, we have agreed to permit a Lieutenant, in this predicament, after having served 13 years in India, and an Ensign, Lieutenant Fireworker, and Cornet, after having served 9 years, including three years' furlough each, to retire on the half pay of their respective ranks.

If an Officer of the rank of Lieutenant, whose constitution may be so impaired as to pre-

Provided that in every instance of Officers retiring under the conditions above specified, the Governments in India and the Court of Directors shall be satisfied that such Officer's intention of retiring from the Service is founded upon a real inability, from ill health, of his continuing to serve in India, or does not arise from caprice, or any other cause, which might render the provision to be made for him, by the foregoing resolutions, unnecessary.

For this purpose it will be indispensably necessary, that the most ample certificates should be required from every Officer wishing to avail himself of the indulgence now proposed to be granted.

In every instance of Officers wishing to avail themselves of these indulgences, the rules laid down relative to the payments or offers of payments from Officers next in succession, in order to induce their superiors to retire, must be applied.

Resolved, that the following regulations be observed, in addition to the Articles of War, viz. that upon the death of a Commissioned Officer or Soldier, unless the deceased have an heir at age on the spot, or hath by will appointed an executor at hand, to dis-

Measures to be adopted by Comg. Officers in regard to the

effects of Officers dying without Heirs or Executors at hand charge the trust ; the commanding Officer of the Regiment or Company shall cause the effects of the deceased to be sold at public outcry, and, out of the produce, pay forthwith the funeral charges, and all just debts due from the deceased, and make up and sign an account of the same, in which no commission is to be charged ; which account, after certifying them to be just, shall be deposited by the commanding Officer of the Regiment or Company, for the use of the heirs, in the Secretary's Office ; and the balance due is to be immediately paid for their benefit into the Company's cash.

Rules to be observed in the disposal of the property of deceased Officers.

In addition to the 13th Section of the Articles of War for regulating the Company's Forces, and to the supplementary order of the 5th August, 1779, the following rules are to be added.

M. C. and O. A.
179*

Debts to be paid,

The just debts directed to be paid out of the effects of the deceased, as mentioned in the said order of the 5th August, 1779, are to be understood to be restricted to those prescribed in the 13th section of the Articles of War.

Inventories of effects how prepared and disposed of.

Receipts for the papers and effects to be taken from the executor,

The inventories are to be signed by the President and Members of the Courts of Enquiry appointed for examining the papers and effects of the deceased, including a statement of arrears of pay, batta or other allowances, which may have been due to the deceased at the time of his death ; one copy to be entered on the Regimental Books, and the other to be delivered to the Executor, if on the spot, taking his receipt in duplicate for the papers and effects of the deceased ; the original receipt to be signed in the Regimental Books, and the duplicates to be sent to the Office of the Adjutant General, who will send them to the Secretary to the Government, to be deposited with the public records for preservation.

The executor, in every such case, must immediately pay the debts and interment of the deceased, as prescribed by the 13th Section of the Articles of War, and account to those concerned for the surplus.

who is to draw the arrears due.

If there be an executor on the spot, the arrears due to the deceased from the Company shall be drawn by the Executor, otherwise by the commanding Officer of the Company or Battalion to which the deceased belonged.

If there be no Executor the effects, &c. how to be disposed of.

If there be not any executor on the spot, appointed by the deceased, the effects must be publicly sold, and the amount sales, after the payment of the debts in camp or quarters, and interment, be immediately remitted by the commanding Officer to the General Treasury, at Fort William, by bills of exchange to be granted, on the Paymaster of the corps to which the deceased belonged, or with which he was serving when he died, specifying the name and rank of the person, on account of whose estate the bill is granted.

The Paymaster General shall transmit, through the Adjutant General's Office, the treasurer's receipt for the amount, so deposited, to the commanding Officer of the corps to which the deceased belonged, and copies thereof shall be entered in the Adjutant General's Office, and in the Regimental Books.

Notification of every such deposit shall be made to the Court of Directors, to whom, if there are not any executors or administrators of the deceased in India, it will be recommended to make publication in England of the name and rank of the deceased, and of the amount deposited, for the information of all who may be concerned ; and like publication shall be made in Calcutta.

Comm. Officers to account for the effects of deceased officers previous to quitting their corps.

Every commanding Officer of a corps or company who shall, agreeably to the Articles of War, have taken charge of the effects and papers of any deceased Officer or Soldier, shall be obliged to account for the same, in the manner above directed, before he shall quit his corps or obtain leave to proceed to Europe.

Size of paper required to be transmitted to the Adj. Genl.

All letters, receipts, or information relative to the effects of the dead, which are directed to be sent to the Adjutant General's Office, are to be written on foolscap paper, or on paper of that size.

Rules to be observed where Officer may die not belonging to corps at the station, relative to the disposal of their effects.

The commanding Officer of a station, where an Officer not posted or absent from his corps shall die, is to conform, in every respect, to the preceding regulations respecting the papers and effects of the dead. The inventory of the effects, and the receipts of the executors, or the account sales of the effects sold, are to be forwarded to the commanding Officer of the corps, to which the deceased belonged, in order to enable him to record, in his regimental books, a complete account of the estate.

The Military Paymaster of the station shall grant bills of exchange on the Military Paymaster General, in the manner above directed, and the Treasurer's receipt for the amount which may be deposited in the Company's Treasury will be forwarded, through

the Adjutant General's Office, to the commanding Officer of the station, and an authenticated copy of it to the commanding Officer of the corps to which the deceased belonged.

- G. O. C. C.** 31st March 1793 Commanding Officers of stations or corps, whose duty it may be to take charge of the estates of deceased Officers and Soldiers, are strictly enjoined to attend to the regulations of the 21st October, 1792, by which it will be found that, if there be an executor of the deceased upon the spot, a duplicate of his receipt for the effects of the deceased is the only paper to be transmitted to the Adjutant General's Office: and that, if there be not an executor, no paper is required to be transmitted to the Office of the Adjutant General.
- The bills of exchange for the amount of estates are to be forwarded direct to the Sub-treasurer, and not through the Adjutant General.
- Comp. Officers** to pay strict attention to the foregoing regulations.

- G. O.** 17 According to the deed of agreement between the Honorable East India Company and the Right Honorable Lord Clive, the several widows of Officers are allowed one quarter, or fourth part, of the ordinary stated pay, their respective husbands were entitled to, when in the Company's Service.
- Pension granted to Officers' widows from Lord Clive's Fund.**

Widows of commissioned Officers must lay before the Court such evidence, as to them may seem reasonable, that their husbands did not die possessed of real and personal estate to the amount specified, according to their respective ranks, viz.

Colonel, £. 4000—Lieutenant Colonel £. 3000—Major £. 2500—Captain £. 2000—Lieutenant £. 1000—Ensign £. 750.

- Let. C D 13th April 1783 Surgeon £. 2000—Assistant Surgeon £. 1000.
- Let. C D 25th July 1795 Commissary of Ordnance £. 2000—Deputy Commissary of Ordnance £. 1000—Conductor £. 750.
- Testimony as to the amount of the husband's property to be adduced.**

- G. O.** 3d July 1774 The pensions of widows to continue during their widowhood and no longer.
- Widows of commissioned Officers (residing in England) shall be paid half yearly, at Midsummer and Christmas, as their pensions become due, either in person, or by power of Attorney, at the Company's office in London only.
- Persons only to continue during widowhood.**
- When & where to be paid in England.**

- G. O.** 6th Oct. 1774 The Court of Directors being sensible of the hardship it may be to the widows of European Officers, who, either from being natives of India, or from other causes, cannot conveniently repair to England to receive the benefit of the Military Fund, have come to the following resolutions; viz. upon proper proofs of their husband's death and other testimonials, specified in the deed, being transmitted by our Governor in Council, such persons as are, or shall be, entitled to a pension, but cannot leave India, be admitted by this Court.
- Regulations for the payment of pensions to the widows of Officers in India.**

That upon the admission of any such pensioner or pensioners, advice be sent out, by the first catches, to the Governor in Council where they reside, with orders to pay such persons the amount of their pensions, at the times of payment mentioned in the regulations.

That the Governor in Council do, in the mean time, grant to such persons, as shall appear to them to have a just claim to the pension, but cannot repair to Europe, an allowance equal to, but not exceeding, the sum they will be respectively entitled to, until the proper vouchers be received by the Court of Directors, and their final determination shall be had thereupon.

- G. O. C.** 1 Dec. 1808 The Honorable the Court of Directors, having directed this Government to regulate its proceedings in cases of applications for admission to the benefits of Lord Clive's Fund, by the orders contained in the following paragraphs of a letter from the Honorable Court to the Governor in Council of Fort St. George, dated 7th September, 1808, those paragraphs are published for general information; and his Lordship in Council notifies, that no claim to the benefit of the Fund will be admitted hereafter, except under the conditions specified in those orders.
- Prohibition of widows of Officers residing in India being admitted to the benefit of Lord Clive's Fund.**

11th—"The reference you have made to us upon this point, requires that we should advert to the general design and present state of Lord Clive's Fund."

13th—"From the whole tenor and scope of the deed entered into between the Company and his Lordship in the year 1770, it appears that the benefit of the Fund was intended solely for European Officers and Soldiers, and their widows, resident in Great Britain or Ireland. The Company are therefore not warranted to admit any persons resident in India, as Pensioners on that Fund."

114th—Moreover the admissions to the benefit of the Fund in England have become gradually far more numerous than the income of the Fund can provide for, and the Company are therefore subjected to a large annual disbursement out of their own assets, for completing the payment of pensions granted upon Lord Clive's Fund. Hence it follows, that whatever payments have been made in India, to disabled Soldiers or their widows, have in fact been from the bounty of the Company themselves, and not at the expense of the Fund. And as there is no prospect that the Fund will ever become adequate to the English charge, now upon it, the question to be considered properly, is, whether the Company, themselves, shall pension Invalid Soldiers and their wives in India, upon the same conditions as the deed establishing Lord Clive's Fund has required. And we have no hesitation to determine this question in the negative. We mean to say not that an Invalided European shall in no case receive any support from the Company in India, but that we cannot form a general system, or establishment, like that of Lord Clive's Fund, as a provision for European Invalids or their wives in India.—And we must desire that this explanation may regulate your future conduct in relation to the present subject."

Affidavits and certificates to accompany the applications of widows.

In consequence of instructions communicated in the general letter of the Court of Directors, dated the 14th January last, all applications from the widows of Officers, to be admitted to the late Lord Clive's Pension Fund, are to be accompanied by attested copies, in duplicate, of the certificates of their marriage, and the affidavits in duplicate, setting forth that their respective husbands did not die possessed of property, to the amount prescribed by the deed of agreement between the Company and Lord Clive; nor any person or persons in trust for them.

PARA. 25th—His Royal Highness the Commander in Chief having been pleased to offer to our consideration a plan for supplying the Company with recruits from those enlisted by His Majesty, for general service, we have, on mature consideration, signified our acceptance of the same, and the draft of a bill for carrying the same into effect is now before the Honorable the House of Commons; in the mean time His Royal Highness has, in compliance with our solicitation, consented to furnish a number of recruits for our several Presidencies.

Recruits for the service of the Company supplied from those enlisted by His Majesty for General Service.

The term of service for which recruits are enlisted is ten years.

Ext. Act. C. D.
14th Sept. 1805

Having in the 25th Para. of our letter of the 29th May, 1799, advised you that in future each recruit enlisted for the Company's Service would be engaged to serve 10 years after his arrival in India, and that at the expiration of that period he would be at liberty to return to England at the Company's expence, unless he should chuse to re-enlist into the Company's service for a further term of 5 years; we now advise you that several men have been transferred to the Company's Service who were enlisted to serve in His Majesty's Army for life, and the Secretary of His Royal Highness the Commander in Chief having, in a letter dated the 2d September, 1805, stated, by order of His Royal Highness, that the persons in question are turned over to the East India Company's Service for life, and not for a limited term of years &c.—We forward for your information and guidance (a number in the packet) a list of the names of the several persons above alluded to.

Ext. Proc. V.P.
 17th Dec. 1801

" If the number of recruits should amount to or exceed 80 men, a chest of Port Wine will be sent on board your ship for their use.

This supply will in such case rescind, in some measure, that part of the Court's instructions which directs you to furnish the Military, upon particular occasions, with wines and other articles, and will not apply so far as regards the article of wine, until the quantity sent on board by the Company be expended ; and, if it should prove more than sufficient, the surplus is to be delivered into the Company's store, where the Military are landed, for the use of the Hospitals there.

The Wine being intended for the use of the Military in such complaints, only, where the Surgeon may judge it prudent to be administered, you will cause the wine to be delivered to him in such proportions as he may represent to be absolutely necessary."

Extract from the instructions of the Honorable the Court of Directors to the commanders of their chartered ships.

" There is laden on your ship a quantity of brandy, vinegar, sugar, soap, and other articles, to be distributed among the soldiers as may be necessary, and should this quantity be insufficient, or other requisites be found necessary for their health and preservation, any such supply from your own stores, indented for by your own Surgeon, will be liberally paid for, trusting to your prudence to prevent an abuse of these indulgences."

- Their batta is to commence from the date of their landing at Fort William, and to be the same as that of the Europeans in the Garrison.
- When the Recruits shall be sent to join their corps, the Officers under whose immediate command they shall have been at the Presidency, must obtain, from the Paymaster of the Garrison, certificates how far they have been paid up.
- Certificates furnished them when sent to join their Corps

	These certificates are to be delivered to the Paymaster, from whom the next month's pay is to be drawn for the Recruits and must accompany the accounts for audit.	
To be put on the rolls the day after they join	They are to be put on the rolls of companies the day after they join their corps.	
Period at which to be put on duty after joining.	The Commander in Chief directs that European corps do duty for all recruits that have been six months with their battalion, and that no recruits are placed on general or garrison duty until six months after they have joined, except in particular cases, and with permission of the commanding Officer of the station or detachment the corps is serving under.	G. O. C. 24th Feb. 1792
Allowed compensation when not drawing the full allowance of spirits.	As the commanding Officers of corps will particularly attend to the conduct of recruits on their first arrival, and may deem it necessary to prevent some of them from drawing the whole allowance of spirits, authority is given to the commanding Officer, in such case, to direct that they be paid for their drams by the contractor, (now Commissariat.)	G.O. 19th July 1787
Orders relative to the enlistment of Europeans in India.	Earl Cornwallis having reason to suppose that the frequent desertions from the European corps of this Army are in a great measure owing to the indiscriminate admission of persons of all nations into it, this practice is forbidden in future, and it is directed that none but British Subjects be entertained as Soldiers, and those only with the previous sanction of the Commander in Chief, for which application is to be made through the Adjutant General, accompanied with the usual descriptive form.	G. O 8th Feb. 1787
And the enrolment and renewal of contract of European children of Soldiers.	As the admission of children into the Service at an early age, is, of itself, an indulgence, no bounty money is to be given to boys thus entertained for Drummers or Fifers, nor at any future period for re-enlisting is any to be granted to the children of Soldiers born of Native women. Children of Soldiers, both parents being European, having served as Drummers or Fifers, and arrived at the age of 15, may be allowed to enter into contract, either as Soldiers, if fit to bear arms, or Drummers or Fifers, on the same terms as Europeans re-enlisting.	G. O. 7th April 1788
Those enlisting examined by Surgeons & certificates of their competency furnished.	European recruits who are occasionally enlisted in India shall first be examined by the Surgeon of the corps, whose certificates of their fitness for the service, together with the approval of the commanding Officer of the corps, shall accompany the bill for their bounty.	M. C. 16th June 1786
Period of service when to commence; bounty cloathing granted.	The contracted period of service of men who entertain in the country is to commence from the date of enlisting. Europeans, when first entertained in the country, will be entitled to receive their first cloathing at the expence of the Company, conformably to the rules respecting recruits arriving from Europe.	
Rate of bounty money allowed	The bounty of Europeans who entertain in the Honorable Company's Service in India shall be fixed at Forty Rupees for a contracted service of three years, and Fifty Rupees for a contracted service of five years.	
Bounty to foreigners.	When foreigners are entertained they shall serve one year without bounty, at the expiration of which time, if they have behaved well, they may be enlisted for three or five years and receive the bounty accordingly.	
Advances for the equipment &c. and subsistence of European recruits posted to corps and period at which repaid.	Ordered, that Sicca Rupees 4,150 be issued from the General Treasury in favor of the Paymaster of Artillery, to enable him to make the customary advance to Officers commanding companies of Artillery on their receipts, for the purpose of enabling them to provide the usual equipment of cloathing and necessaries, and also subsistence, for 83 recruits who have joined the corps by the last fleet from Europe at 50 Rupees each. To be repaid in 12 months by monthly deductions of Four Rupees from each man.	Proc G. O. 11th Aug. 1810.
Full mounting to be furnished on their arrival.	Half mounting to be delivered to European recruits on their arrival, and they are to continue to wear their sea jackets until they join the corps to which they are allotted.	G. O. 17th May 1787
What to consist of, and how to be prepared.	With reference to the General Orders of the 6th February last, (vide page 172) on the subject of half mounting, the Governor General in Council is pleased to direct, that the Agent for the 3d Division of Army Cloathing shall make up the several articles of half mounting specified in that order, and furnish the same to European recruits, as	G. O. G. G. 26th Sept. 1810

far as they can be provided for the established sums of Four Rupees and Eight Annas on account of each man.

The articles of half mounting to be issued to the recruits with the bounty cloathing, which the Agent for the 3d Division prepares, under the existing regulations.

Res G. G. 10th
Aug. 1798

Ordered, that the pay of the Company's European Troops shall be regulated by the rates established by His Majesty's warrant, bearing date 5th July, 1797.

Rates of pay
established for
Euro. troops.

The present batta to be continued, and a deduction to be made from the fixed pay in all situations conformably to the rates established on the Island of Jamaica, in His Majesty's warrant aforesaid. (*vide Page 92.*)

To the present pay of the Artillery is to be added the precise sum with which the Infantry pay has been augmented, and a deduction to be made therefrom and in the like manner and at the same rate as from the pay of the Infantry.

M. C. 15th Feb
1799

As the subsistence of privates of His Majesty's Infantry Regiments exceeds the pay of Infantry privates of the Honorable Company's Regiments, resolved, that the pay of Infantry privates in the Honorable Company's Service be Sonat Rupees 8 9 10 per mensem, to put them on a footing with the privates of His Majesty's Infantry Regiments; and that, agreeable to the resolutions of Government of the 10th August last, the pay of Matrosses of Artillery be augmented to Sonat Rupees 10 9 10, but the pay of all other ranks of the Company's Artillery and Infantry is to remain as at present, the same now exceeding that of the same description of persons belonging to His Majesty's troops under his warrant dated 5th July, 1797.

and how furnished to the men

This sum is not to be paid to the men themselves, but to be drawn for by the commanding Officers of European Battalions and of detached companies of Artillery, according to the strength of their effectives entitled to cloathing, and is to be distributed to, and applied by the commanding Officers of companies in the European corps, in the purchase of jackets, shirt linen, and such other necessaries as will most contribute, in the opinion of the commanding Officers of the battalion and of the detached company of Artillery, to the real use, as well as to the cleanly and uniform appearance of the men; the Serjeants attached to Native Battalions are to be drawn for, and the necessaries supplied, by their respective commanding Officers.

how provided for Serjeants of Native corps.

Returns of articles furnished transmitted to the Adj. Gen.

Government rely on the care and attention of commanding Officers, both of battalions and companies, that the money may be both usefully and faithfully applied for the benefit of the Soldier; and have requested the Commander in Chief to call for a specific return, from the commanding Officer of each corps, of the articles provided with it, which returns are hereby directed to be transmitted to the Adjutant General's Office accordingly.

The issue of half mounting, or whatever may be supplied in lieu of it, to all corps and descriptions of troops, is to be specified, with a statement of the articles supplied, on the back of the return for the month in which the issue of those articles may take place.

17th 1788 It is to be proposed to all non-commissioned Officers and Soldiers, who are fit for service, to renew their contracts after it has appeared that they have fulfilled their former engagements; and an option is left with them to choose the corps with which they will renew, according to the rules that have been usual in this service; and the determination of all such men is to be reported immediately, for the information of the Commander in Chief, to the Adjutant General, who will transmit a list of those men who have renewed to the Regiment or Corps for which they have engaged, and also to the Fort Major, that their names and terms of renewal may be entered upon his Register. European Soldiers whose time of service has expired permitted to renew their contract.
- (N. B. Bounty for renewal of contract is the same for periods of service, respectively, as allowed to recruits enlisting in India, *vide* Page 166.)
- There being reason to believe that, in several instances, Soldiers have, by false assertions, obtained certificates of their having served their contracted time, before it was actually expired, in order to prevent such impositions, it is to be considered as a standing order, in future, that no non-commissioned Officer or Soldier shall be permitted to quit the Regiment to which he belongs, or to renew his contract for further service, until a certificate shall be obtained from the Fort Major of Fort William, that it appears by the books of his Office that the former engagements have been fulfilled, which certificate is to be required from the Fort Major, by the commanding Officers of Regiments, upon every application from non-commissioned Officers and Soldiers to be discharged the service or to be permitted to renew their contracts. Certificate of the expiration of contracted service previously required.
- It is to be considered a standing order, that all non-commissioned Officers and Soldiers, who may renew for different Regiments, shall remain with, and be drawn for, in the Regiment and companies to which they have belonged, until the Commander in Chief shall give particular orders for their removal through the Adjutant General. Those renewing for different corps to wait the Comr. in Chief's orders previous to quitting their former corps.
- G. O. C. C.
1788 It is to be understood that it is not intended to allow non-commissioned Officers of European Battalions, to renew at pleasure for the Sepoys corps, such indiscriminate liberty not being according to the rules that have been usual in the service. European non-commissioned not to renew at pleasure for Native corps.
- G. O. C. C.
1st Nov. 1788 Soldiers, who may be desirous to engage for the Artillery, are not to be allowed to renew for that corps without the previous approbation of the commanding Officer of Artillery present; but should such men, upon examination, be deemed unfit for that line of service, an option is still to be left them of renewing for the European Regiment of Infantry. Nor for the Artillery, unless qualified for that line of service.
- G. O. C. C.
25th July 1788 In the rolls of men desirous of renewing their engagements with the Company, which are directed to be transmitted to the Adjutant General's Office, is to be expressed, opposite to the name of each man, the character he bears; the Commander in Chief being determined not to allow men of vicious dispositions or profligate manners to remain in the service. Certificates of character annexed to the rolls of men applying to renew.
- G. O. C. C.
13th June 1788 Difficulties having occurred about fixing the time when the new contracts of non-commissioned Officers and Soldiers, whose times of contract have expired, should commence, it is directed that the same take place from the dates of their respective applications to renew their engagements with the Company, and the dates of such applications are to be inferred in the reports, which, by the General Orders of the 28th March, are to be transmitted to the Adjutant General's Office. Period of renewed contract commences from the date of the application to renew, which is to be entered in the rolls.

Form of roll to be observed and how forwarded to the Adjutant General, Town Major, &c.

The following form of long roll, regarding non-commissioned Officers and Soldiers who wish to renew their contracts, is directed to be observed in future, and to be transmitted to the Town Major's Office. (*Vide Form No. 2.*)

G. O. 11 Nov 1788

When the Town Major shall have added the necessary certificates, as directed by General Orders of the 28th March last, he is to send them to the Adjutant General for the Commander in Chief's inspection, after which they will be returned to the Town Major, that the names and terms of renewal may be entered upon his register; when that is done, the Town Major is to return the rolls to the Adjutants by whom they were originally forwarded to his office, who are directed to transmit descriptive lists of the men who have renewed for other corps to the commanding Officers or Adjutants of the corps for which they have engaged.

Rules to be observed in the case of men desiring to renew when upon service.

Officers in command of detachments of Bengal Troops, on service on the Coast, on being satisfied of the due expiration of the former contracts of such Soldiers as shall be desirous of renewing their engagements, are authorized to admit of their doing so, and to direct the payment of the bounty money.

G. O. 26th Oct 1790.

Rolls of men renewing their contracts under these circumstances are to be regularly forwarded to the Town Major at Fort William, and after being registered in his office they are to be forwarded to the office of the corps to which the men belong.

Foreigners who have behaved well permitted to renew

The General Order of the 8th February last, (*vide page 166.*) was not designed to operate as a restriction against a Soldier, being a British subject, renewing his contract in the usual forms, or to exclude such foreigners from renewing as have uniformly behaved themselves as good Soldiers.

G. O. C. 27th Mar. 1787

Soldiers renewing after having taken their discharge, refund any compensation in lieu of clothing they may have received.

When any non-commissioned Officer or Soldier, after having received his off- reckonings, (compensation in lieu of cloathing) shall desire to renew his contract, the amount of the off- reckonings he has received shall be paid back again, out of his bounty money, by the Staff Officer who draws the bounty money, and this money, so refunded, shall be accounted for to the Off- reckoning Fund.

G. O. 5th Dec. 1778

Certificate granted to Soldiers desiring their discharge, and information relative to them transmitted to the Town Major.

It is hereby directed that the commanding Officer of every corps do grant to all non-commissioned Officers and Private Soldiers, whose contracted time of service may be expired, and are not desirous of continuing in the Service, a certificate particularizing the exact space of time the parties shall have served the Company, in the whole, either within the limits of this Presidency, or, if it can be ascertained, in any other part of India before their arrival in Bengal; that the Town Major may be therefrom enabled to make out their final discharges from the Service. (*Vide Form No. 3.*)

G. O. 6th Oct. 1774

The names of such men, who are struck off the strength of their corps and sent to the Presidency, to be inserted in the list of casualties transmitted to the Town Major's Office in separate columns, specifying their respective length of service, if disabled by wounds or superannuated, and whether or not recommended for the pension.

Soldiers taking their discharge or retiring on the pension when sent to the Presidency.

All non-commissioned Officers and Private Soldiers who may be entitled to the pension, and are desirous of returning to Europe, or whose contracted time of service is expired and are not willing to renew their contracts, shall be sent to the Presidency between the months of October and February that they may be in readiness to embark on the ships of the season.

It is to be a standing order, in future, that all non-commissioned Officers and Soldiers who from a desire to return to their own country may decline to renew their contracts, must remain with their respective regiments until the season approaches for the sailing of the Company's ships for Europe; and that the public faith may be strictly kept with men of that description the Adjutant General will, in proper time, communicate the Commander in Chief's orders respecting the periods and manner in which all such men are to be sent down to the Presidency.

G. O. 29th March 1788

Soldiers, &c. discharged or invalided from the European Regiment or from Native corps drawn

That the pay of all men belonging to the Honorable Company's European regiment, and of all non-commissioned Officers attached to Native Regiments, who shall refuse, at the expiration of their contracted time of service, to renew their engagements, and shall in consequence be sent to Fort William for the purpose of being embarked for Europe, shall be drawn in abstract by the Town Major, conformably to the certificates of the last pay

That the pay of all men who shall be invalided from the Honorable Company's European Regiment, and sent to the Presidency shall in like manner be drawn by the Town Major, until such men shall have been transferred to the corps of European Invalids, or shall have been sent to Europe.

That all such men as shall renew their contracts of Military Service with the Company, according to the existing regulations, and shall obtain permission to be employed out of the line of their Regimental duties, in the Military Department, as Garrison Staff, and in situations where Europeans of that description usually form a part of the regular establishment of Government, shall be borne on the returns of the corps in which they have renewed their contracts of service.

European Soldiers, &c. employed as Garrison Staff, &c. how borne on the strength of corps.

On the muster roll opposite to the names of such persons they shall be returned "absent by leave employed at or by"—pay shall not be drawn for such men in the absents of their respective corps, but they shall receive the net pay of their Military rank in the Department in which they shall be employed, together with the established salary and Staff pay of their situation; they shall also receive cloathing annually.

How to be mustered and paid, and what allowances to receive.

M. C. 150
Nov. 1793

Resolved, at the recommendation of the Commander in Chief, that the allowance of batta to such European Soldiers as have been discharged from the Company's Service, and do not choose to renew, be discontinued; except to those who voluntarily subject themselves to Military discipline, until opportunities shall offer of sending them to Europe.

Batta granted to Soldiers discharged in event of their submitting to Military discipline until their departure.

Gen. Ord. No. 118
1794

In consequence of the Minutes of Council of the 15th instant, it is directed, that, after the arrival at Fort William of such European Soldiers whose times of service are expired and who will not renew their contracts, batta for such of them as are willing to continue with any of the corps in Fort William to which the commanding Officer may think fit to attach them, be drawn for them in the corps in which they serve; and in which they are to be returned as supernumeraries.

To be drawn in the corps they may be doing duty with in Fort William.

G. O. G. 20th Nov. 1827

The indulgence of a hammock and quilt, granted by General Orders of the 9th October 1811 to each Invalid of His Majesty's and the Honorable Company's Service, proceeding to Europe, is extended to discharged effectives.

A hammock and quilt granted to all discharged Soldiers proceeding to Europe.

Soldiers returning to the service in India must proceed to the Presidency they formerly belonged to.

Let. C. D. 18th
March 1789.

PARA.—2d. It being observed in the reports from your Committee of Officers, that some men who were before privates were returned non-commissioned Officers, we think it necessary to acquaint you we have some time since given directions that not any non-commissioned Officer or Private Soldier, who may come to England at the expiration of

the time for which he enlisted, be permitted to return in a higher station than that in which he acted when he obtained his discharge, or to proceed to any other Presidency than that to which he formerly belonged.

And on production of certificates of character may be re-instated in the rank they held at their discharge.

None to be appointed non-commissioned Officers who have not served in that station.

Non-commissioned Officers appointed to return with their rank without re-entrance to the prescribed age and standard for recruits.

PARA. 3rd.—And that we might be fully informed on this subject we have not considered any petition, unless accompanied with the discharge or other certificate of the person's rank and behaviour, except in some few instances, when the required documents have been by accident lost, in which case we have permitted the petitioner to return, and to be re-instated in the same rank, which, it shall appear on his arrival in India, he held when he received his discharge.

PARA. 4th.—We have likewise ordered that not any person should be appointed a non-commissioned Officer who has not served the Company in that station in India.

PARA. 5th.—We have resolved that such non-commissioned Officers who shall in future produce satisfactory proofs of their having served the Company in India, and shall appear, in the opinion of the Company's inspecting Officers, capable of doing duty five years longer, shall be permitted to return with the rank they held at the time of their discharge, notwithstanding they may not come within the regulations respecting the age and height of recruits for the Company's Service.

Let C. D. 5th
June 1793

European Soldiers absent themselves from their Corps tried by Regl. Court Martial. Rewards when granted for their apprehension.

As it may be more convenient to try Soldiers, who absent themselves, from their corps, before Regimental Courts Martial, for being absent without leave, than to assemble General Courts Martial to try them for desertion; the practice is allowed of, and, in all such cases, if it shall have happened that the Soldiers have been seized by Zemindars or others, on promise of reward for apprehending them, the Officer commanding at the station shall make particular enquiry concerning it, and if he shall be fully satisfied that the person who seized, or the informer, did act on promise of reward on conviction; and if he shall also be satisfied that the prisoner would have been convicted of desertion if he had been tried by a General Court Martial, the Commanding Officer shall certify his belief and enquiry, and recommend granting the reward; and all such certificates shall be laid before the Commander in Chief for his sanction, and, under it, be paid.

C. O. 20th
Aug. 1798

Reports of the desertion of Europeans in Fort William made to the Town Adjutant.

Officers commanding European Corps in garrison at Fort William are directed, immediately after the desertion of any of their men, to cause reports thereof, and descriptive rolls of the deserters, to be transmitted to the Town Adjutant, in order that he may take measures for apprehending them.

G. O. C. C.
14th Nov. 1790

Application how to be made for deserters taking refuge in foreign ships or settlements.

Whenever there may be reason to suppose that any deserters from His Majesty's Troops, or from the European or Native Corps of the Company's Army, have taken refuge within the jurisdiction of any of the Factories dependant on the Government of Fierdericknagore, or in any of the Danish ships or vessels; the commanding Officers of the stations from which the desertions happen, are to make requisition for the surrender of the deserters to the President of the Factory, or Commander of the ship in which they may be suspected to have concealed themselves, and this application is to be accompanied with a particular description of the persons deserted.

1781

Allowance for the apprehension of deserters how drawn and paid.

The allowance of 100 Sonat Rupees, granted for the apprehension of every European Deserter, is to be passed hereafter by the Military Auditor General on a certificate from the Town Major, Brigade Major, or other public Officer, that the person apprehended has been convicted before a Court Martial of desertion.

M. C. 18th
April 1788

The Governor General in Council thinks proper to correct an idea which seems to prevail, that a commanding Officer has a claim to the whole or any part of this allowance; he considers it the duty of every Officer to detect deserters without any participation in this reward, which should be distributed only among the non-commissioned Officers and Privates, whether European or Native, or other persons instrumental in apprehending, or whose information may be the means of detecting deserters; and orders, therefore, that the distribution of this reward be made by the President of the Court Martial before which a deserter is convicted, and to be drawn and applied for these purposes only, by the Town Major, Brigade Major, or other public Officer of a Corps or Station.

The Commander in Chief being of opinion that the allowance of Sonat Rupees 100

M. C. 27th

granted by the Board, under date the 9th April, 1770, for apprehending European deferters, is unnecessarily large, and that the intention of the regulation will be fully answered by limiting the allowance to Sonat Rupees 50 for each deferrer; Resolved, according to the recommendation of the Commander in Chief, that the reward be reduced to that sum. The other parts of the regulations respecting deferters remain in force.

- G. O. C. C. 17th Nov. 1806 All Officers or others, with whom European non-commissioned Officers or Privates, belonging to the several corps in the Hon'ble Company's Service, may be employed out of the line of their professional duty, will be pleased to report all casualties that may occur amongst those people to the staff officers of the corps to which they may belong. Casualties occurring amongst those employed in the Town of Calcutta are to be reported by the Fort Adjutant of Fort William. Casualties of Europeans employed away from their corps how reported.
- Gov. Regs. Ft. Wm. & Proc. G. G. 2d July 1807 Funeral parties are not to be sent for non-commissioned Officers and Soldiers who die at the General Hospital, but the Captain of the company will permit the Pay Serjeant and a few of the friends of the deceased to attend the corpse to the grave. Funerals of those dying in the General Hospital in Calcutta how conducted.
- M. C. 3d August 1799 Every Soldier, whether of European Infantry, Cavalry or Artillery, who dies on or before the 15th of the month, will be struck off the pay rolls at the end of the month; but if he dies after the 15th of the month, he shall be continued on the pay rolls for the next month only to defray his funeral expences. Periods for which pay is drawn for those deceasing.
- G. O. 14th Jan. 1792 Whenever Officers have occasion to remit money to the General Treasury, as directed by Minutes of Council of the 21st October, 1792, on account of deceased soldiers, they are at the same time to forward to the Treasurer a descriptive list specifying the following particulars, viz: the Christian and Surnames at full length; Corps; Rank; date of decease; age; country; and time of the enlistment of the persons on whose account the money is remitted. *(For rules to be observed in regard to the disposal of effects of deceased soldiers vide M. C. 5th August. 1779, and 21st Oct. 1792—Page 160.)* Rolls to accompany remittances of money of deceased Soldiers &c. to the Treasury.
- M. C. 23d August 1781 Agreed, that the European Women, whether belonging to the Artillery or the Infantry, shall be allowed the pay of 8 Rupees per month. Allowance to European Wives of Soldiers.
- Proc. V. P. 20th Mar. 1810 The allowance authorized for the European wives of non-commissioned Officers and Privates is, under no circumstances, to be in future granted to the wives of non-commissioned and privates not born of European Parents. Not authorized to those born of Native Parents.
- Proc. G. C. 28th May 1801 The Governor General in Council does not deem it necessary to establish any allowance for quilts for European Women, belonging to His Majesty's or the Company's European Regiments. No allowance for quilts to European Women.
- Res. M. B. 23d Oct. 1810 Ordered, that Major Kelly be informed that hammocks are not allowed by the regulations for women and children, proceeding with the Troops on board ship. Or for Hammocks to European Women and children.
- G. O. G. G. 4th April 1808 The Governor General in Council is pleased to direct that an allowance of 12 Sonat Annas for each European woman, and of 6 Sonat Annas for each child, being the wives and children of European non-commissioned Officers and Privates, shall be granted to the Commanders of ships in the Service of the Honorable Company, or in the country trade, employed by Government in the conveyance of Troops from port to port in India. Allowance for victualing European women and children transported by sea.
- Let. C. D. 19th Apr. 1797 PARA. 7th—Very great distress having arisen to persons, who, after attending passengers to England, have been deserted and left unprotected without any means of returning to their families; we have resolved (in order to prevent the same in future) that previous to the wife of a non-commissioned Officer or Private, either in the King's or Company's Service, being allowed to proceed to England in attendance upon any passenger, a deposit be made in India to the same amount as that which is directed respecting black servants. Deposit to be made on taking the Wives of Soldiers, &c. to England as servants.
- G. O. G. G. 11th Aug. 1810 The Governor General in Council is pleased to permit the widows (being Europeans) Periods to which pay is

granted to European widows of Soldiers after their husband's decease. of European Soldiers, to draw the allowance which they received during the life time of their husbands, until their embarkation for England, which is in all cases to take place as speedily after the decease of the husband as possible, consistently with a reasonable allowance of time to prepare for the voyage; and Charter Party Passages will be provided for them by Government. In the event of widows of this description declining the option of proceeding to England, the allowance will cease from the date of the dispatch of the first ship to England after the husband's decease.

Regns. under which Lord Clive's pension to widows of Soldiers is granted & paid, According to the deed of agreement between the East India Company and the Right Hon'ble Lord Clive, "the widows of Soldiers who may have become Invalids or Superannuated in the Company's Service, or of Soldiers dying in the Service, are allowed one quarter or fourth part of the ordinary stated pay their husbands were entitled to, during their respective widowhoods, and no longer." L. O. 23d July 1774

The Pensions to commence from the dates of debarkation in England, to be paid in advance the remaining number of days of the current half year, and at the expiration thereof, every succeeding half year in advance.

Those residing within 25 miles of London shall be paid only at the Company's Office in London. Those residing at a greater distance in Scotland or Ireland to be paid at such times, by such persons, and in such manner, as the Court of Directors shall, from time to time, find convenient, in person and not otherwise; one shilling to be allowed by such pensioners to the person paying them for his trouble.

Widows of non-commissioned Officers and private men must prove their marriage to the satisfaction of the Court of Directors.

To those only who reside in Great Britain or Ireland. PARA. 113th—From the whole tenor and scope of the deed entered into between the Company and Lord Clive in the year 1770, it appears that the benefit of the Fund was intended solely for European Officers and Soldiers and their widows resident in Great Britain or Ireland. The Company are therefore not warranted to admit any persons resident in India as pensioners on that Fund. (vide Page 162) L. C. D. 7th Sept. 1808

The Governor General in council notifies that no claim to the benefit of Lord Clive's Fund will be admitted, hereafter, except under the conditions specified in the orders of the Honorable Court of Directors, conveyed in their letter under date 7th September, 1808. G. O. G. O. 29th Dec. 1810

Allowance for the subsistence of Orphans of European Soldiers. Resolved, that an allowance of 3 Rupees per month be made for the subsistence of each of the orphan children of non-commissioned Officers and Soldiers who have been on the Bengal Establishment, to be paid into the hands of the Managers of the Orphan Fund, established by the Officers of the Army, and to be appropriated under their direction to the service required. M. C. 15th May 1783

Extended to all children of European Soldiers. Agreed to grant the allowance of 3 Rupees per month to all children of Soldiers to be paid to the Managers. M. C. 30th June 1783

PARA. 8th.—This Court doth approve that the Managers of the Orphan Society have the charge of the maintenance and education of the children and orphans of European non-commissioned Officers and Privates on the Bengal Establishment. L. C. D. 14th Mar. 1786

The allowance augmented, As the Managers of the Orphan Society have made repeated representations to the Governor General in Council, setting forth that the monthly allowance of 3 Sicca Rupees stipulated to be paid to the Managers by the Company, for the maintenance, cloathing and educating of each of the European Soldier's children, is greatly inadequate to the unavoidable expences incurred by the Society on those accounts: this Court will therefore give orders, that the Managers of the Society be directed to deliver in to the Board an account, annually, specifying the actual expences incurred by the Society, on account of those children, and that the excess of the said amount above the allowance of three Rupees be reimbursed to the Society by the Company, provided that the total monthly charges, for each child, do not exceed the allowance of five Sicca Rupees, formerly issued for the support of those children. And, to prevent abuses in this charity, it is the opinion of the Court that no allowance, either of three Rupees or any further sum, be paid without returns being regularly made to the Governor General in Council of the children entitled to this fund, specifying the names and age of such children, and the names of their

fathers, together with their stations, and the Regiment and Company to which they respectively belonged, which lists are annually to be transmitted to the Court of Directors.

Res. Gen. Man.
Orphan Society
31st May 1787

Resolved, that the several Station Committees be empowered to pay unto the parents and guardians of such children, whose ages do not exceed three years, and who are present with the corps belonging or attached to the station, the sum of Sicca Rupees three per mensem, under certain restrictions hereafter mentioned.

Rules under which the payment of three Rupees per month is authorized to children whose ages do not exceed three years, and who remain with their parents or friends.

That the Committees be requested to apply to the proper Officers for a monthly list of all children whose ages do not exceed three years, inserted in the review rolls transmitted by them to the Adjutant General's Office, and that a copy of these lists, with an account of the money paid for the children, be transmitted monthly to the General Management.

That the Committees be informed, that they are not to pay the allowance of 3 Rs. per month for children, under the age of 3 years, unless their parents or guardians will enter into engagements to send all such children to the Orphan House when they are at a proper age to be received, and that persons having children whose ages exceed three years, and do not send them, or consent to permit them to be sent to the Orphan House, shall not on any account whatever be paid the allowance for such children as they may have, whose ages do not exceed three years, until they comply with this regulation.

Res. Gen. Man.
Orphan Society
22d June 1790

Agreed, that it be left in the discretion of the several Station Committees to prolong the term of the children of non-commissioned Officers and Privates continuance with their parents to four years, in such particular cases as may appear to them to justify the deviation from the original resolution, which limited the term to three years.

Term of children remaining with their parents prolonged to four years occasionally.

M. C. 29th
July 1796

Agreed, that the allowance granted to the Orphan Society for the children of non-commissioned Officers and Privates be extended to the children of those men belonging to this establishment, who may be serving at the Islands, dependant on this Presidency.

Allowance extended to the children of men on foreign service.

G. O. C. C.
23d May 1796

In order to guard as much as possible against the parents or guardians of children imposing on the Management by reporting their children dead, or otherwise secreting them, on their attaining the prescribed age for being placed in the Lower School; Officers commanding corps, who return children to the Adjutant General, are enjoined to use every method in their power to enforce a strict performance of the agreement entered into by the parents or guardians, who, in case of refusal to send the children to the Orphan House, are to be put under stoppages until the whole amount of the subsistence money issued to them is recovered.

Penalty on Soldiers, &c. refusing to send their children to the school on their attaining the prescribed age.

The allowance of the Honorable Court of Directors on this account, being limited to those children whose fathers are born in Europe, it is not in any instance to be made to the offspring of intermarriages between boys and girls of half blood, as the granting such indulgence would occasion a considerable and unauthorized expence to the Hon. Company.

Allowance only granted to children of European fathers.

The General Management of the Orphan Society having represented to the Commander in Chief, that the funds of the institution are subject to continual loss from the present modes of paying arrears claimed for Soldier's children, on certificates obtained from the Orphan Committees of Stations, such arrears being generally claimed for periods in which the claimants are proceeding by water, and their children not returned to the Adjutant General; His Excellency is pleased to order, in future, that no arrears whatever shall be paid on certificates of this nature; but on their being presented to the Committees they shall be forwarded to the General Management, for the purpose of being compared with the several rolls of children for those months for which arrears are claimed; and, in the event of such children not having been duly returned, no arrears are to be paid until review rolls are furnished for each child, for the months due, and information received from the General Management that the bills for those arrears have been duly sanctioned by the Commander in Chief, and passed by the Military Auditor General, accordingly.

Rules for the payment of arrears claimed for Soldiers' children.

The rank of the fathers is to be in future inserted in the rolls of children, sent from the different corps to the Adjutant General.

Rolls of children how to be prepared, rank of the fathers to be inserted.

General return to be transmitted to the Court of Directors.

Agreed, that the Adjutant General be requested to send the returns as he receives them, after reserving a copy, to the Secretary, who will prepare the General Returns for the Court of Directors, which the Managers will request the Adjutant General to authenticate.

Res. Gen. Man.
Orphan Society
25th Nov. 1786

Returns of children of men removed how transmitted and vouched.

To ensure the regular transmission of returns of children of men, removed from one corps to another, the Adjutants of the corps, from which such men are removed, are to furnish the men with certificates expressing the period to which the children have been returned; and the Adjutants of the corps, to which the men are transferred, are to make out and transmit to the Adjutant General separate returns of the children for the months in which they have not been returned. The Orphan Committees are also to furnish the men with certificates of the period to which the allowance has been paid, which certificates are to be presented to the Orphan Committees of the Stations to which the men are removed.

G. O. C. C.
22d Mar. 1799

Casualty lists to accompany the returns.

The monthly returns of children are to be accompanied by lists of casualties, which have taken place in the course of the month; and Adjutants of corps are enjoined to ascertain the actual occurrence of the casualty before they report it; in order to guard against parents or guardians of children secreting them upon their attaining the prescribed age for being placed in the Lower Orphan House, and thereby defeating the humane intention for which the School was established.

Returns when transmitted and how prepared.

Returns of the children of European non-commissioned Officers and Privates, whether Orphans or not, belonging to the different corps of the Army, to be separately transmitted to the Adjutant General's Office, with the Monthly Regimental Returns of the several corps. In these returns the names and ages of such children as are present, together with the casualties that may have occurred in the course of the month, are to be inserted.

Rules for European Soldiers &c. visiting their children at the school, and for their preferring complaints.

Non-commissioned Officers and private Europeans, who may be desirous to visit their own children, or the children of their friends, in the Lower Orphan School, are to procure a pass chit from their immediate commanding Officers, which is to express the purpose for which it is granted, and to be carried by the person visiting a child (dressed in the uniform of his corps) to the Head Master of the School, who will permit the parent or guardian to see the child, provided he conducts himself on his coming, and whilst there, with sobriety, respect and decency; but on any deviation therefrom he will be refused admittance, and his name reported to his commanding Officer.

G. O. C. C.
9th Nov. 1802

In order to prevent inconvenience from indiscriminate and daily visiting at the School, the Commander in Chief enjoins Officers in command of European corps, to be particularly careful not to allow too many men to go at the same time, and, as far as is consistent with circumstances, to restrict this indulgence to fixed days. A steady non-commissioned Officer is always to proceed in charge of the men.

Should any of the non-commissioned Officers and private Europeans conceive that they have cause of complaint regarding their children, of whatsoever nature, they are to state their grievance through their immediate commanding Officer to the Deputy Governor of the Society, who will cause an immediate investigation into the complaint.

G. O. C. C.
18th July 1799

Whenever non-commissioned Officers or Soldiers have occasion to write to the Secretary of the Orphan Society, their letters, or references regarding their children borne on the Review Rolls of that Institution, are to be forwarded by the commanding Officer of their corps to the Orphan Committee of the station to which such corps is attached, or by the commanding Officer direct to the General Management, as he may judge expedient.

Letters of Soldiers having occasion to write to the Orphan Society, how to be forwarded.

The Deputy Governor and Managers of the Orphan Society have represented to the Commander in Chief, that non-commissioned Officers and Soldiers have often franked letters themselves, which is a practice that is strictly to be prevented by commanding Officers in future.

Refn. General
Mans. Orphan
Society, 11th Feb,
1787

It is proposed to provide for several of the sons of the non-commissioned and privates by sending them to sea, or placing them, with the approbation of Government, in the Pilot Service.

Provision proposed for the sons of European Soldiers.

It is also proposed to request of Government that the sons of non-commissioned and privates may be admitted into the Service of the Company, as drummers and fifers, as often as convenient.

The Right Hon'ble the Governor and the Managers present approve of both these propositions, and resolve that they shall be adopted.

Proc. G. G.
7th Nov. 1808

The Governor General in Council is pleased to determine that the boys attached to the Lower Orphan School shall not in future be transferred from that Institution to corps in the Army, until they shall have attained the age of 13 years.

Period at which they are transferred as Drummers and Fifers.

His Lordship in Council is pleased to authorize a Drummer and a Fifer to be entertained at the School, for the purpose of instructing the boys intended for the Army.

A Drummer & Fifer authorized at the school for their instruction.

Proc. G. G.
6th June 1808

Any expences incurred by the Managers of the Orphan Society, on account of buildings for the accommodation of the Lower School, are in future to be charged by them in a separate bill to be audited before payment : and the same form is to be observed with regard to any advances made by the Managers for the equipment of boys drafted into Regiments, that the amount may be recovered from such Regiments, in regular course, by the proper Paymaster, to whom the advance will, in the first instance, be charged for that purpose.

Advances for Buildings, and for the equipment of boys, drafted to corps of the army how to be charged.

Proc. G. G.
30th May 1808

His Lordship in Council approves and sanctions the arrangement proposed by the Committee of the Orphan Society, for the assignment of the Company's allowance, of Sicca Rupees 3 per child, upon abstracts drawn by the Secretary of each Station Committee, if accompanied by the requisite Review Roll of the children. The Paymasters to charge the amount upon their disbursements like any other Military Expenditure, under the head, " Allowance for Soldiers' Children."

Company's allowance to be paid to the Station Committees.

In the event of the monthly allowance, of Rupees 3 for each child, being found to be insufficient for defraying the expence of the Lower Orphan School, his Lordship in Council, on the application of the Managers, will authorize a monthly advance being made for the probable amount of their disbursements on the same account.

And a monthly advance authorized at the Presidency on application of the Managers.

Such advances to be adjusted in the Office of the Military Auditor General at the end of each year.

Proc. G. G.
4th June 1807

The Governor General in Council concurring in opinion with the Managers regarding the propriety of appointing a commissioned Officer for that duty, approves of the appointment of Captain James Davidson to superintend the Lower Orphan School, and of the allowances proposed for him, with the exception of full batta, viz. 200 Rupees per month and the house rent of his rank.

Commissioned Officer appointed Superintendent of the Lower Orphan School, and his salary established.

Rules for the preparation of annual long rolls and casualty lists of European non-commissioned and Privates.

G. O. C. C.
20th Oct. 1806

The Annual Survey Rolls of all European commissioned, non-commissioned Officers and Privates are to be closed the 31st December every year, and transmitted without delay to the Office of the Town Major at Fort William as soon as they can be prepared.
(Vide Form No. 4.)

Period of transmission.

Orthography to be carefully preserved, & numbers correctly stated.

Only to exhibit the names of those present at the time.

Quarterly returns of European corps when transmitted and how prepared.

Officers in command of European corps are enjoined to be particularly attentive in preparing their Annual Long Rolls for the Town Major's Office ; the original mode of writing both the Christian and Surnames of the men is never to be deviated from, and the greatest care is to be taken that the number of Europeans exhibited on the Rolls is correct.

These Rolls are to specify only the names of men living at the time of making them up. Separate lists of the casualties that have happened since the date of the preceding Rolls, are to be forwarded at the same time.

Quarterly Returns of European Artillery and Infantry of the Hon'ble Company's Army, and of the corps of European Artillery and Infantry Invalids, to be transmitted, in future, to the Adjutant General's Office, and to state in columns the alterations and casualties that have taken place since the dates of the preceding returns, under the following heads. (*Vide Form No. 5.*)

The alterations in the European Invalids, as to the number transferred to the corps, deaths, desertions, &c. are also to be inserted in their Annual Rolls, Casualty Lists, and Quarterly Returns.

Proportion of each regiment of European Infantry to be trained to the gun exercise.

Government having been pleased to authorize an annual supply of light ammunition for training a proportion of each Regiment of European Infantry, of His Majesty's and the Hon'ble Company's Service, serving under this Presidency, to the practice of Field Artillery, 5 men per company of each corps are to be drilled, accordingly, for that duty ; and indents for the following light ammunition and stores, for each corps of European Infantry, are to be transmitted annually to the Military Board.

Two six-pounder Field Pieces with their equipment supplied to each corps.

Two 6-pounder Field pieces, for the purpose above mentioned, are to be issued to each corps of European Infantry from the nearest magazine ; and with them the usual fixed proportion of spunges, pouches, and other gun implements for the service of a 6-pr. Field Pieces, are to be supplied and replaced, from time to time, whenever any may be worn out or become unserviceable from accident.

Staff allowance to Adjutants of European Infantry.

Staff allowance to an Adjutant of a Regiment of European Infantry, as fixed by the Hon'ble Court of Directors on the 8th January, 1796, Sonat Rupees 187 per mensem.

Ext. Let. C. D.
8th Jan. 1796

Additional Staff allowance to Adjutants of all European corps.

The Hon'ble the Court of Directors having ordered the extra sum of Curt. Rupees 100, now drawn by the Adjutants of European corps, and which was formerly paid from the Off-reckoning Fund, shall be discontinued, the Governor General in Council directs the said allowance shall cease accordingly. The Hon'ble Court having at the same time, in consequence of the late increase of the Establishments of European corps, authorized the Governor General to make an adequate addition to the allowances of the Adjutants of those corps, his Lordship in Council orders that the Adjutant of each European corps, King's and Company's, whether Cavalry, Artillery, or Infantry, shall be permitted to draw an additional staff allowance of 60 Sonat Rupees per month.

} For allowance to the non-effective Staff vide Bengal Military Regulations, published 1st January, 1791.—Table of Salaries and Allowances.

G. O. C. C. 19th June 1805 In pursuance of the orders of the Hon'ble the Court of Directors, contained in their General Letter dated the 10th July, 1805, the Governor General in Council is pleased to direct, that an additional Lieutenant Colonel and Major be allowed to each of the Battalions of Artillery on this Establishment. Additional proportion of Field Officers to each battalion.

G. O. C. C. 27th Oct. 1794 Lieutenant Colonel Bruce having the general command of the Artillery, all reports and returns of whatever nature respecting his line of the service, comprehending that of the Commissary of Ordnance, are to be made through him to the Adjutant General; and all orders respecting the Magazine and Artillery are to be given to Lieutenant Colonel Bruce, who is solely responsible to the Commander in Chief for the management of his department. Duties and responsibility attached to the situation of commandant of Artillery.

All contingent bills from the corps to be transmitted through him.	All contingent bills of the Artillery corps shall be in future transmitted through the commanding Officer of that corps.	M. C. 15th June 1784
Staff allowance to the commandant of Artillery.	The Colonel Commandant of Artillery, if not appointed a General Officer on the Staff, is to have 1000 Sonat Rupees per month, in addition to his allowances as Colonel.	Ext. Let. C. D. 8th January 1796
And to the acting commandant.	The Governor General in Council, considering the circumstances under which Colonel Carnegie, acting Commandant of Artillery, is placed, to be perfectly analogous to those which have induced the Court of Directors to authorize the staff allowance of Rs. 1000, assigned to the Chief Engineer, to be paid to Lieutenant Colonel Garstin, authorizes the payment to him of that allowance during the period of his discharge of the duties of that situation.	Proc. G. G. 1st Sept. 1807
To the Major of Brigade of Artillery.	The allowances to the Brigade Major of the Artillery to be the same as at present (viz. staff allowance Sonat Rupees 254 per mensem, with the pay, batta, gratuity and tentage of Captain, and Sonat Rupees 30 for an office tent, drawn in conformity to the Regns. of 23d September, 1802.)	Ext. Let. C. D. 8th Jan. 1796
Allowances for additional Writers and Stationery to the Brigade Major.	The Governor General in Council is pleased to authorize the addition of one writer, at Sonat Rupees 20 per mensem, to the Establishment of the Brigade Major of Artillery.	Proc. G. G. 26th Feb. 1807
	The Vice President in Council is pleased to allow the Officer holding the situation of Major of Brigade to the corps of Artillery, to draw for 3 Writers, 20 Sonat Rupees each, and for Stationery 30 Rupees per month, in addition to the allowances at present fixed for writers and Stationery for his Office. (The Brigade Major of Artillery also draws Sicca Rupees 60 per mensem for paying the Family Tickets of the Artillery on Foreign Service; and Sicca Rupees 35 for Stationery on the same account.)	Proc. V. R. 13th March 1810
Full batta not allowed him at Fort William.	The Governor General in Council does not consider the Brigade Major of Artillery to have any claim to full batta, when in Fort William.	Proc. G. G. 5th May 1807
Additional allowances to an Adjutant of Artillery performing the duty of Brigade Major in the Field.	The Governor General is pleased to permit Captain Butler to draw the Staff allowance of Adjutant to a Battalion of Artillery, in addition to the allowance drawn by him as Brigade Major to the Artillery serving in the field, with the exception of tent allowance and horse allowance, which are only admissible in one capacity, conformably to the orders of Government under date the 3d May, 1804.	Proc. G. G. 19th June 1806
Adjutant and Quarter-master appointed to each Battalion, and allowances fixed.	The separate posts of Adjutant and of Quarter-master in the Foot Artillery to be abolished, and three Officers holding the situation of Adjutant and Quarter-master in one, to be allowed in their room, or one to each Battalion of Foot Artillery, instead of three Adjutants and three Quarter-masters. The Adjutant and Quarter-master of each Battalion of Artillery will be allowed the same Staff pay and allowances as are at present granted to Adjutants to Battalions of Artillery. (viz. St. Rs. 227 per mensem, the same as to Adjutants of European Infantry, vide page 180.)	G. O. G. G. 4th Aug. 1809
No transfer of Officers to be made from the Infantry.	PARA. 11th—You have already been advised of our intention to send out Cadets properly qualified to succeed to vacancies in the Artillery Corps; we therefore direct that no more removals of Officers from the Infantry to that corps be made in future.	Let. C. D. 21st July 1797
Promotion of Officers in the Artillery.	The promotion of Officers in the Artillery Corps is to proceed by seniority in the whole corps, according to the practice in the King's service.	Let. C. D. 8th Jan. 1795
Superior batta for the command of the Regiment or Battalions how drawn.	When Officers commanding the Regiment, or Battalions of Artillery, are employed on the General Staff, or have commands in the line, their Lieutenant Colonels or other senior Officers are entitled to superior batta; but when they are only employed on regimental duties, they are to be considered as in the command of their own Battalions, and their Lieutenant Colonels, or other next senior Officers, are not to be entitled to superior batta.	M. C. 15th Aug. 1796
Provision of buildings, &c. for the mess.	The accommodation of the mess of that part of the Regiment of Artillery which is at the Presidency will be provided, as heretofore, at the public expence; and as the detachments	G. O. G. G. 8th May 1805

from that Corps are seldom sufficiently large to render it necessary to make any provision for the accommodation of a mess, the Governor General in Council does not deem it to be necessary to authorize any monthly allowances on that account.

- G. O. C. C.** 8th Dec. 1809 The uniform of the Regiment of Artillery to be blue and red, with yellow lace, gold embroidery and gilt buttons, as at present. Uniform of the Artillery.
- G. O. C. Increased rates how to be drawn.

The increase is to be hereafter drawn with the pay, each class being stated separately on the Pay Abstracts.

Period for which arrears are granted.

The commanding Officers of the Horse Artillery, and of each company of European Artillery, will accordingly prepare and transmit, through their respective Paymasters, for audit, an abstract of arrears of difference of pay, which the non-commissioned Officers and Privates of the Horse Artillery or companies of Artillery may be entitled to, under the new regulations, from the 1st July, 1806, to the 1st January last.

Rolls in authentication of length of service how to be prepared.

The commanding Officers of the Horse Artillery, and of each company of Artillery, will transmit with the least practicable delay, to the Office of the Major of Brigade of Artillery, a long roll, which shall include the name of every effective non-commissioned Officer and Private of the corps or company under his command, stating the date of his entrance into the Artillery, and adding thereto such remarks relative to former service, as may tend to establish claims to the increased rates of Pay, under his Majesty's Regulations, as stated in letters from the Secretary of War, dated 29th July, 1806, in the following paragraphs; these Rolls, after having been carefully examined and compared with the Register in the Office of the Major of Brigade of Artillery, and duly corrected by him, are to be countersigned by the Commandant of the Regiment of Artillery, and transmitted to the Office of the Military Auditor General.

Specification of service for which claims may be preferred to increased allowances.

In regard to the additional allowance to Corporals, Bombardiers and Privates, after 7 and 14 years' service, respectively, it is to be understood that previous service in any Fencible Corps liable to serve out of Great Britain, Ireland, or the Islands in the Channel, is to be taken into account, in estimating the claims of men to the said additional allowances.

Those discharged at the late peace, or at any other period, and who have since entered into the Bengal Artillery, are entitled to claim the benefit of their antecedent service in corps of the above description. But service in the Militia, or in any Corps of Fencibles, not liable to serve out of Great Britain, Ireland and the Islands in the Channel, is not to be considered as making any part of the service entitling men to the said additional allowances.

Former desertion is not in any respect to affect a man's claim to the allowances in ques-

tion, but desertion occurring subsequently to the 1st July, 1806, will deprive a Soldier of all title to the said allowances from antecedent service.

In the case of men who have been pensioned, either from the Ordnance or from Chelsea, and who have since entered into the Bengal Regiment of Artillery, the time during which such men were on the pension is to be taken into account in estimating their claim to the additional allowances; two years, thereof, being reckoned as one of actual service, and the same in proportion for any longer or shorter period."

The commanding Officers of the Horse Artillery and of each company of Artillery are enjoined to pay the strictest attention to the foregoing rules, by which the claims of non-commissioned Officers and Privates, respectively, according to length of service are to be determined; and to satisfy themselves, as far as it may be practicable, of the just pretensions of each individual to receive the augmented rate of pay, founded on his former service in other corps; and when such claim cannot be exactly ascertained, payment thereof is to be suspended, until the necessary information or special authority shall have been obtained.

When claims cannot be exactly ascertained payment is to be suspended.

The Governor General in Council is also pleased to extend the same indulgence, relative to the increased rates of pay, to non-commissioned Officers and Privates of Artillery who may be employed in staff situations.

Increased rates of pay according to length of service extended to non-commissioned Officers of Artillery in out employes.

(For rates of pay and batta to non-commissioned and Privates of European Artillery, when embarked on transports, or serving as Marines, or drawing dry batta, vide pages 167 and 169.)

G. O. C. C. One Corporal and four Matrosses of Artillery to be held in readiness to embark on the 13th Nov. 1800 Fury, gun vessel. Exclusive of the pay and batta of their respective ranks, the above mentioned men will receive as follows, from the Marine Department—1 Corporal, Sonat Rupees 15 per month.—4 Matrosses, at 10 Sonat Rupees each,—40 per month.

Additional allowances granted to Artillery men serving on gun vessels.

G. O. C. C. The pay of all men from the corps of Artillery, whose time of service shall have expired, and who shall have refused to renew their contracts of Military service with the Company, shall be drawn by the Major of Brigade of Artillery, so long as such men shall remain in Fort William, after having been struck off the strength of companies.

Pay, &c. of men discharged or invalided from the Artillery, while in Fort William, to be drawn by the Major of Brigade.

The pay of all men invalided from the Artillery and sent to the Presidency, shall in like manner be drawn by the Major of Brigade of Artillery, until such men shall have been transferred to the Invalid Artillery Companies, or sent to Europe.

Proc. V. P. The Vice President in Council is pleased to authorize blue cloth pantaloons being supplied for the use of the European Artillery in the Field, on the terms specified in the letter of the Adjutant General, under date the 15th ultimo, and enclosures therein submitted, viz.

Orders for the supply of blue cloth pantaloons to the Artillery in the field.

"The Colonel acting Commandant being responsible to the Import Warehouse-keeper for the whole amount of the cloth, and being reimbursed from commanding Officers of companies, when the amount of half mounting is drawn for by them, the Government to be at no expence, further than the usual allowance of Sonat Rupees 4 and 10 pie per man."

The indents will accordingly be transmitted to the Import Warehouse-keeper, with instructions to the Assistant to supply the Major of Brigade of Artillery with the quantity and description of woollens, specified in them, from the Honorable Company's Stores.

Information to this effect will be communicated to Head-quarters, with a request that Colonel Horsford may be directed to issue orders to the Major of Brigade of Artillery to make up the cloth into parcels for each company, and to forward them to the proper stations with all practicable dispatch.

M. C. acch Establishment for the Quarter-master of a Battalion of Artillery, on field duty or at June 1796 practice, or for any detachment of it.

Quarter-master's establishment for a battalion or detachment of Artillery.

Two Sweepers,—4 Bildars,—1 Cart,—1 Sail-maker, for each company.

In the field or at practice.

FOR THE DETACHMENT.

One Mistry-smith,—one Mate,—one File-man,—one Fire-man,—one Hammer-man,—one Mate Carpenter,—two Workmen ditto,—two Chucklers.

When more than two companies are detached together, a Mate Bildar to be allowed.

When a company is detached, without a Quarter-master, the establishment, agreeably to the above proportion, to be drawn by the commanding Officer.

Establishment for a Quarter-master of a Battalion of Artillery in Cantonments and Garrison, or for a detachment of one company or upwards;

In Garrison or Cantonments.

One Tindal,—three Lascars to each company,—one Sail-maker,—one Mate Carpenter and one Chuckler, for the detachment ; when there is only one company, the Carpenter to be deducted from the above establishment.

Quarter-master's establishment in Fort William, referred to that fixed for two Battalions.

By the periodical relief of the Artillery, which takes place by companies, that part of it stationed in Fort William will generally consist of companies attached to the three different Battalions : these are not however on that account to be considered as detached companies in respect to Quarter-master's establishment of Lascars and Artificers, but the two Quarter-masters doing duty there are, respectively, to keep up the establishment allowed for one Battalion only, and not the separate establishments fixed for detached companies.

Allowance granted for Puckallies what to provide.

In lieu of what is now drawn for the establishments of Puckallies, an allowance is to be made of 12 Sonat Rupees per month, which includes every charge for providing and feeding the bullocks, the pay of the Puckallee or driver, and all incidental expenses for tugs and ropes.

(N. B.—For tent Lascars, Puckallies, Sweepers, Hand Behishtees and Coolies on a march, for provision of carts and cattle, of straw, tent pins, &c. carriage of cots,—allowance for butts and targets for each Battalion,—for oil to Quarter-masters,—employment of European orderlies,—Indents for Arms and Camp Equipage, provisions of Drum Holes,—receipts for cloathing,—preparation of annual long rolls of European non-commissioned and Privates, and other Regulations which are applicable to the Artillery in common with other European corps, *vide Chapter II.*—For proportions of petty stores, of wax cloth, hides and twine, exercising ammunition, &c. *vide Chapter XIII.*)

Detached duties how performed in the Artillery.

The Corps of Artillery to be considered as a Regiment of 3 Battalions, and the detached duties to be done as at present by companies, and by two rosters.

G. O. C. C.
1st Feb. 1807

The one of general commands to other Presidencies or on actual service.

The other of provincial commands or commands in the field.

These rosters, adjusted by the authority of the Commander in Chief, are lodged in the office of the Major of Brigade.

The Head-quarters of two Battalions to be at Fort William, and one Battalion in the field.

Companies how temporarily attached to Battalions.

The companies in the field belonging to Battalions in Fort William, to be returned doing duty with that Battalion ; those at the Presidency, belonging to the field Battalion, to be returned doing duty with either Battalion to which they may be attached by the Commander in Chief.

Detail of duty in Fort William how carried on.

The Head-quarters of the Corps to be always at Fort William, and the duties of the two Battalions there to be done distinctly, as directed for Battalions of Native Infantry ; the Adjutants of Battalions keeping the details of their respective Battalions, and the Major of Brigade conducting the detail of the regiment.

Rules for the tour of duty of Field Officers.

Field Officers will be named by the Commander in Chief for tours in the field, on the following principles.

A Colonel, a Lieutenant Colonel, and a Major to be in the field, provided there be in Bengal an Officer of the rank of the Officer to be relieved, who has not been in the field, as a Field Officer, for the space of four years.

In cases where there is not an Officer of the rank of the Officer to be relieved, who comes within the above description, there will be no Field Officer of that rank in the field.

Should it happen that there be two Field Officers of the same rank, neither of whom has been in the field for the space of two years, the one who has been longest from it, as a Field Officer, will be sent, and should neither of them have been in the Field, as a Field Officer, the senior will have the preference.

* No Field Officer to remain in the Field more than two years, and every Field Officer to remain that period, although he should be promoted to a higher rank during his tour, excepting in the case of promotion to the rank of Colonel, and where another Colonel is,

at the time of the said promotion, in the field, but in the event of there being by promotion two Lieutenant Colonels in the field together, a Major will not be sent.

The Commander in Chief has laid down the foregoing principles as the most equitable he can devise, and the most likely to ensure to every Field Officer on the establishment his just proportion of the field advantages: he sees, however, the possibility of its occasionally bearing hard upon some individual; but in such a case, owing to the deficiency of Field Officers present, it will most likely be in his power to afford relief without injury to any other person.

The commissioned Staff in the field will each be relieved every two years on the principle of the longest absent from it.

Field Officers and Staff Officers in the Field will be appointed to do duty with the Battalion there, and Field Officers and Staff Officers at the Presidency with the Battalions doing duty there.

Lieutenant Colonels and Majors will be detached to other settlements and on service by a Roster to be kept in the Adjutant General's Office, upon the usual principle of Rosters, viz. a Lieutenant Colonel and a Major alternately, unless a Lieutenant Colonel or a Major should be specifically ordered, in which case the other rank will bring up its tour on the next occasion.

Relief of Staff in the Field

Field Officers and Staff how attached to Battalions.

Roster of Field Officers for foreign service.

G. O. C. C. 1797 The return of each Battalion of Artillery is to include the companies doing duty with it and those properly belonging to it, although doing duty with another Battalion, but the columns of the latter are to be left blank and a remark annexed "doing duty with the Battalion."

Returns of Battalions and the regiment of Artillery how prepared.

The Regimental or general return of the corps is to exhibit the companies in Battalions as they stand fixed, and not according to any temporary arrangement.

The Field and Staff Officers are to be returned on the strength of Battalions to which they are attached.

reckoning
Fund.

Articles of Equipments that may be lost or destroyed how furnished.

A helmet and a cloak every three years. One pair of spurs to be furnished to each man in the first instance only: should it be found requisite to supply any of the aforementioned articles a second time, within the periods limited, or the spurs at any time after the first issue, such articles are to be furnished out of the amount of the annual half mounting allowance, and the residue, thereof, to be laid out in such necessaries as may be most useful to the men and conducive to the uniformity of the Corps.

Amount of annual allowance in lieu of Half mounting.

Adverting to the more substantial and expensive articles with which the non-commissioned Officers and men of the Horse Artillery will be provided, at the expence of the Off-reckoning Fund, his Lordship in Council is pleased to determine that the annual allowance in lieu of half mounting, paid from the Off-reckoning Fund, be reduced from Current Rupees 4-8 per man, (the rate fixed by General Orders of the 3d October, 1789,) to Current Rupees 3-8 per man.

No further stoppage will be made on any account, from the subsistence of the non-commissioned or Privates of the Horse Artillery, excepting such as are authorized by the rules of the Service, as Hospital stoppages and for necessaries when deficient.

Rates of pay fixed for non-commissioned and Privates.

The pay of the non-commissioned and Privates of the Experimental Horse Artillery, as fixed at the time of the original formation of that Corps, by the orders of the Governor General in Council of the 5th March, 1801; was declared to be subject to revision in the event of any further augmentation of the establishment. The Governor General in Council, however, having taken into consideration those rates, is of opinion that they do not require any revision, and they are accordingly confirmed, viz. Serjeant per month St. Rs. 22-8; Corporal St. Rs. 18; Gunner 16; Trumpeter 18; Matrofs 11-4; Farrier 10-8; Native Farrier, the same as in Native Cavalry, together with the increased rates of pay according to length of service according to the existing regulations. (*Vide Page 188.*)

For commissioned officers, medical staff, &c.

The pay and allowances of the European commissioned Officers, Surgeon, Assistant Surgeons and Riding Master, are to be the same as those of the corresponding ranks of the Cavalry.

Staff allowance to Adjutant & Quarter-master

The allowances of the Adjutant and Quarter-master, to be the same as those allowed to an Adjutant and Quarter-master of a Battalion of European Artillery.

Allowances to staff, Artificers, Scifis, grafs-cutters, &c.

The rates of pay, &c. of the following Staff and Artificers not being provided for in the establishment of the Experimental Horse Artillery, they are fixed as follows, viz.

	----	----	

The senior Officer will command the three Brigades of Horse Artillery, subject to the orders of the Commandant of the Regiment of Artillery, of which the Horse Artillery is a component part.

Superior Batta and Stationery allowance to the Commanding Officer.

The commanding Officer of the three Brigades of Horse Artillery will be allowed the batta of the next superior rank, and an allowance of 20 Sonat Rupees per month for Stationery.

The Adjutant and Quarter-master will include, in his monthly abstract, the pay and allowances of the Riding Master, Serjeant Major and Quarter-master Serjeant, and the Staff pay of the Rough Rider and Drill Serjeant.

Staff Abstract of Adjut and Quarter-master how prepared.

He will also draw the usual staff allowance of a camp colourman (Sonat Rupees 6) when actually in the field for each Brigade, and an allowance of Rupees 30 per Brigade, for furnishing straw, tent pins, mallets, gunny bags and camp colours, when in the field; and a proportion of that allowance for any Detachment less than a Brigade, according to its strength.

The Surgeon will draw his personal allowances in abstract, and the following allowances for medicines and doolies, subject to the existing regulations of the Medical Department.

Medical allowances how drawn.

Medicine allowance for each European commissioned and non-commissioned Officer and private borne present on the Muster Rolls, 17½ pice per diem, with the batta and usual stoppages for the non-commissioned Officers and Privates sick in the Hospital.

Allowances for Scissers and Grass-cutters for each Brigade,.....Rs. 25.

Allowance for Gun Lascars per 100 16.

One doolie for 3 Brigades in cantonments, or for one or two Brigades detached, and one doolie for every ten men when marching or actually in the field.

Subalterns of Horse Artillery are to be allowed the indulgence of selecting a charger from the ranks, under the same terms and restrictions as are prescribed for that indulgence to subaltern Officers of European and Native Cavalry.

Subalterns allowed to select a Horse from the ranks.

The Governor General in Council requests that his Excellency the Commander in Chief will be pleased to cause drafts to be made from the European Artillery, for the completion of the Horse Artillery to three Brigades of the strength above specified, to select Officers for the same corps from the Officers of the Foot Artillery, and to issue such further orders for carrying into effect this arrangement as may refer to his Excellency's authority.

Orders for the formation of the corps.

G. O. C C
4th Oct 1809

In pursuance of the General Orders by Government, under date the 4th August, 1809, authorizing the formation of a Regular Corps of Horse Artillery for the service of this Presidency, the Commander in Chief is pleased to direct that the following arrangements be carried into effect.

The present Corps of Experimental Horse Artillery is to be divided on the 1st November next into three equal portions by a fair draft of the European non-commissioned and Privates now on the strength of that corps, which divisions are to constitute the foundation of the three new Troops, and to be denominated the 1st, 2nd, and 3rd Troops or Brigades of Horse Artillery.

In like manner an equal draft and allotment is to be made of the Gun Lascars, Horses, appointments, accoutrements, &c. appertaining to the present corps.

The Acting Commandant of Artillery will proceed in the execution of the General Orders of 22d September, 1809, for causing men to be selected from all the companies of Foot for the corps of Horse Artillery; and will cause the necessary promotions to be made for completing the establishment of European non-commissioned Officers.

The additional non-commissioned Staff now authorized are also to be appointed from the 1st November next.

A promotion of two Serangs and four Tindals to be made in the present detail of Gun Lascars with the Horse Artillery, or in part, if necessary, from the Lascar Companies attached to the Foot Artillery; and a draft of five Lascars (to be selected on the occasion by commanding Officers of posts and stations) is to be made from the Gun Lascar Establishment with the Gallopers attached to H. M. 24th Dragoons, and to each of the eight Regiments of Native Cavalry, making a total of 45 Lascars for the augmentation of the Horse Artillery, to which 3 more Lascars are to be added from the Galloper Establishment of the 2d Cavalry, to make up the complement required for the Establishment of Gun Lascars with the corps of Horse Artillery.

Details of Gun Lascars how furnished.

The Native Farriers, Native Doctors, Artificers, &c. required to complete the Establishment of each Troop to be entertained from the 1st November next; so many of those descriptions of people, now authorized, as are borne on the strength of the present corps of Horse Artillery, under the head of Train and Quarter-master's Establishment, are to form component parts of the Establishments assigned to Troops respectively.

Native Doctors, Artificers &c.

Each Troop to indent for the store cart and bullocks allowed for the conveyance of Artificers' tools, iron, charcoal, leather, and work in hand.

Add. Tum- When on service each Troop is to indent for one Tumbrill, filled with spare service am-
brill to each munition, for every two pieces of ordnance. These Tumbrills are always to move with

Proc. M. R.
2d Oct. 1810

The proposed quarterly allowance of Materials for repairing the Camp Equipage of the Horse Artillery, is not expected to give it a complete repair after practice; but to enable the Quarter-master to pay timely attention to the trifling repairs which must occasionally be looked for whilst marching or in camp at practice, as that Officer will be allowed, on the return of the corps to cantonments, when the tents shall have been properly surveyed and reported on, agreeably to the regulations, to indent for such materials as may be deemed requisite for their complete repair, unless there shall be a magazine at hand to which they may be conveniently sent for that purpose. (For allowance of petty stores, exercising ammunition, &c. to Horse Artillery, *vide Chapter XIII.* and for practice ammunition and stores, *page 213.*)

Orders relative to the repair of camp equipage.

Proc. M. R.
18th Dec. 1809

Ordered, that spare sets of Horse Artillery Harness be kept at all times complete in the Agra Magazine, agreeable to the proportion specified by Colonel Horsford, to be composed of Europe Harness so long as it can be obtained.

Proportion of spare harness reserved for the corps.

In the future use of the term sets, when applicable to harness, the number of Horses to which each set may be suited, to be specified.

On all future applications for saddles to complete Horse Artillery Harness (become deficient from any cause) the issue of "Europe Saddles" only to be admitted, so long as there shall remain any in store, bringing those of Country Manufacture already furnished into use with the harness to which they appertain.

Oct. 1798

Resolved, that the following Establishment of Golundaz be raised and attached to each of the European companies of Artillery now in Bengal, upon the same rates of pay, &c. established for the corresponding ranks in the Native Infantry.—1 Jemadar—3 Havildars—3 Naicks—40 Privates.

First Establishment of Golundaz; rates of pay fixed.

Mahomedans are to be preferred for the Golundaz Establishment, and no man is to be received upon it who does not engage to embark on board of ship whenever the service shall require his proceeding by sea.

Conditions of service required from them on enlisting.

This is to be an express stipulation on oath previous to his being enrolled.

The diets of the Golundaz is to conform as much as possible to that of the European Artillery; after the commander in Chief shall have approved a pattern coat, bounty clothing will be prepared.

Uniform.

Establishment of the corps of Golundaz in the Upper Provinces.

The Governor General in Council has determined, that the whole of the Golundaz in the service, except the Regulars at Prince of Wales's Island, and on Foreign Service, and the Irregulars in the city of Dehli, be formed into 5 companies, each company to consist of 1 Subadar, 1 Jemadar, 8 Havildars, 8 Naicks, 100 Golundaz.

G. O. G. G.
28th August
1856

Orders for its formation.

The Officer commanding the Artillery in the Field will be pleased to carry into effect the foregoing orders of Government.—The Companies are to be numbered the 1st, 2d, 3d, 4th, and 5th, companies of Golundaz, and a formation return to be sent to Head-quarters. For the number that may be wanting to complete the proposed establishment, application is to be made, in the first instance, by the Officer commanding the Artillery in the Field to the Officer commanding the Artillery at Dehli, for Volunteers from the Irregular Golundaz there, after which, whatever number may be required to complete the Establishment, is to be supplied by recruits, particular attention being paid that none be enlisted for that branch of the service, but such as may be in every respect competent to the duties they will have to perform.

G. O. G. G. and
Sept. 1856

The Governor General in Council has been pleased to authorize the following establishment for the Golundaz Corps.

G. O. G. G.
24th Dec. 1856

G. O. C. C.
26th Oct. 1807

Puckallies for the Golundaz Corps are to be drawn for in the proportion of one for every hundred commissioned, non-commissioned Officers, and rank and file present, at the Head-quarters of that Corps; and those Golundaz who may be detached, will be provided with Puckallies from the establishment allowed for each Brigade of Guns.

Puckallies how provided for the corps.

G. O. C. C.
6th Feb. 1809

The Governor General in Council is pleased to authorize an increase of one Hand Behistty and one Sweeper to be made to the Quarter-master's establishment of the Corps of Golundaz.

Addl. Hand Behistty and Sweeper allowed.

G. O. C. C.
4th Aug. 1809

The Governor General in Council deeming it to be highly expedient that an Adjutant should be temporarily attached to the Corps of Golundaz, is accordingly pleased to authorize that appointment.

Adjutant appointed and allowances fixed.

The allowances to be the same as the allowances to an Adjutant to a Battalion of Native Infantry.

The expediency of rendering this a permanent appointment will be taken into consideration hereafter.

Reg. M. B. 11th
March 1810

Ordered, that the Indent for Practice Ammunition for the Golundaz Detachment, with the Guns of 2d Battalion 21st Native Infantry, at Tarra, be rejected, it being unnecessary, and contrary to the regulations, to furnish ammunition for the practice of detached parties of the nature specified therein, which are recalled annually for the benefit of practice, with the Battalion or Company to which they belong. (For the proportion of Gun Ammunition and Stores allowed annually for the practice of Golundaz Corps, *vide* page 213, and for Exercising Ammunition, &c. *Chapter XIII.*)

Practice Ammunition not granted to Detachments with Battn. Guns.

G. O. C. C.
9th Feb. 1811

The annual practice of the Artillery in the Field being now drawing to a close, a general relief of the detached Golundaz details is to be effected by detachments from the Head-quarters of the Golundaz Corps, at Cawnpore, agreeably to a detail which will be furnished to the commanding Officer in the Field. (N. B. The detail of Golundaz allotted to the Guns attached to each Battalion of Native Infantry, is 1 Havildar—1 Naick and 12 Privates.)

G. O. C. C.
16th June 1795

When Detachments of Artillery are sent on service, the commanding Officers of such parties are to indent for the ammunition and stores for their own line of service only.

Res. M. B.
15th Dec. 1807

Exercising Ammunition is not allowed to any detachment of Artillery under a company.

Exercising Am-
munition not
allowed to de-
tachments less
than a compa-
ny, but to be
furnished from
the company
they belong to.

Res. M. B.
18th Nov. 1809

Ordered, that communication be made to Lieutenant Paw, that small detachments of Artillery men are never allowed exercising ammunition for annual practice, but a proportion of exercising cartridges is allowed for the Company from which such men are detached.

The detachment of Artillery men at Dinapoor being from the Company at Chunar, application should be made thither for the proportion of exercising cartridges according to the number of men detached.

Refn. M. B.
5th June 1810

Ordered, that all indents for Arms and Accoutrements, and other Regimental Stores, drawn by Officers in charge of Detachments of Artillery, of less than a company, be immediately returned by the Secretary; the Officer commanding the company being the proper person to indent for such articles, except on emergent cases, when this rule cannot be conformed to, which ought very rarely to occur.

As are also such
supplies of
Arms, Accou-
trements and
Regl. Stores as

established allowance of 30 Rupees, each guns, when detached from the park and for the repairs of camp equipage and small contingencies, is to be considered as providing for the proportion of two Ammunition Tumbrills attached to two Guns.

Allowance for When Guns are so detached with a greater proportion of Tumbrills, the additional
extra Tumbrills and Ammunition Carts. number to be allowed for, at the rate of three Rupees each, per month, and as the introduction of carts for the carriage of Musquet Ammunition requires some provision to be also made for the repair of them, when travelling detached from the Magazine, the same allowance of 3 Rupees a month, is also fixed for each Ammunition Cart.

These allowances not to be drawn for Guns in the vicinity of a Magazine. The rule prescribed by General Orders of the 4th February, 1788, is to be strictly attended to, viz. that the above allowances are never to be drawn for Guns or Ammunition Carts at a fixed station or at practice, when they are within an easy day's march of a Magazine, from whence the stores, in lieu of which it is granted, can be supplied.

Reports and returns of camp equipage and cattle with Artillery detachments in the Field where to be made. Officers in charge of details of Artillery with Battalion Guns, or in other situations detached from the Head-quarters of the Artillery in the Field, are directed to send to the Quarter-master of Artillery in the Field, a copy of the annual survey report of the camp equipage in use with the parties under their command; and in future the camp equipage, and carriage cattle for it, are always to be inserted in the monthly returns furnished by those Officers to the Officer commanding the Artillery in the Field. G. O. C. C. 26th May 1806

Surveys to be taken of the ordnance and stores, &c. When the detachment shall return, the stores and carriages shall be surveyed, and if it shall be found that they have been neglected and not kept in good condition, (accidents arising from service excepted,) the common repairs that ought to have been made shall be performed, and the Officer shall pay for them; the amount to be stopped out of his next month's allowance, to be adjudged by a Board of Artillery Officers, not under the rank of Lieutenant. M. C. 14 Aug. 1779

Establishment for a company of Artillery furnishing details to Battn. Guns, &c. at a frontier station. Ordered, that whenever a single Company of Artillery or details of Artillery, amounting to the average strength of a Company, be detached on service or stationed with the guns at the frontier stations of Dehli and Rewari or Murtra, without a Quarter-master, that the Establishments, Train and Quarter-masters, for such company or details, be regulated by the number of Brigades or Guns, actually attached to Battalions or Regiments, or to such pieces of Artillery as may have been ordered by the Commander in Chief to be kept in a state of readiness to move, to which it furnishes details, conformably to the Minutes of Council of the 3d August, 1779, viz. that the Artillery Officer commanding, draw for every two guns on service the undermentioned establishment, and in proportion with a greater number, viz.

- 1 Fire-man,—1 File-man,—1 Hammer-man. Smiths.
1 Mate—1 Work-man Carpenters.
3 Bildars—1 Puckallee—1 Sweeper—(for the Europeans).

And for the general service of the Company of Artillery, and Guns, the following establishment, in addition, being what is at present allowed on a peace establishment to a company,—1 Tindal—1 Chuckler—1 Sail-maker.

(N. B. for Tent Lascars to a Company of Artillery, vide page 182.)

Proportion of Ammunition, stores, &c. established for guns attached to Infantry corps. The Commander in Chief is pleased to direct that the following proportion of Ammunition, Stores, &c. be established for two six-pounder field pieces, attached to Infantry corps, or otherwise drawn out for field service, and which is to be invariably and strictly observed in future.—(vide Form No. 1.) G. O. C. C. 19th Nov. 1809

corps and departments, the Right Honorable the Commander in Chief calls upon all Officers, whose business it is to forward such returns, to pay the strictest attention to this essential part of their duty.

The following form of a Return of Ordnance and Stores, required to be made every quarter by all corps having Ordnance attached, is also published for the information of the Army, and is to be strictly attended to.—(*Vide Form No. 2.*)

M. C. 19th Aug 1773 The commanding Officer of Artillery, who is entrusted with a Train under him, shall be responsible for the good condition of the Corps, Train and Stores, and of the bullocks, so far as depends on him. Responsibility attached to commanding Officers of Artillery for train, cattle, &c. under them.

G. O. 10th July 1789 Officers of the Corps of Artillery on detachment, in charge of ordnance and stores, where there is not an Officer of Ordnance, (that is, a Commissary or Deputy Commissary present,) are to transmit to the Military Board a return shewing the quantity received and issued, with the particular purpose for which each issue shall have been made, during the time such ordnance and stores were in their charge, with a copy of the survey report taken on what part of those stores shall have been returned into the magazine; and should any difference appear between their returns and the survey reports, they are to transmit explanations of the causes of these differences for the satisfaction of the Board. Regs. for Officers of Artillery in charge of ordnance and stores, where no Ordnance Officer is present.

G. O. 14th Dec 1789 With the Monthly Returns of the Artillery Corps, a return is to be sent of all the Field Ordnance, specifying their different natures, together with their carriages and tumbrils, employed with the several corps and detachments of the Army, including that kept ready for service in charge of the Commandant of Artillery at Fort William. Returns of Field ordnance to accompany returns of Artillery.

The Ordnance with every detachment of Artillery is also to be specified in their returns.

Rev. M. R. 23rd March 1808 Ordered, that Lieutenant Colonel Williams be informed that the following are the requisite ingredients for painting two six-pounders and four tumbrils, old construction, and to indent accordingly. Proportions of paint required in painting Field Guns.

Reports of work performed by Train Artificers, and of the state of the Battering & Field Trains, by whom made.

A monthly report of the state of the Battering and Field Trains, shewing the repairs that may have been given to them or such new work as may have been executed by the Train Artificers, together with the quantity and description of half-wrought materials that may have been expended, and for what purposes, is to be regularly transmitted by the Officer commanding the Artillery in the Field to the Secretary to the Military Board, and that Board are directed, from time to time, to bring under the special notice of the Governor General in Council and Commander in Chief, the extent and description of work performed by the Train Artificers under the commanding Officer of Artillery in the Field, or by any other Train Establishment that may be employed, with such other observations as may be necessary.

G. O. G. G.
26th October
1807

The Establishment of Train Artificers being maintained for a particular and important public object, which requires their undivided and constant service, those services are not to be diverted to other purposes of a general and miscellaneous, though public, and, perhaps in themselves, useful nature; much less are they to be employed for any private purposes whatever—(For Regns. for the employment of Train Artificers and workmen in the Ordnance Department vide Chapter XIII.)

And when to be transmitted.

Reports of work performed by Train Artificers, to be in future made to the Board quarterly, instead of monthly.

M. B. 21st June
1808

Train Artificers only detached in cases of great emergency.

The Artificers composing the Field Trains at Cawnpore and Futtighur are never to be detached, but in cases of great emergency, with Field or Battalion Guns.

G. O. G. G.

1801

Certificates to be granted when the assistance of the Train Artificers cannot be given in the Magazine.

The commanding Officer of the Artillery in the Field is to be informed, that future certificates that the Officer in charge of the Magazine could not obtain assistance from the Train Establishment, should express, in general terms, the cause why assistance may not be conveniently granted from the Train Establishment, when applied for by the Officer in charge of the Magazine.

Res. M. B.
30th October
1810

- G. O. C. C. At all Stations where Train Artificers may be employed, the separate Indent for the several articles of Stores that may be issued to those Artificers, by the Officer of Ordnance, for repair or conversions, is invariably to be presented for the countersignature of the Commanding Officer of Artillery.
- Indents for Stores, &c. used by them countersigned by the comg. Officer of Artillery at the Station.
- Proc: G. G. 25th March 1807 The Governor General in Council approves the measure proposed by General Horsford, of removing the Train Establishment from Futtighur to Agra.
- Field Army Orders 24th March 1807 In obedience to the orders of Government, the Train Establishment at Futtighur is to be removed and appointed to Agra, and placed under the command of the Officer commanding the Artillery at that Station.
- Train Artificers transferred from Futtighur to Agra.
- G. O. C. C. 29th March 1809 The Governor General in Council, having been pleased to authorize a new proportion of Light Field and Battering Train for the Station of Cawnpoor, as also an Exercising Train for the use of the Artillery at that Station; the Ordnance and all the wheel carriages of the new proportions of light field, battering and exercising train, with any other stores appertaining that can be conveniently so arranged, are to be placed in gun-sheds in the Cantonment, and the whole to be committed to the special care and superintendence of the Senior Officer of Artillery at the Station of Cawnpoor, who will be held responsible that the whole be maintained in a complete state of efficiency and readiness; reporting to the Military Board, whenever any defect or deficiency may occur.
- Light Field and Battering Train and Exercising Train for the Artillery, under the commanding Officer of Artillery at Cawnpoor.
- These proportions are to be borne on the magazine books, but on no account are any issues to be made from them, excepting in cases of war or peculiar emergency, and which can seldom occur, as a separate proportion of Ordnance stores, &c. to answer all probable demands of corps dependant on the Cawnpoor Station, will be allotted for that Magazine.
- G. O. C. C. 6th Apr. 1809 The following establishment for the use of the Light and Battering Train deposited at Kurnal, in addition to the establishment for the Battalion Guns, and to be drawn for by the senior Officer of Artillery, is authorized to be entertained from the 15th Instant.
- Establishment for the Light and Battering Train at Kurnal
- 1 Mistry—1 File-man—1 Fire-man—2 Hammer-men.—Smiths for one Forge.
 - 1 Mistry—2 Workmen.—Carpenters.
 - 2 Sawyers—1 Cooper—1 Sicligur—1 Sweeper.
- G. O. V. P. 10th Feb. 1810 The Vice President in Council is pleased to allow a Park and Magazine Sergeant, in one person, for the Depot of Guns and Military Stores at Kurnal.
- Park and Magazine Sergeant allowed
- Proc: V. P. 24th Oct. 1809 The Vice President in Council is pleased to authorize an addition of one Sonat Ruppes to the wages of each of the Artificers at Kurnal, as lately granted, under circumstances nearly similar, to the Artificers of the Dehli Magazine. (The rates of pay, &c. to the Artificers at Kurnal are the same as fixed for those in the Dehli Magazine.)
- And additional allowances granted to the Artificers there.
- G. O. C. C. 10th Feb. 1803 The Commander in Chief is pleased to authorize a reward of 8 annas for each 18-pound shot, and 3 annas for each 12 pound shot, to be given for all such as shall be picked up and delivered at the Park.
- Reward authorized, when on service, for shot brought to the park.
- Proc: M. B. 15th June 1789 The Gun Carriage on the Ramparts, with the Ordnance, &c. being in charge of the Commanding Officer of Artillery at Fort William, he is to indent on the Military Board for new supplies of Artillery, and for materials or stores wanted for the Arsenal.
- Charge of the Ordnance in Fort William vested in the Commandant of Artillery.
- G. O. C. C. 24th Mar. 1809 The Governor General in Council, in prosecution of an arrangement, recently adopted, for maintaining the Garrison Carriages on the works of Fort William in a complete state of preservation and repair, is further pleased to establish it as a standing regulation, that a Committee, to consist of the senior Officers of Artillery and Engineers at the Presidency, shall be appointed by the Officer commanding the Presidency Station to meet quarterly; that is on the 1st October, 1st January, 1st April, and 1st July in each year, for the special purpose of examining and reporting upon the condition of the whole of the gun carriages in question, and that the repairs which, according to these periodical reports of the Committee, may be considered to be necessary, shall be carried into execution, without delay, by the Commissary in charge of the Expence Magazine, under the immediate direction and superintendence of the Commanding Officer of Artillery at the Presidency.
- Regulations for the survey and repair of Garrison Carriages in Fort William.

Orders for the
proof of Ordnance
by Artillery Officers.

The Governor General directs that it be considered as a standing order, that all brass Ordnance received from Europe be proved whenever it arrives; and that the Committee for the above duty be composed of one Field Officer and two Captains of Artillery.— (All brass Ordnance cast at the Foundry at Fort William is also proved at Dum Dum.)

G. O. 18th
Sept. 1794

The Committee of Stores is directed to consider it a standing order to send all guns on their arrival from Europe to Dum Dum for proof; consulting the Commanding Officer of Artillery on the subject.

Res. M. B. 9d

Regulations to
be observed in
proving Brass
Ordnance

"The Commander in Chief considers it advisable, that the quantity of Powder, to be used on all occasions of proving light brass Ordnance, should be one third of the weight of the shot for each piece of Ordnance; and that, moreover, the practice of further proving each piece by filling the bore with water, as described in the enclosure, transmitted by the Acting Commandant of Artillery, should be invariably observed, as well as the other process described in that document, for the regular course of proof of all Ordnance under this Presidency."

Ext. Let. Art. Lt.
Gen 30th Oct.
1809

Proof of Brass Ordnance to be adopted in Bengal.

The Cannon and Howitzers are placed on two wooden stocks or skids, at such an angle with the ground that their muzzles are about three feet above it, and their bore can easily be looked into with a glass.

Mortars are set up perpendicularly on their breeches.

The piece is then examined with the glass, and afterwards searched to discover whether any holes are in the bore. The holes, if any, are to be carefully noticed with respect to their size and place.

The piece is next mounted on its carriage (an old one kept on purpose) in order to undergo the proof. The proof consists of five (5) rounds fired in succession.

The heavy or battering brass Ordnance has a charge of powder equal to half ($\frac{1}{2}$) the weight of the shot. The light brass Ordnance or Field Pieces have a charge of one-third ($\frac{1}{3}$) the weight of the shot. The charge is put into a large cartridge bag.

The piece is loaded, first with the powder, having a wad of hay or straw rammed over it with four strokes.—Secondly, with one shot over the powder and its wad, with a similar wad over the shot, rammed also with four strokes.

When the five rounds are fired, the vent is close pegged, and the piece is raised on its cascable; the bore is then to be filled with water, and a high sponge driven down it by the united strength of two or three men. If no water spouts out, the piece is to be constantly wiped dry on the outside, and carefully examined to see if there be no weepings, particularly at the setting on of the trunnions and round about the edges of the bouching at the vent.

If the piece cracks by the explosive force of the powder, or the water spouts out or weeps through any chink, it must be condemned. If the water does not run out at the edges of the bouching, the bouch must be taken out, a new one inserted, and the piece undergo a second course of proof.

When the piece has undergone the abovementioned trial in the several stages, it is to be a second time searched; the holes (if any) to be noted, as above directed, and the bore or calibre to be accurately measured, in order to ascertain whether it be of the prescribed size; any excess of windage condemns the piece at once.

Lastly, the trunnions are examined, to determine whether they are perfect cylinders, and whether their axis stands at right angles with the axis of the bore.

The piece is placed on its carriage, that the strength of the trunnions may be put to the test.

The bouch must also be inserted previously to the proof.

(For form of the proof report of brass Ordnance. vide Form No. 3.)

Res. M.
14th Nov 18

- Proc. G. C. 16th Oct. 1807** The Governor General in Council authorizes the re construction of the Field Gun Battery at Dum Dum, at an expense not exceeding 500 Rupees, by the Commissary of Ordnance of the Expense Magazine.
- G. O. C. C. 15th Oct. 1811** The following revised Tables of the proportion of ammunition and stores for the Annual Practice and Exercise of the several corps of the Army; and of Ordnance, Carriages and Implements, &c. to be considered as "lent" from Magazine for those purposes, and to be returned at the close of the season, are published for general information; and the Commander in Chief directs that they be strictly and invariably observed and conformed to, in future, by all Officers concerned.—(*Vide Form No. 4*).
- G. O. C. C. 31st May 1798** Officers of Artillery, under whose command the annual Practice is carried on, are restricted to the prescribed annual allowance of Ammunition, except in cases where they shall previously obtain the Commander in Chief's express sanction to an extraordinary expenditure.
- G. O. 17th Feb. 1795** It is directed that no greater proportion of Ordnance shall be carried out by the Artillery from any of the stations of the Army to the Practice ground than may be necessary for carrying on the Practice with, and that the cattle employed on these occasions be only in proportion thereto.
- G. O. C. C. 18th Nov. 1808** The season for the practice of the Artillery, stationed above Fort William, commencing on the 1st of December next, the following Establishment of Artificers and Quartermaster's people is allowed for one or more Companies during the two months of Practice, FOR TWO MONTHS, OR DURING THE PRACTISE.

 - 1 Mate—6 Workmen Carpenters.
 - 2 Sawyers—1 Brads-man—2 Sail-makers—2 Chucklers.
 - 1 Sidelgur—2 Painters—1 Cooper.
 - 3 Sirdars, one hundred Bildars and Coolies for one month to prepare the ranges.
 - 1 Sirdar, 10 Bildars and Coolies for two months for the purpose of keeping the ranges in repair.
- QUARTER-MASTER'S ESTABLISHMENT.**
- 1 Camp Colour-men for each company.
 - 2 Puckalies for each company of Europeans.
 - 1 for each company of Lascars.
 - 1 Sailmaker and 1 Chuckler (for one or two Companies, but not for a greater number.)
 - 1 Fire-man—1 File-man—2 Hammer-men or Bellows-men.
 - 2 Workmen Carpenters—4 Bildars or Coolies, instead of 8 Bildars, for each company present.—(Tent Lascars in conformity to General Orders of 6th February, 1810.—*Vide Page 182.*)
- When Companies of Artillery are ordered out to practice from stations where Pioneers are cantoned, no Bildars are to be drawn for; and only one Sirdar and 30 Coolies are to be allowed for one month for repairing the ranges, and 5 coolies for the two months to keep the ranges in repair.
- Pioneers are to supply the place of Bildars, in such proportion as may be thought proper by the commanding Officer of the Station, on application from the Officer commanding the Artillery.
- Proc. G. C. 11th May 1807** The necessary orders will be issued from the Revenue Department, for the appropriation of the extent of ground required by Lieutenant Colonel Grace for the Practice of the Artillery at Allahabad, as well as for retaining, in an uncultivated state, the ground appropriated to the Practice of the Artillery at Chunar.
- Proc. V. P. 18th June 1811** The Vice President in Council sanctions the adoption of the proposition of the Military Board for the extension of the present Parade of the Horse Artillery, at Meerut, in front of their stables, instead of providing Exercise and Practice Ground for that Corps, separately, and at a distance from their Lines.
- Res. B. O. 18th Oct. 1778 confirmed by Military Board.** In all cartridges for Salutes, or Morning and Evening Guns, the quantity of Powder is to be restricted to one fourth of the weight of the shot.
- Allowance for the annual reconstruction of the Field Gun Battery at Dum Dum.**
- Proportion of Ammunition and Stores for the Practice of Detachments of Artillery, &c.**
- Officers of Artillery are restricted to the prescribed allowance of Practice Ammunition.**
- No Ordnance extra to the proportion required, to be taken to Practice.**
- Establishment for Detachments of Artillery while at Practice.**
- Practice ground at Allahabad & Chunar to be retained in uncultivated state.**
- Practice ground allotted for the Corps of Horse Artillery at Meerut.**
- Quantity of Powder in Cartridges for Salutes.**

Salutes at out-stations restricted to the Gov. Genl. and Comr. in Chief. The Commander in Chief desires that it may be understood that Salutes at out-stations, G. O. C. C. (the city of Lucknow excepted) or with detachments, are restricted to the Governor Genl. 1st March 1861
General or Commander in Chief.
Morning and Evening Guns are not to be fired at out-posts or with detachments.

Stations at which salutes & Morning and Evening guns are allowed to be fired. The Commander in Chief orders the following regulation with respect to Salutes G. O. C. C. 2d April 1866
in future:
Whenever Salutes may be ordered, they may be fired at the following Stations, but neither Salutes or Morning and Evening Guns are to be fired at any other Post or Station whatsoever.

Dehli—Muttra—(now Meerut) Agra—Futtighur—Cawnpore—Lucknow—Allahabad—Chunar—Danapoor—Barrampore—the Presidency.

Alighur is to be included in the numbers of places at which Morning and Evening Guns and Salutes are to be fired, in addition to those mentioned in the orders of the 2d Infant. G. O. C. C. 15th Apr. 1866

Rewari being a frontier Cantonment, Salutes and Morning and Evening Guns are authorized to be fired there, in addition to the places at which Salutes were authorized by the General Orders of the 2d April, 1866. G. O. P. C. 2d August 1867

Agreed, to give the Indents for light ammunition for a Morning and Evening Gun at Adjes Gurb and at Lodhiana. (Salutes are also fired at Kurnal and Lodhiana.) Res. M. B. 20th Feb. and 1st May 1810

Morning and Evening Guns, Salutes, &c. are not to be fired when the appropriate Ammunition cannot be procured. No Morning or Evening Guns are to be fired when Ammunition cannot be procured in the regular manner on indent. Res. M. B. 13th Jan. 1789

The Commander in Chief positively forbids any Officer, on any occasion whatsoever, breaking up Service Ammunition for Salutes, or Morning and Evening Guns, and on no account is a Cartridge ever to be fired from a Gun, unless the powder be put into bags made of Serge or Flannel. REMARKS.

Of the abovementioned Ammunition and Stores, 6 Cartridges fixed to Round Shot; 4 ditto to Cannister; 1 ditto of Priming Powder; 1 Portfire Case filled with Portfires, ready pointed, and the Portfire Socket; 2 Esses; 1 Bitt; 1 Drift; 1 Hammer; 1 Hatchet; 1 Priming Pouch; 2 Cannon Pouches; 2 Priming Wires; 2 Spikes, and a $\frac{1}{2}$ piece of Wax Cloth, are to be carried in the Limber Box of each Gun.

All the rest of the Ammunition, &c. to be equally divided between the four Tumbrills. The Linlocks are always to be armed with matches ready to light. The common Handspikes and spare Yokes, to be lashed under the Tumbrills. The Esses being intended to connect a Chain Trace, which may be broke on the march, two are to be carried with each Tumbrill. Dragropes for Tumbrills are not to be single, or one Rope, but to be in pairs like the Gun Dragropes. The Pick Axe and Mamottes being for the use of the bildars, which are allowed to every two six-pounder Battalion Guns, are to be carried by these people and by no means put on any of the Carriages. Tubes being constantly out of order, are abolished with Battalion Guns, and Priming Powder given in their room.

Salutes being only allowed (*vide General Orders of 2d April, 1806, Page 214*) to be fired at Stations and at Aligarh and Rewari, light Cartridges for firing Salutes are not admitted to Battalion Guns.

As the above list embraces every Article of Ammunition, &c. necessary for two six-pounder Battalion Guns on service, Commissaries and other Ordnance Officers in fitting out Battalion Guns are always to conform to what is therein laid down.

Spirit Levels, Gunners', with Cases.
Vices, for Fuzes, with brads screws.
Fuze-Boxes, Tin, with straps.

The following general remarks and instructions are published, with the foregoing revised Table, for the guidance of all Officers concerned, viz.

The allowance of Ammunition and Stores for the Annual Practice of the Artillery is calculated on the fullest and most comprehensive scale; embracing a complete course of experiments with every piece of Ordnance that can possibly be used in the Field.

But, as a single Company of Artillery may be so circumstanced; either from its number wanting to complete, from having sent out on command several details, or from some other causes, as not to be competent to carry on a course of Practice (or of Field Battery Exercise) with the whole of the Pieces here laid down; or, though the Company may be competent in point of numbers, yet the Magazine of the Station at which it may be posted may not be able to supply the whole of the pieces; all Officers of Artillery, therefore, previously to indenting for Ammunition, &c. for the Annual Practice, &c. of single Companies (or more Companies, should they be very weak), are

(1st)--To advert to the actual strength of their Company, present; and consider with what number and nature of Pieces this strength will allow them to practice.

(2d)--They are to enquire the number and nature of pieces, which they can be furnished with, at the ensuing practice; either from the Ordnance under their immediate Command, or from the Magazine in their vicinity--as at Rewarree, or Kurnaul; or, from the Magazine at their Station--as at Chupar, or Benarus.

(3d)--According to the actual strength of the Company, present, and the number, and nature of the Pieces of Ordnance that can be obtained, are the indents for practice to be regulated; therefore, in the "List of Ordnance, &c. &c. to be lent from the Magazine," such Pieces as cannot be supplied, or cannot be served by the Company, for want of men, must be omitted; as must, also, the proportion of Ammunition, &c. let down for those Pieces, in the "Allowance of Ammunition and Stores for Annual Practice."

(4th)--If any Pieces of Ordnance, mentioned in the "List of Ordnance, &c. to be lent from the Magazine," happen to be under the immediate Command of the Officer of Artillery indenting (as the Iron 18, and 12 Prs. &c. at Kurnaul, or the Brass $5\frac{1}{2}$ inch Howitzers at Rewarree), such may be left out of the List; but the Ammunition, allowed for such, is, of course, to be indented for.

Two separate indents are to be forwarded to the Military Board, at the prescribed time....One indent is to include the articles set forth in the "List of Ordnance, Ordnance Carriages, &c. &c." or as many of them as are required; and the other indent is to contain the Articles laid down in the Table of "Allowance of Ammunition and Stores for Annual Practice of one or more Companies, &c." or as many of these Articles as are, according to circumstances, necessary....(This rule to be observed, also, by the Officers commanding the Horse Artillery, and in charge of Gallopier and Battalion Guns; and *separate* indents to be submitted by them, respectively, for the Ammunition and Stores for Practice, Exercise, and Field Battery Exercise).

Officers of Artillery, indenting for Ammunition, &c. for Annual Practice, are to report, as usual, to the Commandant of Artillery, the course of Practice carried on by them; and the Commandant will, after examining it, signify to the Military Board whether, according to his judgment, the whole, or part, of the Ammunition, &c. passed, can, in such a course, have been expended.

The General Order of the 17th September 1799, "directing a daily account, during "the practice, to be kept by the Ordnance Officer, of the expenditure of the Ammunition," &c. is, consequently, rescinded.

Although an allowance of Ammunition for Field Battery Exercise is made, distinctly, for the Corps of Golandauze, yet it rests on the judgment of the Senior Officer of Artillery at the Station, either to join the Golandauze Battery (in whole, or part) to that of the European Companies, and exercise the 24 Pieces in one Battery, or to direct the two Batteries to exercise separately.—It is, however, to be a fixed rule, that, whenever the whole, or a part, of the Golandauze Battery may be ordered to join that of the European Companies, the Guns of the former shall be invariably served by Golandauze; otherwise, the intention of Government, in making an allowance of Ammunition for the discipline of the Golandauze Corps, would be frustrated.

The several pieces of Ordnance which may be lent for the Practice, with their Carriages and Beds, are to be exchanged as often as the Commanding Officer of Artillery may think proper during the season.

It is not impossible but that a few Articles, of lesser note, required "to be lent out of the Magazines," are omitted in the foregoing Tables.—In that case, the Officer of Artillery has permission to add whatever other Articles he may find absolutely necessary for carrying on the practice, in his indent.

Tubes, with their *Composition* and *Priming Powder*, are both included in the Table ; except for the Galloper Guns and Field Pieces attached to Infantry, for which *Priming Powder*, only, is to be allowed. Whenever, therefore, the former are indented for, the latter will not be allowed ; and, vice versa, if the latter is indented for.

The 12 and 6 Pr. Shot, issued from the Magazine in Cartridges, are to be recovered after Practice, and returned into Store ; and, of the 5½ inch shells, allowed for the practice of European Artillery with Golandauze, and for the Horse Artillery, 72 are to be returned into Store, after practice, from each Corps ; the remainder are allowed to be burst.

The Targets, (except those for the Companies of Artillery which are to be made up by the Train Artificers from the materials allowed) are to be made in the Magazines, and sent out in pieces. The Frames are to be fitted ; the Canvas to be sewed in breadths, but not nailed on ; and a bull's eye to be painted on the centre.—The remainder of the Canvas to have no painting. The Artificers on the establishments of Corps are to put the Targets together. The Rope, for Stays, of sufficient length each, to be furnished in Skeins.—Nails, and Hides, for making strips to put under the heads of the Nails, are provided for in the Table of Allowance.—The Horizontal Target, for Artillery and Golandauze practice, is to be strengthened with tape, across ; and furnished with eight strong Stays, long enough to allow the Target to be raised from 24 to 36 feet from the ground, to represent the Terreplein of a Bastion, or Tower.

G. O. G. G. 19th Sept. 1808 The Light Company which, by the Orders of Government, is in future to form a fixed Officers how posted to them.

part of the Establishment of every Battalion of Native Infantry, is to be the 1st, or Colonel's Company, in each Battalion of a Regiment.

The formation and establishment of the Light Company are to be assimilated in every respect to those of the Battalion. Officers will be posted to this company as the commanding Officers may direct, care being taken that the Officers so posted are selected from a due regard to qualifications.

The Lieutenant Colonel's and Major's Companies in both Battalions to be commanded by a Lieutenant with an Ensign.

G. O. C. 10th June 1796

The Flank Companies by a Captain with a Lieutenant.

In the Battalion to which the Captain Lieutenant is posted, one Battalion Company is to be commanded by a Captain with an Ensign, one by a Lieutenant with an Ensign, and three by two Lieutenants each.

In the other Battalion two companies by a Captain with an Ensign, and three by two Lieutenants each.

The Battalion companies to be posted in Battalion, and the Officers posted to companies as the commanding Officer may direct. He may give Lieutenants the temporary command of such companies as are left with only an Ensign doing duty, (if he should deem it necessary for the good of the service).

Companies how numbered and named.

The Companies to be numbered, beginning with the Colonels, and proceeding in succession with the Field Officers, Captains and Lieutenants. To the number of the company is to be added the rank and name of the Field Officer, Captain or Lieutenant; as, for instance, the 1st (or Colonel A's.) Company; the 4th (or Captain B's.) company; the 7th (or Lieutenant C's.) Company.

Regt. and Battalion staff not precluded from commanding companies.

The Regimental and Battalion Staff being attached to companies are to have the command of those companies when they happen to be the seniors in them; but it is to be understood that they are not to be detached from corps with their companies, the command of which will, in such event, devolve to the next senior Officer.

G. O. C. 18th Aug. 1796

companies attached to the senior Lieutenant as is vested in captains.

—The Senior Lieutenants on the strength of a Battalion, whether absent or Regimental or Battalion Staff, are to be posted to those companies, which are to be considered their proper companies in the same manner as companies to which Captains are attached are considered the proper companies of those Captains; all other subaltern Officers are to be posted to companies by and at the discretion of the commanding Officers of Battalions, but subject to the controuling power of the commanding Officer of the Regiment.

Companies that may be without an Officer in whose charge to be placed.

If there be not present with Battalions a sufficient number of European Officers to furnish one to each Company, the vacant company or companies are to be put under charge of the senior Officer; one vacant Company only to each Officer.

G. O. C. 15th Sept. 1796 and 29th June 1796

This rule to extend to Captains and Subalterns as far as there may be vacant companies; and it is to be understood that the Officer commanding the Regiment or Battalion, or Officer in the temporary command, is excluded from such charge.

Officers to be mustered in their proper companies

"All Officers are to be mustered in their proper companies, not in those they may occasionally be doing duty with."

Ext. Let. Ad. Genl. August 1796

Relative to the controul and authority to be exercised over the companies, by the officers

Resolved, that Officers commanding companies in Native Corps be invested with the same authority that is exercised by Captains commanding companies in the European Regiments.

M. C. 30th May 1796

His Lordship takes this occasion to declare to the Army that when he directed subaltern Officers should be posted to companies, it was his intention that they should regularly receive reports of their companies from the Native Officers, and that such appointments should not be merely nominal or nugatory; and he conceives that with proper dispositions on the part of commanding Officers of Battalions and their Subalterns, their respective duties may be carried on without a jealousy of authority on one part, or any improper interference in the discipline or internal management of corps in the other.

G. O. C. 3d Feb. 1794

- M. C. 20th**
Apr. 1787 The practice of conferring the command of a Regiment of Sepoys invariably on the senior Captain is liable to great military objections. The hopes of honorable distinctions are necessary to stimulate military men to extraordinary exertions; and if seniority alone were to obtain the objects most desirable, many valuable professional talents, and that spirit of emulation which excites vigour and activity, would, in numberless instances, lie dormant. To establish and maintain the strictest possible discipline amongst the Native Troops is of the highest importance, and it is therefore proper that the command of a Regiment of Sepoys should be an honorable and desirable object.
- Between candidates nearly equal in character and ability, seniority has a just claim to preference; but when for that situation superior Military qualifications are found in a junior Officer, the public good requires that he should be encouraged.
- The general principles by which pretensions to the command of Native Regiments ought to be regulated, are knowledge of the language and customs of the Natives; and, on the other hand, as the bad state of a Native Regiment affords a presumption of negligence or incapacity in its commanding Officer, the good of the service, in such case, points out the necessity of his removal to a situation in which his defects may be of less public detriment.
- G. O. 23d**
July 1787 It is to be a standing regulation, in future, that whenever Officers commanding Battalions of Native Infantry are removed from one corps to another, they are to settle all accounts with their Battalions or companies up the end of the month in which such order for their removal shall be published.
- M. C. 10th**
August 1796 The senior Lieutenant Colonel of a Regiment of Native Infantry, in the absence of the Colonel, and consequently in command of the Regiment, is to continue in command of the Battalion he is posted to, and to proceed with it on all duties it may be ordered on, and no other Officer shall be entitled to superior batta for such Battalion.
- G. O. 10th**
June 1796 The commanding Officer of the Regiment may parade it for exercise, or any other duty, whenever he thinks proper, or may order a parade or exercise of either of the Battalions under its Commandant; but, as commanding Officers of Battalions are answerable for the discipline of their corps, they are to be allowed to have such parades and to prescribe such duties or exercise consistent with established Regulations, as may conduce to this end, whenever the Battalion is not required for general or Regimental duty.
- The commanding Officer of the Regiment must be careful in the exercise of his authority to uphold the consequence of the Commandants of Battalions, and to preserve to each rank the powers necessary for the maintenance of good order and subordination.
- M. C. 6th**
June 1796 The allowance to Officers actually commanding Regiments and Battalions of Native Infantry for writers and stationery to be 20 Rupees a month.
- The allowance to each company of Native Infantry for stationery and repairs of arms and accoutrements to be fifty Rupees a month—(For Regulations for drawing this allowance, *vide page 125*; and for repairing the arms, &c. *vide Chapter XIII.*)
- M. C. 30th**
May 1796 Resolved, that an Adjutant and Quarter-master, in one person, be appointed to each Regiment of Native Infantry on the same allowances as the Adjutants and Quarter-masters of Native Brigades, (*viz.* Staff and Office Allowance Sonat Rupees 157 per mensem and Sonat Rupees 30 for a Horse when in the Field, in cantonments in the Field, or marching.)
- The Adjutant and Quarter-master of Native Infantry will act as Quarter-master to the Regiment; and is the channel through which the Colonel or commanding Officer is to issue his orders to the two Battalions of his Regiment.

27th December
1797 Agreed, that it be considered as a standing Regulation that the Quarter-masters of Native Regiments shall present general indents for such Articles as may be required for both Battalions composing their respective Regiments, except when the Battalions are separated at distant stations, in which case, only, indents from the commanding Officers of Battalions are to be forwarded to the Military Board Office.
- Relative to the qualifications necessary for the command of Native corps.
- Period to which com'g. Officers of Battalions, who may be removed, are to adjust their accounts.
- In event of a Lieutenant Colonel commanding the Regt. he is to continue with the Battalion he is posted to.
- Relative to the control to be exercised by the commanding Officer of the regiment.
- Allowance for stationery to com'g. Officers of Regts and Battalions.
- Allowance for repairs of Arms, &c.
- Adjutant and Quarter-master appointed, and his staff allowance fixed.
- Office Tent allowance granted him.
- He is to indent for stores, &c. for that Battalion of the Regiment he may be doing duty with; and have charge of such part of his Establishment as may be at the station with him.

"The Commander in Chief feels no hesitation in saying that wherever an Adjutant and Quarter-master may be, no Battalion Staff can have a right to interfere with the people of his department, or the duties of his Office, the Adjutant and Quarter-master retaining charge of any part of his establishment that may be at the same station with himself."

Dec. 1796 The Governor General in Council having been pleased to authorize a supply of a set of carts for the Regimental Stores and spare arms of the Native corps of the Army, at the Company's expense,—Resolved, that the following regulations relative to them be published.
- * That in consideration of the first set of carts being provided at the Company's expense, and of the monthly allowance of 30 Sonat Rupees for each cart, the Quarter-master, in whole charge they may be, must not only keep the carts constantly in good repair, but replace them when necessary by new carts at his expense.—That for each cart, the Quarter-master shall at his own expense furnish and keep three draught bullocks, of the established standard for Artillery draught bullocks, with one driver, without any further charge to the Company, than the said monthly allowance of 30 Sonat Rupees for each cart with its three bullocks, harness and driver, complete.
- That the carts and bullocks shall be marked with the numbers of the Regiments, respectively, be mustered monthly with the drivers, and included in the muster rolls wherein the condition of the carts and bullocks shall be expressed.
- That the carts be included in the Quarterly Returns made by the Quarter-masters to the Military Board.
- The bullocks once marked and received into the service shall not be exchanged at the option of the Quarter-master, but continued in this line of the service until condemned by regular surveys, when new bullocks are to be supplied by the Quarter-master at his own expense.
- That on the succession of one Quarter-master to another, the new Quarter-master shall pay for the bullocks of his predecessor at such price as shall be fixed by any two Officers of the corps, one to be chosen by each party.
- That in case of one Battalion of the Regiment being detached, the proportion of carts and bullocks sent with it is to be under charge of the Adjutant, with whom the Quarter-master will settle for the expense of feeding the bullocks and the repairs of the carts.
- The carts and cattle being intended entirely for the public service are not to be made use of for private purposes.

1797 " If the doubts which have arisen between the Quarter-master and Adjutants of the 9th Regiment, concerning the puckallies and carts, have a relation to the mode of drawing for them, the Commander in Chief finds, on a reference to the General Orders of the 22d August and 16th December, 1796, that by the former, puckallies are expressly excepted from the Adjutant's abstract, and by the latter it is as expressly declared that the carts are in all situations to be drawn for by the Adjutant and Quarter-master, the obvious reason of which is, that the bullocks, in both cases, are the property of the Adjutant and Quarter-master, and furnished in the nature of a contract.
- If the doubts relate merely to the charge of those things, the Commander in Chief has directed me to acquaint you, that the Puckallies, being attached to companies, are under

the immediate charge of the Officer commanding the company ; and that the General Orders of the 30th December, 1796, point out under whose charge the carts of a detached Battalion are to be placed."

Also relative to the charge of camp equipage with the detached Battalion. "The allowance for keeping camp equipage, &c., &c. in repair being in the nature of a contract, it does not, in the event of a battalion being detached from the Head-quarters of the Regiment, admit of a division with fairness to both parties ; the expenditure being more or less, at different times, according to the use that is made of the camp equipage. The Adjutant and Quarter-master is responsible for the good condition of it and for the supply of the necessary articles : in case of the separation of the two Battalions of the Regiment, the Quarter-master Serjeant is the proper person on the part of the Adjutant and Quarter-master to make such repairs as may be necessary, and to supply pins, &c. when wanting, under the instructions of the commanding Officer of the Battalion."

Allowance for butts and targets, and how drawn. The annual allowance for providing targets and butts for annual practice is fixed at Sonat Rupees 45 for each Native Battalion. M. C. 18th Nov. 1796

The annual allowance for targets and butts fixed by the Minutes of Council of the 18th November last is to be drawn for by the Quarter-masters of Native Regiments for both battalions, when together, but when separated the Regimental Quarter-master is to draw the allowance for the Battalion with which he may be doing duty, and the Adjutant for the other Battalion. M. C. 18th Dec. 1796

Drum heads how furnished. The Governor General in Council is pleased to direct that Quarter-masters of Regiments and Adjutants of Battalions be authorized to furnish the Drummers attached to their respective corps annually, with one set (consisting of two batter or upper heads and one founding or lower head) for each drum, and to charge the same at the rate of 5 annas per head.—(For the annual allowance of wax cloth and exercising ammunition, quarterly allowance of petty stores, and hides and twine to Native Infantry, *vide Chapter XIII*.) When an Adjutant has occasion to apply for such leave, the Commander in Chief will permit any other Subaltern in the same corps, whom the Adjutant may find willing, to perform the duties of that post during his absence, having previously obtained the sanction of the commanding Officer of the corps for that purpose ; the name of such Officer is to be transmitted, by the commanding Officer of the corps, to the Adjutant General.

In the event of the death of the absent Adjutant, the Officer officiating for him under the sanction above mentioned, will be entitled to the staff pay from the date of the casualty until the vacancy is filled up by General Orders.

Serjeants required for Native corps how be applied. Resolved, that a Serjeant Major and Quarter-master Serjeant be allowed to each Battalion of Native Infantry. M. C. 20th May 1796

G. M. C. 30th May 1796 Resolved, that a Drum and Fife Major be allowed to each Battalion of Native Infantry.

Drum and Fife Major allowed each battalion.

M. C. 22d August 1796 In Native Corps one Drummer and one Fifer are to be attached to each Company.

Drummers how attached to companies.

G. O. P. C. 2d Sept. 1807 Whenever Drummers or Fifers are required for any of the Native Corps of the Army, application is to be made, in the first instance, to the Honorable Company's European Regiment, to which an extra number of Boys has been allotted, for the purpose of supplying other corps; and, secondly, to the Secretary to the Orphan Society; and no natives are to be entertained as Drummers and Fifers until it be ascertained that Boys cannot be supplied from the European Regiment or the Orphan Establishment.

When drummers are required for Native corps, application where to be made.

G. O. 14th June 1798 Boys selected from the Orphan School to serve as Drummers, Fifers or Privates in the several corps of the Army are to be enrolled on the strength of the corps for which they are intended from the day on which the selection shall be made; and pay and half batta is to be drawn for them from the same date, in the abstract of the companies to which they shall be attached; to which end the Secretary to the General Management will transmit regularly to commanding Officers of corps, the names of the boys and dates of their being selected for the corps under their command.

Boys appointed from the Orphan School when to be enrolled and their expenses how defrayed until they join.

The Honorable Company's allowance for children in the Orphan House will cease from the day on which boys are selected to serve in the corps of the Army; and the expence for dieting and clothing them, from the date of their being appointed to corps, until a suitable opportunity shall occur for their proceeding to join, as well as the expences for fitting them out and forwarding them to the corps, are to be defrayed from the pay which will accrue to them in the corps to which they are appointed. The Secretary to the General Management will transmit to the commanding Officers of corps an account of these expences, and the amount is to be remitted by a bill on the Paymaster General in favor of the General Management.

G. O. P. C. 2d 1807 Officers commanding corps to which Boys are appointed from the Orphan School are directed to place them under the care and superintendence of an European non-commissioned Officer, whose conduct in providing a mess and all other necessaries for them is particularly to be attended to by the Adjutants of Corps.

Under whose charge to be placed on joining corps.

With the sanction of the Governor General the Provincial Commander in Chief is pleased to direct the following distribution of boys from the Lower Orphan School to the undermentioned corps of the Army, with which they are to be enrolled as Drummers and Fifers from the 1st of October next, on the half pay and half batta of Drummers; until they shall become of sufficient age, and be in other respects duly qualified to fill the situation of effective Drummers, when they are to be brought on full pay. In the mean time such as may be in excess to the establishment of corps, respectively, to which transfers are now made are to be returned as supernumeraries until vacancies occur.

Appointment of Boys to corps and allowances, to be drawn for them until they become effective.

Regulations for the discharge of drummers received from the Orphan School.

Whenever Drummers and Fifers, received from the Orphan School, may be desirous of taking their discharge from the Service, Officers commanding corps are authorized to grant discharges without reference to any particular period of service, on their being satisfied that the object of such application is likely to prove beneficial to the individual; requiring, at the same time, in all practicable cases, some security that the person so discharged, shall not be left unprovided for, nor be allowed to act in any manner or situation contrary to the regulations of Government. Officers commanding Corps are not authorized to discharge from the service for misconduct any person received from the Orphan School, except in cases of extreme necessity, where the person may appear incorrigible; in every such case the subject is to be reported to Head-quarters, and the persons so discharged are to be sent to the Presidency for the further orders of Government.

Allowance fixed for teaching the Bugle practice.

The Governor General in Council having been pleased to authorize an allowance of 8 Rupees per company to be paid to the persons who have been employed in teaching the bugle horn practice to the men employed for that duty with the several Light Infantry Companies of the Army,—the Commander in Chief directs that bills may be prepared for that allowance, with certificates annexed under the signature of Officers commanding the Light Infantry Companies, respectively, stating the name of the instructor, the names of the persons instructed, and that the duty has been duly performed. The bills with the vouchers required are to be transmitted for audit.

Rules for detaching on command Battalions and detachments.

Reference having been made relative to detaching Native Battalions on command, the Commander in Chief directs the following rules to be observed.

G. O. C. C.
23th July 1796

Roller for detaching Battalions.

The 1st Battalion of the senior Regiment—The 1st Battalion of the junior Regiment—
The 2d Battalion of the senior Regiment—The 2d Battalion of the junior Regiment—
The same principle is applicable to smaller detachments.

Rank and standing of Officers to be sent in command of Detachments of Native Infantry and rules for detaching them.

The Commander in Chief having reason to suppose, that the General Orders of the 31st May, 1789, directing "that when a detachment of Native Infantry is sent out of the strength of 50 men or upwards, with a probability of using their arms, the charge be committed to an European Officer," have been deviated from in some instances, he now thinks proper to order, that Subaltern Officers shall be sent on command with all detachments of Native Infantry exceeding in number half a company, whether such detachments be composed of men of different companies or not. Commanding Officers of Sepoy Battalions are enjoined to pay strict attention to this regulation.

G. O. C. C.
24th May 1793

The Commander in Chief is pleased to direct that a Captain be invariably sent with every detachment of Native Infantry which may exceed the strength of one Company; and on every occasion on which service is likely to occur a single company is not to be detached without a Captain, whenever that measure may be practicable.

G. O. C. C.
25th Aug. 1806

In consequence of the scarcity of Officers of the rank of Captain with the several corps of the Army, the Provincial Commander in Chief is pleased to authorize, until further orders, the following modification of the General Orders of the 25th August, 1806, which direct "that a Captain be invariably sent with every detachment of Native Infantry that may exceed the strength of one company."

G. O. P. C.
4th April 1807

Subalterns who shall have actually served 8 years in India shall be considered eligible to such commands whenever necessary to afford facility in conducting the details of corps, adhering, however, in all practicable cases, to the latter part of the orders of the 25th August last, which direct "that a Captain shall always be sent with a single company whenever service may be likely to occur as often as a compliance with that direction may be practicable."

Ext. Let. Genl.
19th July 1798

"The rule of detaching a commissioned Officer on command with half a company continues in force. Captains and Subalterns to be always detached with their respective companies, excepting Adjutants, who must remain to perform their Staff duties with their corps. A commanding Officer of a Battalion to have the option of going on command with his corps or of remaining with the other divisions of it at Head-quarters; but the Colonel, or commanding Officer of the Regiment, has the power to restrict this option whenever he may deem it expedient to do so in particular cases.

Majors may command detachments of any size not under two nor exceeding five companies.

Captains are equally eligible for such commands; and it is left in the power of the Colonel or commanding Officer of the Regiment to nominate an Officer of either rank on such occasions as he may judge to be most for the advantage of the public service."

Ext. Let. Adj.
—June 1796

"Parties sent on detachment to be furnished from one company in preference to proportions from the whole; should the detachment exceed a company, the excess to be furnished from another company."

Parties sent on detachment to be furnished from the same companies.

G. O. C. C.
20th March
1810

The Commander in Chief is pleased to direct that whenever any party of Native Troops equal to the average strength of a company shall be detached on duty, either by land or by water, the proportion of camp equipage allowed for a company shall always be sent with such parties; the carriage for which, in cases of their proceeding by water in the first instance, is to be furnished at the station or post where such detachments shall commence their march back to their corps.

Proportion of camp equipage to be sent with detachments proceeding either by land or water.

G. O. C. C.
17th July
1808

Detachments of Native Troops, after performing any duty on which they may be employed by water, as in the late instance of the party which accompanied H. M. 2nd Regiment from Danapoor to Berhampoor, are invariably to be ordered to return to their station by land, and European Officers proceeding on duty with such detachments will be expected to make their arrangements accordingly, by sending their carriage and camp equipage to meet them.—(For tonnage allowed to Native Troops, embarkation return, indents for boats, &c. *vide Chapter XVII.*)

Native Troops detached on duty by water, after the service being accomplished, are to return by land.

G. O. 16th
June 1792

Commanding Officers of detachments of Native Infantry with which there are no Quartermasters are to indent for their own ammunition: and to be held responsible for the charge of their magazines.

Officers commanding small detachments that have no staff attached, to indent for ammunition, &c.

M. C. 3d Aug.
1779

The good order and discipline of all Troops depends on the care the Officers take to enforce it. The Native Officers are but too often remiss. It is therefore recommended to the European Officers to enforce command and obedience amongst them; and to endeavour, by encouragement and good treatment to the active and by punishing the remiss, to make them keep good order and discipline among the Sepoys, and to support them well in it. The European Officers are to consider their preferment as derived from the attention they pay to the well disciplining and ordering the Sepoys; as this service is regarded equally as honorable and essential as the command of Europeans.

Relative to the interior arrangement and discipline to be observed in Native corps.

G. O. 10th
June 1796

It is to be a standing rule in Native corps, that whenever a Battalion is under arms, the European Officers, or a proper proportion of them, do attend, and that no parade whatever be without the presence of an European Officer.

No Parades to be ordered without the attendance of an European Officer.

G. O. 29th
August 1791

The Lieutenant Colonels commanding the Sepoy Brigades will please to order that when Majors, or Captains commanding Battalions, are from indisposition, or any other cause, prevented from attending the parade, their Adjutants, or the senior Officer present, shall lead out the Battalions and exercise them; and this as often as such occasions occur.

In absence of the Commanding Officer, the senior Officer present to exercise the corps.

The commanding Officer of the Forces being anxious that the Subaltern Officers should acquire a thorough knowledge in the exercising of Battalions, and training recruits, strongly recommends it to the attention of the Lieutenant Colonels and Majors commanding these corps, to direct that all the Subalterns do occasionally put the Battalions through every part of the exercise.

All the Subalterns are occasionally to exercise the Battalion.

Squads of 50 Recruits should always be superintended by a Subaltern Officer.

Commanding Officers to maintain the discipline of their Light Companies in an efficient state by frequent practice.

Native commissioned and non-commissioned not to be drilled together,

The Commander in Chief relies on the unremitting zeal and attention of Officers commanding the several corps of the Army to keep alive the spirit of emulation for that line of the service, by the frequent practice of the Light Infantry evolutions with their respective Light Companies, and by maintaining them in every way complete and perfect under their present formation and appointment.

G. O. C. C.
18th Feb. 1809

It appearing that the practice in this Army of drilling the Native commissioned and non-commissioned Officers together still prevails in some of the corps, that custom is strictly prohibited in future.

G. O. C. C.
April 1791.

Should any of the Native commissioned Officers, in drilling their squads, discover ignorance of any points of their duty, such Officers are to be instructed by the Adjutant of the Battalion; and they should never be ordered out in squads without an European commissioned Officer to superintend, and a Feugil Havildar should, on such occasions, always attend them.

Regulations for the drill of Native corps, and the persons to be employed as instructors.

In Native corps no Native commissioned or non-commissioned Officers, above the rank of those authorized by the regulations of the service for that particular duty, are to be employed as instructors of the Drill.

G. O. C. C.
18th Feb. 1809

The Drill Havildars and Naicks of corps are to be employed on that, their proper duty, under the direction of commanding Officers of corps, and the immediate Superintendence of the Adjutants, with the aid of such additional non-commissioned Officers as may be necessary, according to the numbers at Drill; and the non-commissioned Officers so employed are to be relieved monthly, or at least every two months. Private Sepoys are to be employed as seldom as possible as instructors at the Drill, which can only be necessary from an occasional scarcity of non-commissioned Officers, and in such cases they are also to be relieved, as directed for the additional non-commissioned Officers.

Regulations for performing the duty of Orderly Havildar, and of Pay Havildar.

The duty of Khote Havildar in Native corps, corresponding with that of Orderly Sergeant in European Companies, is strictly to be regulated by the same rule of weekly or daily tour, and is never allowed to be performed by private Sepoys; nor are private Sepoys on any account to be employed as Pay-Havildars, unless to assist in the mere business of writing when that may be wanted.

Pay-Havildars, though declared not liable to be sent on detachment, are nevertheless invariably to take the duty of a Company, Battalion, or Station, in common with the other Havildars, and to attend all parades and exercises, with the corps in general. Commanding Officers of stations, detachments, and single corps, are earnestly called upon to give the fullest effect to the foregoing regulations, which are considered by the Commander in Chief to be intimately connected with efficiency of discipline, and the salutary object of repressing the baneful consequences of undue influence.

Ordering regularity to be observed in the march of Native detachments,

The Commander in Chief has observed with concern the great irregularity with which every Sepoy Detachment, he has accidentally met, marches towards the place of its destination. He concludes that all Detachments, previous to their marching from the Parade where they were first formed, have been examined by an Adjutant or a commissioned Officer, and that clear and full instructions have been communicated to the Officers who are to command them; but as the want of a certain degree of order in common marches tends to real evil, he directs that positive and clear orders be given to every Detachment as to the method they are expected to observe on their march, and that the Officer or non-commissioned Officer commanding, be acquainted that he will be held responsible for a deviation from the orders prescribed on this head.

Detail of personal guards to be furnished by Native Infantry.

The Commander in Chief is pleased to fix the following detail for personal guards of Native Infantry, which are to be relieved weekly.

G. O. C. C.
15th Nov. 1806

For a Major-General commanding a station,
For a Colonel of a Regiment, not commanding a principal station,
Lieutenant Colonels commanding and present with Regiments or Battalions of Native Infantry,

Feugil	Havildar	Naicks	Drunns	Sepoys
--------	----------	--------	--------	--------

For all other Field Officers or other Officers in command of corps, when in camp, a night sentinel is to be furnished from the Rear Guards of their respective corps.

V. C. 3d Aug.
1779

Sepoys are not to be made use of as peons, or employed on private business, to attend the Officers who command them.

Sepoys not to be employed on Private business

One of the non-commissioned Officers, only, shall attend the commanding Officers of each battalion or detachment; and it is particularly required of every commanding Officer to see that these and every other order respecting the Sepoys are punctually obeyed,

Orderly to the Officer commanding the corps.

M. C. 16th
May 1790

Orderly Sepoys and Lascars are on no account to be made use of as peons and hircarrahs by attending an Officer when he goes abroad, or by being employed on any private business. They are to be allowed to Officers commanding stations, detachments and corps, and to Public Officers for the purpose of carrying orders, and are to be confined to that duty alone; when Officers, either staff or others, have occasion to go on public duty to the Parade or to places where they may require their Orderlies, they may send them on, or direct them to follow so as to meet them at any appointed place; but they are not at any time to let them run before their palankeens and horses, or at any time mix with their fowarrie servants.

Orderly Sepoys to what Officers allowed and how to be employed.

G. O. C. C.
15th Oct. 1803

The Commander in Chief, having remarked Sepoy Orderlies running with and after palankeens, positively interdicts a practice so directly in opposition to the standing Orders of the Service. (For further orders prohibiting the employment of Sepoys out of the line of their duty *vide* page 144).

Not to run with Palankeens.

M. C. 3d
August 1779

If any Sepoy wilfully or carelessly loses or spoils any of his arms or accoutrements, stoppages shall be made out of his pay in such monthly proportions as his commanding Officer shall think fit, not exceeding half his pay, at the following rates:

Stoppages to be made from Sepoys who lose their Arms, &c.

For a musquet, 20 Rupers—a Bayonet, 2 ditto—a Sling, 1 ditto—a Cartridge box, 1 ditto—a Lock, 4 ditto—a Worm, 4 annas—a Pricker, 1 ditto.

G. O. 17th
March 1793

The Commander in Chief can have no objection to the Native Troops amusing themselves at the celebration of their festivals, according to their respective rites and customs, while they do so in a peaceable and orderly manner; but he warns them against improper conduct, lest the consequences should be serious to all the parties who may be concerned; and he calls upon the European Officers to have an eye towards the men of their own corps whilst engaged in the performance of festivals and ceremonies, to prevent disputes from arising between two Battalions; and, in case any should occur, to use their utmost endeavours to suppress them before they proceed to outrageous lengths.

Relative to the conduct of Native Troops at the celebration of their festivals and religious ceremonies.

G. O. 13th
October 1793

Major General Sir Robert Abercromby has had before him the Proceedings of a Native Line Court Martial held at Barrackpore, before which a Lascar was tried for firing a musquet in the lines at night, and who pleaded in excuse "that it was in celebration of the Mohurram;" this excuse was admitted by the Court under the plea of usage, but as no usage can warrant a practice so repugnant to Military Regularity, it is directed that no Native Officer, Sepoy, Lascar or camp follower shall in future, upon any occasion whatever, presume to let off fire arms within the lines of a cantonment or camp without express permission for that purpose.

General Abercromby, far from wishing to check the Native Officers and Sepoys in their customary amusements, is very desirous that they should be allowed all reasonable indulgencies in the celebration of their Festivals and Religious Rites, and he is confident that commanding Officers of stations, cantonments and camps will never refuse these indulgencies when application shall be made to them for that purpose, unless upon occasions where the exercise of them may be judged improper.

G. O. 21st
Dec. 1796

The translation of a selection of the Articles of War in Persian and Hindoostanee being completed and printed, copies thereof will be transmitted to the several Native Corps of the Army. It being the intention of Government, in causing this publication to be made, that Native Officers and Sepoys shall be acquainted with the laws by which they are governed as Soldiers, the obedience and duties required of them, and the punishment to which they are liable for certain offences; the Articles relative to mutiny in the 11d

Articles of War when to be published to the Native Troops.

Section; to Desertion in the Vth Section; to Crimes punishable by law in the VIIth Section; to the Redress of Wrongs in the IXth Section; to Duties in Quarters, in Garrison or in the Field in the XIth Section; the 10th, 14th, 16th, 17th, 19th and 20th Articles of the XIIth Section, relative to the Administration of Justice; the Articles of the XIIIth Section, relative to the effects of the dead, and the 2d Article of the XVth Section, are to be read in the Hindoostanee language every month at the head of each Native Regiment or Battalion in the Service immediately after muster. In every Battalion in the Service there will be found many men, either Native Officers or Sepoys, capable of reading the Articles in the Hindoostanee language distinctly after a little study and practice; to which end, and that the Native Officers may have the opportunity of making themselves thoroughly acquainted with the Articles of War and of instructing the men belonging to their respective companies in them, exclusive of three copies for the public Officers of the Regiment and Battalion, two copies will be sent to each Battalion for the use of the Native Officers, to be under the care of the European Adjutants. The whole are to be considered as belonging to the Regiment, and, on the removal or occasional absence of the Regimental Adjutant and Quarter-master and Battalion Adjutants, are to be delivered over to their successors, or Officers acting for them.

No. of copies allowed to each corps and how to be preserved.

No Native non-commissioned or Sepoys to be punished but by sentence of Court Martial.

No Native non-commissioned Officer or Sepoy shall be punished but by the sentence M. C. 7th May 1781 of a Court Martial, except in cases where an immediate example is necessary to be made, and when delays may be attended with dangerous consequences to the Service.

It appears that Captain Grant has occasionally reduced Havildars and Naicks to the ranks, and has deliberately inflicted corporal punishments on Sepoys without any form of trial; as such practices are not warranted by the regulations of the Service, and might tend to the subversion of justice, the commanding Officer of the Troops strictly prohibits the exercise of them in future by any Officer. G. O. C. F. 27th Feb. 1791

Relative to the orthography to be observed in rolls, &c. of Native corps.

Commanding Officers of every Native corps to preserve invariably the same orthography in the names of the same Natives in the returns or review rolls, and when any commanding Officer shall, by authority, transfer any Native Officers or Soldiers, he shall send with them a correct list of their names, according to the orthography that has been used in inserting the names in his own rolls, which must be also used in the corps to which they shall have been removed; and as there are many men of one name in the same corps, they are to be numbered on the rolls, 1st, 2d, 3d, &c., if of the same name. M. C. 17th May 1793

Descriptive rolls of companies how prepared.

Correct descriptive rolls of the Native commissioned, non-commissioned and Privates composing the Light Companies of the several Battalions of Native Infantry on this Establishment are to be prepared agreeably to priority of service, and forwarded from the Head-quarters of Battalions respectively, properly authenticated, to the Officers commanding the Light Companies, by whom they are to be carefully kept up under the periodical inspection and report, prescribed by the regulations of the Service. (N. B. Descriptive rolls are kept up in the same manner in all the companies of corps, respectively.) G. O. C. C. 9th Jan. 1809.

Registers of Battalions and Regiments how to be prepared and kept up.

Adjutants of Battalions to keep regular registers of their respective Battalions, and the Adjutant and Quarter master a Register of the Regiment for the use of the Commanding Officer, agreeably to the annexed form, in which are to be noticed every casualty that may hereafter occur in the corps corresponding with those remarked in the monthly Review Rolls. (Vide Form No. 1.) G. O. 10th June 1796

The most exact uniformity to be observed in spelling the names of the Officers and men, in order that claims to the benefit of the Invalid Establishment may be clearly ascertained. The names by which the men are enrolled after enlisting are not permitted to be changed.

To be inspected quarterly by commanding Officers and reported to the Adjutant General.

The Books are to be inspected quarterly, on the first days of the months of May, August, November and February, by the commanding Officers of corps, who shall certify on the book the date of inspection and report, through the Adjutant General, to the Commander in Chief immediately afterwards, whether or not the Books are properly kept up.

To be delivered over to relieving Staff Officers.

This Book to be delivered over, signed by every Adjutant, upon his removal, to his successor, from whom he is to take a receipt for it, together with the other books and records belonging to his Office. M. C. 7th May 1781

- G. O. 10th June 1796** Removals from one Troop or Company to another in the Native Cavalry, Native Infantry, and Lascars are only to be made in the month of May, yearly, excepting when they become necessary from promotion; Removals in companies when to take place.
- G. O. C. F. 3d Oct. 1819** The Commander of the Forces is concerned to notice the very defective state in which the descriptive rolls of the commissioned and non-commissioned Officers above promoted were transmitted to the Adjutant General; by the different corps; in consequence of which considerable delay and difficulty occurred in adjusting the relative dates of rank.—As the defects and omissions in those rolls can only have proceeded from great inattention to the accurate preservation of Regimental and Battalion Records, so repeatedly enjoined in the standing regulations of this service, particularly in General Orders of the 10th June, 1796,—the Commander of the Forces must infer that the quarterly inspection and report of the state of the books of their corps by commanding Officers, prescribed by those orders, are altogether lost sight of, and therefore directs that in future the most pointed attention be invariably paid to this essential part of interior duty. Enjoining the accurate preservation of the registers by commanding and Staff Officers,
- G. O. C. C. 9th May 1811** The Commander in Chief having had occasion to notice the great want of attention on the part of commanding Officers and Staff of corps to the General Orders under date the 10th June, 1796, requiring the transmission to the Adjutant General's Office quarterly of Reports of the inspection of the Registers or long Rolls of their respective corps,—his Excellency now calls upon the Officers to whom these observations may be applicable for a more exact obedience to the orders abovementioned; and he has desired that any future instance of the like remissness may be immediately reported to him, in order that his marked disapprobation may be signified to those who may continue to neglect to necessary a part of their duty. And attention to the orders requiring a quarterly report to the Adj. Genl.
- G. O. C. C. 29th Dec. 1806** Copies of all Battalion Orders of Battalions of Native Infantry, which may be separated from the Head-quarters of their respective Regiments, are to be regularly sent, every month, to the Officer commanding the Regiment, and which, after being inspected by him, are to be deposited in the Regimental Staff Office. Copies of Battalion orders to be sent from detached Battalions to the Hd. quarters of the Regiment.
- G. O. P. C. 3d April 1807** Any Native corps or department that may not have any men transferred to the Invalid Establishment by the Annual Committee, are directed to report the same to the Adjutant General's Office. Native corps not having any men transferred to Invalids, by the annual committee, to report the same.
- G. O. C. C. 3d Jan. 1797** Commanding Officers of Native Regiments are to be furnished by the commanding Officers of Battalions with quarterly returns of arms and accoutrements, in the existing forms, (*vide Chapter XIII.*) of their respective Battalions, at the expiration of each quarter; and the commanding Officer of the Regiment is to direct his Regimental Quartermaster to compile from these returns a general return of the Arms and Accoutrements of the Regiment for transmission to the Military Board Office. Annual Survey Reports, quarterly returns of arms, &c. how transmitted from Battalions and Regiments.
- In like manner the General Annual Survey Report of the Arms and Accoutrements of Regiments is to be formed from the separate Battalion Reports.
- G. O. C. C. 5th Aug. 1797** Arms, Accoutrements and Stores required for Native Regiments are to be issued upon indents signed by the commanding Officers of Regiments; and detached Battalions and detached companies are to be kept complete with Arms, Accoutrements, &c. from the Regimental Store at the Head-quarters of the Regiment, the commanding Officer of the Regiment taking care to present indents to the Military Board for articles to replace the issues from time to time. Arms, accoutrements, &c. how indented for and supplied to Regiments, detached Battalions, &c.
- In cases, however, where parts of Regiments may, with more convenience to the public service, be supplied with Arms, Accoutrements and Stores from Magazines, than from the Regimental Stores; as when the Head-quarters of the Regiment may be at an out-station, and a part of that Regiment be at a station where there is a Magazine, or the detached part of the Regiment may be at too great a distance from the Head-quarters of it to receive the required supplies from the Regimental Stores; such articles as are in immediate demand may be indented for on the nearest Magazine on account of the Regiment. In such cases a statement of the stores received is to be immediately transmitted to the Head-quarters of the Regiment, that the several articles may be entered in the Regimental Books and duly accounted for in the next quarterly return.

- Each corps leaving the Presidency at the Relief, to be equipped with a complete set of Arms, &c. Res. W. R. 19th Nov. 1787
- Resolved, that every Sepoy Battalion, when it leaves the Presidency station at the time of the general relief, be supplied with a complete set of Arms, Accoutrements, &c. to the end that the whole of the arms of the Army may pass through the Arsenal once in the course of the relief, by which arrangement the repaired arms can always be served out with such real certainty, that the corps will not suffer by receiving them; and further it will greatly reduce the demand from distant stations, and of course the necessity of sending Arms for their supplies, because in the interval between the reliefs the several corps will only want one set of accoutrements, and a few arms, to supply occasional losses or damages.
- Havildars to carry pikes and swords. The Commander in Chief is pleased to direct that the Havildars of regular Native Regiments shall in future carry pikes and swords instead of musquets. Indents for a shoulder sword-belt for each Havildar to be prepared and forwarded to the Military Board. G. O. C. C. 20th Sept. 1802
- Those of Light companies to have musquets. Officers commanding Light Infantry Battalions will indent on the magazines of their respective stations for musquets, which the Havildars of Light Infantry are in future to carry instead of pikes. G. O. C. C. 16th Nov. 1806
- Uniform of the Native Infantry. The uniform of all the Native Infantry (with exception to the Marine Regiment) is to be red with yellow facings and white buttons, and lace, striped red, blue and white. G. O. C. C. 8th Dec. 1809
- Dress of the European commissioned and non-commissioned Officers. The following instructions to be observed regarding the dress of the Native Infantry. The European commissioned and non-commissioned Officers to wear jackets with round black hats, the ornaments for the hats to be left to the commanding Officer of the Regiment; the buttons for the jackets to be the lion button, bearing the number of the Regiment. The Officers of the Light Companies to have suitable wings to their jackets. The Officers to wear white linen waistcoats and breeches during the hot weather. (*For further regulations for the dress of European Officers vide page 146.*) G. O. C. C. 1st Nov. 1796
- And of Native Officers and Sepoys. Native commissioned Officers are to wear white pantaloons and half boots. G. O. C. C. 16th Oct. 1801
- Pantaloons and Half Boots. The swords and belts of the Native Officers to be the same as the European Officers, but the plates to have only the number of the Regiment engraved on them. G. O. C. C. 1st Nov. 1796
- Swords, belts, and belt plates of Native Officers. The kummerbunds to be of blue linen and six inches in breadth, to be girt round the loins and fastened behind in whatever manner may be found most convenient. The cross to be of white linen.—(N. B. Sashes are now worn by Native commissioned Officers and Havildars.)
- Kummerbund. The Commander of the Forces deems it necessary to direct, with reference to the new established Army Cloathing, that no alteration whatever shall be made in the kummerbund or white cross, nor in the manner of wearing those parts of dress in the Native Infantry under this Presidency. G. O. C. C. 9th Nov. 1810
- Janghees. Janghees to be worn by the non-commissioned Officers (Naicks) and Sepoys at all times. G. O. C. C. 1st Nov. 1796
- Havildars to wear pantaloons. The Commander in Chief is pleased to allow Havildars of Native Regiments to wear white pantaloons instead of janghees, but on the express condition of their consenting to incur the additional expence which will be occasioned thereby, and in no instance is the wear of pantaloons to be imposed upon them contrary to their wish. G. O. C. C. 11th Nov. 1802
- Approved musters of janghees, &c. not to be changed but by the authority of the Commander in Chief. Musters of the jackets (ungahs) and janghees approved by the Colonels Commandants of Regiments, now in India, whether present with or absent from their Regiments, are to be lodged in the Office of the Adjutant and Quarter-master of each Regiment. In Regiments to which no Colonel is appointed, the Senior Lieutenant Colonel is to approve of the musters. G. O. C. C. 16th Sept. 1796
- After the musters have been approved by Colonels of Regiments they are not to be changed without the authority of the Commander in Chief.
- Breast-plates. The Commander in Chief authorizes breast-plates to be made up for the non-commissioned and Privates of Native Infantry, restricting the expence to eight annas. G. O. C. C. 2d Dec. 1796

These breast-plates are to be of brass or white metal ; and the number of the Regiment alone, in Roman figures, is to be engraved upon them.

G. O. C. C. Whenever new turbans or caps may be required for the corps of Native Infantry, they are to be made agreeable to a pattern, which is to be seen at Head-quarters. Turbans.

G. O. C. C. The frame of the Turban directed to be worn by the Native Infantry of the Army, by the General Orders dated the 26th July, 1805, is to be made of rattan instead of iron work, whenever it may be necessary to make new turbans ; and the hair of the men is to be worn turned up, and fastened on a knot on the crown of the head, as before, instead of being cut and turned down loose, as practised by some corps, and of which the Commander in Chief disapproves. Hair how to be worn.

G. O. C. C. The Commander in Chief has no objection to the Native Officers and Sepoys wearing beads round their Necks ; but they must be uniform, and the men be permitted themselves to furnish them. Beads permitted to be worn round the neck,

Drummers and Fifers to wear round black hats ; the ornaments to be directed by the commanding Officer of the Regiment, Hats for Drummers.

G. O. C. C. No alteration or addition is to be made to the uniform prescribed for the Native part of the Army by the existing regulations, without the sanction of the Commander in Chief ; every part of the dress of the two Battalions of the same Regiment, both of Europeans and Natives, is exactly to correspond in every respect. Exact uniformity to be observed in the dress of both Battalions and no alteration to be made but by authority of the Comr. in Chief.

M. C. 20th May 1796 The half mounting to the Native Infantry to be annually served out with the new cloathing, and the provision of it to rest with the Commandant of the Battalion, under the controul of the Commandant of the Regiment ; the present stoppage of five rupees to be made for this purpose. The stoppage to be left in the hands of the Paymaster, from whom the commanding Officer of the Battalion is to receive it. For this sum an uniform turban, kummerbund and white jacket, and a pair of janghees, are to be furnished. Provision of half mounting for Native Infantry, amount of stoppage, and specification of articles to be furnished.

No other article of dress to be supplied to the Sepoys, unless in cases where they will not keep themselves supplied in sufficient stock, when a specified stoppage, on account of each article, for those particular men, is to be authorized in Battalion Orders, and the articles are to be furnished by the Officers commanding companies. Sepoys neglecting to keep themselves supplied with clothes, how to be furnished.

M. C. 20th March 1797 At the period of making the stoppage for the half mounting to the Native Troops, when two Battalions of a Native Regiment are together, the Officer commanding the Regiment to issue a Regimental Order directing the Officers commanding companies to state, at the foot of the abstract, the aggregate of the stoppages to be made from it ; and the particulars of it to be furnished by the commanding Officers of companies to the commanding Officer of the Battalion. When a Battalion is separate from the Head-quarters of the Regiment, the foregoing order to be issued by the commanding Officer of that Battalion. Stoppage for half mounting how made, and accounts of it how rendered.

The annual half mounting stoppages are not to be made from men recently entertained, unless a period of five months shall have elapsed, from the completion of their stoppages for half mounting as recruits, to the date of the abstract from which the first proportion of the annual stoppage is to be made.

The total amount of the stoppages for half mounting to be paid to the Commandant of the Battalion, wherever the company be, in the same coin in which the amount of the abstract is paid, Period at which the stoppage is to be made from men recently entertained.

G. O. 14th Nov. 1797 Stoppages which have been made from men on account of half mounting, (who are drafted to the new corps) are to be paid to them, unless the half mounting shall have been delivered out. Amount of the stoppages how paid to commanding Officers.

Stoppages for half mounting in the new corps are to be made in the manner laid down in the Recruiting Regulations. They are to be left in the hands of the Paymaster and to be drawn from him by the commanding Officers of Battalions, who are to furnish the articles of half mounting to the whole Battalion. Stoppages made for half mounting not issued to men drafted to new corps to be returned.

G. O. C. C. 21th July 1809 Whenever the turbans in use with any corps shall no longer be fit to be worn, a new Stoppages how made in new corps.

When new turbans are required they are to

be supplied in lieu of the half mounting of that year,

set of turbans of the prescribed form and pattern is to be prepared by the Officer commanding the corps by whom the authorized annual stoppages on account of half mounting shall be received, and which set of new turbans, with good and substantial wax cloth or painted covers, with lining, are to be furnished in lieu of the usual articles of half mounting for that year in which the turbans shall be supplied, and for which no other stoppage whatsoever is to be made. The frames to be made of iron or rattan, according as the work can be best executed in the country where the corps may happen to be; in the event of iron being used, care to be taken to prevent the turbans being unnecessarily heavy, and particular attention to be paid to the uniformity of shape and good workmanship of the whole.

Period at which the annual stoppages are to be made and half mounting when to be supplied.

In order to enable commanding Officers to furnish their corps with half mounting at the same time that they are to be supplied with their cloathing, the Governor General in Council is pleased to direct that the annual stoppages authorized to be made from the Native Troops in the month of October, November and December, for the supply of half mounting, be made in the months of June, July and August, instead of the former months.

G. O. G. G.
15th Jan'y. 1807

It is to be understood that the annual half mounting stoppages are to be made from the issues of pay for the months of June, July and August, and not from the pay which may be issued in those months respectively, viz $1\frac{1}{2}$ rupees for the first two months, and a rupee for the third month, as fixed by M. C. 7th May, 1787.

G. O. P. C.
19th July 1807

Issue of half mounting and statement of articles furnished, to be reported on the monthly Return.

The issue of half mounting, or whatever may be supplied in lieu of it, to all corps and descriptions of troops, is to be specified with a statement of the articles supplied on the back of the return for the month in which the issue of these articles shall take place. (*Vide Form No. 2.*)

Recruits for Native corps how to be enlisted.

Recruits for Native corps are to be enlisted only under the directions of commanding Officers of Battalions, and previous to enrollment are to be approved by the commanding Officer of the Regiment in all situations where he can inspect them, and in other cases by the senior Officer present.

M. C. 8th Aug.
1796

None to be taken that have served before, without producing their discharge.

No man who has served as a Sepoy is to be enlisted but on producing a discharge from the Regiment or Battalion he last served in; excuses of discharges being lost or destroyed are not to be admitted. When such excuses are offered, if the party chooses to wait the result of an enquiry, recourse may be had to the Adjutant of the Battalion from which he is said to have received his discharge; if satisfactory information be obtained, he may then, if in other respects fit for the service, be entertained, but if no information be obtained he is to be secured as a deserter.

Standard age, and height for Recruits.

No Sepoy is to be entertained who is not five feet six inches high, or who is under sixteen or above thirty years of age, unless, in the latter case, he shall have served before.

The standard for recruits for Light Infantry is fixed, until further orders, at five feet five inches, under which none are to be entertained.

G. O. C. G.
9th Jan'y. 1809

Relative to the subsistence and pay and Battalions for recruits, how drawn and when to commence.

The recruit is to be enrolled on the strength of a company the day on which he joins the Battalion for which he is enlisted; but pay and batte are not to be drawn for him, but from the first day of the month succeeding that on which he shall be enrolled, previous to which, whether entertained at a distance or on the spot, he is to be subsisted at the rate of two annas per day, to be drawn for as hereafter detailed.

M. C. 8th
Aug. 1796

Articles of War to be read, declaration made to, and oath taken by Recruits at their enrollment.

Prior to enrollment the following Articles of War shall be read and explained to him, viz. the 2d, 3d, 4th, and 5th Articles of the II^d section—The 1st, 3d, and 4th Articles of the VIth section—The 2d and 3d Articles of the Xth section; and the 1st, 2d, 6th, 13th, 16th and 20th articles of the XIth section. At the same time the following declaration is to be made to him, and the following oath administered in front of the colours of the Battalion, according to the tenets of his belief, in presence of the Native Officers and Sepoys.

DECLARATION.

In time of peace, after having served three years, on making application for your discharge, through the commanding Officer of your company, it will be granted you in two

Months from the date of your application, provided it will not cause the maximum in your Company to exceed ten, in which case you must remain until that objection be removed; but in time of war you have no claim to a discharge, but must remain and do your duty until the necessity of retaining you in the Service shall cease.

Oath,

"J. A. B. inhabitant of _____ Village, _____ Pergunnah, Subah _____, do swear that I will never forsake or abandon my colours; that I will attach wherever I am directed, whether within or beyond the Company's territories, that I will implicitly obey all the orders of my commanders, and in every thing behave myself as becomes a good Soldier and a faithful servant of the Company; and failing in any part of my duty, as such, I will submit to the penalties described in the Articles of War which have been read to me."

G. O. C. C.
16th May 1806

Officers commanding Battalions and Regiments of Native Infantry are to be particularly careful that none but good and efficient recruits are entertained, and that they be drawn, as far as may be practicable, from the Honorable Company's Provinces between Allahabad and Bengal.

None but good and efficient recruits to be received. Difficult from which to be entertained.

Commanding Officers requiring men for the prescribed complement of their corps are to avail themselves of the services of their Native Officers and men going on furlough to bring recruits with them on returning to their corps to the number required.

M. G. 8th
August 1796

When any corps shall, from the difficulty of recruiting on the spot, be so far incomplete of its establishment as to render it advisable to send out a party or parties to recruit for the corps, the Paymaster shall make advances, on the written requisition of the commanding Officer of the Regiment or detached Battalion, to the Officers (whether European or Native) who may be selected for the recruiting service, not exceeding 300 Rupees for each Battalion.

Rules to be observed in the event of its being necessary to send out Recruiting parties.

On the return of the recruiting parties or the arrival of Recruits sent to the Headquarters of the Battalions or Regiments, the Officers entrusted with such advances shall render an account thereof to the Adjutant, who is to make out a review roll and abstract of the recruits received; and from the information of the recruiting Officer of those also who may have enlisted, but died or deserted without joining the corps, according to a form which will be furnished.—(Vide Form No. 3.)

This abstract the Adjutant is to forward to the Station Paymaster, and to receive back any balances remaining of recruit money advanced, which he is to account for with the Paymaster.

In order to defray the expence of subsisting Recruits who may be entertained on the spot where corps or detachments of corps may be, as well as to supply those who may be enlisted at a distance at the rate of two annas per day, from the time of the former being enlisted and the latter joining, until the end of the month in which they are enrolled with their corps, the Paymasters will be directed, upon written applications from the commanding Officers of Regiments or Battalions, to advance to commanding Officers of companies, each, a sum not exceeding 50 Sicca Rupees, taking their receipts for the same.

Advances authorized for the subsistence of recruits, how to be recovered and accounts settled.

And as the Native corps are paid in arrears, the Recruits are to continue to be subsisted at the rate of two annas per day by the Officers commanding companies, respectively, out of the advance in hand until the first month's full pay for the Recruits shall be drawn for and issued; when their commanding Officers, out of the full pay drawn for the recruiting, will have the means of reimbursement for their subsistence, and by paying the difference between their subsistence and full pay for that month, will enable them to wait for the next due of pay to the corps in general.

But as desertions of Recruits may take place during the month succeeding enrollment, when no pay can be drawn for a deserter, in order to provide the means of reimbursement for his subsistence, the Officer commanding the company is to make a bill at the foregoing rate of two annas per day, for the portion of the month prior to the desertion, which, being countersigned by the commanding Officer and accompanied by review rolls of the deserters, is to be forwarded through the Paymaster for audit, and to be allowed in the adjustment of advances.

M. C. 8th
August 1796

Resolved, that the subsistence of Native Recruits (enrolled on the 1st of August) shall, instead of being drawn for in separate bills, be in future, included in the full pay of the companies they belong to, and paid before August.

Advances authorized for the subsistence of recruits, how to be recovered and accounts settled.

Quarterly adjustment of advances ordered.

The Paymasters will adjust the accounts of these advances with the commanding Officers of companies on every 31st July, 31st October, 31st January, and 30th April, or oftener, if need be, making further advances on new requisitions of the commanding Officers of corps, if the former advances shall have been exhausted; but if the balance of the quarterly adjustments be against the Officers, the Paymaster may in that case, if necessary, recover the same in like manner as ordinary retrenchments.

M. G. 11th Aug. 1796

When the commanding Officer of a company shall happen to be removed from one corps to another, and shall not have adjusted his advances on account of the recruiting before his removal, the Paymaster of the corps to which he may be removed is to recover the balance on account of the Company in like manner as Paymasters effect the recovery of retrenchments for each other.

Stoppages to be made from recruits, for the supply of half mounting and Articles to be furnished.

The established stoppages, for the supply of half mounting, of two Rupees per month, for the three months immediately following that on which a Recruit was enrolled, are not to commence, in future, until the issue of the full pay of the second month after his enrollment; and for which stoppages the commanding Officer of the company is to furnish each Recruit with one turban, one kummerbund, and two troffes, two linen jackets and two pair of janghees.

Stoppage for the breast-plate.

An additional stoppage of eight annas is authorized for the breast-plate, which is not to be served out, nor the stoppage made, until the Recruit is fit to join the Battalion.

G. O. C. C. 2d Dec. 1796

All Recruits are in future to be supplied with the new regulation turban, (with good and substantial wax cloth or painted cover with lining,) with two ungahs and two janghees, a kummerbund and two linen troffes, each, out of the stoppages authorized to be made from the three months' pay succeeding that for which full pay for one month shall have been issued to each Recruit, and a breast-plate to each Recruit is also, of course, to be supplied from the separate stoppage authorized for that purpose, by the General Orders of the 2d December, 1796.

G. O. C. C. 8th Jan. 1807

G. O. P. C. 19th July 1807

Costs of Sepoys deserted or discharged to be furnished to Recruits.

The costs of the Sepoys who have been discharged, or who deserting leave their costs, are to be given to recruits.

M. C. 16th June 1786

(In case of discharged Sepoys leaving their costs, which are their property, they receive from the commanding Officer of the Company a just consideration in money.—G. O. C. C. 27th December, 1796.)

Allowance to Recruits for carrying the wounded in the Field.

The Recruits who have assisted to carry the wounded are ordered to be paid 4 annas, each, per day, for the time they shall be so employed.

G. O. C. C. 12th Nov. 1803

In the case of levies of Recruits being ordered, what allowance to be received by them.

Whenever levies are made, either for the purpose of supplying Recruits for filling vacancies in any of the Native corps on this establishment, or for new corps ordered to be raised, no more than two annas per diem shall be allowed for each Recruit, for the broken period of the month in which they are entertained, nor from the first of the month ensuing, more than the ordinary pay and half betta in any situation, whether marching or stationary, until after they shall have joined their corps, and shall march with it from the place appointed for its Head-quarters; for instance, the Natives of the corps ordered to be raised for the Presidency, whosoever recruited, shall not be entitled to full betta until after they shall have been formed at, and shall have marched in a body or by detachment from the Presidency, and no exception is to be made from this rule in favor of men drafted from old corps into new levies, as they generally benefit by promotion in the new corps.

M. G. 21st April 1797

The same rule is to be observed with respect to Gun Lascars.

Recruits enlisted for any of the other Presidencies are, in like manner, to be paid two annas per diem for the remainder of the month in which they are entertained; and pay and half betta only from the first of the month succeeding that, to the period of embarkation, whether marching or stationary.

CAPTAIN WHITE'S LEVY.

Regulations for a levy of Recruits ordered who raised by Captain White.

The Governor General in Council has appointed Captain White to assist in recruiting for the Bengal Establishment.

G. O. 20th Jan. 1797

The commanding Officers of corps at Barrackpore, Bishnupore, Purneah, Danapore, and the posts dependent on

at Barrackpore, Bishnupore, Purneah,

made by Captain White, through commanding Officers of Stations, for recruiting parties; and commanding Officers of corps, stationed without the Provinces, as well as those within, are occasionally to apply to Captain White for any number of recruits that they may not be able to procure by the mode established in the late recruiting regulations.

In entertaining recruits, Captain White is to attend to the regulations of the 8th August, 1796, in regard to age and size.

Prior to the final admission of recruits, they are to be inspected by the commanding Officers of the stations to which they are brought.

The recruits to be subsisted at the rate of two annas per day until the expiration of the month in which they shall be admitted, after approval by the commanding Officer. At the end of the ensuing month, pay and half batta for them is to be drawn in abstracts, according to the review rolls, which are to be countersigned by commanding Officers of stations; the subsistence of two annas being daily disbursed to them; and the balance adjusted with them when pay is received.

The recruits are to be regularly mustered on the first of every month.

On the arrival of recruits with the corps for which they are intended, they are to be immediately enrolled on the strength of companies, and pay and batta to be drawn for them in the abstracts of those companies: they are to be subsisted in the manner laid down in the regulations; their accounts to be adjusted as therein directed; and stoppages made from them on account of half mounting.

Captain White is to transmit to the Commander in Chief, weekly reports of the recruits entertained by him.

When the recruits are sent to corps, money is to be entrusted to the persons in charge of them for their daily subsistence, of which the balance of pay, if there be any, is to form a part; and Captain White is to send with them a statement of the last pay and batta that has been drawn for them.

Personal allowance to the Recruiting Officer, St. Rs. 500 per month.

For Writers, Moonshies, Hircarrahs and Stationery, 200 ———

(The same as fixed by General Orders of the 16th July, 1795, for Captain White, when recruiting for the Madras Army.)

If Captain White should require the assistance of any of the commissioned or non-commissioned Officers of the Invalid Battalions or Trench Establishment, such men as he may point out are to be ordered to attend him.

The Native Officers and Sepoys selected for the recruiting service are to be retained on the strength of their respective corps. The recruiting Officer will issue their pay and batta; but Officers in command of companies to which they belong are to draw the amount in their abstract, and account with Captain White.

All Natives employed on the recruiting service are to receive full batta.

G. O. 13th Feb. 1810. The Governor General in Council considering it to be desirable that the vacancies from the several Native Battalions, from which the Volunteers have been drawn, should be filled up by Recruits as speedily as possible, is pleased to authorize the commanding Officers of those corps to detach an European Officer who may be duly qualified for this duty to raise Recruits for their respective corps.

The European Officers selected for the Recruiting Service will be permitted to draw, while so employed, the usual allowances of Sixty Rupees 100 per mensem to answer all contingencies.

The names of the Officers selected for this duty, as well as of the districts to which it may be thought advisable they should proceed, respectively, to be reported to the Adjutant General's Office for the information of Government, when the necessary orders will be issued for their being furnished with the requisite advances of cash for the subsistence of the Recruits, from the provincial treasuries in the neighbourhood of their respective recruiting stations.

Such Native commissioned, non-commissioned Officers and Sepoys to be detached with the Recruiting Officers as can be spared, and may be necessary for the due performance of this duty.

In conformity to the authority of Government, vacancies which will be occasioned in the Native Infantry of the Army on striking off the Volunteers, specified in General Order of the 14th Instant, are to be filled up by Recruits who are to be raised from the

Levies of Recruits ordered to fill the vacancies occasioned on the formation of the Volunteer Battalions.

Extract Bengal Military Regulations, published 1st January, 1791.

* Regulations for drawing full and half batta.

It is hereby ordered, that no more than half batta shall be allowed to Native Troops in any cantonments, whether in or out of the Provinces, except upon Foreign Services.

M. C. 7th May 1784

Full batta to be allowed to the Native Troops when in the Field, whether within or without the provinces; (and also when marching from Station to Station.)

Native Troops are not entitled to extra batta if encamped in the vicinity of a garrison or fixed cantonment, and belonging to such garrison or cantonment.

G. O. 13th Oct. 1794

At all stations or posts where public buildings shall be ordered to be erected, and lines constructed, at the expence of government, half batta, only, shall be drawn for the Native Troops.

G. O. G. G. 29th January 1801

When Native Troops are ordered to march to such stations or posts, the extra batta must cease on their arrival.

When Native Troops shall occupy a station or post which it is intended shall become, to such a degree, a permanent station, as to require the construction of public buildings and lines, the extra batta of the Troops in such cases shall be discontinued from the date of the order directing the construction of the public buildings or lines. (See page 70, also for the extra batta granted for 3 days previous to and after the relief.)

Abstracts of Troops or companies how prepared in Native corps.

Officers in command of Native corps are to make for their respective Troops or Companies as prescribed. The Staff Pay of persons serving in their respective companies.

M. C. 2nd August 1796

Allowances to Natives ordered to rejoin corps in the field.

The Native Officers and men ordered to rejoin corps from the General Hospital Committee can only be allowed Invalid Pay during the period they have been absent. They are to be furnished with medical certificates accordingly, from the date of which

As to the claim of the surviving Native Officers, non-commissioned Officers and Privates of the detachment under Colonel Gordon, for loss of baggage, stated in the Adjutant General's letter of the 21st September, 1864, - recorded on your Proceedings of the 24th December, 1864, - as it is ascertained that they threw away their baggage by order of Colonel Montford, on grounds of expediency, we accordingly in the recommendation of the late Commander in Chief to the compensation to be given them of two months' pay and full bursar's pay.

Compensation for loss of baggage granted to Native Travelers who served in the Pacific with United Nations

The Vice President in Council is pleased to direct that the Officers commanding troops or companies of the line, the officers commanding detachments of Native Troops, the Adjutants of Native Invalids at Allahabad and Meerut, and the commanding Officers of the Jagheerदार Invalid Establishments transmit to the Military Quarter General abstracts of the Native commissions, non-commissioned Officers and Privates now alive, and in the Service, who have claim to the gratuity of 10 months' pay and 100 days' subsistence by the Honorable the Court of Directors for the Native Troops who comprised the detachment commanded by Colonel Mosley during its retreat, specifying in the abstract the troop or company to which the men belonged at the time of the retreat.

How to how drawn

The Resident at Delhi and Lucknow, and the Collectors of Revenue, will be authorized, on the application of commanding Officers of corps or Paymasters, to grant bills payable at sight, and at the usual exchange, on any other Treasury for any sums which may be paid into their Treasuries respectively, on account of Sepoys wishing to remit money from one part of the country to another.

The term of usual exchange is only intended to apply to bills granted by Residents and Collectors in the Upper Provinces where the Lucknow Rupee prevails, as the Vice President in Council is of opinion that the premium of one per cent., which is taken on bills issued by Collectors in the Lower Provinces, ought not to be taken in the present instance, but that in all cases where Mace Rupees are paid in by the Sepoys they shall be entitled to the full amount at the Treasury where payment is required, without any deduction whatever.

Redskins and collectors are authorized to roam throughout the great territories to Native Troops for money paid in the their respective Tribes.

Vacancies in the several steps of the Army, as well the position as European, shall be filled up and commissions dated from the period in which they were.

Promotions of

Recommendations for Service for Meritoric and of Meritoric for Promotion to be made through the same channels, to the Colonel or Commandant of the Regiment, with whom the power of making appointments and promotions will rest.

[illegible]

Promotions of Native Officers are made.

Promotions of commissioned Officers are made by the Commander in Chief, in the recommendation of the Colonel or Commandant of the Regiment, who first pay due regard to the recommendation of the Officer commanding the Battalion.

In all cases of promotion particular attention shall be paid to length of service when merit is nearly equal.

Rolls of Native Officers recommended for promotion must be submitted to the Commander in Chief.

Whenever recommendations of Native Officers for promotion are submitted, the descriptive roll is to specify the date of enlistment, the date of promotion, the rank, the date of the period recommended in the roll, which he holds, and the reason for promotion. A Senior Havildar or Jemadar are to be fully explained at the bottom of the roll.

18th May 1853

The Commander in Chief having had occasion to notice the great want of attention on the part of commanding Officers and Staff of corps to the General Orders under date the 20th May, 1852, prescribing the several points to be attended to in the preparation of descriptive rolls of Native Officers recommended for promotion, His Excellency now calls upon the Officers to whom these orders may be applicable for a more exact obedience to the orders above mentioned; and he has to remark that any future instance of the like remissness may be immediately reported to him, in order that his official disapprobation may be signified to those who may continue to neglect so necessary a part of their duty.

G. O. C. C. 9th May 1852

The following is the prescribed form for descriptive rolls of Native Officers recommended for promotion, and is required to be prepared invariably on foolscap paper, or paper of the same size, length-wise. (Vide Form No. 4.)

Form for the preparation of Native Officers' Descriptive Rolls, and of their names, to be submitted to the Commander in Chief.

The Havildars and Jemadars by the foregoing orders (viz. in lieu of Jemadars who volunteered for foreign service) are to receive pay and batta and to take rank as Jemadars in the Army, from the 1st August, 1852, but the Commander of the Forces has considered it proper to withhold the rank to the date specified opposite their respective names, with the view of preserving the seniority of rank to the Volunteers in the event of their availing themselves of the option allowed them of returning to their former corps on the conclusion of the service on which they are now employed.

G. O. C. C. 13th October 1850

The Commander of the Forces is pleased to make the following promotions in the 1st and 2nd Bengal Volunteer Battalions, which are to have effect from the date specified opposite the names of Officers, respectively; the whole to draw the pay and batta of the advanced rank from the 1st August, 1852.

Lift of Native Officers will be provided with commissions how to be prepared.

Lifts of Subadars and Jemadars in the several Native corps of the Army who are unprovided with commissions, specifying the dates of their respective ranks, are to be sent to the Adjutant General's Office by commanding Officers of Regiments of Cavalry; and by commanding Officers of regiments of Infantry when the two Battalions are together; and by commanding Officers of Battalions when separate.

G. O. C. C. ed June 1798 G. O. C. C. 17th June 1805

The lifts are to specify the dates of each promotion; and the title from the new Regiments of Cavalry and Infantry are to be arranged agreeably to tenority of date of promotion to Jemadar and Havildar. — (Vide Form No. 5.)

Payment of fees when required in cases of commissions that have been lost.

In cases where commissions have been issued to Native Officers and lost by them, the manner in which such commissions have been lost or destroyed, is to be expressed.

Rates of fees for commissions of Native Officers, and Roppagana how to be made and submitted.

Native Officers who lose their commissions, except on actual service, and apply for others, are to pay the specified fees.

G. O. C. C. 18th Sept. 1788

Promotions of Havildars to the rank of Jemadar, and Jemadars to the rank of Subadar, are to be notified in writing, regularly at their homes, to the several Parnashars, who are directed to make the Roppagana according to the Military regulations of 1786, in such cases, viz. from a Subadar Havildar to a Jemadar Sonat Rs. 5-4, being half a month's pay of their respective ranks as Subadars for their special commissions.

Similar Roppagana is to be made from the Parnashars to the commanding Officers of Cavalry or Artillery, viz. from a Subadar Havildar to a Jemadar Sonat Rs. 12-4 and from a Jemadar Sonat to a Subadar Sonat Rs. 12-4.

The above fees to remain in the hands of the Parnashars and to be accounted for by them in such manner as the Commander in Chief shall hereafter direct, through his Military Secretary or the Adjutant General to the Bengal Troops.

Adj. Genl. v. 1789 The Proprietors of the East India Company, in the name of the Governor-General, do hereby order, that the Adjutant General, or the Commander in Chief, Military Secretary, every quarter, viz. 1st May, 1st August, 1st November, and 1st February,

G. O. C. C. 15th Juny. 1797 In each Station, Cantonment, or Station, commanding Officers of Regiments may grant leave of absence to Native Officers and Sepoys in the following proportions:

Regulations for leave of absence to Native Troops.

Three commissioned Officers from each Regiment of Cavalry and four non-commissioned Officers and Sepoys together from each Troop.

Three commissioned Officers from each Battalion and five non-commissioned Officers and Sepoys together from each company.

When a Battalion or Detachment is separated from Head-quarters, the Officer commanding has the same power.

Leave for a greater length of time is only to be granted with the consent of the commanding Officer of the Station on which the Regiment is dependant: and is never to exceed four months.

Leave for a longer period or when absenting in the field is to be granted.

Previous to the commencement of Relief, commanding Officers of Regiments are to apply to the Commandant in Chief for permission to allow the Native officers and Sepoys to visit their homes in the country, either up or down the country; and the indulgence will be granted to such extent as the Commandant in Chief may think proper.

Applications for leave of absence to be made to the Station Officer in command of the Troop or Company to which the person applying belongs. The application, together with the question, is to be reported to the commanding Officer of the Station, and by him to be forwarded to the commanding Officer of the Regiment.

Applications how to be preferred.

No batta is to be drawn for Native Officers, Sepoys, or others, while on leave of absence: and neither pay nor bounty for such absence shall be paid on leave of absence. Their pay, upon rejoining their corps, is to be drawn in the manner directed in the Minutes of Council of the 1st August 1785, viz. to be included in the first month's pay, accompanied by a certificate from the Adjutant of the Station; or, in his absence, from the commanding Officer of the company, countersigned by the Station Officer of the Regiment on the spot, expressing the date of the person going on leave, and the day of his return to be annexed to the bill for payment.

No batta to Native Troops on leave; their pay, &c. how to be drawn.

Commanding Officers of Stations may at any time suspend the effect of leave of absence; and when Native Troops are employed on actual service no leave of absence is to be granted by any commanding Officer to any Native Officer or Sepoy under his command without the permission of the Commandant of the Army in Detachment.

Circumstances under which the indulgence of leave of absence is to be refused.

M. C. 16th May 1790

No non-commissioned Officer, Sepoy, or inferior going on leave of absence is to be allowed to take his coat with him.

The regulation which forbids the Native Troops from wearing their uniform, when temporarily excused it, occasioned by travelling in the interior parts of the country, is not to extend to the Native commissioned Officers, except in case of being discharged from Service, unless it shall be found that the indulgence of permitting them to wear their coats, when absent from their corps, shall be abused by their assuming it, and thereby any improper consequence or power by means of their dress, in which case the exemption granted, out of respect to their rank and position, shall be withdrawn from the whole.

Native Troops proceeding on leave restricted from taking their coats, with exception to commissioned Officers.

Proc. G. G. Jud. Dep. 17th Sept. 1804

The Governor-General in Council is of opinion that the Privileges is liable to arise from the practice which is now in vogue of furnishing Native Officers and Sepoys with letters addressed to the Judges and Magistrates, whereby such Officers or Sepoys may have suits or complaints introduced in the Court of Magistrates. His Lordship in Council is accordingly directed to direct that no Native Officers commanding corps or detachments, may absent themselves without first obtaining leave of absence from the Native Officers and Sepoys under their command, and to enable them to prefer any suit or complaint in any of the Courts of Judicature, the same do request the same to whom such leave of absence may be granted, that they shall proceed for the recovery of such claims in the manner prescribed by the respective Regulations of Judicature; but that the commanding Officers of Corps and Detachments do not on any account furnish the men in question with any letters, nor of other writing to the Judges or Magistrates, or other Officer by whom the suits are to be tried and decided.

Prohibition of Native Troops proceeding on leave without first obtaining leave of absence from the Native Officers.

Native Troops
desiring leave
to be cautioned
against the prac-
tice of a des-
cription of
murders cal-
led "hugs."

With a view to guard against the atrocious practice of a description of murders deno-
minated "hugs," the commanding Officers of Native corps will caution their men
when proceeding on leave of absence.

First,—To be strictly on their guard against all persons, particularly those unknown
whom they may fall in with on the road, and who evince a solicitude to keep their com-
pany on pretence they are going the same way, and are inquisitive about their affairs.

Secondly,—Not to quit the Serais at a very early hour in the morning before the rest
of the travellers.

Thirdly,—Not to receive pawns, bang, tobacco, or sweetmeats, from such persons, or
smoke their hookahs, particularly if offered to them on solitary spots on the road; and,
lastly,—to avail themselves of the protection of Suwars, when opportunity offers, or to
travel as much as possible with large bodies of people.

This last object might be obtained, in a great degree, if the men were persuaded on
occasions of periodical leave to keep together on the road as long as their several destina-
tions would permit, or placed under the direction of such Native commissioned or non-
commissioned Officers as may be proceeding the same way.

Attention to Na-
tive Troops
proceeding to
Jaggernath, a-
gainst irregular
conduct when
on leave.

In order to guard against public inconvenience and acts of irregularity which are liable
to occur at the Temple at Jaggernath, for the want of some regulation for the control
of the Native Officers and Sepoys who obtain leave to visit that Temple, the Comman-
der in Chief is pleased to direct that it be henceforward considered a standing order, when-
ever Native commissioned, non-commissioned Officers, Sepoys, or others in the Military
Service of Government, shall obtain leave to visit the Temple of Jaggernath, they be
strictly enjoined to report their arrival to the Officer commanding the Detachment at
Jaggernath, and in all respects to conform, during their stay there, to such rules and di-
rections as he may prescribe, by which means good order will be preserved, and the per-
formance of their religious ceremonies will be greatly facilitated. On the occasion of
taking their departure from Jaggernath they are also to make a previous report to the Of-
ficer commanding at the post, and strictly to conform to such directions as he may judge
necessary for their guidance.

Also to those
proceeding to
Allahabad of
the mode of
securing ex-
emption certi-
ficates, &c.

With reference to the 4th paragraph of the Printed Regulation by Government of the
15th December, 1810, fixing the duties to be levied upon Pilgrims resorting to the con-
flux of the rivers Ganges and Jumna; whereby an exemption from those duties is made in
favor of the Hindoos of the Honorable Company's Army, his Excellency the Commander
in Chief is pleased to direct that commanding Officers of corps do enjoin their men, on
every such occasion of visiting Allahabad for performance of their religious ceremonies,
to behave in the most orderly manner, and strictly to conform to the Regulations estab-
lished for conducting the ceremonies of the Pilgrimage.—(Vide pages 46 and 47 relative
to the mode of application by Native Officers and Sepoys for exemption certificates.)

Propositions in
which the an-
nual indulgence
& furlough is
varied.

The Commander in Chief authorizes leave of absence to be granted from all corps and
detachments of Native Cavalry, Artillery, and Infantry, in the following propositions:—

Each Troop of Cavalry	10	Non-commissioned and
" Company of Light and Pioneers	8	Privates.
" Company of Native Infantry	10	

with such proportion of Native commissioned Officers as can be spared.

Officers commanding corps are particularly enjoined to grant the leave primarily to the
eldest Soldiers, who have been longest without the indulgence of furlough, and so on,
in succession, throughout Troops, Companies and Corps, regulating the period of each
according to the distance of their homes, and renewing the indulgence as absentees rejoin,
to the extent described, until the 1st September next, when all who have obtained leave
of absence must be at their post, and the indulgence cease until further orders.

Officers and men going on leave are to be informed that, in the event of their corps be-
ing ordered on Service during their absence, or which they cannot, in general, fail
to receive information, it will be their indispensable duty to rejoin immediately, without
waiting the expiration of their leave, and such as may fail to do so, within a reasonable
time, are to be considered as having forfeited all claim to a similar indulgence in future.

The orders of Government which direct the costs of Native Troops going on leave of
absence to be left with them, are to be strictly observed.

In the event of
their corps be-
ing ordered on
Service all men
to rejoin im-
mediately.

The Commander in Chief authorizes the commanding Officers of Native corps and detachments ordered to move to effect the relief and distribution of Troops, now in progress, to grant leave of absence, to such extent as they may deem proper, to the Native commissioned, non-commissioned Officers and Privates at different periods of the march, to enable them to visit their families when passing near the districts in which they reside.

Orders granting leave of absence to corps moving at the Relief and extending the indulgence to the early part of the year in view to the accommodation of the Native Troops.

His Lordship is further pleased to authorize Officers commanding stations, posts, and detached corps, with the sanction of the Officers commanding in the field and the principal stations on which they are dependant, to grant leave of absence to the Native commissioned, non-commissioned Officers and Privates of the several corps and departments of the Army, from and after the 1st January next, to such extent as in their discretion may appear suitable and proper, with reference to the demand for Troops or duties to be performed in their respective situations, in order to extend the indulgence of furlough to that period of the year at which it is, in many instances, most requisite and acceptable to the Native Troops.

15th May 1850

The Governor General in Council is pleased to authorize the Collectors of Revenue and Paymasters and Deputy Paymasters of this Presidency, to whom the applications may be made, to pay monthly, during the term of their leave of absence, to Native commissioned, non-commissioned Officers and Privates belonging to either of the Presidencies of Fort St. George and Bombay, such portion of their pay as shall be specified to be admissible to them, during their furlough, upon a certificate according to the annexed form with which they will be furnished for that purpose.

Authorizing pay to be issued to the Native Troops of Madras and Bombay on furlough in Bengal.

The Collector or Paymaster to whom the application for payment may be made, will note upon the certificate the payment, for what month and when disbursed, transmitting a copy of the pay certificate above described with the receipt of the party for the payment made, to the Office of the Military Auditor General for audit, and in order that the sums so disbursed may be duly charged to the Presidency to which the party belongs.

Should the bearer of a certificate of the nature before mentioned, after having arrived at Fort William, be desirous of proceeding for the remainder of his furlough to an inland station, payment of such arrears as are due may be made by the Paymaster at the Presidency, who will note upon the pay certificates the payments he may have issued, for the guidance of the Collector or Paymaster in the future issues to be made upon such certificate. When the party shall cease to draw pay in Bengal, his original certificate shall be returned to him, care being taken that the several payments are distinctly specified thereon, as well as the dates on which they have been made under the official signature of the Collector or Paymaster.

FORM OF CERTIFICATE.

I hereby certify that A. B. Private in the Company Battalion Regiment of Native Infantry, belonging to the Presidency of Fort St. George (or Bombay) having obtained leave of absence, and to proceed to Bengal, for the term of months, he will be entitled to receive monthly, during the term of his furlough, from the Collector or Paymaster in Bengal to whom this certificate shall be produced, the sum of (Signed)

Discharges to Native commissioned Officers, at their own request, are to be granted only by the Commander in Chief.

Discharges to Native Troops how granted.

Discharges to Native non-commissioned Officers, at their own request, are to be granted by the Officer in command of the Regiment.

To non-commissioned Officers.

Discharges to Troopers and Sepoys, at their own request, are to be granted by the Officer in command of the Regiment, when the average vacancies in companies do not exceed three men. When vacancies are in excess to the above number, discharges are not to be granted without the previous consent of the commanding Officer of the station on which the Regiment is dependant.

To Troopers and Privates.

Commissioned and non-commissioned Native Officers are not to be dismissed the Service except by the sentence of a General Court Martial, or special order of the Governor General in Council or Commander in Chief.

Native commissioned and non-commissioned Officers by what authority dismissed.

Influences of
dismissal of
Native Officers
for misconduct.

Meer Kummer Ally, Jemadar of the 2nd Battalion 27th Regiment Native Infantry, having been guilty of disrespectful, insubordinate and mutinous conduct towards his commanding Officer and the Adjutant of the Battalion, on the 6th June last, the Commander in Chief is pleased to direct that on the receipt of this order at Agra, the Native corps at that station shall be paraded, when the nature of the Jemadar's offence is to be fully explained to the Troops, after which the Jemadar Kummer Ally is to be released from arrest, paid up his arrears, and to be forthwith discharged from the Service of the Hon'ble Company.

G. O. C. C.
7th July 1809

The Commander in Chief has confirmed the sentence passed by the Native General Court Martial, of which Subadar Sewnat Sing is President, upon Subadar Colley Churn, of 2nd Battn. 22d Native Infantry; but his Excellency is of opinion that the punishment awarded is by no means suitable to the nature of the crime of which the prisoner is found guilty; it moreover appears, on an attentive consideration of the Proceedings, that the first part of the charge is also fully proved by the evidence adduced; and the Commander in Chief being further of opinion that the Subadar Colley Churn is unworthy of the situation of a commissioned Officer, his Excellency is pleased to direct that he be paid up and discharged from the Service of the Hon'ble Company from the 31st Instant.

Troopers and
Sepoys by what
authority dis-
missed or dis-
charged.

Troopers and Sepoys are not to be dismissed the Service by the sentence of any but a General Court Martial: commanding Officers of Regiments may dismiss Troopers and Sepoys who are unfit for service.

G. O. C. C.
5th Jan. 1797

The power of granting discharges to non-commissioned Officers and Sepoys, and of dismissing Sepoys, does not devolve on commanding Officers of Battalions or Detachments separated from the Head-quarters of the Regiment; excepting when the separated Battalion or Detachment shall be employed out of the Bengal Provinces, or Vizier's dominions; or the commanding Officer of the Regiment shall be so employed with a division of the Regiment.

Applications
for discharges
how to be pre-
ferred.

Applications for discharges of commissioned, non-commissioned Officers, Troopers and Sepoys are, in the first instance, to be made to the European Officer in command of the Troop or company to which the person applying for his discharge belongs: the application, together with the occasion of it, is to be reported to the commanding Officer of the Battalion and by him to be forwarded to the commanding Officer of the Regiment, who will, in the case of commissioned Officers, transmit the application to the Commander in Chief; and in the case of non-commissioned Officers and Privates either grant the discharge immediately, if the occasion shall appear to him pressing, or delay it until the expiration of two months from the date of the application; or if the corps be on service, or there be the expectation of Service, reject the application altogether.

Discharges to
be published in
Regimental Or-
ders.

All discharges of non-commissioned Officers and Sepoys are to be published in Regimental Orders.

Arrears of men
discharged how
drawn.

In order to provide for the payment of arrears due to men who take their discharge between the first and the last day of a month, the Officer commanding the company is to draw in a separate bill, with a Review Roll annexed, the arrears due for any broken period of a month; which bill the paymaster is authorized to discharge on presentment, provided the countersignature of the Officer authorizing the discharge is on the bill, and the countersignature of the Adjutant on the Review Roll.

Frequent complaints having been preferred to Head-quarters, and even to Government,

G. O. C. F.

by Sepoys, of their having been unjustly and irregularly discharged from the Service, and the certificates with which they have been furnished not specifying in many cases the reason of the discharge or dismissal, numerous references to corps become in consequence necessary to ascertain whether the complaint be well founded or not.

Although the Commander of the Forces has no reason to believe the power vested by General Orders of the 5th January, 1799, in commanding Officers of Regiments of dismissing Sepoys who are unfit for Service and not entitled to the Invalid Establishment, is abused, he thinks it proper to direct, with reference to those orders, that the reason of the dismissal be invariably stated in the fullest manner in the discharge certificate, a duplicate of which is to be sent with the monthly return next ensuing for record in the Adjutant General's Office.

- G. O. C. C. 13d May 1808 Buldee Sing, Naick of the 2d Battalion 9th Regiment, having been irregularly discharged the Service, is directed to be re-enrolled on the strength of that Battalion from the 1st March, 1808, the date of his unauthorized discharge; the Sepoy promoted in his room to remain Supernumerary until a vacancy occurs, when he is to be brought upon the strength. Persons irregularly discharged returned to the Service.
- G. O. C. C. 9th Nov. 1809 Whenever Native Officers may be dismissed the Service by the sentence of a Court Martial, their commissions are to be sent to the Adjutant General's Office by commanding Officers of corps. Commissions of Native Officers dismissed to be sent to the Adjutant General.
- M. C. 16th June 1786 When Sepoys desert from a Battalion, a description of them and an account of the periods of their detention are to be sent to the commanding Officers of the Troops nearest the spot which shall be conjectured as most likely for the deserter to have resorted to. Descriptions of Sepoys deserting to be sent to the Officers commanding Posts near their residence.
- M. C. 7th May 1781 Resolved, that half a month's pay shall be drawn for Native Officers and Sepoys who shall die on or before the 15th day of the month; and a full month's pay for those who shall happen to die after that period, to assist in defraying their funeral expences; and that the names of all such deceased Native Officers and Sepoys shall be struck off the rolls of the companies to which they did belong at the expiration of every month. Periods for which pay is to be drawn for Native Troops deceased.
- G. O. C. C. 22d June 1793 Commanding Officers of Native Troops are to be careful in reporting by letter to the Adjutant General every casualty that happens among the Native Officers of their respective Battalions, mentioning the name of the Officer. Every casualty of Native Comd. Officers to be carefully reported to the Adjutant General.
- G. O. P. C. 19th May 1807 The period allowed for receiving claims and adjusting the amount of estates of deceased Native Officers and Soldiers having been extended by the Orders of Government from three to twelve months, ample time is thereby allowed for communication with the families of the deceased, and for every investigation that can be necessary on the occasion. The Provincial Commander in Chief, therefore, enjoins commanding Officers of corps to make it their particular duty to see that all such claims are promptly and strictly attended to. Regulations for the adjustment of the estates, &c. of deceased Native Officers and Sepoys.
- Registers containing distinct statements of the proceeds of estates of all Native commissioned Officers are to be kept by Adjutants of corps, respectively, under the immediate direction of their commanding Officers. Register of estates of commissioned Officers kept by the Adjutant.
- Similar Registers are to be kept by all Officers in command or charge of Troops, Companies, &c. of the estates of all non-commissioned Officers and Privates, to be made up to the 31st of December of each year, at which period copies are to be laid before the commanding Officer for the purpose of being recorded by Adjutants of corps in a register to be kept for the purpose. And of non-com'd and privates by commanding Officers of companies.
- Whenever any doubt may arise with regard to the right of persons who may claim the estates of deceased Officers or Soldiers, the testimony of any Native commissioned or non-commissioned Officer, or even Private Sepoy in the Service, of good and respectable character, is, together with the receipt, to be taken on the occasion, to be considered as sufficient grounds for making payment to the claimants; and all property of that description, which may remain unclaimed, at the expiration of one year from the date of the casualty, is to be forthwith remitted to the General Treasury at the Presidency, agreeably to the Regulations now in force. Relative to payments to persons claiming the estate, or the remittance of the amount, if unclaimed, to the General Treasury.
- G. O. G. G. 17th June 1809 Some doubts having been entertained with regard to the intention of the Orders in force respecting the property of deceased Native Officers and Sepoys, as contained in the

Articles of War, Section XIII. Articles I. II. and in the Regulations of Government passed on the 7th May, 1781, 21st October, 1792, 12th August, 1796, and 14th May, 1807, the Governor General in Council is pleased to direct that the substance of those orders shall be republished for general information; accompanied with such explanation as has been deemed to be necessary upon the points on which differences of opinion have existed;

Measures to be taken by com'g Officers of corps for the realisation and disposal of the property of Native com'd Officers deceased;

When any Native commissioned Officer may die or be killed in the Service, the commanding Officer of the Battalion shall secure his effects, and direct an inventory thereof to be taken by a Subadar and two Jemadars; a duplicate of the inventory, countersigned by the commanding Officer of the Battalion, is to be delivered to the Colonel or Officer commanding the Regiment, and afterwards lodged in the Adjutant's Office; if there be no executor on the spot appointed by the deceased, the effects are to be publicly sold; the commanding Officer of the Battalion, after discharging the debts of the deceased, specified in the XIIIth Section of the Articles of War, viz. his debts in camp or quarters and the expences of his interment, shall account for the residue to the heir or heirs declared by will, whether written or verbal, or in failure of such to the legal representatives of the deceased; and in the event of no executor, heir or other representative of the deceased attending and establishing his claim, within twelve months from the date of the casualty, the amount in the hands of the Officer having charge of the estate, is to be remitted to the General Treasury at the Presidency, by a bill of exchange to be granted on the Paymaster General by the Paymaster of the corps to which the deceased belonged, or with which he was serving at the time he died.

The same mode to be observed by com'g Officers of companies in regard to the property of non-commissioned and privates.

Prohibition of Officers deciding upon any contested claim of succession to such property.

A similar mode of proceeding is also ordered when any non-commissioned Officer or Sepoy shall die or be killed in the Service, except that the duty prescribed for the Officer commanding the Battalion, in the case of a commissioned Native Officer, is to be executed by the Officer commanding the company in the case of a non-commissioned Officer or Sepoy.

It is to be understood, however, that it is not the intention of Government in the orders above noticed to authorize any commanding Officer of a company, Battalion or Regiment to investigate or decide upon contested claims of succession to the estate of a deceased Native Officer or Sepoy, especially when such claim may have been instituted in one of the established Courts of Civil Judicature, nor is the rule for a remittance to the Presidency at the expiration of a twelve month, when no executor, heir or other legal representative may attend, applicable to such case in which it would be more convenient for the parties concerned, that the property in the hands of the commanding Officer (after payment of the expences and debts which he is authorized to discharge) should be deposited in the Zillah or City Court where in the suit may have been instituted.

The commanding Officer will accordingly comply with the requisition of the Zillah or City Court, wherein the suit may be depending, for delivering into Court the amount of the property in his hands.

Provision allowed for the orphans of deceased Native Officers, dec. killed on Service.

Bennyperfaud, son of Runjeet Sing Subadar, deceased is to be enrolled on the strength of the 2d Battalion 8th Native Infantry as a Naik from the 1st instant.

ford to all the regular Battalions another opportunity of evincing the Soldier-like feeling by which they are ever animated, on occasions holding out a prospect of actual service.

The several Battalions of the Line, with exception to the 1st and 2d Battalions of the 8th, the 2d Battalion of the 14th, the 1st Battalion of the 15th, the 2d Battalion of the 19th, and the 1st and 2d Battalions of the 25th Native Infantry, from which Volunteers have been already furnished, and the 20th or Marine Regiment, are called upon, accordingly, each to give the following detail.

The 45 Battalions will have to furnish each,—one Jemadar for Subadar,—one Havildar for Jemadar,—five Naicks for Havildars,—five Sepoys for Naicks,—eighty-two Privates,—one Drummer and one Fifer,—two Behishtias and one Lascar, from the Quartermaster's Establishment.

Proportion to be furnished from each corps.

Each Battalion is likewise to give two European Officers, the senior to be a Captain, or a Subaltern, who shall not have served less than six years with the army.

The promotions required agreeably to the foregoing arrangement are to be made and recommended by commanding Officers of Battalions, respectively, previous to the Volunteers leaving their corps; and the Commander in Chief concluding that there may be more Volunteers amongst the Native commissioned, non-commissioned Officers and Sepoys, than are required from Battalions, respectively, his Excellency is pleased to direct that the selection, from those who may volunteer, of Jemadars for Subadars, of Havildars for Jemadars, and Naicks for Havildars, in the Volunteers, shall be made with particular attention to length of service, combined with perfect efficiency and good character.

Orders for the selection of native commissioned and Non-commissioned Officers.

The same rule is likewise strictly enjoined with regard to the selection of Volunteer Sepoys, for promotion to Naicks; and no Officers or men of sickly constitution or who, in any other respect whatsoever may not be perfectly fit for active service in the Field, are to be admitted as Volunteers on the present occasion.

None but efficient men to be sent.

A bounty of one month's Pay and full Batta will be given to each Native Officer and Soldier, and it is to be particularly explained to them that every possible attention will be paid to their comfort and accommodation whilst on board ship, and the greatest care taken in laying in their water and provisions, under the superintendence of men of their respective casts, selected by themselves for the purpose.

Amount of bounty granted, and mode of preparing their provisions and water.

Full Batta to be drawn for the Volunteers from the 1st January 1811, and the better to enable them to provide such necessaries as may be useful during their voyage, as well as to afford them the means of defraying the expense of transporting their families to the places where they may choose to reside, an advance of two months' Pay and full Batta will be made to the Volunteers, previous to their embarkation.

Full Batta when to commence and an advance of two months' allowances to be made on embarkation.

The regulations of the distribution of family money on account of Native Troops, &c. proceeding on foreign service, as established by General Orders of the 28th March, 1808, to be particularly explained to the Volunteers, in order that their families may derive the full benefit of those regulations during their absence, for which purpose, as soon as the Volunteer Battalions are formed, Officers commanding Companies will prepare and deliver to the Officer appointed to superintend the distribution of family money, the necessary documents as prescribed in the General Orders abovementioned (*Vide page 27.*)

The regulations for the remittance of family money extended to them.

O. C. C.
16 Mar. 1811

It having come under the notice of the Commander in Chief, that in many instances the assignment of family money made by private Sepoys, exceeds the half of their Pay and Batta, his Excellency desires that it may be considered as a standing regulation, that in no case the amount of family certificates granted by Sepoys shall exceed the sum of Sixty Rupees three and eight annas.

Reduction of the amount of Family money, to be assigned by Privates.

O. C. C.
16 Dec. 1810

Full Batta and rations, agreeable to a Table which will be formed, (*vide page 18*) will be allowed to the Native Troops and public followers whilst on board of ship, or until arrangements can be conveniently made on shore for supplying them with provisions at the Bengal prices, as is at present allowed to Native Troops on foreign service. (*Vide page 246*)

Full Batta and rations allowed until they can be supplied with provisions at the Bengal rates.

After the service shall be over they will be permitted to return to the Battalions from which they were received, or to join any other corps to which they may give the preference.

After the expiration of the service they may return to any corps they prefer.

Bounty cloathing, according to the usage of the service, will be allowed to the Volunteers.

Bounty cloathing allowed them.

The Volunteers are to leave their arms and accoutrements with their corps, but to bring with them the cloathing now in wear.

Period to which
to be paid with
their corps.

The whole to be paid up to the 1st January 1811, and to be struck off the strength of their respective corps from that date; the vacancies in the ranks of commissioned and non-commissioned Officers to be filled up by promotion in those corps, and Recruits to be entertained to supply the places of the Sepoys.

Directions for
them to proceed
to the Pre-
sidency.

The Volunteers from corps are to rendezvous for the purpose of embarking on boats, which will be provided by the Commissariat at the Stations undermentioned:

Those from the 2d and 3d Divisions of the Field Army, and those from the corps in Rohilcund, and at Futtigurr, Mynpoory, Keonch and } at Futtigurr.
Etawa, }

Those of the remaining corps of the 1st Division of the Field Army, - at Allahabad.

Those from the Benarus command, at Benarus.

All those from corps below the Benarus command, with exception to the details of the 2d Battalion 5th Regiment, which are to embark at Dacca and Chittagong, are to march to Barrackpoor, which is to be the general rendezvous of the whole.

As soon as the several details shall have reached the respective points of embarkation they are to proceed towards the Presidency, with all practicable expedition under the command of the senior Officer with each division, who will report progress, weekly, to the Adjutant General.

On arriving at Bhugwangola they will either land at that place and march to Barrackpoor or proceed by the Matah Bunga Navigation, should that be practicable, which must be ascertained by enquiry on their arrival at Bhugwangola.

Assistant Surgeons are directed to join and do duty with the Volunteer details as follows.

corps.

Officers in charge of Volunteers from Battalions, respectively, will be careful to bring with them certificates of the dates to which the men have been paid, likewise of their arrears of cloathing, and of any compensation that may be due in lieu of cloathing; and all other unadjusted claims of any kind are to be finally settled with the men before they leave their corps. G. O. C. C. 13th Dec. 1810

Breast-plate,
how provided.

With the view of guarding the Volunteers against the expence of providing new breast-plates, those now in use are to be left with their corps and to be issued to the Recruits, who will supply the places of the Volunteers in their respective Battalions.

The authorized stoppage or fair valuation of the breast-plate is to be made from the Recruits when due, agreeably to the Regulations, and to be deposited with Paymasters, respectively, on the public account.

In lieu of the old breast-plates, new ones, suitable to the occasion, will be prepared at the Presidency and issued gratis to the Volunteers, which is to be particularly explained to them.

Native troops on foreign service supplied with grain from the public stores at the market price of Bengal.

The Vice President in Council, in consideration of the exorbitant price of all the necessaries of life at Prince of Wales's Island, Malacca and Bencoolen, has it in contemplation that the whole of the Native Troops of this establishment serving at those settlements shall be supplied with Rice, Dhall and Ghee from the Public Stores, at the average price at which those articles are procurable in Bengal.

Proc. V. P. 19th Jan. 1810.

The requisite supplies of Grain and Ghee are to be forwarded from Bengal to Prince of Wales's Island and Fort Marlborough from time to time as opportunities may occur.—(N. B. this indulgence has been extended to all Native Troops serving to the Eastward and at the French Islands.—For Regulations for issuing the supplies on Indents from corps, vide Chapter XVII.)

Allowance of passage money for Native troops on board other Ships than transports.

The Vice President in Council sees no grounds for deviating from the rule observed in cases where Native Troops are transported by sea (not being in transports or vessels hired or paid by Government) of granting 4 annas a day for each person for his passage and the use of the ship's water casks—Provisions being, as in the present case, shipped for the use of the men.

Proc. V. P. 11th March 1802.

Half batta allowed to Native Volunteers on furlough after returning from service.

The Native Volunteer Battalion, after the arrears due to it shall have been paid off, is to be reduced, and the men returned to their respective corps. The Governor General in Council, as a further demonstration of the high sense entertained by Government of the meritorious conduct of the Native Officers and men of the Volunteer Battalion, is pleased to allow them to return to their homes, previously to the order for rejoining their corps being required to have effect. Leave of absence on this account for a period of four months to those whose families are resident at or below Benarus, and for six months to the remainder, is accordingly granted to the Native Officers and men of the Volunteer Battalion from the first of the ensuing month with the established allowance of half batta, without prejudice to their promotion.

Regulations for the preparation of Rolls, &c. for honorary medals granted to Native troops.

With reference to General Orders by the Governor General in Council dated 10th June, 1800, granting honorary medals to the Native commissioned, non-commissioned Officers and Privates of the 10th Regiment Native Infantry, as also to the Gun Lascars who were attached to that Regiment during its absence from these provinces: with reference also to General Orders by the Governor General in Council dated 6th August, 1800, granting honorary medals to all the Native commissioned, non-commissioned Officers and Sepoys who composed the three Battalions of Bengal Volunteers which were engaged in the 1st War in Mysore: and with reference to General Orders by the Governor General in Council dated 31st July, 1802, granting honorary medals to all the Native commissioned Officers, Troopers, Sepoys, Cavaliers and Gun Lascars, who were employed on service in Egypt under Major General Baird;—the Provincial

G. O. P. 10 April 1803.

Commander in Chief directs that Rolls with figured abstracts of all the Native commissioned, non-commissioned Officers, Troopers and Sepoys, Golundaz and Gun Lascars, who are entitled to honorary medals for the occasions above referred to, be immediately prepared on foolscap paper and transmitted to the Adjutant General's Office by the Officers commanding the several corps and establishments to which the persons so entitled may now belong.

The Rolls from the 10th, 18th and 19th Regiments of Native Infantry to be prepared by companies and to be countersigned and transmitted by commanding Officers of Battalions, with the signature also of the Colonel Commandant, when present with the corps.

One Roll and Abstract only is to be prepared by every other corps, in which is to be comprized all those now belonging to such corps who may be entitled to honorary medals for any of the occasions above referred to under the distinct heads of "10th Regiment in the Dukhun,"—"Bengal Volunteers in Mysore,"—"Bengal Volunteers in Egypt."

N. B. By Minutes of Council 22d January, 1785, and by General Orders 4th June, 1793, honorary medals were granted to Native Troops for service in Guzerat and the Carnatic and Mysore.

G. O. C. C. The honorary medals authorized to be granted to the Native Troops who were employed on service in Egypt under Major General Baird, by the Orders of Government under date the 31st July, 1802, and those subsequently authorized on account of the survivors of the Gun Lascars who embarked for service on Ceylon under Captains Barton and Clarke, of Artillery, in the year, 1795-6, being now in readiness for delivery, the Commander in Chief directs that Rolls, with figured abstracts, agreeably to the annexed form, of all the Native commissioned, non-commissioned Officers, Sepoys, Golundaz and Gun Lascars, who are entitled to honorary medals for the services above referred to, be immediately prepared on foolscap paper, and transmitted to the Adjutant General's Office, by the Officers commanding the several corps and establishments to which the persons so entitled may now belong, in order that medals may be transmitted them accordingly.

Similar Rolls are to be forwarded from each Battalion of Invalids and by the Regulating Officers of Tannahs, the Adjutant of Native Invalids at Allahabad, and the Fort Adjutant at Monghyr, on account of Invalids who may prefer their claim, to the honorary distinction alluded to, to those Officers, respectively. But such Rolls are in no instance to be forwarded to the Adjutant General's Office until it has been ascertained by a reference to the corps to which the parties belonged previous to their transfer to the Invalid Establishment, or otherwise, that their claims are well founded.

Commanding Officers of corps to whom enquiries may be addressed for the purpose of ascertaining the point above mentioned are strictly enjoined to reply to the same without delay, and to furnish, as far as may be possible, the information necessary to establish the claim of the individual referred to. The replies of commanding Officers on such occasions to accompany the rolls of claims to the Adjutant General's Office.

It is to be clearly understood that claims to medals for services in Egypt are only admissible on account of persons who embarked from Bengal for service in that country, and must therefore be confined to those who belong to the 1st Battalion of Volunteers commanded by Major Broughton. (*Vide Form No. 7.*)

G. O. P. C. All Volunteers who embarked from Bengal for service in Egypt, or who proceeded from Bengal on other foreign services referred to in General Orders of the 10th instant, and who have returned to this Presidency and are now alive, are to be considered as entitled to medals and to be included in the rolls, accordingly, whether they reached the place of their original destination or not.

All Volunteers who embarked for service on account of which medals are granted, are entitled to them whether they reached their destination or not.

G. O. C. C. The Commander in Chief is pleased to promote Dreenah Sing, Havildar in the 1st Battalion 14th Regiment Native Infantry, to be a Jemadar, in consequence of his gallant behaviour on the 10th instant; and Ramjhan Khan, Gun Lascar, of the 21st Company, to the rank of 2d Tindal, in reward of his exertions in bringing off the enemy's bullocks.

Rewards to Native Officers &c. for gallant conduct in the Field or elsewhere.

G. O. C. C. There being vacancies for two Naicks in the 2d Battalion 16th Regiment, and four Sepoys of that corps who volunteered for the forlorn hope at the attack of the Insurgent's Intrenchments before Gohud, on the 21st ultimo, having received a promise from Captain

Macleod to be recommended for promotion,—the Commander in Chief is pleased to authorize the promotion in that corps of the following Sepoys, the former to fill the present vacancies, the latter two to be returned as supernumeraries until vacancies occur, Munfa Ram, Heera Loll, Cheet Sing, Chubba Sing.

The Commander in Chief, in reward of the meritorious behaviour of Meer Nubby Buksh and Sewbuccas Sing, Sepoys of the 15th Regiment, in having examined the fortie and ditch of Bidzygurrh on the evening of the 27th ultimo, is pleased to promote them to the rank of Naick in their respective Battalions. His Excellency is further pleased to direct the sum of Sonat Rupees 120 to be paid to each of them : bills for these sums to be made out and sent to the Adjutant General's Office for signature. G. O. C. C. 10th March 1805

Gonga Doobey and Sheick Islam, Havildars 1st Battalion of Volunteers, are promoted to the rank of Jemadar, the former from the 1st, the latter from the 2d November, in consequence of the recommendation of Captain Kelly, who ascribes to their meritorious exertions the preservation of two boats laden with treasure. G. O. C. C. 15th Nov 1805

An extra Jemadar allowed in corps to which honorary colours are granted

The Governor General in Council is pleased to authorize an extra Jemadar for each of the Regiments of Native Cavalry and each of the Battalions of Native Infantry, engaged at the assault of Aligurh and at the battle of Dehli, for the purpose of carrying the honorary colours that have been granted to those corps on account of their gallant behaviour on those memorable occasions. G. O. C. C. 11th Sept. 1805

In conformity with the foregoing orders of Government, an additional Jemadar for carrying the honorary standards and colours is to be allowed to the 2d and 3d Regiments of Native Cavalry ; the 1st and 2d Battalions of the 2d Native Infantry ; the 1st and 2d Battalions of the 4th Native Infantry ; the 2d Battalion 12th Native Infantry ; the 1st Battalion 14th Native Infantry ; the 1st and 2d Battalions 15th Native Infantry ; and the 2d Battalion 17th Native Infantry. G. O. C. C. 16th Sept. 1805

Orders for the reduction of Volunteer Battalions and distribution of the men among the corps of the line.

In pursuance of the orders of Government under date the 24th of May last for the reduction of the Volunteer Battalions, and conformably to the option promised them at the time they were embodied, of being allowed to return to particular corps whenever such reduction should take place, the Commander in Chief is pleased to direct the following distribution of the Native commissioned, non-commissioned Officers, Drummers and Private Men, Volunteers, to be made by the General Officer commanding at the Presidency. G. O. C. C. 21st Dec. 1805

The arms, accoutrements, colours, &c. belonging to the Volunteers to be lodged in the Arsenal at Fort William.

Descriptive rolls, agreeable to the lists transmitted from the Volunteers to Head-quarters, to be sent by the Officers at present in charge of Battalions, Divisions or Companies, to the corps to which the whole are incorporated by the foregoing distribution.

The commissioned, non-commissioned Officers, Drummers and Private men received into corps in excels to their establishments, are to be borne as supernumeraries until vacancies shall occur in corps respectively, but "to receive the pay and batta of their respective ranks according to the situation of the corps to which they may be posted" agreeably to the Orders of Government under date the 24th May, 1805. Every individual is to be furnished with a certificate of his last pay received and of his cloathing due.

The General Officer commanding at the Presidency will be pleased to direct the Volunteers to proceed by the most direct route to their several destinations in charge of the senior Officer destined to a corps at or near the principal stations of the army, respectively.

The European Officers doing duty with the Volunteers are to join the corps to which they severally belong, as soon as relieved from their present charge.

Officers commanding corps will be pleased to note on the back of their monthly returns, the numbers of Officers and men that actually join their corps in consequence of the foregoing orders.

Volunteers appointed to corps how to be included in the returns and review rolls.

The orders for incorporating the Officers and men appointed from the Volunteers having been acted on in different ways, which occasions confusion in the returns of corps, it is now directed that the Native commissioned, non-commissioned, Drummers and Privates, distributed agreeably to their own choice to corps, be enrolled and included (until they G. O. C. C. 14th Apr. 1806

join to be inserted under the head "appointed not joined") and where the rolls may not have been received, the Officers and men of the respective ranks are to be enrolled by numerals, as, for instance Subadar.

No. 1, Appointed from Volunteers by General Orders of not joined, and so on.

Particular attention to be paid in correctly stating the numbers in each corps wanting to complete or supernumeraries, not including under the former head vacancies arising from Officers, &c. transferred to fill vacancies in other corps, so long as there may be any on the rolls, appointed from the Volunteers, to be brought on the strength, whether joined or not, nor in the latter any who are not in excess to the total establishment of the several denominations in corps, respectively.

G. O. C. C.
30th Nov. 1806

In obedience to the Orders of Government, the Escorts with the Residents at Lucknow and Dehli are to be disbanded on the 31st December next; to which date they are to be paid up, and certificates and acquittance rolls furnished accordingly.

Orders for the distribution of the escorts at Lucknow and Dehli among the corps of the line.

The Native commissioned and non-commissioned Officers, including Drummers, of the Lucknow Escort to be distributed to the corps of Native Infantry in Bundelkund, the Vizier's Dominions, and the Doab, with reference to existing deficiencies of corresponding Ranks in corps, respectively; and in like manner the Native commissioned and non-commissioned Officers of the Dehli Escort to join corps at Muttra and other posts west of the Jumna. Distribution returns to be forwarded to Head-quarters for confirmation.

These commissioned and non-commissioned Officers, whether coming on the effective strength or joining as supernumeraries, are to receive the full pay of their rank and batta, the same as received by the corps they may join.

As many of the Privates of both Escorts, as may be desirous of continuing in the Service, are also to be incorporated on full pay with Battalions in which there may be vacancies, and to be included in the distribution returns.

Officers commanding the Escorts will accordingly report the number of Privates in each desirous of being continued in the Service, forwarding at the same time descriptive rolls of all such Privates, as well as of the Native commissioned and non-commissioned Officers, of their respective escorts.

G. O. C. C.
13d May 1806

All Native commissioned and non-commissioned Officers of the Provincial Corps lately reduced, in excess to the number required for Provincial Corps ordered to be raised, are allowed the option of returning to the Regulars with the rank next above that which they held in the corps, respectively, from which they came, or of receiving their discharge.

Rank assigned to native Officers of provincial corps received from the Regulars, on returning to the latter corps.

G. O. C. C.
22d Nov. 1806

Descriptive Rolls of all Native commissioned Officers who have joined the Regulars from the Provincial Corps are to be sent to the Adjutant General's Office, in order to their being furnished with commissions accordingly.

The Rolls to specify the Rank to which such Officers are actually entitled, agreeably to the Orders issued on the occasion, vizt. the Rank next above that which they respectively held in the Regulars previous to their transfer to the Provincials. The date of Rank is to be from the period at which Rank and Pay ceased in their late Provincial Battalions.

G. O. V. P.
9th Jan'y. 1806

The operation of the orders of Government by which the Native Officers of the Volunteer Battalions have had the option of joining such corps as they might prefer, having caused an unequal distribution of those Officers among the regular Native Battalions; the Commander in Chief will be pleased to order such subsequent arrangements as may appear advisable and proper, with a view to prevent or remove any just cause of discontent among the Native Officers of those corps which receive a large proportion of the supernumerary Native Officers, by which Promotion in those corps might be considerably retarded.

Directions for levelling the different corps in the army by the transfer of supernumeraries.

G. O. C. C.
17th Dec. 1806

In all cases of transfer for the purpose of levelling the Army, the juniors of each Rank are to be transferred, with exception of those who have made selection of particular corps from the Volunteers.

In all cases of transfer, juniors of the Rank are to be sent, with exception, to Volunteers.

G. O. C. C.

 6th Aug. 1800

The Governor General in Council having received from his Excellency the Commander in Chief information of the arrival within these Provinces of the three Battalions of Bengal Volunteers, under the command of Lieutenant Colonel Gardiner, feels a peculiar satisfaction in publishing to the Army, his Lordship's most cordial approbation of the distinguished services rendered to the British Empire in India by the European and

Encomiums on the three Volunteer Battalions completing the 18th and 19th Regiments.

Native Officers and Privates of those gallant and meritorious corps, during the late arduous crisis of public affairs.

The Governor General in Council is pleased to order that honorary medals be conferred on all the Native commissioned and non-commissioned Officers and Sepoys of the three Battalions of Bengal Volunteers recently returned from the Coast of Coromandel.

The Commander in Chief feels the utmost satisfaction in communicating to the army G. O. C. C. the Orders of the Governor General in Council, containing such high and deserved encomiums on the three Battalions of Bengal Volunteers. That an opportunity should have offered of incorporating them as the foundation of the 18th and 19th Regiments, which they now compose, the Commander in Chief considered extremely fortunate: as an additional means to perpetuate the glory they have acquired, and as a further proof of the high estimation in which the General holds their services, as well as to impress the Regiments formed from these corps with a due and lasting sense of their honorable origin, he is pleased to authorize and direct that each of the Battalions of the 18th and 19th Regiments shall bear in the upper canton of their Regimental Colour an embroidered radiant star, encircled with the words "Bengal Volunteers," conformably to a pattern that will be given them. 7th Aug. 1809

In compliance with the particular request of the Officer commanding the 19th Native Regiment, the Commander in Chief is pleased to authorize and confirm to that corps the privilege of wearing a feather in their turbans as now in use, it having been represented to his Lordship that they are considered by the men as a distinguishing badge of their honorable origin as Volunteers for foreign service, which they are extremely desirous of retaining. S. C. 1807

The Commander in Chief directs Colonel Morris and the Officers commanding Battalions of that Regiment will cause it to be particularly explained to the Native Officers and men, that it is solely from a desire to gratify their wishes that his Lordship has been induced to comply with the request, and on the same ground the Commander in Chief extends the like privilege to the 18th Native Regiment, should it be the wish of that corps to wear the feather in their turbans.

20TH (OR MARINE) REGIMENT.

Confusion of the Marine Battalion.

The Governor General in Council, on the 29th ultimo, resolved, that "a Marine Battalion should be raised for the service of the Islands, and other occasional duties at this Presidency," and having approved the details laid before him by the Commander in Chief, the above-mentioned corps is to be immediately raised.

Casualties of Native commissioned Officers to be filled up by the Commander in Chief at the recommendation of the Commandant. On any vacancy the commanding Officer of the detachment may appoint to act, but the person so appointed is not to receive the pay unless he is confirmed.

And non-commissioned Officers, how made.

Casualties of non-commissioned Officers to be filled up by the Commandant at the recommendation of the senior Officer of the Station where the casualty happens: on any vacancy occurring non-commissioned may be appointed by the commanding Officer of the detachment to act, and are to receive the pay while acting.

Reports from the Officers commanding Detachments.

The senior Officer of the corps at each Island to command the Detachment there, and to report regularly to the Commandant.

An increase of the establishment of the Marine Corps of two Battalions.

The Governor General is pleased to order that the Marine Battalion be formed into a G. O. C. C. Regiment of 20 Companies; that the Officers of the late 2d European Regiment be posted 6th May 1809 to the Marine Regiment, and that the promotion of the Officers to be posted shall proceed on the same principles as those of the Regular Native Infantry.

Appointed the 2d Regiment.

The Marine Regiment is to be numbered the 20th Regiment of Native Infantry.

G. O. C. C. 13th July 1803

- G. O. G. G. 5th April 1804 The Governor General in Council is pleased to determine that the establishment of European commissioned Officers of the 20th or Marine Regiment shall be the same as that of the other Regiments of Native Infantry. **Establishment of European Officers.**
- G. O. G. G. 24th Oct. 1809 The Vice President in Council has resolved that the establishment of each Battalion of the 20th or Marine Regiment, shall be immediately augmented to 8 Havildars, 8 Naicks, and 120 Privates per company. **Augmented establishment of each Company.**
- G. O. G. G. 20th May 1808 The Pay and allowances of the several descriptions of Native Officers, Soldiers and Staff of the Marine Regiment to be the same as in a Regiment of Native Infantry. **Allowances, staff establishment &c. fixed for the Corps.**
- The allowances and establishment of the Adjutant and Quarter-master to be the same as in a Native Regiment; as are to be the allowances of the Adjutants of Battalions.
- The medical allowances and proportion of Doobies to be the same as in a Regiment of Native Infantry.
- G. O. G. G. 8th Dec. 1809 The uniform of the Marine Regiment is to continue as at present,—viz. red with blue facings, yellow lace and gold embroidery. **Uniform.**
- G. O. G. G. 8th Nov. 1805 The Commander in Chief approves of the Turban now in use with the 1st Battalion of the 20th or Marine Regiment, and directs that Turbans of the same pattern be adopted for the 2d Battalion of that corps, and that it be considered as the established Turban for the Marine Regiment. **Turbans ordered to be adopted.**
- G. O. G. G. 29th Dec. 1810 The Governor General in Council is pleased to authorize the Officer commanding the Marine Regiment to prepare and transmit, annually, on the 1st January, cloathing Indents for the full establishment of each Battalion of the Regiment, without reference to the strength of that which may be on duty at the Islands for the time being. **Cloathing Indents to be prepared for the full establishment.**
- G. O. G. G. 18 Nov. 1809 The Sepoys of the 1st Battalion 20th or Marine Regiment who were detained at Prince of Wales's Island or other places beyond the sea, in excess to those who volunteered to remain for the purpose of being transferred to the 2d Battalion of that Regiment on the occasion of the late Relief, are to be retained on the strength of the 1st Battalion, and returned "doing duty with the 2d Battalion," under which head they are also to be included in the returns of the 2d Battalion until relieved. **The men doing duty from the Battalion in Bengal with that on leave how to be returned.**
- G. O. G. G. 13th Oct. 1809 The Commander in Chief is pleased to authorize leave of Absence in the proportion of one Native commissioned and twenty non-commissioned and Privates per company in the 1st Battalion 20th or Marine Regiment returned from duty at the Islands, until the whole shall have partaken of the furlough now granted. **Proportion in which leave is granted to the Battalion returning from Service; and half batta allowed them when on furlough.**
- Proc. G. G. 9th June 1810 The Governor General in Council is pleased to extend to the Native Officers and Sepoys of the 1st Battalion of the 20th Regiment, lately returned from Foreign Service, the indulgence of half batta, when on furlough, in the same manner as was allowed to the men of the 2d Battalion on a former occasion.
- G. O. G. G. 29th July 1803 Ordered, that a new Regiment of Native Infantry, according to the present establishment, be raised for the Service of this Presidency. The new Regiment to be denominated
- G. O. G. G. 10th Oct. and 9th Nov. 1803

THE 21ST REGIMENT.

Lieutenant Vaughan, of the 2d Regiment, is ordered to recruit for the 1st Battalion to be raised at Futtighur; and Captain Johnson, of the 15th Regiment, for the 2d Battalion to be raised at Cawnpoor.

- G. O. G. G. 10th Oct. and 9th Nov. 1803 Under instructions from the Governor General in Council, under date the 30th September, a sufficient number of Privates to complete two Regiments of Native Infantry, of the present strength, are ordered to be entertained immediately.

THE 22D REGIMENT

is to be raised at Futtighur. Lieutenant Ball is ordered to entertain men for that corps,

THE 23D REGIMENT

is to be raised at Cawnpoor; Captain Cheap is ordered to entertain men for the 23d Regiment.

The Governor General in Council having directed, on the 21st ultimo, that four Regiments of Native Infantry, to be denominated the 24th, 25th, 26th, and 27th Regiments, should be raised immediately, the Commander in Chief is pleased to direct that they be raised at the following stations.

G. O. C. C.
26th Oct. 1804

THE 24TH REGIMENT,—at Cawnpoor,
from the two Battalions ordered to be embodied at that Station.

THE 25TH REGIMENT,—at Futtighur,
from the two Battalions embodied there.

THE 26TH REGIMENT.—at Cawnpoor,
from the new levies which will remain after completing the 24th Regiment.

THE 27TH REGIMENT,—at Futtighur,
from the new levies which will remain after completing the 25th Regiment.

The undermentioned corps are to furnish the following Native commissioned and non-commissioned Officers and Privates for Promotion in the new Regiments.

Care to be observed in the selection of Native Officers drafted for new corps, and certificates to be furnished them.

The Native commissioned, non-commissioned Officers and Privates are to be selected with the greatest care and attention, and to be sent to their respective places of destination with the greatest practicable expedition.

They are to be furnished with the prescribed pay and cloathing certificates, and to leave their arms, &c. with their former corps, but to bring with them their cloathing now in wear.

Formation of the Battalions and appointment of Officers to do duty with them.

The commanding Officers at Cawnpoor and Futtighur will order the new levies to be formed into companies and Battalions as soon as possible. Major General Dowdeswell will appoint Officers to the temporary charge of the different Battalions and acting Adjutants, and will also direct such Officers, now at the Stations of Cawnpoor and Futtighur, to do duty with them as he shall consider to be best calculated to promote the public Service.

Indents for Arms, Accoutrements and colours to be transmitted. Bounty cloathing authorized.

Indents for arms and accoutrements to be made out, on emergency, in duplicate; one copy to be sent to the Military Board, and the other to Allahabad, which last is to be complied with immediately. Indents for colours to be transmitted to the Military Board.

Bounty cloathing will be ordered for the 24th, 25th, 26th and 27th Regiments.

NATIVE LIGHT INFANTRY BATTALIONS.

Order for embodying the Light Companies in Battalions.

With a view to train the Light Infantry Companies in their Manœuvres and in the Practice of Light Infantry Field Movements, the Commander in Chief is pleased to direct, with the sanction of Government, that the several companies be assembled in the Order and at the several Stations hereafter detailed.

G. O. C. C.
3d Oct. 1808

Proportion of Qr. master's establishment to be detached with them, and Provision for the repair of camp Equipage.

Commanding Officers of Battalions, from which Light Companies are detached, will be careful to send with them their proportion of Quarter-master's people, for whose pay and allowances the Quarter-master is to provide by a suitable arrangement. He is also to provide for the repairs of the camp equipage, so long as the company shall continue detached from its Battalion.

On the arrival of the light companies from the several Regiments at their allotted Stations, as directed in General Orders of the 3d instant, they are to be formed into light corps for the purpose of drill and manœuvre in that particular service.

G. O. C. C.
27th Oct. 1808

The several companies are to be considered as under the immediate and exclusive control of their respective commanding Officers, in all matters of interior economy, dress and discipline, which are to be always regulated by the existing General or Regimental Orders on those heads.

An Adjutant will be allowed to each Battalion, who will receive the usual Staff allowance of Rupees 132 per month. Officers entrusted with the command and instruction of Light Battalions are directed to send into Head-quarters, through General Officers com-

The companies to be under the immediate control of their respective commanding Officers. An adjutant to be appointed to each Battalion, and how nominated.

manding districts, the names of Light Infantry Officers belonging to the Native Companies properly qualified to fill the situations of Adjutant to the respective Battalions. The Companies always liable to return to their own corps or to be attached to other Battalions.

The Light Battalions being always of a temporary nature, the companies will return to their respective Battalions as soon as circumstances will admit, or be sent to other Battalions as the service may require.

G. O. C. C. The rules and regulations for the exercise of Riflemen and Light Infantry instructions for their conduct in the field, published under the authority of His Royal Highness the Duke of York, will be circulated from the Adjutant General's Office to the different corps.

G. O. C. C. The Pay Abstracts of the several companies of Light Infantry, as now arranged in Light Infantry Battalions, are to be sent for payment, or to be exchanged for drafts, to the pay office of the division, detachment, or station with, or at which, the Light Infantry Battalions may be respectively employed or stationed. Directions for the payment of the Light Battalions.

The Governor General in Council has been pleased to sanction the following allowances and appointments so long as the Light Companies shall continue embodied in Battalions. Allowances to the companies and Adjutant.

The Executive batta, according to the usage of the service, to the Officers appointed to command the Battalions.

An Adjutant to each Battalion, on the established allowance of 132 Rupees.

An Assistant Surgeon, with the established proportion of dookies in cantonments and in the field. Adjutant Surgeon and proportion of dookies for each corps.

A Drill Havildar and a Drill Naick to each Battalion. Drill Havildar and Naick.

The usual mess allowance will be granted to such of the Battalions in question in which messes may be formed. Mess allowance.

The Commander in Chief is moreover pleased to allow the compliment of Native Docks attached to a regular Battalion being also attached to each Battalion of Native Light Infantry. They are to be immediately supplied by transfer from the regular Battalions most adjacent to the present situation of Light Infantry Battalions, under the directions of commanding Officers of stations or detachments. Proportion of Docks.

G. O. C. C. The Commander in Chief authorizes two carts for each Battalion of Light Infantry to be drawn for by the Adjutant of the corps, and two hackeries are to be allowed to each Battalion of Light Infantry in lieu of such carts until the latter, which are to be procured for on emergency on the nearest magazines, can be supplied. Carts allowed.

G. O. C. C. The Commander in Chief is pleased to direct that during the separate employment of the companies of Light Infantry from the Battalions to which they belong, all vacancies of Native non-commissioned Officers in their companies shall be filled up by promotion in the companies, respectively, in which the vacancies may occur. Promotion of Native non-commissioned Officers to be made.

The recommendations for this purpose are to be made by the Officer in command of the company to the Officer commanding the Light Battalion, who will order the person or persons recommended to act in the vacant ranks from the date of the casualty, and transmit the roll and copy of the order, thereon, for confirmation to the Officer commanding the Battalion to which the Light Company may belong, who will act upon it conformably to the regulations of the service on this head.

In all recommendations for promotion preference is to be given to claims of Seniority and length of Service, when substantiated by requisite capacity and meritorious conduct.

All vacancies for Subadats and Jemadars in the Light Infantry Companies are in like manner, during their separate employment, to be filled up by promotion in the companies, respectively, in which the vacancy may occur. Promotions of Native non-commissioned Officers.

The recommendatory roll for this purpose to be submitted by the Officer commanding the company to the Officer commanding the Light Battalion, by whom it is to be countersigned and forwarded to the Officer commanding the Battalion to which the Light Company belongs, for countersignature and transmission, in the usual manner, to Headquarters; and the men thus recommended are to be immediately appointed to act as directed for non-commissioned Officers.

Recruits how to be entertained. All vacancies in the Light Infantry Companies for privates, below the establishment of 80 Privates per company, are to be supplied by Recruits to be entertained for the purpose by Officers commanding the Light Infantry Battalions, on the recommendation of Officers commanding the companies, respectively.

Descriptive rolls of companies to be carefully kept up. Descriptive Rolls of Light Companies are to be carefully kept up by the Officers commanding them under the periodical inspection and reports prescribed by the Regulations of the Service.

M. C. 8th Apr.
1793

Resolved, that a Farrier be attached to and returned with each Troop. The Farriers that may become incapacitated for further duty, after 15 years' Service, will be admitted to the benefits of the Invalid Establishment: and an indulgent consideration will be had for any that may be disabled by wounds on actual Service, although within the term above mentioned. A Farrier to be allowed to each Troop in the Native Cavalry.

G. O. 3d Oct.
1796

The Farriers attached to Troops of Regiments of Cavalry are to be mounted and horses provided for them accordingly.

M. C. 8th Apr.
1793

Resolved, that it be henceforth considered as a part of the duty of the Native non-commissioned Officers and Private Troopers to attend to and clean their own Horses; and that, accordingly, all Men who shall be entertained hereafter as Native Troopers shall be enlisted on such terms; but at the same time a certain proportion of Syces will be allowed in the Regiment to take care of the horses of sick men and to assist in the cleaning and care of the other horses. Native non-commissioned and Troopers are required to attend to their own Horses.

G. O. G. G.
10th Jan. 1802

Ordered, that the establishment of Syces for the corps of Native Cavalry shall be fixed at one Syce for the horse of each Sergeant, each Native commissioned and non-commissioned Officer, including Farriers and Native Doctors, and one Syce for every three horses of the privates. Establishment of Syces for the corps of Native Cavalry when incantonments.

Proc. G. G.
6th Sept. 1804

The Governor General in Council sanctions and approves the orders of his Excellency the Commander in Chief authorizing the Native Cavalry, when in the Field, to be allowed Syces in the proportion of one Syce to two horses. Additional proportion allowed when in the Field.

C. M. 8th,
G. O. 16th
Apr. 1793

The pay of the Syces to be, in cantonments, 4 Rupee per month, and when on a march an additional Rupee per month as batta. Allowances fixed for the Syces.

Resolved, that a Grasscutter be allowed to each horse, and that each man shall be provided with hussiah and coopah, and a jall or net for grafs, to be always presented at muster and included in the returns. Establishment of Grasscutters.

The pay of the Grasscutters to be, in cantonments, within or without the Provinces, 3½ Rupees per month, and when on a march an additional Rupee per month as batta. Their allowances fixed.

The Syces as well as Grasscutters are to be obliged to furnish themselves with uniform turbans; the colour of the turbans to be fixed upon by commanding Officers of Regiments, but not to be changed afterwards without the sanction of the Commander in Chief. Syces & Grasscutters to be furnished with uniform Turbans.

The Syces and Grasscutters to be entertained and paid by the Officers commanding Troops; to be mustered with the Troops they belong to, and included in the Review Rolls and Returns of the Regiment; they are to be subject to martial law in case of desertion in the same manner as Soldiers, which latter article they are to be required to consent to before they are to be received into the Service. Under what conditions to be entertained, how to be paid, mustered, &c.

In order to attach the Syces and Grasscutters to the Service, such as may become incapacitated for further duty after 15 years' service, will be admitted to the benefits of the Invalid Establishment, and an indulgent consideration will be had for men of these descriptions who may happen to be disabled by wounds on actual service, although within the term above-mentioned. Admitted to the Invalid Establishment.

Upon all occasions where the discharges of Syces and Grasscutters are required, the authority of the commanding Officer shall be previously obtained and the discharge be given by him. Discharges how to be granted to them.

G. O. 15th
July 1793

The Syces and Grasscutters allowed to the Regiments of Cavalry being public servants, and it being desirable, in order to attach them to their Regiments, that they should consider themselves in permanent situations, they are not to be discharged on the death or removal of any of the horses; but if, when there is a deficiency of horses, there be also from casualties a deficiency of Syces and Grasscutters, such deficiencies are only to be supplied as new horses are received into the Regiments, and those in the proportions allowed by the regulations. They are not to be discharged in consequence of casualties among the Horses they attend.

Alterations and casualties which happen among the Syces and Grasscutters in the course of service, etc. to be

noticed in the monthly returns. of the month, are to be noted in the next return, in the same manner as these circumstances are noticed in regard to the Native Officers and

Grass how to be provided in the event of a deficiency of Grass-cutters. Regimental Orders by Major Know, commanding the 7th Regiment of Native Cavalry, under date the 19th March, 1809, directing Officers in command and charge of Troops to charge in a contingent bill the expence incurred for the purchase of grass, in consequence of a deficiency of Grass-cutters with that corps, is confirmed; but the Commander in Chief expects that it will be very rarely necessary to have recourse to this expedient, and that the establishment of Grass-cutters with the 7th Cavalry will be forthwith completed. G. O. C. C. 12th Apr. 1809

System of discipline ordered to be observed by the Native Cavalry. With the view of establishing an uniform system in the Formation and Movements of the Cavalry, the instructions and regulations ordered to be observed and practised by the Cavalry corps in his Majesty's Service have been printed: copies of them will be transmitted to the several Regiments of Native Cavalry on this Establishment, and the Commander in Chief directs that they be strictly followed and adhered to without any deviation. G. O. 19th August 1797

Numbers of Standards allowed to each Regiment. A Regiment of Cavalry of Six Troops being, by the Regulations for the Formation and Movements of Cavalry, composed of three squadrons, three Standards are to be allowed to each of the Native Regiments of Cavalry on this Establishment. (For the provision of standards *vide Chapter XIII.*) G. O. 14th Sept. 1797

Relative to the duties of Videttes. The Commander in Chief having frequently observed the Videttes to be moving about instead of remaining stationary; the most positive orders are to be given to the Videttes, from their several corps, not to quit the spot on which they may be posted except in pursuit of any persons they may conceive to be enemies. G. O. C. C. 22d Feb. 1803

The Vidette is to keep a constant and watchful eye towards his front, as also to his right and left, but he is not to alter the position of his horse in so doing.

Regulations directing the number of Native Cavalry Orderlies for the several Officers to whom they are allowed. The Commander in Chief is pleased to lay down the following standing regulations respecting Native Cavalry Orderlies, which are to be strictly attended to, and the number allowed to each rank is not on any account to be exceeded, nor is any person, except those coming under the following descriptions, to be allowed an Orderly. G. O. C. C. 8th Mar. 1803

A Major General, commanding a principal Station, to be allowed one Naick and six Native Troopers.

Adjutant General, an Orderly from each corps, when present with the Army.

This is only applicable to the situation of Cavalry Corps, when brigaded and actually in the field. { Brigade Major of Cavalry a Orderlies, when there are more than two Regiments of Cavalry together; and one Orderly when there shall be two, or less than two, Regiments together.

Field Officer or Captain of the day of Cavalry, two Orderlies.

Adjutant of the day of Cavalry, one Orderly.

Proportion of pistols and carbines with which the Cavalry are to be equipped. It being determined to arm the Cavalry on this Establishment with two pistols each man, instead of one, and to reduce the number of carbines with each Regiment to 15 per troop,—commanding Officers of corps will immediately direct indents to be transmitted to the nearest magazines for pistols, to complete such saddles as have two holster pipes; indents for the number of holster pipes wanting to complete are to be at the same time forwarded to the Commissary General, for which the required number of pistols will be hereafter ordered: all carbines, surplus to fifteen per troop, to be sent into the nearest magazines; commanding Officers distributing those to be retained among such men as are well mounted, and in their opinion best qualified to act as skirmishers. G. O. C. F. 4th May 1810

Pattern adopted for swords. Commanding Officers of the 1st, 2d, 3d, 5th, and 6th Regiments of Native Cavalry are ordered to indent on emergency for complete sets of stirrup hilted swords; all the swords now in use with the aforementioned corps to be returned into store, and together with all those of the old pattern, are ordered to be sent to the Presidency. G. O. C. C. 20th Aug 1803

Cloak bags allowed to the Native Cavalry and how to be used. The Commander in Chief having represented the necessity of the Regiments of Native Cavalry being furnished with cloak bags, the Vice President in Council is pleased to au- G. O. V. P. 14th November 1805

authorize those articles of equipment being supplied to the Regiments of Native Cavalry in this Establishment.

Estimates of the expence are to be transmitted for the sanction of Government through the Military Board.

The cloak bags are to be provided by the Quarter-masters under the direction and superintendence of commanding Officers of Regiments. It is expected that the cloak bags may be provided at about twelve annas each, and that with proper care they will in general last three or four years.

Proc. G. O.
22nd Sept. 1808

The Governor General in Council accepts the terms on which Mr. Maxwell has offered to supply cloak bags for the service of the 1st Regiment of Native Cavalry, viz.

Cloak bags 17 inches long, 7½ inches in diameter with iron supporters at the end, lined with red curwah, each Sa. Rs. 4.

Three straps four feet long for fastening cloak bags, two with two buckles, and one with one buckle, 14 annas.

Three straps four feet long with one buckle each, for fastening cloaks before, 12 annas, total for each Sa. Rs. 5 10.

Dimensions of cloak bags and materials used in the construction.

Let. Adj.
Genl 9th May
1809

"The Commander in Chief approves the size and shape of the cloak bags with the 6th Cavalry, and it appearing that those now with the Regiment have lasted nearly four years, his Excellency desires that you will prepare and transmit an indent for a new set of cloak bags for the Regiment under your command."

Period at which they may be renewed.

G. O. C. F.
9th Nov. 1810

It appearing from the Survey Reports of Cavalry Cloathing received by corps for the year 1809, that the Regimental Committees have in some instances pronounced the jackets much too long and otherwise objectionable with regard to their appearance behind,—the Commander of the Forces is nevertheless pleased most positively to enjoin commanding Officers of all corps not to permit any alteration being made, whatsoever, in the length, shape, &c. of the cloathing issued to the Army; which has been prepared agreeably to musters approved by his Excellency the Commander in Chief.

No alteration to be made in the cloathing received from the agent.

M. C. 8th Apr.
1793

Resolved, that from the stoppages on account of Off- reckonings, each Native commissioned and non-commissioned Officer, Trumpeter, and Trooper shall be supplied with a head dress, which is not to be a helmet.

Regulations for the preparation of the head dress to be supplied to Native Officers, &c. of Cavalry from the off- reckon- ing fund.

G. O. G. G.
4th Dec 1800

The Governor General in Council directs that the following Regulations for providing

the Native Officers and Troopers of the Regiments of Native Cavalry, with head dresses, shall be strictly attended to.

The head dresses directed by the Regulations of the 8th April, 1798, to be furnished to the several ranks of Native Cavalry shall in future be made up by Officers commanding Regiments of Native Cavalry, conformable to patterns approved by the Commander in Chief, and the expence thereof to be defrayed from the surplus of the Off-reckonings.

They are to be made up under the direction of the Lieutenant Colonel commanding the Regiment, when present, and in his absence, when such absence is not occasional, by the senior Officer present.

They are to be prepared so as to be in readiness to be issued with the annual cloathing.

The following sums are to be allowed from the Off-reckoning Fund for the purpose of furnishing head dresses for the several ranks of the Native Cavalry.

Subadar,.....	Curt. Rupees 6.	Naicks,.....	Curt. Rupees 4.
Jemadar	5 8.	Trumpeter	3.
Havildar.....	5.	Trooper and Farrier	2 8.

When once a head dress for a Regiment has been fixed on it is not to be altered without the sanction of the Commander in Chief.

Officers in command of Regiments of Native Cavalry are directed to send to the Paymaster General, on the 1st of August every year, a bill for the sum that will be required to provide head dresses for the year, and the Paymaster General, when satisfied that the bill is correct, will take the necessary steps for having the amount paid.

The amount of all sums so advanced to be carried to the debit of the Off-reckoning Fund.

The head dresses shall be surveyed and approved by a Committee of Officers appointed by the commanding Officer of the Station, previous to delivery.

Leather breeches to be supplied to the Horse Artillery and Native Cavalry, and how to be served out

A supply of leather pantaloons for the Horse Artillery and several Regiments of Native Cavalry, having been forwarded from Europe by the Hon'ble the Court of Directors, the Commander in Chief is pleased to direct that they be dispatched to corps and served out to the non-commissioned and private Europeans of the Horse Artillery; and to the European non-commissioned, and Native commissioned and non-commissioned Officers and Private Troopers of Native Cavalry.

G. O. C. C.
6th May 1809

The number of pantaloons now arrived not being adequate to supply the full establishment of Corps, they are to be served out to the Privates according to seniority or length of service, leaving those of the shortest periods of service to be supplied hereafter, when more may be received.

Indents how to be prepared.

Indents for leather breeches for the several Corps of Native Cavalry and the Corps of Horse Artillery to be transmitted to the Adjutant General's Office; the indents to be made out for proportions of three different sizes, viz.

G. O. C. C.
4th March 1809

Large.

Middle.

Small.

The leather breeches to be furnished by the Off-reckoning Fund and a monthly stoppage made from the men to defray their expence.

The Vice President in Council observing that the Native Officers, non-commissioned Officers and Privates of Regiments of Native Cavalry, are to be provided at the charge of the Off-reckoning Fund, without any additional expence to themselves, once in two years each with a pair of leather breeches or pantaloons, is pleased to direct that one moiety of the present stoppage of one Rupee perensem from the pay of each Native Officer, non-commissioned Officer and Private (Vide G. O. C. G. 29th December, 1810,) shall be brought to the credit of the Off-reckoning Fund.

G. O. V. P.
15th Aug. 1809

The Paymasters or Deputy Paymasters are accordingly directed, from the 1st January, 1810, to deduct, monthly, eight Sonat Annas from the pay of each Native Officer, non-commissioned Officer and Private of Native Cavalry borne on the Pay Abstracts, and to bring the same to the credit of the Off-reckoning Fund, in their monthly abstract account of receipts and disbursements, under the head of "stoppage for leather breeches."

The breeches to become the property of the persons to whom they have been served; those belonging to men who may become casualties how to be disposed of.

With reference to the General Orders by Government, dated the 15th August last, on the subject of leather breeches or pantaloons for the Native Cavalry of this Establishment, the Commander in Chief directs, that, as those articles are to be supplied in lieu of Naakkeen pantaloons from the amount of the stoppages on account of half mounting, they are to be considered as the property of individuals, but are nevertheless to be deposited with the corps when the men proceed on leave of absence, or are sent to the Hospital; and with respect to those belonging to men who may die, be discharged or invalided, his Excel-

Agency recommends that the pantaloons be purchased by commanding Officers of Troops, at a fair and equitable price, according to their condition, and supplied to the recruits entertained in the room of such casualties instead of the two pair of Nankeen pantaloons ordered to be furnished to each recruit.

Commanding Officers of Regiments are to furnish two pair of nankeen pantaloons annually in future to such men as may not have been supplied with leather breeches, in consequence of a deficiency in the supply received from Europe, and they will draw upon Paymasters, respectively, at the rate of six Rupees per annum, for each man to whom it may be necessary to supply Nankeen pantaloons as above directed.

Certificates stating the number of leather pantaloons received, and the number deficient, in lieu of which nankeen pantaloons will, as above directed, be supplied by commanding Officers of Regiments, are to accompany such bills, the amount of which will be charged to the Off-reckoning Fund.

On a deficiency in the supply of leather breeches those men who have not been served to be furnished with Nankeen pantaloons.

G. O. G. O.
29th Dec. 1810

If, after defraying the cost and charges of the leather breeches, the Committee for the adjustment of the Off-reckonings should find any surplus of the stoppages remaining, the amount of such surplus shall be carried to the credit of the Regiments of Native Cavalry in due proportions, and paid to the Officers commanding Troops for equal distribution among the commissioned, non-commissioned and Privates, from whom stoppages had been made, on account of leather breeches.

Should there be any surplus after defraying the expense of the leather breeches it is to be returned to the men.

Notification of such surplus, and of the Paymasters by whom it will be payable to each Corps, will be given in General Orders.

Nov. 1796

In addition to the Cavalry regulations, recruits of Cavalry are to be furnished with the following articles of dress by the Officers commanding Troops.

2 Nankeen jackets—2 pair of Nankeen pantaloons—1 turban—1 leather stock—1 brass stock clasp—1 pair of spurs—1 pair of spur leathers—1 pair of boots—2 shirts.

For supplying the above articles, the following stoppages to be made; four Rupees per month for three months, and three Rupees for the fourth month; in all fifteen Rupees.

These stoppages to commence at the period fixed in the Infantry Regulations, viz. from the pay of the second month, for which full pay shall be drawn for the recruit.

Half mounting to be furnished to Recruits of Native Cavalry by commanding Officers of Troops.

Amount of stoppage authorized on that account.

G. O. G. O.
29th Dec. 1810

The Governor General in Council is pleased to pass the following orders for regulating the half mounting of the Regiments of Native Cavalry on this Establishment.

The stoppages from each Native commissioned, non-commissioned Officer and Private of the Native Cavalry are to be limited to Sonat Annas 8 per mensem for the purpose of meeting the expense of leather breeches, which is to be carried to the credit of the General Off-reckoning Fund, as directed in General Orders, dated the 15th August, 1809; and the Native commissioned, non-commissioned Officers and Privates of Native Cavalry are not to be subject to any further deduction whatever on account of half mounting, but are to be left to provide themselves, whenever necessary, and under such regulations as the Commander in Chief may think fit to prescribe, with linen jackets, linen pantaloons and a watering turban of Colliah, to be made up according to established patterns.

In case it shall become necessary to put a Soldier, who fails to keep himself complete with the prescribed articles, under stoppages, the commanding Officer of the Regiment shall regulate such stoppages in public orders, according to the deficiency of the party, and authorize the provision of the articles by the Officer at the head of the Troop.

No stoppages for the supply of half mounting to be made in the Native Cavalry, except in the case of men not keeping themselves properly equipped.

G. O. G. O.
3rd Jan. 1811

Conformably to the General Orders by the Governor General in Council of the 29th ultimo, the annual half mounting of the Native Cavalry Regiments, heretofore provided by Officers commanding corps, respectively, will cease after the 31st of March next.

The Commander in Chief is pleased to prescribe the following articles to constitute the future half mounting of the Native Cavalry, viz.

2 Blue linen jackets, with the usual trimmings, and two pair of linen pantaloons of strong doctory, with which every non-commissioned Officer and Private is directed to provide himself, whenever necessary, regularly keeping up that number of articles fit for use, and replacing them as occasion shall require.

But, after a sufficient and reasonable time being allowed for the men to provide themselves, if any Soldier should be afterwards found incomplete with any part of the established half mounting, the deficiency in every such case shall be supplied by the Officer commanding the Troop, under the authority of the Officer commanding the Regiment, and who will regulate the necessary stoppage accordingly.

Equipment of cloths &c. to be kept up by non-commissioned and privates of Native Cavalry.

In failure of which, it is to be supplied by stoppages from their pay.

Allowances to
Officers com'g
Troops.

(For regulations for recruiting, discipline, promotions, furlough, discharge, disposal of effects of the deceased, &c. applicable to the Native Cavalry in common with other Native Troops, vide Chapter VI.)

For providing
gram pots, &c.
and preparing
the food of the
horses.

That an allowance of 20 Rupees be made to the Officer commanding each Troop, for providing pots for soaking the gram and whatever else may be necessary for preparing it before it is given to the horses for food. In time of War and in cases of long and distant marches, where it may be necessary to carry with the Regiment large pots or boilers, a provision will be made, either by a further allowance for each Troop, or by the supply of whatever may be requisite. M. C. 8th Apr 1793.

For shoeing the
horses, supply-
ing collars,
cloths, &c. &c.

That a monthly allowance of 2 Rupees for each horse be made to the Officers commanding Troops for shoeing the horses, supplying them with collars, cloths, head and heel ropes, currycombs, and such mullallah and physic as they may occasionally require.

Set of spare
shoes, nails,
&c. to be kept
up by Officers
drawing this al-
lowance.

That there shall be provided by and under charge of the Officers a certain store of nails and shoes, not less at any time than a complete set of spare shoes for all the horses of the Regiment, with two sets of nails, one for colbundy or shifting the shoes, and another for a set of new shoes; and the commanding Officers of Regiments shall certify in the monthly returns, the existence of the prescribed complement of shoes, or the deficiencies.

Saddles, and
horse accoutre-
ments how to
be provided for
the Cavalry; al-
lowance for
keeping them
in repair, and
per each set.

Government will procure saddles, bridles and horse accoutrements from England, for the service of the Cavalry on this establishment.

When a complete set of saddles, bridles and horse accoutrements shall be delivered to each Regiment, the monthly allowance for keeping in repair the saddles and horse accoutrements for each horse is to be reduced to one Rupee per month, and in order that the saddles, &c. be always in good condition, a complete set will be delivered from store every five years at the public expence.

List of horse
appointments,

Regiment of
Cavalry on its
formation.

List of appointments supplied to the 3d Regiment of Native Cavalry by authority of Government, under date the 9th July, 1799. Ext. Proc. M B. 27th Feb. 1800.

1 Bit and bridoon—1 set of head stall and reins—1 saddle—1-pr. of stirrups—1-pr. of stirrup leathers—1 girth double—1 singlet—1 crupper—1 pad—1 breast-plate, with leather—1-pr. of holsters and caps—1-pr. of ditto straps—1 carbine bucket—1 ditto strap,—for the equipment of each Horse. (N. B. The proportion of carbines has since been reduced to 15 per Troop.)

One complete set of snaffle bridles for the Regiment.

The snaffle bri-
des to be al-
ways kept
complete, from
the established
monthly allow-
ance.

It appearing that the repair of the snaffles or watering bits of Regiments of Native Cavalry is not sufficiently understood to be one of the expences provided for by the monthly allowance drawn by Officers in command of Troops. The Governor General in Council deems it proper to determine that the snaffles, which are supplied to Corps on their first formation at the public expence, are to be considered as coming under the description of horse appointments required to be maintained complete and in good repair upon the monthly allowance in question. G. O. C. C. 1st Dec 1800.

His Excellency the Commander in Chief is accordingly requested to direct that all deficiencies may be completed by commanding Officers of Troops in conformity to the principle recognized in these orders.

Saddles, &c. are
reasonably re-
quired by the
Regimental
Officers.

"The Commander in Chief desires an estimate may be prepared and transmitted to the Military Board for renewing and rendering perfectly complete and serviceable the ninety saddles with Europe trees, belonging to the 6th Native Cavalry, which are stated in the survey report to be capable of being made, by the repairs proposed, at the cost of about 14 Rupees each, to last as long as new country saddles, which cost more than double that sum, and with far better effect. Let Adj. Gen 9th May 1809

In the mean time his Excellency, sensible of the necessity of these saddles being repaired without delay, is pleased to authorize the Quarter-master of the Regiment being directed to adopt the necessary measures for repairing the ninety saddles in the manner proposed."

The Deputy Paymaster is ordered to advance to Lieutenant Western, Quarter-master of the 6th Native Cavalry, Eight Hundred Rupees on account of his estimate for materials for repairing ninety Europe saddles in use with that corps. G. O. C. C. 14th May 1809

The Quarter-masters of Cavalry to furnish the following articles for the Service of the Drills of each Regiment. 60 Caneffons with cotton ropes,—60 Whips,—60 Rings with boxes and posts,—12 Wooden Heads with Posts,—400 He Bamboos :—for which he will be allowed to charge Sonat Rupees 473. including commission.

Articles for the use of the Drills to be furnished on the formation of Regiments.

These articles to be served out, in the first instance, to the several Troops, being previously surveyed by a Committee of Officers of the corps, and an allowance of five Sonat Rupees per month, commencing from the first day of the month after the Survey, to be granted to commanding Officers of Troops, for keeping up the complement in future.

Monthly allowance for keeping them complete.

In the absence of an Officer the charge of his Troop is, by order of the commanding Officer of the Regiment, to be delivered over to another Officer of the Regiment, to whom the trust of shoeing and furnishing collars, cloths, head and heel ropes, &c. &c. and keeping in repair the saddles and horse accoutrements, will be committed.

Regulations for drawing the several allowances in and for the charge of Troops, the commanding Officers of which may be absent.

M. C. 4th July
1799

The several monthly allowances granted for the repair of saddles and horse accoutrements, for shoeing, providing collars, head and heel ropes, cloths, currycombs, musflah and phytic, for repairs of arms, and for the provision of pots for feeding the grain, being in the nature of a contract, it is to be understood, that the whole of the sums received are applicable to the purposes for which they are granted, and not that the sum received in one month is applicable only to the expenditure of that month.

The Officer in command of the Troop can alone be held responsible for the good condition of the saddles, arms, cloths, &c. and it is obvious that, if the surplus in any month goes to any other Officer than the one on whom the responsibility rests, the responsible Officer must be deprived of the means allowed for fulfilling his contract; in the occasional absence, therefore, of an Officer commanding a Troop, the necessary expenditures must be made by the Officer in the temporary charge of the Troop, under the general superintendence of the Officer commanding the Regiment, and the balance shall be accounted for to the Officer of the Troop, or the excess demanded from him, as the circumstances of the case may require.

The absence of an Officer on account of ill health, or on account of public or private business, that does not carry him from the Presidency, is occasional—the absence of an Officer to Europe or to another settlement, or in consequence of his holding a public situation that detains him from joining his corps, is not occasional.

Whenever an Officer is removed from the command of a Troop, or whenever an Officer is about to quit his Troop on any account that is not deemed to be occasional absence, a Regimental Committee is to be assembled for the purpose of examining the whole of the horse furniture and stores belonging to the Troop, and the Officer is to be called upon to make good any deficiencies previous to his departure from the Regiment, and according to an equitable judgment to be determined by the commanding Officer of the Regiment.

Upon an Officer quitting or being removed from a Troop, the articles of appointments, &c. in his charge, to be surveyed.

FOR A TROOP OF HORSE ARTILLERY.

- 1 Pawlins (18 feet by 12,) for piling the harness upon.
- 2 Ditto (24 feet by 16,) each having 40 foot ropes, with pins to keep it down when stretched over the appointments. } *For covering the harness.*

FOR A TROOP OF DRAGOONS OR NATIVE CAVALRY.

- 1 Small Pawlin, as above, for piling the saddles upon.
- 1 Large ditto, ditto, for covering the saddles.

A camel for the carriage of these articles to be allowed for each Troop or Brigade of Horse Artillery, and for each Troop of Dragoons and Native Cavalry.

Officers in command of the Corps of Horse Artillery and of Regiments of Cavalry, respectively, are accordingly authorized to indent for pawlins in the above proportions, and of the dimensions specified, and are directed to see that they are afterwards carefully preserved by their Quarter masters, and held at all times in readiness for the eventual movement of those Corps.

Saddles for Cavalry Officers supplied from England.

A supply of Europe saddles for Cavalry Officers sent out by the Honorable Court of Directors, having been received at Cawnpore. Officers of Cavalry, wishing to supply themselves with Europe saddles, are authorized to indent to the extent of two saddles each on the Commissary of Ordnance, at Cawnpore. G. O. C. C. 4th Sept. 1859

Indents for them how prepared.

G. O. C. C. 14th Feb. 1859

Establishment of Galloper with Regiments of Cavalry.

The Governor General in Council having authorized two six-pounder field pieces being attached to each European and Native Regiment of Cavalry under this Presidency, together with the establishments hereafter detailed, G. O. C. C. 2d July 1859

Proportion of European non-commissioned appointments to be furnished from the Corps of Horse Artillery.

The Commander in Chief is pleased to direct that a selection of the non-commissioned Officers required, be made from the Artillery in the field; one Serjeant and one Corporal to be turned over to each Regiment, and their pay to be drawn in the abstracts of the Corps to which they are attached.

Whenever a vacancy may occur, or it may be necessary to remove non-commissioned Officers attached to Cavalry Gallopers from their situation, application is to be made to the Officer commanding in the field, who will be pleased to order the Officer commanding the Horse Artillery to select on such occasions the most deserving and trust-worthy G. non-commissioned Officers, forwarding their names to Head-quarters for the confirmation of their appointments. Whenever any non-commissioned Officer appointed to Cavalry Gallopers shall prove himself unfit for the situation, he is to be remanded to the corps from which he came, and another ordered to supply his place, on application being made through the channel above prescribed.—(N. B. the rates of pay and other allowances, cloathing, equipment, &c. of European non-commissioned attached to Cavalry Gallopers, are the same as fixed for the corresponding ranks in the corps of Horse Artillery.)

G. O. C. C. 4th Oct. 1809 The Lascars Details attached to Gallopers with Regiments of European and Native Cavalry are to be reduced to the proportion authorized by Government for the new corps of Horse Artillery; viz. one Tindal and eight Gun Lascars for every two Field Pieces. Detail of Lascars attached to Gallopers.

G. O. C. C. 3d Aug. 1804 In future two Sepoy paals are to be allowed for the use of the Gun Lascars attached to the Cavalry Gallopers. Camp Equipage allowed for the Lascar Detail.

G. O. C. C. 14th Apr. 1803 When a Regiment of Cavalry is actually employed in the Field two additional Lascars are allowed to the Quarter-master, for the charge of the Tents required for the Europeans and stores attached to the Galloper Guns. Additional Lascars allowed for the charge of the camp equipage.

G. O. C. C. 2d July 1801 and 10th Apr. 1803 Horses for the Guns and Tumbrills attached to Cavalry Regiments to be supplied from those belonging to Regiments, respectively. The advantages to be derived from the Guns depending in a great measure on the goodness of the horses allotted to their use, the Commander in Chief directs that commanding Officers do select, from the whole of the Regiments under their respective commands, the horses best adapted to the use of the Guns, and to change them whenever they shall see occasion to do so. Horses for the Guns and Tumbrills how furnished.

Commanding Officers of Regiments are directed to select a proportion of Troopers to be instructed in the Gun Exercise, and to use their best endeavours to bring them forward as fast as possible. The Commander in Chief recommends that at least 20 Troopers in each Regiment be instructed in the Gun Exercise. Proportion of Troopers to be trained to the Gun Exercise.

Committees for inspection of horses how to be composed. The committees for inspecting Horses, whether for reception or being cast, shall be composed of Officers, of whatever corps at the station, who are supposed to possess the greatest skill and judgment in Horses, and not by any roster of duty.

The Presidents of all committees, whether assembled for the purpose of casting Horses or for admitting Horses into the service, to be Field Officers, whenever the number of Field Officers at the station will conveniently admit of it. G. O. 16th Apr. 1793

It is to be considered a standing Regulation, that no Officer below the Rank of Captain, or in Native corps Lieutenants in command of Troops, is to be put on a committee for the admission or casting of Horses. G. O. C. C. 11th Apr. 1803

Duty of the commanding Officers of Regiments at the committees. That the commanding Officer of a Regiment be not the member of a committee, but shall attend them; and be allowed to offer his opinion on the fitness of Horses offered by the Agent or on the condition of Horses proposed to be cast; but if his opinions are over-ruled by the majority of the committee, their decision is to be final. M. C. 8th Apr. 1793

Standard age and height for horses to be admitted into the service. The age of Horses supplied by the Agent (Commissariat) shall not in time of peace be under three years, or above eight, and in time of war not under four years nor above nine; their size not under 14½ hands, and their bone and strength to be a particular object of attention.

The committees are not to reject any Horse merely on account of his being three or four months under the prescribed age, provided he has sufficient bone, size and strength; and is, in all other points, fit for the service. G. O. 12th Dec. 1794

The Commander in Chief, with a view facilitate the mounting of the Cavalry, has obtained the sanction of the Governor General in Council to the following modification of the Cavalry Regulations of the 8th April, 1793. G. O. C. C. 2d Oct. 1804

First.—Horses of three years old and measuring 14 hands and one inch, are in future to be received into the Service, provided they are in all other respects unexceptionable.

Secondly.—Horses measuring 14 hands and one inch, although they exceed three years

of age, but fall within the age prescribed by the existing Regulations, are also to be admitted, if the Committee is thoroughly satisfied that they possess sufficient bone, strength and activity, and are unexceptionable in other essentials.

Thirdly.—Horses under four years old are not to be sent to new raised Regiments, but to be made over to the old corps for the purpose of supplying casualties.

The Commander in Chief relies on the circumspection of Presidents and Members of Committees of Admission, that the latitude now granted in respect to age and height will not be abused, or carried to an extent that might prove prejudicial to the public service.

Field Army
Orders 6th
Mar. 1808

The Major General commanding in the field, under instructions from the Commander in Chief, directs the attention of the Cavalry Agent to the procuring of good Mares, it being his Excellency's intention to mount the 8th Regiment upon that plan in the proportion that mares can be obtained for the completion of a Squadron at a time.

Proportion of

for mounting
one Regiment.

It is to be understood that none but of the best description are to be purchased on the present occasion, such as in bone, figure and action are fit for any service that Cavalry may be employed on.

Standard age
and height fixed
for them.

None are to be admitted into the service under 4 years old, or of a standard less than 14 hands 2 inches.

G. O. G. G.
15th Jan. 1811

The Governor General in Council is pleased to direct that all horses received in future from the Commissariat for any branch of the Service shall be drafted to the particular corps, for which they may be ultimately destined, by the committees of Officers appointed for their inspection, previous to the final adjournment of their proceedings; and that for this purpose a second column, to the right of that now in use for remarks, shall be added to the form of Survey Report, in which is to be inserted the number and description of the Corps to which each horse shall have been allotted.

All horses —
be allotted to
corps by the
committee
by which
they are admit-
ted into the
service.

The draft or allotment of horses to particular corps is to form a proceeding by the committees subsequent to the admission of all those horses meant to be tendered at the same inspection. (For the Report of an admission committee, *vide Form No. 3.*)

G. O. C. C.
4th Dec. 1806

The Commander in Chief is pleased to direct that all committees for the inspection and admission of horses be very particular in making their selection for those of His Majesty's Regiments of Light Dragoons; but that when horses may have been once admitted for that branch of the service none are ever to be transferred to any Corps of Native Cavalry, without the special authority of the Commander in Chief.

Committees to
be attentive to
the selection of
horses for the
European corps
after which
horses so select-
ed, are not to

Corps.

G. O. C. C.
22d April 1809

The following rules are to be observed in future for the allotment of horses, that may be admitted for the public service. Whenever committees shall be assembled and the admission proceedings finished, the committee will make the allotment to Corps in the following manner. From the total admitted for the united classes of European Dragoons and Horse Artillery, the committee will allot, alternately, to those two branches, according to the proportions wanting to complete each branch, upon the following principle, with reference to the numbers required to be supplied by the present committee ordered to be assembled at Dehli.

Rules to be
observed in the
allotment of
horses to corps.

Horse Artillery 29—Light Dragoons 18.

First—Horse Artillery—2 Horses.—*Second*—Light Dragoons—1 Horse.

This rule, repeated four times more, will equalize the deficit to 13 in each branch, when the committee will proceed to allot one horse (alternately to each branch) to the extent of the number admitted.

The horses admitted for the Native Cavalry are in like manner to be allotted by the committee to Corps respectively, in alternate order and proportions, beginning with the Corps wanting the greatest number, returns of which will be furnished to the President of the Committee and to the Cavalry Agent (Commissariat) from the Adjutant General's Office when Head-quarters may be in the field, and when otherwise from the office of the Deputy Adjutant General.

Allowances to be drawn by Officers having charge of remount Horses, and establishment of people allowed for the care of the horses.

When Horses have been regularly admitted to the service and delivered over to the care of a particular Officer, such Officer is permitted to draw the following allowances. G. O. G. G.
13th Aug. 1801

Six rupees for furnishing each Horse with a Blanker, a watering Bridle, Head-stalls and Reins, Gram Bags and Girths, Heel Ropes and Curry Combs. These articles becoming the property of the Company are to be delivered over or accounted for to the Regiment to which the Horses may be afterwards transferred, or to the next Officer who may be appointed to receive charge of them.

Two rupees a month for each Horse for shoeing, Collars, Cloths, Head and Heel Ropes, and Muffallahs.

Four annas a month for each Horse, for Pots, for soaking the Gram, grinding it and preparing it for food.

One Syce for each Horse at four rupees per month, when stationary, and five rupees when marching.

One Grasscutter to each Horse at $3\frac{1}{2}$ rupees per month, when stationary, and $4\frac{1}{2}$ when marching.

One Farrier at 10 rupees a month,
 One Puckellie at 12 rupees a month, } For a number of Horses equal to one Troop, and not less than ten Horses, and in proportion for a larger number.

The Gram to be provided on honor, and a detailed account of its expenditure and cost to be furnished; certificates of the price current to be annexed to the bills, whenever there is a Commissary of Buzars or an Agent on his part. Each bill must be accompanied by vouchers of the number of Horses received and under charge at the end of the month, as well as of the number that may have been delivered to any Officer or Regiment in the course of the month, and the date of such delivery. The Station Paymaster may then pay the bills before Audit, entering the amount in his disbursements in the usual form. The charge will be subject, of course, to the usual checks and retrenchments.

Reports to be made of the dispatch and progress of remount Horses proceeding to Corps.

Whenever remount Horses may be dispatched for any corps of Cavalry, a report of the date of the dispatch is to be made by the Staff Officer of the station whence they proceed, to the Officer commanding the station or corps to which they are ordered, and Officers in charge of such Horses are also directed to report their progress once a week, to the Officer commanding the post or station to which they may be proceeding. G. O. C. C. 14th Feb. 1809 In obedience to the orders of Government the Commander in Chief is pleased to direct the following regulation, respecting the property of the Honorable Company vested in the Horses of the Cavalry branch of the Service, on this establishment, to be strictly attended to in future. Long Rolls, descriptive of each Horse with the several Regiments of His Majesty's Light Dragoons, the corps of Horse Artillery, and the several Regiments of Native Cavalry; to be forwarded to the Military Board, as soon as they can be prepared, stating the date and from whom or whence received into the Regiment or corps. After the transmission of the general descriptive Rolls abovementioned, Rolls are to be transmitted on the first of each month to the Secretary of the Military Board, specifying all casualties of Horses during the month preceding, together with a descriptive Roll of Horses admitted during the same month, including the regimental number of each Horse. (The Forms of the Casualty List and Descriptive Roll to be the same as directed for the Register, in *Form No. 4*, the appropriate remark being inserted in the column allotted for that purpose.)

Monthly casualty lists of Horses, and descriptive rolls of those admitted to be sent to the Military Board, with a report of the number of Horses with the Corps.

The total number of Horses with the Regiment or corps, including those detached on command, is also to be inserted at the foot of this Monthly Roll.

G. O. C. C. 15th Jan. 1814 The Governor General in Council is pleased to direct that a copy of the Register of each corps of Horse Artillery, European and Native Cavalry serving under this Presidency, according to the form prescribed by Minutes of Council under date the 8th April, 1793, (*vide Form No. 4*) be transmitted, annually, as soon as practicable after the 30th April, to the Military Auditor General.

Copy of the Register of each Corps to be transmitted annually to the Military Auditor General.

M. C. 8th April 1793 Resolved, that the superintending the feeding of the Horses, in each Troop of Native Cavalry, shall immediately belong to the Officer in command of it, and that the commanding Officer of the Regiment shall have a general Controul and Superintendence over the whole.

Superintendence of the feeding of the Horses in whom vested.

G. O. C. C. 11th Apr. 1803 The Commander in Chief bespeaks the strictest attention on the part of Officers in charge of Regiments of Cavalry to the treatment of the Horses in their respective corps, and particularly to the shoeing, as they are ultimately responsible to Government, not merely for the discipline of the Regiment, but for the Horses being always in condition and fit for immediate Service; an object only to be obtained by constant attention and a rigid adherence to a good system of internal management.

Cavalry Officers to give their attention to insure the proper care and treatment of the Horses in their respective Corps.

G. O. C. C. 1st Oct. 1804 Commanding Officers will guard against young Horses being overworked, as, if severely worked before they have gained sufficient strength to bear it, they must in a short time be rendered unserviceable, to the great detriment of the public Service.

G. O. C. C. 8th Mar. 1803 His Excellency, in a public audience, has directed that the Tails of the Horses shall be of that length as to reach to two Inches above the hock, and that they be always kept of this length.

Cavalry, directing the length to be observed for the tails of the Horses.

M. C. 8th April 1793 That, upon the first appearance of a disorder in any Horse that shall be supposed infectious, he shall be instantly moved out of the encampments to a distance from the stable, and the circumstance be reported to the commanding Officer of the station, who is immediately to order such horse to be inspected, at the place to which he shall have been removed, by persons whom he may judge capable of distinguishing the disorders of Horses; and if it be their opinion that the disorder is of an infectious nature, the Horse affected with it is to be immediately destroyed, in order to prevent the progress of the disorder amongst the

Horses unfit for service from lameness or disease to be immediately cast. The Horses supposed unserviceable from lameness or disease, between the annual periods of casting, shall be examined by a committee of Officers, and if it be their opinion that the recovery of such Horses is not probable, they are to be immediately cast, and their places, as well as the places of such Horses as may die between the annual periods of casting, are to be supplied by fresh Horses as quickly as they can be procured.

The causes of the death of Horses to be inserted in the Monthly Returns.

Statements of the disorders or accidents, which have occasioned the death of Horses, are in future to accompany the Monthly Returns in which such casualties are reported. G. O. 14th Sept. 1797

Regulations for the annual committee for casting unserviceable Horses.

On the 1st day of October every year, a committee is to be assembled for the purpose of inspecting and casting such Horses as shall be found unfit for further service; the Report of which committee shall be immediately transmitted to the Commander in Chief. The Reports to detail, in the most particular manner, the reasons for condemning or casting Horses as unfit for Service; expressing also when they were received into it. The commanding Officer of the station or detachment, after receiving the reports of the committees of inspection, shall personally inspect the Horses reported upon, ordering a re-survey if he deems it necessary and counter-signing the report of the survey when he approves it; and expressing in his own hand-writing that he had previously inspected the Horses.—(For the Form of the Report, *vide Form No. 5.*)

M. C. 8th April and 14th August 1793

That after such inspection and approbation an account of the number of Horses cast by this committee shall be immediately transmitted by the commanding Officer of the regiment to the agent (Commissariat) who is to replace the cast Horses by an equal number of fresh Horses, as expeditiously as possible.

When Horses are cast by committees, the President is to note in the Register Book, against the number of the Horse cast, the day on which he was cast, and he is to put his signature to the remark.

Cast Horses to be branded in the presence of the committees & how to be finally disposed of.

Horses cast by committees shall, in the presence of those committees, be branded on both buttocks with the letter R; and are to be immediately afterwards disposed of by Public Auction, by the authority of the commanding Officer of the station, and the amount produce carried to the account of the Company.

Whenever Cavalry Horses are cast, such of them as shall be selected by a person appointed for that purpose by the Superintendent of the Company's Stud, are to be delivered over to him, a receipt being taken for the same. G. O. 7th Oct. 1792

Regulations for the Horses of the European commissioned Officers of Cavalry Corps.

The Commandants of Regiments of Cavalry shall be responsible that the Horses, provided by their European Officers, be at least of the size fixed by the regulations and in every respect fit for the Service; ordering a committee of Officers to set, when necessary, for the examination of such of them as may appear exceptionable, in order that, if objected to, they may be noticed in the Returns and reported to the Commander in Chief; and further, that of the two horses each Officer shall have at all times for the Service, one shall be constantly with the Troop and appropriated and solely used for regimental duties.

M. C. 8th April 1793

Horses of European Officers noticed on the Returns as unfit for service, not from temporary ailments, shall not be allowed for in abstract.

And of the Medical Staff.

The Horses of the Assistant Surgeons of the Regiments shall be sound and strong; but as they are not required to be used in the ranks, a particular regard to their size is not to be required. G. O. 15th July 1793

Regulations allowing Subaltern Officers to select a charger from the regimental Horses, as the regulations in this piece.

Subaltern Officers and Quarter-masters are allowed, as an indulgence, to have a charger from the lots of recruit Horses, paying the Company's regulated price St. Rs. 400.—This indulgence is to be confined to a single instance, and the same Officer or Quarter-master is not to be allowed to purchase more than one Horse from the recruit Horses.

Let M. S. G. 6th Feb. 1798

Horses so received are not to be disposed of without the sanction of the commanding Officer of the Regiment.

The Commander in Chief confirms the Field Army Orders of the 9th instant, restricting the indulgence granted to Officers of Cavalry, who are allowed to furnish themselves with chargers from the ranks, viz. G. O. C. C. 20th Feb. 1807

Field Army Orders, 9th Feb. 1807

It is to be considered a standing regulation in the Cavalry that Horses taken from the Ranks, under the indulgence of Government, as chargers for Officers, cannot be disposed of out of the Regiment to which such Horses belonged, although they may, by permission of commanding Officers of Regiments, be exchanged for other chargers with Officers in the same Corps.

Chargers so selected, are not to be disposed of out of the Regiment.

G. O. G. G. 7th May 1807

Officers of Regiments of Cavalry in the service of His Majesty and of the Honorable Company are permitted, under the conditions subjoined, to select a charger from those Horses now with their respective Corps which have been received from the Stud at Poosa, or may hereafter be admitted from it: such accommodation being restricted to each Officer possessing himself of one Horse only.

Regulations for Officers selecting chargers from the remount supplied from the Stud.

The price of each Horse to be fixed at Sonat Rupees 800. Each Horse to be branded with the regimental mark and entered on the descriptive Roll of the Regiment.

No Horse so selected shall be disposed of out of the Regiment, unless the purchase of it has been refused by every Officer in the Regiment.

Every Subaltern Officer wishing to become the purchaser of a Poosa Horse as a charger, shall tender to a Committee of Survey the Horse he formerly received from the ranks for that purpose, which, if found unexceptionable, shall be restored to the ranks.

G. O. P. C. 29th May 1807

Whenever Horses may be selected by Officers under the rules prescribed by the regulations of Government, dated the 7th instant, a receipt, signed by the Paymaster for the amount specified, is to be produced to the commanding Officer of the Regiment, on receipt of which the Horse made choice of is to be delivered to the Officer. The receipt is then to be copied in the Regimental Books, and the original to be transmitted to the Office of the Military Auditor General.

Receipts to be furnished by the Officers selecting chargers previous to the horses being delivered to them, the receipt to be sent to the Military Auditor General.

In like manner are receipts to be received and forwarded whenever Subaltern Officers may avail themselves of the indulgence allowed, in one instance only, of receiving a horse at the Government price of 400 St. Rs. from those which may be supplied, from time to time, for the re-mount of the Corps.

the Military Auditor General.

In selecting Horses from the Ranks, under the conditions prescribed, priority of choice is always to be conceded to Officers, agreeably to their seniority in Regiments, respectively.

G. O. P. C. 4th Aug. 1807

In addition to the orders of Government dated the 7th May, 1807, and those by the Provincial Commander in Chief of the 19th of the same month, authorizing Officers of Cavalry to select chargers, under certain restrictions, from the annual re-mount supplied from the Honorable Company's Stud at Poosa, the Provincial Commander in Chief is pleased to direct that regular returns of all Horses, which may be selected by Cavalry Officers under the operation of those orders, be transmitted, on the first of every month following that in which such selection may be made, to the Secretary to the Board of Superintendence at Calcutta, specifying the names and rank of the Officers who may have become proprietors of Horses under the conditions prescribed.

Returns and reports of all Horses so selected to be made to the Board of Superintendence, and the Military Auditor General, respectively.

The Provincial Commander in Chief is further pleased to direct that similar reports of all the horses that may be selected from the ranks by Officers as chargers, for the regulation price of 400 Rupees, with the names and ranks of the Officers thus supplied, be henceforward made to the Military Auditor General's Office on the first of every month succeeding that in which any such transfers of Horses may be made.

M. C. 13th March 1795

It being indispensable for a due discharge of the duties of certain descriptions of Officers, that they should be on Horse-back in action; and it being reasonable as well as customary in all services that such Officers should receive a compensation for Horses which may be killed or disabled at those times, the following regulations are laid down.

That upon sufficient proof being laid before the Commander in Chief or Officer commanding the army engaged in action, that the Horse of an Officer comprehended in the foregoing description was killed or disabled in the action, he shall attest the same by countersigning the bill.

Compensation granted for Horses killed in action belonging to Officers who are required to be mounted, in the performance of their Official duties.

The foregoing regulations being framed on the principle, that Officers in the situations specified, in all services are expected to be mounted, no plea is to be founded upon them for a claim to Horse allowance from Officers who are not entitled to the same by the existing regulations.

Rules for drawing the allowance and specification of the several Officers entitled to receive it.

The following descriptions of Officers shall be allowed compensation of Sonat Rupees 800 for each Horse killed or disabled in action, the bill being countersigned by the Officer who commanded during the action.

General Officers—Field Officers—Officers commanding corps in time of action, of whatever rank—Adjutant General—Deputy Adjutant General—Quarter-master General—Deputy Quarter-master General—Aids-de-Camp—Secretary and Persian Interpreter—Brigade Majors—Brigade Quarter-masters—Adjutants of corps—Quarter-masters of corps—All Officers of Cavalry.

The Military Auditor General is authorized to pass the bill from Mr. Jones, Riding-master, for a Horse killed in action, which accompanied the letter from the Military Auditor General of the 20th ultimo, at Sonat Rupees 800. Proc. G. C. 10th Nov. 1873

Not granted to Officers for led Horses.

The Commander in Chief having submitted to the Governor General in Council the claim of Cornet Patterson to be paid for a Horse that was lost, the Governor General in Council has decided that Cornet Patterson's claim is inadmissible, and the Commander in Chief directs the following extract of the Governor General's letter on the occasion to be published for the information of the army. "With respect to the claims of Officers for the loss of their led Horses, by those Horses being carried away by the enemy during action, the Governor General in Council observes that the regulations of the Service do not authorize such claims. G. O. 15th Aug. 1873

The regulation on this subject authorizes compensation for Horses killed or disabled in action, and his Excellency does not deem it to be expedient to extend the regulation to any other cases than those expressly mentioned."

To

Constitution of the Board of Superintendence and Regulations for its observance.

Thomas Graham, Esq. Acting President of the Board of Revenue.—Colonel John Murray, Military Auditor General.—Captain John Collins, Military Secretary to the Governor General. Exec. Let. No. 5 G. 30th Oct. 1794

GENTLEMEN,

The Governor General in Council having resolved upon the encouragement of a plan which has for its object the improvement and increase of the Breed of Cattle, and the establishment of Studs, with a view to promote the breeding of Horses in the districts best calculated for that purpose, and considering that these objects are likely to be best effected by the constitution of a Board or Committee of Special Superintendence, has been pleased to nominate and appoint you to the performance of this duty, trusting that it will not materially interfere with your other official avocations, and relying on your readiness and zeal to assist in the prosecution of an object of such great political importance.

Different plans have been suggested to Government, applicable also to the distant objects of improving the breed of Cattle and of encouraging the breeding of Horses; but with respect to Horses, the Board are decidedly of opinion, that the management of that part of the plan should be under the agency and direction of an Officer, appointed by Government, but subject to your superintendence and control, and I am directed by the Governor General to inform you that Lieutenant William Fidler has been selected for this appointment, and that he is to consider himself subject in all respects to your orders, as far as relates to his own executive duties in the Superintendence of the Stud.

The Collectors of the several districts will be directed to attend to every enquiry that you may make, and to afford you the fullest information on all questions that you may refer to them through the Board of Revenue; it not being intended that any orders should originate from you to the Collectors or to any other Officers of Government, except to the Superintendent of the Stud, otherwise than with the sanction or through the medium of the Boards or other superior authorities to whose orders such persons are now subject. You will accordingly only recommend such regulations as may from time to time become useful and necessary.

A Secretary appointed and his salary fixed.

You will be allowed a Secretary with a salary of 250 Sicca Rupees per month for keeping a regular record of your proceedings and conducting the necessary correspondence which you will have to carry on; and you are desired to propose such assistance of Clerks as you may think he will require.

- Proc. G. G. 2d**
February 1804 The Governor General in Council authorizes the Board of Superintendence to disburse a sum not exceeding 250 Rs. per month for the hire of a house for the meetings of the Board, and for the use of the Secretary.
- Proc. G. G. 3d**
April 1809 All disbursements made by the Secretary to the Board of Superintendence, except the trifling contingent charges of book-binding, &c. &c. in his own Office, are in future to be discharged, in the usual course, by the Paymaster at the Presidency.
- Proc. V. P. 3d**
October 1809 The Vice President in Council observes that it is desirable the Board of Superintendence should state their own sentiments on any proposition of the Superintendant of the Stud which they may submit to Government.
- Proc. G. G. 4th**
June 1807 The Governor General in Council approves the rule suggested by the Board of Superintendence for the transmission and audit of the accounts of that institution,—viz. That all accounts of disbursements made under the controul and direction of the Board of Superintendence be regularly submitted to the Governor General in Council, after having undergone the usual check and examination in their Office, with the Board's opinion thereon, whether the accounts may be passed or not, as the case may require; with exception however to all fixed monthly and quarterly charges, such as servants' wages, fixed establishments, established contract rates, &c. which being defined in their nature and previously authorized by Government on an estimate annually submitted, and coming regularly under the revision of the Board, it will be unnecessary to submit to Government.
- When the Bills shall have been received from the Secretary in the Military Department with the Orders of Government thereon, the Secretary to the Board shall thereafter forward them to the Military Auditor General, with an attested certificate, on the face of them, of such Orders, as the Military Auditor General's authority for finally auditing the Bills; a copy of which certificate will of course be preserved in the Bill Books of the Secretary's Office. The bills after final audit will be forwarded to the Military Paymaster General's Office by the Military Auditor General, for adjustment on the Military Books.
- Proc. G. G. 7th**
May 1807 Ordered, that the Paymaster General be informed that the price in excess to the prescribed Cavalry rate on each Pooza Horse selected from the Ranks, which shall be paid into the hands of a Deputy Paymaster, is to be carried to the credit of the Institution at Pooza.
- G. O. G. G. 14th**
Nov. 1808 Mr. Moorcroft, appointed by the Hon'ble the Court of Directors to the Superintendence of the Stud at the Pooza, being arrived, is directed to proceed and take charge of his Office with all practicable expedition.
- Let. C. D. 8th**
April 1808 PARA. 14th—We have granted to Mr. Moorcroft a Salary of Sicca Rupees 30,000 per annum, which is to be in full of all allowances, and he has entered into covenants not to be concerned in dealing in Horses or in any other species of cattle; nor to engage in any commercial pursuits; his whole attention is to be devoted to the line of service we have assigned him in the appointment of Superintendant of the Stud.
- Proc. G. G. 4th**
September 1806 The Governor General in Council is of opinion that on general principles the Superintendant of the Hon'ble Company's Stud ought not to be concerned in breeding horses on his own account.
- Proc. G. G. 16th**
Jany. 1809 The Governor General in Council considers it to highly expedient and necessary that the accounts of the Superintendant of the Hon'ble Company's Stud should be in future adjusted at the expiration of each year.
(N. B. By G. O. V. P. 2d January 1810 the accounts of the Superintendant of the Hon'ble Company's Stud are to be verified on oath.)
- Proc. G. G. 30th**
Jany. 1809 The Governor General in Council approves the arrangement proposed by the Superintendant of the Honorable Company's Stud at Pooza for dividing the breeding districts
- Office Rent allowed.
All disbursements relating to the Establishment to be discharged by the Paymaster at the Presidency.
The Board to state their own sentiments on such propositions as they may submit to Government.
Rules for the transmission and audit of the accounts of the Institution, &c.
The price of this from the disbursement from the ranks, in excess to the regulation price, to be credited to the institution.
Appointment of the Superintendant of the Stud, his salary fixed, and regulations for his observance.
The accounts of the Stud to be adjusted annually.
Appointment of Assistants to superintend the breeding districts.

March 1810

Two recruits for the Company's Service will proceed on board that ship in charge of the colts, and we desire that if, upon the arrival of the ship at Bengal, it should appear to you that the horses have been carefully attended to, and that the commander makes a favorable report of the attention of the recruits during the voyage, you cause a gratuity to be paid to each recruit equal to 50 Sicca Rupees.

Assembly of the annual Committee to report upon the buildings, cattle, &c. at the stud and on such horses as may be adequate to the service of the Cavalry. The annual Committee of Cavalry Officers from His Majesty's and the Honorable Company's Services, composed as hereafter mentioned, will assemble at Poofa on the 1st day of November next, for the purpose of reporting on the public buildings and cattle belonging to the Honorable Company's Stud, and to examine and report on all horses that may be tendered for the public service by the Superintendent of the Stud. **C. O. C. F.**
27th Aug. 1810

The Committee will further proceed to the Fair at Hajipoor for the purpose of admitting such Horses and Mares, tendered by the Commissariat, as may in every respect be eligible for the public service.

The President and Members of the Committee will pay the strictest attention to the bone, size, figure and action of horses, which may be brought before them, and guard

against the admission of such as may be deficient in those qualities which the service requires.

The usual reports to be transmitted;

The Commander of the Forces will recommend to Government that the Boat allowance of their rank be granted, as heretofore, to the Officers employed on this duty.

Boat allowance granted to the Officers composing the committee.

The 2d Ruffallah, the 2d Regiment.

Formation of the 1st and 2d Regiments of Cavalry.

- G. O. 10th June 1796** The Officers commanding the 1st and 2d Regiments of Native Cavalry are immediately to raise men to complete their respective corps to the new establishment; (viz. 6 troops per Regiment.)

- G. O. P. C. 9th May, 1807** One Horse is to be added to the complement of the 2d and one to the complement of the 3d Cavalry for the Jemadars allowed for the Honorary Standards granted those corps, which were engaged at the assault of Aligurh and the battle of Delhi.

Additional Horse to the 2d and 3d Regts. for the Jemadars, allowed for the honorary colours.

3d REGIMENT—at Danapoor.

- M. C. 3d Oct. 1796** The 1st and 2d Regiments of Cavalry having been completed to the new establishment; Resolved, at the recommendation of the Commander in Chief; that another Regiment be raised without any loss of time.
The 3d Regiment of Native Cavalry is to be raised at Danapoor.

3d Regiment.

- G. O. C. C. 21st Jan, 1805** The Commander in Chief is pleased to make the following promotions in the 3d Native Cavalry, date of rank 20th January, 1805. Furced Khan, Havildar, to be Jemadar—Nudjuff Khan and Sherick Emambuksh, Troopers, to be Naicks, in reward for their gallant and meritorious conduct.

Promotions of men in the 3d Regt in reward of gallant conduct.

The men above promoted to be returned supernumeraries and to succeed to vacancies as they may occur in the Regiment, but the allowances of the ranks to which they have been respectively promoted, are to be drawn for them.

4th REGIMENT—at Moneah.

- M. C. 10th February 1797** The Provincial Commander in Chief is requested to give orders for recruiting men for 4th Regiment of Native Cavalry.
15th March 1797 The 1st and 2d Regiments of Cavalry are each to furnish a draught of two Jemadars—six Havildars—six Naicks and thirty Troopers, to assist in forming the 4th Regiment. These draughts are to be approved by Captain Pigot and delivered over to him.
Captain Pigot will proceed with them by water to Moneah, and on his arrival put himself under the orders of Lieutenant Colonel Black.

5th and 6th REGIMENTS—at Ghazeepeer.

- Proc. G. C. 29th May 1800** The Governor General in Council requests the Commander in Chief will give the necessary orders for forming the 5th and 6th Regiments of Native Cavalry, drafting from the old Regiments, such a number of Native commissioned Officers, non-commissioned Officers and Privates, as he may consider sufficient to serve as a foundation for the new corps.

5th and 6th Regiments

7th and 8th REGIMENTS—at Ghazeepeer.

- G. O. C. C. 5th April 1805** In consequence of orders received from the Governor General in Council (under date the 11th March) two additional Regiments of Native Cavalry are ordered to be raised immediately.

7th and 8th Regiments.

These Regiments are to be formed at Ghazeepeer in the following manner, and to be denominated the 7th and 8th Regiments.

The Commissioned and non-commissioned Officers for the 7th Regiment to be furnished by the 1st, 3d and 5th Regiments—and those for the 8th Regiment from the 2d, 4th and 6th

Drafts of Native Officers how furnished for new corps.

None but efficient and intelligent men to be sent to the new corps. **Regiments**—The 1st, 3d and 5th Regiments to give, each, 2 Jemadars for Subadars—4 Havildars for Jemadars—8 Naicks for Havildars—8 Troopers for Naicks, and 24 Troopers for the 7th Regiment.

The 2d, 4th and 6th Regiments to give the same proportions for the 8th Regiment.

Recruits to be entertained from the Company's Provinces.

As the early bringing forward and future discipline of the new corps will so greatly depend upon a proper selection of the commissioned and non-commissioned Officers, the Commander in Chief particularly directs that none but such as are, in every respect, smart and attentive Soldiers, and otherwise properly qualified, be selected for the new Regiments.

Indents to be transmitted for arms, accoutrements, &c.

As far as shall be practicable the Recruits are to be entertained from the Company's Provinces, including Benarus. Indents for Arms, Trumpets, Camp Equipage, Accoutrements and Standards to be forwarded to the Military Board; and also for Bounty Cloathing, by commanding Officers of corps. All the Arms, Accoutrements, and new Cloathing, (not issued) to be left with the old Regiments.

The Ammunition, &c. is to be distributed as follows:—

	Cafe.	Round.
In each Gun Limber Box, - - -	5	5
In each Waggon and its Limber Box, -	15	90
Total for one Gun and Waggon, - -	20	95
For the other Gun and Waggon, - -	20	95
In the common Tumbrill, - - -	25	125
Total	65	315

As these quantities are calculated with reference to the actual weight to be drawn and carried, and the number of Horses drawing and carrying, no alteration in the disposition is to take place, except when Ammunition may be fired away or otherwise diminished; in such cases, the total remaining may be divided anew amongst the Carriages, but still in the same proportion that the original total bore to the respective quantities above enumerated.

The Tumbrill and its Ammunition, &c. as given above, is to be considered as an allowance extraordinary, and not to be Indented for, but in case of actual War.

When Gallopers attached to Cavalry Regiments have not appointments for two Waggon, the Ammunition, Stores, Harnes, &c. for the 2d Waggon, is not to be Indented for, but only to much as is put down for the contents of two Gun Limber Boxes and one Waggon.

Each Gun Limber Box is constantly to carry, besides the Ammunition, the following Implements, &c.—3 Portfires ready pointed, and 1 Portfire Socket, put into a Portfire Cafe; 1 Cartridge of Priming Powder; 1 Priming Pouch; 2 Cannon Cartridge Pouches; 1 Bit; 1 Drift; 1 Gun Hammer; 2 Priming Wires; 2 Spikes; $\frac{1}{2}$ piece of Wax Cloth.

The Serge Bags, Seizing Line, remaining Portfires and Priming Powder to be equally divided between the Waggon and the Tumbrill. The Linstocks are to be always armed with Matches ready to light. The common Hand Spikes and spare Yokes are to be lashed under the Tumbrill. The Dragropes, folded compactly, are to be fastened to the Limbers of the respective Carriages, and nothing is on any account to be carried on the Guns or other Carriages, but what is above specified.

Engineer Department.

Establishment of the Corps of Engineers—Regulations for the employment of Engineer Officers—For the superintendence of Works executing on trust or by contract—Field Engineers—Executive Officers, &c. &c.

Regulations for the Department of the Quarter-master General—Deputy and Assistant Quarter-masters General.

Surveyor General's Department—Field Surveyors—Surveyors of Cantonments, and with Corps and Detachments marching—Regulations for the Provision and Supply of Surveying Instruments.

Superintendence, Repairs, &c. of Military Roads.

PARA. 68th.—Having maturely considered the representation from the Officers of the Engineer Corps, and being convinced that the Promotion in that Branch of our Service has been unusually retarded, we have agreed to the following establishment for the Engineer Corps, which is to take place from the 1st January, 1866, but the Officers promoted in consequence are to receive the difference of Pay, only, from that date.

One Colonel—Two Lieutenant Colonels—Two Majors—Nine Captains—Eight Lieutenants—Eight Ensigns.

ONE ADJUTANT—NON-EFFECTIVE.

For the Regulations for the appointment of Officers to the corps of Engineers *vide* page 106.)

The Officers filling the several Ranks in the corps of Engineers shall remain in that corps and not be removed into any other, advancing therein according to their standing.

Officers of the corps of Engineers, doing duty with any Corps or Detachment of the Army, shall be respected, in point of Rank and command, agreeably to the dates of their commissions.

The Commander in Chief authorizes the uniform of the corps of Engineers to be changed to blue coats with black velvet facings, agreeably to a pattern coat which has been submitted by the Acting Chief Engineer.

The King's Regulation Sword is to be worn by Officers of the Corps of Engineers.

The Governor General in Council having taken into consideration a reference from the Chief Engineer, and his application for the public concurrence of Government in respect to the Officers of the Engineer corps, that they should be allowed to offer proposals when public works are to be executed by contract, has resolved that the request of the Chief Engineer is inadmissible, under any form whatever, as the Officers of his corps, more than any other upon the Military establishment, are avowedly the immediate Officers to whom the trust is committed of inspecting works executed by contract for the Public Service.

The Governor General in Council observes on the present occasion, that cases may occur to render it expedient for Government to employ their Engineer Officers, as well as other Officers of Departments in which inspection rests, in the execution of Public Works upon trust; yet that it is every way most desirable that their services should be solely confined to their real duty of inspection, and that in no cases ought these Officers to perform works on absolute contract.

- M. C. 3d Aug. 1779** Whenever any Officer of the corps of Engineers shall be appointed to serve in any Corps or Fortrefs, the commanding Officer shall be previously informed, from due authority, of the service which such Officer of Engineers is to execute, and of the assistance to be afforded him by the commanding Officer; without such information the commanding Officer cannot permit his entering upon duty. The appointment of Engineer Officers to stations or detachments to be notified to the Officers commanding.
- M. C. 30th April 1787** The Officers of the Engineer Corps who may be stationed at any of the subordinate Garrisons are to represent any works they may deem necessary in the first instance to their respective commanding Officers; the commanding Officers are on every such occasion to transmit their opinions in writing to the Military Board. Works that may be deemed necessary by Engineers at stations how to be reported.
- M. C. B. 21st Dec. 1793** Agreed, that it be made a standing Regulation, and communicated as such to the Chief Engineer, that every Engineer Officer who shall hereafter furnish an inaccurate or incomplete plan, or drawing, of any building or work, of which he shall be required to supply plans, sections or elevations, shall be held responsible for breach of Orders as well as incur the penalty annexed to neglect of duty; and that it be also a Regulation, that every Engineer Officer, who makes a plan, do attest it as an accurate one. The accuracy of all plans to be attested by the Officers who furnish them.
- M. C. D. 1st Dec. 1801** PARA. 42d. In the execution of any future works the Engineer, under whose inspection the same may be carried on, must be held accountable for the expence attending failure on his part in the plan or execution thereof. Responsibility attached to Engineers for the failure of works they may be employed on.
- M. C. 11th 1791** Resolved, that in future whenever an Officer of Engineers shall be put in orders either as an Executive or Superintending Officer, the same General Order shall declare whether or not such Officer is to draw any, and, if any, which of the allowances specified in the Regulations of the 31st March, 1790. (*Vide page 286.*) General Orders appointing Engineer Officers to any duty to specify the allowances they are to receive.
- M. C. 31st March 1790** In order that a due check may be maintained so as to prevent public works being delayed, it shall be the duty of the Chief Engineer to report every three months to the Military Board what Officers of his corps are employed in the execution or superintendence of public works; and it shall be the business of the Military Board to report immediately to Government any delay which they may conceive has taken place in the execution of the works, that an order for the discontinuance of the salaries may be given. Quarterly Report by the Chief Engineer of the Officers employed on public works.
- G. O. 11th June 1788** In order to guide the Paymaster in his payments to the Officers of the Engineer corps, and the Military Auditor General in his audit of their bills, rolls of the Officers belonging to that corps, specifying where and how they are employed, are to be sent every month to the Officers of the Military Auditor General and Paymaster of Artillery and Garrisons. Monthly Review Rolls of the corps furnished to the Auditor General, &c.
- M. C. 31st March 1790** Engineer Officers are to receive the same batta as other Officers at the same station. Batta to Engineer Officers, and Tentage.
- G. O. G. 23d Sept. 1801** The undermentioned situations not rendering the Officers liable to move, those Officers are not to draw tent allowance.
The Chief Engineer and Adjutant of Engineers, as attached to Fort William; the Executive Officer of Fort William.
The Engineer and Assistant Engineer at Allahabad.
The Engineer at Clunai.
(For the Regulations granting tent allowance to the Officers of the corps of Engineers *vide page 124.*)
- M. C. 15th June 1781** All contingent bills of the Corps of Engineers to be transmitted through the Chief Engineer. All contingent bills and all bills for the personal allowances &c. of the Engineer Officers to be sent through the Chief Engineers
- G. O. G. 9th Nov. 1807** Ordered, with reference and in addition to the regulations contained in the Minutes of Council of the 31st March, 1790, and 4th November, 1791, that, in future, all bills for personal or other allowances drawn by Engineer Officers in virtue of their being employed, either in the execution of works upon trust, or in the superintendence of contracts, be transmitted monthly in the first instance to the Chief Engineer for his countersignature, in evidence of such Officers having been actually so employed, during the period for which such allowances shall be drawn. The bills to be thereafter forwarded by the Chief Engineer to the Office of Audit.

Disbursements made by Engineer Officers how to be attested.

The Vice President in Council observes that the General Orders of the 13th January last already comprehend all Engineers as well as other Officers charged with the disbursement of public money, and that under those orders it will always be in the power of Government to call on Officers of Engineers to verify their accounts on oath, when it is thought advisable: at the same time his Excellency is aware of no objection to the proposed notification to the Officers of that corps, which will accordingly be made through the Chief Engineer; viz. that all disbursements made by Engineer Officers in the execution of works upon trust, the amount of which shall exceed 1000 Sicca Rupees, shall be attested upon oath, as required from other Officers making disbursements on the public account, and that all below that sum will be considered liable to the same test, whenever Government or the Military Board may deem such a measure necessary.

Proc. V. P. 5th Feb. 1810.

Allowances to the Chief Engineer.

The Chief Engineer at your Presidency is to receive such an addition to his pay and full batta as will make his allowances equal to those of the Commandant of Artillery. In consideration of the allowances granted to the Chief Engineer he is to be restricted from having any concern whatever in public buildings or works or in the materials used therein.

Let. C. D. 8th Jan. 1795

The Chief Engineer shall receive a salary of Sonat Rupees 1000 per month, and a sum equal to the share of off-reckonings of a Colonel to be paid to him annually, at the same period at which the Colonels of Regiments receive a portion of their off-reckonings, and the remainder when the annual adjustment of the off-reckonings takes place.

Proc. G. C. 14th Apr. 1804

When the Chief Engineer is permitted to return to Great Britain, he is to have such an addition to his pay as will be equal to the off-reckonings of a Colonel of a Regiment.

Let. C. D. 8th Jan. 1795

A General Officer of Engineers employed on the Staff is to receive no allowance in lieu of off-reckonings.

The Governor General in Council does not conceive a Major General of the Corps of Engineers employed on the General Staff, and in receipt of the Staff allowances established for a General Officer on the Staff of this Presidency, to be entitled to any allowance in lieu of off-reckoning.

Proc. G. C. 23d May 1805

The Chief Engineer exempted from duty in Fort William.

The nature of the duties annexed to the station of Chief Engineer requiring that he should be exempted from the duty of Field Officer of the day, his name is to be omitted on the roster accordingly.

Garrison Orders Fort W. 12th Mar. 1790

How to indent on the Arsenal for articles he may require.

The Officer in charge of the Engineer Department will in future indent, in the usual manner, for any articles he may require from the arsenal.

R. F. M. B. 11th May 1807

Allowances for Writers, Office charges, &c. to the Chief Engineer.

The allowance of 900 Sonat Rupees per month, granted to the Chief Engineer by Minutes of Council of the 5th December last, for Draftsmen, Writers, Sircars, Stationery, Drawing Instruments and Peons, for the purpose therein mentioned, are to be drawn for by him with his personal allowances.

M. C. 17th April 1789

It appears that the establishment of Writers, Sircars, &c. for keeping the accounts, mustering and paying the people formerly under the Chief Engineer, amounting to Sonat Rupees 250 per month, was not transferred to the Executive Officer by the regulations of the 25th January, 1793, by which the ordinary repairs of the Garrison and charge of the people by whom these duties were performed were committed to him.

G. O. G. C. 23d April 1801

In pursuance of the principle established by these regulations, which the Governor General in Council fully approves, the present establishment of Writers for keeping the account of daily and monthly expenditure, &c. amounting to Sonat Rupees 250 per month, which was established and placed under the Chief Engineer by the Minutes of Council of the 5th December, 1788, shall, when revised, be transferred to the Executive Officer.

The following establishment is allowed to the Chief Engineer.
A Head Writer at Sonat Rupees per mensem, 100

Proc. G. G.
5th Oct. 1807

The Governor General in Council authorizes one of the Boys in the Upper Orphan School to be entertained in the Office of the Chief Engineer as an Apprentice, at a salary of Rupees 60 per mensem; in the event of a vacancy occurring in the Office, to which he may from ability and previous good conduct be considered eligible to succeed, the Officer at the Head of the Engineer Department may entertain another Apprentice in his room.

An apprentice

Chief Engineer's
Office.

M. C. 15th
February 1788

The Salaries of the Draftsman and Deputy Draftsman are to be reduced to the following sums.

Draftsman per month Rupees 100.—Deputy Draftsman 50.

(Extract Table of Salaries annexed to the Code of Bengal Military Regulations published 1st January, 1791.)

" Allowance to the monthly Visiting Officer (of Engineers) Rs. 50."

(N. B. These duties are performed by Officers of the Corps of Engineers who may be stationed in Fort William.)

Allowances of
Draftsman,
Deputy Drafts-
man, and Visit-
ing Officer.

P. G. G.
19th June 17

The Governor General in Council is pleased to remit the retrenchment of extra batta made against Captain Wood and Lieutenant Robertson, of the Corps of Engineers, considering those Officers, from their employment as Draftsman and Deputy Draftsman in the Chief Engineer's Office, to come within the meaning and operation of the General Orders of the 11th September, 1786, granting full batta to Officers employed in the Military Offices at the Presidency.

Let C D 1st
January 1807

As the Chief Engineer, Colonel of the Corps, when he is permitted to come home on furlough receives the equivalent to the officer's allowances, it seems but just that the remaining allowance of Sonat Rupees 1000 per month should devolve to the Field Officer next in Rank in the Corps, who will of course have to discharge the duties of Chief Engineer in the absence of the Colonel, and thereby will be entitled from having any concern in public Buildings or Works, or the material used therein.

We therefore direct that Lieutenant Colonel Kyd, while he is in charge of the Engineer Department, may receive the half batta of Colonel and Sonat Rupees 1000 per month, and that the allowance of Lieutenant Colonel Garstin, (who is Major of the Corps) be the half batta of Lieutenant Colonel, and Sonat Rupees 1000 per month, while he is in charge of the Engineer Department.

Allowances for
the Officer in
charge of the
Engineer De-
partment.

Proc G. G.
14th Mar 1806

The Military Auditor General is to be informed that the difference between full and half batta (of the next superior rank) is to be allowed to Lieutenant Colonel Garstin, Acting Chief Engineer, ordered on duty from the Presidency.

Extra Batta al-
lowed him
when detached
on duty from
the Presidency.

M. C. 7th Aug.

of Engineers.

Proc G. G.
18th July 1807

House allowance being granted by General Orders of the 19th February last, specific-

cally to Adjutants of corps of European Artillery and Infantry, and not of European corps generally, the Governor General in Council considers the Adjutant of Engineers to have no claim whatever to the allowance in question.

Allowances and establishments for Engineer Officers employed in the execution of works on trust.

The Vice President in Council is pleased to direct that Engineer Officers of whatever Rank, who may in future be employed in the execution of public works upon trust, be permitted to draw the following personal monthly allowances, instead of those fixed in the Minutes of Council of the 31st March, 1790:

G. O. V. P. 6th Feb. 1810

For all works amounting to Sicca Rupees 100,000—500 St. Rs. per month.
For works amounting to or exceeding Sicca Rupees 50,000—400 St. Rs. per month.

For all works under Sicca Rupees 50,000—200 Sonat Rupees per month:

The following establishments are to be drawn, monthly, by Engineer Officers employed in the execution of works upon trust, but are not to vary with the Rank of the Officer.

M. C. 31st March 1790

For instruments, stationery, and all contingencies,	Sonat Rupees, 60
Two Sircars,	30
One Hindal and eight Lascars,	56
Three Hircarrahs,	15*

Total per month, Sonat Rupees 161

Engineer Officers executing public works upon trust are to be allowed, in addition to the fixed establishment of Sonat Rupees 161, the following monthly establishment for every second, third, or other additional work which they may have to execute at a distance from their stations, respectively :

G. O. V. P. 2d May 1810

For instruments and stationery,	Sonat Rupees, 30
Four Lascars, at Sonat Rupees 6 each,	24
Two Hircarrahs, at Sonat Rupees 5 each,	10
One Sircar,	15

Total, Sonat Rupees 79

This establishment is to be considered applicable to all ordinary occasions ; but when works of considerable magnitude occur, the case will be taken into special consideration.

Allowances to Infantry Officers performing the duty of Engineers in executing works on trust.

The Vice President in Council is pleased to permit Lieutenant Brownrigg to draw the allowance of an Engineer Officer, employed in the execution of public works upon trust, from the date of the orders directing him to commence the works at Lodhiana until they were completed and surveyed.

Proc. V. P. 14th Nov 1809

The Governor General in Council is pleased to authorize Captain Richards to receive the allowances granted to Officers of Engineers of the rank of Captain when employed in the execution of works upon trust, during the period he was employed in superintending the construction of public works at the Fortrefs of Saharunpoor.

Proc. G. G. 3d June 1809

With reference however to the charges included in that Officer's bill for an establishment of servants, his Lordship in Council considers the allowance of Sonat Rupees 161, granted to Engineers for that purpose, to be unnecessary in the present case.

Allowances and establishments for Engineer Officers superintending the performance of contracts.

When Engineers are employed in the superintendence of works which are engaged to be performed by contract, the following gratuities shall be allowed to them, on a report of the due execution of the contract.

M. C. 31st March 1790

If the amount of the works contracted for shall exceed one lack of Rupees, the superintending Officer, being a Captain, shall receive Sicca Rupees 4000, if a Subaltern Sicca Rupees 2000.

For all works exceeding 50,000 Rupees, the gratuity of a Captain shall be Rupees 3000, and of a Subaltern 1,500.

For all works not exceeding 50,000 Rupees, the gratuity of a Captain shall be 1500 Rupees, and of a Subaltern 750 Rupees.

This gratuity being intended as a personal allowance to the Officers employed, the following provision is made for the necessary establishment of people to be employed under them, as well as for furnishing instruments, stationery, and all other contingencies to which they are liable.

This establishment to be drawn for monthly during the time they are employed, but not to vary with the rank of the Officer.

For instruments and stationery of all sorts,	Rupees 40
One Tindal and six Lascars,	44
Two Hircarrahs,	10

Total Rupees 94

G. O. V. P. 2d
May 1810 Engineer Officers superintending contracts are to be allowed, in addition to the present monthly allowance of Rupees 94, for each separate Contract:

For instruments and stationery,	20
Three Lascars, at 6 Rupees each,	18
One Hircarrahs, at 5 Rupees,	5

M. C. 31st
March 1790 When the Officers employed to superintend works performed by contract, or in the execution of works upon trust, are allowed Assistants under them, which can only be necessary where the works are extensive, and then only to be employed by the express order of Government or the Commander in Chief, the following allowances are fixed for the Assistant.

For instruments and stationery,	St. Rs. 20
For Palankeen,	30

Total Rupees 50

M. C. 27th
July 1787 When any building is constructing at a distance from the Presidency, the Chief Engineer shall detach a junior Officer of the Corps to superintend the execution of it, and such junior Officer shall be permitted to draw the allowance of 240 Sonat Rupees per mensem, which was established in the Staff Table of the 30th June, 1786, for Surveyors of buildings, in lieu of all charges.

Allowance for Surveyors of Buildings; and how to be paid.

M. C. 31st
March 1790 The allowance for Surveyors of buildings to be continued as at present, with this limitation, that no Officer shall be entitled to receive it without an express appointment from the Board or Commander in Chief, and that the certificate from the Chief Engineer, which is given for the purpose of ascertaining the period the Officer has been employed, shall further specify his opinion whether such period was necessarily taken up in completing the surveys, plans, and reports.

M. C. 28th
August 1789 Resolved, that the Field Engineer, as such, do receive per mensem Sonat Rupees 240, and the Assistant Field Engineer Sonat Rupees 112.

Salaries fixed for Field Eng. needs.

G. O. V. P.
6th Feb. 1810 The Vice President in Council having revised the salaries of the Executive Officer of Fort William and the Station Engineers of Allahabad, Agra and Chunar, with reference to the extensive public works in which they are constantly employed, has been pleased to fix the following personal allowances for those Officers, who are in future to be designated

Allowances of the Executive Officers at Fort William, Allahabad, Agra and Chunar.

“ Garrison Engineers and Executive Officers.”

For the Executive Officer, &c. Fort William	St. Rs. 600 per month.
For _____ Allahabad	400
For _____ Agra	400
For _____ Chunar	300

Regulations fixing the duties of the Executive Officer of Fort William and determining the buildings, works, &c. to be committed to his charge.

M. C. 25th
January 1793 Resolved, that the duties of attending to and performing the ordinary and constant repairs of the fortifications and works of Fort William, as well as of executing any occasional works authorized by Government, the amount and extent of which may be too considerable to be offered to public contract, shall devolve upon the Executive Officer.

No work shall be performed by the Executive Officer beyond the common and ordinary repairs (which the Chief Engineer in his discretion shall point out to him) except upon regular Survey Reports and Estimates approved by Government; the Executive Officer shall be always a Member of every Committee of Survey for such Works, and shall prepare the estimate for the same; the nomination of the Executive Officer will rest of course with Government; and he shall be liable to removal by their orders; but the Office shall be considered as generally permanent.

The duties of the Chief Engineer (now Executive Officer) and Barrack-master of Fort William having been lately taken into consideration, with a view of drawing a specific line between them, it has been resolved that the fortifications and their respective parts, (including the interior roads and drains, also the charge of the Esplanade) are in the department of the Chief Engineer and under his charge. M. C. 17th April 1789

When arches of casemates or magazines become leaky or their arches or walls defective, the Chief Engineer is the only proper Officer to direct the repairs of them; and in all cases where it may be deemed necessary to remove or make openings in walls, or any alterations that may affect their strength, the opinion of the Chief Engineer is to be previously taken.

The barracks, dwelling houses, store-rooms, casemates and magazines erected or delivered over for the Troops or stores, are in the department of the Barrack Master, exclusive of the Chief Engineer, and exclusive of the repairs above-mentioned.

The Barrack Master in his office is to wash, colour and plaister the walls, paint, mend, shift and keep in repair beams, burgars, doors and windows, to stop cracks in roofs and walls, and to mend terraces when and where such repairs are necessary, under the direction of the commanding Officer of the Garrison, and with the sanction of the Governor General.

The pier-head in Fort William to be annually secured by throwing in broken bricks, or by such other mode as may be deemed expedient. Res. M. B. 8th January 1789

The outer wood works in Fort William to be painted; and the palisades tarred and coloured annually.

Workmen, materials, &c. for the construction of public works in Fort William how to be provided.

The Vice President in Council is pleased to authorize the Executive Officer and Barrack Master of Fort William, in future, to procure at first hand, in the Calcutta market, the requisite materials for the construction and repair of the Fortifications, Buildings, Roads, &c. committed to their respective charges.

G. O. V. P. 2d May 1811

The Executive Officer and Barrack Master of Fort William are further authorized to entertain and charge for the number of extra workmen and carts, which it may be necessary for them to employ, in the manner usually observed by all other Officers engaged in the execution of public works.

Reports of the rates at which all works are executed to be made to the Military Board.

The Executive Officer and Barrack Master to state to the Military Board the rate per 100 superficial feet of all works, in the execution of which they may be engaged, when finished distinguishing the expence of materials and workmanship.

Res. M. B. 1st January 1794 and 7th September 1795

The statements to specify the dimensions and quantity of masonry and wood work, and the rates at which they are respectively charged.

All works executing in Fort William to be inspected by a Committee of the Military Board.

Agreed, that it be a standing regulation that a Committee of this Board (whereof the Chief Engineer is always to be a Member) do inspect the works going on in Fort William, and furnish a Monthly Report of the state of them to the Military Board.

Res. M. B. 5th and 18th Aug. 1793

The Quarterly Committee appointed for visiting the Arsenal will also execute this duty.

The Executive Officer is to attend the monthly visiting Members occasionally to point out the works that are going on or that are newly finished.

Res. M. B. 3d December 1795

Monthly Reports of the progress of work to be made by the Executive Officer.

The Executive Officer to furnish to the Board reports of the progress of the work in his Department, regularly, at the expiration of each month, previously submitting them for the counter-signature of the Officer in charge of the Engineer Department.

Res. M. B. 8th Aug. 1806

Proc. V. P. 24th Oct. 1899

The Vice-President in Council considering it to be advisable on general grounds that the Executive Officer of Fort William should give Security, the Attorney to the Honorable Company has been directed to call upon that Officer to furnish two securities in the sum of an,000 Sicca Rupees, as an indemnity to Government for any deficiency of money or stores, which, in the event of death or other accident, that Officer may not have duly accounted for.

Amount of Security to be furnished by him:

1. O. V. P.
3th Dec. 1805

The Vice President in Council having determined that the Office of Superintendant of public works shall be abolished and the duties of it discharged by the Executive Officer in Fort William, the present Superintendant will deliver over charge of the establishment annexed to his Office and of the public property under his care to the Executive Engineer Officer.

The duties of Superintendant of public works to be discharged by the Executive Officer.

Proc. G. G. 3d July 1806

The Governor General in Council is pleased, under all the circumstances of Captain Preston's case, to allow him, as Executive Officer at Fort William, to draw full in place of half batta. In the event of Captain Preston's being ordered to perform any extensive work in the Civil Department, the Governor General in Council will take into consideration what allowances it may be proper to grant him for the performance of that work.

Full batta granted him. And additional allowances for any extensive work he may

(N. B. A Moonshiee and a Bengally Writer at Sloes Rupees 40 per mensem, each; are also allowed to the Quarter-master General.)

Allowance for the provision of guides, when in the Field.

The Quarter-master General and Deputy Quarter-master General, when present with a detachment of the Army, which is actually marching, are to draw an allowance of 180 Rupees per month for guides.—(By G. O. V. P. 15th December, 1899, the superintendence and control of the Pioneer Corps is vested in the Quarter-master General.)

Regulations for the Department of the Quarter-master General.

The President and Council have judged it proper to issue the following Orders for the direction of the Quarter-master General and the information of the Army.

When the Army is in the Field the Quarter-master General shall be allowed Assistants, when necessary, and persons to act as guides. The Quarter-master General shall therefore provide Guides to conduct the Lines, Artillery and Baggage when the Army marches; and to all detachments and out-posts that may require them.

The Quarter-master General shall have a Guard in the Field.

The Quarter-master General will receive the parole from Head-quarters in the Field, and in Garrison from the Town Major.

The Quarter-master General will receive his Orders from the Commander in Chief, and execute whatever regards the marches of the Army.

He will give to each Officer commanding a Division or Column a copy of such orders as relate to him.

He will march to the new encampment and distribute the ground according to the instructions he has received from the General or commanding Officer, and mark it out to be occupied by the Army, delivering it over to the respective Quarter-masters.

He will visit the avenues to the camp, reconnoitre the ground and country round about it, and get from the inhabitants an exact information, and on the report he makes to the General or commanding Officer, he receives his orders for the march of the Army, in the manner in which the General intends they should be executed.

He will make himself thoroughly acquainted with the roads leading to the enemy's encampment, that he may be able to report the same when called upon.

The condition of the camp equipage of the Army shall be regularly reported to him.

The Quarter-master General will inform himself of the different stations of the Troops; that he may be enabled to make out and issue the proper march routes to occasional detachments from one post to another.

When Troops are out of the Company's Provinces, the Quarter-master General will make himself acquainted with the most eligible situations for forming Magazines, that he may be able to report the same to the commanding Officer, when called upon.

Whenever temporary Cantonments are to be constructed, the Quarter-master General shall have the inspection of those works.

The Commander in Chief issues the following Regulations for the Department of Quarter-masters, when neither the Quarter-master General nor Deputy Quarter-master General shall be present to officiate.

The general duties of this Department, either at stations or with Divisions or Detachments of the Army, which occur in the course of the service, and have not been provided for by the Quarter-master General or Deputy Quarter-master General, are to be vested in that Quarter-master present, who shall happen to be the senior Officer in the list of the Army.

Duties of Deputy Quarter-master General.

Captain W. Calément, of the 4th Regiment of Native Infantry, is appointed Deputy Quarter-master General, with the Official Rank of Major.

In pursuance of the Resolution of Government, published in General Orders of the 2nd December, 1809, for separating the duties of the Deputy Quarter-master General from those of the Superintendent of Public Military Buildings; the duties of the former situation are declared to be confined to the functions exercised by the Deputy Quarter-master General previously to the establishment of the office of Superintendent of Public Buildings, with exception to the construction and repairs of Buildings in the Upper Provinces, with which the Deputy Quarter-master General will in future have no concern.

General determined and the allowances fixed.

The allowances of the Deputy Quarter-master General are to revert to the scale on which they were fixed previously to the 1st April, 1808, viz.

At the Presidency, per mensem,	-----	Sonat Rupees	466
In the Field,	-----	-----	576

with the Pay and Full Batta of Major, if not entitled to higher Pay and Batta by his Regimental Rank. (The Deputy Quarter-master General also receives an allowance of 10 Sonat Rupees per mensem for two Peons.)

G. O. G. G.
Nov. 1799

The Deputy Quarter-master General having been omitted in the arrangement of camp equipage allowance for the General Staff, in the Minutes of Council of the 20th June, is to draw the tent allowance of his Rank, with an allowance of 30 Sonat Rupees per month, for the carriage, repairs and pitching the tent of the Serjeants in his Department.

The Deputy Quarter-master General is to indent, when occasion requires, for camp equipage and carriage for the General Hospitals, —Hospital Mates,—Field Paymaster and Deputy Paymaster, and their office tents, Commissaries and Deputy Commissaries of Ordnance, and all such Officers, not upon tent allowance, who may be ordered to move with the Troops. The Deputy Quarter-master General is also to furnish the necessary people for pitching the same. This temporary Establishment, whenever it becomes necessary, to be detailed in station orders, and reported to the Commander in Chief for his determination.

He is to indent for camp equipage for the Field Hospital, Staff Officers, &c. on the Army taking the field, and provide the requisite establishments.

(For the Regulations vesting the controul and superintendence of the General Military Bazaars in the Ceded and Conquered Provinces, in the Deputy Quarter-master General, *vide Chapter XIX.*)

General, and
for the charge
of the Surveys,
&c. deposited
in his office.

Resolved, that the following Regulations for the Office of the Surveyor General be observed.

M. C
August 179

That he furnish Surveyors employed in different parts of the country with orders and instructions. All Surveyors sent with Detachments are to receive their instructions from the Surveyor General, for the better attaining the necessary and desired information.

He will compile such routes and observations as may be made, and reduce and insert them in his general plan.

He is to supply the Commander in Chief with such routes as he may deem necessary, for the information of Detachments under orders of march.

He is to furnish the Board and Commander in Chief with Alphabetical Lists and Military Descriptions of the Roads through India, specifying the distance from each town, and observations on the roads, forts and passages of the rivers in the different seasons of the year, with the boats and materials for embarkation procurable in the neighbourhood; proper places of encampment for wood and water; market places for grain and bullocks; natural strength of the ground, and advantageous posts of encampment for Detachments from a Battalion to a Brigade, for the direction of a Detachment or an Army on service.

That the Surveyor General shall not furnish, on pain of suspension or dismissal from his office, to any person whatever, copies of any maps or plans of the country and posts, march routes, or information relating to the surface of the country, without an order in writing, from the Board or the Commander in Chief. That he require from the Surveyors that have acted under him all original plans and surveys of the different countries in which they have been employed, with a declaration in writing on honor, under their hands, that they have not retained any of the original materials of which they were compiled.

That he be responsible for the Assistants in his Office, so far that he employ none without large security for their fidelity.

That the Surveyor General make Quarterly Returns to the Board, specifying the different plans in his possession, as also the progress he has made in forming new ones; such Returns shall also specify what Surveyors are employed under him, on what duty, and the progress respectively made by them, their fitness for the service, and the good or bad execution of the plans furnished by them.

Resolved, that the Surveyor General obey all orders from the Governor General, and that he continue to receive his instructions for surveys from the Governor General as heretofore.

PARA. 4th—The Office of the Surveyor General being at the Presidency, it does not appear necessary that copies of surveys belonging to that Office should be made for the individual use of Members of Council, the Commander in Chief, or any others resident in Calcutta. When such papers are required by the Governor General in Council or the Commander in Chief, the Surveyor General should send with them. If they are required to be left, they are to be secured under lock and key, and remain in the custody of the Secretary to Government, or the Secretary to the Commander in Chief, who are to be responsible that no copies or extracts shall be made from them, and they are to be returned with the least possible delay to the Surveyor General's Office.

Let. C D.
21st May 1809

5th—When copies of papers are ordered by the Governor General in Council, or by the Governor General, such copies are to be made in the Surveyor General's Office, only.

6th—The Surveyor General is to consider it his particular duty not to suffer any copies to be made of papers in his Office, except those ordered by the Governor General in Council, or by the Governor General.

7th—When copies of papers in the Surveyor General's Office are ordered by Government for Officers commanding Detachments upon particular services appearing to require such papers, a receipt from the Officers is to be given to the Surveyor General, with a declaration that the papers will be kept secret and no copies taken of them.

* When the service is finished they are to be returned to the Surveyor General's Office.

8th—When it is necessary to furnish the Civil Officers with surveys, &c. the Civil Officer receiving the papers should give a receipt and declaration of a similar nature to the above, and his Successor in Office is to take charge of the papers under the same condition; they of course will be returned to the Surveyor General when no longer wanted in the Civil Office.

9th—When surveys that have been delivered out of any of the Offices or Departments shall become damaged by use, or otherwise, such damage is to be specified to the Governor General in Council, who will, if thought necessary, direct fresh copies to be made in the Surveyor General's Office, and the damaged papers to be destroyed.

Proc. G. G. 29th Apr. 1809 Ordered, that the Surveyor General be desired to report to Government, annually, on the 15th June, the number of Officers employed in surveying, the nature of their respective surveys, whether finished or otherwise, and if to be resumed after the expiration of the rainy season, on the 15th September.

M. C. 15th August 1796 The Surveyor General is directed to notify to the Military Auditor General the arrival of all the Monthly Reports of Officers employed on surveys at his Office, until which information is received the Military Auditor General is not authorized to pass their bills.

Instructions to be furnished to Surveyors from the Surveyor General.

All Surveyors, not acting as such with any Detachment or in the suite of an Embassador, will be required to perform their surveys in a given time. On every occasion when Government may deem it expedient to depute an Officer on a survey, the Surveyor General is to specify, in his instructions, the time which, in his opinion, will be sufficient for the accomplishment of the object of the deputation: a copy of which instructions is to be laid before the Governor General in Council.

M. C. 15th
August 1796

Allowances to Surveyors and Assistant Surveyors.

Surveyors, as such, are to receive for every charge, as well within as without the Provinces, Sonat Rupees 618 per mensem, with an addition of Sonat Rupees 240 per mensem, if employed on rivers; but they are only to receive 250 Rupees per mensem during the rainy season, viz. from the 1st June to the 15th September.

M. C. 11th
Oct. 1785

The Assistant Surveyors, as such, to receive for every charge, as well within as without the Provinces, 100 Rupees per mensem, with an increase of 195 Rupees per mensem if employed on rivers.

(Surveyors and Assistant Surveyors, being Military Officers, also receive the pay, full batta, gratuity and tent allowance of their Regimental Rank.)

The allowances of Surveyors are not admissible subsequent to the actual period of the Survey.

Proc. G. G.

Allowances and establishment for Officers employed in surveying Cantonments.

The Subaltern Officers of the Corps of Engineers employed in surveying Cantonments are to be allowed the same personal and contingent allowances, in addition to the usual pay, batta and tentage of their respective Ranks, as has been granted to Ensign Steell for surveying the Cantonments at Dacca and Chittagong, viz. 100 Rupees per mensem; the expence actually incurred on account of Lascars being charged on a contingent bill properly attested.

Proc. G. G.
25th Nov. 1802

The Vice President in Council is pleased to authorize the monthly allowance of Sonat Rupees 100, with an Establishment of one Tindal and ten Lascars, being allowed to Captain Raper, of the 10th Regiment of Native Infantry, who has been appointed to make the requisite surveys of the Cantonments appertaining to the Dehli and Rewari command, so long as he may be employed on that duty.

His Excellency allows Ensign Hyde to draw a personal allowance of 100 Sonat Rupees a month while employed on that duty.

G. O. G. G. 16th Jan. 1804. The Governor General in Council orders and directs, that Officers in command of Detachments or Corps shall strictly attend to the following General Order of 29th September, 1788.

Regulations authorizing the appointment of Surveyors with Corps and Detachments marching; and directions for their observance.

"It is to be a standing Regulation, that all Officers, commanding Detachments of the Army or single Corps on a march, do keep an account of their daily movements, remarking the computed distances, the towns, villages and rivers on their routes, the nature of the roads and places of encampment, or any other observations which they may deem material; copies of which are to be transmitted to the Quarter-master General after the troops have arrived at their destination."

In addition to the rules prescribed by the preceding Orders, the Governor General in Council authorizes and directs the commanding Officers of Corps, when marching, to employ an Officer under their command, who is properly qualified, to keep a Journal or Field Book agreeable to the subjoined form.

<i>Bearings, and estimated distance of objects on the left.</i>	<i>Bearings of the Road.</i>	<i>Distance by Perambulator or Time.</i>	<i>Bearings, and estimated distance of objects on the right.</i>
---	------------------------------	--	--

The names of all Towns, Forts, Rivers and Villages, when obtainable, are to be inserted in the two broad columns on each side; also all tanks, jeels and rivers on the route of march, ground of encampment for one or more Corps, and occasional remarks as to the nature of the road and country.

The bearings of the places and objects, with their estimated distance, are also to be put down; more particularly of forts, hill forts, towns, villages, rocky or broken ground, and remarkable eminences.

The road distance, whether measured by a perambulator or estimated by time, is to be carefully inserted; in the latter case, the time by the watch between any two places or points of observation, is to be put down to the nearest minute, and the rate at which the person is supposed to have been moved is to be noticed.

When the distance is computed by time, a line is to be drawn through the column every time a halt shall take place, and the number of minutes for which the halt continues is to be noted.

With the view to obtain an accurate measurement of the roads and of the routes of march of the Troops, the Governor General in Council directs that a proportion of perambulators and compasses be sent to each of the principal Military Stations, for the use of corps which shall be detached from these stations; and whenever a corps is ordered to march, the commanding Officer is to apply to the commanding Officer of the station for the use of a perambulator and compass, provided there is any Officer in the corps qualified to undertake to keep a Journal or Field Book, in the manner above directed.

Officers so employed will be permitted to draw an extraordinary allowance, equivalent to the allowance established by the Minutes of Council of the 11th October, 1785, for an Assistant Surveyor in the Field, viz. Sonat Rupees 100 per month, from the commencement of the march to its conclusion, upon producing from the Surveyor General a certificate of the Journal or Field Book having been kept with attention and accuracy.

Allowance fixed for Officers so employed.

The Field Books are, in the first instance, to be transmitted to the Quarter-master General, who will, immediately after their receipt, send them to the Surveyor General, who, after taking a copy of them, is to return them to the Quarter-master General, in whose Office they are to be lodged.

G. O. G. G.
13th Nov. 1804

It appearing that the issue of perambulators and compasses for surveying roads has taken place to an extent far beyond the object of the General Orders of Government of the 13th January, 1804; such articles having been in several instances drawn from the public

stores for the use of corps proceeding by roads so often marched by Troops, and of course so perfectly known, that a re-survey of them can add nothing to geographical knowledge; the Commander in Chief is therefore pleased to restrict future applications for instruments of the above description, or claims for the monthly allowance of Sonat Rupees 100 to such corps or detachments as may proceed by routes, which, from having been little frequented, are imperfectly known or laid down in existing surveys.

Perambulators to be returned to store on the arrival of the corps at its destination.

Supply of the requisite instruments for surveying, &c. to be procured from England.

The instruments for such routes are to be invariably re-delivered into the nearest magazine, on the arrival of the corps or detachment at the place of its destination.

The Governor General in Council approving of Officers employed on surveys being provided with proper instruments to enable them to determine the Latitude and Longitude of principal places, as well as to correct their common measurement by observations of the celestial bodies, is pleased to resolve that a suitable supply of the requisite instruments for these purposes, which will of course remain the property of the Hon'ble Company, shall be obtained by indent on the Hon'ble the Court of Directors.

How to be issued to Officers requiring them;

The Governor General in Council has been pleased to resolve, that in all future cases when surveying instruments are issued from the Arsenal of Fort William, or any of the subordinate Magazines, to Engineer or other Officers, the instruments shall be delivered at the Arsenal or Magazine to the Officer or his agent, and paid for on delivery, and that after such delivery, no allowance shall be made on account of defect or injury, it being entirely at the option of the parties to receive or decline them.

G. O. G. G.
16th Oct. 1810

Who are to return them after their Survey may be completed.

On the principle adopted in the resolutions of Government on the 16th ultimo, the Governor General in Council is pleased to authorize a telescope and chronometer to be furnished to Lieutenant White, to be returned into store as soon as he shall have completed the survey on which he is at present engaged.

Appointment of the Superintendent of the Military Road, and regulations for passing the allowances fixed for keeping it in repair.

The Governor General in Council is pleased to appoint Lieutenant D. Macleod, of the Corps of Engineers, to be Superintendent of the Military Road in lieu of Major W. Rankin, of the 1st Regiment Native Infantry, promoted to the Rank of Field Officer Regimentally.

G. O. G. G.
15th Sep. 1810

Major Rankin will deliver over charge of the Office, and transfer whatever balance of cash and other public property may be in his hands to Lieutenant Macleod, who will proceed to execute the annual repairs of the road.

The new road having been originally constructed for Military purposes, the charge for keeping it in repair is to be considered as a Military Disbursement; the sum of Sicca Rupees 17,707 12, being at the rate of Sicca Rupees 40 per mile, for 44 1/2 miles and upwards, is the annual charge allowed by the authority of the Court of Directors and by the resolutions of Government of the 23d July, 1788, in the Revenue Department.

Let. M. S. G.
6th Aug. 1790

This allowance is not granted for any specific term of years, and being a stated allowance, the actual application of it is not provided for by any obligation on the party to spend the whole.

The Governor General in Council, however, has thought proper to resolve that the advance shall not be made to Lieutenant Rankin in future, without his producing certificates from the several Collectors through whose districts the roads pass and from the Quarter-master General; specifying, from the Collectors, that to the best of their information and belief the road has been kept in a proper state of repair during the preceding year; and from the Quarter-master General that the reports he has received of the state of the road from the Officers passing and repassing in command of detachments, indicate that a proper degree of attention has been paid by the Superintendent in keeping it in repair.

The sum of Sicca Rupees 100 per annum is to be allowed to Captain Rankin, Superintendent of the Military Road, for cutting down the Jungle contiguous to the road.

Total 13.

The Governor General in Council adverting to the orders of the Hon'ble the Court of Directors, contained in their General Letter in the Public Department, dated 5th June, 1805, respecting the establishment and allowances of Chaplains, observes that the Honorable Court, in the 6th Paragraph of that letter, have allowed thirteen Chaplains for the Civil and Military Stations under this Presidency. Four of that number are slated to be for the Military Stations in the Lower Provinces, including the Station of Barrackpore, but exclusive of the Garrison of Fort William, under the supposition that Barrackpore was one of the Military Stations, at which a Chaplain was permanently required to be stationed.

G. O. C. G.
17th July 1806

The Revd. Claudius Buchanan was appointed by Minutes of Council of the 7th April, 1797, to do duty for the present at Barrackpore ; that temporary appointment continued until the 15th May last, when it ceased, conformably with the Orders of the Hon'ble the Court of Directors ; and as the continuance of a separate Chaplain for the performance of the clerical duties at Barrackpore is unnecessary, such occasional clerical duties as may be required to be performed at Barrackpore will be discharged in future by the Chaplain of the Garrison of Fort William, as a part of his duty as Chaplain to Fort William, the Troops at Barrackpore being considered as a part of that Garrison.

We agree with you in opinion that the Military Station of Barrackpore does not require a separate appointment of Chaplain.

Let. C. D.
7th Sept. 1805

PARA. 10th—We have appointed the Revd. Thomas Thomason a Chaplain on your establishment ; and as we are informed by your late advices, that a Clergyman is much wanted to officiate at the Church at Calcutta, known by the name of the second Church, we direct that you appoint Mr. Thomason to that special duty, but this is not to be considered as giving him any claim to rank above the Chaplains already on the establishment, according to the gradation laid down in our letter of the 5th June, 1805, as Mr. Thomason's appointment is to be understood as junior Chaplain of your present establishment.

G. O. C. C. The Revd. Mr. Henderson is directed to proceed to Danapoor without delay, and after receiving charge of the clerical records and Office appertaining to that Station, the Revd. Mr. Henderson will be pleased to proceed to Ghazeepoor and do duty at that post until further orders.

The Register and Records of all clerical duties that may be performed by the Revd. Mr. Henderfon, within the Division of the Benarus Command, are to be forwarded to the Chaplain of that Division for the purposes prescribed by General Orders under date the 16th June, 1810.

G. O. V. P. The duties of Chaplain to the Garrison of Fort William are to be performed by one of the Presidency Chaplains until the state of the establishment shall admit of the appointment of a Chaplain to that special duty.

PROV. V. P. The duties of Chaplain to the Garrison of Fort William will be performed by the Revd.
27th Feb 1810 Dr. Ward until further Orders.

Proc. G. C. 7th July 1810 His Lordship in Council is pleased to authorize Dr. Ward to draw an extra allowance of Sonat Rupees 493 14 8—per mensem, as a remuneration for his additional duty while he shall continue to officiate as Chaplain of Fort William.

M. C. and April 1799 Resolved, that at the Military Stations where Chaplains are present, a fit person, either a non-commissioned Officer or a Soldier, be appointed to officiate as clerk to the Chaplain, with an allowance of 12 Sonat Rupees a month, to be drawn in the Chaplain's bill.

The person so to officiate is to be selected by the Chaplain, subject to the approval of the commanding Officer of the Station: and his dismissal in case of misconduct or inattention to be by the same authority.

Princ. V. P. The senior Presidency Chaplain is to be instructed, through the Public Department, to take the necessary measures for providing the following books and sacramental plate for the use of the Station of Berhampoor, being the same as was allowed for Cawnpore in the year, 1806, viz. a quarto Bible and Prayer Book, and a smaller Prayer Book, with large print, for the Clerk, a chalice or flaggon of a size sufficient to contain a quart of wine; a cup sufficient to contain half a pint; a pater for the bread, and a basin for the collection of alms.

The books and plate are to be appropriated to the Station of Berhampoor and to bear the inscription to that effect.

The expence incurred on this account to be charged in a contingent bill, attested in the usual manner.

Ordered, that benches be made up for the Church Barrack at Berhampoor.

Register books to be kept up at Stations where Chaplains are employed.

The Commander in Chief is pleased to direct that in the Garrison of Fort William and at each of the Military Stations where Chaplains are employed, three Register Books for the entry of such Marriages, Baptisms and Burials as occur at their respective Stations, and at the Civil Stations in their neighbourhood, shall be prepared and kept by the Chaplains, according to the form in use for Parish Registers in England.

G. O. C. G.
12th Nov. 1809

Returns of Marriages, at out-posts, how transmitted for record.

Returns of such Marriages, Baptisms and Burials as may occur at Out-posts, that may not be performed by a Chaplain, to be forwarded monthly by the Officer commanding to the Major of Brigade of the Station on which the Post may be dependant, and to be by him transmitted to the Chaplain for record in the Station Register.

Chaplains are to forward in duplicate, half yearly, vizt. on the 1st of January and 1st July, attested copies of their Registers for the preceding six months, one copy to the Vestry Clerk of St. John's Church, Calcutta, to be entered in the Public Register of the Presidency, for ultimate transmission to the Hon'ble the Court of Directors, and the other copy to the Register of the Supreme Court for deposit in that Department.

Duplicate copies of the Registers to be transmitted half yearly for record at the Presidency.

The Registers in question are to be considered as Public Records, belonging to Stations, respectively, and are to be delivered over on occasions of relief in the same manner with other public documents.

All Chaplains are directed to report to Head-quarters through Officers commanding Stations, &c. the date of the dispatch of the Registers required by the foregoing Orders.

Reports of their transmission to be made to Head Quarters.

In the absence of the Chaplain, or in case of a vacancy, the care and keeping of the Register shall devolve on the Major of Brigade, or other Public Staff Officer of the Station, who will be held responsible for its due preservation until the return of the Chaplain, or the arrival of his successor.

In absence of the Chaplain, the charge of the Register devolves on the public Staff Officer at the Station.

The first regular half yearly Registers which are to be furnished under the foregoing directions are to commence on the first day of the ensuing year, and to be transmitted on the 1st July next.

G. O. V. P.
7th Nov. 1809

The Vice President in Council is pleased to determine that all Registers of Baptisms, Marriages and Burials shall be forwarded by the public mail, free of postage, on the package being superscribed by the Chaplain or commanding Officer of the Station.

All Registers of baptism, &c. transmitted free of Postage.

2d Dec. 1809

The Commander in Chief, under the sanction and by the direction of the Governor General in Council, is pleased to publish the following orders for the guidance of Military Chaplains belonging to His Majesty's Regiments or in the Service of the Honorable Company serving under this Presidency, and directs that they be considered standing Regulations and strictly conformed to.

Regulations for Chaplains officiating at Stations other than those to which they are appointed.

That no Clergyman, other than the appointed Chaplain of the Station, shall perform the offices of Marriage or Baptism, at any of the Stations of the Army until he shall have obtained from the commanding Officer of the Station, permission in writing to perform the said offices, when he shall be requested to do so;—one copy of such permission to be transmitted by the commanding Officer to the Chaplain of the Station; and another copy to the senior Chaplain at the Presidency.

That such permission may be revoked or renewed at the discretion of the commanding Officer.

That any regular Clergyman of the established Church of England, being in the Service of His Majesty or of the Hon'ble Company, and having obtained the aforesaid permission, may perform the offices of Marriage and Baptism.

That a monthly return of such marriages and baptisms shall be made by the Clergyman; thus permitted to officiate, to the Chaplain of the Station, who shall transmit the same to the senior Chaplain at the Presidency.

That at the Presidency Station such permission may be only granted by the Governor General in Council, and that the original Register of marriages there solemnized, under the same permission, shall be inscribed at the public Marriage Register at the Presidency; and that a monthly return of the baptisms shall be made to the senior Chaplain.

..... Mr. H. Shepherd, 23d July, 1802.
..... R. Jeffreys, 4th August, 1802.
..... H. Martyn, 3d July, 1805.

Selection of Chaplains for the several Stations, on what principle to be made.

When the salaries of Stations are the same, the selection for each Station will be made by the Governor General in Council, with the aid of the recommendation of the Commander in Chief, if the Station be a Military one, not being the Station of the Garrison of Fort William.

With a view more effectually to carry into effect the orders and intentions of the Honorable the Court of Directors respecting Chaplains, the Governor General in Council is pleased to determine that all Chaplains of this establishment shall be eligible to be appointed either to the Civil or Military Stations, where Chaplains are permanently allowed, and that they shall be appointed to the Stations to which superior salaries are annexed according to seniority, in all practicable cases, "unless there shall be some reasonable objection thereto," conformably to the principle prescribed in the 25th paragraph of the Honorable Court's letter.

Salaries to Chaplains

PARA. 16th.—We have resolved that the following salaries be allowed to the Chaplains at the Military Stations.

Let. C. D.
5th June 1803

In the Lower Provinces.

— 17th.—To the Chaplain to the Garrison of Fort William and to each of the Chaplains at the Military Stations within the Provinces—Current Rupees, per annum, 10,000.

In the Upper Provinces.

— 18th.—To the Chaplains at the Military Stations in Oude, each, Current Rupees, per annum, 12,000.

The above, as you will perceive, are higher than the salaries formerly annexed to those Stations.

— 24th.—We therefore positively direct that all additional allowances shall forthwith cease, and that the Chaplains of Stations be restricted to the salaries herein before directed, which salaries are to be in full of all emoluments from the Company.

The Governor General in Council is pleased to determine that the salary of Mr. Thomson shall for the present be fixed at Sicca Rupees 750 15 per month, or 10,000 Current Rupees per annum, agreeably to the scale of salary assigned by the Honorable the Court of Directors to the Chaplain at Fort William, and to the Chaplains at Military Stations within the Provinces.

Proc. G. G.
20th Feb. 1809

In consequence, however, of Mr. Thomson being appointed to perform the clerical duties of a Civil Station, his Lordship in Council deems it proper that his salary should be paid in the Civil Department.

When Chaplains arrive from Europe, the allowances of the Stations to which they may be appointed on their arrival are to be passed to them from the dates of their arrival.

Proc. G. G.
20th Nov. 1806

When Chaplains are removed from one Station to another, the allowances of the Station to which they may be appointed are to be passed to them from the dates of their appointment to those Stations.

The Governor General in Council does not consider the Chaplains of this establishment entitled to any allowance on account of quarters, under the late Orders of the Hon'ble the Court of Directors. The Governor General in Council is, however, of opinion, that the allowances fixed by the Hon'ble the Court of Directors, are not intended to repay the

23d Sept 1801

Chaplains are not to draw tent allowances.

Proc. G. G.
28th May 1807

The expence of a beehive and sweepers for every Chaplain is provided for by his salary.

Let. C. D. 6th
June 1798

Having considered the applications of the Chaplains at your Presidency to be allowed the benefits of pay on furlough and retirement from the service, we have resolved that Chaplains be allowed to come home on furlough, for three years, with the full pay of their corresponding rank on the Military establishment,—viz. that of Captain.

Period of Service after which Furlough is granted them on the full pay of their Rank.

That no Chaplain shall be permitted to come home on furlough who has not been resident in India seven years, unless on sales of certified ill health.

That the propositions to come home on furlough be left to the discretion of the respective Governments in India.

Chaplains after eighteen years' service in India, three years for one furlough being included, are allowed to retire from the Service.

Rules under which they are allowed to retire from the Service.

The pay to Chaplains so retiring to be the same as that allowed to them when on furlough.

No Chaplain to be allowed to retire on such pay who does not produce ample testimonials of his having discharged his duty as a Clergyman, faithfully and diligently, and also of his conduct and behaviour in general. These testimonials are to be transmitted through the Government under which the Chaplains were serving, with the opinion of such Government thereon.

I. C. D. 7th
July 1807

PARA. 213th —Under the Regulations lately established by us, in consequence of a representation from the Government of Fort St. George, the Revd. Mr. Lewis has been permitted to retire from the Service on the pay of Major.

I. C. D. 10th
Oct 1808

PARA. 171st —With regard to your recommendation that Chaplains may be admitted to the benefits of pension and furlough after serving the time prescribed by us, whether they shall have been employed the whole of that time at a Military Station, or otherwise, we have to signify our acquiescence in your recommendation.

The indulgence of furlough and retirement on the pension extended to all Chaplains whether employed in the Militia or in Civil line.

Rank assigned to Medical Officers; Commissions granted them and regulations for their employment.

M. C. 24th
Oct. 1788

All Medical Gentlemen employed in the Company's Service under this Presidency shall be continued in one General List; they shall have Commissions granted them agreeably to their proper Rank as Army Surgeons, and whenever employed in the Civil Line they shall be considered for the time as lent only to that Department of the Service, and liable always to be recalled to their duty as Military Surgeons, under the restrictions and obligations of Service which are annexed to their Military Commissions.

The Establishment of Surgeons and Assistant Surgeons shall be employed, at the pleasure of the Board, either with Collectors of Revenue, Commercial Agents, Embassies, or such other duties as the exigencies of the Service may require.

All Assistant Surgeons, employed at the subordinate Civil Stations upon being entitled to promotion to the rank of full Surgeon, shall either give up their claims to future promotion or quit such Station and assume the duties of the rank to which they are promoted and of the Station to which they may be appointed, either in the Civil or Military Line, in order that there may be no excess hereafter in the Rank of full Surgeons, after the number has been once reduced to the Establishment fixed by the General Regulations.

Regulations for Assistant Surgeons at Civil Stations on becoming entitled to promotion.

Let. M. S. G.
23th July 1810

In the event of an Assistant Surgeon declining promotion in the Military Line of the Medical Service he must not only forego all the advantages and emoluments of the higher branches of it, but will not be entitled to the pension of his present Rank after he shall have served the stipulated period, neither, in the event of ill health or any other circumstance rendering it necessary for him to proceed to Europe, will he be entitled as an Assistant Surgeon to Furlough, nor to draw during Furlough his allowances as a Military Assistant Surgeon.

M. C. 24th
June 1796

All applications and recommendations for promotion in the Medical Department to go through the Medical Board to the Governor General in Council.

Applications from Medical Gentlemen in the Military Line are to be transmitted to the Medical Board, with the previous concurrence and consent of Commanding Officers of Stations; the Medical Board to forward them to the Commander in Chief with their remarks: by whom, if necessary, they will be laid before the Governor General in Council.

Recommendations for Promotions and applications from Medical Officers how to be transmitted.

All recommendations for vacancies and promotions in the Military Line to originate with the Medical Board, and to be laid before the Governor General in Council by the Commander in Chief, should he see no objection to the recommendation.

M. C. 24th
October 1788

In consideration of the importance of a proper discharge of the duties annexed to the Station of a Member of the Hospital Board and of the experience requisite for the charge of a General Hospital, these situations to be always filled up by a selection from the most capable practitioners, without any other regard to seniority on the list of Full Surgeons, than may be derived from equal skill and abilities in their profession; and further that no person be eligible thereto, who has not served two complete years immediately preceding the time to which they may be candidates for such appointments, either as a Presidency Surgeon, a Surgeon to an European Battalion, or the Garrison of Fort William.

Stoppages for the Orphan Fund how to be made from Civil Surgeons.

With a view to facilitate the payment of the monthly contributions of Surgeons or Assistant Surgeons, occasionally on duty at Civil Stations, into the Treasury of the Orphan Institution, the Governor General in Council directs all public Officers from whom the Surgeons or Assistant Surgeons attached to Civil Stations receive their salaries and allowances, to make the authorized stoppage from their monthly allowance, viz.

Six Sonat Rupees from a Full Surgeon.

Three Sonat Rupees from an Assistant Surgeon.

M. C. 21st Dec. 1798

Application how to be made for the services of Medical Officers at Civil Stations when required by Military Officers.

The Governor General in Council, with a view to prevent misunderstanding as to the relative situations of Officers commanding Detachments or Corps, and Surgeons and Assistant Surgeons doing duty at Civil Stations, on occasions where the professional services of the latter may be required for Detachments or Corps, considers it to be necessary to notify for general information, that Medical Gentlemen so circumstanced are not to be considered subject to the orders of commanding Officers.

G. O. G. 22d Oct. 1807

On such occasions commanding Officers will apply to the Magistrates of the districts (as at the Cities of Moorshedabad, Dacca, Patna and Benarus, and at the town of Bareilly, to the Judges of the Provincial Courts) who will communicate such applications to the Surgeons with directions to perform such duties as may be required of them conformably to the Regulations of the Service.

In cases where the Detachments or Corps may be stationary, the first application to the Magistrates by commanding Officers, is to be understood as sufficient for the purposes of securing the services of the resident Medical Gentlemen as long as it may be necessary to have recourse to them.

In the event of any commanding Officer conceiving he has just grounds of complaint for neglect of duty against the Civil Surgeon, he must state the case through the regular channel to the Commander in Chief, for the consideration and orders of Government.

Civil Surgeons attending Troops are not in consequence entitled to Military allowances.

At every Station where Civil Surgeons may be directed to attend divisions of Troops, the Medicine allowance is to be in full of all charges, and the Surgeons are not to be allowed to receive any thing under the name of Military Pay or Batta.

Regulations for the provision and charge of Hospitals and Hospital Tents.

The duty of the Regimental Surgeons in respect to the Hospitals is to be confined to that of keeping them as clean and healthy as possible within, and with that view they are to be at the expence of bellisities and sweepers, and fumigating their respective wards, whenever it may be judged necessary by the Superintending Surgeons.

M. C. 7th May

It is expected that Officers commanding companies will give attention to their sick, which humanity calls upon them to do, independant of its being a particular point of their duty.

Officers commanding Companies enjoined to pay attention to their sick.

G. O. G. G.
7th April 1808

The Commander in Chief is pleased to direct that the following orders for the Military Regulation of Regimental and Battalion Hospitals be strictly attended to.

Regulations for the inspection of Regimental Hospitals by commanding Officers of Stations, Corps, &c.

Officers commanding fixed Stations, Cantonments and Posts are enjoined frequently to visit the Hospitals of corps under their command, and minutely to investigate the economy and order therein established, to enquire into the state of the patients, their diet, and attendance of every kind, and to enforce the strictest observance of the prescribed Medical Regulations.

Officers commanding Brigades or Detachments of the Army, when in the Field, will, for the same important purposes, be careful to inspect frequently the Hospitals of the Corps composing their respective Brigades and Detachments.

These attentions are required still more in detail from commanding Officers of Regiments and Battalions, who from personal observation have opportunities of checking every abuse, and whose duty it is to extend to the Hospitals the same system of order, regularity and discipline, which should prevail in their Regiments; and the Command

in Chief will accordingly hold them immediately responsible for any neglect which may arise on these heads.

Hospitals of Native Corps to be visited twice daily, and reports thereof delivered to the commanding Officers.

The Hospitals of every Native Corps, whether in camp or cantonments, are to be regularly visited twice every day, once in the morning by an European commissioned Officer, and in the evening by a Native commissioned Officer, who are to see that the sick are properly attended and do not suffer from the remissness of the Surgeon or Native Doctor; and that regularity and cleanliness prevail in and about the Hospital. They are also to hear and examine into all complaints. The European Officer to make his report next morning in writing, in the usual manner, after receiving that of the Native Officer.

The Commander in Chief has had occasion to observe, from some circumstances that have come under his notice, that so essential a part of the internal management of a corps, as the regular visiting the Hospitals by the European Officers, is not sufficiently attended to in all the Native Corps of this Army; he therefore directs that commanding Officers of Regiments and Battalions, in which a practice, so indispensibly necessary to the proper care of the sick, may have been hitherto neglected or suffered to fall into disuse, will establish it by giving immediate effect to the foregoing orders, and strictly enforce the constant observance of them in future.

Reports and returns of the sick to be made by the Surgeons &c.

The Surgeon is to make a daily report of the sick to the commanding Officer of the Regiment or Battalion, who will make a weekly report, to the commanding Officer of the Station, of the sick of his Regiment or Battalion.

The Surgeons of Regiments and Corps shall send to the Head Surgeon of the District weekly Returns of the sick, specifying their names, ages, and diseases, the number admitted since last return, and the number discharged. Let. C. D. 17th Sept. 1783.

Regimental Surgeons are held responsible for the proper management of their respective Hospitals.

Regimental Surgeons under the instructions and inspection of their Superintending Surgeons have the immediate direction and management of their respective Hospitals, and will accordingly be held responsible for the order, regularity and cleanliness of these; for the diet, cloathing and care of the patients; and for the proper conduct of the whole Establishment. G. O. C. G. 7th Apr. 1803.

A guard to be furnished to Regimental Hospitals.

A guard is to be constantly furnished to the Hospital, and the Surgeon will signify to the commanding Officer of the Regiment or Battalion the particular orders which he wishes to be given to the commissioned Officer commanding it, and to the Sentry.

Arms &c. of the sick not to be brought to the Hospital.

When a Soldier is sent to the Hospital, his arms and accoutrements are to be left with his Troop or Company; and in no instance is he to take his ammunition with him to the Hospital.

Convalescents not to be sent on public duty.

Convalescents, when discharged from the Hospital, should not be immediately put on public duties, but should be employed for a certain time in Regimental or Battalion Guards, only, where they are not liable to be so much exposed to the weather or to fatigue.

Quarters of the Surgeon to be near the Hospitals.

In Cantonments and Barracks the Quarters of the Surgeon must be as near the Hospital as may be practicable; and the Assistant Surgeon's Tent must be pitched in its vicinity in camp.

The regularity and proper management of Regimental Hospitals so materially tend to the good of the service, and so much promote the comfort of the Soldiers, that the Commander in Chief cannot too strongly impress on the minds of all Officers in command, the necessity of giving the most constant attention to these most important objects.

The medical allowances of detachments from corps, to be drawn by the Surgeon in charge

ART. 13th.—In all cases of Detachment, whether from European or Native Corps, the per-diem and other allowances are to be drawn by the Surgeon or Assistant Surgeon actually in charge with the Detachment, whether he does or does not belong to the corps to which the Detachment belongs. ART. 14th—In all cases in which, from the exigencies of the Service, the sick of any of the European or Native corps, or of any European or Native Detachment, shall be left under the care of another Surgeon, the Surgeon under whose care the sick are left, shall be entitled to receive from the Regimental Surgeon, or the Surgeon or Assistant Surgeon who may have medical charge of the Detachment, the amount of his expences incurred bonâ fide on account of the sick patients.

Expences incurred for the sick of corps left in charge of Surgeons, other than the Regimental Surgeons, how de-
trayed.

This charge shall be made upon honor and approved by the Superintending Surgeon, or where there is no Superintending Surgeon by the Officer commanding at the Station; and when the sick have been left under the care of a Civil Surgeon, the charge shall be approved by the Magistrate, or where there is no Magistrate by the senior Civil Servant of the Station.

In the cases now stated of sick men being left under the care of another Surgeon, it is to be understood that the Surgeon of the corps, or the Surgeon who may have the medical charge of the detachment from which the sick are left, shall continue to draw for such sick the per-diem allowance, or the established proportion of Medicine allowance, under the head of "sick absent."

Medical Re

The indulgences hereby granted to Regimental Surgeons, in respect to the conveyance of the Hospital cloathing and bedding, is strictly confined to the case of Troops employed on actual service, and in no case applicable to Corps marching from one Station to another, in time of peace, with respect to which last, the 6th article of the regulations is to be strictly attended to.

Bills for the expence of conveying the Hospital bedding and cloathing of Troops employed on actual service, are to be transmitted, attested in the usual form and accompanied by the authority under which the charge may have been incurred, to the Paymaster of Extraordinaries, in order to their being submitted, in due course, for the sanction of Government.

The Vice President in Council is pleased to notify for general information, that carriage for the conveyance of Hospital clothes and bedding will only be allowed in the proportion of three camels, or, when that description of cattle cannot be procured, of one hackery for from one hundred to three hundred Europeans.

28th June 1804

The regulation granting an allowance of Sonat Rupees 2-8 per mensem for each European embarked on ship-board, (for the supply of Europe medicines, instruments and necessaries for the sick) is not intended to be applied to Detachments of European Troops arriving in Bengal from the other Presidencies, which must have been embarked there under some regulation or order with respect to medicines, &c. for the sick. (As in the case of H. M. 75th Regiment, transferred from the Presidency of Bombay to that of Bengal.)

This allowance not applicable to the case of European Detachments arriving from other Presidencies.

No allowances to be drawn for the establishment of Native Troops.

The Governor General in Council, observing that the intention of Government in fixing the Medicine allowances established by the 9th Article of the Medical Regulations, has, in some instances, been misunderstood by the Surgeons, he deems it proper to determine that as the division of the former allowances for Medicines to the Surgeons of Native Corps, as directed in that Article, has not caused any reduction of them, no separate allowance for the people of the Quarter-master's Fiddlers' Tents, for Doolie Bearers, or other followers attached to Native corps, can be considered to be admissible, and they are understood, as formerly, to be provided for by the Medicine allowance which has been authorized to be drawn for the commissioned and non-commissioned Officers, Drummers and Privates of each corps borne present on the Muster Rolls.

G. O. G. G.
16th May 1877

The Assistant Surgeon when detached on duty with any part of the Regiment shall draw medical allowance in proportion to the strength of such detachment.

When one or more Companies are detached from the Headquarters of a Regiment, or from either of the Battalions, and under circumstances where the mode of drawing for them is not provided for by the Regulations, nor by the following Articles, the Surgeon of the Regiment to draw the medicine allowance for such Companies.

When one or more Companies of a detached Battalion with which an Assistant Surgeon is present shall be sent on duty to any Post or Out station depending on the Headquarters or such Battalion, or when the Battalion shall depend on a Station different from that, under which the Surgeon of the Regiment is doing duty, then the Assistant Surgeon attached to that Battalion, or doing duty with it, shall draw the medicine allowance for all companies so detached.

In the absence of the Surgeon of a Regiment of Native Infantry, the senior Assistant Surgeon belonging to it is to succeed to the temporary medical charge of the whole Regiment; and is to draw the medical allowance for both Battalions in situations where it would be drawn by the Surgeon were he present.

The Governor General in Council is pleased to resolve that two Native Doctors, instead of one, be allowed to each Regular Battalion of Native Infantry on this Establishment, and further that an additional Native Doctor be allowed to be entertained for every Troop or more of Cavalry that may be detached from the Head-quarters of their corps, whenever there shall be a prospect of service or of being a month or more absent, (of which the Officer commanding the Station from which the Detachment proceeds shall be the judge) and for which no European Medical Staff can be furnished.

Proportion of Native Doctors for Battalions of Native Infantry, and Detachments of Native Cavalry.

Native Doctors thus occasionally employed will be allowed pay from the date of their being entertained until the return of the Detachment to a station where medical assistance may be otherwise provided for, of which periods the requisite certificates will be furnished to the Pay Department.—(The allowances fixed for Native Doctors are, Pay, per mensem, Sonat Ruppes 10—Full Batta.... G. O. C. C.
30th May 1807

Officers commanding Regiments of Native Cavalry will use their best endeavours to procure men properly qualified for the situations of Native Doctors on the occasions for which they are authorized for Detachments from Cavalry Regiments, by the foregoing Orders of Government.

On all occasions of one or more Companies of Native Infantry being detached from their corps, of with a probability of service, or of being absent more than a month, one of the Native Doctors, provided with a supply of medicine by the person drawing the medical allowance of the corps, is to accompany such Detachment; whenever more than one Detachment of the strength of a Company shall be absent at the same time from a corps, and for which no European Medical Staff can be furnished, the Native Doctor now added to the establishment is always to be sent with the Detachment of the greatest strength.

24th Sep. 1808

The Commander in Chief having remarked that frequent charges have been preferred for extra carriage hire for the conveyance of the sick of Battalions of Native Infantry, on occasions of Ordinary Periodical Reliefs, when no necessity existed for the sick immediately accompanying the Battalions to which they belong, and when arrangements might have been made for the accommodation and care of the sick, until they were sufficiently recovered to be enabled to proceed and join their corps by easy marches, under charge of one or more careful non-commissioned Officers left with them for the purpose; he thinks proper to declare that no such charges will be in future admitted, except in cases of a peculiar nature, such as can rarely occur.

No charges for extra carriage hire to be incurred by Native corps marching, for the conveyance of the sick, who are to remain, until recovered, at the station the corps may have quitted.

Corps marching on a Special or General Relief must, when the number of their sick unable to march exceeds the established means of conveyance, leave them at the nearest Civil or Military Station; under the care of the Surgeon or Assistant Surgeon having medical charge at the place, with a Ready Native commissioned or non-commissioned Officer, until they shall recover sufficiently to enable them to follow the corps.

In order to remedy the inconvenience which is felt, respecting the payment of the sick of Native corps of the Army, left in Hospital, the Commander in Chief is pleased to lay down the following Regulations.

Regulation for the Payment of the sick left in Hospital by Native corps leaving with the Army, or marching at the relief.

First.—When men are sent into the Hospital from the Army, their arrears due to the first of the current month are to be paid by the Paymaster, upon the receipts of Officers in charge of Companies, and accounted for in abstract.

Second.—Pay and allowances for months subsequent to this date, are to be drawn in abstract and the amount is to be left in the Paymaster's hand, who is directed to remit the same to the Officer commanding the Fort or Station where the sick may be, who, upon receiving the money, will direct it to be issued to the men, respectively.

Third.—Commanding Officers of corps will, on the first of each month, furnish the Paymaster with a list of the sick, absent from their respective corps, specifying the places at which they are.

Fourth.—When the Paymaster remits the pay of the sick he is to send with it, for the information and guidance of the Officer commanding at the place, a list of the names of the men and to specify the corps to which they belong.

Fifth.—When sick are sent from the Army, each man is to be furnished with a certificate of the date to which he is paid, signed by the Adjutant of the corps.

Sixth.—When sick are discharged the Hospital and ordered to rejoin their corps, the Staff Officer of the Fort or Station is to report the same to the Paymaster, who will thereupon discontinue any further remittances on their account.

Let. S. G. 3d
Nov. 1803

The Governor General in Council has been pleased to direct that an allowance be granted, for the present, to the Surgeons attached to the Civil Stations where the Headquarters of Provincial Battalions are established, for the medical care of the Officers and men of those corps, at the rate of Sonat Rupees 225 for 1040 men per month.

Allowances for the medical charge of Provincial Battalions and how drawn.

The Governor General in Council at the same time directs, that the allowance now granted be considered to provide for every expence that may be incurred on account of the sick of the different Detachments at the several Civil Stations from the Provincial Battalions.

The above allowance is to be discharged by and entered upon the disbursements of the Paymasters of Stations to which the Corps are respectively attached, and the amount is afterwards to be transferred to the Civil Department, together with the pay of the Provincial Battalions.

Let. S. G.
15th Dec. 1803

The pay of the Native Doctor of the Provincial Battalions, together with the allowance for Medicines, are to be drawn by the Surgeons doing duty with those Battalions, upon abstracts accompanied by the usual Review Rolls, and countersigned by the Officers commanding the Provincial Battalions, respectively.

Let. S. G.
10th Feb. 1804

The Governor General in Council has been pleased to authorize Officers commanding Provincial Battalions at Stations where there is no Surgeon present to include the pay of the Native Doctor attached to the Battalions in their abstracts, and in like manner the commanding Officers have been authorized to draw contingent charges for doolies, until the appointment of a Surgeon.

In the absence of the Surgeon, the medical allowances, Native Doctors, &c. how to be drawn for.

The established allowance for medicine is not to be drawn until a Surgeon be appointed to the Station, but the Native Doctor of the Battalion is to draw a bill for whatever charges may be actually incurred by him on that account, which the commanding Officer will submit for audit through the usual channel.

Let. S. G.
16th Aug. 1804

The Governor General in Council does not think proper to admit any permanent charge in future on account of doolies for Provincial Battalions.

Whenever a necessity may arise for employing doolies, it is to be reported to the Magistrate, and the actual expence charged, as a contingency, subject to the rules established for auditing and passing other contingent disbursements.

21st Sept. 1807

The subject of the allowance for medical attendance on Staff Officers of Stations having been lately brought under the particular consideration of Government, in consequence of the different claims to it by Surgeons not holding any medical charge, nor employed in any situation entitling them to draw this allowance, his Lordship in Council, with the view to prevent the recurrence of claims of this nature, as well as to remove any doubts that may be entertained with regard to the operation of the rules established on this subject, by General Orders of the 21st September, 1807, is pleased to resolve that the allowance granted by these orders, is intended to provide for medical attendance on Staff Officers at the principal Army Stations of Berhampoor, Danapoor, Chunar (now Benarus,) Cawnpoor and Muttra (now Meerut,) and will therefore be confined to the senior Surgeons of the Native Regiments at those Stations respectively. G. O. G. G.
10th Oct. 1808

The Governor General in Council is further pleased to resolve that the allowance in question shall cease on the march of the Troops from any of those Stations.

The Vice President in Council is pleased to direct that the medical assistance required by the existing regulations to be afforded by the Garrison Surgeon of Chunar to the Station Staff and to Officers and men who may occasionally reside, or be in attendance on duty or otherwise, at the Head-quarters of the district, be hereafter afforded by the senior Surgeon present with the Native Troops at Secrole, who is permitted to draw the allowance of Sonat Rupees 100 per mensem on that account. Non-commissioned Officers, Drummers and Privates shall only be admitted into General Hospitals, on their producing an order, signed by the commanding Officers of the corps to which they belong, specifying their names, rank, and the number of their Company and Regiment; this order to have a certificate from the Surgeon or the Surgeon's mate of their respective Regiments, annexed to it, setting forth their age, distemper or wounds, and the day of their being sent to the Hospital, to which the Head Surgeon of the Hospital shall attach the initials of his name, with the day of the month on which the patient was received; he is also to record in a book, to be kept for that purpose, the names of the Patients received, their ages, disorders, &c.; and when they are dismissed from the Hospital they are to be sent to their respective Regiments, accompanied with a discharge from the Head Surgeon, mentioning their names and rank, the time they were in the Hospital, and the day on which they were discharged, recording the same in the Hospital Day-book, already mentioned.

And for the admission and discharge of Patients.

The Chief Surgeon of each Hospital shall be responsible that such of the non-commissioned Officers, Drummers and Privates as are admitted into their respective Hospitals be regularly supplied with a clean cot, a large pillow, fresh bed clothes, fresh gown, cap, shirt and long drawers, and that those, whose cases may require it, shall have a fresh shift of cloaths, a bed and a small pillow, or two, if necessary; he is also to take particular care that no person belonging to the Hospital shall receive any reward or emolument from the Patients in the Hospitals, and to dismiss all such as may attempt advantages of that nature.

No medicine shall be applied for or administered in the Hospital, without the Order of the Head Surgeon, of which medicines an exact account is to be taken and stated in a Journal kept for the purpose, as a voucher against embezzlement and misapplication.

Medicine how to be administered.

The General Hospital shall at all times be supplied with a Guard and is to be regularly visited by the Officer of the day, who is to report to the commanding Officer the daily state of the Hospital.

The Hospitals to be supplied with a Guard, and to be visited by the Officer on duty.

The Head Surgeon, or in his absence the first mate of the Hospital, is to accompany the Officer of the day in his rounds at the Hospital, and to answer such enquiries as he may have occasion to offer, for the purpose of obtaining every necessary satisfaction, respecting the situation and treatment of the sick.

M. C. 10th
August 1793.

Resolved, that every Surgeon, or Assistant Surgeon attending a Hospital, or having charge of any particular division or ward, shall keep a Diary, expressing the names of the Patients under his care, the nature of their disorders, when admitted, daily state of the patients and copies of all the prescriptions; that this Diary be examined by the Head Surgeons, and that the dates of discharges or casualties, and every alteration of treatment ordered by the Head Surgeon be particularly noticed.

Forms to be observed in the Diary to be kept by all Surgeons appointed to Hospitals, &c.

Copies of these books, signed by the respective Surgeons or Assistant Surgeons and countersigned by the Head Surgeons, are to be sent quarterly to the Medical Board, and the original Books are to remain always in the Hospitals.

G. O. G. G.
21st July 1794.

The foregoing Medical Regulation not being intended to extend to trivial cases, the Medical Board will be pleased to circulate instructions describing the nature of the cases in which they deem it necessary to require the degree of attention of the Surgeons, and the reports of the cases and treatment of the Patients, prescribed in the said Regulation.

M. C. 16th
July 1787.

The duty of Hospital Stewards shall be serving out the provisions and wine, taking care of cots and cloathing, and that the people are properly shifted, agreeably to the Regulations, and the Hospital kept clean and in good order.

Determining the duties of Hospital Stewards.

G. O. 1st
March 1787.

The Head Surgeon of every General Hospital is, on the first of every month, to deliver to the Paymaster at the Station a Return, signed by himself, and countersigned by the commanding Officer, for the month preceding, wherein is to be entered his own name and that of the mates attached to the Hospital under his charge, pointing out all casualties, with their dates, and distinguishing also those present and absent.

Returns to be given in by Surgeons in charge of Hospitals of the Assistant Surgeons doing duty under them.

Field Hospitals when to be established, and under whose charge and controul.

ART. 52^d—The Field Hospitals to be under the immediate charge of Field Surgeons, subject to the controul of the Superintending Surgeons.

ART. 65th—In consideration of the great trust to be reposed in the Field Hospital Surgeon, he will be allowed to draw, exclusive of the established allowance on account of the patients, Sonat Rupees Six Hundred per mensem, during the time he may be actually in charge of a Field Hospital, in addition to the pay, full batta and gratuity of his rank, which is to be in lieu of all claims whatever, and also as a remuneration for his superintendence and care of the medicines and instruments which may be placed under his charge.

Allowances for Field Hospital Surgeons.

ART. 63^d—To each Field Hospital there shall be attached three or more Assistant Surgeons, as may be required to do the duty of the Hospital, under the immediate orders of the Field Hospital Surgeon.

Number of Assistant Surgeons to be appointed.

ART. 64th—To each Field Hospital there shall also be attached an European Steward with the pay of Sonat Rupees fifty per mensem, and an European or Portuguese Compounder with the pay of Sonat Rupees thirty per mensem; but all the other servants required for assisting in the Dispensary, and in fomenting and dressing the wounded men, are to be furnished by the Field Surgeon.

An European Steward and Compounder & two Native Doctors, allowed; all other servants to be supplied by the Field Hospital Surgeon.

ART. 71st—To each Field Hospital there shall be attached a Native Hindoo Doctor, and a Native Mussulman Doctor, at Sonat Rupees twenty, each, per month, to be paid by Government; but all the other servants required for the Native Division of the Hospital shall be furnished by the Field Surgeon.

ART. 72^d—The European and Native Divisions of the Hospital, with their respective establishments of servants, to be carefully kept separate and not allowed to interfere with each other.

The European and Native Divisions to be kept separate.

ART. 53^d—The Regimental Surgeons (of European corps) are to continue to draw the general per-diem allowance, and to receive the regulated stoppages from the pay of each man of their corps, who may be sent into the Field Hospital, and who are to be returned under the head "Sick in the Field Hospital."—(For G. O. G. G. 9th July 1807 prohibiting stoppages being made from the pay of wounded Soldiers, and fixing compensation in lieu thereof to the Surgeons, *vide page 315.*)

The medical allowances for men in the Field Hospitals to be drawn by the Regimental Surgeons, by whom the charges of the Field Surgeon are to be defrayed.

ART. 54th—The Field Surgeons to be allowed one Rupee per diem for every European Soldier under their charge, which expence is to be defrayed by the Surgeons of the corps to which the men belong, and to be deducted from their general per-diem allowance and stoppages, conformably to returns properly vouched, as in the manner following, and transmitted to the Paymaster by the Field Surgeons.

ART. 55th—The Field Hospital Surgeon's monthly charge against each Regimental Surgeon, accompanied by a roll of the names of the patients, specifying the Company to which they belong, is to be certified by the commanding Officer of the Corps, as corresponding with the number of Sick, and the number of days they were in Hospital, and to be then sent to the Paymaster in order that the amount may be deducted from the abstracts of these Surgeons, respectively.

Charges of the Field Surgeon how to be certified and paid.

ART. 56th—For the sick of His Majesty's Regiments, the Field Hospital Surgeon shall transmit his bill, certified as before directed by the commanding Officer, to the Paymaster of such Regiment, who will take the same measures for receiving the amount from the

Regimental Surgeon, and draw a bill for such amount on the Paymaster of His Majesty's Troops, in favor of the Field Hospital Surgeon.

If the charges exceed two thirds of the allowance drawn for any Corps, the excess will be defrayed by Government.

Provision of diet, clothing, servants, &c. for the Patients to be made by the Field Surgeon.

ART. 57th—In the event of so many men being sent into the General Field Hospital, from any particular corps, that the allowance to the Field Surgeon of one Rupee per diem for each man will amount to more than two thirds of the general per-diem allowance and stoppages for the Regiment, the excess is to be defrayed by Government.

ART. 58th—For the above-mentioned allowance of one Rupee per diem, for each European Soldier, the Field Surgeon shall provide the patients with diet, Hospital clothing and bedding, servants to attend them, wine, Bazar medicines, spirits, materials for poultices and fomentations, lint, bandage cloth, and every other article required for the sick and wounded men, Europe medicines and instruments excepted.

DOOLIES.

Doolies for the Sick of the Army how to be provided.

ART. 40th—The Doolies for the use of the Sick of the Army are to be provided at the expence of the Hon'ble Company, and are to be constructed under the superintendence and direction of the Barrack-master at the station, and of the senior Quartermaster where there is no Barrack-master.

The Doolies are to be provided on estimates to be previously submitted to Government,

through the Military Board, and to be constructed conformably to a pattern that will be approved by a Committee of the Military and Medical Boards.

Ref. M. B.
21st Mar. 1809

With a view to the deposit of an approved pattern Dooly at each of the principal Stations, as has recently been done with respect to barrack cots, agreed, that the Executive Officer be requested immediately to construct six more Doolies, corresponding in every respect with that lately made by him, after the distribution of which to the several stations, the wants of the public service may, as they arise, be provided for at a short notice by contract or agency, as Government may be pleased to determine.

A pattern Dooly to be deposited at each of the principal Stations.

G. O. V. P.
21st May 1811

It having been reported to Government that great inconvenience is experienced from the practice which prevails of keeping Doolies in the Verandas of Hospitals, the Vice President in Council prohibits more than one Doolie, which is always required to be in readiness for immediate use, being in future lodged there; and authorizes an extension of the store rooms of corps by the addition of 30 feet to the store room of a Regiment of European Infantry—20 feet to that of a Regiment of Dragoons,—10 feet to that of a Battalion of Native Infantry,—and 8 feet to that of a Regiment of Native Cavalry, expressly for the purpose of affording cover for the Doolies, not in constant use at the Hospital of each corps.

Doolies delivered to corps to be kept in the Regimental Store room and included in the Quarterly Returns.

G. O. C. C.
21st Feb. 1819

The Commander in Chief directs that the number of Doolies, the property of Government, which have been or may hereafter be received by corps of His Majesty's or the Hon'ble Company's Service, be regularly reported every quarter to the Military Board, and the condition of them at the date of the report to be particularly described.

A separate Report is for this purpose to be forwarded quarterly from His Majesty's Regiments; and the Quarterly Returns and Annual Survey Reports from corps of the Hon'ble Company's Service, are to describe the number of Doolies and their condition, in the manner prescribed for other articles of Military Stores.

in forwarding
medicines.

The Governor General in Council observing that adequate provision is not made by the existing regulations for facilitating the conveyance of Medical Stores from Cawnpoor to the Regimental Surgeons at the different Stations in the Upper Provinces, is pleased to determine that bills for charges necessarily incurred on account of that service, properly attested and countersigned by the Superintending or senior Surgeon, as well as by the commanding Officer of the Station, shall be presented by the Apothecary at Cawnpoor to the Paymaster; who is authorized to discharge them, and directed to forward them, agreeably to the mode observed with respect to other contingent bills, to the Department of Audit for examination, and for the final orders of Government. G. O. G. G.
6th June 1808

Intermediate advances, if found to be requisite, may also be supplied to the Apothecary by the Paymaster in like manner, by application from the Superintending Surgeon sanctioned by the commanding Officer, and such advances will be deducted from the Apothecary's bills when presented for payment.

(Contingent charges incurred at the Medical Depôts at Cawnpoor and Agra are now submitted, for the sanction of Government, through the Medical Board.)

DISPENSARY AT THE PRESIDENCY.

Regulations for
the Dispensary
at the Presi-
dency.

That the Governor and Council shall direct the medical stores to be placed under the care of an Apothecary, who has been brought up in a Druggist's shop, and that the receipts and expenditures of the stores shall be accounted for according to the form laid down. The Apothecary shall not, however, issue any medicines without an order signed by the Hospital Board; and shall once in three months give in a state of the stores, with the expenditure and vouchers, as well as a list of such medicines as may be wanted for the service of the next quarter. When any of the medicines are damaged, a Surgeon and two mates are to survey them, and to report such as are unfit for service to the Hospital Board, who will condemn, and dispose of them, as they shall think proper.

Forms and regulations to be observed by the Apothecary Medicinal Store-keeper, at each of the Presidencies in India.

When the medicines arrive from Europe, the chests are to be regularly ranged, according to their numbers, and a packing invoice, pasted upon a sheet of pasteboard, to hang in the most conspicuous part of the store, for the purpose of directing him the more readily to find the articles wanted.

When the articles required are expended in any particular chest, a dash is put under the number of the chest; and when the whole quantity sent in a division is expended, a dash is put under the quantity, as in the example above stated. The whole of the aq. alexr. fpts. of the 1st division, and that contained in No. 3, of the 2d, 1785, is marked expended, so that all the remaining aq. alexr. fpts. of that year, is contained in the chests 4 and 6, of the 2d division; by which method, the articles wanted are readily found, and a needless rummage, so detrimental to medicines, prevented.

A few sheets of paper are to be folded up into a quarto book, for each division of medicines, and the number and date of the division is marked on the outside cover; in which book, an account will be kept of all the medicines taken out of every chest, two or three pages being left for every chest, in the following form:

To prevent confusion in the foregoing ledger, a considerable quantity of each article will be taken out and credited at once, and placed regularly on shelves to answer daily demands—the survey [C] column credited, not issued.

When any division of medicines is near expended, and when a few odd articles only remain, for which there is no great demand, such articles are to be credited in the ledger, by being marked, transferred to old stores, and the division broken up.—See survey C, column 1st.

All the medicines received from England are to be registered in a folio book kept for that purpose, in which is also to be entered, surveys of medicines remaining in store, and all the demands made for future service in the following forms:

During the first year of service, it will be impossible to ascertain the medicines necessary for the ensuing year exactly; but a state of the current expence will give some assistance. A return prepared in the following form, leaving the last column blank, that the quantities demanded may be ascertained by the Physician, &c. will be found necessary.

N. B. By Hospital Affortments is meant a certain proportional quantity of medicines and materials necessary for the service of a particular hospital: those for an Hospital above 500 are to be termed large, and those for an hospital under that number, small hospital affortments; these affortments, neatly prepared, are to be kept on the medicine store, ready for supplying any of the hospitals as soon as required, to consist of medicine, utensils, &c. proportioned to the number of men the hospital is intended to contain.

When medicines are sent to the hospital in large quantities, they are to be put up in large boxes, tins, and bottles; but if the Apothecary, or the person who has the charge of the medicine stores, cannot get sufficiency of vessels to answer the demands from the several hospitals, the medicines should be put into boxes canistered, and bottles of different sizes, marking on each the quantity they contain; by which the hospital store will be supplied with a proper variety of containing vessels, and consequently the orders of the Regimental Surgeons will be the more readily supplied.

By the above method, it will appear that the quantity of every medicine remaining in store may be found by a bare inspection, without spoiling the medicines by an actual survey, which is only required for those articles taken out and placed upon the shelves, marked credited and not issued. A proper quantity of medicines, sufficient for the service, may be kept without charging the hospital with an unnecessary load on the one hand, or letting the Army be in want of medicines on the other.

HOSPITAL WINE.

C. O. G. G.
28th May 1807
Medical Reg.

ART. 26th—Wine being the most important article of expenditure in Military Hospitals, the following regulations respecting it shall be strictly observed and followed.

Provision of Hospital wine.

ART. 27th—The wine for the use of the Hospitals, after being examined and approved by a Committee, to consist of three Members to be formed from the Military and Medical Boards, shall be purchased at Calcutta, on the public account, under the especial authority of the Government.

ART. 28th—Whenever it may be necessary or expedient to purchase wine for the use of the Hospitals, the Military Board, after having obtained the authority of Government for that purpose, will advertise for proposals for furnishing the wine by contract, describing the quantity and the quality of the wine wanted, and requiring such persons as may be desirous of supplying wine to transmit their proposals, accompanied by musters of their wine, to the Military Board Office; the proposals are to be reported on in the usual manner, and submitted with the report for the consideration and orders of Government.

(The wine is now imported by the Honorable Company, and issued to the Garrison Store-keeper under the orders of Government from the Import Warehouse.)

ART. 29th—The wine, when purchased, shall be bottled and put up in chests and half chests, each of which shall be marked "Hospital Wine," and have the seals of both Boards affixed to it.

Proc. G. G. 2d
January 1809

The Military Board will direct the Garrison Store-keeper to take such measures as will enable him to ascertain the exact expence which is incurred on account of breakage in bottling wine in his department.

The exact expence of breakage in bottling the wine to be ascertained.

Res. M. B. 11th
Sept. 1810

Resolved, that an extract of the proceedings of the Committee assembled at Cawnpore to report the state of the Hospital wine (contained in 10th, 11th and 12th Paragraphs) be transmitted to the Garrison Store-keeper, desiring that he will attend to the recommendation contained in the 10th paragraph, relative to the size and shape of the boxes, to be used in future, for the package of wine destined for the supply of the Field Stations, making them as light as possible, consistently with a due regard to strength, for eventual transportation with an Army in the Field.

Regulations to be observed in bottling and packing the wine.

The Garrison Store-keeper is also requested to adopt the suggestions contained in the 11th and 12th paragraphs, and to have a proper seal prepared as soon as possible for marking the Hospital wine.

— 10th—The Committee recommend that the wine, particularly all destined for Depôts in the Field, should in future be packed in oblong boxes of five dozen each, so as to be wieldy, and adapted at once for either wheel carriage or carriage on camels.

— 11th—That in future the cork of every bottle may be cut even with the mouth of the bottle, and sealed over with an impression of the Honorable Company's crest, and under it in very legible characters the words "Hospital Wine."

— 12th—That the date of the package be marked in a manner to be permanent on every box, whereby the Store-keeper may be enabled always to issue the oldest wine.

Depôts of Hospital wine established at Cawnpoor and Agra.

Government have resolved that Depôts of wine for the sick should be established at the Stations of Cawnpoor and Agra, and that the quantities, to be deposited at these Stations, should at least be equal to the consumption of the Regimental Hospitals for twelve months.

Let. Sec. Medical Board, 23d May 1808

Regulations for the deposit of the Hospital wine at Stations in the charge of the Paymasters, &c. &c., who will supply it to the Regimental Surgeons.

ART. 30th—Such a number of chests as may be required shall be dispatched from time to time to each of the Military Stations where there are Deputy Paymasters, and be there deposited, for the use of the Hospitals, under the charge of the Deputy Paymaster attached to the Station, who is hereby strictly enjoined not to serve out any of the wine for any other purpose.

The wine for the Hospital at Calcutta shall be deposited under the charge of the Paymaster to the Troops at the Presidency Station.

G. O. G. G. 28th May 1807 Medical Regns.

The wine for the use of the Station of Danapoor is to be deposited under the charge of the Barrack-master, and is to be issued by that Officer to the Regimental Surgeons under the same rules as have been prescribed in the case of Paymasters; the quantities of wine issued, and the Surgeons receiving it, will be reported by him, monthly, to the Deputy Paymaster, at Berhampoor, who will make the returns prescribed in the 33d Article of the Medical Regulations.

G. O. G. G. 28th Aug. 1807

The Vice President in Council having resolved that the Hospital wine, for the use of the Troops at Meerut, shall be placed under the charge of the Deputy Paymaster at that Station,—Ordered, that the necessary measures be taken for providing that Officer, as early as practicable, with a supply equal to twelve months' consumption, authorizing the immediate erection of a godown for its lodgement.

Res. M. B. 21st May 1814

The Governor General in Council directs that 20 Rupees per month be allowed to the Deputy Paymasters for the rent of a godown for the deposit of the Hospital wine, with the exception of the Paymaster at Chunar.

Proc. G. G. 5th Oct. and 2d Nov. 1807

The Paymaster at the Presidency is allowed to draw 20 Sonat Rupees per month, for the hire of a godown for the reception of the wine, required at the Presidency, under the new Medical Regulations.

The Paymaster at Chunar is authorized to draw 10 Sonat Rupees per month, for a Lalla for the purpose of attending to the receipt, issue and keeping an account of Hospital wine.

The Deputy Paymaster to the Garrison at Agra is authorized by his Lordship in Council to entertain a Lalla, at 10 Sonat Rupees per mensem, for the purpose of attending to the receipt, issue and keeping an account of the Hospital wine entrusted to the charge of that Officer; and the Military Board will issue the necessary orders for a Store-room being delivered over to the charge of the Deputy Paymaster for the deposit of the wine.

Proc. G. G. 11th July 1808

ART. 31st—The Surgeon of the Calcutta Hospital, and the Regimental Surgeons, shall at all times be supplied by the Paymaster and the Deputy Paymasters with whatever quantity of Hospital wine they may require for the use of the sick, but for no other purpose, at a fixed price, the amount of which shall be deducted from their monthly allowances, and they shall on no account be permitted to use any other wine in their Hospital.

Art. 33d—The Paymaster and Deputy Paymasters shall transmit, to the Military and Medical Boards, Monthly Returns of the wine furnished by them to the Regimental Surgeons, and of the quantity remaining in store under their charge, to enable those Boards to take measures for having a stock of wine constantly lodged at the principal Military Stations, sufficient for the usual expenditure on account of the sick, and also for emergencies.

Monthly Returns of the wine to be furnished by the Paymasters.

Princ. G. G.
14th Mar. 1808

The Governor General in Council is of opinion that the duty of forwarding the consignments of Hospital wine to the principal Military Stations, as prescribed by the 33d Article of the Medical Regulations, including the provision of boats for the purpose, should be conducted under the immediate superintendence of the Military Board, in conformity to such arrangements in regard to the amount of the consignments and periods of dispatch, as from time to time may be formed by the Military and Medical Boards in concert with each other, for the furtherance of that service.

The wine to be forwarded under the orders of the Military Board.

Res. M. B.
30th Jan. 1810

Ordered, that a statement be prepared by the Secretary of the balances of Hospital wine at the several Stations of the Army, agreeably to the latest returns, and transmitted to the Medical Board with the Board's request to be informed what supplies of wine it may, in the opinion of that Board, be advisable to send up to the several Stations, on the opening of the Cossimbazar River.

G. O. G. G.
13th May 1809

The Governor General in Council having had before him a report relative to breakage, which is stated to have taken place in the chests of wine, dispatched from the Presidency for the use of the Hospitals at the Upper Stations of the Army, deems it proper to notify for general information, that, as the breakage must be very inconsiderable, if any, provided the wine be carefully and properly packed in the chest, it does not appear necessary that any allowance should be made on that account; and in order that the responsibility for the due package of the wine may be fixed upon the proper person, his Lordship in Council is pleased to direct that the chests, immediately after their arrival at a Station, shall be opened in the presence of the Deputy Paymaster and of a person who is to be deputed by the commanding Officer of the Station, for the purpose of examining the contents of each chest, and to report to the Military Board any breakage that may be found, in order that the same may be charged to the person by whom the wine was dispatched from the Presidency.

Regulations for the Survey of the wine on its arrival at Stations, and attaching responsibility for the breakage that may occur.

By this arrangement the Deputy Paymaster will be held responsible only for the quantity of wine that comes into his possession; and in the same manner the Surgeons are to be held responsible only for the breakage occurring after the delivery of the wine to them or to their order.

Res. M. B.
24th July 1810

On the arrival of the wine for the Medical Department at Stations, commanding Officers will give the usual orders for the chests containing it being opened in the presence of a Committee (with a view to ascertain the number of bottles that may be broken) at the Deputy Paymaster's godown, in the presence of the Deputy Paymaster's Sircar and people in attendance to take charge of it, who will afterwards carefully re-pack it in the chests, after which the Garrison Store-keeper is to be exonerated from all responsibility on account of the wine.

The chests are to be opened and the bottles taken out of them by the Garrison Store-keeper's Sircar, who goes in charge of the wine, but the wine is to be replaced in the chests by the Paymaster's people, who will be responsible that it is properly packed.

The Board leave the regulation of the spare tonnage entirely to the discretion of the Garrison Store-keeper.

The Governor General in Council also approves the additional Regulation proposed by the Board, viz.

That it is to be considered a part of the duty of the Medical Board and of the Surgeon for the Hospital for Insanes to enquire into the situations of the Families of the Military Patients in the Hospital, and into that of the Widows and Orphans of those who may die, and report the same to his Lordship in Council, who will thereby be enabled to grant the requisite relief.

Before any person shall in future be admitted into the Hospital, or as soon after their admission as may be practicable, such patients, whether sent in on account of Government or individuals, shall be examined by a Member of the Medical Board, who shall give his opinion in writing to the Surgeon in charge respecting their situation, and the propriety of their being received.

The Institution is to be considered as under the superintendence of the Medical Board, who shall visit the Hospital frequently, and be held responsible that due care and attention is paid to the welfare of the patients.

The Surgeon shall send to the Board weekly returns, comprehending the patients of all descriptions under his care; and the Board shall transmit to Government a report of the state of the Hospital on the first Monday of every month.

The allowances of the different classes of Patients maintained in the Hospital at the expence of the Hon'ble Company shall be as follows:

For Civil covenanted Servants the sum of Sicca Rupees 150 per mensm.

For all the Military Servants of the rank of Ensign or under, the pay, batta and gratuity of their respective ranks.

For all Military Servants of the rank of Lieutenant and above, the pay, batta and gratuity of Lieutenant.

For persons employed in the Pilot Service the net pay or pension of their respective ranks.

For persons not in the Service, who had been in the situation of Gentlemen, Sonat Rupees 100 per mensm.

For female Patients, who had been in the situation of Gentle women, Sonat Rupees 150 per mensm.

For the lower classes of Europeans, Sonat Rupees 15.

These allowances shall be paid by the Paymasters of the respective Departments, the bill being previously audited by the Medical Board, who shall specify on the first bill for every new Patient, the date of the order of Government for the person being admitted into the Hospital.

When Military Patients are sent to the Hospital a certificate of the last pay they have received to be transmitted to the Surgeon in charge.

Whenever any Patients are sent from any corps of the Army to the Hospital for Insane Persons, the commanding Officer of the corps will, at the same time, send to Mr. Dick, Surgeon to the Hospital, a certificate of the last pay and batta drawn for the Patient; and Mr. Dick will forward that certificate with his first bill on account of the Patient.

and one Cooly, at 4 Rupees per month, for every two Patients.

Resolved, that the Purveyor be directed to furnish 20 strong cots with boarded bottoms; 6 feet long by three feet wide, with a mattress and pillow case of canvas, for each cot, to be occasionally filled with fresh straw.

Proc. G. G. 30th Oct. 1803

The Governor General in Council has resolved that the Hospital, established at Monghyr, shall be exclusively appropriated for the reception of Insane Native Soldiery, according to the original intention of Government. Such other persons, however, as have already been received into the Hospital must of course be continued there.

Which is to be exclusively appropriated to the Insane Native Soldiery.

Ext. Let. Adj. Genl — Oct. 1797

The Governor General in Council has concurred in the propriety of building Hospitals, for the reception of diseased women at the Stations of Danapoor, Berhampoor, Cawnpoor and Futty-Ghur; and the measure is to be carried into immediate effect.

Establishment of Bazar Hospitals for the reception of diseased Native women at the several Stations of the Army.

A Hospital to be built in some convenient part of the Bazar, surrounded with a mud wall. Proper servants and victuals for the women will be allowed at the public expence, as hereafter detailed.

G. O. G. G. 7th Jan. 1811

The Governor General in Council authorizes the establishment of a Bazar Hospital for Native women at Ghazcepoor, under the same regulations as are prescribed for those at other Stations of the Army where such Hospitals are established.

G. O. G. G. 11th Sept. 1807

Ordered, that a Hospital, for the reception of diseased Native women, be established at each of the Stations of Muttra and Agra.

Proc. V. P. 30th Jan. 1810

The Military Board are authorized to direct Major Penson to construct a Hospital at Meerut, for the reception of diseased Native women, on the same scale as the building which is appropriated to that purpose at Cawnpoor.

G. O. C. C. 1st Mar. 1809

Field Army Orders, by Major General St. Leger directing the temporary establishment of a Hospital for diseased Native women, with the division of the Army in Sirhind, are confirmed.

G. O. G. G. 11th Sept. 1807

Ordered, that the Hospitals established at Military Stations for diseased Native women, shall be placed under charge of the Civil Surgeon resident at the station or in its vicinity, under the controul of the nearest Judge and Magistrate.

In the event of the Civil Surgeon residing at too great a distance to admit of the requisite attendance and controul, the senior Regimental Surgeon at the Station, actually present, shall have charge of the Hospital.

In either case the Surgeon will be authorized to draw in a contingent bill, to be accompanied by a return of the women countersigned by the Superintending Surgeon, nine Sonat Rupees per month for each Patient. This allowance to include diet, Europe and Bazar medicines, bedding, and every other expence, which it may be necessary to incur on their account.

These Hospitals are to be under the general controul of the Superintending Surgeon, whether under the charge of Civil or Regimental Surgeons.

The Provincial Commander in Chief will be pleased to determine the Stations at which the Civil Surgeons shall have charge of the Hospitals for Native women.

Determining the Surgeons in charge of the Hospitals are to be placed under the controul of the Superintending Surgeon.

The Hospitals for diseased women at Agra and Cawnpore, on the establishment prescribed in General Orders of 21st September last, are placed in charge of the Civil Surgeons, and, at the other Stations where this institution is allowed, under the immediate charge of the senior Regimental Surgeon present, subject in every instance to the vigilant controul of Superintending Surgeons, respectively.

G. O. G. C.
26th Feb. 1899

The Governor General in Council is pleased to direct that the Surgeon in charge of the Medical Depot at Cawnpore shall have charge of the Hospital for Native women at Cawnpore.

Regulations for the Medical Department with a division of the Army proceeding on service.

Superintending Surgeon appointed.

Field Surgeons.

With the sanction of the Governor General in Council, the Commander in Chief is pleased to direct that the Medical Staff of the expedition, now preparing for foreign service, shall be constituted as follows.

G. O. G. C.
4th Feb. 1894

One Superintending Surgeon, who shall exercise a general controul and authority over the whole of the Medical Department, and who shall draw the same salary with that of a Superintending Surgeon of a Field Station on this establishment.

One or more Field Surgeons to have the charge of Field Hospitals, subject to the immediate controul of the Superintending Surgeon.

The Field Surgeons to draw the salary and allowances fixed for that situation, only during the period of their being actually in charge of Field Hospitals.

Medical Store-keeper and Apothecary.

An Assistant Surgeon to be nominated to the situation of Medical Store-keeper with the expedition, and to be allowed an Apothecary to assist him in the performance of the duties of that appointment: the Medical Store-keeper and Apothecary to draw the salaries fixed for those situations, respectively, by the orders of Government under date the 10th August, 1810, viz.

The Assistant Surgeon acting as Medical Store-keeper to draw, in addition to the pay and batta of his rank, an allowance of Sonat Rupees two hundred per mensem. The pay of the Apothecary to be Sonat Rupees one hundred per mensem.

Proportion of Surgeons appointed to Corps, &c. and regulations for their drawing the medical allowances.

Two Assistant Surgeons to be appointed to the Detachment of Artillery, the senior of whom to have medical charge of the Detachment and to draw the established allowances. The Assistant Surgeon who may be nominated to this charge, will immediately provide himself with the bedding, clothing, &c. required for the Regimental Hospital of the European Artillery detail specified in General Orders, and report to the Adjutant General when such equipment shall have been completed, in order that a Committee may be appointed for the survey of the same.

Two Assistant Surgeons to be appointed to each Battalion of Native Infantry proceeding on the expedition; the senior Assistant Surgeon to have medical charge of the corps, and to draw the established allowances.

Five disposable or unattached Assistant Surgeons to proceed with the Troops from this Presidency to be employed as Field Hospital Mates, or otherwise, as the nature of the Service may require.

From the time that the Troops embark, and during their continuance on board of ship, the senior Military Surgeon or Assistant Surgeon on each vessel shall have medical charge of the men allotted to their respective ships during the voyage, and draw for them the established allowances, viz.

For each European, including commissioned Officers, Sonat Rupees 2-8 per mensem.

For Native Infantry and Gonds, Sonat Rupees 2-8 for every hundred men borne present on the Muster Rolls of corps, including European commissioned and non-commissioned Officers.

For Gun Lascars, Sonat Rupees 16, for every hundred men borne present on the Muster Rolls: for these allowances the Surgeon or Assistant Surgeon shall provide every article required for the sick, diet excepted.

Each Surgeon or Assistant Surgeon who shall have charge of men on board of ship shall submit to the Medical Board, previous to the embarkation of the Troops, statements of the number and description of men of which they are to have charge, respectively, together with indents for wine and medical stores, in order that the Board may judge whether they supply themselves with a sufficient quantity of these articles for the use of the men under their care, for a voyage, the duration of which is to be calculated at a period of three months.

On the arrival of the Troops at the place of their destination, the senior Medical Officer attached to each Corps shall resume the medical charge of it.

The Medical Board will be pleased to instruct the Honorable Company's Apothecary to prepare a sufficient stock of Europe medicines and instruments for the expedition, to be made over to the charge of the Medical Store-keeper.

The Commissary General is directed to adopt the necessary measures for the provision of Hospital cots, bedding and clothing, &c. for 900 men. These, when prepared, shall be carefully examined and approved before embarkation, by Committees, consisting of Military and Medical Officers: they shall however be continued under charge of the Commissariat, and on the arrival of the expedition at the place of its destination and during the course of its operations, shall be delivered over to the Surgeons who may be placed in charge of Field Hospitals, in such proportions as the Superintending Surgeon of the Force may consider necessary, charging such Field Surgeons at the rates which the articles may have cost Government.

The provision for each man to consist of 1 Cot—1 Mattress, with one large and two small pillows (to be left empty and stuffed with straw when used)—2 Sheets—1 Quilt—2 Bed Gowns—2 Shirts—2 Night Caps and 2 pairs Long Drawers.

The Commissary General will further be pleased to obtain from the Hon'ble Company's stores, 25 pipes of Madeira wine for the use of the Troops proceeding on the expedition, and will take measures for having one third thereof immediately bottled off, and packed in chests containing six dozens each, for the purpose of more conveniently supplying the wants of Regimental Surgeons on the landing of the Troops, and during the continuance of the projected service.

The wine to continue under charge of the Commissariat, whence Regimental and Field Surgeons will be supplied with the necessary quantities on indents sanctioned by the Superintending Surgeon of the Force, at the same rate which is paid by Regimental Surgeons at this Presidency,—(viz Sicca Rupees 14 8 per Dozen.)

Proportions of medicine and Instruments to be supplied from the Dispensary.

Provision of Hospital cots, bedding, &c. for the Field Hospital.

Provision of wine for the Field Hospital and Regimental Surgeons.

Explanation to be made to men enlisting in corps other than those of the line, of the nature of the duties they will be required to perform.

THE Provincial Commander in Chief desires that commanding Officers of corps raised for any purposes of the State, different from those usually required in Regiments of the Line, will be most particular in explaining to the satisfaction of every man, previous to enlistment, the precise nature of the Service in which he is placed, and the signal punishment to which any future disobedience must subject him.

G. O. P. C.
14th Sept. 1805

BODY GUARD OF THE GOVERNOR GENERAL.

Constitution of the Body Guard of the Governor General.

The Hon^{ble} the Governor and Council have been pleased to order the raising of one Troop of Hindoostany Cavalry for the Service of a Body Guard, to be composed as follows:

M. C. 22d
Jan. 17/4

1 Captain—4 Sergeants—6 Duffadars—2 Trumpeters—100 Rank and File—1 Farrier—2 Behishias—1 Sircar.

The Vice-President in Council, by desire of the Governor General, passes the following Orders.

G. O. V. P.
19th Nov. 1805
G. O. G. G.
14th Dec. 1806

That the Governor General's Body Guard shall be reduced to the strength detailed in the annexed statement, and be constituted in the manner following:

Establishment of the Governor General's Body Guard to take effect from the 1st January, 1806.

One Captain commanding—Two Lieutenants—Two Subadars—Four Jemadars—Six Havildars—Six Naicks—Two Trumpeters—One hundred Troopers—Two Farriers.

STAFF AND ESTABLISHMENT.

Staff and establishment of the corps.

One Adjutant (to be one of the Lieutenants)
One Serjeant Major—One Quarter-master Serjeant
One Drill Havildar—One pay Havildar
One Native Doctor
Six Lalcais—two Puckallies
One Native Riding Master at 26 Rupees per month—two Rough Riders; at each, 5 Rupees per month.

On the same Pay and Staff allowances as in the Regular Native Cavalry.

The Detail for the Body Guard to be included on the strength of the Regiments of Native Cavalry.

Each of the Regular Regiments of Native Cavalry of this Establishment shall be kept short of its established strength in a number of Native Officers and Troopers, which, in the aggregate, will be equal to the number of Officers and Troopers composing the Governor General's Body Guard.

The number of European Officers to consist of one Captain Commandant and two Lieutenants, one of whom is always to be Adjutant.

Number of European Officers appointed and their allowances

G. O. V. P.
15th June 1856

Officers attached to the Governor General's Body Guard are entitled to the full batta of their rank in cantonments within the Provinces.

G. O. V. P.
29th Nov. 1856

The commanding Officer and other European Officers of the Body Guard are to receive the horse rent of their rank, which has provided with quarters.

The commanding Officer is to draw the horse allowance of his rank, and is also to receive the pay of the rank superior to his Regimental Rank. (The Subaltern Officers attached to the Body Guard also receive the horse allowance of Lieutenants.)

Allowances to the commanding Officer

G. O. G.
15th Feb. 1856

The Governor General in Council authorizes the several rates of allowances for the Governor General's Body Guard as follows:

To the commanding Officer for repairs of arms and stationery per month	St. Rs. 75
For soaking the gun and preparing it for food,	30
For shoeing the Horses, supplying collars and cloths, head and heel ropes, curly-combs, muzzlers and physic, when required, for each horse,	2 0
For keeping in repair the Saddles and Horse Accoutrements, per set,	1 0
For furnishing cavellants, cotton ropes, &c., for the Drill, in the first instance, Sonat Rupees 117 4 5, and afterwards for keeping them complete, per month,	7 8

The Adjutant to the Body Guard is to receive the same allowance as that granted to an Adjutant of Native Cavalry, viz. Sonat Rupees 167 per mensem.

Adjutant's Allowance

The proportion of Syces, &c. for the Governor General's Body Guard, to be as follows:

Proportion of Syces and Grooms

One Syce for each Horse of the Native Commissioned and non-commissioned Officers, Sergeants, Farriers and Native Doctors, and for the Troopers' Horses, in the proportion of one Syce to three Horses. (For proportion of Grasscutters, allowances to Syces, *vide* page 261.)

Half batta is only to be allowed to the Native Doctor, Syces, Grasscutters and Lascars of the Body Guard, when not in the field.

The establishment only to receive half batta.

G. O. V. P.
29th Nov. 1856

The rates of pay to the Native Officers and Troopers of the Body Guard shall be the same as that of the corresponding ranks in the Regiments of Native Cavalry in Bengal; but the Native Officers and Troopers of the Body Guard are at all times to receive full batta.

Rates of pay and batta for the Native Officers and Troopers.

The Body Guard is to be supplied with arms, accoutrements and saddles, (also with practice ammunition, when requisite,) by Indents on the Military Board, signed by the Adjutant of the Corps, and counter-signed by the Commandant.

Regulations for the provision of Arms, accoutrements, &c.

The same rates of off-reckonings to be deducted from the Native Officers and Troopers of the Body Guard as in the Native Cavalry, and to be drawn by the commanding Officer who will furnish them with clothing. (For regulations for the provision of the Clothing *vide* Chapter XVIII.)

Clothing.

The uniform of the Body Guard is the same as directed for the Native Cavalry, with blue, instead of orange coloured, facings.)

G. O. G.
15th Sept. 1856

The Governor General in Council is pleased to direct that no stoppages be made from the pay of the Native Officers and men of the Body Guard on account of half mounting.

Half mounting.

The commanding Officer of the Body Guard is to draw in a contingent bill an allowance for the provision of half mounting at the rate of one Rupee per month for each of the Native Officers, non-commissioned Officers and Troopers, Trumpeters, Farriers and Lascars, according to the actual number of effectives.

Lt. M. S. G.
29th June 1859
to M. S. B.

I am directed to inform you that the Governor General in Council is satisfied of the necessity of Troopers of the Governor General's Body Guard being furnished with cloaks, and to communicate the following remarks on the other question referred in your letter.

Adjutant's Allowance

It does not appear to the Governor General in Council to be equitable that the commanding Officer of the Body Guard should be required to furnish the cloaks out of his

share of the off- reckonings, unless the off- reckonings received by Officers commanding the regular corps are subject to a similar charge, which his Lordship in Council does not understand to be the case; neither does it seem just to expect that he should charge the charge out of the extra allowance for half mounting, which is intended to provide for specific articles of equipment, which are of course furnished from that source. If the ground on which the foregoing opinions are formed be correct, the only mode of providing the Troopers with Cloaks is by charging the expence to Government, as it cannot be expected that the men themselves should be exposed to any charge on that account.

The Native Officers, Troopers &c. attached to the Invalid Establishment.

The Native commissioned and non-commissioned Officers and Private Troopers of the Body Guard will be entitled, according to the existing regulations, to all the privileges of the Invalid Establishment. Proc. G. C. 22d Apr 1855

It is how to be provided.

The Horses that may be required in future to complete the establishment of the Body Guard are to be purchased by the Agent for the supply of Horses, (now Commissariat). G. O. V. P. 29th Nov. 1855

Agreed, to inform Government that the Board entirely concur in the opinion offered by the Board of Superintendence as to the conveniences and advantages of adopting the arrangement proposed by Captain Gall for the future supply of the remount Horses required for the Governor General's Body Guard from Poona. Ref. M. G. 24th July 1855

Grain required for feeding, to be furnished by the Garrison Storekeeper.

Ordered, that the Grain required in future for the Horses of the Governor General's Body Guard be provided by the Garrison Storekeeper of Fort William. G. O. V. P. 9th Jan. 1856

That the Grain be issued on daily indents, signed by the commanding Officer, at the established ration of five seers for each effective Horse; these Indents to be annexed as vouchers to the bills, which are to be checked in the Military Auditor General's Office on the general principles of the existing regulations for the Cavalry Grain Agency.

The Governor General in Council does not deem it to be expedient to allow an additional seer of grain to the Horses of the Body Guard for any part of the year. Proc. G. C. 16th Nov 1857

Committee for examining horses becoming unserviceable how to be assembled.

Previously to any Horses of the Body Guard being hereafter cast, the Governor General in Council desires that the Officer commanding the Body Guard will direct them to be inspected by a Committee consisting of such Officers of the corps as he may think proper to nominate for that duty, whose report is to be submitted to the Governor General in Council, with such propositions as the Officer commanding the Body Guard may have to make respecting the disposal of the cast Horses. Proc. G. C. 14th Aug 1856

The Body Guard to be mustered monthly by the Officer commanding at the Presidency.

The Body Guard is to be regularly inspected and mustered once a month by the Officer commanding at the Presidency Station. G. O. V. P. 29th Nov 1855

The Body Guard of the Governor General is to parade for Muster on the first of every month on such part of the Esplanade of Fort William as the commanding Officer at the Presidency may point out. G. O. V. P. 16th July 1856 13th Jan 1856

The Officer commanding the Body Guard will prepare the usual Muster Rolls and Returns.

The Vice President in Council deems it to be proper to explain that it was not intended by General Orders of the 29th November last, directing the commanding Officer of the Presidency Station to make a Monthly Muster of the Governor General's Body Guard, to alter the established mode of transmitting orders to the commanding Officer of that corps, or to impose on the Officer commanding at the Presidency any further duty than that of making the monthly inspection and musters.

Orders how transmitted to the Body Guard.

All orders respecting the Body Guard will be transmitted, as usual, direct to the Officer commanding that corps, by one of the Governor General's Staff, or by the Secretary to the Government, when necessary; and in cases in which the aid of any other authority may be requisite, the necessary communications will be made to such authority.

CORPS OF PIONEERS OR SAPPERS.

Constitution of the Corps of Pioneers or Sappers.

The Commander in Chief, with the sanction of the Governor General in Council, is pleased to order a corps of Pioneers to be raised at Cawnpore: the corps to consist of three companies. G. O. C. C. 28th July 1855

The Corps of Pioneers and Sappers is placed under the general superintendence and direction of the Quarter-master General.

The Corps of Pioneers placed under the superintendence of the Quarter-master General.

G. O. C. C. 1st Dec. 1809

Lieutenant J. Swinton, of the 1st Regiment of Native Infantry, is appointed to the command of the Corps of Pioneers from the 1st of September 1811.

Commanding Officer appointed and his allowances fixed.

The Governor General in Council is pleased to determine that the Officer commanding the corps of Pioneers shall be allowed a personal salary of Sonat Rupees 200 per mensem in addition to the pay, batta and allowances of his Regimental Rank, in place of being allowed the batta of the next superior rank for commanding that corps.

Proc. G. O.
12th June 1806

(The commanding Officer also receives the surplus off-reckonings of the corps.)

Allowances for Subaltern Officers of Pioneers and how to be drawn.

The Governor General in Council authorizes an allowance to each of the Subaltern Officers of the corps of Pioneers, equal to the allowance of an Assistant Field Engineer, viz. Sonat Rupees 112 per mensem.

Proc. G. O.
18th Aug. 1803

The Subaltern Officers of Pioneers are ordered to draw their Staff Allowance in abstract.

G. O. C. C.
7th Apr. 1804

Adjutant and Serjeant Major appointed.

The Governor General in Council having authorized, on the 15th July last, the appointment of an Adjutant and Serjeant Major to the corps of Pioneers, the Vice President in Council is pleased to direct that both be considered as Non-effective Staff.

G. O. V. P. 3d
Oct. 1809

The Governor General in Council is pleased to authorize the Military Auditor General to pay to the Adjutant of Pioneers the established allowance to a Subaltern of Pioneers, viz. Sonat Rupees 112, in addition to the allowances of Adjutant to that corps.

Proc. G. O.
16th Oct. 1810

The Military Auditor General is authorized to remit the retrenchment of Sonat Rupees 20 drawn as the established monthly allowance for Serjeant Neither, of the Corps of Pioneers, who likewise receives the Staff allowance of Serjeant Major to the same Corps, upon the same principle as the Military Auditor General was authorized to remit a retrenchment of a similar nature against the Adjutant of that Corps.

Proc. G. O.
15th Dec. 1810

Allowances for the repairs of camp equipage.

The Adjutant of the Corps of Pioneers is authorized to draw for the repairs of the public Camp Equipage of that Corps a monthly allowance equal to that granted to a Battalion of Native Infantry for the same purpose.

G. O. V. P.
15th Dec. 1809

A Serjeant, as to a Battalion of Native Infantry, is allowed to the Corps of Pioneers for the deposit of camp equipage, ammunition, spare arms, &c.

For the provision of Targets, &c. Proportion of Petty Stores.

The Vice President in Council is pleased to direct that the allowance of Petty Stores granted to a Battalion of Native Infantry for the repair of arms, accoutrements, &c. and for providing Targets, shall be considered the fixed proportion for the Corps of Pioneers on its present establishment.

G. O. V. P.
5th Dec. 1809

(Detached companies are to be furnished from the above allowance.)

Separate indents to be prepared for the purchase of ammunition of detached companies.

The Officer in command of the Pioneer Corps to submit separate indents in future for the annual purchase of ammunition for each detached Company, to be drawn on the nearest magazine, in the proportion laid down on the 4th April last. (Vide Chapter XIII.)

Res. M. B.
5th Dec. 1809

The Serjeants are to exercise authority next to the European commissioned Officers.

The European non-commissioned Officers are to exercise authority and command next in succession to the European commissioned Officers, and are to be obeyed accordingly. (The Serjeants attached to the Corps of Pioneers receive a Staff allowance of Sonat Rupees 20 per mensem, each, in addition to the established pay and batta of that rank.)

The Vice President in Council is pleased to direct that every description of Artificers allowed for the Corps of Pioneers, as well as the Buglers, Lascars, Carters, and every other person attached to the Corps, be made component parts of companies, respectively, and be borne upon the rolls and mustered and paid as enlisted soldiers not liable to be discharged but under the same rules as are in force for the Corps at large.

Regulations for the carts attached to the Corps.

The carts furnished at the public expence for the carriage of the spare proportion of implements are to be maintained by Officers in charge of companies under the same regulations as are provided for the Quarter-master's carts with Native Corps. (Vide page 219.)

Pioneer Orders,
14th Jan. 1810,
approved by
the Comr. in
Chief.

The Bullocks, which are to be of the established standard height, are to be marked with the letter P on the right haunch, and the Drivers are to be regularly enrolled with the other establishments.

The fixed pay of a Driver is to be 5 Sonat Rupees per mensem, and to be regularly paid with the Corps, by Officers, respectively, out of the allowance granted for each cart.

Proc. V. P.
24th Oct. 1809

The Vice President in Council passes the bill drawn by Lieutenant Baldock for the cost of a bullock belonging to the established cart attached to the 4th company of Pioneers, killed at the assault of Bowanny.

Regulations approved by the
Comr. in Chief
23d Apr. 1808

The Commander in Chief directs that it be particularly explained to the present Corps of Pioneers, as well as to all parties that may be employed to recruit for it, that the Corps, by the reformation it is now about to undergo, will be raised to the same honourable level with the other Corps of the Company's Regular Army, and that the same consideration, which attaches in every situation to the character of soldiers in the British Service, will attach to the Pioneers or Sappers.

Determining
the duties to be
performed by
the Corps of
Pioneers or
Sappers in
peace and war

While the advantages to be derived to the Corps of Pioneers or Sappers under its new constitution are made known to the men, his Excellency considers it proper and necessary, that they should at the same time be fully apprized of the duties expected from them in return, both in peace and war, and accordingly desires that those duties be explained to them as follows.

In time of peace they will be employed in making, cleaning, and repairing roads, in the construction and repairs of fortifications, in the demolition of dismantled forts and of other works, and in giving occasional assistance in magazines.

In time of war, they will be employed as Pioneers in clearing and making roads for the Troops, Artillery and Baggage of the Army, and as Sappers they will be employed at sieges in carrying on the approaches, making the places of Arms, Parallels, &c.—Another part of their duty on such occasions will be to cut down materials and prepare from them fascines, gabions, pickets, &c. &c.

It is however to be understood, and his Excellency desires that it may accordingly be explained to the men, that no degrading works, or works unusual for Pioneers or Sappers to perform, will at any time be exacted from them.

G. O. C. C.
18th Nov. 1808

The companies of the corps of Pioneers, which may be at Stations from whence the Artillery march out to practise, are to march out and encamp with it.

The Pioneers are to be employed in preparing the ranges, in making fascines and gabions, constructing batteries, and in carrying on approaches, open and by sap, and they are to act in concert with the Artillery in all their operations.

The materials for the fascines, gabions, &c. are to be cut down at the nearest jungle, and the public cattle, either elephants or camels, are to be employed in sufficient numbers to bring it in.

Rope for tying the fascines to be indented for by the senior Officer of the Pioneer corps.

Pioneers are to supply the place of Bildars in the establishment entertained for the annual practise of detachments of Artillery, in such proportions as may be thought proper by the commanding Officer of the Station, on the application of the commanding Officer of Artillery.

Pioneer Orders
13th May 1810
approved by
the Comr. in
Chief.

Officers commanding detachments of Pioneers are directed, to exhibit in their details of works, a view of the labour of their detachments, comparatively with the expence which would otherwise have been incurred by the public for the same works executed by hired labourers, and charged for in contingent bills.

The rates to be according to what is understood to be the price of labour in the different situations in which the detachments may, from time to time, be employed; and the Native commissioned and non-commissioned Officers are to be charged for in proportion as overseers or head men.

Comparative statements, agreeably to the subjoined form, are to be prepared and continued monthly, always carrying on the amount of the last statement in continuation to the head of the subsequent accounts.

Monthly Reports of the work performed by Detachments to be made by Officers commanding them.

Regulations for recruiting the corps.

The existing Regulations for recruiting the Native Corps of the Line are to be generally applied to recruits enlisted for the Pioneers.

Regulations approved by the Comm. in Chief 23d Apr. 1808

The greatest care to be taken that no men are admitted into the corps of Pioneers or Sappers but such as from age, strength, and activity, are capable of undergoing its laborious duties.

The Commander in Chief authorizes recruits, of the standard of 5 feet 5 inches and upwards, to be entertained for the corps of Pioneers.

G. O. C. C. 4th Feb. 1809

A proportion of the different classes of labourers to be entertained in each Company.

Officers commanding Detachments of the corps of Pioneers, in supplying vacancies which may occur, are directed to entertain (per Company) six men who understand the business of making mud walls, two men of the class of Masons, two kutchabrick Makers, and one man who understands and has practised the business of digging wells.

Pioneer Orders 24th October 1809, approved by Comm. in Chief

It is particularly to be explained to the above classes, whenever any of them may be entertained, that they are to constitute a part of the effective strength of the companies in which they are enrolled, and consequently will be expected to use some of the description of tools in use with the corps, when not employed on work of their peculiar profession.

A remark is to be made in the descriptive long rolls of each Company opposite the men's names of the above classes who may hereafter be entertained, stating their profession.

Rates of pay and batta allowed.

The Corps of Pioneers or Sappers will receive pay and half batta when performing the ordinary duties of Pioneers in time of peace, and full batta whenever employed as Sappers or Pioneers on actual Service in the field, according to the rates of pay and batta allowed to the corresponding ranks in the corps of Regular Native Infantry.

G. O. C. C. 23d Apr. 1809

The Governor General in Council, on consideration of the Submitting Orders respecting the Pioneers in regard to pay and allowances and admission to the benefits of the Invalid Establishment, is pleased to determine that the Native commissioned, non-commissioned Officers and Privates of the corps of Pioneers, shall be entitled to draw full batta under the same circumstances of situation or duty, in which, by the Rules and Regulations of the Service, full batta is allowed to the Native Infantry on this Establishment.

G. O. G. G. 27th Feb. 1809

His Lordship in Council also determines, that the Native commissioned and non-commissioned Officers and Privates of the Corps of Pioneers shall be admitted to the benefits of the Invalid Establishment on the same footing as the corresponding ranks in the Corps of Native Infantry.

The corps of Pioneers admitted to the Invalid establishment on the same allowances as the Native Infantry.

Regulations approved by the Comr. Chief and Apr. 1808

In the promotion of Native Officers to complete the Corps of Pioneers, attention to seniority, where merits are equal, is to be the general rule: conspicuous bravery and tried fidelity will be considered proper exceptions.

Rules to be observed in the promotion of Native Officers

Each man to be armed with a good hanger in a belt of black leather, and one pistol with a small pouch and pouch belt.

The same stoppages as are authorized on account of half mounting for the Native Infantry of the Army, under the same Regulations, are authorized for the corps of Pioneers or Sappers.

Regulations for the supply of half mounting.

The stoppages are to be made from the same month's allowances as are prescribed for the corps of Native Infantry.

From the first year's stoppage each Non-commissioned and Private in the Corps of Pioneers or Sappers is to be furnished by the Commanding Officer of the Corps, with one uniform Turban with blue wax-cloth covering, one breast-plate and one working jacket of strong double linen, of such form and colour as may be approved by the Quarter-master General.

In future years in which Turbans and breast-plates may not require to be renewed, such other useful articles of half mounting as may be approved by the Commander in Chief are to be supplied to the corps of Pioneers.

Pioneer Orders 4th August 1810 approved by the Comr. in Chief.

The Lascars are to provide themselves with caps, Junghees and Cumberbunds, of the same shape and colour as those now worn by the Privates of the Corps.

The Smiths, Carpenters, Puckally Behisties and Carters are also to furnish themselves with red linen Turbans and Cumberbunds, and lead coloured linen jackets.

Regulations approved by the Comr. in Chief and Apr. 1808.

The commanding Officer of the Corps of Pioneers or Sappers is not to have the power of granting discharges to non-commissioned Officers or Privates, nor of discharging Privates not fit for the service nor entitled to be invalided, without the previous written sanction of the Commander in Chief.

Discharges how to be granted

Rolls of such men entertained who shall turn out unfit for the duties of the Corps, or who shall apply for their discharge, to be transmitted to the Quarter-master General.

CORPS OF MINERS.

G. O. C. C. 29th Apr. 1808

And at the
Court of Dou-
lut Rao Scinde-
ah.

The Infantry Escort for the Resident at the Court of Doulut Rao Scindeah, having been formed of the following detail, from the detachment commanded by Lieutenant Colonel Bowie, the whole are to be struck off the strength of their respective corps.

Two Subadars, two Jemadars—ten Havildars—ten Naiks—four Drummers and Fifers—one hundred and eighty Sepoys.

The complement of Sepoy Pails, with the requisite carriage cattle, arms, accoutrements and ammunition to be supplied to the Escort on indent, previous to its march from Agra.

Pay and full batta is always to be drawn for the Native Troops composing the Escort, and in consideration of the very high price of provisions and other necessities in the countries in which the Escort will be employed, the Commander in Chief authorizes a tier of ottah to be served, gratis, daily, to each of the Native commissioned, non-commissioned Officers, Drummers, Sepoys and men composing the establishment of the Escort, subject to the confirmation of Government.

The Governor General in Council adopts the proposition of the Military Board for restricting the gratuitous issues of rice to the Escort with the Resident at the Court of Doulut Rao Scindeah, to the period in which a scarcity of grain may continue to prevail, viz. when less than 15 seers for the Rupee. Proc. C. G. 22d Feb. 1808

The Governor General in Council is pleased to acquiesce in the mode pointed out by Captain Broughton for the accommodation of the men composing the Escort at the Court of Doulut Rao Scindeah in making remittances through the channel of the Paymaster of the Escort, he giving drafts, for the amount of the several sums to be sent, in favour of the Collectors of the districts in which their families may reside. Rules for recruiting and promotion.

The Hindostanics belonging to this Corps, being intended to superintend the discipline and conduct of the Mountaineers, it is essential that they should themselves be well trained, and men of established characters: no new Recruits are therefore to be admitted into the Corps.

When vacancies happen among the commissioned and non-commissioned Officers of that description, promotions are to be made from the inferior ranks, provided there be in the Corps men fit for such promotion, and application is to be made to the Commander in Chief for Privates to fill up the vacancies, who will be ordered from some of the Regular Corps in the Service.

All promotions of the commissioned Officers are to be made by the Commander in Chief, and commissions will be issued by him to the Subadars and Jemadars, who shall be hereafter promoted.

The benefit of the Invalid Establishment extended to the Corps of Hill Rangers.

The men belonging to this Corps, whether Mountaineers or Hindostanics, when disabled or worn out, if they shall have served the Company the prescribed period, are to be admitted to the indulgence of the Invalid Establishment.

They are not to perform the duty of guarding convicts while working on the roads.

The Governor General in Council is pleased to direct that the Convicts at Bhaugulpoor, whilst employed upon the roads, be guarded by Burkundazes, as heretofore, instead of by the Corps of Hill Rangers.

The Men enlisted for the Ramghur Battalion are to be Natives of that District, and due regard must be paid to their height and strength.

The Native Officers for the Ramghur Battalion to be taken in the first instance, with the consent of the parties, from the Regular Battalions by promotion, but after the Battalion is completed, all promotion is to go in the Corps.

Native commissioned Officers are to be appointed by the Commander in Chief, at the recommendation of the Captain Commandant.

Allowances to the Commanding Officer.

Rules for Recruiting and promotion in the corps.

C. O. C. C. 14th July 1866 The Commander in Chief is pleased to promote Sumadan Sing, Jemadar in the Ramghur Battalion, to the rank of Subadar, in testimony of his Lordship's estimation of the judgment and gallantry displayed by that Officer in command of a party employed against a refractory Zemendar.

C. O. C. C. 14th July 1870 The Pay of the Ramghur Battalion, (exclusive of off-reckonings, which are the same as in the Regular Battalions,) to be as follows: Rates of pay

No batta or half batta to be granted to this Corps.

Proc. V. P. 14th Feb. 1870 and G. O. 14th Oct. 1870 The Vice President in Council authorizes the same batta as is allowed to the 1st Battalion 18th Regiment to be passed to the Ramghur Battalion whilst the two Corps shall continue on the same Service. It is, however, to be clearly explained to the Native Officers and men of the Ramghur Battalion, that this indulgence is never to be expected or granted but whilst they may continue to act, under similar circumstances, with the Regular Troops of the Line.

Batta under what circumstances allowed.

C. O. C. C. 8th Dec. 1870 The uniform of the Ramghur Battalion to remain, as at present, red, with green facings, white buttons and lace. Uniform.

C. O. C. C. 14th July, 1870 The benefit of the Invalid Establishments are not to extend to the Ramghur Battalion, excepting with respect to the Native Officers at first admitted into it. (Men of this Corps disabled by wounds or otherwise in the Service are also admitted to the benefits of the Invalid Establishment.)

The benefit of the Invalid Establishment restricted to those men who were appointed from Corps of the Line.

M. C. 13th January 1877 Resolved, at the recommendation of the Commander in Chief, that two three-pounder Guns be attached to the Ramghur Battalion (at present two four-pounder Guns) with one European Gunner or Matrofs, — eight Sepoys trained to the Gun Exercise — one Tindal and twelve Lascars to each Gun. — (For proportion of ordnance stores and practice Gun Ammunition allowed for the Ramghur Battalion, vide Forms No. 1 and 4, Chapter V.)

Establishment of Ordnance, Artillery men, &c. attached to the corps.

G. O. C. C. 28th Jan. 1877 The Commandant of Artillery is directed to select two careful fober gunners or Matrofs to be attached to the guns of the Ramghur Battalion.

Major Marshall is directed to entertain the Demand and Lascars allowed for the Guns, and to draw for the establishment of people; allowances for grease, charcoal, iron, &c. fixed for two guns by the Minutes of Council of 3d August, 1779. (Vide page 209.)

CALCUTTA NATIVE MILITIA.

Constitution,
Sec. of the
Corps of Cal-
cutta Native
Militia.

The Governor General in Council having determined, on the 29th ultimo, that a Militia M. C. July 1
Corps should be formed for the express purpose of supplying all guards and detachments that are now furnished from the Garrison of Fort William, for the Town and other duties; and thereby confining the Troops belonging to the regular corps to the duties of the Gar- rison and to the supply of those guards in the Town only, which are attached to the Go- vernor General and Commander in Chief, and furnishing the Sentries for the Council House and Treasury;—the Governor General was requested to give the necessary orders for raising this corps.

The Governor General in Council, deeming it necessary to augment the strength of the Calcutta Native Militia for the purpose of supplying the place of the Secondary Town Guards lately disbanded, and also of furnishing detachments for the duties under the Ma- gistrates of the Twenty-four Pergunnahs, has directed that corps to be placed on an entirely new establishment. G. O. G. G. 25th Sept. 1800

The Governor General in Council, adverting to his orders of the 25th September, for augmenting the strength of the Calcutta Native Militia, his Lordship in Council directs that an addition of five companies be made to that corps. G. O. G. G. 25th Nov. 1800

This increase is to provide for the duties at present performed by Sebundies at the un- dermentioned Stations.

Under the Magistrates at Hoogly—Jessore—and the Twenty-four Pergunnahs.

Under the Collector of the Twenty-four Pergunnahs.

Under the Salt Agents at Hidgelee—Tumlook—Twenty-four Pergunnahs—Roy- mungul—and Calcutta.

The commanding Officer at the Presidency is desired to instruct the Officer command- ing the Calcutta Native Militia to furnish the Superintendent at Chandernagore and the Commissioner at Chinsurah with such Escorts as they may have occasion to apply for. Proc. G. G. 25th Nov. 1800

The Governor General in Council is pleased to determine, that all Guards or Escorts which may hereafter be required by the undermentioned Officers on any service connected with their public duties, shall be furnished on application to be made by them, respectively, to the Officer commanding the corps of Calcutta Native Militia. Proc. G. G. 18 Feb. 1808

The Magistrates of Calcutta and of the Twenty-four Pergunnahs.

Sub-Treasurer.

Mint-master.

Secretary to the Board of Trade in the Opium Department.

G. O. C. G. The Governor General in Council expects, that, at the establishment of Sebundies his
 22d Nov. 1800 therto allowed for performing the duties at the foregoing Stations, was formed upon an
 enlarged scale, with a view to provide for occasional detachments and other contingencies, and
 as the men of the Militia Corps will be more efficient in every respect than the Sebundies,
 that the duties will in future be not only better performed by the men in the Militia
 Corps, but by smaller detachments.

Proc. G. C. The Officer commanding at the Presidency will issue the necessary orders for a monthly

G. O. C. G. The Commandant of the Calcutta Native Militia is to be allowed, in addition to the
 29th Nov. 1800 usual pay and allowances of his rank, the same personal Staff allowances as was granted to
 Captain Mougach as commanding Officer of the Sebundy Town Guards, viz. 950 Rupees
 a month, as well as the full batta of the next superior rank above his Regimental Rank, and
 80 Rupees per month for keeping the lines in repair. (Upon the augmentation of the
 Corps to sixteen companies, the latter allowance was increased to 100 Rupees.)

G. O. C. G. The Governor General in Council directs that the arms and accoutrements of the Cal-
 29th Nov. 1800 cutta Native Militia Corps shall be repaired in the same manner as those of the Regular
 Regiments of Sepoys, and that the same allowance, viz. 50 Sonot Rupees per month, for
 each company, be accordingly granted to the Commandant, in order to enable him to pro-
 vide for the repair of arms and stationery.

Allowance for
 repair of arms,
 stationery, &c.

(The allowance for the provision of butts and targets is the same as for a Battalion of
 Regular Native Infantry. For the proportion of exercising ammunition, petty stores, &c.

Batta under the circumstances allowed. The Native commissioned, non-commissioned Officers and Privates of the Corps of Calcutta Native Militia, when serving on board ship, are to receive the same pay and batta as the corresponding Ranks of the Regular Native Corps. Proc. G. C. 31st May 1804

The Vice President in Council authorizes the full batta of their respective ranks being passed to the Havildar, Naick and eight Sepoys of the Calcutta Native Militia, ordered to proceed with Lieutenant Canning to Ava, from the date of their departure from Fort William until their return from Foreign Service. Proc. V. P. 19th Dec. 1809

The benefit of the Invalid Establishment extended to the Calcutta Native Militia. The Governor General in Council observes that exclusive of the duties performed by the Calcutta Native Militia at Fort William, and in the Town and vicinity of Calcutta, the corps frequently furnishes efforts to proceed to distant parts of the country, both by land and water, and also guards to do duty on board ships: His Lordship in Council, in consideration of these circumstances, determines that the Native Officers and Sepoys of the Calcutta Native Militia shall be entitled to the benefits of the Invalid Establishment, according to the existing Regulations with respect to length of service and wounds. G. O. G. C. 25th Nov. 1803

Indulgences granted to Native Officers, &c. who volunteer for Foreign Service. The Native Officers and Sepoys of the Corps of Calcutta Native Militia who have volunteered to proceed on Service are immediately to join the Volunteers at Barrackpoor. Those Native Officers and Sepoys will be on the same footing with respect to pay and allowances as the Volunteers from the Regular Native Corps of the Line, and, on their return from their present Service, an option will be given them to join and be incorporated with any of the Native Battalions of the Line, or to rejoin the corps of Calcutta Native Militia. G. O. G. C. 25th Dec. 1803

SEBUNDY CORPS AT FORT MARLBOROUGH.

Invalids and Invalids at Fort Marlborough. The Governor General in Council has judged it expedient to fix the strength of the Sebundy Corps at Fort Marlborough at One Subadar,—One Jemadar,—Five Havildars,—Five Naicks,—Two, Drummer and fifer,—and Eighty Sepoys,—exclusive of a Detachment of One Havildar,—One Naick,—and Twelve Sepoys serving at Croce and paid by the Resident at that place. Proc. G. C. 22d Feb. 1811

The Vice President in Council approves and sanctions the arrangements suggested by the Resident at Fort Marlborough for having the pay of the Sebundy Corps agreeably to the rates which are established in the Regular Service, and assimilating that corps, in its internal constitution, with a company of the Line, viz.

One Captain commanding, per month,	-----	Dollars	100 0 0
One Subadar	-----		39 0 50
One Jemadar	-----		13 1 47
Five Havildars, at each	-----		9 0 18
Five Naicks	-----		8 0 46
Two Drummers	-----		4 0 0
Eighty Sepoys	-----		4 0 11
Contingencies	-----		30 0 0

The expence of cloathing is exclusive of the monthly charge; and the cloathing, after the present year, will be procured from Bengal, being provided at Fort Marlborough at a greatly enhanced rate, owing to the high price of materials and labour.

Proc. G. G. 3d Oct. 1858 The Governor General in Council deems it to be proper that the men transferred from the 10th Regiment Native Infantry, into the Sebundy Corps at Fort Marlborough, should be allowed to retain their claim to admission on the Bengal Invalid Establishment, agreeably to the prescribed Regulations, and that service in that Corps, in the instance of Volunteers from the Bengal Native Infantry, should be considered as equivalent to Service in the Line.

Native Officers, &c. transferred from the Bengal Native Infantry, remain entitled to the Invalid Establishment.

After the expiration of the term of their engagements for that service they will be conveyed to Bengal.

Proc. G. G. 2d Feb. 1859 The Governor General in Council, in consideration of the great utility and efficiency of the Bugguets Corps at Fort Marlborough, as represented by the Resident, is pleased to determine that it shall continue a part of the Military Establishment at that Settlement, and be maintained in its present effective state, and at the same rates of pay, viz.

Establishment, &c. of the Bugguets Corps at Fort Marlborough.

Proc. G. G. 3d Oct. 1858 Muster Rolls and Returns of the several Corps, constituting the Irregular Force at Fort Marlborough, are to be forwarded to the Secretary in the Military Department at such periods as the opportunities of communication may admit, agreeably to the practice observed in regard to Troops of the Line.

PROVINCIAL BATTALIONS.

Proc. G. G. 25th Nov. 1858 The Governor General in Council orders and directs that Provincial Battalions shall be established for the purposes of supplying detachments for the performance of the duties at present assigned to the whole of the Sebundy Corps in the Lower Provinces.

The Provincial Battalions are to be stationed at the following places, which are to be considered the Head-quarters of the respective Corps,

Ratna—Burdwan—Mooshedabad—Dacca—Puneah—Chattagong.

Stations at which the Head quarters are fixed.

Proc. G. G. 1st Dec. 23d July 1857 The Governor General in Council, having before him the latest returns of the Provincial Battalions, is pleased to direct that the reductions specified be made in the strength of those Corps respectively.

The Governor General in Council observes that the reductions have been made on the principle of allowing One Subadar—One Jemadar—Four Havildars—Four Naicks—Two Drummers,—and One hundred Sepoys to remain in cantonments after providing the several guards, detachments and escorts required, on the scale exhibited in the latest Returns of the Provincial Battalions.

Proc. G. G.
13th June 1805

All Officers serving with Provincial Corps to exercise authority of command according to the date of their rank.

The Right Honorable the Commander in Chief does not conceive the circumstance of Officers commanding or serving with Provincial Corps, can preclude them from exercising the powers of authority and command with which they are invested by the commissions they hold in His Majesty's or the Honorable Company's Army; and, accordingly, all Officers in those situations will necessarily exercise the authority of command over all Officers and Troops, whenever any Officer serving in the Provincials shall be the senior Officer present at the post or Station to which he may belong, or be otherwise ordered on duty.

Ext. Let. Adj.
Gen. 26th Oct.
1806

The command of Provincial Battalions restricted to Officers under the rank of Major.

In pursuance of the orders passed by the Governor General in Council, on the 10th of April last, for restricting the command of Provincial Battalions to Officers under the rank of Major, no Officer above the rank of Captain will, in future, be appointed to command a Provincial Battalion, nor will any Officer under the rank of Major, appointed to command one of those Battalions, previously or subsequently to the 10th April last, be permitted to retain such command after he shall have obtained the rank of Major.

And Serjeants Major.

The Officers appointed to command the Provincial Battalions will apply to his Excellency the Commander in Chief for permission to select from the European corps, proper non-commissioned Officers for the performance of the duties of Serjeant-major to their respective Battalions.

Native Officers and Privates, whence appointed on the formation of the Corps.

Commanding Officers will also apply to his Excellency the Commander in Chief for such Native Officers and Sepoys as may be desirous of being transferred from the regular corps to the Provincial Battalions.

Such of the present Subundies as are willing and able to serve in the reformed Battalions

are to be received and enrolled in those corps, and the Officers appointed to command the Battalions, shall immediately ascertain the number of men of this description and shall recruit the deficiency.

The establishment of the Provincial Battalions being formed upon a scale calculated to supply the place of regular corps in the performance of Provincial duties, as well as to provide for occasional reliefs and other contingencies, the Governor General in Council deems it of the greatest importance that particular attention should be paid to the efficiency and discipline of the said Battalions.

His Excellency in Council accordingly declares his expectation that the Officers commanding those battalions will be unremitting in their endeavours to improve the discipline and preserve the efficiency of their respective corps.

Proc. G. G. 25th Aug. 1803. The commanding Officers of the Provincial Battalions will transmit indents for Arms for the use of the corps under their respective commands to the Military Board, who will take measures for having serviceable repaired Arms supplied from the nearest magazines.

Proc. G. G. 24th Nov. 1803. The Military Board are directed to take measures for furnishing immediately the swords and Pikes required for the equipment of the Havildars of Provincial Battalions.

Arms, accoutrements, &c. how to be supplied.

Proc. G. G. 9th Oct. 1806. The Governor General in council is of opinion that the counter signature of the Magistrate to Indents for arms, accoutrements, &c. for Provincial Battalions is unnecessary and may be dispensed with.

In the event of the strength of any of the Provincial Battalions being increased or diminished, due information on the subject will be communicated by Government to the Military Board.

When an Officer in command of a Provincial Battalion shall indent for Arms to supply the place of such as have become unserviceable, his Indent is to be accompanied with a return of the unserviceable Arms, a copy of which Return is to be transmitted by him to such magazine as the Military Board may direct, with the unserviceable Arms, which are to be surveyed and reported on to the Military Board.

Res. M. B. 6th and 17th Sept. 1808. For the Arms, &c. at the Head-quarters of the Provincial Battalion at Moorshedabad, a Survey Committee can always be composed of the Officers cantoned at Berhampoor, and on such a Survey Report alone should the renewal of the unserviceable Arms be indented for; this practice can be followed whenever a Detachment joins the Head-quarters of its Corps with any portion of its Arms repairable or unserviceable.

In cases where the arms or any other part of the accoutrements belonging to a detached guard become unserviceable, the same are to be exchanged from those in the Lines, and replaced after being regularly surveyed, by Indent on the Magazine.

Proc. G. G. 25th Aug. and 2d Oct. 1808. Officers appointed to command Provincial Battalions will indent for the established proportions of ball and light ammunition for the annual practice (Vide Chapter XIII). The cloathing of the Provincial Battalions is to correspond as nearly as possible with the uniform of the regular Native Corps.

Practice ammunition allowed. Uniform to correspond with that of the Regular Native Corps.

Bounty cloathing will be allowed in the first instance in the usual manner.

G. O. G. G. 12th Aug. 1807 The Benares Provincial Battalion is to be paid up and discharged on the 31st instant; or as soon after that date as the duties on which the corps is now employed can be taken by the Regular Troops stationed in the Zemendary of Benares.

Rules observed for the transfer of Native Officers, &c. on the reduction of the Benares Provincial Battalion

The Native commissioned and non-commissioned Officers of the Benares Provincial Battalion, who are desirous of remaining in the Service, are to be transferred with their rank and pay to the undermentioned Provincial Battalions, consisting of the following number of Companies, in proportions corresponding to the strength of each, and in which they are to be retained as Supernumeraries until vacancies occur.

Patna nine—Purneah eight—Moorshedabad eight.

Any of the Native commissioned or non-commissioned Officers who may have been received from the Regulars, and may prefer returning to that branch of the Service, will have the option of doing so in the rank next above that which they held in the Regulars, previous to their transfer to the Benares Provincial Battalion.

Descriptive Rolls of such as may make this selection are to be transmitted to the Adjutant General's Office, specifying the corps from which received, the rank they held in those corps, with date of transfer, &c.

As soon as the men of the Benares Provincial Battalion shall be relieved off duty, the Officer commanding at Benares will be pleased to order a minute survey to be taken of all the arms, accoutrements, stores, ammunition, &c. in use with that corps, and cause the whole to be dispatched to the Magazine at Chunar, accompanied by one copy of the Survey Report, another copy of which is to be sent to the Military Board.

Captain Ludlow will furnish the requisite Descriptive Rolls and Certificates to all who may be transferred to other corps, and transmit separate Rolls to Officers commanding corps, respectively.

Military Buildings—Barrack-masters—Cantonments, &c.

Regulations for the construction and charge of Military Buildings, &c. in Fort William, and at the different Stations and Posts of the Army; and for their being annually surveyed and maintained in repair under the superintendence of Barrack-masters, or on fixed allowances.

Superintendent of Military Buildings in the Field.

Barrack-masters—Regulation for Quarters and House-rent—Barracks—Barrack Furniture, Lights, &c.—Provision of Tatties—Supply of Stationery for public Guards.

Regulations to be observed in the distribution, allotment, &c. of ground, in the several Military Cantonments; and in the disposal of the Quarters of Staff and other Officers.

Regulations for the construction and repair of Military buildings.

RESOLVED, that the following Regulations be observed in future in constructing and repairing Military Buildings in Fort William and elsewhere. M. C. 27th July 1787

All new and expensive Buildings, exceeding the expence of ten thousand Rupees, shall be performed by contract; and repairs and trifling Buildings under that sum by estimate.

We have agreed, by way of experiment, agreeably to the suggestion in your last dispatch, to vest you with a discretionary power to authorize the construction of public works by Agency, in cases where the difference between the estimates of the proper Officers and the lowest proposals of contract, may afford grounds for expecting a certain and considerable saving from it. Let. C. 8th July 1795

Plans of the several descriptions of Military buildings & statements of the kind and quantities of materials to be used, to be lodged with Staff Officers of Stations, according to which all buildings are to be erected.

The Governor General in Council deems it proper that the Military Board should have Plans, Elevations and Sections, not only of the Temporary Buildings, but also of the different kinds of Permanent Military Buildings, with statements of the kinds and quantities of the materials used in the construction of such Buildings, prepared and submitted for his Excellency's approbation; after which they shall be lodged in their Office for reference.

All Buildings are to be erected according to the respective plans so made and approved, and no variation in the kind and quantity of materials to be used in their construction is to take place, without the special sanction of his Excellency in Council. G. O. C. 25th June 1802

The foregoing statements to be lodged in the Office of the Barrack Masters or Brigade Majors of Stations, as a guide for the construction of all future Buildings, and when those Officers are changed or relieved, the plans and statements are to be regularly delivered over to the succeeding or relieving Officer.—(For statements of the dimensions of the several descriptions of Buildings, quantities, &c. of materials, vide Form No. I.) Ref. M. 3d July 1802

Buildings when required at Stations or out-posts, &c. under what authority to be constructed.

That no Building be undertaken at any cantonment, station or fixed camp, without the previous approbation of the Governor General in Council, the Commander in Chief, or the Military Board. G. O. 11th July 1788

The Governor General in Council does not deem it necessary to vest General Officers or other Officers in command of stations with discretionary authority to order the construction of temporary buildings, without obtaining, conformably to the standing orders of the service, the previous sanction of the Governor General in Council through the prescribed channel. G. O. C. 25th June 1802

The Governor General in Council requests that the Commander in Chief, whenever

Troops shall be directed to march in order to occupy any new Post or Situation at which it is intended the Troops shall remain for a period of time not less than two or three months, will give directions, either in public orders or otherwise as he may think proper, for transmitting to the Military Board the estimates for such temporary buildings as shall be deemed necessary.

(The authority of ordering the construction of temporary Buildings, on emergent occasions not admitting of delay, is exercised by the General Officer commanding in the Field.)

G. O. 11th July 1788 That when buildings are required at Stations the commanding Officer shall report the purposes and necessity for them to the Military Board; he is to require from the public Officer, to whose direction such works fall, estimates to accompany his Report; and he is at the same time to transmit certified lists of the average rates of materials at the market of the Station.

G. O. G. G. 25th June 1803 The certificates of the rates of materials must be countersigned by the commanding Officer; and in the event of there being no commissary of Bazars, the certificates are to be furnished by the Commanding Officer.

M. C. 27th July 1787 When buildings are to be performed by contract, plans, elevations and sections, with muffers of materials and the necessary instructions, will be prepared by the Chief Engineer and exhibited to the public in the usual manner (having been previously approved by the Military Board and sanctioned by Government) and that the Chief Engineer do superintend each building or depute a junior Officer of his Corps for that purpose.

The construction of Buildings performed by contract, how to be superintended.

When buildings are performed by estimate, plans, elevations and sections, with a particular specification of dimensions, shall be presented to the Military Board. The kind of materials shall be particularly specified, and the best always used; the estimate shall always express the number of solid, superficial, or running feet of work, such as walling, roofing, terracing and plastering, &c.

Rules for the preparation of estimates for buildings, to be erected by agency.

G. O. G. G. 25th June 1801 All estimates are to be made with the strictest conformity to the plans transmitted, (and lodged with Staff Officers of Stations) and the Military Board will also furnish forms of estimates to be filled up by the Officers to whom they may be directed, and any deviations from these forms shall be immediately remarked by the Military Board and the estimates returned, that they may be drawn up in strict conformity to the models transmitted.

The estimate of erecting any temporary building is to be kept separate and distinct, and if the estimates of any two buildings are blended and united, it shall be the duty of the Military Board to reject such estimate, or return it for correction as the case may require.

M. C. 7th April 1785 Whenever estimates for the repairs or construction of public works are brought forward, certificates of the average rates of materials at the station are to accompany the estimates.

G. O. G. G. 21th Mar. 1808 All estimates for public buildings at Stations or Out-posts above Allahabad shall, in the first instance, be transmitted to the Superintendent of Buildings.

Estimates for buildings above Allahabad to be sent to the Superintendent of Buildings.

M. C. 27th July 1787 Payments or advances on account of buildings are to be made in the usual manner, viz: The sanction of Government having been obtained, one third of the amount will be allowed to be drawn in advance on account of the purchase of materials.

Rules for the payment of the amount of works executed by contract

One third when the walls of the building are as high as the beams or Springs of the arch; and the last payment when the whole is completed with the best materials and workmanship.

Previous to the last payment being made, surveys of such public works are to be made by a Committee of Officers, should the Board deem it necessary.

When the last payment shall be applied for, a certificate or Survey Report of the goodness and sufficiency of the workmanship and materials shall accompany it.

(Payments for works executing by contract are generally made with reference to the above principles, the precise periods and amount of each being stipulated in the contract deeds.)

Proc. G. G. 26th Sept. 1810 The Governor General in Council approves the proposition of the Military Board, for And agency.

submitting to the Officers employed in the execution of public works on estimates the full amount of the estimate, except in cases where the amount of the sum to be expended, and the length of time which the execution of the work will occupy, render the issue of the whole at once undeviable; in such cases the Governor General in Council observes the advance ought to be regulated by the nature and extent of the work, and the Military Board is, accordingly, in future applications for advance on account of Executive Officers, to be guided by the principles here stated.

Rules to be observed in the construction & survey of brick buildings.

The site of any public building shall not be determined on until after a very particular report shall have been made to the Military Board of the nature of the soil, on which must, in a great measure, depend the construction or mode of laying the foundation.

The superintending Officer shall report that before laying any brick work, the bed of the foundation had been found upon actual trial to be perfectly level throughout; and if, in making the excavation, any observations relative to the nature of the soil, different from the original report on the subject, shall appear to render a representation to the Military Board necessary before the foundation be laid, such report shall accordingly be previously made.

In all buildings of great length, such as barracks, the side walls ought to be connected and strengthened cross-ways by piers or arcades at convenient distances, or by rows of pillars surmounted by an architrave so placed as to prevent an excess of pressure on the side walls of such long buildings.

Upon the same principle that gun carriages are surveyed before painting, it shall be a rule that every brick building be surveyed and reported on before the walls are plastered.

Every public building, intended to be of two stories, shall not, without the express order of Government, be raised the first year more than to the height of the first story, and the walls shall be left during a rainy season to settle before the walls of the second story be carried up.

The necessary provision is accordingly to be made in all future advertisements for proposals of contract to execute public buildings.

General regulations to be observed in the survey of buildings, particularly previous to their being plastered.

The Superintending Engineer will lay before the Committee the plans and sections of the building or buildings to be surveyed, and in cases of contract the advertisement appertaining thereto: and will attend to such directions as he may receive from the Committee.

The committee will direct that a level be carried along the plinth of the Building to shew whether it be correct or otherwise; they will also direct the walls of the several faces to be plumbed to ascertain if they be perpendicular.

The Masonry must be examined very minutely to observe whether the several dimensions of the walls, &c. correspond with the plans and sections, and whether the bricks are laid in regular courses and the cement appears good and the work well finished.

The Roof will then be examined to observe whether there are any material cracks in the terrace, and whether the whole surface appear well finished.

They will then proceed to the examination of the timber work, the scantling of the beams and burgahs, as well as the dimensions of the work in general, and remark how far the beams have preserved the prescribed camber, and whether they appear sound.

Ordered, that copies of the preceding Regulations be sent to the Officers commanding at the Presidency, Benhamoor, Daulpore and Chunar, and to the Chief Engineer, intimating that they are to be considered as instructions to Committees of Survey on Buildings, which, however, are not to preclude such further remarks as they may deem it necessary to make.

Monthly Reports of the progress of all buildings or works to be sent by commanding Officers of Stations.

The Vice President in Council is pleased to direct that Officers commanding Stations O. O. V. P. shall consider it their duty hereafter to obtain and transmit to the Military Board, Monthly Reports of the progress of all public Buildings or Reports in course of execution within their commands to be prepared in the most clear and concise manner by the Officer or person who may be employed on such work.

Reports and certificates of the due performance of the Chief Engineer.

When Buildings are executed by contract, the Chief Engineer shall report on such as may be done at the Presidency; and at the Out-posts the Superintending Engineer through the Chief Engineer.

Res. M. B. 8th
June 1789

All Officers who may at any time be entrusted with the responsibility of inspecting works to be executed by contract are to certify whenever the work is completed to the due performance of the contract in all its points; and it is moreover required of the inspecting Officers to sign to the written affirmation upon honor, that they have not, directly or indirectly, any participation or connection in the provision or sale of the materials used; nor derived any benefit or emolument whatever from the works carried on under their inspection, over and above the stated allowance assigned them by Government.

works executed by contract how to be delivered.

The situation of the Chief Engineer at the Presidency rendering him the General Inspector of all works carrying on there, the spirit of the Regulations for certificates on works performed by contract, requires the Chief Engineer to join in all those certificates or affirmations which are given in by subordinate Officers acting at the Presidency as Inspectors of particular works in the Department of the Chief Engineer.

The Quarter-master General shall join in all certificates or affirmations in the terms above prescribed; relative to any cantonment works that may happen to be carried on in his Department at the Presidency or wherever he may be present; and this Regulation is to extend to the Heads of all the Military Departments, in which contract works may be carried on by subordinate inspection.

These certificates or affirmations are to be lodged with the Secretary to the Military Board; and the delivery of them is to be reported by him to the Secretary to Government for the information of the Governor General in Council.

Res. M. B. 17th July 1799 When works have been authorized at different times, or on separate estimates at the same time, they are to be separately surveyed and reported on.

M. C. 27th July 1787 Such buildings as are executed on estimate at the Presidency by an Engineer Officer, or by any other person, shall be surveyed or reported on by some members of the Military Board specially deputed by the President, assisted by the Civil Architect.

Works executed on estimate how to be surveyed and reported on.

When buildings are executed by junior Officers of Engineers at any Out-stations of the Army, the commanding Officers on the spot shall order a committee of Survey to examine and report thereon.

Res. M. B. 31st January 1791 In the survey reports of temporary buildings the kind and quality of the timber (also the scantling of the several component parts) is to be specified.

G. O. G. G. 21st Mar. 1808 A duplicate of each survey report of buildings at Stations above Allahabad shall be transmitted, in all instances, to the Office of the Superintendent of Buildings.

G. O. 11th July 1788 Copies of the survey reports of buildings, duly certified, are to be transmitted to the Military Board Office.

Copies of survey reports are also to accompany the bills of charges for the works.

Res. M. B. 29th July 1809 or estimate. Separate and distinct bills are to be transmitted for the works of each distinct period

G. O. 9th Apr. 1790

In all bills for money expended in public buildings, or expences of any kind incurred by Individuals under the sanction of Government or the Military Board, the person making such demand shall particularly express on the face of the bill the authority and date of the order or orders by which he became authorized to make the charge.

Bills for public buildings, how to be prepared and transmitted.

No bills of the above description are to be laid before the Board on which the information now required is not fully expressed, but the Secretary is immediately to return them to the persons from whom they shall have been received.

G. O. V. P. 31st Oct. 1809 Bills for work executed by authority, conveyed through the Military Board, are to be forwarded directly to the Secretary to that Board, instead of being transmitted to the Paymaster of Extraordinaries.

Proc. V. P. 29th Aug. 1809

The Vice-President in Council is pleased to grant to Major Forbes, of the 7th Native Infantry, an allowance of Sonnt Rupees 500 per mensem in addition to the pay, batta, gratuity and tent allowance of his Regimental Rank from the 1st January last, and to authorize that sum being continued to him so long as he may be employed in the superintendence and execution of public buildings upon trust.

Allowances and a Gratuity to Officers employed in the execution of public buildings upon trust.

The Vice President in Council, in consideration of the very creditable testimony borne to the zeal, activity and integrity of Cornat Ker in the construction of the new Cantonment at the Post of Goorgawan, is pleased, as a special case, to authorize a remuneration of Sonat Rupees 2,500 being made to him on that occasion. Proc. V. P. 8th May 1810

Circumstances under which pukka masonry is to be adopted for buildings. Ordered, that the Superintendent of buildings be informed that good pukka masonry should be adopted for walls and pillars at all Stations where such work can be well executed at or under 14 Rupees per hundred cubic feet, plaster included. Res. M. B. 2d July 1811

Officers employed in the construction of masonry work to make their own lime. The Vice President in Council is pleased to direct that all Engineers, Barrack-masters and other Officers who may be employed in the construction of ordinary masonry work to any considerable extent, in the Upper Provinces, where conker chunam is used, bring their lime to the work unslaked, under all circumstances which may admit of their establishing their own kilns, instead of the practice which at present prevails of purchasing it after it has been slaked, as in this state it is frequently so adulterated with earth by the merchants as to be unfit for use. G. O. V. P. 10th Oct. 1809

Saul Timber to be used in temporary buildings. Saul Timbers are to be used in all temporary buildings at Cawnpoor and Futtighur. Ordered, that the dimensions of timbers be hereafter inserted in all nerricks. Res. M. B. 31st Jan. 1791 Res. M. B. 1st January 1802

Nureool mats on what occasions to be used. Nureool mats are hereafter to be considered inadmissible in all estimates of expence to be incurred on the public account at any of the Stations in the Dobaub or to the westward of the Jumna, excepting only in the construction of choppers for permanent Barracks or stables, when they are to be used as a first layer under the grass; and that for all other purposes except jhamps (to which seerkies are to be appropriated) the paterah mats are to be invariably made use of. Res. M. B. 13th Dec. 1808

The only instances in which a deviation from the Board's Orders of the 19th ultimo will be considered allowable, are on occasions where Nureool mats may be required as walls to temporary buildings, or jhamps to arcades of pukka buildings inhabited by Europeans. Res. M. B. 24th Jan. 1809

The Lock/Tile to be adopted for all Tiled buildings that may be erected. The Officer commanding in Cuttack is requested to instruct the Officers hereafter to be employed on Public Tiled Buildings in that Province, to make such arrangements with the Tile-makers in their employ, as shall induce them to furnish tiles of the coolfidar pattern, which are very little, if any, more expensive than the common ones now used. Res. M. B. 20th Mar. 1810

The Superintendent of Public Buildings is requested to devise measures for bringing the above-mentioned description of tile into general use, where tiled buildings are or may be erected, throughout the Upper Provinces.

Officers employed in the execution of public works to pay all duties collected by Government charging the same in their accounts. The Executive Officer at Chunar should pay all duties collected by Government on materials he may require for the Public service, charging for the same in his accounts, which should be accompanied by sufficient vouchers for all charges of that particular description. Res. M. B. 31st July 1810

Flat roofs adopted in the construction of Barracks for European Troops at Meerut. The Military Board will furnish Major Penson with instructions for new roofing the five ranges of Barracks of his Majesty's 17th Regiment lately burnt at Meerut, with flat pukka roofs to be supported by a row of pillars in the center of the building, according to the plan suggested by that Officer. Proc. G. G. 16th June and 14th July 1810

The Governor General in Council, approving of the plan recommended by the Military Board to be adopted regarding the barracks and stabling for the Horse Artillery at Meerut, directs that the Board will issue the necessary instructions to Major Penson, to give effect to their suggestions, viz.

That the buildings be constructed with flat roofs.

That there be no doors and windows in the lower room of the barracks.

That the whole of the veranda doors should be parallel in preference to vanesha.

That the walls should be two feet thick.

Where companies of European Artillery are stationed, and require temporary buildings. G. O. 12th

the same accommodation as is specified for a company of Infantry is to be provided, and to have two small offices, a cook-room, and Privy, (a small Quarters Room and Hospital are also allowed, vide Form No. 1.)

Parties of European Artillery detached to Stations are to have accommodation of barracks and offices, according to the strength of their complement.

Regulations to be observed in the construction of hospitals for Native Troops.

In all situations where separate Hospitals are allowed, Government has been pleased to authorize the Hospitals for Native Corps to be constructed on the enlarged scale hereafter detailed.

Regulations to be observed in the construction of hospitals for Native Troops.

HOSPITAL AND OFFICES FOR A REGIMENT OF NATIVE CAVALRY.

Hospital.

Sixty feet long, by twenty feet broad, interior measurement, with a veranda of eight feet wide, and neat light ramps all round.

Height of inner walls, thirteen feet eight inches—and of outer veranda pillars, seven feet—from the floor to the wall plate.

The floors to be raised eighteen inches above the level of the ground, and to be either flagged or terraced on flues.

Doors and windows, four feet wide, alternately; with intervals of seven feet wall between each, and not more space than for one cot, or about four feet, between the end walls and the first door in the side walls. The upper part of the frames of the doors and windows to be seven feet from the floor. The bottom of the window frames to be not more than one foot and a half from the floor.

Offices.

Two rooms enclosed in the northern end of the veranda of the Hospital; one for the accommodation of the Native Doctor; the other as a depository for the medicines.

Cook-room.

Thirty-six feet long, and fourteen feet wide in the clear; with a partition wall, dividing it in two equal parts. One room to be appropriated as a cook-room for the Mussulmen, and the other for such Hindoo Patients as are not precluded, by peculiar delicacy of cast, from preparing in it their regulated diet.

HOSPITAL AND OFFICES FOR A BATTALION OF NATIVE INFANTRY.

Hospital.

Eighty feet in length by twenty feet in breadth, interior measurement; in all other respects the same as the Cavalry Hospital.

Offices.

The same in every respect as those for the Cavalry, except that the partition wall of the cook-room is to be so disposed, as to make the apartment allotted for Hindoos twenty-two feet by fourteen, and that for Mussulmen fourteen feet square.

G. O. P. C.
21st Apr. 1807

The directions for the floors of the Hospitals for Native Corps being raised on flues is to be considered as restricted to the several Posts and Stations in the province of Cuttack, the Posts of Kilsengunge, Dacca and Chittagong, and such places in Bundelkund or elsewhere, as the measure of constructing the floors of Hospitals on flues may, in the judgment of commanding Officers respectively, appear absolutely useful and necessary, with reference to the nature of the soil and dampness of situation.

The floors are, nevertheless, in all other situations to be raised eighteen inches above the level of the ground, with burnt bricks, and to be terraced as before directed. The walls are also to be built of burnt bricks, and cement made of conker chunam.

G. O. V. P.
21st May 1812

The Vice-President in Council authorizes and directs the immediate construction of spiracles, of the diameter of one foot each, at intermediate distances of six feet, and at such a height from the ground as to be nearly at an equal distance from a level with the eaves of the chopper and the summit of the walls, in the wards of all Native Hospitals; as well as of circular apertures in the window shutters of those Hospitals that are not furnished with ventilators.

Stalls to be constructed in the Hospitals of European corps.

The Governor General in Council sanctioned the construction of stalls in the Hospitals of His Majesty's 14th Dragoons and 17th Foot, and the Corps of Horse Artillery at Meerut.

Proc. G. G.

Dimensions of Cavalry Stables.

The Governor General in Council is pleased to direct that the following dimensions be in future observed in the construction of Cavalry Stables.

G. O. G. G.
31 June 1809

Extreme breadth of the stables thirty-two feet, which space will be occupied as follows:

Center street in the clear,	8
Two center pillars, each two feet,	4
Two out-side pillars,	4
Double stall, each yielding for head or tail for every horse,	30

Total 46

Each stall to be eight feet wide from center to center of the pillars.

Stalls to be included in all estimates for Cavalry Stables.

It not being expressly stated in the regulations relative to the construction of Cavalry stables, that the expense for stalls should form part of the estimates to be framed on that account. The Vice President in Council is pleased to resolve that those articles be included in all future estimates for the construction of Cavalry stables.

 One Guard Room—One Artillery Store Room—One Gun-shed. }
 Lines complete for one Battalion of Native Infantry.
 European and Native Hospitals and Offices.
 Buildings appropriated to the Cloathing Department as follows:
 Two Serjeants' bungalows, the workshop and store room.

Proc. G. G. 8th June 1809 The Governor General in Council entirely approves the proposition of the Military Board as far as regards the repairs of temporary buildings (on the established allowances of the 22d April, 1802) but he is apprehensive that the extension of the same system to buildings of a permanent nature might be attended with inconvenience and ultimate loss and expence to Government; this observation applies to the proposed introduction of the same system with regard to the buildings at Cawnpoor and Meerut. Permanent buildings are not to be repaired on fixed allowances.

G. O. V. P. 11th June 1811 The Vice President in Council observing that the General Order under date the 29th of August, 1809, does not provide for maintaining in constant good repair the jhamps of the permanent stabling at Cawnpoor and Meerut, extends the operation of that order to the jhamps attached to the stables at those stations, and allows Sonat Annas $2\frac{1}{2}$ per mensem for each jhamp at Cawnpoor, and Sonat Annas 2 at Meerut, in consideration of the difference in the prices of materials at those stations, respectively. Allowance for keeping in repair the jhamps attached to permanent stabling

M. C. 27th July 1807 If any repairs are necessary to any of the Company's public buildings at the Presidency or elsewhere, such as new-roofing, &c. and are not contracted for, they are to be done in the following manner. Regulations for repairs to permanent buildings.
 The Chief Engineer is to order a Survey of such repairs to be made; to cause plans, elevations and sections to be furnished, and lay before the Board an estimate of the expences

G. O. 11th July 1788 When repairs are required to be made to any public buildings, Surveys shall be taken by committees composed of the Quarter-masters of the corps present at the station, and such other Officers as the Commanding Officer may please to appoint.
 These Surveys shall specify the nature of the buildings and the extent of the repairs which may appear requisite, and an estimate is to be formed accordingly, under the same Regulations as are directed for new buildings, the estimate being formed upon the principle on which the building may have been constructed.

G. O. V. P. 17th Mar. 1810 The Vice President in Council directs, that in all future estimates for the repairs of public buildings the dimensions of each building requiring repair shall be fully and accurately expressed.

M. C. 13th August 1792 Resolved, that it be made a standing Regulation that annual committees shall be appointed to survey and report to the Military Board, in writing, the state of the works and buildings in Fort William and at all the subordinate Military Stations; to commence at Fort William on the first Wednesday of December, and at the subordinate Stations on the first day of November year. Annual Committee of Survey ordered to report on the state of all buildings and how to be better situated.

G. O. 17th Sept. 1793 The Committee, ordered in the Minutes of Council under date the 12th ultimo to be assembled annually for the purpose of inspecting the works and buildings in Fort William and at the subordinate Military Stations, are to be composed as follows:
 In Fort William—The Commanding Officer of the Garrison, Commander of Artillery, Chief Engineer and Quarter-master General.
 At the subordinate Stations

A Field Officer, three Captains and the Engineer of the Station—the Deputy Quarter-master General to be a member of the committee at whichever of the Field Stations he may happen to be present.

The Barrack-masters of Stations and Quarter-masters of Corps to attend at the above Survey.

The Reports of the several committees to be transmitted to the Secretary to the Military Board.

No Officers to be appointed to the survey of works upon which they may eventually be employed. It is to be considered as a standing Regulation that no Engineer Officer is in future to be a member of a committee of Survey assembled for any purpose which renders it likely that he may be employed as an Executive Officer, or on any works in the re-construction, alteration or repairs of which he is to be or may be employed; on all such Surveys, however, commanding Officers are to require the presence of the Engineer Officer on the part of Government for the purpose of assisting the committee with any information they may require on professional points. G. O. G. G. 16th Apr. 1807

That in the like manner and on the same general principle, Quarter-masters of Corps, Barrack-masters, and generally all Officers who may be employed in the execution of public works, be precluded from being members of committees of Survey that may be ordered to assemble for the purpose of reporting on the expediency of such works.

That with the above restrictions, the General Orders of the 17th September, 1792, which direct that the Chief Engineer and Quarter-master General at the Presidency, the Engineer Officer at subordinate Stations, and the Deputy Quarter-master General at whichever of the Field Stations he may be present, shall be members of the committees of annual survey, be considered as still in force, and the instructions now laid down as explanatory of those Orders.

Repairs to permanent buildings how to be authorized, surveyed and charged. The Public Officer in whose trust the repairs are vested shall prepare a written statement and estimate of the proposed repairs which shall be preferred to the commanding Officer of the Station. M. C. 13th Jan'y. 1789

The survey and statement of proposed repairs with estimates shall be transmitted by the commanding Officer to the Military Board for consideration and approval, previous to any repairs being engaged in.

It is required that a general repair be made annually, which is to be changing the thatch or tiles of buildings and replacing with new what may be decayed, replacing decayed uprights or rafters, and repairs of walls, jambs, &c.

When the repairs are completed, the buildings shall undergo a further survey, and the completion being duly certified, the bill of charge, framed in conformity to the prescribed mode in such cases, shall be transmitted to the Secretary to the Military Board, in order to be recommended for payment.

All public mud works to be annually surveyed and repaired; and no alterations, &c. to be undertaken without the authority of Government. The Vice President in Council is pleased to resolve, that it be considered a standing regulation of the service, that all public mud works be in future carefully surveyed on the first of November in each year, and the reports transmitted to the Military Board, accompanied by estimates of all such repairs as may be found necessary; as at that season of the year all such damage as works of the description in question, may have sustained during the preceding rains will be apparent, and the time admit of the repairs being made, and the works acquiring a proper degree of hardness and strength, previously to the setting in of the following rainy season. G. O. G. G. 15th Aug. 1809

The Governor General in Council is pleased to direct that no works, unless of an emergent nature, either in the improvement of mud Forts or the destroying such places, be undertaken without the special authority of Government. G. O. G. G. 7th July 1810

Officers giving over charge of appointments to deliver over all unfinished works to their successor. Agreed to inform Captain Shuldham, that in delivering over charge of the office of Barrack-master at Berhampoor to his successor, the unfinished works must of course be also delivered to Captain Lambert, with whom he must make the requisite arrangements for the completion of them. (On occasions of transfer of similar appointments a specific provision is in general made for each case with reference to existing circumstances.) Ref. M. R. 11th July 1800

buildings at Out-posts in Oude, and in the provinces lately ceded to the Company by the Nawaub Vizier, is pleased to pass the following rules and orders.

buildings by Staff Officers at out posts, &c. on fixed allowances.

A fixed monthly allowance, proportioned to the number of buildings of every description, as hereafter detailed, will in future be made to the Senior Quarter-master or Adjutant at all Stations, where temporary buildings have been or may be erected by order of Government, for keeping such buildings in constant repair; this allowance is to provide for all casualties, fire only excepted.

Proc. G. C. Officers drawing the established allowances, on account of repairs of buildings, shall be held responsible for all repairs which may be necessary for the complete preservation of the buildings placed under their charge, with the exception, only, of damage occasioned by fire.
4th July and 18th Aug. 1808

G. O. C. C. The monthly allowances for keeping the public Military buildings at Saharunpoor and Meerut in repair, are to be continued to be drawn for and applied to the preservation of the Cavalry and Infantry Lines at both those Posts, by the Staff Officer at each place, when there shall happen to be one, and by the Officer commanding when there is no Staff present, as is now the case at Meerut.
18th Jan. 1809

When no Staff Officer is present the allowances to be drawn by the Officer commanding.

G. O. G. G. When any Station at which temporary buildings have been erected shall be evacuated by the Troops, it will be in the discretion of the Commander in Chief or General Officer commanding in the district, to direct that a Guard shall be left for the protection of the public buildings, according to the probability of the early re-occupation of such Post, but in all such cases the risk shall be borne by Government, and on the return of the Troops, the temporary buildings shall be repaired or re-built (as the case may require) at the expence of Government, in the usual mode of survey report and estimate; the allowance for the repair of such buildings shall cease from the time when the Troops shall leave the Post, and shall not recommence until the buildings shall be again reported ready on regular survey.
22d April 1802

The allowances to cease on the removal of the Troops and under what circumstances to recommence

G. O. G. G. The Governor General in Council deems it to be necessary to publish for general information that in future the construction or repair of public buildings at Out-posts, is to be restricted to such as are actually necessary for the Troops at those Posts, respectively.
21st May 1807

Such buildings only to be kept in repair as are occupied by the Troops.

G. O. G. G. The commanding Officer at each Post, where temporary buildings have been or may be erected, shall certify at the bottom of his monthly Review Rolls that the several buildings are in good condition, and the Military Auditor General is to admit the allowance for such buildings, only, as shall be thus certified to be in good and serviceable condition.
22d April 1802

Certificates and reports by Commanding Officers of the due appropriation of the allowances, and of the serviceable state of the buildings.

G. O. C. C. The Commander in Chief is pleased to direct with a view to give more regular effect to the Regulations of the 22d April, 1802, that Officers in command of Out-posts and at Stations, where temporary buildings have been constructed, do satisfy themselves that the established Allowances for keeping the buildings at their respective Posts and Stations in constant repair, are regularly drawn and appropriated to that purpose by the Staff Officers, and that they will report to the Military Board every quarter that the allowances are so drawn and appropriated.
10th July 1806

The Commander in Chief is further pleased to direct, with the sanction of Government, that the allowances above alluded to for keeping in repair the public buildings at all Out-posts dependant on the Government of Bengal, are always to be drawn by the Senior Officer present holding the appointment of Quarter-master, or the Senior Officer present holding the appointment of Adjutant, when there may be no Quarter-master at the Post where such allowances are authorized to be drawn.

Determining the Staff Officer by whom the allowances are to be drawn.

Res. M. B. Gth Agreed, that the Superintendent of public buildings be informed that where a monthly allowance is granted for maintaining buildings in complete and serviceable order, it is not by means of periodical general repairs that essential object is expected to be attained, but by timely repairs, however trifling, whenever they may be required, and that, at all times and under all circumstances, (fire and hurricanes excepted) is the Officer drawing such allowance responsible for the condition of the buildings.
April 1811

Repairs to the buildings to be made whenever required, not at any fixed period.

Commanding Officers to report when buildings are under repair.

The Governor General in Council is pleased to direct commanding Officers of Stations and Posts where there are temporary buildings for which the fixed allowance for maintaining them in repair is drawn, to report to the Military Board when any of them are actually under repair; and the Military Auditor General is authorized to pass the monthly allowances for such buildings on the repairs being certified to be completed.

(N. B. Only one Serjeant with the Superintendent is at present employed)		
Two Lascars at ——— each		} For pitching the Tent of the Serjeant with the Superintendent.
Allowance for the Provision of an Office tent	30	

The general Superintendence of the Public Buildings at the stations above Allahabad shall be vested in the Superintendent of Public Military Buildings.

It shall be the duty of the Superintendent of Public Military Buildings to inspect the buildings at Muttra, Agra, Cawnpoor, &c. at two fixed periods of the year, viz. as soon after the 1st of October and 1st April as possible, and to state through the Military Board, for the information of the Governor General in Council, the particular condition of each building in detail, offering at the same time such suggestions as to the improvement, enlargement, or reduction of those buildings, as may appear to be beneficial to the Public Service.

It will also be the duty of the Superintendent of Public Buildings, when ordered to do so by the Governor General in Council, the Commander in Chief, the Military Board, or by the Officer commanding in the Field, to repair to any of the other Stations or Outposts in the Upper Provinces where his presence may be deemed to be necessary, for the inspection of buildings already constructed, or to furnish his sentiments or advice in respect to the construction of new buildings that may be required to be erected at such Posts or Stations.

All estimates for Public Buildings at Stations or Outposts above Allahabad shall, in the first instance, be transmitted to the Superintendent of Buildings, who, after carefully

examining the rates, and ascertaining that the quantities of materials stated, are in conformity to the Regulations, shall forward the estimates to the Military Board, with his particular remarks upon them, for the information of the Board, stating, at the same time, his opinion whether the works might not be more beneficially executed by contract.

Proposals for contract for the repairs or construction of buildings at and above Allahabad, shall be invited, under the usual sanction of the Governor General in Council, by public advertisement to be inserted in the Calcutta Gazette and promulgated through the Office of the Superintendent; but, in order to give additional publicity to such advertisements, copies thereof, drawn out in the English and Persian or Hindoostany languages, are to be at the same time forwarded by the Superintendent, to the several Magistrates and Collectors in the Upper Provinces, who will be instructed to cause the same to be affixed in some conspicuous part of the Sudder Cutcherry, and also copies of them to be published in like manner, at the subordinate Cutcheries, throughout their respective districts, for general information.

A duplicate of each Survey Report of buildings, at Stations above Allahabad, shall be transmitted in all instances to the Office of the Superintendent of Buildings.

It shall be the duty of the Superintendent of Buildings to ascertain the rates of materials and labour in the vicinity of all the Stations and Out-posts above Allahabad, and to suggest such arrangements, from time to time, to the Military Board, as he may conceive likely to conduce to economy, by the provision of materials at cheaper rates than they are procurable at Stations.

A zealous attention to this part of his duty will, it is expected, be productive of very great economy in the execution and repair of buildings in the Upper Provinces.

The Superintendent of Buildings to correspond free of Postage with all Officers he may have occasion to refer to on the public service.

The Superintendent of Public Buildings is authorized to correspond with Officers employed in the execution of public works, whose estimates are, by the existing Regulations, to be presented to him, and such Officers are directed to afford the Superintendent prompt and full explanations on all points connected with their estimates, whenever they are called upon by that Officer to do so.

G. O. C. G.
30th Oct. 1810

The Vice President in Council is pleased to permit Major Thomas Penson, Superintendent of Buildings, to correspond, free of all charge on account of postage, with any of the Officers of Government under this Presidency, whether in the Civil or Military Service, with whom he may in future find it necessary to communicate on subjects connected with his duties as Superintendent of Military Buildings.

Res. M. B.
2d July 1819

Materials for buildings, stationery, oil, &c. for the Barracks how to be provided and charged for by the Barrack-master of Fort William.

Resolved, that the Barrack-master of Fort William be allowed to submit an estimate for each month of the materials which he may think likely to be required, which estimate is invariably to be forwarded so as to reach the Military Board Office at least a week or ten days before the commencement of the month to which it may be applicable; in order to allow sufficient time to obtain the necessary advances in proper season.

Res. M. B.
30th July 1819

The wages of a Sircar for the purchase of materials are also to be included in the proposed monthly estimates.

The Barrack-master is directed to charge for the oil, candles and cotton furnished for the Garrison and Hospital lights, and for stationery, in monthly contingent bills, properly attested and countersigned, and in like manner, when necessary, for any of the other articles, which may be furnished by him for the use of the Troops in Garrison, of the nature of those described as not coming under the head of materials for ordinary repairs, viz. water jars, earthen mugs, pans and the like, annexing to his bills, however, on the latter account, the receipts of Quarter-masters of the Corps for which such articles may be furnished, which are to be considered as indispensable vouchers.

The Barrack-master is also authorized to submit his bill to the Military Board, monthly, for the chunam and charcoal-dust furnished by him for the purpose of being strewed in the drains and sewers.

The bills of actual expenditure in each month to be submitted to the Board at the end of the same, minutely exhibiting each item of expence and vouched by a particular detail or certificate of the works performed, and quantities of materials and proportion of labour applicable to each, and accompanied by an account current shewing, on the debit side, the sums received by him in advance on account of that month, and on the credit side the amount charged on his bill, and the balance, in order that they may be paid eventually, under the sanction of Government, for the final adjustment of his account, in the Offices of Pay and Audit.

Period determined during which Tatties are to be supplied to the Guards and the Roads watered in Garrison.

The duties appertaining to the office of Barrack-master at Cuttack are to be executed by G. O. V. P. 30th Jan. 1806
 the senior Quarter-master at the Station, or by the senior Adjutant, when there is not a Quarter-master present.

Regulations to be observed by Barrack-masters for the charge, allotment and preservation of Officers' quarters, As by the appropriating a certain proportion of Officers' quarters to different Corps, G. O. G. G. 10th June 1809
 the Company would become liable to an expence of house-rent for the Officers of some Corps, while the quarters appropriated to others might be vacant; it is directed, in all situations where Officers are furnished by Government with quarters, they shall be supplied to each individual, according to his Rank, upon application to the Fort Major of Fort William, and by the Public Staff in the Garrison of Allahabad.

Supernumerary or unappointed Chaplains and Surgeons at the Presidency are to be furnished with quarters in Fort William, and in the event of there not being quarters for any Officers of the above descriptions, they are to be furnished with the certificate to that effect prescribed by the regulations. Proc. V. P. 13th Dec. 1805

To obviate difficulties and prevent references, Officers shall be put in possession of their Quarters by the Barrack-master, personally, who shall exhibit an inventory or statement of the quarters and offices, shewing the number and condition of the doors, windows, locks, bolts, hooks, bars, and every article of furniture or stores belonging to them, which the Officer is to compare and sign with his name, rank and corps, as a receipt for the same. G. O. G. G. 10th June 1809

When an Officer quits or changes his quarters, he shall deliver them over to the Barrack-master, agreeably to this inventory and receipt, and shall receive from the Barrack-master an acknowledgment that he has done so.

Every Officer shall be answerable for the doors, windows, glass of the windows,

locks, hooks, hinges and every part of his quarters, and if they shall have sustained any damage, reasonable tear and wear excepted, the Barrack-master shall present a bill for the amount of the damages so done, which the Officer shall either pay or accept.

If the bill be accepted, the Paymaster of the Station shall pay it on presentation, and shall recover the amount from the Officer in the mode in which retrenchments are recovered.

In case of any dispute between the Officer leaving his quarters and the Barrack-master, as to the extent of the damage done, the case shall be referred to the commanding Officer of the garrison or cantonment, whose decision shall be final.

The commanding Officer shall order Committees of Survey, if necessary, on all questions of delapidation or injury.

Res. M. B. 7th
January 1803

The Military Board are of opinion that all Officers occupying quarters, whether by indulgence or otherwise, are subject to the Regulations published in General Orders of the 10th June, 1802.

Garrison Or-
ders Ft. Willi-
am 25th Mar.

The quarters in the Fort are hereafter to be allotted in the manner following.

The Calcutta Gate to the Town Major's Office,

The Royal Gate to Chief Engineer.

The Water Gate to the Arsenal, for the Commissary.

The Plassey Gate to the Commandant of Artillery when he is not in command of Garrison; and to the second Officer doing duty with the Corps, when he does command.

The Treasury and St. George's Gates to the Officers who command the two Battalions of Infantry.—(The Treasury Gate is at present appropriated to the General Officer commanding the Presidency Station.)

Three houses of the Rampart Barrack, laid into one and fitted up accordingly, for a Field Officer not in command of a Corps, or for the Major of each.

One of the same houses, or a north room and a south room, with the Godowns beneath them, in the North or in the South Barracks, to a Captain or a Surgeon.

Two Subaltern Officers or two Assistant Surgeons are to occupy a Captain's Quarters.

The Fort Adjutant, Fort Surgeon and Assistant Commissary are to be considered as fixed Staff, and quarters now occupied by the two former are to remain appropriated to them.

The Assistant Commissary is to have a similar apartment in the Bazar end of the South Barracks.

The quarters now occupied by the Captains and Staff in the Rampart Barracks are, in future, when vacancies occur, to be allotted to the senior Captains attached to the Garrison.

Garrison Or-
ders 9th May
1795

The Governor General has been pleased to direct that the Rule of Seniority be adhered to in the allotment of quarters in the new Barrack.

The new Barrack being supposed to afford superior accommodation to any other in Fort William, the quarters hereof are to be allotted to the senior Captains attached to the Garrison (should they prefer them) and to the Brigade Major of Artillery.

Garrison Or-
ders 2nd Feb.
1797

The Order of the 9th May, 1795, by the Governor General, regarding the appropriation of the new Barrack to the senior Captains, is to be extended to the Field Officers doing duty in Garrison, and unprovided with Field Officer's quarters.

The proportion of quarters to be allotted are, two Captain's quarters to one Field Officer.

Garrison Or-
ders 25th July
1794

Aids-du-Camp, and Brigade Majors doing duty in Fort William, are to be allowed quarters in the following proportion:

A Brigade Major, two Captain's quarters; one being allotted for his Office;

An Aid-du-Camp, one Captain's quarters.

Ext. Let. Adjt.
Genl. 30 April
1790

The Commander in Chief is of opinion that Staff Officers, for the convenience of executing the duties of their Departments, should have their Offices in Cantonments; and he does not think it necessary to fix any pecuniary allowance for that purpose, but desires that they may be always provided with quarters for their Offices in preference to any other Officer.

The following Staff Officers, exclusive of the quarters for the rank in which they receive pay, are to have a set of Subaltern's quarters for the use of their Office;

Brigade Major—Barrack-master.
Adjutants of European Battalions.
Quarter-Masters. ———
Adjutant and Quarter-Masters of Native Corps.

Officers of the Engineer Corps and others, occasionally in duty at Garrison, are themselves to return the keys of their respective quarters to the Barrack-master, whenever from removal, leave of absence exceeding one month, or otherwise, they quit them.

Garrison Or-
ders 31st July,
1794

Officers are expressly forbid taking possession of any vacant quarters which may be left open for repairs, or accidentally; they will be allowed to exchange upon giving intimation to the Barrack-master.

Officers, once allotted to quarters, are on no account whatever to remove without previously obtaining the permission of the Town Major.

Garrison Or-
ders 23d March
1797

The standing Regulations, which direct that all applications for quarters at Fort William shall be made to the Town Major, are in future to be particularly attended to.

Garrison Or-
ders 25th July
1794

Monthly Re-
port of the State
of the quarters,
&c. to be fur-
nished by the
Barrack-master
of Fort William

The Barrack-master of Fort William is, hereafter, as soon as possible after the expiration of each month, to transmit for the Board's inspection a report, drawn out agreeably to the annexed form, of the state of the Officers' quarters and their appurtenances, being the result of a minute monthly inspection by himself assisted by his Barrack-Sergeant, to which he will add any remarks or suggestions of a general nature that occur to him as being calculated to improve order and regularity, or connected with the preservation of the quarters and barracks in a perfect state.

Res. M. B.
11th June 1811
and
10th Aug. 1811

The Barrack-master of Fort William reports that in the preceding month of—1811 and his Sergeant carefully inspected the several Gateways and other Officers' Barracks, and the Surgeons' House at the General Hospital, in the performance of which duty the following remarks on the state of the buildings have occurred.

Gateways and Barracks.

Remarks.

St. George's Gate Quarters

These quarters require to be thoroughly whitewashed; some of the brass door locks are irreparable and require to be replaced by new ones; all other locks, bolts, hinges, &c. are in excellent condition; and the quarters in good repair.

Royal Gate Quarters

Clean and complete in all particulars.

South Barrack

The center Veranda of this Barrack much in want of white-washing—Five lamps broken by the violence of the wind on the night of the—also—Seven of the door locks and a few bolts out of condition, but now under repair: in all other respects complete.

The Barrack-master further reports that by frequent attendance, and by the inspection of his Sergeants in his presence, he has satisfied himself that the public necessaries, verandas, and their stair-cases, are maintained in a constant state of cleanliness.

The Barrack-master also declares that he has personally attended the delivery and receipt of quarters to and from Officers during the last month, with due attention to the 13th, 14th and 15th Paragraphs of the Regulations of Government, published in General Orders of the 10th June, 1808.

FORT WILLIAM,

28th of—1811.

(Signed) A. B.
Barrack-master.

and the Barrack-master, that no quarters are vacant in the Garrison, and that no Officer has more than his regulated share of quarters. not be supplied are permitted to draw house rent.

M. C. 16th June 1786 Officers who cannot be supplied with quarters in the Garrisons where their Corps are stationed, are to be allowed house rent in lieu of quarters, to be drawn in arrears as follows. Rates of house rent allowed to the different Ranks, and Regulations under which it is to be drawn.

A Field Officer of any Rank, Member of the Medical Board,	} per month	St. Rs.
Head Surgeon of a General Hospital, (Superintending Surgeon,)		120
A Captain—Regimental Surgeon—Chaplain,		
Deputy Paymaster and Commissary of Ordnance,		90
A Subaltern, Assistant Surgeon and Deputy Commissary,		60
A Cadet, Conductor and Apothecary,		30

All Staff Officers not specified herein are to draw house rent according to the Rank for which they receive staff pay.

Officers in the receipt of full batta are not to draw house rent, except those particularly specified as entitled to house rent, in lieu of quarters.

The following Staff and commissioned Officers not having house rent consolidated in their staff allowances, and the nature of their employments and appointments rendering their residence in Calcutta necessary, are to draw house rent according to their respective ranks in the Service.

Surgeon and Chaplain to the Commander in Chief.

Assistants in Military Offices, when holding commissions.

Officers who may have neglected to apply for quarters shall not be entitled to house rent previous to the date of such applications.

When there shall be a deficiency of quarters in the Garrison of Fort William for the Officers doing duty there, house rent is to be allowed for those Officers who cannot be supplied upon a certificate being produced, signed by the Barrack-master, which certificate is to be countersigned by the Officer commanding; and is to run in these words.

“ This is to certify that Lieutenant A. B.—doing duty at———, applied for quarters on the———day of———, and could not be supplied for that month, there being no quarters vacant or more than the due proportion occupied by any Officer.”

(Signed) C. D.

The above certificate is to be produced monthly to entitle any Officer to draw house rent, and is to accompany his bill as an authority to the Paymaster to discharge it.

Barrack-masters and commanding Officers are to be held responsible for a strict attention to the spirit of these Orders, by immediately appropriating any quarters that may become vacant to the use of the Officers who are in receipt of house rent; in doing which the Officer who has been longest in receipt of house rent, is to be first called upon to occupy such vacant quarters.

House rent is to be allowed for the whole month in which an Officer dies if he dies after the 15th, and for a half month if he dies before the 15th.

The same rule is to be observed with regard to Officers who from their situation are entitled to house rent for any broken part of a month.

No Bills for arrears of house rent to be countersigned or paid unless presented within the month succeeding that in which the Garrison or other duty is performed, for which the charge of house rent is made.

House rent bills for the Garrison of Fort William are to be paid by the Garrison Paymaster, and for all other places by the Paymaster of the Station or Corps to which the Officer belongs.

Let. M. S. G. 14th Nov. 1794 House rent is to be allowed to Officers, who from their situations are entitled to it, only from the day of their arrival at the Station to which they have been ordered.

M. C. 16th June 1786 Conductors of Ordnance are to be quartered in the Barracks allotted to the Corps of Artillery: the Officer commanding will therefore please to allot them separate quarters, but in the same Barracks with the non-commissioned and Privates, at the rate of one apartment for four Conductors; and in cases only where they cannot be so accommodated, they will be entitled to draw house rent. Proportion of quarters allowed to Conductors of Ordnance.

(The above Regulation is not now observed in the provision of quarters for Conductors.)

And non-commissioned Staff, Sergeants, &c. attached to the Garrison in Fort Williams.

Agreed to request the commanding Officer in Garrison will give orders to the Barrack-master, to prepare accommodation for the non-commissioned Staff and Overseers, attached to the several departments in Garrison, and that their future residence within the compounds allotted to the different departments may be strictly prohibited.

Res. M. B.
4th April 1809
approved Gen.
Gent. 29th
April.

Regulations to be observed by Barrack-masters and Quarter-masters of corps, for the charge and preservation of the furniture, quarters, &c. of non-commissioned Officers and Privates.

Ordered, that the following rules and regulations for the conduct of Barrack-masters and other Officers in charge of the public Barracks in the several Garrisons and Cantonments be duly attended to.

G. O. O. G.
10th June 1802

All public Barracks, Guard Rooms, Quarters and Offices, with the furniture and utensils belonging to them, shall be under charge of the Barrack-master, in all places where there shall be an Officer of that denomination, who shall be responsible for the well keeping and good condition of the same.

The Barrack-master shall, in person, deliver over to the Quarter-master of a Corps coming into Garrison or Cantonments, the Barracks or Quarters required for the actual effective strength of such Corps, with the Offices, utensils, furniture and cots appropriated to them, and the Quarter-master must attend before they march in to receive them.

The Barrack-master will deliver an inventory of the Barracks or Quarters, offices, utensils, cots and furniture, signed with his name and office, as an authority by which the Quarter-master is to receive them. The Quarter-master will compare the whole with the inventory, and return the inventory signed with his name and office, which is to be his official receipt for them, as to number and condition, and shall be considered as the receipt of the Officer commanding the Corps.

All Troops in quitting their Barracks are to leave them in a state of cleanliness, and every article they have received or found there in perfect order; and when a Corps quits the Garrison or cantonments, or shall change its Barracks, the Quarter-master shall deliver personally to the Barrack-master, the Barracks or quarters with their offices, utensils, cots and furniture, agreeably to his inventory and receipt, and the Barrack-master shall grant a receipt in duplicate for the same.

Previous to Corps taking possession of or quitting their quarters, a survey by a committee of Officers shall, if time will admit, be taken of the quarters, utensils, cots, furniture and stores, and if there shall not be time for a survey, the receipt shall specify, as nearly as possible, the state and condition of the quarters and articles received and delivered.

If at the examination it shall appear that the Barracks, &c. have received any improper damage, or that any utensils or furniture have been lost or destroyed by the non-commissioned Officers and Privates of the Corps, such damage shall be made good by them; and the Quarter-master shall give an account by whom the several portions of the expence are to be paid, countersigned by the Officer commanding the Corps; the whole shall be immediately paid by the Paymaster of the Corps or Station, and charged to the account of the commanding Officer, who shall recover it by stoppages from the men.

If during the time a Corps remains in Garrison or Cantonments, the Quarter-master should quit his Post and another should be appointed, the Quarter-master coming into office shall examine the state and condition of every thing committed to the charge of the former Quarter-master, and shall take an inventory of the whole at the time of taking charge. On failure, the inventory and receipt of his predecessor shall stand good.

But if the Quarter-master presents a new inventory, differing from the former one, the Barrack-master shall demand immediate payment of the damages which may have been done.

He shall then deliver up the former Quarter-master's inventory, and receive the new one in exchange.

Having received the amount of the damages done in the mode above directed, the Barrack-master shall replace the articles which may have been lost, and repair the damage which may have been done: he shall then demand a new inventory and receipt from the Quarter-master of the Corps, which shall be considered the receipt of the commanding Officer of the Corps, and by it, the accounts of damages afterwards committed, shall be adjusted.

The Regulations respecting the Barracks and furniture shall be hung up in the Barracks, in order that the men may not plead ignorance.

All reports by committees of Officers upon Barracks, quarters, utensils, cots and furniture, and the duplicates of the receipts passed by the Barrack-masters and Quarter-masters of Corps, shall be transmitted to the Secretary to the Military Board, through the commanding Officers of Stations.

All reports of inventories, Receipts, &c. relative to furniture, Barracks and quarters to be sent to the Military Board.

Res. M. B. 7th
January 1803

Ordered, that the Barrack-master do himself attend to the cots of Invalids and Detachments of men, to whom no Quarter-master, or other Officer acting in that capacity, is attached; but as all such men are under charge either of the Town Major or Brigade Major of Artillery, those Officers are held responsible to the Barrack-master for injuries done to the cots or Barracks by the men under their charge, in the same manner as commanding Officers and Quarter-masters of corps are by the Barrack Regulations made responsible, in the first instance, for all damage done by the non-commissioned Officers and Privates of their respective Corps.

Responsibility for the preservation of furniture, Barracks, &c. allotted to small Detachments of Europeans, to whom attached.

Res. M. B. 23d
April 1803

Agreed, that it be a standing Regulation in future that the Barrack-masters who have cots under their charge belonging to the Company for European Soldiers, do make quarterly returns of the same to the Military Board, expressing the number of serviceable, repairable and unserviceable—in and out of use.—(Quarterly returns are also sent of all furniture, stores, &c. in charge of Barrack-Masters.)

Quarterly returns of Barrack cots to be sent to the Military Board.

26th Jan. 1803

Government having determined that Barrack cots for the use of the European Troops at the several Stations of the Army, shall in future be furnished by contract instead of as heretofore by the Agency of Barrack Masters; Officers commanding Stations where European Troops are quartered, are ordered to furnish the Military Board with timely notice when cots are likely to be wanted, that the necessary measures may be taken to provide them.

Barrack cots to be provided by contract at the several Stations of the army.

G. O. G. G.
29th Apr. 1803

The Governor General in Council has been pleased to accept the proposals of contract tendered by Mr. John Taylor, for furnishing Barrack cots for three years under the terms of the advertisement published in the Calcutta Gazette of 23d February last, and at the following rates; each cot to be painted with two coats of paint, composed of white lead and oil, instead of red paint, as provided in the advertisement above mentioned.

Res. M. B. 12th
June 1810

The Governor General in Council is pleased to authorize the Military Board to direct Mr. Taylor, contractor for cots, to introduce a curved cross bar into such cots as he may in future supply for the public service at an expense not exceeding four annas for each cot.

The Board are of opinion that the curved cross bar for cots constructed at the Presidency, where they are not liable to be affected by the hot winds, may be dispensed with.

Proc. M. B.
20th July 1809

The Governor General in Council entirely approving of the Proceedings of the Military Board on this subject, and concurring in the propriety of all cots for European Hospitals being in future constructed on the enlarged scale recommended by the Medical Board, directs that the Military Board will issue the necessary orders to the Barrack-masters of Fort William, Berhampoor, Danapoor, Chunar and Agra, in conformity to their suggestion, to indent for a complement of new cots of the increased dimensions, viz.

Increased Dimensions to be observed for the cots to be appropriated to the use of the Hospitals

Length six feet in the clear, within the head board,

Breadth including the frame, two feet eight Inches.

For the Hospitals at each of those Stations, to be marked and lettered "Hospital cots."

The complement for each Station to include ten cots in every hundred, of extra size, viz. six feet six inches in length, by three feet six inches in breadth for patients of more than ordinary stature; to be marked and lettered "extra sized Hospital cots."

G. O. V. P.
25th Aug 1809

The Vice President in Council is pleased to resolve that an increase of four annas be allowed on each cot of the enlarged dimensions which may be supplied by the contractor at the several Stations, in addition to the existing rates for ordinary Barrack cots, which were published in General Orders under date the 29th April last.

The Painter furnished by the Deputy Commissary being incapable of performing that work, agreed to request the commanding Officer at Bhampoor will authorize the Barrack-master to have the cots marked, and charge in a contingent bill for the actual expence, which, at the Presidency, is two pie per letter.

Res. M. B.
13th Feb. 1810

All repairs of Barrack cots to be performed by the Contractor on survey report and estimate,

Whenever a certain number of cots shall be found to require repair, the Barrack-master will, as usual, apply for a Committee to survey them, before whom he will lay a minute detail of the nature and extent of the repairs required, the same having been previously ascertained by a careful examination of them by his people.

Res. M. B. 6th
June 1809

The report of the Committee is then to be delivered to the Contractor or his Agent, who will frame an estimate of the expence of all such repairs as shall be found necessary, which will be presented to the Barrack-master, by whom the report and estimate are to be transmitted to the Secretary to the Military Board, with his opinion on the reasonableness or correctness of the estimate.

If the estimate shall be duly sanctioned by Government, the repairs will be immediately commenced, and the efficiency of the workmanship and materials will of course be ascertained, in the usual manner, by a subsequent survey; the report of which is to be delivered to the Contractor or his Agent as a voucher for his charge on each occasion.

Provision of tables, forms, &c. for the Barracks of European Corps,

The Governor General in Council authorizes the making up of forms, tables, &c. for the Barracks of His Majesty's 53d Regiment at Danapoor, limiting the expence to the amount of the estimate furnished, viz.

Proc. G. G.
15th Feb. 1806

One table, large enough for twelve men, eight feet long by four feet wide, the frame to be of saul wood, the planks of sissoo, together with six forms or seats; at Rupees 25.

Ten tables as above for each company, being one hundred for the Regiment.

(Racks for the musquets, and rows of wooden pegs for hanging the accoutrements on, are likewise provided in the Barracks of European Corps.)

And of furniture, for Guard Rooms,

The Vice President in Council judges it to be proper to limit the articles of furniture for the Main Guard at Cawnpoor to the following—One table—Six chairs—Two wall-shades.

Proc. V. P.

19th Apr. 1806

The Commander in Chief directs that the Cantonments ordered to be established at the several Stations and Posts in the Field be built with the strictest attention to regularity, and that no more ground be occupied than is indispensably necessary.

Regulations for the establishment of cantonments in the Conquered Provinces.

The Deputy Quarter-master General will visit as many of the Stations and Posts as he can where new cantonments are forming for the purpose of describing the limits, marking out the extent of the streets and lines; as well as the space of Ground for the Bungalows of Officers of the respective Ranks; for such of the new Posts as he may not have time to visit he will be pleased to forward to the commanding Officers, plans, describing the extent of ground and situations of the several public buildings allowed for Corps of Native Cavalry and Infantry, agreeably to the instructions he has received from Head-quarters. (Vide Form No. 2.)

His Lordship moreover strongly recommends to all Officers to expend as little money as possible on the buildings they may have occasion to erect at the Stations and Posts now

ordered to be occupied, as the relief of Corps will be frequent and the positions may be often changed.

Prohibition of the occupation of any mosques or religious buildings in the vicinity of or within any of the Military Cantonments.

On no account will his Lordship sanction the occupation as a dwelling house of any mosque, temple or other building of a religious description, without the most positive assurance on the part of the Natives and parties concerned, that such an act will in no way be objectionable to them; or in the smallest degree offensive to their religious habits or feelings.

Ext. Let. Dep.
Adj. General
24th Apr. 1806

For such assurances, and for the most rigid forbearance, in every sense, from any act or measure that can in the most distant degree affect or disturb the prejudices of the Natives, his Lordship holds commanding Officers responsible, and therefore looks for their enforcing those principles of conduct, and for the necessary reports on the occasion, before his Lordship's decision or sanction can be finally obtained.

The limits of Cantonments which have been approved by Government, how to be defined.

Government having approved and confirmed the local limits assigned to the undermentioned Cantonments and Garrisons by the joint reports transmitted to Head-quarters by the Civil and Military authorities at those places, respectively, commanding Officers in the situations referred to are directed to cause pillars of masonry of a suitable construction to be immediately erected at appropriate distances, for the purpose of permanently distinguishing the boundaries of those Cantonments and Garrisons, as described in the reports transmitted to Head-quarters, and now confirmed by Government, in all situations where these or other sufficient means have not been adopted for that purpose.

G. O. C. C.
3rd July 1801

The ground within the Military Cantonments is not to be cultivated.

As admitting the ground within the boundary of cantonments to be cultivated at all by the Ryots, may lead to its becoming a general practice, the Military Board request Colonel Dunn will be particularly careful the cultivation in the cantonment of Midnapoor is not renewed.

Res. M. B. nth
Sept. 1801

The ground on which Officers' gardens may be situated, to be considered eventually re-claimable, if required for public purposes.

The Governor General in Council considers it to be highly advisable not to grant any of the ground within the limits of the Military Cantonments for the purpose of making gardens.

Proc. G. C.
25th June 1801

It is not however his Excellency's intention to deprive any Officers, at present possessing gardens within the limits of the Military Cantonments, of the use of the ground, upon which these gardens are situated, so long as such ground shall not be required for public purposes.

Whenever ground, upon which gardens are situated, shall be required for public purposes, it will be the duty of the commanding Officer of the Station to remove the gardens with as little inconvenience to their proprietors as circumstances will admit.

Regulations for the disposal of the quarters of Staff Officers, &c. within the Military Cantonments.

Ordered, that on occasions of the disposal of premises and dwellings which have been occupied by Staff Officers within the limits of any Military Cantonments, so situated as to render them in a peculiar manner adapted for the residence or due discharge of the official duties of Officers succeeding to such Staff situations, the vender of such premises and dwellings shall be bound to dispose of, and the successor to such appointment to purchase them, at a fair valuation by a Committee of Arbitration, constituted in the usual manner.

G. O. G. C.
18th Sept. 1807

It is at the same time notified as a regulation for future observance, with a view to preclude expensive improvements or additions that may be made by the actual possessor, from becoming burthenome in the purchase to his successor, that no additions or improvements to premises or dwellings of the description above adverted to, shall be included in the valuation of the property on its transfer, except such as have been previously sanctioned by the Military Board.

The Governor General in Council considers the present to be a proper occasion to call the attention of Officers commanding Stations to the subjoined orders of the Governor General in Council published in April, 1801, which they are expected to see duly carried into effect, viz.

That no Bungalows or Quarters at any of the Cantonments shall be allowed to be sold to or occupied by any person who does not belong to the Army.

If individuals, not Officers, shall purchase, they must remove the materials, as the ground within the limits of Cantonments is to be kept and appropriated exclusively to the use of the Troops.

Officers on quitting the Station are to sell or rent their quarters to the Officers who may relieve them, at a moderate rate, and in the event of the death or resignation of any Officer his quarters are to be sold or rented under the instructions of the commanding Officer of the Station, and in no case to be made over in any shape to any person not belonging to the Army.

Proc. M. B. 29th Mar. 1858 The Regulations impose no restriction whatever in respect to the sale or renting of the quarters, which are private property, beyond that of their being reserved for the Officers and Staff of the Army; and Lieutenant Colonel Dalrymple can have no preference of claim from his Rank to the occupation of quarters either the property of, or rented by, any other Officer at the Cantonments.

Officers derive no preference of claim from their rank to the purchase or hire of any particular quarters.

Proc. G. G. 13 Feb. 1859 The Governor General in Council approves the suggestion of the Military Board for not allowing any person to occupy the quarters at Barrackpoor, which are public property; and desires the necessary communication may be made to the commanding Officer.

No person to occupy the quarters at Barrackpoor, which are public property.

Proc. G. G. 6th Aug. 1861 It will be sufficient for the due performance of the public duties of the Officers under the Orders of the commanding Officer at the Station of Barrackpoor, and of the Officers commanding the respective Corps, that they be required to build their Bungalows within the limits of the Cantonment.

Regulations to be observed in the construction or disposal of Officers' Bungalows in the Cantonment of Barrackpoor.

His Excellency in Council, however, thinks it proper that uniformity should be preserved as much as possible in the principal lines of direction of the Bungalows, in their distances from one another, and also in the dimensions of the Bungalows; and his Excellency in Council desires that this may be attended to with reference also to his former Orders, which require that all public ground held or possessed by indulgence must be appropriated for Bungalows or for other public purposes whenever such ground shall be wanted.

Proc. M. B. 28 Feb. 1862 Such Bungalows at the Station of Barrackpoor as may be for sale are to be offered in the first instance to such Officers belonging to the Corps quartered there, as may not already be provided with Bungalows; and the privilege of purchasing Bungalows at Barrackpoor is to be confined to Officers of Native Corps.

G. G. 10 Feb. 1862 The Governor General in Council approves of the regulation proposed by the Military Board, respecting the Cantonments at Barrackpoor, and accordingly directs and orders:

First.—That the ground granted to each Bungalow be no otherwise enclosed in front and rear of the Bungalow than by a railing not exceeding six feet in height.

Second.—That whatever enclosures for compounds may be made they shall be at the ends of the Bungalows, and shall be made with pucca bricks.

Third.—That the ground round or appertaining to the offices shall not be enclosed, but remain as at present.

Fourth.—That no ditch, banks of earth, mud walls, straw or matted buildings (except Officers' Bungalows) shall be allowed within the space occupied by the Officers.

Fifth.—That no stables, dog kennels, cattle houses, or gardens shall be erected or made within the lines either of the Officers or Sepoys.

Sixth.—That the bank of the river, from the boundary of the ground allotted to the Bungalows down to the water's edge, shall be left open.

And for preserving uniformity and Regularity in the several buildings, &c. of that Cantonment.

Proc. Barrackpoor Cantonment 27th Dec. 1862 The Battalions are to keep their respective lines clear, and the houses of the men regular; to direct and preserve uniform the streets of the Companies; to keep the Lines of the Native commissioned Officers at proper intervals from the ends of the men's main streets; to prevent cattle from being picketted in the Lines; and to be careful that no workmen, washermen or others, are suffered to build huts within the Battalion Lines: this duty to be performed by the Quarter-master Serjeants of Battalions, and the Staff people, under the responsibility of the respective commanding Officers.

All stables for Officers, houses for their servants, and other building, are to be restricted to the ground purposely allotted, on the right or left of the Line of Rear Guards.

The Cantonment or great Buzar, and all other Buzars belonging to the Station, are to be restricted to the ground purposely marked out for them.

It will be the duty of the (senior) Quarter-master to give occasional inspection, that these Regulations are attended to.

No lighted Muffals or other lights to be carried about the Lines, except candles in lanthorns.

No Budgerows or Boats to be put to within the limits of Cantonments or Head-quarters, except for the time of loading or unloading.

No fires of any kind are on any pretence to be suffered on the banks of the River.

J. PATON,

Statements exhibiting the Proportions of Materials and Labor required in the construction of Masonry and Roofing, as computed in different Public Buildings recently constructed.

MASONRY.

MATERIALS, PLAISTER INCLUDED.

The best burnt bricks to be used: the number required in a hundred cubic feet must depend upon the size in general use.
The bricks to be fixed in mortar composed of good konker chunam brought pure and unflaked to the works, when, if obtained to be good, it will bear a proportion of one third of Sootkey finely sifted.

Twenty two millions of Mortar, as above, will be required in a hundred cubic feet of Masonry.

The ingredients termed Muffallah by the Natives, viz. ghor, ata, and lunn, which have no real connection with good Masonry, are to be excluded, except in terracing (roofing and flooring) in which a small proportion of good Masonry may be used with advantage to prevent the mortar from cracking by too rapidly drying.

LABOR IN A HUNDRED CUBIC FEET OF MASONRY, PLAISTER INCLUDED.

- Nine Bricklayers, including Mates, &c.
- Eleven Coolies and Bidadis.
- One Waterman.

ROOFING.

THE WOOD-WORK TO BE OF SAUL.

The scantling of rafters to be proportioned to the description of buildings they are used in.
Couplers to be placed in Thatched Roofs, $6\frac{1}{2}$ feet asunder, and their scantling to be 5 inches by 4.
Burgahs or Batons to be placed in rows $4\frac{1}{2}$ feet asunder in Thatched Roofs, and their scantling to be $5\frac{1}{2}$ inches by $4\frac{1}{2}$.
The Scantling of wall plate to be $5\frac{1}{2}$ inches by 4 $\frac{1}{2}$.

TILED ROOFING.

The couples will be from $3\frac{1}{2}$ to 4 feet asunder.
The Rows of Burgahs $3\frac{1}{2}$ feet asunder.
And an additional proportion of one fourth of bamboos, twine, &c. to that which is used in Thatched Roofing.

Materials (Wood excepted) and Labor in a Hundred superficial feet of Thatched Roofing, as computed in the Buildings at Meerut.

MATERIALS.

- 470 Bundles of straw, each weighing 40 Rupces.
- 56 Bamboos at from 9 to 11 cubits each.
- 23 Seer of coarse string for the Frame.
- 1 Seer 14 chks. of fine ditto in the Thatch.
- 2 $\frac{1}{2}$ Seer of hemp rope
- 3 large Mats, 6 cubits long by $2\frac{1}{2}$ broad, each.
- 1 Pr. of Steekies (for ridge and corners)
- 2 Seer of Iron. Nails, &c. in the wood work.

LABOR.

- Three Carpenters, including Mates, &c.
- Two Sawyers.
- Eight Grammies.
- One waterman (including all expenses of procuring water)

In cases where cartage may be required, the amount is to be calculated and added to the estimated cost of each Article, the necessary explanation being at the same time afforded to account for the increased expense.
All contingent expenses for scaffolding, &c. &c. not included in the above items, are considered as being provided for by the allowance of 10 per cent. which is added to all estimates to cover such contingencies.
All duties levied by Government on Building Materials to be paid by the Officer executing the work, and to be charged separately, accompanied by the requisite documents to establish the exact amount.

Regn. M. R.
22d Sept. 1794

THE Station of a Conductor of Ordnance is to be considered as open to deserving men of all corps in the Service, indiscriminately.

Regulations relative to the appointment,

Let. C. D. 7th
April 1839

PAR. 94th—We have appointed John Heillhouse a Conductor of Stores at your Presidency, and as he has been a Serjeant Major in the Horse Artillery in this country, we direct that he may be employed in that line of service under your Presidency, provided you shall find him in every respect fully qualified.

M. C. 17th
Dec. 1798

Resolved, that all Conductors shall have rank above Serjeants Major in the Army; and that amongst themselves they take rank according to the dates of their appointments.

Rank

G. O. G. G.
21st May, 1809

The Governor General in Council determines that Conductors of Ordnance, when employed in the Province of Bundelkund, or at any Stations above Allahabad, shall be permitted to draw Sonat Rupees 35 per month for a tent, in addition to the pay and full batta of their rank,

And allowances of Conductors of Ordnance.

(viz. pay per mensm Sonat Rupees	----	----	----	50
full batta per diem	----	----	----	2)

and in lieu of all claim to quarters; and that all Conductors shall in like manner receive the same allowance for a tent; and Sonat Rupees 30 per month for a horse when actually employed in the Field, or when marching in charge of stores.—(For the Regulations for quarters for Conductors of Ordnance in Fort William *vide page 397.*)

Provision of Quarters, Behisties, &c. for them at Fort William, & Dum Dum.

Regn. M. B.
18th Feb 1803

Ordered, that the following extract of the Acting Military Auditor General's letter be transmitted to the Commandant of Artillery for his information and guidance.

“Whilst in Garrison, Conductors would be provided with behisties and sweepers from the establishment of the Barrack-master without any augmentation of it on their account;—whilst encamped at praetite at Dum Dum, they should be supplied with behisties and sweepers from the establishments of those people allowed for the Non-commissioned and Privates of the Artillery Corps.”

G. O. V. P.
19th Jan. 1810

The Vice President in Council is pleased to authorize all Conductors of Ordnance having the immediate charge of Field Magazines, or Depôts of Ordnance or other Military Stores, to draw an allowance of 20 Sonat Rupees per mensm for stationery.

Allowance for Stationery to them when in charge of Depôts of Ordnance, Stores, &c.

Detail of the
Ordnance Estab-
lishment.

The Governor General in Council, having had under his consideration the present state of the Ordnance Department at this Presidency, is pleased to determine that the establishment of Conductors of Ordnance shall be augmented from 32 to 47.

Commissaries and Deputy Commissaries of Ordnance are entitled to the full batta of their ranks in Cantonments within the Provinces.

M. C. G.
June 1786

(For the allowance for lodging money to Ordnance Officers at the Eastern Settlements vide page 130.)

Commissaries and Deputy Commissaries of Ordnance are also allowed house rent when not furnished with quarters.)

Proc. G. G. 28th Jan. 1800 The Governor General in Council, under the Regulations which allow Deputy Commissaries of Ordnance to draw full batta and house rent, authorizes house rent for the Deputy Commissary of Ordnance at Allahabad, while he is not supplied with quarters.

Proc. G. G. 25th Apr. 1803 The Governor General in Council has permitted Mr. Moran, Deputy Commissary of Ordnance attached to the Arsenal in Fort William, to draw the house rent of his rank, viz. Sonat Rupees 60 per mensem.

G. O. G. G. 23d Sept. 1802 The following Ordnance Officers are not to draw tent allowance: Commissaries and Deputy Commissaries of Ordnance.
The Commissary of Ordnance Expence Magazine is to draw half tent allowance, while in Fort William, and full tent allowance when he moves out with the Artillery to their annual Praetile at Dum Dum.

Proc. V. P. 30th Apr. 1811 Ordered, that the tent allowance to Mr. Deputy Commissary Jeffs (on service at the French Islands) be restricted to that of a Subaltern Officer, or Sonat Rupees 50 per mensem.

G. O. G. G. 6th June 1803 The Governor General in Council is pleased to direct, that whenever the Service may require the movement by land of the undermentioned Officers, camp equipage be supplied to them from the Public Stores in the proportion hereafter laid down.

Proportion of Camp Equipage allowed them in the field,

FOR A COMMISSARY OF ORDNANCE.

A Captain's Marquee...One Private Tent...One Necessary Tent.

FOR A DEPUTY COMMISSARY OF ORDNANCE.

A Subaltern's square one-poled Tent...One Private Tent...One Necessary Tent.

G. O. G. G. 29th Nov. 1806 To prevent the frequency of references on the subject of boat allowance, the Commander in Chief thinks fit to notify to the Army, that the Governor General in Council considers warrant Officers, who are not entitled to tent allowance in cases of removal, or when ordered on duty from one Station to another, to be entitled to the boat allowance of their rank, although not ordered to proceed on duty by water, with, or in charge of Troops, flutes or treasure.

Rate of Boat allowance granted them when proceeding by water.

M. C. 15th Sept. 1797 Resolved, that the boat allowance of Conductors be encreased from 50 to 70 Rupees, a month.

(The boat allowance to Deputy Commissaries of Ordnance is the same as that of Lieutenants.

The boat allowance of Commissaries of Ordnance the same as that of Captains.)

G. O. V. P. 7th Nov. 1809 The Vice President in Council is pleased to promote Mr. Thomas Robinson, senior Conductor of Ordnance on this Establishment, to the rank of Deputy Commissary; and to appoint him permanent Deputy Commissary of Ordnance and Military Store-keeper, at Prince of Wales's Island.

Appointment and allowances of the Deputy Commissary & Store-keeper at Prince of Wales's Island.

Uniform fixed for Deputy Commissaries and Conductors of Ordnance. G. O. C. C.
22d July 1789

The Commander in Chief is pleased to order, that the following Uniforms be worn in future by Deputy Commissaries and Conductors of Ordnance.

The Deputy Commissaries to wear long plain blue frocks with capes, round cuffs and facings of the same colour, and plain yellow gilt buttons, four on the cuffs and pockets, and ten on each lappel.

The drefs of Conductors to be without lappels, but, in all other respects, the same as that ordered for Deputy Commissaries.

Applications for leave, for invaliding, &c. from Ordnance Officers, to be made to the Commander in Chief. Res. M. B.
16th July 1786

Agreed, that all applications for the invaliding or removal of Conductors should be referred to the Commander in Chief; and that he be requested to direct the Adjutant General to inform the Secretary to the Military Board whenever he grants permission of absence to any of the Officers of Ordnance.

The indulgence of furlough, in event of sickness, and of retiring from the service, extended to Deputy Commissaries. M. C. 11th January 1797

Agreed, in conformity to the opinion of the Commander in Chief, that in cases of sickness, duly certified, Deputy Commissaries of Ordnance be permitted to return to Europe on furlough, with their established pay, viz. that of Lieutenants.

Agreed, that Deputy Commissaries of Ordnance be permitted to retire from the service, upon the principle of the late regulations established by the Honorable the Court of Directors, after the prescribed period of service in India.

And Conductors of Ordnance. M. C. 11th July 1797

Agreed, that the regulation, published in Minutes of Council of the 11th January last, by which Deputy Commissaries of Ordnance are permitted to proceed to Europe on furlough, in cases of sickness only, and to retire from the service, after having served the prescribed period, on their full pay, be extended to Conductors of Ordnance.

Proc. V. P. 10th Sept. 1809 The Military Auditor General is authorized to pass the Bill drawn by Mr. Murphy, Conductor of Ordnance, for an advance of six months' pay to enable him to proceed to St. Helena, and eventually to Europe, for the recovery of his health.

Advance allowed them proceeding to Europe.

(The same advance of six months' pay has been also allowed to Deputy Commissaries, proceeding on furlough for the benefit of their health.)

Ext. Lt. M. S. G. 9th Jan. 1809 " Mr. Deputy Commissary Burnet having produced a certificate of sickness entitling him to furlough, Government have been pleased to allow him to receive the passage money of a Subaltern Officer."

And passage money when proceeding on furlough on account of sickness.

Let. C. D. 7th Sept. 1808 PARA. 181st.—In compliance with your recommendation, we have agreed to extend the benefits of retiring from the Service to Conductors of Ordnance under the usual regulations, and have resolved, that their retiring pay shall be 60 £. per annum.

Amount of pension to Conductors retiring from the Service

Let. C. D. 8th April 1807 We direct that the following periods of relative length of service, required from the Officers in the Ordnance Department, in proportion to the whole of their services in India, to entitle them to full pay on retirement, may be established.

Periods of Service determined, at the expiration of which, Ordnance Officers are entitled to retire.

Commissaries or Deputy Commissaries of Ordnance, not being commissioned Officers, who have served 27 years altogether in India, must have served 12 years in the Ordnance Department.

Those who have served 25 years altogether, must have been 14 years Ordnance Officers.

Those who have served 23 years in India, must have been 17 years in the Ordnance Department.

Let. C. D. 8th July 1795 As we find, by your subsequent advices, that you have come to a resolution of granting warrants to all Conductors of Ordnance, and to all Commissaries and Deputy Commissaries of Ordnance, not holding commissions, which Resolution, for the reasons stated in the Proceedings of the Military Board, has met with our approbation; the widows of persons of this description now become entitled to a pension from the Military Fund.

The widows of Ordnance Officers admitted to the benefit of Lord Clive's Fund.

M. C. 20th April 1796 Resolved, in addition to the existing Regulations for the Pension Fund, that the Widows of Commissaries, Deputy Commissaries and Conductors of Ordnance, be disqualified to participate in the benefit of the Fund, unless they can produce affidavits of property, similar to those now directed to be taken by the Widows of commissioned Officers of the rank of Captains, Lieutenants and Ensigns, respectively; it having been considered by Government consistent with the spirit of the deed between the Company and Lord Clive, that the Officers of Ordnance receiving pay equal to commissioned Officers of the above ranks, their Widows should be equally restricted by Regulations, with regard to the extent of their property, previous to the admission of their claims on the Fund.—(For further Regulations relating to the payment of pensions from Lord Clive's Fund to Widows of Ordnance Officers, vide page 161.)

Res. Gen. Man. Orphan Society, 1st Dec. 1784 Resolved, that Commissaries, Deputy Commissaries and Conductors of Ordnance be admitted to become Subscribers to the Institution (of the Military Orphan Fund).
(Commissaries of Ordnance subscribe as Captains per month St. Rs. 6
Deputy Commissaries as Lieutenants, 3
Conductors of Ordnance, 1 8)

And their children to the benefit of the Orphan Institution.

G. O. V. P. 14th Nov. 1805 The Vice President in Council deems it to be proper to notify in Public Orders, that the appointment of Deputy Commissary of Ordnance is incompatible with the situation of an Officer, holding the Regimental Rank of Captain, and is not therefore to be held by Officers of that description.

The appointment of Deputy Commissary and Commissary of Ordnance incompatible with the rank of Captain and Field Officer, respectively, except in particular cases.

G. O. G. G. 15th May 1806 The Governor General in Council, at the particular recommendation of the Commander in Chief, and in consideration of the particular circumstances of the case of Captain Lieutenant A. Mathews, Deputy Commissary of Ordnance at Futtighur, is pleased to determine that Captain Lieutenant Mathews shall be exempted from the Orders of Government of the 14th November last, declaring the situation of Deputy Commissary of Ordnance to be incompatible with the rank of Regimental Captain.

This exception from the general rule, established by Orders of Government above adverted to, is admitted by the Governor General in Council, in the present instance, as a mark of attention and indulgence to a deserving Officer, who has suffered severely; in the execution of his duty, while on active Service against the enemy.

Major Nelly being unable at present to perform active Field duty, in consequence of a wound which he received during the late war, the Governor General in Council, at the recommendation of the Commander in Chief, has been pleased to permit Major Nelly to retain the appointment of Commissary of Ordnance at Allahabad, notwithstanding his Promotion to the rank of Field Officer.

Rewards granted to Ordnance Officers distinguishing themselves by an active and zealous discharge of their duty.

The Commander in Chief, in reward of the exertions of Messrs. Gore and Hunt, Conductors of Ordnance, during the present campaign, is pleased to appoint them to act as Deputy Commissaries, from the 1st of October last, and during the continuance of the Army in the Field, subject, however, to the approbation of the Governor General in Council.

In consideration of his diligent and faithful discharge of the increased duties and responsibility which devolved on Mr. Conductor Donald, during the late Service in the district of Coel, Mr. Donald is permitted to draw the pay and allowances of a Deputy Commissary of Ordnance, from the day that he received charge of the Ordnance and Stores at Agra, until they were re-delivered into that Magazine.

The Commander in Chief having represented to the Governor General in Council, the zeal, alacrity and good conduct of Mr. Catts, Deputy Commissary of Ordnance at Futtighur, his Excellency in Council is pleased to appoint Mr. Catts to be Commissary of Ordnance at Futtighur. The appointment of Commissary of Ordnance at Futtighur is to be restricted to the time Mr. Catts shall remain in charge of the Magazine there; after which period the Magazine at that Station is to be placed under the charge of a Deputy Commissary of Ordnance, according to the present establishment.

Deputy of Ordnance Officers to be directed by the Commander in Chief.

When a Brigade or any part of the Army shall be ordered to take the Field, the Deputy Commissary of Ordnance, with Conductors, according to the nature of the Service, are not to be directed by the Military Board, but by the Commander in Chief, to attend such Brigade or detachment for the issuing of Stores, of which the Military Board will be duly informed by the Adjutant General.

Directions for their observance in receiving charge of Magazines or Stores.

Every Commissary or other Officer of Ordnance receiving charge of a Magazine or stores, shall examine their quantities and not depend upon the returns delivered by the Officer relieved or quitting charge; as the person in office at the time of any Survey will be made answerable for the balance remaining in store, according to the Books.

Relieving Officers shall mutually sign an actual state of the ammunition, stores, &c. the one delivers to the other.

Whenever the charge of any Magazine is transferred from one Officer to another, the relieving Officer shall attest, at the bottom of the Survey usually held on such occasions, the period to which the Books and Records of the Office, of which he has assumed charge, have been brought up, which attestation shall be verified, on the spot, by the Committee of Survey, whose report will in due course be transmitted to the Board.

Enjoining their attention to the arrangement and preservation of the stores.

The Commissaries and other Officers of Ordnance are diligently to attend to the preservation of the stores under their charge, to keep them always arranged and disposed in the most regular and proper manner; so as they may be enabled to obey orders for issues with facility and dispatch.

Indents are not to be detained at Magazines, or stores issued or received without being surveyed.

Ordered, that the Deputy Commissary at Dehli be instructed not to detain Indents of any description at his Office in future, but to forward them immediately to the Military Board, keeping copies, if necessary, of such as cannot be previously complied with; and on no account is he to issue stores from or receive them into the Magazine, in future,

without being previously surveyed, as he will be held responsible for all stores so issued or received.

- Res. M. B. 16th April
G. O. 17th April 1794. The Military Board are of opinion that it is the duty of Commissaries, or other Officers of Ordnance in charge of Magazines, to attend the Committees of Survey without being members, and they shall be respectively at liberty to offer any remarks to the Military Board which may occur to them on points regarding which they may happen to differ from the Committee of Survey, concerning the condition of the stores.
- Ordnance Officers are to attend all Committees of Survey held at their Magazines.
- Res. M. B. 28th Oct. 1775. Whenever a supply of stores dispatched from the General Magazine shall be received at the subordinate stations for which it was destined, the Officer of Ordnance is to report to the Military Board whether any of the Articles contained in the Invoice are deficient or damaged.
- To report to the Military Board when receiving stores from the Arsenal.
- G. O. 14th August 1797. Previous to all Surveys of stores to be received into or dispatched from Magazines, the Officer of Ordnance is to send a list of them to the Commanding Officer of the Station, that he may order such Officers to survey them as he may judge best qualified for that duty.
- And to the commanding Officer when receiving or dispatching stores.
- Res. M. B. 3rd October 1807. It is the express duty of a Commissary to put all repairable articles in his Magazine into serviceable condition by means of his establishment, without any previous reference.
- Repairs to be executed in the Magazines without previous reference.
- Res. M. B. 26th Oct. 1775. No Stores shall be issued from any of the Magazines without an order from the Military Board or from the Commander in Chief of the Forces, when in the Field, or upon Indent approved by the Board; except in cases of emergency.
- Stores on what authority to be issued from Magazines.
- G. O. C. C. 3d Jan. 1809. Commissaries, Deputy Commissaries, and all other Officers of Ordnance in charge of Magazines above and including Chunar, are directed to comply, without delay or further reference, with all indents on emergency, which may be countersigned by Commanding Officers of Stations or Detachments, and to obey all instructions and requisitions which they may receive from the acting Commandant of Artillery; when that Officer is in the Field, transmitting to the Military Board regular reports of their compliance with all such indents, instructions or requisitions.
- Regulations for Ordnance Officers in the Field complying with emergent demands and replenishing their Magazines from those contiguous.
- G. O. C. C. 15th Jan. 1809. Commissaries and other Officers of Ordnance in charge of Magazines at and above Chunar, are directed to comply with all indents severally made on them to replace issues from Magazines contiguous to or remote from their own Magazines.
- In the event of the Commissary at Allahabad and the Deputy Commissary at Chunar being unable to comply with Indents which may be made on them in succession, by the Ordnance Officers in charge of Field Magazines, they are to indent forthwith on the Military Board for such articles as can only be supplied from the Presidency.
- All issues from an advanced Magazine are to be replaced without delay from that contiguous to it, which must again be replenished from the next in succession to it.
- G. O. C. C. 29th Mar. 1809. The proportion of Stores, &c. for the Chunar Magazine being calculated only to answer the demands of that District and Corps dependant on it,—all Indents of any magnitude, or for articles of importance, to replenish the Magazine at Allahabad, are to be made on the Arsenal of Fort William, and transmitted direct to the Military Board.
- Res. M. B. 31st Aug. 1804. Whenever Ordnance or Ordnance Stores of any kind are issued from the Allahabad or the Field Magazines on emergency, or whenever any emergent orders for the supply of Ordnance stores shall be sent to those Magazines, the Commissaries or other Officers in charge of them shall immediately report the same for the information of the Board, stating to what extent they have been able to comply with such orders, and what balance of stores will remain thereafter in their respective Magazines, in order that the Board may take immediate measures for the replacing or supply of such Ordnance or Stores, as the case may be.
- Res. M. B. 28th March, 1794. Agreed, that it be considered a standing Regulation, that the Commissary of Stores and all other Officers of Ordnance shall notify to the Military Board, the dates of the dispatches of stores from the Magazines under their respective charge.

Period for the dispatch of stores to the Presidency. In future no stores shall be dispatched from the subordinate Magazines to the Presidency, from the 1st of November until the 1st of June. Any person offending against this Regulation shall instantly be removed from his Office. Res. M. B. 8th May 1788

Invoices of stores dispatched by water to be furnished to the Commissariat. Commissaries are required to furnish the Contractors for Boats (now Commissariat) with Invoices of all stores dispatched from their Magazines on Boats supplied by him. Res. M. B. 10th May 1808

Control to be exercised by Officers in charge of Magazines over Conductors. Conductors of Ordnance, being the Official Assistants of Commissaries, and Deputy Commissaries, are placed under their authority without any exemption from their orders, with respect to writing or other duties, whilst those required shall be confined to the business of the Commissary's or Deputy Commissary's Department. Res. M. B. 10th Oct. 1778

Officers in charge of Magazines are under the direction of the Officer commanding the Artillery at the Station. With respect to the making up of stores and ammunition, the Commissaries and Deputy Commissaries of Ordnance shall perform that business and all laboratory work, under the direction of the Commanding Officer of Artillery at their respective stations; but the custody and charge of all materials and stores shall remain with the Commissaries and Deputy Commissaries. Res. M. B. 29th February 1777

"The Court, in consequence of the matter being called into question, cannot close its Proceedings without observing that, as far as it has been able to procure any light upon the subject, the custom of this and all other services has placed the Commissaries and Deputy Commissaries of Ordnance, subject to the Commanding Officer of Artillery, in so far as his orders do not interfere with those of a superior authority." Ext. General Court Martial, published in G. O. C. C. 26th May 1799

Orders to Ordnance Officers are to be conveyed through Commanding Officers of Stations. Commanding Officers of Stations, where there are Commissaries of Ordnance, are directed to permit those Commissaries to carry into execution such Resolutions of the Military Board as may be conveyed to them by the Secretary. G. O. C. C. 25th Apr. 1792

The correspondence with the Officers belonging to the Departments under the Superintendence of the Military Board conveying orders to and receiving reports from them, when relative to any increase or diminution of the Public Force under Commanding Officers of Stations, is to be carried on through such Commanding Officers, and not otherwise. Res. M. B. 24th Oct. 1806

Who will visit the Magazines monthly, and report accordingly to the Military Board. Agreed, upon the same principle, that the Members of the Military Board visit the Arsenal in monthly rotation: that it be made a standing Regulation, that the Commanding Officers of subordinate Stations visit the Magazines at their respective Stations, once, at least, in every month; reporting to the Military Board that they have done so; stating whatever they may deem worthy of remark relative to the Magazine and the Stores. The foregoing Regulation is to be strictly attended to. Res. M. B. 17th Sept. G. O. C. C. 21st Sept. 1792

Ordered, that the Commissaries, and all other Officers of Ordnance in charge of Magazines, shall report monthly to the Commanding Officers of Stations, all deficiencies of Ordnance, Ordnance Carriages, Arms, Accoutrements, Camp Equipage and Ammunition of all descriptions, of the proportion of stores fixed for their respective Stations; that the same may be forwarded to the Board, with the monthly report of the Commanding Officer's visit to the Magazine. Res. M. B. 20th Oct. 1795

Periodical reports to be made by Ordnance Officers in the Field to the General Officer commanding. The several Officers of Ordnance in charge of Magazines in the Field are strictly required to report to the General Officer commanding in the Field, on the 1st and 15th days of every month, the balance of Ordnance Carriages, Ammunition, Arms, Accoutrements, Camp Equipage and entrenching Tools remaining in store; to the end that the Military Board may receive early and regular information, through that channel, of all deficiencies in the due proportion of those Magazines, of any material articles of stores or equipment. G. O. C. C. 27th Nov. 1807

Directions for the transmission of monthly reports of receipts and issues. Monthly returns of all receipts and issues shall be made from every Magazine to the Military Board; Commissaries or any other Officers of Ordnance, having charge of Magazines or Stores, shall make the like monthly returns to the Officers commanding, and also to the senior Officer of Artillery, whether on detachment or at fixed Stations. Res. M. B. 26th Oct. 1775

All returns of receipts and issues are to be alphabetically arranged, and shall particularly specify the Magazine or stores from which supplies shall have been received, and the service for which every issue shall have been made; and the Commanding Officer on the spot shall sign a declaration annexed to the return of Issues, in these words:

"I do hereby certify that, I sincerely believe the articles, contained in this account of Issues, were necessarily expended for the service therein mentioned."

(Signed) A. B.

After which the returns, with the original vouchers, shall be immediately transmitted to the Military Board by the Officer of Ordnance.

Ref. M. B. The Board resolve to adopt as a General Regulation throughout every Department of
13th July. the Service, that all accounts of Issues, conversions or expenditures of stores, shall bear
O. O. C. C. an affirmation upon honor, from the person by whom such stores shall have been issued,
16th July 1789 as converted or expended, in the following form:

"I, A. B. do declare upon my honor that the preceding account does contain, to the best of my belief, a faithful and true statement of the Issues, conversions or expenditures therein mentioned."

(Signed) A. B.

Ref. M. B. Officers of Ordnance are required to be very minute in their accounts of receipts and
14th May, 1789 issues by conversion.

Ref. M. B. Ordnance Officers in charge of Magazines are to furnish, on the first day of each month, a
1st Jan. 1810 return exhibiting, in distinct columns, the fixed Magazine Proportion of every description of stores, the quantity actually in the Magazine, the quantity ordered to be supplied but not yet received, or due on indent, (specifying the date or dates of such Order or Orders and number of the Indents,) the quantity deficient of, and the quantity surplus to, the fixed proportion, agreeably to the following form.

Ref. M. B. When there are any differences in the pattern or construction of stores in the Arsenal or Magazines, the articles are to be distinguished from each other in all Returns and Surveys.

Articles of Stores of different patterns how to be returned.

Ref. M. B. Ordered, that all new Camel Ammunition Boxes, to be made hereafter for the Public
27th Feb. 1807 Service, be constructed on the improved principle as follows.

Regulations for the construction of Camel Ammunition Boxes.

Dimensions of a Camel Ammunition Box for short-mulgrave Balled Cartridges, with a Bin for the Reception of Flints for the same.

Length in the 1st Foot 6 Inches.—Width 1 Foot.—Depth 10 1/2 Inches.

Width of the Bin, 2 Inches.—Depth, the whole of the Box or 10 1/2 Inches.

Thickness of the Planks of the Box, 3-10th of an Inch.—Thickness of the Binn partition, 4-10th.

Weight of the Box, made of deal plank, without the covering of Gunny, &c. lbs 31.—Length of the canvas bag to hold the flints in, 1 Foot 3 inches.

The canvas bag to be made of the size of the Binn, except that it is longer.—The flints are put into this bag.

In order to pack the flints the bag is first of all to be inserted in the Binn, and then the flints to be put into the bag; when the flints are all in, the mouth of the bag is to be rolled hard, and close down to them; lastly, as much Ordance is to be used as will fill up the vacant space.—The flints so packed cannot stir in the least.

And for packing or covering Bullock, and Camel Ammunition Boxes,

Officers of Ordnance, in charge of the Arsenal and subordinate Magazines, are ordered to conform to the directions transmitted herewith for packing or covering Camel or Bullock Ammunition boxes. Ref. M. D. 6th Dec. 1809

Directions for packing or covering Camel and Bullock boxes containing Balled Ammunition.

The box having its lid fixed on with two hinges of Buffalo or other strong leather, and the ammunition and flints stowed in it, is ready for packing up.—Get ready a cover of what is called double gunny, in length 4 feet 3 inches, and about 5 or 6 inches wider than the box is long.—Have ready also two pieces of the same gunny, each piece of the breadth and depth of the end of the Box.—Lastly, a sufficiency of thick Tar must be at hand for paying the top, bottom and four sides of the box.—Proceed to cover as follows.

First.—Nail with a few tacks one end of the gunny cover to the edge of the lid of the box in front.

Second.—Pay over with the Tar the whole box, except the two ends.

Third.—Immediately as the paying is finished draw tightly and evenly the gunny cover down the front round under the bottom, up the back, and over the lid of the box; a loose flap of the cover, about 5 inches in depth, will then pass down the front of the box.

Fourth.—Sew down, with a packing needle and fine twine, this loose flap to the part of the gunny cover which is under it.

Fifth.—Pay with tar the ends of the box, and then turn in the part of the cover which projects beyond the ends.

Lastly.—Sew on over all the two end pieces of gunny prepared for this purpose.

In order to perform this work with neatness, the box should be placed on one end, mounted on four pins of 5 or 6 inches in height, and a man should stretch out the gunny cover until every thing is ready to admit of its being passed round the box.

When the cover is on and the flap sewed down, the box to be placed on its bottom, and then finished as directed in No. 5.

The tar must be very thick, if too thin it will not hold on the gunny cover to the box; if, however, too thick, it cannot be laid on with a brush.

Regulations for the preparation of Pawlins,

The Board having attentively considered and weighed the advantages and disadvantages of the several Pawlins of the descriptions specified, the preference due to those made of "Europe canvas waxed" was fully admitted.—Agreed, that the Commissary of Stores be informed accordingly, and confined to the use of canvas made by Europeans in this country, in cases, only, where there may be a scarcity of Europe canvas, enjoining him, whenever it shall be found necessary to use that description of canvas, to examine by holding it up to the sun that it is not irregularly wove; i. e. the threads drawn close in some places and left open in others.

Ref. M. D. 13th Feb. 1810

The foregoing Regulation to be extended to all Officers in charge of Magazines, and the use of Tar for paying pawlins to be prohibited, except for such as are always stretched, or, more properly speaking, for covers of Tumbrils, Boxes, &c.

Rec. M. R.
and May 1896

The Commissary of Stores, in all future dispatches of paint or other articles in a pulverized state, with a view to preclude the possibility of loss from being weighed in the

open air, is to have them so packed as to render it unnecessary to do more than to open the package or packages, (which should be in casks of about 10 cwt each,) merely to ascertain the article; and to specify distinctly, in the invoice, the weight of the package and that of its contents, which former will of course be deducted from the gross weight, when both are weighed at the Magazines into which they may be received.

And for the charge, cleaning &c of Mathematical Instruments in the Magazines.

The Commissary of Stores and Officers, in charge of Magazines, are on no account to allow Mathematical Instruments, or others of this constitution when received into Store, to be put into the hands of a Siclegun, or any other person, wholly unacquainted with their nature and use, for the purpose of their being disjoined, put in order and polished; but merely to have them well oiled and wiped; to be repeated, on occasion may require, and never allowing even a screw of them to be turned, except by a person able from experience to clean them thoroughly and properly.

Committees of survey to be assembled annually to examine the weights and measures of the Magazines.

It having come under the notice of the Military Board that frequent reports of "Short Weight," in the delivering of Stores from one Magazine to another, have been lately received, the Commander in Chief is pleased to direct that all Officers, in charge of Magazines, shall invariably receive and issue all Stores which are usually weighed, upon the same fixed principle, viz. the full and accurate balance of the scale. Committees of survey are directed to cause a strict observance of this rule; and Officers commanding at Magazine Stations are directed to assemble a Committee on the 15th October, annually, to make a minute inspection of the weights, scales and measures in use in the several Magazines, with orders to cause all to be destroyed which may not exactly correspond with the musters, which will be reported in the General Magazine, by order of the Military Board.

Reg. M. B.
24th June 1787

In all Indents for tools by Quarter-masters and other Officers, each particular article wanted should be specified by name, and not included under the general head of "Tool Chest complete."

Indents for Tools to specify each particular article.

G. O. C. C.
7th June 1806

It having been brought under the notice of the Commander in Chief that tools, originally deposited in the Magazines to answer occasional demands of the public service, had been used by the Commissary in performing Magazine work, and afterwards issued on indents in a worn-out and defective state; so improper and irregular a practice is strictly prohibited in future.

Tools are not to be used in the Magazines which have been deposited there to answer the demands of the service.

Application for tools required for Magazine purposes should be made to the Military Board by Indents, specifying the particular uses for which they are required, and, on such Indents being passed by the Board, the tools are to be written off the Magazine Books.

Reg. M. B. 5th
July 1777

Alphabetical Lists of all the Artificer's tools and utensils in use at all the Magazines, and belonging to Corps, are to be annually transmitted to the Military Board, with the other yearly returns.

Alphabetical lists of Tools to be included in all annual returns.

G. O. G. G.
26th Oct. 1807

Ordered, at the recommendation of the Military Board, that the following rules be prescribed for the employment of all establishments of Train Artificers and workmen of every description in the Ordnance Department, and that they be invariably adhered to.

Regulations for the employment of Train Artificers and Workmen in the Ordnance Department.

First.—The Train Artificers, &c. are first to put in repair all Carriages, Implements and their component parts, which in any respect fall under the denomination of "Ordnance and their Equipments," that may stand in the Park or Magazine under the Head "Repairable."

Second.—As soon as the above desirable object is attained, they are next to be employed in replacing, with "Serviceable," all carriages, &c. that may have been condemned as "Unserviceable"; using for this purpose the half-wrought materials in store, a certain proportion of which will annually be sent up from the Gun Carriage Agency Yard at Fort William, and taking the iron work of the old for the service of the new carriages, as it seldom happens but that the whole principal iron work of an old carriage, as the axletrees, cap squares, trunnion plates, flays, frotks of the wheels, &c. with a trifling assistance from the forge, will do again.—It is, however, clearly to be understood, that this article is not to be construed as giving any authority for the entire new construction of carriages of any description; a work exclusively confined by Government to the Gun Carriage Agency at the Presidency.

Third.—Whenever the proportion of carriages shall, by means of the Train Establishment, be rendered complete and serviceable, either by repairs or re-construction, the establishments must then be employed in making for store, from the half-wrought state, new spare wheels, new spare axles, &c. for carriages; new fire axes for the Field Pieces; and all the implements and various lesser articles of equipment in use in the Ordnance Branch of the Service.

For the Reports by the Commanding Officers of Artillery of the work per Train Artificers, &c. vide page 210.

And for the preparation of indentments, &c. for stores issued to them.

The following Regulations are published for the future guidance of Officers in charge of Magazines, whose implicit attention to them is particularly enjoined. G. O. C. C. 11th June 1860

At all the Stations where Train Artificers are employed, the several articles of stores which may hereafter be issued to those Artificers by the Officers of Ordnance, for repairs or conversions, and those which may be expended in the Magazines for ordinary repairs and conversions by the Magazine Establishments, are to be separately and distinctly accounted for by two Indents, instead of the whole being included, as at present, in one general monthly Indent. The Indent for issues to the Train Artificers is invariably to be presented for the countersignature of the Commanding Officer of Artillery, previous to transmission as a voucher, with the Magazine Monthly Return.

Contingent charges for the hire of extra establishments, &c. at Magazines by what authority, and under what circumstances to be incurred.

All bills for extra contingent charges for Ordnance and Military Stores that may be incurred in orders or authority of Commanding Officers of Detachments or Stations, are to be transmitted to the Military Board by such Commanding Officers, assigning his reasons for having ordered the charges to be incurred, otherwise the bills will be rejected. Ref. M. B. 17th May 1785

The Governor General in Council has observed from the Proceedings of the Military Board, that artificers and workmen have occasionally been hired at a very heavy expense, to the Public, under the authority of Station Orders for the purpose of making up stores; and this authority, it appears to his Lordship in Council, has in many instances been exercised when the demands for such stores were by no means whatever of so urgent a nature, as to warrant an immediate compliance with the application of the Officer of Ordnance for such extra aid. The Governor General in Council is pleased, in consequence, hereby strictly to prohibit Officers in charge of Magazines from applying for, and Officers in command of Stations from authorizing the hire of extra people; except in cases of obvious and urgent emergency, the particulars of which are to be immediately reported to the Military Board by Commanding Officers of Stations, for the information and sanction of Government. G. O. C. C. 17th Oct. 1808

The Governor General in Council, adhering to the principle upon which the Establishment of Magazines are always framed, is of opinion that occasions for extraordinary assistance can very rarely occur, provided the labours of those Establishments be superintended with vigilance, and judiciously directed to the timely preparation of those articles most likely to be wanted for the public service.

Rates at which the hire of extra establishments is to be charged.

The Vice President in Council is pleased to notify for general information, that all contingent charges for the hire of extra establishments are to be considered subject to check by the Nairick rates of the place, where such people may be entertained for the public service. G. O. V. P. 14th Nov. 1807

(When assistance cannot be rendered by the Train Artificers to the Officer in charge of the Magazine, certificates to that effect are to be given by the Officer commanding the Artillery at the Station. — *Vide page 210.*)

Ordnance Officers in charge of Magazines are to distinguish the work reported weekly under the head of the workmen who execute it, thus: Carpenters' work, under the head &c. &c. Res. M. B. 16th Aug. 1803

Weekly Reports of work done by the Magazine Establishments, to be transmitted to the Military Board.

The Vice President in Council is pleased to determine that the Commissary of Stores in charge of the Arsenal of Fort William, the Agents for the manufacture of Gun-powder, and Gun Carriages and Powder Barrels, and Officers of Ordnance in charge of the Magazines, be required to declare on oath half yearly, that every article of Stores for which they respectively applied during the preceding six months were absolutely, and to the best of their knowledge and belief, wanted, for the purposes stated in their Indents; that the whole of such articles either were, or will be hereafter, conscientiously and faithfully applied or expended for the service of Government, and accounted for to the best of their knowledge; and that the full number of Artificers and workmen composing their fixed establishments, or authorized in addition thereto, for the occasional performance of extra work, were necessarily and actually employed, to the best of their knowledge and belief, in the service of the Public.—(For the Form of Affidavit vide Form No. 4. Chapter III.)

Regulations for the attestation of accounts by all Ordnance Officers, &c.

His Excellency in Council is further pleased to direct that all Military Officers in charge of Public Magazines or other extensive property; and all Agents of Government accountable to the Public for buildings, machinery or other stock of any kind in the Military Department, do signify to Government in writing, through the regular channel of correspondence, their wish or intention to resign such trust, at least three months before the period of their proposed resignation, to afford sufficient time for the necessary survey and transfer of such property, and an adjustment of accounts.

The Vice President in Council is pleased to authorize the salary of Sonat Rupees 14 8 per mensem, being paid to each of the Serangs at the Arsenal as formerly. Proc. V. P. 16th July 1811

And for the Conductors at Pultah and Duckenfore.

The Vice President in Council authorizes a Behishty, a Sweeper and a Cooly for each of the Conductors at the Magazines at Pultah and Duckenfore, to be drawn for by the Commissary of Stores. The Vice President in Council deems it unnecessary to establish any monthly allowance for Stationery for these Conductors, as they may be supplied with such country paper, &c. as may be deemed sufficient, by the Commissary of Stores. Proc. V. P. 2d Sept. 1801

Directions for the prevention of accidents by fire at Pultah and Duckenfore.

The Vice President in Council authorizes the Military Board to give such directions as may be proper and necessary to the persons in charge of the Powder Magazines at Duckenfore and Pultah, for effectually preventing such accidents as may happen from boats, with fire on board, passing near the banks of the river, within the limits allotted for those Magazines; conformably to the suggestions of the Board, under date the 3d and 17th July 1811, viz. that boats passing with fire on board while the powder boats are loaded, loading or unloading at the Magazine Chauts, either extinguish their fire or pass to the opposite side of the river; and to prevent boats from stopping or being at any time made fast to or anchored near the banks, within the boundaries of those Magazines. Proc. V. P. 29th Oct. 1801

- Res. M. B. 16th Jan. 1805 The Commissary of Stores will distinguish in his future weekly reports the quantity of Powder in the Buckinghams and Palace Powder Magazines and in the Magazine at Fort William.
- Res. M. B. 8th May 1810 The Military Board approve of the Bomb Proof in the north-west face of Vereist's Counter Guard being again used as the Laboratory of the Arsenal, as soon as the boarded floor can be laid.
- Res. M. B. 11th Sept. 1806 The Commissary of Stores is to furnish any information or returns, that may be called for by a Member of the Military Board, being at the same time a Member of the Quarterly Committee for visiting the Arsenal; or the Monthly Visiting Member.
- Res. M. B. 31st Aug. 1804 The Commissary of Stores will send, on the morning of every Friday, a weekly report of work done in the Arsenal, and also, at the same time, a weekly report of Stores dispatched, and of Stores remaining to be dispatched, with the reasons why they are not so, referring to the orders of the Military Board under which the several Stores have been dispatched or prepared.
- Res. M. B. 11th June 1808 The Commissary of Stores is directed to state in future, in the Arsenal Weekly Reports, the hours of attendance of the Artificers and Workmen:—(For the Form of Report, *vide Form No. 2.*)
- Res. M. B. 31st March and 2d October 1791 The Commissary of Stores is to furnish the Military Board, every Friday morning, with reports of the quantity of Powder, Camp Equipage, Accoutrements, and other capital articles of Military Stores, which he shall have received into the Arsenal in the course of the preceding week—(The Form of the Report of Powder and Regulations, for receiving it into the Arsenal, will be found under the head "Agencies for the Manufacture of Gunpowder".)
- Res. M. B. 16th December 1794 The Commissary of Stores is to report to the Board, on the first day of every month, the quantities of Arms, Ammunition of all descriptions, Plints, Accoutrements and Camp Equipage, that may have been deficient of the established proportions of those Articles on the last day of the preceding month.
- Res. M. B. 1d May 1793 The Commissary of Stores is directed to furnish the Military Board, monthly, with an Abstract of Arms, transferred from the Head "Repairable" to the Head "Serviceable," and of such other capital articles as he will find specified in a list with which he will be furnished by the Board.
- Res. M. B. 3d October 1791 The Commissary of Stores is to transmit to the Military Board, by the 15th of the Month, August, November, February and May, of every year, Returns of the Arsenal for the quarters preceding the first day of these respective months.
- Res. M. B. 20th Oct. 1775 No stores shall be admitted into the Arsenal, excepting articles sent from Europe by the Company, without a special order from the Military Board, specifying each sort, with the quantity to be supplied.
The Commissary of Stores is not to receive any supply of Ordnance or Powder into the Arsenal, until they shall be reported fit for service, upon the proof to be made.
- Res. M. B. 11th Dec. 1807 Resolved, in conformity with the Orders of the Honorable the Court of Directors, that in future the Annual Europe Indents be made out by the Commissary of Stores, on receipt of the Annual Survey Reports, which are directed to be transmitted so as to reach the Military Board Office on or before the 10th of January, and to be sent for the consideration of the Board on or before the 15th of April.
- Res. M. B. 7th March 1803 All the orders of the Court of Directors are to contain four additional columns:—the first, exhibiting the proportion of such Stores for the Arsenal and subordinate Magazines; two others, wherein the average Annual Expenditure in times of Peace and War is to be inserted; and a fourth, shewing the balance remaining in Stores in the Arsenal and different Magazines, agreeably to the latest quarterly returns that may have been received.
- Powder in the Magazines to be noticed in the Arsenal Report.
- Laboratory: allotted to the Arsenal.
- Returns to be furnished by the Commissary of Stores to the members of the Military Board.
- Weekly Reports of work done in the Arsenal and of Stores dispatched, to be sent to the Military Board.
- And a weekly report of all Powder, &c. received,
- And of Arms, Accoutrements &c. &c. deficient of the established proportion.
- Also a monthly abstract of Arms, &c. transferred to the head "Serviceable."
- Periods for the transmission of the Arsenal Quarterly Returns.
- Stores under what circumstances to be received into the Arsenal.
- Regulations for the preparation of the Europe Indents on the Honorable the Court of Directors by the Commissary of Stores.

The Secretary to the Military Board is to furnish the Commissary of Stores with statements of the proportions of Ordnance, Ordnance and Military Stores of every description, laid down for the different Garrisons and Magazines, that by comparing them with the latest returns, with which he will also be furnished by the Secretary, he may be enabled to judge what supplies will be required from Europe, as well to complete deficiencies as to answer the probable exigencies of the Service.

The Commissary of Stores, previous to making out an Indent on Europe, is to ascertain from the Import Warehouse Keeper what articles required can probably be furnished from those already sent out by the Hon'ble Company, and to regulate his Indent accordingly.

Res. M. B. 7th
March 1789

Specification of various articles which are to be included in the Indents.

We direct in future that whenever any paper is indented for, the size or sizes required, be particularly specified.

Let. C. D. 18th
February 1789

In the Lists of Stores sent in by the Agent, as recorded on your Consultations of the 5th May, 1803, several articles are inserted which might be procured from the Company's Stores, or indented for from Europe, such as paints, tar, bolts, hinges, locks, nails, hides, &c. as also materials for hoops for Powder Barrels.

Let. C. D. 18th
July 1803

We therefore direct that the Military Board furnish an annual Indent for articles of these various descriptions, formed on an average of the annual supply provided by the Agent.

We direct that you will transmit annually to us an Indent for the quantity of sea coal required at your Presidency.

Ordered, that the Commissary of Stores include, in the General Indent on the Hon'ble the Court of Directors, the requisite number of polishing bits for 12 and 6-Pounders.

Res. M. B.
17th Sept. 1803

Regulations for the receipt of Military Stores from Europe and for the acknowledgments to be granted to the commanders of the vessels on which they are imported.

The Governor General in Council has directed, that the Commanders of the Company's ships having on board any articles of Military Stores, for which the certificates of this Government are required, be called upon, on their arrival, to furnish immediately, on the delivery of such stores, the receipts of the Commissary of Stores corresponding exactly with the endorsement on the cockets of their respective ships; which are also to be submitted for the inspection of the Board with such receipts, and if there be any difference between the cockets and receipts, that they particularly explain the same for the information of the Hon'ble the Court of Directors.

Proc. M. B.
23d Jan'y. 1795

Whenever the Commissary of Stores grants certificates and accounts of short deliveries to Captains or Purfers of Indiamen, copies in triplicate are also to be sent immediately to the Military Board.

Res. M. B. 12th
August 1799

PARA. 15th.—You will be careful to furnish us with the certificates which are required of such stores as shall be landed at your Presidency, taking care that the certificates contain an exact copy of the endorsement of the cockets sent by the ships, whereon such stores are laden, and not the particular contents of each package.

Let. C. D. 18th
February 1810

Ordered, that the following extract of the Honorable Court's letter of the 9th August, 1809, to the Madras Government, be transmitted for the further and more particular observance of the Commissary of Stores, with instructions to report timely to this Department any difficulties that may occur, on any future occasion, in carrying the Honorable Court's orders into effect.

Res. M. B.
14th May 1811

PARA. 21st.—It is our positive injunction that in future you are particularly careful that accounts of all damage and deficiencies of our outward Military consignments to your Presidency be prepared in duplicate, and presented to the Commanders and Purfers for their signatures and objections thereto, conformably to the terms of their Charter Parties; and that the proper Officers in the Military Department do countersign the same, accompanied with their replies to the objections so made, stating whether they are or are not well founded, and adding every information in their power, particularly with respect to the condition in which the several packages were received from the ship, as may tend to elucidate the subject on its final adjustment in England; and as a variety of short deliveries have appeared to originate from mistakes, either in the invoices, or from misunderstandings

ing them abroad, we direct that, in future, whenever any short delivery is reported, such report do specify the quantity said to be sent by the Invoice, as well as the quantity actually received, and that it further specify whether the loss is likely to have occurred from the damages done to the packages on ship board, or that the nails appear to have been drawn, so as to lead to a belief that it has been opened.

PARA. 214th. In all unserviceable or damaged stores, you will particularly specify whether it is sea damage, or original defect, and the report must be signed by the officers who attend at the opening of the packages; and that the Commander or Purser of the ship in which they may have been imported, be desired to attend at this examination, as, in many cases, the liability of the owners for damages and deficiencies depends on the condition of the packages when delivered from the ship: and we further direct, that the several amounts of the damages and deficiencies, and the state in which the packages were received, be also stated on the endorsements on the respective bills of lading.

Res. M. B. 1st May 1787 All articles invoiced from Europe as Military Stores, or directed on the packages as such, will be delivered to the Commissary of Stores immediately after they are landed.

Res. M. B. 29th Dec. 1807 The Military Board direct the Commissary of Stores will not remove any stores from the Import Warehouse to the Garrison, the packages of which appear to have been opened or broken, without a particular previous examination at the Import Warehouse.

Res. M. B. 13th June 1809 Resolved, that in all future calculations of the value of Europe articles, which may at any time, hereafter, under the orders of Government, be sold from the public stores, the Secretary be authorized to add 50 per cent. to the Europe invoice prices, to cover the expence of freight, insurance, and other export charges from England. Rates at which Europe stores, permitted to be sold, are charged.

Res. M. B. 19th Dec. 1788 Agreed, that it be in future a standing rule, that all articles used for the package of Store, issued to accommodate individuals, be paid for in ready money. Package for such stores as may be sold, to be paid for immediately.

Let. C. D. 12th July 1805 PARA. 32d. We direct that in future, if any article of Military Stores should prove defective or unserviceable upon their arrival in India, such articles be returned to us, except those which may be rendered unserviceable by ship or sea damage. Regulations for the survey and return to England of such Articles of Military Stores as may be received of a defective construction.

Res. M. B. 16th Mar. 1804 Resolved, in conformity to the orders of the Honorable the Court of Directors, conveyed in their letter under date the 17th August, 1803, that the following Regulations be established, in addition to those already in force for providing a more effectual check on the quality of Ordnance and all Military Stores sent from England for the use of this Presidency.

First. That when it shall appear to Commissary of Stores, that any Ordnance, Arms, or Military Stores of any description arrived from England, are in any way defective, either in make or materials, the same shall be immediately reported to the Military Board, in order that the necessary application for a Committee of Survey to be held upon them may be made.

Second. That the Committee, which may be appointed to survey such Ordnance, Arms or Military Stores, as may be declared by the Commissary to be bad or defective, shall, after a minute and careful examination, particularize the faults, if any, noticing, if Fire Arms, whether the deficiency is in the stock, the barrel, the lock, the sling and scabbard, or in the ram-rod, bayonet screws or brass work, and so on.

Third.—In respect to other Stores, the particular store is to be mentioned, and, if it is formed of more materials than one, the report is to specify which of the materials is deficient, whether it is the wood, the leather, the iron or any other article, which may be a component part of such Stores.

Fourth.—The name of the Contractor or Manufacturer, who may have made or furnished the Ordnance, Arms or Military Stores, is, whenever the same can be ascertained, to be carefully noted in the report.

Res. M. B. 10th Oct. 1807 All articles imported from Europe, which, by the observation of Committees, appear to have been condemned in consequence of original defects which there may be reason to believe existed previous to shipment, and on which the maker's name may be legible, are to be collected by the Commissary of Stores, assorting and keeping separate

such as shall have been made by each different mechanic, in order to their being separately packed, for the purpose of being returned to the Honorable the Court of Directors, in compliance with their orders of the 1st July, 1805.

When the several articles shall have been thus prepared, the Commissary of Stores is directed to submit them for inspection to the visiting Member of the Arsenal, with a paper of reference to and extracts from the Survey Reports, on which they have been severally condemned, after which the whole are to be carefully packed, and an invoice exhibiting the contents of each case or parcel, with a similar reference in the reports, is to be at the same time transmitted.

Report by the
Commissary of
Stores on Arms,
&c. condemned
by Committees

The Commissary of Stores is directed, in future, to submit his opinion upon any muskets or swords which may be condemned by Committees of Survey, and his reason for considering them unserviceable or otherwise.

Res. M. B. 21st
March 1809

Established
proof for Ca-
valry swords.

Directions on the Table received from Europe for proving Cavalry swords.—“Each blade to spring 5 $\frac{1}{2}$ in 33 inches, flapped upon a flat slab of wood, and struck on a round piece of wood, back and edge; every sword not standing the above proof to be rejected.”

And rate of
Compensation
allowed for
proving them.

The payment of the compensation, recommended by the Military Board to be made to Sergeant R. Broughton, Armourer Sergeant of H. M. 17th Dragoons, on account of proving swords, and of the instructions which he afforded to the people of the Arsenal with regard to the application of the machine employed for that purpose,—(viz. 5s. 6d. at the rate of two-pence per sword,) is sanctioned by his Lordship in Council.

G.
1st Oct. 1808

All tools recei-
ved into the
Arsenal to be
proved and
marked accord-
ingly.

Agreed, in consideration of the bad state of many of the tools which have been, at various times, dispatched to the Upper Stations, to authorize the Commissary of Stores, on all future receipts of tools, to put them to such trial in the Arsenal, previous to their being surveyed, as will constitute proper grounds upon which the Committees, hereafter to be assembled for that purpose, will be enabled to report their real quality, thereby guarding the public service, as much as possible, against the serious disappointment which must arise from the dispatch of a supply of tools, of which a considerable portion may be found, on being brought to use, to be unfit for service, owing to the bad quality of the materials and other defects, which are not to be discovered on the mere inspection of them, by persons who are not professionally acquainted with the properties of such articles.

Res. M. B. 21st
Nov. 1809

Ordered, that the Commissary of Stores be further directed, on all future Survey Reports of tools in the Arsenal, to certify his having previously and minutely examined and proved them, and to state his opinion whether or not they correspond in every respect with the report, after which he will mark on the wooden handles of all such as shall be received into the service, with hot iron, the word “Arsenal” and figures expressive of the year in which admitted.

Regulations for
the charge and
custody of
“Models and
Musters” in the
Arsenal.

Ordered, that the Commissary of Stores be directed to introduce under a new head, to be denominated “Models and Musters” in the Arsenal Book and Return, a complete list of all models and musters of every kind, which are now in store, or may be hereafter sent there, annexing, to each article, a memorandum, shewing by whom it was made or presented, when received, whether it has been adopted as a model or muster, by which similar articles are to be made, and, if the latter, the date of the order of Government, or of the Military Board, by which it has been so adopted.

Res. M. B. 8th
August 1800

The whole of the models and musters are to be kept in one room; so that they may always be ready for inspection. (For musters of gun carriages vide “Agency for the Manufacture of Gun Carriages”.)

And for reports
upon such as
may become
defective.

The Commissary of Stores is to report to the Board whenever any articles of Stores, approved as musters or patterns, shall have become defective.

Res. M. B.
18th Mar. 1789

The Vice President in Council desires that strict attention may be paid to the orders contained in the following paragraph of a Resolution of the Court of Directors, dated the 10th June, 1801.

Ex. Let. Mily.
And. General
adopted by the
Mily. Board
and Jan'y. 1802

"In conformity to the request of the Military Board, I beg to state that the Orders of the Hon'ble the Court of Directors, conveyed in the 43d Paragraph of their General Letter of the 10th June, 1801, may be carried into effect as follows:

The Secretary to the Military Board will ascertain in the usual manner the value of Naval, Ordnance or Victualling Stores to be supplied to His Majesty's Ships, and require bills for the amount in favour of the Hon'ble the Court of Directors, on receipt of which he is to grant certificates to that effect, which will be the authority to the Commissary of Stores, and the Garrison Store-keeper, for issuing the articles severally required from the Arsenal or the Depot.

Bills for Stores to be issued from the Arsenal for the use of His Majesty's Navy will be drawn on the Commissioners of the Navy.

Bills for Ordnance, Ordnance Stores, Gun-powder, Arms and Accoutrements, will be drawn on the Board of Ordnance.

Bills for Provisions, Liquors and Water Casks, on the Commissaries for Victualling His Majesty's Navy.

All bills, so received, to be forwarded without delay to the Governor General in Council for the purpose of being transmitted to Europe, and information thereof communicated to the Military Auditor General, in order that "Account Current London" may be debited and the Military Board be credited on the Books of the Department of Audit."

Res. M. B.
25th Oct. 1808

Previous to submitting for the Board's sanction Indents for Ordnance Stores, &c. for His Majesty's ships, The Commissary of Stores is invariably to obtain the Indents drawn out in the proper form.

Regular Indents to be prepared for stores required for the Navy.

GENERAL MEMORANDUM.

Ext. Circular
Naval Orders
25th Oct. 1809

It having been made appear to me, by a representation from the Government of Bengal; that a Rule has been established since the month of June, 1801, which provides, that supplies of Ordnance Stores, furnished from the Hon'ble Company's Arsenal for the use of His Majesty's Ships and Vessels, shall be paid for by bills drawn by the Commanders on that Board; It is my direction, that such system be uniformly attended to by the Captains and Commanders of His Majesty's Ships and Vessels until further orders. It is likewise to be observed that upon every application made by the Military Board to the respective Captains and Commanders for any useful or necessary information required in the making or repairing, fitting or refitting any Ordnance Stores, that all possible aid and satisfactory assistance be afforded; and as the return of the condemned Ordnance Stores to the Hon'ble Company's Arsenal at Calcutta is stated to be attended with much serious inconvenience, the same are in future to be delivered into the charge of the Naval Agent, who will be directed to dispose of them as circumstances may render necessary.

Given on board H. M. Ship Russell.

MADRAS ROADS.

(Signed) W. O'B. DRURY.

To

The respective Commanders, and Commanding Officers of H. M. Ships and Vessels employed in the East Indies.

Proc. G. C. Bd
April 1809

The Governor General in Council approves generally of the proposition submitted by the Military Board for relieving the Officers of the Arsenal of the additional duties and responsibility of receiving from His Majesty's Ships and holding in deposit a variety of bulky Stores, which are inapplicable to Military purposes, and are stated essentially to interfere with the internal arrangements of the Arsenal for the accommodation of the Stores belonging to that Department. The Governor General in Council accordingly desires that the Military Board will take measures, in communication with the Marine Board, to provide for the future custody of the Stores which the Commanders of His Majesty's ships may be desirous of leaving at this Presidency, either by the transfer of them to the charge of the Marine Store-keeper, or by such other measures as may be most convenient and effectual.

Ordnance Stores from H. M. ships are not to be received in Deposit in the Arsenal.

Net in part value of new Stores supplied

The Governor General in Council approves the rule, proposed by the Military Board, not to receive in exchange for, or in part of the value of supplies to His Majesty's ships, old Ordnance and Stores, and concurs in opinion that they should be left at the disposal of His Majesty's Officers.

M. C. 8th July 1796

Powder from H. M. ships to be deposited at Moyapoor

The Governor General in Council, adopting the recommendation of the Military Board for all temporary deposits of Gun Powder from His Majesty's ships being in future made in the Magazine at Moyapoor, has directed the necessary measures to be taken for carrying the proposed arrangement into effect.

Proc. G. G. 29th Apr. 1809

Regulations under which Military Stores are permitted to be supplied from the Arsenal to ships employed in the Country trade.

No Stores shall be issued to Owners or Commanders of Country ships or vessels without their depositing, in the Treasury, the prime cost, with 50 per cent. in advance; and entering into an obligation to return them at the end of the voyage, if demanded, and to make good all damages and deficiencies: every such obligation is to be lodged at the Military Board Office with the Treasurer's receipt for the sum deposited.

Res. M. B. 28th Oct. 1775

No Brass Guns shall be issued to ships, nor English mulquetry, when there are Foreign Store. (By a resolution of the Military Board, dated 17th June, 1793, Gun Powder is permitted to be supplied for the defence of English ships employed in the Country trade.)

Form of the obligation to accompany the application for Guns, Stores, &c. for ships employed in the Country trade.

"The Right Hon'ble the Governor General in Council and Members of the Military Board, having been pleased to comply with my request for a supply of Military Stores for the defence of the ship——, on her present intended voyage to——, the value of which, with 50 per cent. in advance, being Current Rupees——, I have deposited that sum in the hands of——, Sub-Treasurer; and I do further engage, that, such of the said Stores as are not expended in the course of her present Voyage——, and during her return from thence to the River Hoogly, shall be delivered, immediately thereafter, into the Company's Stores, and I will pay for such as shall be expended, lost or damaged during the time they are on board the same ship, which is to be deducted out of the deposit made in the hands of the Sub-Treasurer, and he is, upon my producing the Commissary of Store's receipt for the Stores which I shall deliver into the Arsenal, to repay me their amount."

In future all applications from Owners or Commanders of ships and vessels exporting from this River, for the loan of Guns, Arms, or other articles of Military supply from the Hon'ble Company's Stores, are to be accompanied by a certificate, attested upon affidavit before a Magistrate, that the ship or vessel for which the supply is desired is, bona fide, British property, and the Military Board are desired to withhold their compliance with any application not accompanied by such certificate.

M. C. 22d January 1796

FORM OF OATH.

I do hereby declare on Oath, that the ship——, commanded by——, and for the defence of which a supply of Military Stores is now requested, is bona fide, British property——.

Sworn before me,
this——day of——,
1811.

(Signed) A. B.

C. D.

The bill for such Stores is to be made out in the Military Board Office, and as soon as the Owner or Commander shall produce a certificate from the Sub-Treasurer of the deposit having been made, an order for the issue of the Stores is to be granted by the Secretary to the Military Board.

M. B. Oct. 1787

The Orders of the 17th May, 1793, which require that all deposits for Stores supplied to Commanders of ships are to be made in cash and to be paid into the hands of the Military Paymaster General, are rescinded, and it is resolved, that the duty of taking such deposits, either in cash or Company's paper, at the option of the Commanders, and the account of them, shall be assigned to the Sub-Treasurer.

Proc. G. G. 22d Aug. 1804

If the deposit is to be made to the exact amount. If in paper to the nearest sum in even hundreds to the amount required, including, in both instances, the per centage charged in advance.)

- Proc. G. G. 6th
Jan 1809 The Governor General in Council sanctions in future the Sub-Treasurer's delivering up the deposits made on account of Stores received from the Arsenal for the defence of Country Ships, upon his receiving an application to that effect from the Military Board.
- Proc. G. G. 7th Dec. 1807 The Governor General in Council directs that Messrs. Palmer and Co., Agents for the Government of Ceylon, be furnished with 50,000 Flints and six dozen Rubber Flies for the use of the Government of Ceylon, provided the accommodation can be given without inconvenience to the Public Service. And to the Agents for the Ceylon Government.
- Res. M. B. 4th Dec. 1806 The Commissary of Stores is to prepare and transmit to the Military Board, on or before the first day of every month, a statement or indent for the probable quantities of articles of every kind which will be required in his Department, during the course of the month (from that of the Commissariat). Military Stores required in the Arsenal, how to be procured from the Company's Warehouses or the Commissariat.
- Res. M. B. 7th March 1809 The Commissary of Stores is to be cautious not to indent on emergency on the Contractor (Commissariat) except when the nature of the case renders it quite unavoidable.
- Res. M. B. 18 May 1787 Should any Stores be required in the Arsenal, which are imported on account of the Company, the Commissary of Stores is directed not to receive such articles from the Agent of Supplies (Commissariat) until he has been informed that there are none of the kind in the Company's Warehouses.
- Res. M. B. 7th March 1789 The Commissary of Stores, when requiring a supply of Europe Articles, is to apply to the Import Warehouse-keeper and Naval Store-keeper to know whether the articles required (of which he shall send a list) can be supplied from the Company's Stores: if they can be so furnished, the Commissary will make out his indent accordingly, to be laid before the Military Board, and shall grant his receipt to the Warehouse-keeper or Naval Store-keeper for the Stores. If they cannot be furnished from the Company's Stores, the Commissary of Stores must indent upon the Agent of Supplies, (Commissariat); the Indents to be accompanied to the Military Board by the Import Warehouse-keeper or Naval Store-keeper's Certificates that the articles are not in the Company's Warehouses.
- Res. M. B. 13th Mar. 1789 adopted by Government. That the Import Warehouse-keeper and Naval Store-keeper be directed to inform the Commissary of Stores (on his requisition) whether the particular articles he is in want of are in the Company's Stores.
- That the Indent of the Commissary of Stores, after it shall have been regularly passed by the Military Board, together with his receipt for the articles, shall be considered by the Import Warehouse-keeper and Naval Store-keeper as sufficient vouchers for the delivery of the Stores indented for, or for such part of them as may then be in the Company's Warehouses.
- Res. M. B. 7th March 1789 adopted by Government. Agreed to recommend to the Governor General in Council to direct the Board of Trade to comply with such applications for Stores as may be made to them by the Military Board, carrying to the debit of Military charges the amount of such supplies.
- Res. M. B. 26th June 1789 The Commissary of Stores is not to indent on the Agent of Supplies (Commissariat) for any articles which can be made from the rough and raw materials in the Arsenal.
- Res. M. B. 27th June 1809 The Commissary of Stores is enjoined to transmit the Quarterly Statements of Stores due from the Contractor (Commissariat) immediately after the expiration of each quarter. Statement of Stores due from the Commissariat to be furnished quarterly.
- Res. M. B. 26th July 1789 The Commissary of Stores is to regulate his Indents for the supply of Camp Equipage in lieu of what has been condemned as unserviceable, so as to keep up always the proportion intended to be reserved in Store. Regulations for indenting for and receiving camp equipage required in the Arsenal.
- Res. M. B. 16th Nov. 1808 The Contractor (Commissariat) is to be requested not to send any Camp Equipage to the Arsenal until the day of survey shall be appointed, communication of which is to be immediately made to him by the Commissary of Stores.

All Accoutrements received into the Arsenal to be marked at the time they are surveyed.

The Commissary of Stores is to mark all Accoutrements at the time they are surveyed, and to notice in the Survey Reports that they were marked in the presence of the Committee. Res. M. B. 19th Oct. 1795

The Commissary of Stores is to be accountable for all unserviceable Stores received, until they are finally condemned; and directions for their disposal.

(For Regulations for the supply and receipt of Camp Equipage and the various articles of Military Stores by and from the Commissariat *vide Chapter XVII.*)

The Commissary of Stores is to be accountable for all unserviceable Stores dispatched from the subordinate Magazines, from the time of receiving them, until they shall be finally condemned by survey, and sold, destroyed, or returned to Europe. Res. M. B. 18th Oct. 1775

Agreed, that the unserviceable shot be issued as kentledge and for ballast to such shipping as may require it. Res. M. B. 9th Oct. 1787

Immediately on the receipt of unserviceable Arms, the Commissary of Stores is to break them up, under the inspection of the Committee of Survey appointed to examine them, when such parts as are found "Serviceable" are to be brought on the Arsenal Books. Res. M. B. 4th January 1795

When "unserviceable" musquet barrels shall be issued from the Arsenal in future, every barrel shall be cut or broken in two pieces; and the Commissary of Stores is to report the same to the Board. Res. M. B. Sept. 1789

Agreed, to inform the Commissary of Stores, that no fuzil, pistol, or carbine ram-rods, are to be thrown into the river, which might be convertible to serviceable ram-rods. Res. M. B. 8th January 1811

Orders for the construction of Elevating Screws.

The Military Board being of opinion that the Arsenal Establishment of Artificers are fully equal to the performance of the work, ordered, that the elevating screws required be made up in the Arsenal. Res. M. B. 13th Aug. 1803

Gins,

The Commissary of Stores is to make it a rule to construct gins of sissoo timber, which the Military Board understand answers as well, while it is considerably less expensive than teak duggies. Res. M. B. 18th July 1806

And bamboos for tent poles.

Bamboos, ordered to the Upper Stations for tent poles, shall in future be prepared in the Arsenal, to the lengths respectively in demand, and shod with iron. Res. M. B. 19th Oct. 1789

Bamboos to be marked previous to their dispatch from the Arsenal.

The Commissary of Stores is to be instructed to make a marking iron, for the purpose of marking bamboos previous to their being dispatched from the Arsenal. Res. M. B. 14th Feb. 1809

Staves for spunges and pikes how to be procured and issued.

The Commissary of Stores is to indent on the Contractor for Military Stores, (Commisariat,) for a complete set of staves, agreeable to the proportion herewith detailed, to be hereafter considered as part of the Arsenal proportion of Stores, and retained at all times as complete as possible; and that he be also directed, with a view to distinguish the age of each, to paint on one side of them the month and two last figures of the year in which they may be received into the Arsenal, arranging in a similar manner every succeeding supply, and on all issues to use the precaution of delivering those which have been the longest period in Store, they being consequently the best seasoned. Res. M. B. 27th Dec. 1808

Proportion of seasoned Powder Barrels to be maintained in the Arsenal.

Resolved, with a view to ensure a stock of well-seasoned Powder Barrels in future, that the Agent be directed to make up good barrels, and send them to the Arsenal, there to remain at least three months before they are issued, and when indented for they are to undergo the operation of having their hoops fresh drove previous to being issued, and are to be carefully inspected by the Arsenal Coopers, to see that their staves do not gape at any place. Res. M. B. 26th Jan. 1812

The Commissary of Stores will keep up, by permanent indents on the Agency, this surplus stock of seasoned barrels, by which means it will be impossible that the gun powder should hereafter sustain injury, or be liable to decomposition from any dampness imparted to it from the barrels.

Hammocks how to be made.

Hammocks for the use of the Troops are to be made of gunny putty only.

Res. M. B. 1st Dec. 1803

Res. M. B. 7th Nov. 1791 All Guns, cast in the Foundry at Fort William, shall be marked numerically, and have the date of the Proof engraved on them, after the following Form; viz.

Rates of Commission allowed

Agreed, to recommend the Bill by the Commissary of Stores, for commission on Brass Ordnance, cast in the Foundry of Fort William, agreeably to the orders of the Military Board, under date the 5th November 1810, and 2d January 1811; and received into Store by the Board's order of the 3d April last, amounting to Arcot Rupees 613 9 7. —(The Ordnance Cast is valued at 2 Arcot Rupees per lb. upon which rate a commission of 10 per cent. is allowed.)

Res. M. B. 8th May, 1811.

And directions for the boring and proof of the Ordnance casts.

All Guns are in future to be bored horizontally.

Res. M. B. 5th Feby. 1788.

Ordered, in conformity to the opinion of the Commander in Chief, that the established Calibre of a 6-Pr. Gun be 3 In. $\frac{668}{1000}$; and that when a polishing bitt has failed from use, the Commissary of Stores be directed to lay it aside, and never to repair it.

Res. M. B. 17th Sept. 1802

The Military Board have no objection to the Commissary of Stores sending all Guns for proof without being completely finished, or having the dead tails cut off. Res. M. B. 16th Sept. 1803.

When the Commissary of Stores shall report ready for proof any Guns made of new metal cast by him, he shall specify the proportions of metal used in the composition, and the thickness of the sides of all Guns near the muzzle and at the touch-hole which he may cast, either of new or old materials.

Res. M. B. 19th April, 1790

All Ordnance arriving from Europe to be sent for proof.

Ordered, that the Commissary of Stores be directed to consider it as a Standing Regulation to send all Guns for proof on their arrival from Europe, consulting with the Commandant of Artillery on the subject.

Res. M. B. 3d Oct. 1796

Trunnions of condemned Guns to be broken off.

Resolved, that it be a Standing Regulation, that the Trunnions of all Guns, finally condemned by the Board, be broken off in the presence of the Committee, who proved them, and that a report thereof be made to the Board.—(For Regulations for the proof of Brass Ordnance, vide page 212.)

Res. M. B. 5th Jan. 1795

Carriages received from the Agency are to be immediately fitted with guns and marked accordingly.

When Carriages are tendered by the Agent, the Commissary of Stores is immediately to measure the Guns for which they are intended, and to report to the Committee, who may survey them, whether they will fit the Guns, and immediately to mark the number of the Guns on the Carriages when ordered to be received into Store.

Res. M. B. 22d Oct. 1798.

All musquets requiring flaking to be sent to the Arsenal and stocked with wood of Indian growth.

It has been determined that all Musquets requiring to be new stocked, shall be sent to the Arsenal of Fort William for that purpose.

Proc. V. P. 3d Oct. 1809

PARA. 16th.—As there is great difficulty as well as expence in procuring good seasoned Walnut Tree, and the room it occupies on Ship board being material, we direct that old Musquets may be fitted in India with stocks of Indian wood.

Let. C. D. 7th Jan. 1807

Serviceable Barrels to be carefully selected for stocking.

The Commissary of Stores is to make a selection of such Barrels as are perfectly serviceable for stocking, taking care that none of them are too thin to render their being fired dangerous.

Res. M. B. 3d Oct. 1806

Musquets not to be stocked too straight

Resolved, that the attention of the Commissary of Stores be called to the too great straightness of the Musquet Stocks made in the Arsenal, which the Board consider a very great defect.

Res. M. B. 30th Jan. 1810

Rates at which Musquets and Pistols are to be stocked & how to be surveyed, marked, and charged for.

The Proceedings of the Military Board, relative to the employment of the Commissary of Stores, in stocking Musquets in the Arsenal, at the rate of Sicca Rupees 2 for each,

Proc. V. P. 19th Sept. 1809

including every expence on account of well-seasoned Toon plank, workmanship and tools, are approved and sanctioned by the Vice President in Council.

- Proc. V. P.** The Vice President in Council approves and sanctions the measure suggested by the
18th Sept. 1809 Military Board, for bringing the serviceable component parts of Pistols in Store in the Arsenal into use, and authorizes the charge of 1 Rupee 12 Annas for the workmanship of each Stock.
- Res. M. B. 4th** Agreed, that Musquets stocked in the Arsenal be in future inspected by a Committee
April 1809 of the Military Board, before the bill is recommended to Government.
- Res. M. B. 15th** The Commissary of Stores is directed to prepare proper marking irons, and to mark
Sept. 1809 the month and year on every Musquet new stocked, previous to their being submitted monthly to the inspection, either of the usual Committee of Survey; or of the Visiting Member, agreeably to existing orders.
- Res. M. B. 16th** The bills of the Commissary of Stores should specify the number of Musquets or
Sept. 1809 Pistols stocked according to the authorized rate, like any other contingent bills, without stating it to be performed by an establishment which is not allowed.
- Proc. V. P. 19th** The Vice President in Council, concurring in the view taken by the Military Board,
July 1810 of the terms of the engagements with the Commissary of Stores for new stocking Musquets and Pistols in the Arsenal, for a fixed sum, for each Musquet and Pistol; is pleased to dispense with the verification on oath of his accounts of disbursements on that account, while the present system continues in force.
- Res. M. B. 18th** No Stores shall be issued on any pretence whatever from the Arsenal, without an order from the Governor General or Commander in Chief, or from the Military Board, or upon indent approved by the Board.
July 1803 Stores under what authority to be issued from the Arsenal,
- No orders issued by the Commanding Officer of the Garrison of Fort William, when neither Vice President nor a Member of the Military Board, shall be a sufficient warrant to the Commissary of Stores for issues from the Arsenal.
- Res. M. B. 18th** The Commissary of Stores is to furnish the Chief Engineer with Transport Carriages, whenever he may require them.
March 1789
- Res. M. B. 27th** The Commissary of Stores is directed to apply for the authority of the Military Board, on all future occasions of dispatching Stores by land.
January 1804 Or dispatched by land.
- Res. M. B. 28th** No Stores shall be dispatched from the Arsenal at the Presidency to the subordinate Magazines before the 15th June or after the 20th of October, annually.
Oct. 1775 Periods for the dispatch of Stores from the Arsenal.
- Ext. Proc. M. B.** It is the duty of the Commissary of Stores to report to the Military Board when Stores are ready for dispatch, although he should not be expressly directed to do so.
25th Jan'y. 1805 The Commissary to report when Stores are ready for dispatch.
- Res. M. B. 28th** The Commissary of Stores is immediately to report to the Board his inability to comply with any Indent or Order for the issue of Stores to the subordinate Magazines; and to assign his reasons for such inability, so as to enable the Board to take such measures as may be expedient for the supply of the Stores required.
Sept. 1795, and 29th Jan'y. 1801 And also his inability to comply with any Indents or Orders of the Board.
- Res. M. B. 7th** The Commissary of Stores is required to transmit, regularly, a quarterly report of all Stores due on indents or orders from this Department, assigning the reasons why such indents or orders could not be fully complied with.
Feb'y. 1809 Quarterly statements of Stores due from the Arsenal to be sent to the Military Board.
- Proc. V. P. 10th** Under the circumstances stated, the construction of a Shed at Balloo Ghaut, for the safe custody of Stores preparing for dispatch to the Upper Stations of the Army, is authorized by the Vice President in Council.
Oct. 1809 Shed erected for the reception of Stores preparing for dispatch.
- Res. M. B. 20th** Resolved, that previous to the dispatch of the supplies of Stores from the Arsenal to the subordinate Magazines, a Committee of Officers be appointed to survey them, and to report the Survey
April 1789 and 30th Nov. 1795 to be assembled for the Survey

of all Stores dispatched from the Arsenal, and their reports to what Officers furnished.

report in writing the condition of the Stores; copies of the reports of which Committees are to be transmitted, with the invoices, to the Officers in charge of the respective magazines for which the supplies are intended; G. O. C. C. 27th April 1789

That on every such occasion the Commissary or Assistant Commissary of Stores, together with the person under whose charge the Stores are to be dispatched, do attend the Committee of Survey, and that they be, respectively, at liberty to offer any remarks to the Military Board which may occur to them on points regarding which they may happen to differ from the Committee of Survey, concerning the condition of the Stores.

The Officer commanding the Garrison of Fort William, upon application from the Commissary of Stores, will assemble Committees composed of such Officers as he may think proper, for the purpose above specified.

In compliance with a requisition of the Military Board, it is directed, that a copy of the Proceedings of all Committees that may be ordered by the Commanding Officer in Garrison for the survey of Stores in the Arsenal, shall be sent by the President of such Committee to the Commissary of Stores, on their transmitting their report to the Commanding Officer.

Gar. Order

EXPENCE MAGAZINE AT FORT WILLIAM.

Res. M. H. 28th Oct 1775 The Stores under charge of the Commissary of Ordnance at Fort William are to be considered as an Expence Magazine, to be expended as the Commandant of Artillery shall direct. Control and charge of the Expence Magazine in whom vested.

Gen. Orders Fort William 25th July 1787 The Expence Magazine is in charge of the commanding Officer of Artillery in Garrison and subject to the authority of the Commandant or Officer commanding in Garrison for immediate defence.

M. C. 25th January 1793 The commanding Officer of Artillery is entitled, by the existing Regulations, to draw for an Establishment for the repairs of the Gun Carriages mounted on the works, and attending the Practice at Dum Dum, such establishment performing also the necessary duties of the Expence Magazine in Fort William; but as the principle, on which these Resolutions are adopted, renders it necessary that the establishment should be placed under some other Officer whose duty it will be to execute therewith every necessary public service called for by the commanding Officer of Artillery, who will then be placed in his proper sphere of controuling and directing the establishment in question: Resolved, and Ordered, that the same be transferred to the Commissary in charge of the Expence Magazine, that the Pay Abstracts of the People composing it be drawn and disbursed by him; and that their muster be taken by the commanding Officer in Garrison; but the employment of them is to be subject to the orders of the commanding Officer of Artillery. Establishment of Artificers, &c. and their allowances.

(For the salary and allowances of the Commissary of Ordnance Expence Magazine *vide* page 408; for the allowance for Stationery, *page* 409.)

M. C. 6th Mar. 1797 The wages of Sirdars and workmen, belonging to the Field Train at the Presidency are to be the same as the wages of these descriptions of people in the Arsenal of Fort William.

Proc. G. G. 8th Aug. 1804 The Governor General in Council authorizes an addition of four Siclegurs, at 5 Sonat Rupers each per month, for keeping in good repair the Elevating Screws of the Iron Guns mounted on the works of Fort William, to the Establishment of the Expence Magazine. (For the Establishment attached to the Expence Magazine *vide* Form No. 3.)

Res. M. B. 29th Mar. 1806 A Weekly Report of the work executed by the Establishment of the Expence Magazine, similar to that furnished from the Arsenal, is directed to be transmitted in future for the Military Board's inspection by the Commissary of the Expence Magazine. (*Vide* Form No. 2.) A weekly report of Work done in the Expence Magazine to be transmitted to the Military Board.

Res. M. B. 20th Sept. 1808 Whenever component parts of Gun Carriage work may be required in the Department of the Expence Magazine, for the purpose of repairing Garrison or other carriages under charge of the Commissary of Ordnance, the same are to be obtained by Indent on the Agency Yard at Collipoor, instead of being made up, as at present, from whole timbers and planks received from the Arsenal. Component parts of Gun Carriage work to be procured by indent on the Agency Yard.

Res. M. B. 10th July 1804 When Stores are to be returned from the Expence Magazine into the Arsenal, application should be made to the Military Board for an order for their receipt. Stores how to be returned into the Arsenal.

MAGAZINES AT GARRISONS AND STATIONS.

Proc. G. G. 4th July 1806 The Governor General in Council determines that the Magazine at Fort Marlborough shall be maintained on its present establishment. The Military Board are authorized to instruct the Commissary of Stores immediately to take measures for effecting the relief of the Artificers and for the relieving party being forwarded to Fort Marlborough by the earliest opportunity that may offer. Establishment for the Magazine at Fort Marlborough to be furnished from Bengal and at what period to be relieved.

Proc. G. G. 3d Oct. 1808 Ten Gun Lascars are authorized to be retained at the ensuing relief, by the Resident at Fort Marlborough, for the purpose of being employed in the different Magazines at that Settlement.

The Governor General in Council is pleased to determine that the period of Service at Fort Marlborough of the Artificers and Establishments entertained in Bengal for the Magazine at that Residency, shall be in future fixed at four years. Proc. G. G.
15th Dec. 1810

The Artificers sent thither to be previously employed on trial at the Arsenal;

The Vice President in Council approves the proposition contained in the concluding paragraph of Major Parlbys letter of the 30th March, 1809, and his Excellency desires the Military Board will direct it to be adopted in future, viz.—“On any future occasion of a relief of the Magazine Establishment at Fort Marlborough, the men intended to be sent there should be previously employed for six weeks or two months in the Arsenal of Fort William, to ascertain if they are really fit for the duties of that Department.” Proc. V. P.
30th Mar. 1810

And are allowed to assign a portion of their pay to their families.

30th Mar. 1807

Allowances for an European Assistant employed in Cuttack Magazine.

The Governor General in Council is pleased to authorize an allowance of Sonat Rupees 10 per month, being granted to William Pickard, Matros of Artillery, as a temporary arrangement during the period of his being employed by the Deputy Commissary at Cuttack, as an Assistant in the Magazine at that Station. Proc. G. G.
15th Dec. 1808

Half-wrought materials for Cuttack Magazine will be supplied from the Presidency.

When the Deputy Commissary at Cuttack has occasion for materials to repair Ordnance Carriages, he is to transmit a statement of such articles in the half-wrought state as may be required for that purpose, with reference to the Survey Report, shewing the extent of the repairs required for each carriage, when the Board will take measures for supplying the same from the seasoned stock of materials at the Gun Carriage Agency Yard. Res. M. B.
10th Nov. 1807

The Carpenters and Smiths at Berhampoor Magazine to be discharged when they may not have work.

The Deputy Commissary at Berhampoor is authorized to discharge the Carpenters and Smiths of the Establishment of that Magazine so long as there shall be no work for them. Res. M. B.
24th Apr. 1810

Magazine Establishments for Monghyr and Buxur.

No establishments for the Magazines at Monghyr and Buxur are to be kept up in future, excepting a Magazine Serjeant and four Lascars at each place, for the purpose of taking care of such inconsiderable portions of musquet ammunition, for the use of the Invalids, as may be found necessary to be lodged in those Magazines. G. O. G. G.
30th July 1801

Directions to be given by the Ordnance Officer at Danapoor to return store boats.

The Deputy Commissary of Ordnance at Danapoor will advise the Officer commanding the Hill Rangers, when boats are likely to pass Bhaugulpoor, and that the persons in charge of the boats have been directed to receive such stores as he may have to send to the Presidency. Res. M. B. 6th
March 1807

No stock of half-wrought materials is to be supplied to the Chunar Magazine.

PREPARATION AND TRANSMISSION OF INDENTS FOR STORES, &c.

Indents for stores, &c., where to be transmitted & how addressed. All indents or applications for Stores, &c. are to be made to the Military Board Res. R. M. 28th Oct. 1775 through the Secretary, and the forms of indent and certificate are to be strictly observed. All indents are to be addressed to the Commissary or other Officer of Ordnance, at or nearest the place, where stores are required.

Indents to replace condemned articles are to be accompanied by the Survey Reports. Agreed, that it has standing regulation, that whenever stores of any description, whatever are indented for, to replace those found unfit for service, such indents shall be accompanied by a Survey Report of the condemned articles, stating the period or periods at which they were served out. Res. M B 4th July 1791

Annual Indents to be transmitted for the supply of Magazines. Annual indents shall in future be transmitted to the Board, for the supply of fixed subordinate Magazines. Res. M. B. 28th Oct. 1775

The purposes for which articles are severally required to be distinctly stated in the Indents. In all cases, where the supply contained in one Indent is to meet the demands of Magazines for divers purposes, the particulars and quantities of each are to be expressly detailed, as to enable the Board to comprehend, at one view, the exact purposes to which every part of the Indent may be applicable. Res. M B 7th Nov. 1809

Rules to be observed in the transmission of Indents, from Corps. Corps at fixed Stations of the Army shall deliver in their Indents to the Brigade Major's Office on Muster Day of every month, accompanied by reasons, in writing, to express the particular purpose for which the Stores are required. G O 15th Nov. 1780

The Brigade Major of the Station will submit them to the Officer commanding, for his approval and countersignature, and such as shall be approved of are to be transmitted by this public Officer, as soon as possible, to the Secretary of the Military Board.

Corps detached shall regulate their Indents in the manner directed for those at Stations, and where there may be a public Officer serving, the Indents shall pass through his Office.

In cases where there may not be a public Officer, they are to be transmitted by the Officer commanding the Corps or Detachment to the Secretary.

(Indents for Arms and Camp Equipage for European Corps are always to specify the number of men present effective with the Corps.)

All Indents for annual supplies are to accompany the Annual Survey Reports. The General Orders of the 25th November, 1806, directing all Indents for supplies of Stores, &c. required for Magazines, Corps or Departments to be forwarded to the Military Board, with the Survey Reports, which are closed the 31st of December of each year, are to be understood to extend to all supplies and stores, required for all Magazines, Garrisons, Stations and Corps, including all exercising Ammunition and Stores, which order is to be strictly attended to. G O C C 30th Nov. 1807

Regulations to be observed when indenting on Emergency. Occasions for emergent Indents can very seldom occur; whenever they arise the discretion of the Officer commanding at such Station must be used, and the responsibility for all issues made in such cases, is with him only. G. O. 15th Nov. 1788

The general rule for his guidance in all occasions of emergency shall be as follows:

The public orders which detach any part of his force shall express the general proportions of Stores, which he may deem requisite to the immediate Service, comprehending the nature and number of the Ordnance, the number of rounds to each piece, also the number of rounds of Misket Ammunition and Flints, per man, and Camp Equipage Stores.—The Indents, in such cases, shall be superscribed "Emergent Service," and are to be made out in the usual form directed for Indents, and to correspond with the Public Orders.

The respective Corps will deliver in their Indents to the Commissary or other Officer in charge of the Magazine or Stores, who will previously receive an authenticated copy of the Orders of the day from the Public Officer of the Station; and such Orders shall be considered a sufficient warrant for the issue of Stores on Emergency.

Cases which may occur, of Arms or Stores wanting to complete, or to replace damaged or unserviceable, when Corps may be ordered on Service, will also be considered "Emergent," and the issues are warranted to be made accordingly, on the judgment and dis-

station of the Officer commanding at the Station; but he will be more particularly responsible to the Public, for all issues of Stores on such occasions, if the strictest attention is not had to the necessity.

It shall be the duty of all Officers commanding Stations or Detachments of the Army to transmit, to the Secretary to the Military Board, the earliest intimation, whenever issues of Stores are made on Emergency. The Indents shall also be transmitted, accompanied by the reasons for the issues.

G. O. C. C.
4th May 1832

Instances having occurred where Indents for Ammunition, &c. have been made on emergency, when neither distance of situation or any other plausible reason could be urged in excuse of such a deviation from the Regulations of the Service, the Commander in Chief finds it necessary to prohibit a practice in future.

Occasions, on which it would be either proper or allowable to indent on Emergent Service, so rarely happen, that it seldom can be found necessary to resort to this expedient, and it is never to be used, except in cases, where forwarding the Indent through the regular channel to the Military Board would be attended with delay, obviously injurious to the public service. Under such circumstances an Officer must use his discretion, and immediately transmit to the Secretary to the Military Board information of the issues which have been made on emergency, accompanied with a copy of the indent, and his reasons for authorizing its being complied with.

At the same time it is to be clearly understood by every Officer who countersigns an Indent of this nature, that the responsibility for all issues of Stores, beyond what the Regulations allow, will rest solely with him, and it therefore behoves him to be careful that issues of this nature are made only to the extent, which the Service to be performed shall require.

To indent on Emergency for Exercising Ammunition is positively forbid.

R. V. M. B. 18th
Oct. 1808.

In indenting for articles on emergency, such as are not positively so required are on no account to be included, but in all cases of emergent and probable demands coming together, separate Indents, conformably to the Regulations, are to be submitted.

Indents for articles on Emergency are not to include any that may be eventually wanted.

Officers delivering articles on Emergent Indents, part of which may be intended for eventual use, will be held responsible for such delivery. It will therefore be their duty always to withhold such articles, until an Indent for them shall have been submitted for the Board's consideration and eventual sanction, and, in all cases where emergent and eventual demands appear on the same Indent, to comply with the emergent only, (if not already passed by the Military Board); and, in cases of the emergency of a demand not being fully expressed on the Indent, they should make themselves acquainted with it previous to granting compliance.

G. O. 24th
Sept. 1788

Lord Cornwallis directs that the following form be published in General Orders, and that all Indents be drawn out agreeably thereto.

FORM.

Indent No. . . . , on the Magazine at . . . , for Stores, &c.
wanted for the use of . . . , (Corps or Department)- 1st January, 18—

Names of Stores.	Total rec'd force of May 18—	Balance of former supplies remaining in Store.	Number Indented for.	Purposes for which wanted.	Admitted by the Military Board.
A. Axes Pick, -----
" Hand.

" I do hereby certify, in pursuance of General Orders, that the articles specified in the within Indent are indispensably necessary for the use of -----, according to the best of my judgment and belief, after the most careful examination."

(Signed by the Ordnance or Staff Officer indenting and by the Officer commanding the Corps, &c.)

The above certificate is to be subscribed by the commanding Officer of the Garrison, Detachment, or separate Corps for which the supply is required.

Informal Indents, not drawn out agreeably to the prescribed form, are to be immediately returned by the Secretary to the respective Officers who sent them. Res. M. B. 28th August 1788

Indents passed by the Military Board are to be immediately sent to the Magazines. Great inconvenience and confusion having arisen from Officers not sending in Indents which have been passed by the Military Board, within the prescribed time, the Commander in Chief finds it necessary to republish the following standing Regulation, and directs that it be strictly attended to in future. G. O. C. 21st July 1804

When Indents are passed by the Military Board and returned, they are to be sent to the Magazine upon which they are drawn, with as little delay as possible, to enable the Commissary to ascertain the extent of the demands on the Magazine under his charge, and to provide, accordingly, the means to answer them.

Indents of a year's standing, that may not have been complied with, are to be cancelled. Agreed, that it be a standing regulation, that all indents, partially or totally uncomplied with, if above twelve months standing, should be considered as cancelled, and the Officer, in whose possession they may be, directed to forward them to the Military Board. Res. M. B. 2nd July 1798

REGULATIONS FOR THE DISPATCH, CHARGE, AND RECEIPT OF STORES.

Regulations for Officers proceeding in charge of Stores, &c. for their receipt and delivery at Magazines, respectively; and attaching responsibility for their safe custody. It is to be considered as a standing Order, that no Military Stores are to be given in charge to an Officer to be conducted to the Presidency, from any of the Stations of the Army, or from one Station to another, without a particular Order from the Commander in Chief. G. O. 28th March 1788

It appearing there will soon be several fleets of Store Boats to be dispatched from the Presidency to the Upper Stations, the Governor General in Council thinks it proper to direct the Military Board (in the absence of his Excellency the Commander in Chief) to apply to the General Officer commanding at the Presidency, for an Officer to proceed in charge of the boats when ready. Proc. G. G. 30th July 1801

Officers belonging to Corps at the Upper Stations are to be nominated to proceed in charge of Store Boats, whenever such Officers can be found at the Presidency, and who are not prevented from sickness or other causes from joining their Corps.

The General Officer commanding the Troops at the Presidency is to make an immediate Report to the Commander in Chief, as often as he shall direct any Officer to proceed from the Presidency in charge of Store Boats.

In order to enable the Officers who may be appointed to the charge of Store Boats to draw their boat allowance,—Ordered, that the necessary information on the subject be given to the Military Auditor General.

The following rules, recommended by the Military Board to be observed in future dispatches of Stores to and from Magazines, are to be considered as standing Regulations. G. O. C. C. 28th June 1808 and G. O. 14th August 1797

In all cases of Stores ordered up the Country, or from one Station of the Army to another, being entrusted to the charge of an Officer, whether Commissioned or Non-Commissioned, such Officer shall, on receiving charge of them, subscribe a certificate underneath the Survey Report, to be submitted to the Military Board, as follows:

"I do hereby certify, that the Stores borne upon the above Survey Report have been delivered in charge to me, to all intents and purposes, agreeable to the Report, and completed, as invoiced for the Magazine at———,

(Signed) A. B. Lieutenant

or

Conductor of Ordnance."

He shall also add, on the Stores being packed and put on board the boats, as follows:

"I do further certify, that I have seen the above-mentioned Stores packed and stowed into the boats: their Packages are unexceptionable, and the Stowage of them appears to have been carefully attended to, in every respect.

(Signed) A. B. Lieutenant, or Conductor of Ordnance."

The Commissary, by whom the Stores are delivered over, shall, after these acknowledgments on the part of the Officer taking charge, be divested of all responsibility on account of any injury which they may receive, after having left his hands; and that Officer shall be held accountable for their arriving in good order and condition at the Magazine to which they may be destined.

Immediately on the Officer in charge delivering them over to the Commissary, a Survey shall be held on them, as heretofore, both at the same time being careful to attend.

Should the Military Board, on reference to the Survey Report, be of opinion that the Stores have received any injury through the want of due attention being paid to them by the Officer to whom they were committed, the circumstance will be duly submitted to his Excellency the Commander in Chief, to take what measures he may deem proper, and should there be any deficiency which that Officer cannot satisfactorily account for, he must hold himself obliged to make it good.

G. O. P. C. 12 May 1807 **Conductors of Ordnance and all other Officers proceeding in charge of Stores, &c.** from the Presidency, or from one Station to another, are always personally to deliver the Stores at their respective destinations, and on no account to be intermediately detained, until that duty shall be completely discharged, excepting in cases of paramount necessity, which can seldom occur, and are to be reported accordingly to Head-quarters.

G. O. 14th Aug. 1797 **Surveys on Stores, arrived at any Station, are to take place without loss of time, in order that persons going further, in charge of supplies for other Stations, may not be delayed.**

Res. M. B. 23d February 1789 **No lights are on any pretence whatever to be suffered on board Store Boats, excepting in lanterns.**

No lights but in lanterns to be used in Store Boats.

Res. M. B. 11th Sept. 1807 **Agreed to direct that all Invoices of Stores intended for the Station of Cawnpore, or passing it to other Stations, be invariably communicated to the Officer commanding the Artillery in the Field.**

Invoices of Stores passing Cawnpore to be communicated to the commanding Officer of Artillery in the Field.

G. O. C. F. 4th April 1791 **The following Regulation of the Military Board, under date the 28th March last, is to be strictly attended to.**

Every Officer, who may be hereafter appointed to receive charge of Store Boats proceeding from or to the Presidency, is to send Weekly Reports to the Secretary to the Military Board of the progress made in the voyage; and to intimate, at the end thereof, the date of his arrival at the place of destination: but as it may sometimes happen that the Officer may not have an opportunity of making these Reports Weekly, he is to send them in such case from the first Station whereat there is an established Dāk.

Weekly Reports to be transmitted to the Military Board by Officers proceeding in charge of Stores.

Res. M. B. 7th March 1809 **Commissaries or other Officers in charge of Magazines are to furnish all persons receiving charge of Stores, with the existing Regulations on that subject, and on the arrival of any Stores, should any difference be found between the quantity actually delivered, and the quantity invoiced, to report the same immediately to the commanding Officer of the Station and to the Military Board, accompanied with such explanations as the person who may arrive in charge shall be able to afford; it being the Board's intention, in future, to make the person, who shall receive charge of Stores at one Magazine, answerable for their due delivery at the place of their destination, conformably to the Invoice.**

Ordnance Officers to furnish Persons proceeding in charge of Stores with all Regulations on that head; and to report immediately any deficiencies that may appear on the arrival of Stores.

Res. M. B. 25th July 1809 **Resolved, that copies of the Form of Diary, proposed by Lieut. Colonel Hardwicke, be transmitted to the Commissaries of Ordnance at Allahabad and Agra, with instructions to furnish a corresponding one to each of the Conductors, who may henceforward proceed, in charge of Military Stores from either of those Stations, on the River Jumna, directing them at the same time to keep a Diary after the manner specified in the form, during their passage, noting such occurrences of a particular nature, as may take up more than six or eight lines in the column of Remarks, on a separate paper, to be submitted, after having accomplished the trip, to the Military Board.**

Allowance to a Sergeant in charge of Store Boats.

The Governor General in Council is pleased to authorize a Staff allowance of 20 Rupees being granted to Sergeant Davis, of the Artillery Corps, monthly, during the period of his remaining in charge of the Fleet of Boats, proceeding with Ordnance Stores to Allahabad.

Priv G. G. 20th March 1809

Accommodation for Sergeant Davis will be provided in one of the spare boats with the fleet.

Compensation for loss sustained by Officers from the boats sinking, &c. while in charge of Stores, inadmissible.

Ordered, that Mr. Conductor Smart be informed that similar claims to his, (for remuneration on account of property lost by the sinking of his boat, when proceeding in charge of Stores) having been submitted and deemed inadmissible on all occasions, the Military Board cannot recommend it to the favorable consideration of Government.

Res M.B. 20th Dec. 1808

Directing the most particular surveys to be held on all Ordnance Stores, &c. dispatched from Magazines and attaching responsibility to Ordnance Officers for any that may be dispatched in an unserviceable state.

Instances having frequently occurred, during the last war, of Ordnance, Ordnance Carriages, Ammunition and Military Stores of every description, having been dispatched from Magazines to the Army in the Field, or to the Frontier Posts, in so defective a state as to be unserviceable on their arrival at their respective destinations, although at the period of their dispatch they were known to be required for immediate actual service; the Commander in Chief is pleased, with the view to prevent, in future, a species of neglect, so unpardonable in itself, and so pregnant with danger to the public interest, to direct, that, whenever Ordnance, Ordnance Carriages, or any other description whatever of Military Stores or Equipments, shall be ordered from the Presidency or from any Magazine, to another Magazine, Post, Station or Detachment; such Ordnance, Stores, or Equipments, shall, previous to the dispatch of them, and independent of all usual surveys, undergo a minute examination or Survey by Artillery or Ordnance Officers only, if such are at the Station, otherwise by Officers specially selected for the duty by the commanding Officer of the Station, who will be careful to appoint none but the most competent Officers for this important duty.

G. O. C. C. 7th June 1806

The Survey must be made with the most minute scrutiny. The Gun, Carriage, Elevating Screw, Limber, Yokes, Chains, &c., must be examined, not only as separate and independent articles, but the whole as a compound Machine, in which every article is connected, has reference to, and must be fitted to each other.

Such an examination is to be effected by viewing the Compound Machine.

First.—In its capacity to fire on the enemy.

Second.—In its capacity to travel with an Army.

In order that the piece be complete in its first capacity, care must be taken that it has all and each of its appurtenances perfect, that none are deficient, that the trunnions are properly placed, and the Elevating Screw properly fixed.

In examining Ordnance Carriages with respect to their second capacity, the surveying Officers will see that the draft chains are of the proper length, well fitted, and properly put to the carriage.

In cases when, from the small number of Officers present at a Station, Surveys by Committees of Officers, according to the above principles, cannot be taken, Committees or other Officers of Ordnance, but more especially those in charge of Field Magazines, are enjoined themselves to examine and survey all Ordnance, Stores, &c. in the manner

above described, as they will more particularly be held responsible for the condition of such Ordnance, Stores, &c. as they may have dispatched, and the Brigade Majors, or other Public Staff Officers of Stations, are to attend such inspections, and to report the result for the information of the commanding Officer previous to the dispatch of the Stores, &c.

Commissionaries, Deputy Commissioners and other Officers of Ordnance, are reminded of the serious consequences to which they are subject by any neglect of duty in the above instance, by the following Regulation of Government, which is hereby republished, and which it is the determination of the Commander in Chief rigidly to enforce.

Extract General Orders 6th November 1778.

"If it shall appear that any of the Stores, invoiced under the head 'Serviceable,' have been dispatched in a state not actually fit for Service, the Commissary or Deputy Commissary who shall have dispatched them, shall be liable to dismissal from his office."

Upon every Survey to be held at Ordnance, &c. dispatched on service, a copy of these Orders is to be laid before the Committee for their guidance.

Whenever Military Stores are dispatched from any Magazine to the Army in the Field, parties of Magazine-men, in proportion to the nature and quantity of the Stores dispatched, should be sent in charge of them, instead of their being made over to Hackery Drivers, which frequently occurred during the late war, but which the Commander in Chief trusts will never again be allowed.

Parties of Magazine-men are to be sent with all dispatches of Stores, &c. to the Army in the Field.

The Magazine Establishments of Futtighur and Cawnpore always remaining undivided in order that the Commissaries of those Magazines may have the fullest means of sending such people in charge of Stores, they will be held particularly responsible for the observance of the above Orders, which the commanding Officers of those Stations, respectively, are enjoined to enforce, by a vigilant exercise of their authority.

In all large dispatches of Stores from Magazines, a Conductor (whenever the establishment will admit of it) with at least ten Magazine-men to every hundred Hackeries, should be sent in charge.

If, from the frequent dispatches of Military Stores from Magazines, the Magazine-men be reduced to one half, or to such a number that the ordinary or extraordinary Service be impeded, the Commissary will report the circumstance to the commanding Officer of the Station, who, if he should see occasion, will direct extra people to be hired according to circumstances.

G. O. C. 21st July 1804

It is to be a standing Regulation, that when Indents from Corps on the Frontiers or at Out Stations West of the Ganges, or in Rohilcund, are forwarded to any of the Field Magazines, the Commissary of the Magazine on which the Indent is drawn, is to report to the commanding Officer of the Station the quantity of carriage which will be required for the transportation of the Stores; who will, thereupon, order the same and an Escort for its protection.

Ordnance Officers having occasion to transport Stores, are to report to Commanding Officers the carriage that will be required.

G. O. P. C. 30th March 1807

No established supplies of Stores, Ammunition, &c. are to be dispatched by land from any of the Magazines to the Troops or Posts on the Frontier, or in other detached situations, during the Rainy Season, excepting on occasions of special Emergency, and the Officer commanding the Troops in the Field is required to regulate the dispatch of all supplies for Corps on the Frontier, and in detached situations, in such manner, as may make the recurrence of dispatch as seldom as possible, and that the duty may be performed at the most favorable season of the year.

Regulations for the dispatch of Stores to Frontier Stations and Out-Posts.

On all such occasions the Public Draft Bullocks and Store Carts, and other Public Cattle, are to be made use of as often as may be practicable.

Res M. B. 28th Oct. 1775

Whenever a supply of Ordnance or Stores is sent to any Detachment, an invoice thereof shall be sent by the Officer of Ordnance to the commanding Officer of such Detachment.

Invoices to accompany all Stores transmitted.

G. O. C. 1st June 1805

The Major General commanding the Forces directs, in addition to the standing Regulations respecting Surveys, that on all occasions of Corps receiving complete or partial supplies of Arms, Accoutrements, Camp Equipage, &c. and where the proximity of a Station of Corps may afford opportunity for such previous inspection, of Quarter-masters of Regiments, or Adjutants of Battalions, when the same may not be present, to direct the Artificers, Magazine-men, &c. who are to issue such Arms may be issued, for the purpose of making a minute and careful inspection of

Whenever circumstances admit, Staff Officers are to attend at the Magazines to receive the Stores &c. for their respective Corps.

the several articles, previously to their removal from the Magazine; for this purpose, the Staff Officers of Corps are, on such occasions, to be accompanied by such a proportion of the Quarter-master's Establishment as commanding Officers may think proper to direct.

ORDNANCE AND ORDNANCE STORES.

All Ordnance and Ordnance Stores to remain in charge of the Officers of Ordnance.

All Ordnance and Ordnance Stores are to be delivered over to the Officers of Ordnance, at the fixed Stations of the Army, and when any considerable body of Troops shall take the Field on actual Service, a Commissary, or such Officer of Ordnance as the Board may judge proper, shall attend for issuing Stores; but no Ordnance or Ordnance Stores shall be transported with Troops moving between fixed Stations in time of Peace.—(The movement of Ordnance Officers is now directed by the Commander in Chief—*vide page 412.*)

Res. M. B. 28th
Oct. 1775

Regulations for repairs to Ordnance that may be issued to Artillery Officers, being performed in the Magazines.

Resolved, that when Artillery is drawn from the Ordnance Stores, it is no longer under the care of the Commissary of Ordnance, but under that of the senior Officer of Artillery, serving with the Corps to which such Artillery appertains; who, as often as any part of that Artillery requires repairs, (circumstances permitting) is to apply to the commanding Officer present to direct the Commissary of Ordnance to cause such repairs to be made; which repairs are to be made conformably to the instructions of the commanding Officer of Artillery, whose orders are to be obeyed by the Commissary of Ordnance, and the necessary reciprocal receipts or certificates are to pass.

M. C. 13th April
1790

On the issue of a Battering Train, new appurtenances, &c. are not to be indented for until the train returns.

In the event of a Battering Train being detached with the necessary appurtenances, the Commissary of Ordnance should wait until the train returns, before he indents for another set of appurtenances, in order previously to ascertain if they are necessary or not.

Res. M. B. 9th
January 1810

Directions for the issue of the Ordnance, Stores, &c. required for the actual Practice of the Artillery

The Guns and appurtenances necessary for Practice and attached to Corps are to be delivered out by the Commissary of Ordnance to the commanding Officers when demanded; but the annual supplies of Ammunition and Stores required for exercise or occasional Service, are to be indented for to the Military Board.

Res. M. B. 28th
Oct. 1775

Resolved, that the practice which has hitherto prevailed of striking off or issuing from the books, the Ordnance Carriages, &c. which are in use with Artillery Detachments from any Magazine, during the Practice season, including all those Articles which are not likely to be expended in the course of the Practice, be discontinued; and that the same be considered in future as a part of the Magazine Store, during that period, making the necessary issues on the return of those articles remaining unexpended, into the Magazines, as may be found proper on regular Survey.—(For proportions of Stores allowed for the Practice and Exercise of the Artillery *vide Form No. 4, Chapter V.*)

Res. M. B. 25th
June 1811

The usual Indents for Ordnance Stores to be presented as heretofore.

Indents for Carriages to specify the dimensions of the Guns they are required for.

Whenever carriages are indented for, the dimensions of the Pieces of Ordnance for which they are required are to be specified in the most particular manner, in order that such as are furnished may fit well.

Res. M. B. M. C.
28th Feb. 1793

When Ordnance carriages are sent from the Presidency they are to be completed with all Appurtenances, &c.

When Ordnance Carriages are sent from the Presidency to the different Stations or Magazines, they are to be sent complete with spunges, ladles, handspikes, dragrope and every such like necessary, excepting Draft-chains, which are not subject to decay; after carriages have been received thus complete at Chunar and in the Field, they are to be kept up so by the Establishment of Artificers allowed for those Stations.

G. O. 20th Sept.
1788

The Commissary of Stores and the Commissaries and Deputy Commissaries of the Ordnance Magazines are to observe as an invariable rule in future, previous to the dispatch by water of Carriages from the Arsenal and Magazines, that the separate appurtenances and equipments of such Carriages be numbered and marked with a parchment label, so that each elevating screw may easily be fitted to its corresponding box, and both to their corresponding carriages, and all other parts be in like manner duly marked.

Res. M. B. 31st
June 1808

Agreed, that it be a standing regulation that in all future dispatches of Battering Field Carriages and Tumbrills for the service of the Provinces above Allahabad, each Carriage be dispatched complete at all points, except wheels, in lieu of which the Commissary of Stores is directed to obtain on Indent, from the Gun Carriage Agency Yard, a complete set of the component timber materials in the half-wrought state, and a set of brass nave boxes, previously fitted to the arms of the Axletrees, for each Carriage or Limber; on the arrival of such Carriages at Cawnpore, the commanding Officer of Artillery will chuse out for each a set of the spare wheels in store, and insert in them the Nave Boxes received with the Carriages from Fort William; reserving the several sets of half-wrought wood work, to be set up on the spot by the Train Artificers, to replace the Wheels thus supplied.

Except wheels, which are to be supplied in the Field Magazine.

Res. M. B. 31st
July 1808

Resolved, that, in future, when Ordnance Carriages of any kind are condemned as unserviceable, the iron work of such carriages is not to be carried to the Head "Old Iron" or "Old Work", but to be entered on the Ordnance Return under a distinct Head, in the following manner, vizt.

The Iron work of condemned Ordnance carriages is to be carefully preserved and included in the Returns.

Res. M. B. 314
June 1811

Ordered, that in future the cheeks, bellies, and spokes of old condemned Gun Carriages, instead of being converted into firewood, be heretofore, in the Magazines, be cut into lengths sufficient for an 8 or 12-inch fuse; and brought on the Magazine Return under the heads "Blocks Old Wood for Fuzes," and issued on regular demand for the purpose of making these articles.

Res. M. B. 315
March 1809

Ordered, that the following Regulations for the preparation, &c. of Fuzes be observed by Ordnance Officers in charge of Magazines.

Directions for
the preparation
and issue of
Fuzes.

All filled Fuzes for either Mortars or Howitzers, which have been driven and have been in store above the period of one year, to be condemned as unserviceable in that state.

That the old composition be soaked and washed out of these condemned Fuzes, and that such proportion of them as shall prove found and free from splits from the former driving be selected and reserved for filling with fresh composition.

The several Commissaries and Deputy Commissaries in charge of Magazines are directed to apply, from time to time, to the commanding Officers of Artillery at the Stations to which they are attached, for such working parties from that Corps, as they may require, to assist their Department in preparing and making up a stated proportion of fresh Fuse Composition, which, after it has undergone the inspection and trial of the commanding Officer of Artillery, is to be carefully kept in Store, for the purpose of filling any proportion of Fuzes, that it may be deemed necessary to keep in readiness to meet the exigencies of the Public Service.

In all cases where the time will admit, a reasonable quantity of Fuse Composition carefully flowed in barrels, with a proportion of perfectly empty Fuzes, to be delivered to the Commissaries in charge of Magazines in the field, for detached Parks of Artillery and for Ordnance proceeding on actual service, and this is to be considered in future as an essential part of equipment.

In all cases where it may be practicable, the filled Fuzes delivered from the Magazine, since the receipt of the Ordnance or the Ordnance in charge of Officers of Artillery, proceeding on actual service, shall be previously inspected and tried before the Officer, under whose guidance they are to be adapted to the nature of the service he may have in view.

Res. M. B. 316
March 1809

Resolved, that in future, at every Ordnance Station, to which there is an established Park of Artillery, there shall be a proportion of Fuzes, to be kept in readiness for the use of the Ordnance.

Tubes for Ordnance how cut. All tubes for Ordnance are to be cut square and to the thickness of the metal of the piece for which they are intended. Res. M. B. 18 Jan. 1787.

Directions for preparing Cannon Ammunition. The Military Board prohibit the use of Curwah Cartridges for any purpose in future. Flannel or Serge are to be used instead of Bafts for Cartridges. Res. M. B. 9th October 1787.
Res. M. B. 28th October 1778

In fixing Cartridge Bags to bottoms they are to be tied in two grooves, and fast in that which is furthest from the Powder; the Cartridge to be cut off just above the groove nearest the shot; and the shot to be painted. Res. M. B. 22d February 1777

Which is to be packed in wrappers when required to be issued from the Magazine. All filled and fixed cannon Ammunition are to be wrapped up in pieces of cotton cloth (now red curwah) longer than the Cartridges, so that they may fold under the ends of the Cartridge, when packed.

Ordered, that the Deputy Commissary at Cuttack be informed, that, if he keeps up a proper supply of curwah in the Magazine, it is unnecessary to make up wrappers, until they are likely to be required. Res. M. B. 9th January 1810

Proportion of Stores to be conformed to in fitting out Battalion Guns. Commissaries and other Ordnance Officers in fitting out Battalion Guns are always to comply with what is laid down in the list published in General Orders of this date—(Vide Form No. 1, Chapter V; and for Cavalry Gallopers Form No. 1, Chapter VII.) Repaired Arms to be issued for partial supplies of arms, unless the contrary be directed. Res. M. B. 4th April 1791

Repaired Arms to be issued for partial supplies. Arms are not to be sold. Repaired Arms are to be granted to Factors when they can be spared. Arms or parts of Arms are not to be sold. Res. M. B. 19th August and 2d Dec. 1786

New and repaired Arms to be entered under different heads in the Returns. Resolved, that it be made a Standing Regulation, that the books of the Ordnance Department, and the Returns of the Arsenal and all Magazines, shall hereafter exhibit Muskets, Carbines and Pistols under the distinct Heads of "Serviceable new" and "Serviceable repaired," in order to distinguish the new from the repaired Arms. Res. M. B. 3d Sept. 1793

Directions for an alteration in the construction of Pistols and Carbines. "I am directed by the Commander in Chief to send herewith a Pistol with an alteration and addition, for securing the Ramrod and facilitating quick loading, to be submitted to the Military Board, with his Excellency's desire that the necessary orders may be issued for causing the requisite alteration to be made upon all the Pistols at present belonging to this Presidency, and that application may be made to the Hon'ble the Court of Directors, for causing all Pistols that may hereafter be sent out from England for the Public Service, to be made with the improvement now proposed. Let. Adj. Gen. 10th Nov. 1809

"The spring for retaining the Ramrod when returned into the pipe is an important part of the improvement requiring to be well executed."

The Commissary of Stores is directed to prepare six musket Pistols, according to the above directions, for distribution to the several Magazines, in order to the instructions of his Excellency being carried into effect. Res. M. B. 5th Dec. 1809

Ordered, at the recommendation of His Excellency the Commander in Chief, that Swivels for securing the Ramrod be adopted, and ordered for all the Carriages in the service, in the same manner as adopted on the 5th December, 1809, for all Pistols in the service of the Army under this Presidency. The Governor General in Council is pleased to resolve, that all new Accoutrements which shall in future be tendered for the Public Service, and sent to the Arsenal or subordinate Magazines for the purpose of being surveyed, shall, previously to such survey being held, be separately, minutely and leisurely examined in the Arsenal or Magazine to which they are sent, and carefully compared with the approved musters; and none but such as shall be found in all respects of pattern, quality, materials, workmanship, &c. equal to such musters, shall in future be submitted for the inspection of Committees of Officers.

Regulations for
the Survey of
all Accoutre-
ments received
into the Ma-
gazines.

As by the preceding Regulation it is the intention of Government to attach the most serious responsibility to the Officer at the head of the Arsenal or Magazine at which deliveries of new Accoutrements shall in future be made, this Lordship in Council directs that all Survey Reports shall bear the following certificates, viz.

"I do hereby declare that the several articles of Accoutrements, mentioned in this Survey Report, were every one separately and minutely examined in the Arsenal; (or in the Magazine) previously to being submitted to this Committee, and that I hold myself responsible for their being unexceptionably good, and equal to muster."

(Signed) A. B. Commissary of Stores,
or Commissary of Ordnance.

"I hereby certify that the Commissary of Stores (or the Commissary of Ordnance of the Magazine) was actually present during our examination of the Accoutrements, &c. specified in this Survey Report.

(Signed) E. F. President of the Committee."

Res. M. B.
17th June 1793

The Commissary of Stores is directed to apply the following Composition for the preservation of all leather belts and pouches, immediately after they are received into the Arsenal or Magazine, viz.

Composition to
be used in the
Magazines for
the preservation
of black leather
Accoutrements

Beeswax and lamp black, in the proportion of four of the former to one of the latter, and to be rubbed well in on smooth piece of wood; the leather being well extended over said piece of wood. The above is applicable to all Magazines, at which new leather accoutrements may be received. The leather accoutrements at the principal Magazines of Agra and Calcutta are lodged in subterraneous Store-rooms, to preserve them from the effect of the sun's rays.

Officers in charge of Magazines are particularly required to rub with oil, so as to make them supple, all accoutrements that are to be dispatched to Corps at a distance from their Stations.

Which are to be
rubbed with oil
previous to
being dispatched
to Corps.

Serviceable
Pouch Belts,
Buckles, &c. to
be sent to the
Arsenal and is-
sued to the
Commissariat.

The boxes of Pouches, of which the leather may be reported decayed, are to be sent to the Arsenal, because if they shall be found serviceable, the wood, as being long seasoned, will be preferable to new wood; and the expense of an equal number of new boxes may thereby be saved.

Res. M.B. 18th
Oct. 1790

The Military Board are authorized by Government to furnish the Commissariat for the Supply of Accoutrements (Commissariat) with the number of Task-wood Pouch Boxes and Brass Pouch Buckles specified, from the Arsenal of Fort William.

18th Aug. 1811

For the accommodation of the European Officers of the Bengal Army, the Secretary in Council is pleased to direct that a supply of buff sword Belts, corresponding with a pattern which has been approved by Government and the Military Board, shall be sent to each of the Magazines at this Presidency, for the purpose of affording Officers the means of furnishing themselves with this necessary article of equipment at the exact cost paid by Government, in the first instance, for each set.

- Proc. V. P. 22d Aug. 1809 The Vice President in Council, with a view to ascertain by a fair comparative trial, whether the leather manufactured by Mr. Beaumont, possesses superiority, in point of durability as well as cheapness, over that article manufactured in Europe, is pleased to authorize the Military Board to direct Mr. Beaumont to prepare immediately a complete set of Buff Belts with Pouches for a Regiment of Native Infantry, to be served out on the same day with a set of Europe Manufacture to another Regiment, in the manner recommended by the Military Board.
- On delivering these sets of accoutrements to the two Regiments, the Board will agreeably to their suggestion, require from each Corps regular periodical Reports of the wear appearance, &c. of those accoutrements.
- Proc. G. G. 25th Jan. 1811 The Governor General in Council authorizes the Military Board, under the circumstances mentioned in their Secretary's letter of the 26th ultimo, to receive from Mr. Beaumont, on the same terms, such further supplies of Buff Accoutrements and Pouches, not exceeding, without renewed licence, 5000 sets for Infantry, 1000 sets for Cavalry and 1000 for Artillery; as he may be able to prepare, of a quality, in all respects, unexceptionable, to be ascertained by minute previous examination in the Arsenal, and subsequent regular Survey.
- G. O. C. C. 10th Dec. 1806 Indents for one Bass Drum and one Bugle Horn, for each Battalion of Artillery and Infantry on the Establishment, are to be forwarded to the Military Board.
- Res. M. B. 22d Dec. 1807 The Commissary of Stores is directed to receive into the Arsenal thirty Bass Drums from Mr. Taylor, the Contractor, provided they shall be found in every respect unexceptionable by a Committee assisted by the Master of the Band of H. M. 67th Regiment, in the same manner as similar articles have been before received from Mr. Taylor.
- Ext. Let. Adjt. Gen. 27th Aug. 1808 "The Commander in Chief is clearly of opinion that Bass Drums being in the first instance supplied by Government gratuitously to each Corps, no further expense ought to be entailed on Government for the renewal of those Instruments."
- Res. M. B. 18th Oct. 1808 The Military Board are of opinion that furniture for the occasional repair of Bass Drums may be admitted on Indent.
- Res. M. B. 23d July 1811 Resolved, that Drum Cords or any other such articles, when actually necessary, may be indented for without waiting for the Annual Survey.—(For the provision of Drum Heads in European and Native Corps *vide* pages 183 and 220.)
- G. O. C. C. 22d April 1809 Two Bugle Horns and five Whistles are allowed for each Company of Light Infantry.
- G. O. C. C. 14th Feb. 1807 Government having been pleased to authorize Gurries with their appendages to be supplied from the Public Stores, to all the Corps which may have lost those articles while under Colonel Monson's command; Officers commanding Corps that have not been already supplied, will transmit indents, accordingly, to the Military Board.
- Res. M. B. 16th Oct. 1807 A Gurry and two hour glasses are admitted upon indent for the 1st Battalion of the 7th Regiment; the old Gurry being ordered to be returned into Store.
- Res. M. B. 16th Jan. 1808 Gurries are not allowed by the Regulations of the Service, but only granted as an indulgence to the Native Corps.
- Res. M. B. 18th April 1808 Colours, when requiring to be renewed, are to be provided on a separate indent counter-signed by the Adjutant General. Materials for Colours are prohibited being issued on any indent.
- Proc. V. P. 19th Sept. 1809 The Military Board are authorized to instruct Messrs. Lewis, Simpson and Wallace, Tailors, of Calcutta, to make up a pair of new Colours for the Hon'ble Company's European Regiment, at an expense not exceeding Sicca Rupees 400; they delivering them to that Corps free of any other expense, and charging the amount in a bill properly vouched.
- The supply of buff leather Accoutrements manufactured in India, sanctioned.
- Bass Drums issued to the several Corps.
- Upon what survey to be received into the Arsenal.
- Bass Drums being coming unserviceable are not to be renewed by Government.
- Drum furniture when to be supplied.
- Proportion of whistles and bugles for each Corps.
- Gurries under what circumstances allowed to Native Troops.
- Regulations for the provision of Colours & honorary Standards.

The Regiments of Native Infantry shall be furnished with two Bands of Colours for M. C. 7th May 1781
each Battalion, made of the best China silk. The size of each colour shall be seven feet wide, and six feet six inches deep on the Pike.

The Pikes from the top of the spear to the end of the ferret shall be ten feet; the Hoys and Tassels to be crimson and gold.

The first Colour of each Battalion shall be the Great Union throughout; and the second, the Colour of the Facings of the Regiment.

The number of the (Battalion and) Regiment to be embossed in gold Roman Letters, within a wreath in the center of the Regimental Colour of each Battalion.

That 400 Sonat Rupees shall be allowed to the Officer commanding the Regiment for making up the Colours of each Battalion of their respective Regiments.

The Commander in Chief is pleased to restrict the additional expense of making up Colours of Regiments or Battalions which have been, or shall hereafter be authorized by Government to bear in the Regimental Colour an Honorary Device to perpetuate the remembrance of distinguished services, to the sum of Sonat Rupees 200. G. O. C. C. 3d June 1802

The Governor General in Council directs that the Flags of the Honorary Colours be of the same colour with the Facings of the Regiment, and that the Devices be executed in gold, silver and colours mixed. Proc. G. G. 4th Sept. 1806

The Governor General in Council is of opinion that Honorary Standards, granted upon occasions of the nature of those in question, should be made up in the handsomest manner and with the most durable materials, and that the actual expence should be charged.

The Governor General in Council sanctions the expence of Sonat Rupees 956 8 9 for the Honorary Colours granted to the 15th Regiment Native Infantry under the authority of the Governor General in Council of the 4th September, 1806. Proc. G. G. 16th Oct. 1807

CAMP EQUIPAGE.

Rev. M. B.
 11th June 1813

Ordered, that the whole of the Camp Equipage for the Commander in Chief and Staff, hitherto lodged in the Allahabad Depot, be sent into the Cawnpore Magazine, where it is to be deposited, and kept at all times complete in future, agreeably to the statement published in General Orders of the 10th January, 1811.—(Vide Form No. 1, Chapter I.—For the proportion to be kept in Store for the Governor General's Staff, vide page 2.)

The established proportion of Camp Equipage for Headquarters to be kept at Cawnpore.

G. O. G. G.
 6th June 1808

The Governor-General in Council is pleased to direct that whenever the Service may require the movement by land of the undermentioned Officers, Camp Equipage be supplied to them from the Public Stores in the following proportions; and that an adequate number of Tents be made up and reserved in Store for that purpose in the Magazine at Cawnpore.

Proportion for Ordnance Officers, Field Hospital, &c. to be kept at Cawnpore.

The requisite proportion of Tents for a Field Hospital are also to be kept in Store at Cawnpore; as hereafter laid down.

The Deputy Quarter-master General, or an Officer in that Department, to indent for Camp Equipage for the above Officers, whenever it may be necessary, as directed in Minutes of Council of the 18th November, 1796. (*vide page 293*).

▲ complete set of Camp Equipage to be reserved to the Troops; and a third extra reserved in Store for occasional exigencies.

Resolved, that a complete set of Camp Equipage, equivalent to the wants of the Troops when in the Field, be ready for occasional service, and that every Corps be supplied with its proportion.

M. C. 24th July 1786

In addition to the statement of the full complement which may be deemed requisite, agreed, that an extra proportion of one third of each description be provided, and kept in Store for occasional exigencies of the Service: this extra proportion to be equally divided in Store; one part to be kept at the Frontier Magazine, the other part in the Arsenal of Fort William.

and how to be
kept in repair.

Commanding Officers of Corps and Detachments will be held responsible for the due performance of this duty, and will be made to defray any expence which shall appear to have been rendered necessary by the neglect of Quarter-masters or those receiving the allowance, from a want of the proper exercise of authority on their parts.

Res. M. B.
July 1807

Resolved, that instead of two Sulleetahs for one Sepoy Tent of 4 paals, a separate Sulleetah be in future allowed for each paal.

Res. M. B.
5th Sept. 1806

Bags for pins and mallets are in future to be issued with the Camp Equipage, as well as Sulleetahs.

Pin bags, &c.
to be issued
with Camp E-
quipage.

Res. M. B.
October 1786

Tent poles are always in future to be made of Bamboos, except for the tents of Field Officers.

Bamboos to be
used for Tent
Poles.

Res. M. B.
27th Mar. 1787

Ordered, that new tents be on no account issued to Corps, when there may be half-worn serviceable tents in the Magazine. (Corps, to which repaired tents shall be issued, will enter them on their books as such.)

New Tents are
not to be issued
when there are

pared.

Res. M. B.
Oct. 1786

All tents belonging to every Corps in the Service, whether in the Field or in fixed Cantonments, are to be pitched every muster day and carefully inspected by the respective commanding Officers of each Station or Detachment, who are directed to report the state of them quarterly to the Board, and to the Commander in Chief.

G. O. C. C.
20th June 1806

The Commander in Chief desires that Officers commanding Divisions, Stations, Detachments and Corps, will consider it their particular duty to ascertain, that no Public Camp

Equipage; and Equipage be ever used, whilst Corps are cantoned, except on those occasions for which it is expressly allowed, and that it be properly taken care of and kept in constant repair, after a march; for which purpose it should be regularly pitched and inspected at least once a quarter, or and reports accordingly. as commanding Officers may judge necessary.

Previous to the march of a Corps, and also within four days after it comes off a march to any fixed Camp or Cantonments, a survey shall be taken of the state of its Camp Equipage, and Reports thereof transmitted to the Secretary to the Military Board, accompanied, (in European Corps) by an estimate of the materials and expence of workmanship, requisite to render them serviceable. G. O. 15th Oct. 1787

Regulations for the charge and repair of Camp Equipage in European Corps for which no allowance is drawn. The tents of the several European Corps in the Field shall be under charge of their respective Quarter-masters, who are to make the occasional repairs, and be held responsible for them. (A fixed allowance is granted for keeping all Camp Equipage attached to Native Corps in complete repair.) Res. M. B. 15th June 1789

Such Quarter-masters or other Officers, as are not authorized by the regulations to draw an established sum monthly for keeping their Camp Equipage in repair, are to indent occasionally, on the Military Board, for materials for that purpose.

Ordered, that Quarter-masters of European Corps, in charge of Camp Equipage belonging to the Company, having establishments of people and drawing for monthly allowances of Petty Stores for the repair of Camp Equipage; be enjoined to perform all the trifling repairs of tents under their charge, whenever such repairs may be found necessary. Res. M. B. 6th July 1789

Agreed to recommend that directions be given for the repair of Camp Equipage, both in use (with European Corps; excepting the trifling repair above described,) and in store, and that these repairs be effected by the Commissaries of Magazines, and at Stations where there are no Magazines, by the Quarter-masters of Corps, on previous report, survey and estimate of the expence of materials and workmanship, to be approved by the Military Board. Res. M. B. 20th August 1788

Committees surveying Camp Equipage to specify the materials required for its repair. The Governor General in Council is pleased to direct that Committees of Survey on Camp Equipage be very particular in future, in detailing, in their Reports, the quantity, weight and number of each description of materials, which will be sufficient, in their opinion, to put the repairable Tents of each denomination into perfectly good and serviceable condition. G. O. G. G. 9th June 1810

A Report to be transmitted to the Board after the repairs have been executed. When any considerable repairs are made to the Camp Equipage, a Survey Report of the proper execution thereof is to be immediately transmitted to the Military Board. Res. M. B. 6th January 1792

Regulations to be observed by Committees surveying Camp Equipage. The Committees, which may be assembled for the Annual Survey of Stores, are enjoined to be very particular in their reports upon the Camp Equipage; and to state in them the periods when the Tents were received new from the Magazines, and the length of time they have actually been in use with the Corps, as well as their present condition. G. O. C. C. 20th Mar. 1799

In all future Surveys of Camp Equipage, especially when Tents are declared unserviceable, the Report is to express the condition of the several parts of the Tent, particularly the linings of the Field Officer's Tents, as it has been found by experience that purpet lining will commonly wear out two sets of canvas flies or walls. G. O. 25th October 1787

At the conclusion of the Survey all the unserviceable Camp Equipage to be destroyed. Immediately following the Annual Surveys, all Camp Equipage declared to be unserviceable shall be broken up and written off the Books, and the same shall be replaced by Indents on the Agent of Supplies. (Commissariat.) Res. M. B. 26th July 1789

The Governor General in Council is pleased to direct that all Tents, returned to Magazines from Corps, be immediately submitted to Committees of Survey, without being received into the Magazine; that such of them as may be found unserviceable shall be burnt in the presence of the Committee, and that a certificate of their having been so destroyed, be annexed to the Survey Report. SMALL ARMS AMMUNITION FOR SERVICE AND EXERCISE.

G. O. C. C.
8th Dec. 1839

On the recommendation of the Military Board, the Commander in Chief is pleased to direct, that the following proportions of Gunpowder for Musquet, Fuzil, Carbine and Pistol Balled Cartridges, be established for the service of this Presidency, according to which all Cartridges are to be henceforward prepared; and commanding Officers of Stations, Corps, and all Officers employed in the Ordnance Department, are enjoined to cause all the powder measures now in use to be reduced and made conformably to the proportions undermentioned.

Proportion of
Gunpowder

28th Oct. 1775

Commanding Officers of Corps shall indent for the annual provision of exercising ammunition for their Corps, on the nearest fixed Magazine, and transmit their indents for the previous approbation of the Military Board.—(All indents for annual supplies are to accompany the Annual Survey Reports.)

Indents for exercising Ammunition how to be prepared.

Res. M. B.
10th Nov. 1778

The Troops are to make up their own musquetry light cartridges for their annual exercise, for which purpose the established quantities of materials shall be issued to each Regiment or Battalion, upon indent, in the usual form.

Light Ammunition for exercise to be made up by the Troops.

Great care to be taken to guard against accidents by fire.

Balled Ammunition for exercise to be issued from the Magazine.

Musquet Balled Cartridges are to be issued to the Troops for their Annual Practise, instead of materials for making them. Reg. M. B. 9th Sept. 1788

This Ammunition to be issued from that which has been longest in Store, and an equal quantity is to be immediately made up to replace it in the Magazine, so that there may not be a deficiency in the quantity directed to be kept up for service.—(For the proportion of Exercising Ammunition for the different Corps, *vide Form No. 4.* For rules for indenting for detached Companies of Pioneers *vide page 346.*)

Proportion of Ammunition for training Recruits.

Resolved, that the proportion of Ammunition, to be granted hereafter for the training Recruits, be fixed at 50 rounds of Light and 150 rounds of Balled Cartridges, per man, with the usual complement of Flints, viz. 1 to every 10 Cartridges.—(This allowance is only applicable to new levies, not to men entertained to supply the places of ordinary Casualties.) Reg. M. B. 28th Aug. 1810

And for Light Infantry's

The Commander in Chief is pleased to determine that the proportion of Annual Practise Ammunition for a Battalion or Company of Light Infantry shall be 50 rounds of Musquet Balled Ammunition and 180 rounds of light Ammunition per man, with the usual proportion of Flints. G. O. C. 11th Jan. 1809

Proportion of powder measures allowed to the several Corps.

The Commander in Chief directs that powder measures, to be made of copper, be indented for in the following proportions, for the purpose of making up Practise Ammunition with Corps, respectively, and that as soon as received they be entered on, and accounted for, in the returns of Corps. G. O. C. 10th Oct. 1810 and 10th Mar. 1810

The measures to be prepared in the several Magazines of the proper size, according to the description of Ammunition for which they are required, and are to be issued upon indent, in the proportion specified.

Whenever the powder measures at the Head-quarters of the Corps of Pioneers are so few as to be inadequate to supply the wants of a detached Company, the commanding Officer is to indent on the nearest magazine for an extra one, stating the circumstance on the indent to be submitted for the sanction of the Military Board. Reg. M. B. 12th Dec. 1809

Targets how to be made.

All Targets are to be made of white dungaree with black circles.

A butt to be erected for the preservation of the balls.

A butt of earth is to be erected behind the target to preserve the balls, which are carefully to be collected when the practise for the season shall be over, and delivered into the nearest Magazine. Reg. M. B. 27th Jan. 1776

(The annual allowance for the preparation of Butts and Targets will be found under the heads of the several Corps.)

The allowance for butts and targets for each Corps provides for all Detachments.

Ordered, that the bill for erecting a Butt and Target for the left wing 1st Battalion 3d Regiment be returned to the Drawer, referring him for reimbursement to the Adjutant, who drew the allowance for a Butt for the Battalion. Reg. M. B. 20th Sept. 1808

SUPPLY OF PETTY STORES, &c. TO THE MAGAZINES AND TO CORPS.

Regulations for Ordnance Officers, receiving supplies of Petty Stores, &c. from the Commissariat.

Commissaries, Deputy Commissaries or other Officers of Ordnance, shall on no account act as Commissaries for the Supply of Stores, nor on any occasion whatever be concerned in purchasing or procuring Military Stores; the regulations of the Service placing them in their proper situations, of Officers of custody, check and controul in the department to which they belong. G. O. C. 11th Sept. 1808

The Commissaries, Deputy Commissaries or other Officers in charge of Magazines are to be furnished with a copy of the List of the Stores to be supplied by the (Commissariat) at the different Stations of the Army, by which their Indents are to be regulated, and they are positively enjoined not to indent for any articles not specified therein, except in cases

of different articles, and in the latter, the Board will be the Judge of the
the Infantry. The Board will be the Judge of the Infantry, and the Board will be the Judge of the Infantry.

REGULATIONS FOR THE PRESERVATION OF ARTICLES OF PACKAGE, CARRIAGE, &c. IN USE IN THE MAGAZINES.

Prohibiting the practice of cutting the hoops of Powder Barrels issued to the Troops. Representation having been made to the Commander in Chief, of a very reprehensible practice stated to have prevailed of cutting or clipping the copper hoops of Powder Barrels issued to Corps with service or Practice Ammunition, his Excellency enjoins the strictest attention, on the part of commanding and Staff Officers of Corps, to prevent the recurrence of any such practice in future. G. O. C. C. 9th Oct. 1809

Powder Barrels how to be included in the returns, and directions to be observed in dispatching them to Magazines. All Powder Barrels for fixed Musquetry Ammunition shall have copper hoops, which shall be entered on the Returns, and stamped with their weight; the several Magazines to which they belong to be charged with, and the Commissaries answerable for those hoops. All empty serviceable barrels, and all copper hoops, rivets, &c. which are not indispensably necessary for the service of the subordinate Magazines, are to be sent to the General Magazine at Fort William, annually, by return boats. Res. M. P. 22d Oct. 1775 and 6th August 1811

Empty barrels are not to be retained for the storage of cartridges, which are to be kept in boxes, made for the purpose, of mango plank properly seasoned.

Whenever it shall be found necessary for empty Powder Barrels to be broken up with detached Corps, for the purpose of being returned into Store, the Quarter-master or other Staff Officer under whose charge such Barrels may be, is carefully to pack the Staves, Heads and Hoops of each, in separate parcels, in order that they may be again set up with facility, by Officers in charge of Magazines; and all Commissaries or other Officers having opportunities of sending empty Barrels to the Arsenal at Fort William, or the Magazine at Allahabad, are, in like manner, enjoined to pack the component parts of Barrels in separate parcels, and on no account to dispatch them in the confused and mixed manner, which at present prevails, to the great inconvenience of the public service. G. O. P. C. 30th Mar. 1807

Whenever conveyance may offer for returning empty barrels into Store, without breaking them up, they are to be sent in that manner in preference to any other.

An annual return of all Powder Barrels &c. to be sent from Magazines to the Military Board. The Commissary of Stores and Officers in charge of Magazines are to transmit to the Military Board, on the 1st May, annually, a return of all Powder Barrels, Staves, Heads and Hoops remaining in Store on that day, and received and issued during the past year. Res. M. B. 22d May 1810

Gunnies not to be used for packing Powder Barrels. No Gunnies are to be used in future for package of Powder or Ammunition Barrels. Res. M. B. 3d Nov. 1779

Arm chests, &c. to be returned from Magazines to the Arsenal. It is to be considered as a standing Regulation that the Arm Chests which may be received at the Subordinate Magazines with Arms from the Presidency, be carefully preserved and returned to the Arsenal, by the first opportunity, reserving only such a small proportion of them, as may be occasionally necessary in the several Magazines. G. O. C. C. 24th Nov. 1797

Officers of Ordnance in charge of Magazines are required to be very particular in sending to the Arsenal, by returned boats, the following articles of package, viz. chests, wax-cloth, gunnies, oakum, &c. &c. Res. M. B. 26th July 1804

Wrappers for saddlery to be included in the Magazine Returns; and not to be issued to the Troops. Ordered, that the Commissary of Ordnance at Cawnpore be instructed to bring the whole of the wrappers in the Magazine on his future returns, and on the issue of any supply of saddlery, hereafter, to Corps, to dispatch it without wrappers. Res. M. B. 11th Dec. 1809

Res. M. B. 7th
August 1850

For short distances, as from Agra to Cawnpoor, it is wholly unnecessary to wrap up any articles in wax-cloth. The bulky articles should be well sewed in gunnies (merely for the purpose of preventing their being injured by chafing on the carts,) and the smaller ones properly packed in boxes.

The package of Gunter's scales, Gunner's quadrants, and instruments of that nature, in wax-cloth, is very exceptionable; they ought to be carefully packed in boxes, not jumbled with file cases, files, rasps and such articles.

The Stores to be prevented from injury from rain, by covering them (well stowed on the carts,) with pawlins, a much securer protection than common wax-cloth, and which will supercede the necessity of that expensive article.

The Cawnpoor pawlins to be relieved, half way at Mynpoory, by others from Agra. A common cart from Cawnpoor will bring the pawlins back.

Directions for the Package and transmission of Stores by land.

Res. M. B.
26th July 1858

Resolved, that it be considered a standing regulation of this Department, that whenever Commissaries, or other Officers of Ordnance in charge of Magazines, have occasion to dispatch, with Stores to Posts or Stations, tumbrils, ammunition carts, barrels with copper hoops, casks, arm chests, boxes, and, in general, any other articles of Stores not authorized to be issued by order of the Commander in Chief, by indents passed by the Military Board, or by order of the commanding Officer of the Station on Emergency, (but which are only lent out for a time and are to be returned to the Magazine) such Officers in charge of Magazines are not to strike the articles off their books, or take any notice of them in their returns of receipts and issues, but are to notice them on the back of their returns, monthly, quarterly or yearly, in the following manner:

Articles dispatched to Corps as Carriage, Package, &c. how to be included in the Magazine Returns.

Rope, gunnies, wax-cloth, twine, oakum, greas and tar, and all other petty stores used in packing, are to be issued off as usual.

G. O. C. C.
10th Aug. 1808

It having been represented to the Commander in Chief, by the Military Board, that a number of Camel ammunition boxes, with their appendages, have been issued from Magazines to different Corps dependant on them, which have not in a single instance been acknowledged in the returns of those Corps, the Commander in Chief directs all Officers in command of Battalions immediately to account for all articles of that description, already received by them, and to be careful in future to enter all receipts of camel or bullock ammunition boxes, slings, waxed pawlins, &c. in their quarterly returns.

Attaching responsibility to Staff Officers for the preservation of camel boxes, &c. issued to Corps.

With a view to secure a due attention to those necessary and expensive articles, the Commander in Chief hereby declares, that Staff Officers of Corps will, in future, be held accountable and personally responsible for them.

REGULATIONS FOR QUARTERLY RETURNS AND ANNUAL SURVEYS OF STORES, &c.

Res. M. B.
24th Oct. 1775

Quarterly Returns of all Ordnance, Military Stores, Arms, Accoutrements and Camp Equipage shall be made from every Magazine to the Military Board.

Quarterly returns of Arms, Accoutrements, Stores, &c. to be transmitted from all Magazines and Corps.

Commissaries, and all Ordnance Officers having charge of Magazines or Stores, shall make the like Quarterly Returns to the Officers commanding, and also to the Senior Officer of Artillery, whether on Detachment or at fixed Stations.

All the articles exhibited in the Quarterly Returns are to be arranged alphabetically and distinguished as serviceable, repairable, or unserviceable. (Vide Form No. 6.)

Res. M. B.
25th April 1809

Ordered, that the Officers in charge of the Magazines at Chunar, Danapoor and Benhampoor, be required to furnish Quarterly Returns to the Acting Commandant of Artillery, so long as that Officer may be employed in any situation away from the Presidency.

(Returns are also sent from all Magazines in the Field to the Officer commanding the Artillery in the Field.)

Quarterly Returns of Arms, Accoutrements, Camp Equipage, and all Military Stores, are to be transmitted by Commanding Officers of Regiments and Battalions of European and Native Artillery, Cavalry and Infantry, &c. and also by Officers commanding Companies of Artillery, directly to the Military Board, (See Form No. 6.)

Res. M. B. 11th
October 1784

(The Quarterly Returns are transmitted on the 1st of the months, May, August, November and February. For Regulations relative to the Regimental Quarterly Returns of Regiments of Native Infantry, vide page 227.)

Enjoining the
punctual trans-
mission of all
quarterly re-
turns.

The Military Board having represented to the Commander in Chief that owing to the delay which frequently arises in the receipt of the 3d Quarterly Returns of the Arms, Accoutrements, Camp Equipage, &c. in use with Corps, and in store in the Magazines, the preparation and transmission of the annual accounts of that department are greatly retarded, to the manifest inconvenience of the public service, His Excellency strictly enjoins all Officers commanding Corps and Detachments of the Army, and Officers in charge of Magazines, to be punctual in forwarding their Quarterly Returns at the prescribed periods, and to be particularly careful that those of the 3d Quarter of each Year, (viz. for the months of November, December and January,) shall be transmitted so as they may invariably reach the Office of the Secretary to the Military Board, on or before the 1st of March annually.

A Survey of all the Ordnance, Arms, Accoutrements, Camp Equipage and Military Stores in the Arsenal and Expence Magazine at Fort William, and at all subordinate Stations and Magazines (and in use with Corps and Detachments) shall be taken annually.

Res. M. B.
30th Apr. 1778

Officers commanding at the different Stations of the Army, where there are Magazines, will be pleased to assemble Committees, composed of three Officers, to take the Annual Surveys, at which the Commissary of Ordnance or Officer in charge of the Magazine is to attend, to give such information regarding the Stores as may be necessary. G. O. C. C. 1st Mar. 1810 In consequence of a representation from the Military Board, stating the almost total neglect, by Officers composing the late annual and other Committees of Survey, of the various Regulations heretofore published regarding the preparation of Reports, but more particularly the General Orders of the 18th June, 1806, the Commander in Chief enjoins the most strict and uniform attention to the existing Regulations on this head; and all commanding Officers are to consider it their particular duty, on no account to admit of the transmission of any Survey Reports whatever, which may be in any respect at variance with the forms prescribed.

G. O. V. P. 3th Dec. 1809 The Vice President in Council is pleased to direct, that in all future Surveys of unserviceable Stores, returned into the Magazines from Corps, Detachments, &c. the Committees do certify, at the foot of the Report, both the quantity and quality of the convertible component parts thereof, which may be brought to some useful account in the Magazine, and also that the whole of the articles, which shall be considered as unfit for any purpose of the Service, have been actually destroyed in their presence, specifying particularly the manner in which they have been destroyed.

All unserviceable Stores returned from Corps into the Magazines, or condemned at Out-Posts to be immediately destroyed with exception to such component parts as may be useful.

G. O. G. G. 14th July 1810 Bills having lately come under the notice of the Military Board, for boats and hackery hire for the conveyance of condemned Accoutrements and other small Stores from Out-Posts to the Arsenal and subordinate Magazines, wherein the value of the articles have borne no proportion to the expence to which the Public has been thereby subjected; Ordered, that in future such articles, having being previously condemned on regular Survey, be immediately broken up in presence of the Committee, and that only the component parts, convertible to use, be dispatched to the nearest Magazine, the commanding Officer availing himself of the first opportunity of sending them on return boats or cattle.

The Governor General in Council is also pleased to direct that all articles condemned on Survey at Out-Posts, or the component parts thereof which may not be considered convertible to any use in a Magazine, shall be immediately destroyed in the presence of the Committee, in the manner prescribed by General Orders of the 5th December last, with regard to Stores received from Corps into the Magazines.

PREPARATION OF THE ANNUAL RETURNS AND ACCOUNTS FOR THE HON^{BLE} THE COURT OF DIRECTORS.

Let. C. D. 14th Dec. 1791 **PARA. 9th.**—We desire that you will order the Military Board to send us annually, in duplicate, by the two first ships, a return of the Arms and Stores, &c. &c. in the Arsenal and Expence Magazine at the Presidency, and in all Stores at subordinate Stations, together with the number in charge of the different Corps serving under your Government, specifying "Serviceable" and "Repairable," to enable us to judge of what supplies may be required to complete our respective Establishments.—(For the Form of Return, including the established value of the Stores, *vide Form No. 8.*)

Annual returns of arms &c. to be sent to the Court of Directors exhibiting the total remaining of serviceable and repairable.

Res. M. B. 21st April 1791 Ordered, that the system laid down in the following Resolutions be immediately carried into effect, and entered in the Book of Standing Regulations for this Department.

First.—That as soon after the receipt of the Annual Survey Reports of the 30th April 1791, as may be possible, a General Return be made out, of all the Military Stores remaining on hand under the head "Serviceable" in the Arsenal, Magazines, and with Corps, and a similar General Return of all the articles reported "Repairable," so as to exhibit the whole of the articles of every denomination in Store, under the above different heads, agreeably to the form herewith annexed.

Second.—That, instead of the present mode of affixing a variable rate to Stores of the same description at different Stations, and calculating separately the value of the Stores on hand at each Magazine or Station, a medium Table of Rates be formed, to be applied generally to the serviceable Stores contained in the General Return, abovementioned, and to the repairable Stores in the other General Return, estimating the latter at two thirds of the former, so as to exhibit the estimated value of the whole by the application of the same rule at the end of each Official Year.

Third.—That the rule for the formation of the above medium Table of Rates be as follows :

The medium of the Europe Invoice Rates for a series of 6 years past, comprehending 3 years of peace and 3 years of war, to be applied to all articles upon the return which are usually sent out by the Company from England, and the contract prices to all articles which are supplied under any specific engagements.

The rates fixed by Minutes of Council, dated the 27th June, 1788, to be applied to such Stores as, by the above regulation, are permitted to be furnished by the Commissaries of Supplies (Commisariat) at the different Stations.

The rates fixed for Stores to be furnished by the Agent of Supplies at the Presidency (Commisariat) to be applied to all articles in the above General Return, which are not comprehended under either of the two foregoing descriptions.

Should any article of Stores be found upon the General Return, to which no rate is applicable by either of the above rules, the Secretary is directed either to annex the prices fixed by the book of rates of 1775, or to ascertain, as nearly as he can, the current value of such articles, and insert it accordingly with the sanction of the Board.

Fourth.—The Table of Rates so formed shall continue in use until the Supreme Board may think proper to order its being revised.

Fifth.—When the value of the Military Stores, on hand, on the 30th April, 1794, shall have been ascertained, as above directed, it shall be notified to the Military Auditor General in order to be brought on the Books of his Office, and hereafter, by communication from him, on those of the Military Paymaster General, to the debit of the head "Military Board."

Sixth.—Instead of the cost of all Stores furnished by the Agent, or by the Commissaries of Supplies (Commisariat) being entered after audit as heretofore on the disbursement of the Paymaster, the amount of these supplies likewise are to be charged on the Books of the Military Auditor General and Military Paymaster General, to the debit of the Military Board.

Seventh.—In order to give a complete view of the aggregate of Ordnance and Military Stores, on the Books of the Military Auditor General and Military Paymaster General, it is necessary that the cost of all Military and Ordnance Stores, sent out by the Company, should also appear : Resolved, therefore, to recommend to Government, to direct the Accountant General to furnish the Military Auditor General, from time to time, with Invoices of the Stores received either from Europe, or from the other Presidencies, and the receipts of the Commissary of Stores for the quantities received, and the amounts allowed on Audit, to be included in the Accountant General's accounts of advances to the Military Department, in order that the same may be likewise carried to the debit of the Military Board, on the Books of the Auditor General and Paymaster General.

Eighth.—Upon the same principle the Accountant General will be directed to furnish the Military Auditor General, from time to time, with accounts of all Stores, supplied to the Military Department, either from the Import Warehouse or by the Naval Store-keeper, with the receipts of the Officers to whom issued, which is, in like manner, to be included after Audit in the account of advances to the Military Department and brought to debit as abovementioned.

Ninth.—As by the above process the Military Board will have been charged with the whole expence both of the Military and Ordnance Stores on hand on the 30th April, 1794, as well as of those received into Store in the course of the year 1794-5, it is further directed that the estimated value of the Stores remaining on the 30th of April, 1795, shall, as soon as ascertained in the mode already prescribed, be deducted from the total amount standing to the debit of the Military Board, and the difference, which will shew the amount of the actual expence of Ordnance and Military Stores in the course of the Official Year, shall be transferred to the debit of Charges Military of the year 1794, and this process is to be observed annually.

AGENCIES FOR THE MANUFACTURE OF GUNPOWDER.

The Provision
of Gunpowder
is to be conducted
by Agencies.

The Vice President in Council having taken into his consideration the whole of the papers connected with the subject of the proposed change in the system for supplying Gunpowder for the service of this Presidency, considers it to be most advisable that this impor-

Dec. 18. 9

tant branch of the Public Service should be conducted, as heretofore, by Agents receiving fixed Salaries.

Proc. G. G. 21st Feb. 1801 The Governor General in Council has adopted the propositions of the Military Board for fixing the Salaries of the Agents for the Manufacture of Gunpowder.

Allowances
to be established
for the Agents
at Pultah and
Allahabad.

The Salary of the Agent for the Manufacture of Gunpowder at Pultah is accordingly fixed at Sixty Rupees 1,500 per month, without any commission.

The Salary of the Agent for the Manufacture of Gunpowder at the New Works in the vicinity of Allahabad is fixed at Sixty Rupees 1000, per month, exclusive of the pay, batta and other allowances of his rank.

Proc. V. P. 22d Dec. 1801 The Vice President in Council does not consider the late Regulations of Government, abolishing the practice of maintaining at the public expence Barracks and Bungalows for Military Officers at the Military Cantonments, to be applicable to the situation of Captain Taylor as Agent for the Manufacture of Gunpowder at Allahabad.

Proc. M. B. 22d Nov. 1801 Agreed to inform the Commanding Officer at Allahabad, that, on consideration of the reasons adduced by Captain Taylor, the Military Board deem it proper and necessary that Officer should be exempted from the duty of Surveys.

Proc. G. G. 13d Nov. 1801 The Agents for the Manufacture of Gunpowder are not to draw Tent allowance.

Proc. G. G. 22d Dec. 1801 The Governor General in Council has been pleased to appoint Mr. Brice, to be Assistant to the Agent for the Manufacture of Gunpowder at Pultah, with a salary of Sixty Rupees 500 per month, in the room of Captain Taylor.

And for the
Assistant to the
Agent at Pultah

The Governor General in Council, in fixing the salary of the Assistant to the Agent for the Manufacture of Gunpowder at Pultah, at Sixty Rupees 500 per month, included, in this sum, the same allowance for House Rent that was granted to Captain Taylor; consequently no further allowance can be granted on that account.

Proc. G. G. 12th Oct. 1801 The Governor General in Council considers the Assistant to the Agent for the Manufacture of Gunpowder at Pultah to be entitled to receive the full amount of the consolidated allowances of Sixty Rupees 500 per month, notwithstanding his being in receipt of pay, batta and gratuity, provided he draws the latter allowances for the actual performance of public duties in another capacity.

Proc. M. B. 15th Nov. 1801 The Agent for manufacturing Gunpowder are prohibited from making any for private sale.

No powder is
to be manufac-
tured by the A-
gents for pri-
vate sale

Proc. M. B. 14th Feb. 1802 The Agent for the Manufacture of Gunpowder at Allahabad is to transmit punctually to the Military Board Office, during the continuance of the Manufacture, a weekly Report of the quantity of composition rolled, stating the extent of the machinery from which each quantity has been produced, agreeably to the practice which obtains at Pultah.

Weekly reports
of the progress
of the Manufac-
ture to be trans-
mitted by the
Agents at Allah-
abad and Pultah.

Proc. M. B. 22d Nov. 1801 The Weekly Reports from the Manufactories of Gunpowder shall specify the kind of charcoal that may have been used in the composition.

Proc. M. B. 22d Nov. 1801 The Agent to insert, in his Weekly Reports, the quantity of manufactured Gunpowder remaining at the Works, distinguishing the quantity proved, from that which is unproved.

Proc. M. B. 27th Oct. 1801 The Board being of opinion that the principal improvement in the Manufacture of Gunpowder is to be expected from improved charcoal, the Agents are to char as much wood, according to Mr. Coleman's method, (in iron cylinders, and sailing of iron cylinders in cylindrical brick kilns) as their means will admit, according to the mode described in a memoir with which the Agents have been respectively furnished.

Directions to be
observed in the
preparation of
Charcoal

The charcoal to be used in the manufacture, both at Pultah and Allahabad, is, as far as may be practicable, to be made according to Mr. Coleman's method; and the powder made with it must be kept and proved separately, and the proof carefully noted in the Returns and on the Barrels.

And Gunpowder.

Only two kinds of powder, viz. one fine for the musquetry, and the other answering to that formerly called medium for the Ordnance, are to be manufactured in future: both descriptions of Powder to be distinguished, as hereafter directed.

The Powder is also to be marked, C. for Cylindrical Powder, and P. for Pit Powder, with the addition of the distinctive letters A or B, according as the Powder shall have been made at Allahabad, or in Bengal; and of M and O, according to its quality, thus:

A. C. M. for Allahabad Cylindrical Musquetry.—B. P. O. for Bengal Pit Ordnance.

Agreed to inform the Agent for the Manufacture of Gunpowder at Pultah, that the Military Board leave to his discretion the proportioning the ingredients, and rely on his exertions for producing such Musquetry and Ordnance Powder, as shall be unexceptionable in every respect. Res. M. B. 10th Feb. 1804

No Powder is ever to be remade or repaired, but on order from the Military Board; and in all such cases, a separate account of the expence is to be laid before the Board by the Agents. Res. M. B. 7th Oct. approved by Govt. Gen. 27th Oct. 1803

When Powder Barrels are required how to be procured.

Whenever Powder Barrels are required they will be obtained on application to the Military Board. The Agent at Pultah indenting on the Arsenal at Fort William, for such as may be wanted for the Manufacture under his charge; and the Agent at Allahabad on the Magazine there, for such as may be required at the Works in the vicinity of that Fortrefs; and in case there should not be a sufficient number in Store, then the Agent will make up such a number of new Barrels as he may require.

No new Powder Barrels are to be furnished while there may be hoops, heads or staves in Store sufficient to make Barrels for the demands of the Service.

The Manufacture to continue throughout the year.

The Manufacture will continue throughout the year without any formal interruption; the Agents of course carrying on, during the Rains, such parts of the Manufacture only as may on trial appear for the public benefit.

When the Powder is manufactured, it is to be delivered to the proving Officer.

After the Powder is manufactured it shall be delivered over by the Agent to the Proving Officer, who will be responsible that it is kept one month before it is proved.

For this purpose the Proving Officer will have one Magazine for his use, and the Agent another for his use.

Directions for the appointment of the Officers for the duties of proving powder; & Regulations for their observance and for the provision of the mortar, shells, scales, &c. required for proof.

An Artillery Officer is to be appointed by the Commanding Officer of Artillery at the Presidency, under the orders of the Commanding Officer there; and by the Commanding Officer of Artillery at Allahabad, under the orders of the Commanding Officer of that Garrison, who shall make proof of all Powder before it is received into the Arsenal at Fort William, or the Magazine at Allahabad; and submit the reports to the Military Board, through the Commanding Officer of Artillery.

On each relief, the Officer selected for the duty at the Powder Works is to be ordered to make himself perfectly acquainted with the subsisting Regulations for the Proof of Powder, previously to entering upon the duties required of him. Res. M. B. 80th December 1808

On every future Report of the Proof of Powder the Officer is to state, exactly, the period of its having been under his charge, previous to that process, and it is particularly expected that he will pay implicit attention to the Regulations on this subject.

The above is to be considered a standing Regulation in future, for the observance of the Officers appointed to the duty of proving Gunpowder, both at Pultah and Allahabad.

Two 3-ounce avoirdupois weights are to be made and accurately adjusted in the Arsenal and sent for the inspection and mark of the Military Board. Res. M. B. 6th Nov. 1800

One of these to be lodged in the Arsenal as a standard weight, and the other, together with an accurate pair of scales, deposited with the Brigade Major of Artillery, to be delivered at the commencement of every Proving Season to the Officer of Artillery, first ordered up to the Powder Works on the proof duty, which scales and weights are to be used by the Officer in weighing the proof ounces of Powder, (whose duty it is to be considered to weigh the Powder himself) and so be regularly delivered over to the relieving Officer at each Relief; and at the close of the season to be annually re-lodged with the Brigade Major, until the next season shall commence.

Res. B. M. 19th Feb. 1801 The Agent for the Manufacture of Gunpowder to send a Cooper and Painter, whenever an Officer is detached on the Proof Duties, on application from the Officer.

Res. M. B. 21st March 1809 The Reports of Proof at Allahabad are to be hereafter made out in duplicate, one of which is to be delivered by the Commanding Officer of Artillery to the Agent, the other to the Commissary of Ordnance at the time when the Powder may be sent to the Fort from the works.

Res. M. B. 31st July 1809 The attention of the Commissary at Allahabad is particularly enjoined to a careful examination of the Mortar and Shells, to be issued to the Agent for Gunpowder, for the purpose of Proof, seeing that those Articles are strictly conformable to what are required by the Regulations of the Service, for establishing the sufficiency and good quality of the Gunpowder manufactured at the Works.

REGULATIONS FOR THE PROOF OF GUNPOWDER, AND ITS DELIVERY AND RECEIPT INTO THE ARSENAL AT FORT WILLIAM AND MAGAZINE AT ALLAHABAD.

Res. M. B. 7th April 1803 That each barrel of powder be proved, as at present, with an eight-inch iron or brass mortar, shell 7 inches 75 tenths, weight of shell 50 lbs, elevation 45 degrees, weight of powder 3 ounces, proof picket 63 yards. Directions for the proof of Gunpowder

That tin boxes large enough to hold 4 ounces, and sufficiently narrow to go with ease into the chamber, be used for holding the proof quantities, instead of paper.

The following instructions are to be carefully attended to by the proving Officer.

The time for proving the powder should be between sunrise, and 10 o'clock in the morning, and between 3 in the afternoon, and sunset. The proof should never be made when it is foggy, or the air very damp: if the morning is foggy it should be put off till at least half an hour after it clears up; and if it continues till 9 o'clock, it should be deferred till the afternoon.

The barrels should be numbered with chalk, and arranged according to their numbers: similar numbers are to be marked on the tin boxes, which receive the proof quantities; these boxes are to be placed in regular order on a table, and when every thing is ready, the Officer shall first carefully examine each barrel, to see that the powder is of a good colour, and a regular and firm grain, according to its quality. He is next to try if it is free of dust, by stirring half the powder into another barrel, and taking an handful from the middle, which he is to pour on a white piece of paper, held obliquely so as to admit of its running slowly and regularly off, and if it leaves but little or no dust, then the prescribed quantity of three ounces is to be carefully weighed, (also from the centre of the barrel) and put into the tin box, numbered the same as the barrel, after which the powder stirred is to be returned to the barrel, and the same process to be followed with the rest. Previous to weighing, care must be taken that the scales and weights are exact, and in good order, and that they are not affected by a draft of air. When all the quantities to be proved are weighed, the tin boxes should be put carefully into the barrel or box, used for the purpose of conveying them the next day to the battery for proof. In placing them in the barrel or box, the highest number should be put in first, so that the number next to that with which the Officer discontinued his former day's proof will be uppermost, and the first to be proved; and any vacancies between the boxes are to be filled up with oakum, to prevent their being shook. If the powder should be dusty, and the grains so soft as to break with a small pressure between the thumb and finger, it should be retained for the orders of the Board without being proved.

In making the proof, the Officer is first to examine that the mortar bed is level, and the mortar at the exact elevation of 45°; that it is dry and clean, and the vent clear, and that the shells are of the prescribed weight of 50 lbs. and exactly of the same diameter. He is very accurately to take the diameter of the shells, and calibre of the mortar, and insert the same in the heading of his report: every thing being found correct, he is then to pour the proof quantity from the tin box, (beginning as already directed, with the lowest number) into the chamber, and as close to the bottom as possible; but it is not to be set up with the hand, or to be touched after it is thus poured in, great care being taken that no grains remain in the box or are spilt in loading the mortar. The shell is then to be placed perfectly even in the mortar, and finally a piece of quick-match of 5 inches long

to be introduced into the vent; it must go in with ease, and is on no account to be forced; if it is too thick it is to be thrown away, and another piece used; the Mortar is then to be fired, and if it ranges to the Proof distance of 63 yards, or over, the Powder is to be considered as Serviceable. If it fall short of 63 yards, it is to be considered as unfit.

out after every fifty

minutes or a 1/4 of an hour to cool.

Quick-match is to be invariably used in all Proofs of Powder.

If any considerable quantity, out of any Batch should be found under proof, the Officer will immediately report the circumstance to the Commanding Officer of Artillery, and to the Secretary of the Military Board.

The Powder proved as above directed (and each Barrel weighing 100 lbs avoirdupois) is to be marked on the head of each Barrel with white Paint in the following manner, and according to the nature of it, thus:

B. O. P. BENGAL ORDNANCE PIT,
OR

A. M. C. ALLAHABAD MUSQUETRY CYLINDER

with the day of the month and year when proved and the proof distance; and as the Officer who attends the proof and weighing the Powder must be answerable that both were duly executed in his presence, he shall sign his name on a piece of Paper pasted on the head of each Barrel. When the proof and weighing is over, such Powder as has stood proof is to be sent immediately from the Works at Pultah to Fort William, or to the Magazines at Pultah and Duckenfore, as may be ordered; and from the Works near Allahabad to the Magazine there; and delivered to the Commissary of Stores at Fort William, or Conductors of Ordnance at the two former Magazines, and to the Commissary of Ordnance at Allahabad, who will lodge it in their respective Magazines.

Two Reports are to be presented by the Proving Officer at Allahabad and Pultah, respectively, one for transmission to the Military Board through the Commandant of Artillery, and one for the Commissary of Stores at the Presidency, or the Commissary of Ordnance at Allahabad.

The following is the form of a Report of the Proof of Powder.

All Reports of the Proof of Gunpowder, made at Pultah and Allahabad, are to express in the fullest manner the external appearances of the Powder and the conclusions the Proving Officers draw from those appearances.

The Artillery Officer on duty at the Powder Works, either at Pultah or Allahabad, shall carefully inspect all Barrels containing Powder which shall have been received as Proof, before they are dispatched to the Arsenal or Magazines at Duckenfore or at Pultah and Allahabad, and he shall be held responsible, if any barrels with Powder be sent to the Arsenal or to any of the beforementioned Magazines that are not perfectly tight.

When Powder is dispatched for the Powder Works at Pultah to the Arsenal, or Duckenfore, and from the Powder Works near Allahabad to the Magazine there, a copy of the Proof Report is to be sent down with it by the Artillery Officer on that duty, at either of those places; so the Commissary of Stores, at Fort William, and to the Commissary of Ordnance at Allahabad; at the same time the other Proof Reports are to be forwarded to the respective Officers and Departments before named.

Regulation for the dispatch and receipt of Powder into the Arsenal and Magazine.

(By Refn. M. B. 21st March, 1809, no new Gunpowder, manufactured at the Allahabad Works, is on any account to be received into the Magazine there without being accompanied with the Proof Reports.)

The Commissary of Stores or his Deputy at the Presidency, and the Commissary of Ordnance or his Deputy at Allahabad, as well as the Conductors in charge of the Magazines of Pultah and Duckenfore, shall attend at the landing of every supply of Powder, and carefully examine the Barrels at the landing place before they are admitted into either of the Garrisons of Fort William or Allahabad; and such as are not perfectly tight shall not be admitted into those Garrisons or Magazines, but returned to the Agents to be properly coopered.

The barrels of Powder, received upon proof into the Arsenal of Fort William or Magazine of Allahabad, shall be marked numerically with white paint from No. 1 upwards from the beginning to the end of each official year, and with the exact proof given.

The Commissary of Ordnance at Allahabad shall furnish the Military Board monthly with a Report of Powder received and issued by him during the month, and of the Balance remaining, agreeable to the annexed form, as is now done by the Commissary of Stores at the Presidency.

(By Refn. M. B. 16th January, 1801, the Commissary of Stores is directed to distinguish the quantity of Powder in the Duckenfore and Pultah Magazines and in the Arsenal at Fort William.)

Proc. V. P. 21st
Jan. 1802.

The Vice President in Council authorizes the flooring of the two Gunpowder Magazines at the Powder Works at Pultah, in the manner proposed by the Board, viz.

The interior of each room to be excavated to the depth of the foundation walls; a floor of brick to be laid, upon which Jumma bricks are to be filled in, and well beat down and levelled; then to be covered with another floor of brick-work one foot thick, which will effectually prevent the damp from rising, and keep the boarded floor perfectly dry.

Directions to be observed in flooring Magazines for the reception of Gunpowder.

Proc. V. P. 19th
Sep. 1809.

The Military Board are authorized to purchase, on account of Government, the House and Offices at Pultah, late the Property of Mr. Brice, which is to be assigned to the future reception and accommodation of the Members of the Military Board, whenever they may find it their duty to visit the Powder Works there. The Agent for the Manufacture at Pultah is authorized to entertain a Durwan to take care of the house, whose salary is to be charged in his monthly accounts.

The number and description of people, (whether Europeans or Natives) to be entertained by the Agents monthly, in addition to the above, will of course depend on the quantity of Powder to be manufactured, the degree of expedition with which it may be required for the public Service, and other circumstances, of which they alone, in the first instance, will be the judges. They are to be detailed in their Monthly Bills under the head, "Extra People;" and as the discretionary authority now vested in the Agents affords the fullest proof of the confidence reposed in them, the Board trust that the moderation of their monthly charges for Extra People (of which their report of work done during the month will always enable the Board to form an accurate judgment,) will evince that this confidence has not been misplaced.

(N. B. For the Regulations granting Pensions to the Relatives of Persons killed by explosion at the Gunpowder Manufactories, *vide* Chapter XIV.)

All Officers of Govt. at the Presidency to comply with Indents from the Agent at Pultah, shall be wanted for the Manufacture of Gunpowder, shall comply, immediately, with all the Agent's Indents that have been previously passed by the Military Board, or assign a reason in the event of non-compliance. Res. M. B. 30th Aug. 1790.

Regulations for the supply of Saltpetre and Sulphur to the Gunpowder Agencies, The Agent is always to use, in the Manufacture of Gunpowder, Saltpetre of the Province of the Doab, when it can be procured, but the want of it is on no account to impede the Manufacture. Res. M. B. 8th Nov. 1790.

The necessary orders are to be issued to the Board of Trade for the quantity of Saltpetre, to the extent specified by the Military Board, being furnished to the Agents for the provision of Gunpowder at Allahabad and Pultah, to enable them to manufacture the annual supply of Gunpowder at their respective Agencies. Proc. V. P. 14th Oct. 1809.

The Vice President in Council authorizes the Agent for the Manufacture of Gunpowder at Pultah to purchase Bazar maunds 400 of Sulphur, agreeable to a sample stated to have been furnished for the inspection of the Military Board, at an expence not exceeding the sum of Sicca Rupees six per maund. Proc. V. P. 7th Nov. 1809.

An application will be made to the Government of Bombay, for an annual supply of rough or unrefined Sulphur equal to 3,000 Calcutta maunds, or of 1,500 maunds of that article purified, as may be found most convenient or economical.

(For Regulations directing the supply of refined Sulphur and Saltpetre from the Gunpowder Manufactories for Fuze Composition required in the Magazines, *vide* page 447.)

Proc. G. G. 1st
Sept. 1808

The Governor General in Council approves of the rules proposed by the Military Board for keeping and adjusting the accounts of the Agents for the Manufacture of Gunpowder as follows.

The Agents shall, in all practicable cases, obtain from the Honourable Company's Storehouse every article that may be required for the Manufacture, provided the quality and price of such materials shall appear to the Board to be unobjectionable.

Export Warehouse Keeper,
 Import Warehouse Keeper,
 Marine Store Keeper,
 Secretary Military Board,
 Commissary of Ordnance at Allahabad,

After the Agent at Pultah shall have drawn out his Indent, under the form above prescribed, his first step will be to present it to the Export, Import, or Marine Warehouse Keeper, who will insert in the transverse column, allotted for that purpose, the rates of the article or articles applied for, and the Agent will thereafter transmit it to the Military Board Office. With respect to the Indents on the Arsenal by the Agent at Pultah, and with respect to the Indents on the Magazine at Allahabad, by the Agent there, they may be sent direct to the Secretary of the Military Board, who will insert the rates previous to submitting the Indents.

With respect to the Indents of the Agent at Paltah the Secretary will then fill up the 6th and 7th columns, and when the Indents shall have been passed by the Board, add the

usual certificate, and return the Indent to the Agent, who will present it to the Military Paymaster General, to whom he will grant receipts and receive drafts for the materials specified in the Indent, at the rates therein stated, for the whole amount of which he will, in the first instance, be debited on the Books of the Military Paymaster General. In the event of short delivery of the whole, or any part, of the articles of Stores included in the Paymaster General's draft, the Agent is to report, within one month, the amount thereof to the Military Board, in order that the necessary steps may be pursued for bringing the amount of the short deliveries to the Agent's credit.

With respect to the Indents of the Agent at Allahabad, he will, when they shall have been returned to him by the Secretary of the Military Board, in the manner above described, present them to the Commissary of Ordnance at Allahabad, who will issue the articles mentioned therein in whole or in part, according to the state of the stores. Upon receipt of the Commissary's return for the month in which the issues shall have been made, the Secretary of the Military Board is to inform the Military Paymaster General of the particulars of the Stores furnished from the Magazine to the Agent at Allahabad upon Indents, specifying the number and date, in order that the Agent may be debited for the same on the Military Books.

The Military Paymaster General will, in pursuance of this rule, have to charge in future the Agents for the Manufacture of Gunpowder with the amount of their respective supplies in Stores, and the Agents will charge the same amount in their monthly accounts of Stores when expended; but the check on the expenditure will, of course, remain, as at present, with the Military Board.

Conformably to the Orders of his Excellency the Most Noble the Governor General in Council, under date the 24th Feb. and 17th March last, the Military Paymaster General will in future keep the accounts of the Agents for the Manufacture of Gunpowder under two distinct heads:—the first, An Account Current of Cash received, and disbursed; the second, An Account Current wherein the Agents will be debited for the Stores issued to them from the Honorable Company's Stores, at the Company's rates, and they will be credited for the Stores at the same rates after the accounts of the expenditure of them shall have been approved and passed; but the Balances of cash, which may become due to the Agents from time to time, are always to be discharged without regard to the balance of Stores, which is meant to shew the value of Stores for which the Agents are responsible to the Company.

Residuum Saltpetre sold and remaining in Store to be reported monthly to the Military Board.

The Agents shall sell, under the orders of the Board, all the residuum Saltpetre, which, after refinement, shall be rendered unfit for the purpose of the Manufactory; the quantity of residuum Saltpetre in Store, and the quantity sold, is to be reported monthly to the Military Board, who will send the necessary information to the Paymaster General to enable him to debit the Agents in their respective cash accounts for the amount of the sales.

Advances of cash to Agents, how to be made,

The Agents will receive advances of cash on application to Government through the Military Board: their applications for advances must always be accompanied by a statement of the Balance of cash remaining in their hands, or due by Government to them, as the case may be; they are also to furnish to the Military Board Monthly Accounts Current of Cash received and expended, according to the following form.

A monthly account of the Stores received and issued by the Agents shall be kept by them, alphabetically arranged, agreeably to the Form No. 10. This account, attested in the manner specified in the Form, must be transmitted to the Secretary of the Military Board, at the same time as their respective accounts of the Cash Disbursements, in order that, if approved, the amount of the Expenditure may be written off to their Credit. The Agents are, however, to understand, that their accounts of Expenditure of Materials will be liable to review and strict scrutiny afterwards, upon an annual comparison of the quantity of Powder manufactured with the materials received and expended; and, to enable the Board to make this comparison, the Secretary will, as soon as possible after the 1st of May in each year, lay before them a Statement of the number of Barrels of Powder manufactured, and of the materials received and expended during the preceding official year.

The accounts of the Agencies for the Manufacture of Gunpowder will be closed in future on the 30th of April for the preceding official year, at which time the Agents are to prepare their annual statement of the expence of the Manufactory, and of the quantity of Gunpowder made, repaired, received, and rejected, according to Form No. 11. Being themselves responsible for the accuracy and fidelity of all accounts rendered by them to the Board, they must transmit them, made out in the prescribed forms, direct to the Secretary, who is positively enjoined to return to the Agents all accounts received from them that are not made out according to the forms, and orders, prescribed in the foregoing Regulations.

AGENCY FOR THE MANUFACTURE OF GUN CARRIAGES AND POWDER BARRELS.

Provision for
the supply of
Gun Carriages
and Powder
Barrels by
Agency.

The Governor General in Council having had under his consideration the Proceedings of the Military Board, on the subject of the Gun Carriage Agency, his Lordship in Council has been pleased to determine, that Mortar Beds, Gun Carriages, Ammunition Tumbrils and Carts, and other Carriages, for Military purposes for the Service of this Presidency, shall be provided by an Agent with a fixed personal salary.

Proc. G. G.
30th Oct. 1808

The Agent is to be subject to the controul and direction of the Military Board.

His Lordship in Council has also resolved, that the Barrels required for the purpose of packing the Gunpowder in, shall be supplied by the Agent during the continuance of the Agency.

Allowances and
Establishments,
&c. of the
Agency.

The Governor General in Council has been pleased to fix the salary of the Agent for the supply of Gun Carriages and Gunpowder Barrels at Sicca Rupees 1200 per mensem; exclusive of the pay, gratuity, half batta and house rent, (if not provided with quarters) of his Regimental Rank.

The Agent for the Manufacture of Gun Carriages is not to draw tent allowances.

G. O. G. G.
23d Sept. 1808

Agreed, under the authority from Government to that effect, conveyed in the Military Secretary's Letter of the 8th instant, to desire the Agent for Gun Carriages to charge his actual expences for writers and stationery in his monthly accounts, subject, in common with his other disbursements, to be verified in the manner heretofore prescribed.

Res. M. B.
15th May 1810

The salary of the Agent for Gun Carriages is not to be included in the advance necessary for the establishment, but is to be paid at the same time as the salaries of other Officers at the Presidency

Proc. G. G.
18th Oct. 1804

The Agent for Gun Carriages is to send his bills for salary to the Paymaster of Artillery and Garrisons, instead of transmitting them to the Military Auditor General.

Regn. approv-
ed by G. G.
18th Dec. 1800

All iron or copper required for the Agency is to be drawn from the Company's Stores, on indents, previously passed by the Military Board; but in the event of its not being procurable from thence, it is to be purchased in town by the Agent, under the previous sanction of the Governor General in Council, obtained through the Military Board.

Directions for
the supply of
Iron, Copper,
Tools, &c. for
the Agency.

Whatever tools or other articles shall also be required for the Agency, they shall be drawn in a similar manner from the Company's Stores.

Res. M. B. 2d
Jan. 1810

In the event of the Agent for Gun Carriages being furnished from the Import Warehouse at any future period with sea-coal of a quality inferior to what may be required by him, and procureable therefrom, he will report the circumstance immediately to the Military Board, in order that measures may be taken for obtaining the supply, if practicable, of the quality required.

Regn. approv-
ed by G. G.
18th Dec. 1800

The Timber shall be surveyed by a Committee of Members of the Military Board, who will be assisted by such persons as they may find competent to judge of the qualities of the timber, at which surveys such pieces of timber as may appear unfit to be applied to the construction of Gun Carriages shall be laid aside for Powder Barrels, and such as may be unfit for either purpose shall be rejected altogether, and sold or otherwise disposed of, as the Military Board may direct.

Timber for
Gun Carriages
and Powder
Barrels how to
be surveyed.

The approved timbers, both for Ordnance Carriages and Powder Barrels, to be marked and numbered progressively, in the presence of the Committee, according to the purposes to which they are to be applied, and a return of the number, length and scantling of each piece to be sent to the Military Board Office, where the reports are to be bound up and preserved.

Proc. G. G.
30th Jan. 1809

The Governor General in Council is pleased to authorize a store of seasoned timber, being always maintained at the Agency Yard at Cossipoor, consisting of the quantity and description of wood stated to be required for the occasional demands of the public service, viz.

A store of sea-
soned Timber
to be maintain-
ed at the Agen-
cy.

Sissoo trees, 1 ft size,	30
Saul " "	5
Soondry, 15 to 20 feet in length, 3 to 4½ feet in circumference,	20

These are to be returned in the Agent's Reports to the Military Board, and never to be appropriated to any use without the sanction and orders of the Board.

Proc. V. P. 23d
July 1811

The future Provision and Supply of the various articles of half-wrought materials required for the use of the Gun Carriage Agency, is to be transferred to the Committee, subject (for the present) to the prevailing Rules with respect to previous examination and survey, (as sanctioned by Government on the 2d May, 1808) viz.

Rules observed
for the supply
and receipt
of half-wrought
Materials for
the Manufacture
of Gun Carriage.

The several articles to be supplied on Indents passed by the Military Board, and to be delivered at the Gun Carriage Agency Yard at Cossipoor.

As soon as they shall be collected on the spot allotted for their reception, it will be the special duty of the Agent, assisted by his Artificers, to examine minutely every article, and to separate such as may appear to him defective in any respect. (In the performance of this duty the Agent will be considered by Government particularly called upon to protest against all Articles which shall not appear to him to have been constructed from well-seasoned Timber; as he will be held responsible for any, admitted with his consent, which may afterwards be found unfit for the purposes for which they were intended, from defects that might have been observable at the time of delivery.)

The result of the examination is to be reported by the Agent to the Military Board, when a Committee of that Board will proceed to survey the materials, at which survey the Agent will be expected to offer objections, arising from his previous and more particular inspection, to any part of the supply, either with respect to their quality or non-conformity with prescribed musters; and he shall sign a declaration on the report, previous to its being signed by the Committee of the Board, of his opinion of the materials therein detailed.

The Proportion of half-wrought materials allotted for the Agency to be kept complete.

Ordered, that the Agent for Gun Carriages be informed, that an ample stock of materials, to be reserved in Store for all future demands, of the Public Service being laid down as a proportion for the Agency Yard, the Board consider it to be his special duty to keep up that proportion by Indents on the (Commisariat) from time to time, to replace all issues, whether for the service of the Field Stations, or for the purpose of being put together at the Yard.

Res. M. B. 18th Oct. 1808

Proportion of half-wrought materials to be reserved for the construction of Ammunition Waggon;

Agreed to authorize the Agent for Gun Carriages to lay up in the Depot, and to preserve at all times as complete as possible, a supply of half-wrought materials equal to the construction of a double set of the new Pattern Ammunition Waggon, for Horse Artillery and Cavalry,—viz for 92 Waggon.

Res. M. B. 16th Oct. 1810

And for Carts of the different descriptions.

Resolved, that the Agent for Gun Carriages be directed to construct the 121 carts and 726 casks, composing the first Equipment of carts and casks for the conveyance of Liquor for the European Troops, as authorized by the Vice President in Council on the 5th September last.

Res. M. B. 27th March 1810

Agreed, that the proportion of materials in the half-wrought state for the several descriptions of carts to be maintained in Store at the Gun Carriage Agency Yard be fixed as follows:

Res. M. B. 27th August 1814

For Carts Artificers'	----	----	----	----	----	30

Sissoo of considerable width being difficult of procurance,—Ordered, that the Agent be authorized to receive from the Commisariat, and work up in the bottoms and sides of carts, planks of lesser breadth, which, if fully seasoned and well put together, will not be less strong or durable than broad planks.

Monthly accounts of Balances of half-wrought materials due on indent to be transmitted to the Military Board.

Resolved, that the Agent for Gun Carriages be informed, that the accuracy of the monthly statements of the balances of half-wrought materials, due from the (Commisariat) is of the greatest importance: countermanded supplies, or any for which musters have not been prepared, should of course be excluded. The Statements are in future to be transmitted as early as possible after the conclusion of each month.

Res. M. B. 27th March 1810

Materials, of which balances are due, not to be admitted for

The Agent for Gun Carriages is directed not to indent for half-wrought materials of the same descriptions of which balances are due.

Res. M. B. 20th Sept. 1809

Timber for Gun Carriages to be seasoned previous to being worked up.

The Timber required for each year's supply for Carriages, and Mortar Beds, shall be blocked out and laid to season twelve months before it is worked up.

Regt. approved by G. G. 28th Dec. 1800

As soon as the different parts of the wood work, Soondry excepted, are also blocked out, they shall be lodged in Store Rooms, appropriated for the purpose, adjoining to the work-shops, one key of which Store Rooms shall be deposited with the Commandant of Artillery, and the other with the Agent.

All the parts of Soondry wood shall be placed in convenient situations over the forge to season.

Proc. G. C., ed
May 1805

The Governor General in Council approves of the instructions, given to the Agent for the Manufacture of Ordnance Carriages, to allot in separate piles the materials to be blocked out in each month, so as to enable him at any time to point out the periods when they were formed.

Materials received in each month to be separately piled.

Res. M B 16th
August 1858

The Agent for Gun Carriages is directed always to lay aside, for the express purpose of Soondry Wood making Fuzes for shells, such pieces of Soondry wood as cannot be brought into use in the Agency Yard, but which will answer for that purpose.

to be reserved
for Fuzes.

Re: M B 18th
Oguber 1808

Agreed to authorize the Agent for Gun Carriages to strike off the unserviceable half- wrought materials from his Books, and to receive them, as fire wood, by weight.

Circumstances under which unserviceable

REC. M. B. 8th January 1813

The Agent for Gun Carriages is not at liberty to destroy any articles of unserviceable half-wrought materials, or even to turn them over to fire wood, without express authority.

Regns. approved by G. G. 28th Dec. 1899. The Carriages are to be made in every respect equal and similar to such masters as shall be from time to time approved by the Military Board.

The checks of every description of Carriages shall be made of one piece of Timber, except in such cases as the Board shall think fit to direct otherwise.

Proc. G. C. 3d June 1808 The Governor General in Council authorizes and directs that in future all Garrison Carriages shall be made up with joined checks of two pieces.

His Excellency also authorizes the use of Sissoo wood in the construction of all Garrison Carriages.

Regms approved by G. G. 18th Dec. 1890 **The Felloes and Naves of Wheels and Axletree Beds should be made of Sissoo; the Spokes of Teak or Sissoo.**

Proc. G. C. 11th Oct. 1864 The Governor General in Council approves the orders given by the Military Board to the Acting Agent for Gun Carriages, to use seasoned Soondry in the construction of the Spokes of Gun Carriage Wheels, and, when that wood cannot be procured sufficiently seasoned, to use Sissoo Timber for that purpose, in place of Teak as heretofore.

Reqs. approved by G. C. 18th Dec. 1800 The clamps of the Tumbrill Bodies and Limber Boxes to be fixed with screws or rivets, instead of nails.

Proc. G. G. 26th Feb. 1897 The Governor General in Council approves the proposition of the Military Board for lining all Ammunition Tumbrills in future with thin copper, and authorizes the Military Board to prepare an Indent on Europe accordingly, for the future Service of the Ordnance Carriage Manufactory.

Res M.B. 28th
October 1775

Fxt. Let. Adj. The Commander in Chief has directed me to express his desire that the following re-
 Genl 18th
 March 1865 marks on the construction of Gun Carriages be implicitly complied with.

ON THE WHEEL.

The Wheels of the 74 and 18 Pounder Carriages to be 5 feet in diameter, and those of their respective Limbers 4½ feet.

The five feet Wheels being too high for the Battery are intended only for the more easy travelling; when the Guns are to be drawn into the Battery, these Wheels are to be taken off, and the Libber Wheels of 4 feet put on in their room.

The Limb Wheels must therefore be made of equal strength with the Carriage Wheels; that is, they must have the same thickness of Felloes and Spokes and the same length and diameter of Nave. The Nave Hole must also be of precisely the same dimensions, in order to receive the Axletree Arm of the Gun Carriage.

ADDITIONAL REMARKS ON THE WHEELS.

The iron Streaks are to be in six pieces, each of the breadth of the Felly : they are to be held to the Felly by 24 Streak nails, or 4 for each Streak, whose heads are to be counter-sunk. These nails or bolts are to pass through the Fellies and to be rivetted over a plate firm of an inch square and $\frac{1}{4}$ of an inch thick ; this plate is by no means to be let into the wood, as is commonly done, but to stand upon it, having the edges a little levelled off. The Streak nails or bolts are to be at equal distances from each other, or nearly so, to do which the streak must not have a hole bored at each end near the edge, as is usually done, and then the intermediate space divided into equal parts for the nails ; for, by doing so, when the streaks come to be put on, and two ends of them are placed together on the Felly, two nails or bolts will also come together, two holes must be made close together, and the Felly be much weakened on that part.

Every streak nail should be equi-distant as much as possible, care being taken however not to bring any bolt over a mortise or tenon.

The surest way is to have the wheel ready for putting on the streaks, and then to mark on its Fellies, with chalk, the spot where the nails or bolts are to be inserted. The streaks may then be put to, and the place for the nails marked in the same manner.

The dimensions of the Spokes, Fellies and Naves should be as follows :

Fellies—thick $4\frac{1}{2}$ inches, broad 6 inches.

Spokes,—thick $2\frac{1}{2}$ inches, broad $4\frac{1}{2}$ inches.

Nave,—long 15 inches,—diameter at the shoulder end 13 inches,—at the middle 16 inches,—at the lynch end 12 inches.

ON THE AXLETREE.

The iron Axletree of the Carriage and its Limber to be made exactly alike, and of the very same dimensions.

That belonging to the Limber should be previously fitted to the Carriage, and not inserted into the bed or bolster of the Limber, until it has been so done. The shoulders on the body of the iron Axletree can be easily let into the wood of the bed or bolster.

The lower part of the iron Axletree to be a continued straight line, that is, the arms are not to be bent downwards.

The body of the Axletree to be of the same dimensions all along, and not made thinner in the middle than at the shoulders.

By making the iron Axletree of the Limber to serve the Carriage on occasion, a spare Axletree will be always at hand, and little or no impediment will arise to the service, should a Carriage Axletree break in the battery ; and the broken Axletree, which takes much time to repair, may be done at leisure.

The iron Axletree of the Carriage is to be let in flush into the cheeks, the Axletree band will then be only a flat piece of iron, coming immediately under the Axletree, through which band the holding bolts pass ; no wooden bed is then required. (Although it is said that the iron Axletree is to be let in flush, it must be observed that it ought not to be quite so, but the Axletree must project the lower part of the cheeks about $\frac{1}{2}$ a tenth of an inch, in order to allow the holding bolts and band to feel and grip strongly the Axletree, and hold it tight to the cheeks ; an iron stay fixed to each washer, at the shoulder end of the Axletree Arms, extends to the Bolt Plates of the center Transom, and is fixed to them ; the Bolt Plate is part of the Stay, serving a double purpose)

(By directions from the Military Board under date 16th July, 1811, the attention of the Agent is particularly directed to preparing the Axletree Bands of the very best iron.)

ON THE CHEEKS.

The Cheeks are to be 5 inches thick. No iron work is to be let into the wood of the cheeks, such as Transom Plates, Bolt Heads, &c. which weakens the Carriage by diminishing the thickness of the wood, and often at the very place where the wood is of necessity weakest, from perforation, to admit Bolts, &c. All iron work of the above description (and in general whenever it can be conveniently done) to be put on the outside, and the edges of it to be levelled off.

ON THE LIMBER.

The Pintle to be moveable and to stand on a wooden bolster immediately over the Axletree ; not on a sweep of $2\frac{1}{2}$ or 3 feet radius behind the Axletree. The wooden bolster will be in height about 9 inches at the middle.

ON THE CONSTRUCTION OF GALLOPERS.

His Lordship desires that Gallopers be hereafter constructed as follows.

The Limber and Gun Wheels to be high, and both of the same height.

The Axletrees of Gun and Limber to be of the same length.

The Iron and Wood Work of the Carriage and Pole to be made much stronger.

The weight of the Gun and length of the beam to be encreased.

Let. Adj. Genl. 13th Apr. 1808 The Commander in Chief sanctions the discontinuance of the Wooden Bolster or Bed over the iron Axletrees of Field Carriages of the description mentioned,—viz. Brass 12 Pounders.

Res M. B. 3d May 1808 The Agent for Gun Carriages is to be informed, that the iron Axletree should be sunk into the cheeks except about $\frac{1}{2}$ tenth of an inch, which is allowed to project the wood, in order that the iron plates, substituted for the old fashioned Axletree Bands, may, when held under the axletree by the bolts and screws, press hard and keep it tight and close up ; iron stays to join obliquely the shoulder of the axletree, with the cheek on each side, are authorized.

Res. M. B. 27th Aug 1811 Resolved, on the recommendation of the Acting Commandant of Artillery, to establish the carts of the four following descriptions to the exclusion of all others, viz.

Regulations for the construction of the several descriptions of carts established for the different Branches of the Service

No. 1.—CART ARTIFICERS,

Having boarded sides and bottom of Teak, stout built—wheels 5 feet high, and having a tilt.

No. 2.—CART STORE, ----

This cart to be used either as an Ordnance Store Cart, or a Quarter-master's Cart—Those of the latter description are only supplied to new Corps at the public expence,

Having railed sides, pannel front, and back like a door—wheels 5 feet high—bottom of board of any strong wood, and having a tilt.

No. 3.—CART STOUT PLATFORM. --

Merely a Platform on wheels intended to transport mortars and their beds, and to move in the rear of Trains of Artillery, to take up broken-down Carriages, and prevent the halt of the Line.

No. 4.—CART SPIRIT, (OR DRAY,)

Particularly constructed to carry four casks of Rum.

Res. M. B. 18th Dec. 1800 The work and workshops shall at all times be open to the inspection of any Member or Members of the Military Board, to the Commandant or senior Officer of Artillery at the Presidency ; or to that of any person or persons, nominated by the Military Board.

The workshops to be open to the inspection of the Military Board, &c.

Proc. G. G. 23d July 1804 The Governor General in Council desires that the Military Board will submit for his information, a monthly report of the progress of the work executed at the Gun Carriage Agency Yard, specifying the number and description of Carriages and Gunpowder Barrels made during the month.

A monthly report of the progress of work at the Agency Yard to be furnished.

Res. M. B. 3d Aug 1804 The Agent for the Manufacture of Gun Carriages is to insert, in his future reports, the date of putting Carriages in hand, and the dates of their being completed and sent to the Arsenal.

Dates of commencement and completion of Carriages to be inserted in the report.

Directions as to what part of the Manufacture is to be carried on in the rains. No part of the wood work of any Carriages shall be put together, or the parts of them finished between the 15th June and 15th November, annually, without particular orders to the contrary. *Regns. approved by G. G. 18th Dec. 1860*

The Military Board, under the sanction of Government of the 28th July, 1810, authorize the Agent for Gun Carriages to perform the following works during the rainy season. *Res. M. B. 2d Aug. 1810 and 6th August 1811*

Drays for Spirit Casks.

The carriage parts (not wheels) of 24, 18 and 12 pounders and their limbers.

Garrison Carriages.

8 Inch and 4 2.5th inch Mortar Beds.

The frame work, poles and axletrees of Tumbrills, Artificer's Carts and Store Carts.

No wheels of any description are to be put together, until the return of dry weather.

The year in which constructed to be stamped on each Carriage.

The Agent for Gun Carriages is in future to stamp the year, in which Carriages are constructed, in some conspicuous and superior part of the iron work of each Carriage. *Res. M. B. 27th Sept. 1805*

Rates at which the iron work is to be charged,

Ordered, that the Agent for Gun Carriages be informed, that his charges for iron manufactured at the Agency Yard, are, on no account, to exceed Six Rupees 25 per maund, and that the expences which may, hereafter, be necessarily incurred in the operation of completing each Carriage, will be separately considered and provided for. *Res. M. B. 2d August 1808*

Carriages to be surveyed before they are put together.

The wood work of all Ordnance Carriages, before they are put together, and the iron work, when forged, to be surveyed by a Committee, constituted in the same manner as that for the survey of timber when purchased, and if found unserviceable to be broken up in the presence of the Committee. *Regns. approved by G. G. 18th Dec. 1800*

The Carriages to be classed in the order in which they are to be prepared.

The Governor General in Council approves the instructions given by the Military Board to the Acting Agent for Ordnance Carriages, with respect to classing the descriptions of Carriages, in the order of priority, in which they are to be prepared. *Proc. G. G. 9th Feb. 1804*

Regulations for the Survey of Ordnance Carriages constructed by the Agent.

All Carriages received from the Agent shall be brought into the Garrison of Fort William, on the first Tuesday of every month, where, previous to being painted, they will be surveyed by a Committee, composed of the Commanding Officer in Garrison, the Commandant and one Field Officer of Artillery, the Chief Engineer and the Quarter-master General. *Regns. approved by G. G. 18th Decr. 1800*

The Carriages are not to be painted by the Agent.

Should any Carriage upon survey be found defective, and be rejected by the Committee, they will report to the Board, whether it is to be broken up altogether, or only the objectionable or defective parts changed or altered; and whether the defects or deficiencies which condemn the Carriage are to be imputed to the neglect of the Agent, in which case he shall abide by the loss. Copies of these reports are to be regularly transmitted to the Governor General in Council by the Military Board.

Agreed, that it be considered a standing regulation, for the observance of all Committees assembled for the survey of new Gun Carriages and Tumbrills, tendered for the Public Service, that it is to be expressed in their reports, that every Carriage has been carefully and separately examined, and that every defect observed has been stated. *Res. M. B. 2d May 1796*

The reports of the above Committees are to be forwarded to the Secretary to the Military Board. *G. O. 10th October 1789*

Res. M. B. 17th April 1810. The four Carriages of new and improved construction, described in the above report, having been prepared under the particular instructions and occasional superintendence of the Commandant of Artillery, upon the most approved modern principles, and appearing to the Military Board perfect in all respects,—Resolved, to adopt them as pattern Carriages for the future guidance of the Agent in making up Carriages of those particular descriptions; the 5½ Inch Howitzers and 6 Pr. Carriages, as superceding the present musters, being equally well adapted for the service of Horse or Foot Artillery.—The 12 Pr. Carriage as confined to the demands of the service for light brass Guns of that Calibre, or such as weigh from 8 to 9 Cwt.—The Waggon for the service of the Corps of Horse Artillery on this Establishment, (also for Cavalry Gallopers.)

The Commissary of Stores to mark and receive on his Books, under the head of "Musters," the four Carriages mentioned in the foregoing resolution, and to lend them (as occasion may require) to the Agent for his guidance; taking care always to produce them at the future Surveys of new Gun Carriages of corresponding descriptions, which may be submitted to the Board at the Arsenal.

Res. M. B. 30th Aug. 1795. The Staves of Powder Barrels shall be ¾ths of an Inch in thickness. The Ends..... 1..... Inch thick. Each Barrel to be hooped with 4 copper hoops, which are to be stamped with their weight—viz. 8lbs. Breadth of the Hoops 1¼ Inches—Thickness 1-10th of an Inch.

Powder Barrels how to be constructed.

Res. M. B. 3th Jan. 1810. The Agent for the Manufacture of Powder Barrels is directed to make the Heads with two, instead of three pieces.

Res. M. B. 22d May 1810. Resolved, that it shall be henceforth considered unnecessary to hold any Survey on new Hoops, previous to the Barrels and their Hoops complete being delivered over to the Arsenal Department. The standard weight of a set of copper hoops for a Powder Barrel is to be considered, as heretofore, 8lbs: none however are to be rejected, that shall not exceed or fall short of that weight in a greater proportion than 4 Oz. in each set.—Previous to fixing the Hoops on the Barrels they shall be stamped by the Agent, according to their weight, and when delivered into the Arsenal, they shall be surveyed, and one in every ten sets of the Hoops taken off their Barrels, promiscuously, and if found to correspond with the weight marked on them, the whole shall be received, agreeably to the weight stamped thereon, without further examination. The report is to specify the number weighed in the presence of the Committee, and the result, as well as the aggregate amount of the weight, stamped on the whole number of Hoops surveyed.

Hoops of Powder Barrels furnished by the Agent how to be surveyed.

Res. M. B. 4th April 1809. Resolved, with a view to maintain in future an ample supply of staves for the construction of Powder Barrels, that a supply, equal to the construction of 5000 Barrels, be laid up in Store; and that it be in future considered the fixed proportion for Store in the Agency Yard: all issues from which, for the purpose of putting Barrels together, are to be replaced by Indent, in the same manner as the half-wrought materials for Gun Carriages are required to be kept complete.

Proportion of Staves to be maintained at the Agency Yard.

Ordered, that the Agent be authorized to receive, in the usual manner, the scrap or re-

Task wood materials for

the construction of Powder Barrels & Liquor Casks how to be received and included in the Returns

jected Teak Board, and that he be informed that the Board confidently depend on his scrupulous previous examination of the quality of all Teak Board tendered for this branch of his Agency.

Ordered, that the Agent be informed that the component parts of Powder Barrels, that may hereafter be received from cuttings of Teak Board, are to be acknowledged in his Books in the rough state as "Teak materials equal to the construction of so many 100th Powder Barrels;" and that his receipts, granted for Teak materials equal to the construction of a certain number of Powder Barrels, will prove sufficient vouchers for the charge for the same.—(Teak materials were charged under the Contract system as follows.

Materials for 8 Powder Barrels, at the rate of one Shinbin.

Materials for 4 Spirit Casks, at ditto ditto.

In the event of the materials not furnishing the stipulated number of Barrels, the deficiency to be supplied by the Contractor.)

Res. M. B. 22
Feb. 1808.

Annual Survey of half-wrought Materials, &c. at the Agency prohibited.

Resolved, that it does not appear to the Military Board to be at all necessary that the half-wrought materials at the Agency Yard should be unstaked for examination; and that, instead of the usual annual Report by a Committee, the Board will be satisfied by a report from the Agent, fully attested as to the number and condition of the extensive stock of public property confided to his charge, on the state of which he must, in the Board's opinion, be better qualified to pronounce than any Committee.

Res. M. B.
20th June 1809

Reports to be made of the decay of any part of the Stock,

Whenever the Agent may have cause to suspect decay in any part of the half-wrought materials at the Yard, the Military Board look to him for an immediate Report to that effect.

Regulations for Advances of Cash to the Agent,

The Agent is to be supplied with advances of cash, on the recommendation of the Military Board, for the pay of Workmen, &c.

Regns. approved by G. G.
18th Dec. 1800

The amount of the advances of Cash which shall be made by Government to the Agent shall be charged, in the first instance, to his personal debit.

The Governor General in Council has been pleased to authorize the Military Paymaster General to make an advance to the Agent for Gun Carriages of Sa. Rs. 8000, and to renew this advance, whenever it shall appear, from the Agent's accounts, that the balance of cash remaining with him is less than 2000 Rupees.—(Advances are applied for by the Agent, when required, through the Military Board.)

Proc. G. C.
28th Oct. 1804

Accounts of Receipts and issues of Stores, for making Gun Carriages and Powder Barrels, and reports of balances of Materials, how to be kept and transmitted.

The Agent shall keep two sets of Books, containing a daily account of Receipts and Issues of Materials and Stores, agreeable to Form No. 12. One of these sets of Books for the Materials and Stores, used in the construction of Ordnance Carriages, and the other for those of Powder Barrels, which accounts of quantities must be balanced on the last day of every month; and an abstract of the Totals of the balances remaining on the 1st of the Month, and of the Receipts and Issues during the course, and of the balances remaining on the last day of the Month, agreeable to Form No. 13, must be sent to the Secretary of the Military Board, on or before the 10th day of every succeeding Month.

Regns. approved by G. G.
13th Dec. 1800

Accounts of Artificers and work people how to be prepared.

The Agent shall also keep two other sets of Books, the one for Ordnance Carriages, and the other for the Powder Barrels, containing daily accounts of the Artificers and Work People of every description employed, during the month, beyond the fixed Establishment, with the rates of daily pay assigned to each; copies of which are to be sent monthly to the Secretary of the Military Board with the Totals summed up, and when these accounts are passed and returned to the Agent, their respective amounts are to be charged by him in his cash accounts for the subsequent month.

The Agent for the Manufacture of Gun Carriages is to conform in future to the following Form of Monthly Account of the Agency; the Iron-work to form a separate bill, (the verification of his account with respect to which will be dispensed with,) accompanied with a detail of the Work performed. (Vide Form No. 14.)

Res. M. B.
13th Mar. 1810

Cash account when to be transmitted.

A monthly cash account shall be kept by the Agent in the following Form, (vide Form No. 15) containing on one side the advances, and on the other the actual disbursements in the course of the month, which account, attested in the prescribed form, shall be trans-

R. G. approved by G. G.
18th Dec. 1800

mitted to the Secretary of the Military Board on or before the 10th day of every succeeding month.

When the said monthly cash account shall have been examined by the Military Board, the Secretary shall certify, on the face of it, the amount for which it shall be passed, and which is to be brought to account under instructions from the Military Auditor General.

On the 15th of June, annually, being the period when the making of Carriages is to cease, or as soon after that period as possible, the Agent is to make up a statement of the quantity and description of work executed during the preceding season; a statement of his Cash Disbursements and of Stores expended, and a calculation of the amount and value of Stock in hand; which being deducted from the last mentioned statement, and from the value of Stock in hand of the preceding year, will exhibit the aggregate cost of the number of Carriages completed during the season.

Statements of the comparative cost of Carriages and Barrels to be prepared by the Secretary to the Military Board.

On the receipt of these statements, the Secretary will check and compare them and the accounts; and bring, under the notice of the Board, a comparative statement of the cost of Carriages and Barrels of one year's Manufacture with those made by former Agents or Contractors, the result of which shall be reported to the Governor General in Council, that he may see from time to time the effects of the present system of Agency compared with the former ones or with former Contractors.

Proc. G. G.
15th Oct. 1803

The Governor General in Council desires that the comparative statement of Medium Prices of Gun Carriages, &c., with those made by former Agents and Contractors, may be so formed hereafter as to exhibit at one view the quantity and price of materials used, and the expence of Workmanship incurred in the construction of each description of Carriage, by the present and former Agents.

Proc. G. G.
15th Dec. 1803

The Governor General in Council desires the Military Board will adopt such measures as will enable them to submit to his Excellency in Council an accurate and perfect comparative statement of the Expence of the Ordnance Carriages, &c. constructed under the existing Agency, and of those constructed under former Agencies or Contracts.

(For the verification of accounts, &c. by the Agent for the Manufacture of Gun Carriages and Powder Barrels, and notice to be given previous to the resignation of the appointment, *vide page 421. and Form No. 4, Chapter III.*)

G. O. G. G.
6th Nov. 1807

The Military Board having reported, that, agreeably to the Orders of Government, the whole of the Stock of Materials, Timbers, &c. at the Gun Carriage Agency Yard has been surveyed and inspected by that Board, in the presence of Captain James Young, of the Artillery, appointed to take charge; and that Officer having expressed himself satisfied as to the correctness of the quantities and condition of the various Stores appertaining to the Department, as detailed in the Survey Reports, Captain Young is accordingly to be considered as having received charge of the Gun Carriage and Powder Barrel Agency on the 3d instant, until further Orders.

Regulations observed on the transfer of the Agency.

EUROPEAN ANNUAL INVALIDING COMMITTEES.

Annual Medical Committees for invaliding European Non-commissioned and Privates, at what period to be assembled.

COMMITTEES of Surgeons for the purpose of examining men who may be recommended for the Invalid Establishment from European Corps are to be assembled annually on the 31st of August, (at Stations above Allahabad on the 31st July) when lists of the men are to be forwarded without delay to the Adjutant General's Office, so that all such as are ordered to be sent home for the benefit of Lord Clive's Pension, or otherwise, may be dispatched from the most distant Stations, to the Presidency, by the 1st of November at latest; and such as are deemed fit objects to remain in the Country are to be sent at the same time to Chunar, and enrolled, on the 1st of each November, on the strength of the Invalid Companies.

M. C. 9th Mar
1788

Commanding Officers of Stations are required to examine the men very particularly, and with the lists to transmit to the Adjutant General an account of the pretensions of such men as they conceive have claims to be indulged with a residence and retreat in this Country; which pretensions the Commander in Chief considers can only arise from wounds or disorders contracted in the Service, which have entailed on them a helpless infirmity, or more than common length of service, in the course of which they may have conducted themselves with sobriety and attention to their duty, claiming such indulgence.

The Non-commissioned and Private Europeans who may be considered by the Annual Committees of Surgeons as proper objects for the Invalid Establishment are to remain with and on the strength of their respective Corps, until the Commander in Chief shall issue orders for their future destination.

Committee at the Presidency how to be composed.

The Commander in Chief is pleased to direct that, in future, the Head Surgeon of the Hospital at the Presidency, and the Surgeon to the Garrison of Fort William, shall always be members of the Committee ordered to be assembled annually to examine the Non-commissioned Officers and Soldiers belonging to the Corps in Garrison who may be considered as proper objects for being invalided.—(For the Report of an Invaliding Committee vide Form No. 1.)

Regulations for the transfer of European Non-commissioned, Privates, &c., found unfit for Field Duty by the annual Committees, from their sever-

The following Non-commissioned and Private Men belonging to Corps of the Hon'ble Company's Service appertaining to the Field Command, having been examined by Committees of Surgeons, and found unfit for Field Service, are transferred to the Invalid Establishment.

G. O. C. C.
27th Aug. 1812

The Men invalided by the foregoing General Orders are to be paid up to the 30th proximo, and struck off the strength of their respective Corps from that date; and all who belong to Corps and Detachments beyond the Jumna and above Etawa and Mynpoory (with

exception to those at Lodhiana and Kurnal, who are to be sent to Meerut, are to be assembled at Agra without delay, whence they will be directed by the Officer commanding there to embark and proceed down the Jumna to their respective destinations, under charge of a careful non-commissioned Officer.

Corps to the different Branches of the Invalid Establishment.

The Invalids from all other Stations and Posts of the Field Command, excepting Allahabad, are to assemble at Cawnpoor.

The Major General commanding the 24 Division of the Field Army will be pleased to appoint an Officer to proceed in charge of the Invalids of His Majesty's and the Hon'ble Company's Services from Meerut to Cawnpoor.

The Officer Commanding in the Field will be pleased to appoint an Officer to the general charge of the Invalids of His Majesty's and the Hon'ble Company's Services from Cawnpoor, who will also take charge of all the Invalids of both Services at the intermediate Stations to the Presidency.

All destined for Chunar are to be left at that Station; descriptive rolls of such men as are reported fit for Garrison duty, describing rank, age, length of service, and all other requisite information, to be sent to Lieutenant Colonel Grant, commanding the European Invalids at Chunar, by Staff Officers of Stations, Detachments, Out-posts, or Corps; and each man to be furnished with the prescribed pay and clothing certificate.

G. O. C. C.
19th Sept 1811

The undermentioned non-commissioned Officers and Privates belonging to Corps of the Hon'ble Company's Service stationed below Allahabad, having been examined by Medical Committees, and found unfit for Field Service, are transferred to the Invalid Establishment.

The men invalidated by the foregoing General Orders are to be paid up to the 30th Instant, and struck off the strength of their respective Corps from that date; those destined for Chunar to be sent thither by water from Danapoor under charge of the senior non-commissioned Officer invalidated.

Descriptive Rolls of the men reported fit for Garrison duty, specifying rank, age, length of service, and all other requisite information, are to be transmitted to the Officer commanding the European Invalids at Chunar; and each man is to be furnished with the prescribed pay and clothing Certificates.

All Invalids destined for Europe to be sent to the Presidency with the Officer proceeding in charge of European Invalids from Cawnpoor.

G. O. C. C. and
January 1808.

The Commander in Chief having reason to suppose that it will happen, in particular cases, that men recover in their way to the Presidency, or intermediately to their embarkation for Europe, from the effects of accidental hurts, of wounds received on service, or from temporary loss of health owing to relaxation in this climate,—on which account they may have been sent down from their Corps as Invalids; it is directed to be considered a standing order of the Service that the whole, when assembled annually at Fort William, shall undergo a re-examination at the General Hospital by a Special Committee of Surgeons, to be composed as follows.

Medical Committee to be assembled at the Presidency to re-examine all men invalidated and ordered to return to Europe.

A Member of the Medical Board, President.

The Surgeon in charge of the General Hospital and the Garrison Surgeon of Fort William, permanent Members of the Committee; one Surgeon from His Majesty's Service and one from the Regiment of Artillery, members for the time being.

The General Officer Commanding at the Presidency will be pleased to direct the regular attendance of every man, and of such Officer and Surgeon as may have arrived in charge, to furnish the Committee with every information in their power; for the same purpose copies of the original Invaliding Rolls are to be submitted to the Special Committee, whose Report is to be transmitted to the Commander in Chief's Military Secretary for His Excellency's consideration.

M. G. 15th February 1791.

Resolved, that it be made a standing order, that a Committee, consisting of the Head Surgeon at the Presidency Hospital, the Garrison Surgeon, and a Surgeon from the Troops in Fort William, be assembled sometime previous to the period fixed for the dispatch of any ship, on which Invalids and discharged men are proposed to be embarked, to examine the condition of such persons in respect to health, and report the same to the Commanding Officer in Fort William, who shall direct that Invalids, &c. who cannot proceed to Europe with safety, or without evident risk that they will not be able to

Medical Committee to report on the state of health of all Europeans invalidated or discharged and proceeding to Europe, immediately previous to their embarkation.

endure the passage, shall not be permitted to embark, but be kept in the Hospital until their cure has been sufficiently effected to admit of their proceeding to England.

The Regulation contained in the Minutes of Council under date the 25th of February, relative to invalided and discharged men who may be ordered to be sent to Europe, is to be strictly attended to, and the Town Major or Officer officiating as such is to consider it as his duty to give timely notice to the Officer commanding in Garrison when men of the above description are ordered to embark, that the necessary Committees of Surgeons may be immediately ordered for their inspection, as directed in the Minutes of Council.

G. O. 5th
March 1791.

Hammocks and quilts allowed to all Invalids returning to Europe.

The Governor General in Council is pleased to resolve, with a view to the greater comfort of the Invalids of His Majesty's and the Hon'ble Company's Services proceeding to Europe, that a hammock and a quilt shall be delivered to every Invalid previous to his quitting Fort William; in the case of Invalids of His Majesty's Service, the Brigade Major of the King's Troops will indent on the Commissary of Stores for the hammocks and on the Commissariat for Quilts; both indents to be countersigned by the Officer commanding at the Presidency.

G. O. G. G.
19th October
1807

The Town Major will indent in the same manner for Invalids of the Company's Service.

The issue of quilts to the Invalids of both Services is to be restricted to those men who have not received quilts within a period of six months; a certificate to this effect from the Adjutant of the Corps to which the men belonged must accompany the indents.

CORPS OF EUROPEAN ARTILLERY AND INFANTRY INVALIDS.

Establishment of the Corps of European Artillery and Infantry Invalids.

The Governor General in Council has been pleased to determine that the establishment of European Artillery and Infantry Invalids for this Presidency, shall consist of two Companies of European Artillery Invalids, and two Companies of European Infantry Invalids.

G. O. G. G. 1st
January 1827.

The Station of the European Invalids is Chunar, from whence a small party is to be detached to Buxur.

G. O. 26th Feb-
ruary 1790.

(A detachment from the European Artillery Invalids is also stationed at Allahabad.)

The Detachment for the Service of Buxur is to be commanded by a Subaltern Officer of the Invalid Establishment, and to be composed of one Serjeant, one Corporal, and twelve Privates from each Company of the European Infantry Invalids; and, to complete this arrangement, the Commanding Officer at Chunar is authorized to send men to Buxur, or to call them from thence, as circumstances may require.

G. O. 27th
May 1788.

The Commanding Officer at Buxur, on the occurrence of any casualties, will apply to the Commanding Officer at Chunar for men to fill up vacancies.

Proportion of Commissioned Officers to be attached to the Corps.

The Establishment of Officers for each Company of European Invalids to be one Captain and three Subalterns, to be selected from the Invalid Officers, if there shall be so many of that description; or otherwise the Companies to be provided with such a proportion of Officers from the Effective Establishment, as the Commander in Chief shall please to appoint to do duty with them.

M. C. 9th May
1788.

A Field Officer, either of the Invalid or Effective Establishment, may at any time be appointed to the general superintendence of the European Invalids, if the Commander in Chief shall see occasion for it.

Commissioned Officers under what circumstances transferred to the Invalid Establishment.

Officers who, from age, wounds, or decline of health, find themselves unfit for active service, are required to send their names to the Adjutant General's Office so that they may arrive there by the first of August, in order to their being removed from the Corps to which they belong and appointed with their respective ranks to the new Establishment of Invalids.

G. O. 27th
May 1788.

To guard against misapprehension with respect to the principle of the Invalid Establishment, the Commander in Chief thinks it proper to apprise the Officers of the Army that, agreeable to the former Rules of this Establishment, as well as the general Regulations of other Services, whenever an Officer is transferred to the Invalid Establishment, his pro-

motion in the General List of the Army will cease ; and that, after having been once invalided, he cannot be re-admitted upon any other part of the Establishment.

(Officers doing duty with European or Native Invalids receive the pay, full batta and gratuity of their Regimental Rank, and are provided with the established proportion of Behishties and Sweepers.)

- G. O. G. G. 23d Sept. 1802. The European Officers attached to the Corps of European and Native Invalids are not to draw tent allowance. And what allowances to receive.
- G. O. 26th February 1790. The Artillery Invalid Companies are to be considered as appertaining to the Artillery Brigade. Artillery Invalid Companies to be attached to the Brigade of Artillery.
Returns of them are accordingly to be sent to the Commandant of that Brigade, who will regulate all matters of interior detail in the same manner, as in the other detached Companies.—The Invalid Officers of Artillery attached to this Company are consequently to command, or to be subject to the orders of any Officer of the Brigade of Artillery, who may be at the same Station, according to their respective ranks in the Army.
- G. O. C. C. 24th Decr. 1806. Whenever Invalids of Artillery are sent from Chunar to the Presidency, the Officer commanding or in charge of the Company is directed to transmit by Dak to the Brigade Major of Artillery, Rolls of such men, specifying for what purpose they are sent, together with certificates of the last pay and clothing received by each ; and duplicates of these certificates are to be furnished to each individual.
- G. O. C. C. 7th January 1807. The Officer Commanding the European Invalids will be pleased to post Infantry Invalid Officers to the charge of Artillery Invalid Companies, as he may judge necessary, when there may not be Officers of the Artillery Corps on the Invalid Establishment to fill those situations. Infantry Invalid Officers under what circumstances to be posted to the Artillery Companies.
- G. O. G. G. 1st January 1807. The proportion of non-commissioned Officers for each Company of the European Artillery Invalids, to be six Serjeants, six Corporals, and six Gunners, with Drummers and Privates as at present,—(viz. two Drummers and one hundred Matrosies for each Company.) Proportion of Non-commissioned, &c. established for the European Artillery and Infantry Invalids.
- M. C. 6th May 1783. The Establishment of non-commissioned Officers to each Company of European Infantry Invalids is to be six Serjeants and six Corporals, who, so long as they form part of that Establishment, are to receive the pay of those Ranks.
- G. O. 27th May 1783. The non-commissioned Officers to complete the several Companies of European Invalids, according to the fixed Establishment, are to be taken in the first instance by seniority ; and future vacancies are to be supplied from amongst the men who may have served in those situations, according to seniority also ; for which purpose the Adjutant will keep a register.
- M. 26th Sep. 1796. Resolved, that, in future, all non-commissioned Officers, wounded or disabled on Service, be invalided in their respective Ranks, conformably to the orders of the Court of Directors. Non-commissioned Officers disabled by wounds received on service to retain their rank on being invalided
- M. C. 10th May 1798. Resolved, that Gunners be hereafter admitted on the Invalid Establishment, with pay as such, when coming under the description which, by the Minutes of Council of the 26th September, 1796,—entitles non-commissioned Officers, when invalided, to the pay of their rank.
- M. C. 6th May 1783. European Invalid Drummers are to be proportioned among the Companies of European Invalids, on the pay of Privates. Proportion of Drummers, Privates, &c.
- The Privates, with the excess of non-commissioned Officers, are to be equally divided among the Companies, and should this mode encrease the number of each Company above a hundred, the surplus are to be mustered and returned with the several Companies as Supernumeraries, until Government shall think fit to incorporate them into an additional Company.

Rates of Net Monthly Pay (exclusive of Off-allowances) and Half Batta to the Non-Commissioned, Drummers and Privates of European Artillery and Infantry Invalids.

By General Orders of the 16th Sept. 1810, European Invalids doing duty in detached situations, who may be deemed no longer fit for Garrison duty, are to be sent for examination and Report to the Native Invaliding Committee ordered to assemble annually on the 31st March.)

PROVISION BY LORD CLIVE FOR INVALID OFFICERS AND SOLDIERS.

Ext. G. O. 23d July 1771. The Court of Directors having taken into consideration the Covenant between the East India Company and the Right Hon'ble Lord Clive for establishing a Fund for the Relief of European Officers and Soldiers, Invalids or Superannuated, their Widows, and the Widows of Officers and Soldiers dying in the Service, Regulations relative to admission to the benefits of the Military Fund, established for the relief of Invalid Officers and Soldiers and their widows.

Resolved, that the following Rules and Regulations, founded on the said deed, and as nearly conformable as the nature of it will admit to the Regulations for paying Chelsea Pensioners, are proper to be observed in transacting the business of this Fund, and that the Paymaster thereof do govern himself thereby in paying such Pensions as shall be assigned upon the same.

That every petitioning Officer and Soldier shall produce a certificate from the Commanding Officer of his being an Invalid, and rendered incapable of further service in India, together with an approbation of such certificate from the Governor and Council of the Presidency where such Officer or Soldier shall have served.

All Commissioned, Staff, and Warrant Officers (including Army Surgeons, and Officers of Ordnance, *vide* Letters Court of Directors 13th April, 1783, and 8th July, 1795.) shall have half the stated pay they enjoyed while in the Service.

Every Commissioned, Staff or Warrant Officer, (Army Surgeons and Officers of Ordnance included as above) shall previously make oath before the Governor in Council that he is not possessed of, or entitled to real or personal estate to the value, as follows :

A Colonel,	4,000
A Lieutenant Colonel,	3,000
A Major,	2,500
A Captain, Surgeon, or Commissary of Ordnance,	2,000
A Lieutenant, — Assistant Surgeon, or Deputy Commissary,	1,000
An Ensign or Conductor of Ordnance,	750

Non-commissioned Officers and Privates to receive as follows :

	S.	D.
Serjeants of Artillery, per diem, ----	9	
“ “ who have lost a limb, ----	1	
Privates of Artillery, per diem, ----	6	
“ “ who have lost a limb, ----	9	
All other non-commissioned Officers and Privates, per diem, ----	4	

The several Pensions to commence from the dates of debarkation in England.

Commissioned, Staff, and Warrant Officers and their widows shall be paid half yearly, at Midsummer and Christmas, as their pensions become due, either in person or by power of attorney, at the Company's Office in London only.

Non-commissioned Officers and Privates and their widows upon admission to be paid in advance the remaining number of days of the current half year, and at the expiration thereof every succeeding half year in advance.

Those residing within 25 miles of London shall be paid only at the Company's Office in London.

Those residing at a greater distance, in Scotland or Ireland, to be paid at such times, by such persons and in such manner, as the Court of Directors shall from time to time find convenient, in Person and not otherwise.

One Shilling to be allowed by such Pensioners to the person paying them for his trouble.

All other Pensions are paid without fee or deduction.

Non-commissioned Officers and Private Men shall receive on admission a certificate thereof, signed by the Paymaster of the Fund, containing a description of such Pensioner, his age and other particulars, which certificate the Pensioner shall exhibit to the person directed to pay him at each time of payment, and no person shall be paid unless this certificate is produced by the Pensioner.

Country Pensioners shall receive in advance for the first half year, from Midsummer or Christmas next ensuing the date of their admission, on producing the above certificate, only, to the persons appointed to pay them, but immediately after receiving such half yearly payment every person shall make two affidavits of the same tenor and date before a Magistrate, conformably to the printed instructions he shall receive from the Paymaster of this Fund.

If a Pensioner does not appear to claim his pension for three half years, he shall be considered as dead, and his name omitted in the half yearly warrant; but if such Pensioner shall appear personally at the Company's Office in London, or furnish satisfactory proof otherwise, to the Court of Directors of his being alive, he shall again be put on the list and receive all arrears.

According to the Deed of Agreement the several widows of all such Officers and Soldiers are allowed one quarter or fourth part of the ordinary stated pay their respective Husbands were entitled to when in the Company's Service.—(Vide pages 161 and 176.)

Pensions granted to Widows are to continue during their Widowhood and no longer.

That in case of insanity, satisfactory proof be made thereof to the Court of Directors and the Pension paid to the Church-warden in behalf of the Parish towards the Pensioner's subsistence.

Directions for the preparation of certificates for persons to be admitted to the Fund.

It is recommended to every Commanding Officer not to grant a certificate which may entitle any person to be admitted a Pensioner without the fullest evidence of such person being actually an Invalid, and incapable of further service in India; and this must be certified to the Commanding Officer under the hand of the Surgeon of the Regiment, or at least of one of the Army Surgeons; and the greatest circumspection must be observed in all cases where the reality of the cause alleged for the application for a certificate is not apparent or easily ascertained; in every certificate which may be granted to a Non-commissioned Officer or Private Soldier, the place of birth, age, stature, and other descriptive marks are to be inserted, the better to defeat any attempts at imposition by persons into whose hands such vouchers may fall.

M. C.
March 1

G. O 6th Oct. 1774. Commanding Officers of every Corps, in which non-commissioned Officers or Private Soldiers may be found entitled to the Pensions of the Invalid Fund, are hereby directed to furnish such non-commissioned Officers or Private Soldiers, previous to their being struck off the strength of the Corps in which they serve, with the requisite certificates to qualify them for the Pension, and to transmit duplicates of the said certificates to the Town Major to be laid before the Board and transmitted to Europe by the ship on which such non-commissioned Officers and Private Soldiers, so recommended, take their passage.

Let. C. D. 13th Apr. 1783. PARA. 78th—Recommendations having been granted to entitle Persons to the benefit of the Military Fund, to several persons who are not within the description of the deed, we cannot but express our disapproval of such recommendations, and positively direct that particular attention be paid to the circumstances on which the claims of every person are granted who shall hereafter apply for a certificate to be admitted a Pensioner.

Let C. D. 17th May. 1778. PARA. 50th—We have resolved that every Military Officer who shall hereafter be admitted to the Company's Service, and henceforth become Pensionary upon, partake of, or receive any allowances or benefit from the Military Fund, established by agreement between the East India Company and the late Right Hon'ble Lord Clive, shall be considered as having totally relinquished and absolutely given up every pretension to the Company's Service; and shall on no account or pretence whatever be restored to the said Service.

No Military Officer who has been admitted to the benefits of the Fund can be allowed to return to the Service.

EUROPEAN INVALID PENSION ESTABLISHMENT FOR COMMISSIONED, WARRANT, AND NON-COMMISSIONED OFFICERS.

M. C. 5th Dec. 1788. Resolved, that an option be given to Invalid Officers either to go to Europe, (the usual allowance being granted for their passage) with a recommendation to the Hon'ble the Court of Directors that they should receive the Pensions of their respective Ranks, from the late Lord Clive's Military Fund, provided the amount of their property does not preclude them from this benefit; or to remain in the country on the same allowances as are now given to the Supernumerary Officers, viz. the half pay and half batta of their rank to Captains and all superior Ranks, and the full pay and half batta of their rank to Lieutenants and inferior ranks.

Establishment of the Invalid Pension list for commissioned Officers.

M. C. 30th January 1797. Resolved, that Captains, put on the pension list, shall receive in future full pay and half batta instead of half pay and half batta.

M. C. 5th Dec. 1788. Ordered, that the Paymaster of Artillery and Garrisons be directed to issue their Monthly Pensions, upon pay bills being produced in the usual form, with a certificate on the back of each bill from the Officer commanding the Station or Detachment most contiguous to the Pensioner's place of residence, that the Pensioner is actually alive at the date of the bill which is intended to be presented for payment.

Resolved, that those Officers, who prefer remaining upon these terms in the country, be placed on a separate list, and denominated Invalid Pensioners; and that they be indulged with permission to reside wherever they may find it most convenient to themselves within the Company's Provinces.

Let. C. D. 7th Sept. 1808. PARA. 176th—We have taken into our consideration the unfortunate case of this Officer, and in compassion to his sufferings, occasioned by his exertions in the gallant performance of his duty, have resolved to grant him the full pay of his rank, with such an addition thereto as will complete his Pension on the retired list to 300*l.* per annum.

Provision for Capt. Martin incapacitated from further service by the loss of both eyes from a wound received in action.

M. C. 26th June 1798. Resolved, that Mr. Deputy Commissary Shaw be placed on the Invalid Pension List, with his present pay of 62 Rupees per month and half batta of 2 Rupees a day.

The benefit of the Invalid Pension Establishment extended to Warrant Officers.

Mr. W. Meaden, Riding Master to the 8th Regiment of Native Cavalry, is transferred to the Invalid Establishment, on the same monthly allowance as is granted to a Conductor of Ordnance when invalided. (Viz. the pay and half Batta of that Rank.) G. O. G. C. 18th Sept. 1806

Pension established for Serjeants; and circumstances under which they are permitted to receive it.

Resolved; on the recommendation of the Military Board, that Serjeants, who shall have actually served in the Company's Army in India twenty-two years, (the last eight years at least in the capacity of Serjeant) or who shall be distinguished for good conduct and are disabled by being wounded on actual service, be recommended to the Hon'ble the Court of Directors, to allow them, during their respective lives, one shilling per day in any part of His Majesty's dominions in Europe, over and above the pension derivable from the Fund called Lord Clive's, upon such testimony being produced as shall satisfy the Commander in Chief, and ultimately the Governor General in Council, that the persons claiming the indulgence have merited it; and under such Regulations as shall be established by the Hon'ble the Court of Directors relative to the payment of it.

M. C. 11th January 1797

Their allowances fixed and Regulations for their payment, &c.

That, upon the like satisfactory documents being furnished, a Pension of thirty Sonaut Rupees per month, including their net pay and batta, shall be granted to Serjeants of the above description, who may be permitted by the special indulgence of the Governor General in Council, on the recommendation of the Commander in Chief, to reside in India.

That these indulgences shall extend to persons already invalided and coming within the description above mentioned.

The Serjeants admitted to the Pension are directed to report to the Adjutant General the places of their residence, in order that measures may be taken for the regular payment of their Pensions.

G. O. 6th June 1797.

Rules to be observed in transmitting their applications.

Whenever applications may be made to Head-quarters in behalf of non-commissioned Officers who may be desirous of being admitted to the benefit of the Pension established by Minutes of Council of the 11th January, 1797, such applications are invariably to be accompanied by Extracts of the Regimental Orders on the occasion of the parties' last promotion to the rank of Serjeant, and by certificates of the periods of their service in that rank in the different Corps or Departments in which they may have served in India; the records of the Adjutant General's or Town Major's Office not being competent to ascertain the point which is the object of this Regulation.

G. O. - C. C. 31st Oct. 1811.

No allowance to be made to the wives of Serjeants receiving the Pension.

The allowance of 8 Sonaut Rupees a month is not to be granted to the European Wives of such Serjeants as are admitted to the Pension established by the Minutes of Council of 11th January, 1797.

Let M. S. O. 8th June 1800.

Deduction to be made from the Pension during the period the Serjeants may be in the General Hospital.

The Governor General in Council is pleased to determine that a deduction, at the rate of 15 Sonaut Rupees per month, shall be made from each of the Serjeants on the Pension Establishment of the 11th January, 1797, for the period he may remain in the General Hospital, leaving the Surgeon to charge for the diet, &c. of the patient, according to the fixed rate authorized by Government, (viz. one Rupee per diem) to be passed upon production of a certificate of admission and discharge signed by the Superintending Surgeon.

Proc. G. G. 14th Nov. 1808

Amount of advance and allowance of passage money to Serjeants proceeding to England on the Pension.

The Vice President in Council was pleased to grant, on the 27th ultimo, to Serjeant Longstrech, transferred to the Pension established by the Minutes of Council of the 11th January, 1797, an allowance for his passage to England equal to the Charter Party, or £14; also, in consideration of his long service and as a matter of indulgence, the same allowance for his wife; and, further, an advance of six months of his Pension of 1 Shilling per diem.

Proc. V. P. 1st May 1810

Annual Medical Committees for invaliding Native Officers, Privates, &c. at what period to be assembled, and Regulations for their observance.

NATIVE ANNUAL INVALIDING COMMITTEES.

The Committees of Surgeons for the purpose of examining men who may be recommended for the Invalid Establishments from the Native Corps, are to assemble annually on the 1st March, when the lists of men examined are to be forwarded without delay to the Adjutant General's Office.

G. O. 27th May 1788

G. O. 27th May 1788. At the period prescribed for inspecting the men of the Regular Native Corps, recommended for the Invalid Establishment, an examination is also to be made of the men forming the Invalid Companies, that such as are unfit for Garrison duties may be transferred.

M. C. 6th May 1788. No man shall be recommended for, or entitled to, the benefit of the Invalid Establishment, who shall have served the Company less than 15 years, excepting such as may have been wounded or contracted incurable disorders in the Service; disorders which men may have brought on themselves, or which may not have arisen from wounds received on duty, shall give them no claims to the benefit of this Establishment, which is only intended for those who are worn out, or who may have suffered from actual service.

No Native commissioned or non-commissioned Officer, who has not been disabled on actual service, shall in future be entitled to the benefits of the Rank he may hold at the time of being invalided, unless he shall have actually served in that rank for three years; if he has served a shorter period he shall receive the subsistence only which is allowed to the next inferior rank in which he may have served three years; and the same rule to apply in filling up vacancies of commissioned and non-commissioned Officers in the Companies of Native Invalids.

G. O. C. 23d December 1787. The Commander in Chief expects the Committees of Surgeons to be very correct in describing the disorders which render men no longer fit for Field Service, and that they will be particular in distinguishing those who are capable of performing Garrison duty and serving as Escorts, from such as are unfit for any kind of duty.

It being the Commander in Chief's intention to place the Corps of the Army on the most respectable footing, by retaining in them only such men as are capable of contributing to their effective strength, and rendering them fit at all times for service; and as it may happen that some men have contracted incurable disorders in the Service, from having been employed on particular duties and in unhealthy situations, who might not be deemed entitled to the benefit of the Invalid Establishment from the length of their service, according to the rules for invaliding now in force, the claims of such men are to be particularly certified and noticed in the lists by their Commanding Officers, that every attention may be paid to their pretensions to a future provision from Government.

G. O. C. 16th May 1794. Whenever any particular instances happen to occur, which, in the opinion of Commanding Officers, it may be proper to make exceptions to the existing Regulations, these should be fully detailed for the information of the Commander in Chief, who will always attend to them with due indulgence.

G. O. C. 16th December 1808. The Commander in Chief directs, that the cases of men who may have suffered severely in the Service, either by loss of limbs, by blindness contracted on service, or by the number and severity of their wounds, and who are consequently fit objects for every indulgence that can be shown them consistently with the Regulations of Government, be particularly and pointedly noticed by Invaliding Committees; and the General Committees are, moreover, required to state on their proceedings, for the consideration of the Commander in Chief, all instances of men coming under any of the above descriptions whom they deem proper objects for the provision of full Invalid Pay.

M. C. 18th March 1793. Resolved, that authority be given to the Commander in Chief to place Native Doctors upon the Invalid Establishment on extraordinary occasions, when he shall think their services entitle them to a provision from Government.

Native Doctors under what circumstances to be invalided.

G. O. C. 18th June 1806. In preparing the Rolls for the Annual Invaliding Committees, the Commander in Chief directs that the Rolls of all those who may be deemed fit objects for the Invalid Establishment from Corps and Departments, respectively, be prepared by the Staff Officers, to be carefully inspected and compared with the Long Rolls by Commanding Officers of Corps; whose signatures, as well as those of the Staff Officers, are always to be annexed in testimony of the statement of length of service, date of present rank, wounds, &c. being correct, which original Rolls are to be forwarded to Head-quarters, with the remarks and proceedings of the Medical Committees recorded on them.

Directions to be observed in the preparation of the Reports of Invaliding Committees.

They will recommend to be invalided all such as may appear entitled and no longer capable of Field duty, and draw their pen over the names of such as may not appear fit objects for the Invalid Establishment.

In addition to the orders of the 18th instant, regarding the manner of preparing the G. O. C. C. Rolls of men recommended for the Invalid Establishment, the following form is prescribed for such Rolls, which are always to be prepared in duplicate and to be sent to the Medical Committee, by which the Rolls are to be forwarded to Head-quarters with the Proceedings of the Committee recorded in a column for remarks, which is to be left vacant when sent from Corps for that purpose. 24th June 1806

The Rolls are to be made out on paper larger than foolscap.

The number of the Golundauze and Lascar Companies is to be always inserted.—
(For the form of report of the proceedings of an Invaliding Committee, vide Form No. 1.)

In addition to the form prescribed for preparing Rolls to be presented to the Medical Committees, with men deemed unfit for Field service, it is to be described in the Rolls of all men belonging to the Marine Regiment or to the Corps of Golundauze or Gun Lascars, whether, in case of their being eventually invalided, they prefer being sent to Chittagong or Allahabad. G. O. C. C. 2d Nov. 1806

All Arrears, accounts, &c., to be adjusted previous to the Invalids leaving their Corps and certificates of pay and cloathing to be furnished them. The Commander in Chief will hold Commanding Officers responsible for a complete adjustment of all arrears and accounts with Invalids being made up to the date ordered previous to their leaving their Corps, and for the certificates, which are to be furnished to individuals in duplicate, being made out in the clearest and most correct manner; these are to be signed by Officers in command of Troops or Companies, and by the Staff and Commanding Officers of Corps. For the Form of the certificate Officers are referred to the Minutes of Council of the 9th May, 1788, viz. G. O. C. C. 15th June 1806

Certificates to be furnished to Half-cast Drummers. The Major General Commanding the Forces directs, that, on all occasions of Drummers and Fifers being recommended for the Invalid Establishment, the certificates furnished from Corps on such occasions shall specify their Cast and parentage, with a view to ascertain whether or not they are entitled to the benefit of the augmented rates of pay (for Drummers being the sons of European Fathers): duplicates of such certificates are to be forwarded to the Adjutant of Native Invalids at Allahabad, or to the Fort Adjutant at Monghyr, according as Corps may be situated at the time, to enable those Officers to make the requisite specification of claim, or otherwise, to the augmented stipend, in the descriptive Rolls of the parties. G. O. C. C. 24th Apr. 1806

The Arrears, &c., of Invalids who may be absent from their Corps to be carefully adjusted.

The Invalids from each Station to proceed to the General Rendezvous under the senior Officer.

In cases where Corps may have in distant Hospitals men who are recommended for the Invalid Establishment, Commanding Officers of such Corps will take the necessary measures for the adjustment of their arrears, for the certificates being furnished, and for the men proceeding to Allahabad (or Monghyr) in due time. G. O. C. C. 15th June 1806

From each Station and Post, respectively, the Invalids are to be directed to proceed under the charge of the senior Native Officer.

G. O. C. C.
19th May 1807

All casualties that may occur by death in Native Corps of Officers or men recommended for the Invalid Establishment by the Annual Committees of Surgeons, previous to their being ordered to Allahabad, (or Monghyr) are to be reported to the Adjutant of Native Invalids at that Garrison; and any casualties of this description that may occur at intermediate Stations, are in like manner to be reported by the Staff Officers of the Stations or places at which the casualties may happen.

Casualties that may occur previous to their arrival how to be reported;

Proc. G. G.
24th Dec. 1807

Such of the Native commissioned, non-commissioned Officers and Privates of the Provincial Battalions, as shall be deemed fit objects for the Invalid Establishment, shall be assembled annually at Monghyr, at such period of time as the Commander in Chief may be pleased to appoint for assembling a Committee of Surgeons at that Station, and it will be the duty of the Fort Adjutant at Monghyr to present to that Committee for examination such of the Native commissioned, non-commissioned Officers and Privates of Provincial Corps, as may be considered proper objects for the Invalid Establishment.

Regulations for the Annual invaliding of Native Officers, Privates, &c. of Provincial Battalions.

The men from each Provincial Corps will proceed to Monghyr under the orders of the Senior Native Officer who shall be furnished with a Roll, signed by the Commanding Officer of the Provincial Battalion, and addressed to the Fort Adjutant at Monghyr; stating the Regular Corps in which they formerly served; the period of time the commissioned and non-commissioned Officers may have served in their respective ranks; and the time and particular service on which those men were employed who may have been rendered incapable of further duty by wounds.—(For the Regulations under which the Native Officers, &c. of Provincial Battalions are admitted to the Invalid Establishment *vide page 364.*)

The Roll is to be accompanied by a certificate signed by the Civil or other Surgeon in attendance upon the Provincial Corps, and countersigned by the commanding Officer, specifying the particular case of each man, with the circumstances which may have induced the Surgeon to consider him as a fit object for the Invalid Establishment.

No commissioned or non-commissioned Officer of a Provincial Corps, who has not been disabled on actual service, shall be entitled to the benefit of the Rank he may hold at the time of being invalided, unless he shall have actually served in that rank for three years; if he has served a shorter period he shall receive the subsistence only of the next inferior rank in which he may have served three years.—Such commissioned, non-commissioned Officers and Privates of Provincial Corps, as shall be found eligible to the Invalid Establishment, shall be allowed to retire on the Invalid Pay of their respective ranks, according to the prescribed rates, conformably to which an advance of six months will be allowed, to enable them to retire to their homes.—(Invalids from Provincial Corps are not eligible to be appointed to the Invalid Battalions, and receive their stipends under the same regulations as are fixed for the Invalid Pensioners from the Regular Native Corps.)

Ext. Let. Adj.
Gen. 1st April
1808

"The Commanding Officers of Provincial Battalions should, on the 31st March, annually, in compliance with the standing Regulations of the Service, cause such men of their Corps as they deem no longer fit for duty, to undergo an examination by the Civil Surgeon, or the nearest local Committee, as may be most expedient, and transmit Rolls in the prescribed form, accordingly, to the Adjutant General's Office, of all men who may be deemed fit objects for the Invalid Establishment, in order to enable the Commander in Chief to issue the necessary directions for assembling a General Committee at Monghyr for the final inspection and allotment of the Invalids of Provincial Battalions, in consequence of the rule adopted by his Lordship in Council on the 21st December, 1807."

G. O. V. P.
13th Feb. 1810

The Vice President in Council is pleased to resolve, that the clause in the Regulation of Government, under date the 9th September 1802, for the Native Invalid Establishment under this Presidency, directing that "all Native Officers invalided by the Station Committees which are held annually on the 31st March, shall be kept on the Rolls of their Corps until re-examined by a General Committee at Allahabad and afterwards finally transferred to the Invalid Establishment by the Commander in Chief," be rescinded; and that all Native Commissioned, Non-commissioned Officers, Privates and others of Regular Native Corps and Departments, as well as of Provincial Corps, who may be deemed proper objects for the Invalid Establishment by the Annual Station Medical Committees, shall, for the future, be struck off the strength of Corps, as formerly practised, upon the publication, in General Orders by the Commander in Chief, of the proceedings of the several Station Committees, and that all who may not be finally admitted to the

Native Officers, Privates, &c. recommended for the Invalid Establishment at what period to be struck off from their respective Corps;

Invalid Establishment, by the General Committees, shall rejoin their own Corps, and be returned as Supernumeraries until vacancies may occur, (receiving, until they rejoin, invalid pay. *Vide page 294.*)

What rates of pay to receive previous to their final transfer to the Invalid Establishment;

The Vice President in Council is pleased to authorise the highest rates of Invalid Pay, G. O. V. P. 30th July 1812 or those fixed for persons who lose limbs or become blind in the Service, to be drawn for all Native Invalids during the intermediate period between their being struck off the strength of Corps and their final transfer to the Invalid Establishment.

And under whole charge to be placed at Allahabad and Monghyr,

All Native Officers and Men, temporarily transferred to the Invalid Establishment, G. O. P. C. 15th May 1807 are to be placed under the charge of the Adjutant of Native Invalids, (and the Fort Adjutant at Monghyr) by whom their pay is to be drawn, until finally allotted to the several branches of the Invalid Establishment.

Two Native commissioned and two non-commissioned Officers from the Battalion of Native Invalids at Allahabad are directed to do duty permanently with the Supernumerary Invalids at that Station, as Assistants to the Officer in charge of Supernumerary Invalids. (Medical allowances for Supernumerary Invalids are the same as for the Invalid Battalions; for Dooly allowance *vide page 330.*) G. O. C. C. 30th July 1806

Regulations for the Assembly of the General Invaliding Committees, and for final allotment of the Invalids.

After the Assembly at Allahabad (and Monghyr) of the Native Officers and Men who may be sent from the different Corps recommended as proper objects for the Invalid Establishment, Committees of Field Officers and Surgeons are to be assembled to investigate the claims of the men so recommended, reporting the result of their investigation to the Commander in Chief, and particularly distinguishing such Officers and men as are fit for duty in the Invalid Battalions, from such as are incapable of all duty. G. O. G. G. 9th Sept 1802

All the Privates capable of doing duty in the Invalid Battalions are to be enrolled in those Battalions.

All Native Commissioned and Non-Commissioned Officers, supernumerary to the Establishment of the Invalid Battalions, to be allowed to retire on the reduced pay of their respective Ranks to any of the villages in the Company's Dominions.

Invalided Lascars, Bhetties, &c. to fill vacancies of those classes in the Invalid Battalions.

All Invalided Lascars, Classies and Behishties, not required for the Invalid Battalions, are to receive the advance allowed by the Regulations, and to be allowed to reside where they please on the Invalid Pay. G. O. C. C. 26th Dec. 1808

Any deficiency of Lascars in the Battalions of Native Invalids may supplied by such of the invalided Gun Lascars as may make choice of that situation in preference to reduced Invalid Pay. G. O. P. C. 14th Aug. 1807

Subadars are permitted to fill the place of Jemadars in the Invalid Battalions.

Subadars, who may offer themselves to supply the place of Jemadars in the Invalid Battalions, are to be permitted to do so, when there may be a deficiency in the number of the latter Rank. G. O. C. P. 9th Dec. 1800

Regulations for the temporary transfer of Native Officers &c. found unfit for Field Duty by Medical Committees, to the Invalid Establishment; and for the assembly of the General Committee for the year 1811.

The undermentioned Native Commissioned, Non-Commissioned Officers and Private Men of the several Corps and Departments of the Army, having been examined by Committees of Surgeons, and reported unfit for Field duty, are recommended for the Invalid Establishment. G. O. C. C. 23d May 1811

All Arrears of pay and batta to be finally adjusted and paid with their Corps up to the 30th of the ensuing month of June, after which all Invalids belonging to Corps stationed above Danapoor are to be directed to proceed under charge of the senior Native Officers invalided from Stations, Posts and Corps, respectively, to Allahabad, furnished with the usual certificates in duplicate; and all those from Corps stationed at and below Danapoor are in like manner to be instructed to repair to Monghyr, furnished with certificates, as above directed.

Compensation in lieu of clothing for the year 1810 to be drawn for and paid to the Invalids previous to their leaving their Corps, as directed by the orders of Government under date the 26th February and 4th August, 1807.

Officers commanding Corps will take early measures for settling all arrears due to men recommended to be invalided, in order that they may not be detained with their Corps after the 1st of July ensuing.

All are to be strictly enjoined, by Commanding Officers of Corps, to reach their res-

pective destination on or before the 1st October next, and it is at the same time to be intimated to them that those who do not arrive at Allahabad or Monghyr by the prescribed period, will not be examined until the following year; and be further liable to forfeit all claim to the benefits of the Invalid Establishment, unless prevented by sickness or other urgent necessity, of which the most satisfactory testimony will be required.

Native Officers in charge of parties from Corps and Stations are to receive positive orders not to suffer any one to quit his party, unless sickness should render such permission indispensably necessary; and, in all cases where leave of absence may have been granted by Native Officers under such circumstances, they are to report the same, immediately on their arrival, to the Adjutant of Native Invalids at Allahabad, or the Fort Adjutant at Monghyr, as the case may be.

Agreeably to directions contained in the orders of Government under date the 13th February, 1810, the Native commissioned and non-commissioned Officers, Drummers, Privates and others of the Corps and Departments hereafter named, are to be struck off the strength of those Corps and Departments, and returned "transferred to the Invalid Establishment" from the 1st July ensuing, and the vacancies thereby occasioned are to be filled up without delay.—In the event of any persons now recommended not being finally admitted to the Invalid Establishment by the General Committees, such persons shall rejoin their own Corps, and be returned as Supernumeraries until vacancies occur, according to orders which will be hereafter issued for that purpose.

Officers commanding Corps, from which Drummers, being the sons of Europeans, are recommended for the Invalid Establishment, are enjoined to pay due attention to the directions contained in the General Orders of the 24th April, 1810, (*vide page 496*) prescribing the nature of the certificate with which such Drummers are to be furnished, previous to quitting their Corps.

General Committees of Officers and Surgeons on the principles laid down in the orders of Government under date the 9th September, 1802, (*vide page 498*) are to be assembled at Allahabad and Monghyr on the 15th October next, for the re-examination of all men recommended for the Invalid Establishment.

The Committee to assemble at Allahabad, to be composed of Field Officers and Surgeons, as directed in the orders of the 9th September, 1802, above adverted to.

The Committee at Monghyr to be composed of the Commanding Officer and next senior Officer of the Invalid Establishment residing there, of the Fort Adjutant, the Garrison Surgeon, and the Surgeon of the Civil Station of Bhaugulpoor.

The above Committees are also to examine and report on all Native Officers, Non-commissioned and Privates of the Battalions of Native Invalids, who may be deemed no longer fit for Garrison duty, and to forward Reports, accordingly, of all coming under that description; all such with detached Companies or parties of Invalids are to be sent to Allahabad or Monghyr by the 1st of July ensuing.

All Invalids who may have lost limbs, been severely wounded, or become blind in the Service, are by the General Committees to be allotted as Invalid Pensioners on full Invalid Pay.

All who are reported insane are to be sent direct from Corps to Monghyr, with such assistance from their Corps as their situation may require.

The General Invaliding Committees are enjoined to be very exact and particular in the performance of the important duties assigned them, and the Adjutant of Native Invalids is directed to prepare two copies of all General Orders and Instructions which may have been issued for the guidance of such Committees, from the time of their being instituted, up to the present date, one of which is to be transmitted to the Fort Adjutant at Monghyr, and the other to be laid before the Allahabad Committee.

Reports of the Proceedings of the General Committees to be assembled at Allahabad and Monghyr are to be transmitted in duplicate to Head-Quarters as soon after the Committees may have closed their proceedings, as possible.

The utmost attention to be bestowed in the preparation of these Reports by the Adjutant of Native Invalids and the Fort Adjutant of Monghyr, respectively, so as to ensure correctness in the orthography of the names, the Corps the individuals belong to, and the provision which may have been assigned to each, by the General Committees.

To each of these reports is to be annexed an abstract accounting for every man whose name is borne on the Proceedings of the Committee, and exhibiting the numbers of each Rank allotted to the several branches of the Invalid Establishment, as "Garrison Duty," "Invalid Full Pay," "Invalid Reduced Pay."

Regulations for the final transfer of Native Invalids examined and allotted by the General Committees, to the different Branches of the Invalid Establishment for the year 1810

The Commander in Chief having had before him the proceedings of the Annual General Committees assembled at Allahabad and Monghyr for the final examination and allotment of all Invalids of the Native Corps and Departments of the Army stationed above and below Danapoor for the present year, 1810, his Excellency approves and confirms those Proceedings.

Ext. G.O.C.C.
11th Decr. 1810

The Committees are accordingly to be dissolved when there may be no further duty for them to perform with respect to Invalids of the present year, and the Adjutant to the Corps of Native Invalids at Allahabad and the Fort Adjutant at Monghyr will carry into execution the final distribution of the Invalids, as directed on the Proceedings of the General Committees at those places, respectively, as soon as practicable; settling their accounts and arrears up to the end of the month, whatever it may be, in which they may be furnished with the funds requisite for that purpose, and for the customary advance of six months' Invalid Pay to such as may be entitled to it, agreeably to the allotment assigned them.

All Privates found fit for Garrison Duty to join the Native Invalid Battalions; and all commissioned and non-commissioned Officers who may remain in excess to the Establishment of those Corps, after they shall have been completed (and all Privates unfit for Garrison Duty) are to be allowed to retire on the Invalid Pay of their respective Ranks with an advance of six months.—(Vide page 506.)

The whole are to be furnished with all requisite and prescribed certificates, and each is to express the provision or allotment to which every individual is entitled.

The undermentioned commissioned, non-commissioned Officers and Privates being considered by the Committee fit for Field Duty, are to rejoin their respective Corps without delay, with which they are to be borne and returned as Supernumeraries, until vacancies occur to bring them on the fixed Establishment.

They are to be paid their arrears of Invalid Pay up to the 31st instant, and furnished with certificates accordingly.

Vacancies for Native commissioned and non-commissioned Officers, in the two Battalions of Native Invalids, are to be filled up by seniority from the whole Invalids of the year of those Ranks who may be deemed fit for Garrison duty, and who are to be allotted accordingly by the Adjutant of Native Invalids, to whom the requisite Rolls are to be forwarded of those at Monghyr by the Fort Adjutant.

The Sepoys fit for Garrison Duty to be allotted to Battalions and Companies according to existing vacancies.

Regulations to be observed on occasions of distributing prize money, gratuities, &c. to men who may have been transferred to the Invalid Establishment.

The Commander in Chief, with a view to facilitate the adjustment of the claims of all Native commissioned, non-commissioned Officers, Drummers, Privates, &c. who may have been transferred to the Invalid and Pension Establishments, to the gratuity of two months' pay and full batta granted by the Hon'ble the Court of Directors to the Native Troops who composed the Detachment commanded by Colonel Monson, during its retreat, is pleased to direct, that the Officers Commanding the Corps which served with Colonel Monson's Detachment during the retreat, will be pleased to prepare and transmit to the Adjutant of Native Invalids at Allahabad, and to the Fort Adjutant of Monghyr, according to the Stations at which the Invalids from Corps, respectively, may have been assembled, Rolls and Abstracts of all Native commissioned, non-commissioned, and Privates, &c. who were present with their corps during the retreat and have since been invalided, specifying the Rank each held at the time of the retreat, and the date of the transfer to the Invalid Establishment. (Similar Rolls will be required from the new Corps of any men that may have been invalided, who were received from Corps that served in that Detachment during the retreat.)

G. O. C. C.
31st Jan'y. 1810

On receipt of these Rolls, the Adjutant of Native Invalids and the Fort Adjutant of Monghyr will furnish the necessary information to Officers commanding Battalions of Native Invalids, and to the Regulating Officers of the Tannah Establishments, to enable them to prepare correct Abstracts of the persons now under their authority who may be entitled to this Gratuity; and with regard to all Out-pensioners so entitled, the Adjutant of Native Invalids and the Fort Adjutant of Monghyr will transmit the requisite Rolls and Abstracts to the Military Auditor General, after ascertaining from Collectors of Districts and Paymasters by whom the pensions are paid, that the Parties are now living.

NATIVE INVALID BATTALIONS, &c.

M. C. 9th May
1788 and
8th May 1795

The Commanding Officer at Monghyr will proceed to form the Native Invalids who are fit for Garrison duty into Companies of the following strength.

Establishment
of the Corps of
Native Invalids

Two Subadars—Four Jemadars—Eight Havildars—Eight Naicks and Ninety Sepoys.

The Companies so constituted are to be formed into two Battalions (of ten Companies each.)

Agreed, at the recommendation of the Commander in Chief, that four Drummers or Fifers, on the pay of Privates, be added to the strength of each Company of Native Invalids, when the number of Invalid persons of that description will admit of it.

Each Battalion will be commanded by an Officer, either of the Invalid or Effective Establishment, as the Commander in Chief shall think proper.

A Serjeant Major is allowed to each Battalion of Native Invalids, with a Staff allowance of 12 Rupees a month (exclusive of the established pay, &c. for a Serjeant of Infantry Invalids.)

The Detachment of Invalids at Ghazeepoor is still to be furnished from the 2d Battalion of Native Invalids.

Resolved, that the following disposition of the Native Invalids, fit for Garrison duties, be made; and that for this purpose the Companies to be detached be completed to their full complement. M. C. 27th March 1789
G. O. C. C. 6th April, 1789

To Patna three Companies,
To Buxur one Company.

G. O. C. C. 13th Decr. 1796 The Detachment of Native Invalids doing duty at Buxur is to be augmented to two complete Companies.

M.C. 27th Mar. 1789 An European Commissioned Officer of the Invalid Establishment is to be appointed to the command of the detachments of Native Invalids at Patna and Buxur.

G. O. C. C. 6th April 1789

The Officers appointed to command the Detachments of Native Invalids are to be continued on the strength of the European Companies to which they at present belong, and are not to be noticed in the Returns of the Invalid Battalions.

An European Serjeant from the Invalids at Chunar is to be allowed to the Detachment at Patna, to whom a staff allowance of 7 Rupees per month is granted for performing the duties of Serjeant Major.

A Serjeant allowed to the Detachment at Patna.

The most deserving Serjeants are to be selected from the Invalids at Chunar to do duty with the Companies stationed at Patna, but to be continued on the strength of their respective Companies.

The Officers commanding the Detachments of Native Invalids are to draw for their own pay and allowances, and also for the pay and allowances of the Serjeant, and of whatever part of their Detachments may happen to remain present with them, in an Abstract to be transmitted to the Paymaster of Artillery and Garrisons, who will provide for the disbursement in the usual manner.

Allowances, &c. of the Detachment how to be drawn and paid.

Res. M. B. 9th Oct. 1801

A monthly allowance of Sonat Rupees 8 is in future to be made by Officers Commanding Battalions of Native Invalids, out of the sum allowed them for Artificers, iron, steel, charcoal, stationery, &c. (viz. Sonat Rupees 75 8 per month, including an Armourer and Sideligur) for the repair of Arms of each Company detached from the Head quarters of the Battalion (to the Officer Commanding such Detachment.)

Allowance for the repair of Arms, Stationery, &c. for each Company detached.

M.C. 27th Mar. 1789

Monthly Returns of the Divisions and Detachments are to be sent by the Officers Commanding them to the Commanding Officers of the Battalions, who are to include them in their Battalion Returns.

Returns of the Detachments how to be made.

The Detachment of Native Invalids at Buxur will be reserved for the Garrison Duties of that Station.

The men at Patna will be employed as Escorts with Military Stores, or on other occasional duties that may be required of them, and in assisting the Magistrate in preserving the peace.

Duties to be performed by the Invalids at Monghyr, Patna, Buxur, &c.

G. O. C. C. 13th April 1789 The Officer Commanding the Division of Invalids at Patna is directed to comply with such requisitions for Military Guards and assistance as may be made to him by the Magistrate of that City.

The Officer Commanding the Division of Invalids at Patna is to be subject to the orders of the Officer Commanding at Danapoor.

Proc. G. G. 21st March 1808

The Governor General in Council adopts the sentiments of his Excellency the Commander in Chief, viz.

“ That the fixed Guards in Patna or its immediate vicinity may be taken by the Native Invalids, but that, on every ground, it would be highly objectionable to employ these men on Escort or marching duties;” and requests the Commander in Chief will cause the necessary orders to be issued.

G. O. C. C. 30th Jan. 1807 All Escorts proceeding from Danapoor downwards by water are, during the months in which the Cossimbuzar river is not navigable, to be relieved at Monghyr by Invalids.

Escorts proceeding upwards by water are also to be relieved at Monghyr as often as practicable.

The Officer commanding the Invalids at Patna will comply with all directions from the Officer commanding at Danapoor for furnishing parties of Invalids for Escorts proceeding by water.

Detachment of Native Invalids at Monghyr.

(A Detachment of two Companies from the Battalion of Native Invalids at Chunar, is stationed at Monghyr.)

Native Invalids on Detachment duty, incapable of further service, how to be replaced.

When any of the men composing the above Detachments shall become totally incapable of performing any duty, they are to be sent to Monghyr (or Allahabad,) and an equal number is to be furnished to supply their places from the Battalion to which they may belong; men so supplied are to be paid with their Battalion up to the end of the month in which they may be appointed for Detachment duty. G. O. 6th April 1789

Proportion of Native Doctors to the Invalid Battalions and Detachments.

The Native Doctors fit for Garrison duty are to be disposed of as follows:

One with the Invalid Detachment, at Buxur.

One with, Ditto at Patna.

One with, Ditto at Monghyr.

and the remainder to be equally divided at the Head-quarters of each Battalion of Native Invalids. G. O. C. C. 25th May 1806

European or Native Invalids doing Garrison Duty who may become incapable of further service how to be examined and reported on.

Whenever Invalids of any description attached to the European Invalid Companies or Native Invalid Battalions, who may be doing duty in detached situations, shall be deemed no longer fit for Garrison duty, such persons shall be ordered to attend the nearest Station Committees which are ordered to assemble annually on the 31st March, furnished with the prescribed Descriptive Rolls in duplicate, on which being received at Head-quarters, their names, in the event of their being passed by the Committee, will appear in General Orders with those of the other Invalids of the season who may be directed to be struck off the strength of Corps, and ordered to repair to Allahabad or Monghyr for the purpose of undergoing final examination at those Stations. G. O. C. C. 26th Decr. 1810

The preceding directions are not to be considered applicable to Invalids doing duty at either of the Stations of Allahabad and Monghyr, where such Invalids, as may be incapable of further Garrison duty, will continue on the strength of their Corps and Companies, until the period when the General Invaliding Committees assemble at those Stations.

Adjutant appointed to the Corps of Native Invalids; his allowances fixed; and Regulations established for the duties of his Office.

An European Adjutant is to be allowed to the Corps of Native Invalids, with a staff allowance of 4 Rupees per day, and 50 Rupees per month for writers, stationery and all incidental charges. (Subsequently augmented to 100 Rupees.) M. C. 9th May 1788

It will be the duty of this Officer to form one General Register of all the Invalids who may appear at the General Muster ordered to be taken on the 1st October; the Register is to be kept agreeable to a form, which will be furnished by the Adjutant General, and all casualties are to be carefully noted therein, from time to time; to enable the Adjutant to do which, casualty lists are to be sent with each Monthly Return, containing the names and rank of each man dying, deserting, or who may desire his discharge, expressing also the Corps in which he served when first transferred to the Invalid Establishment.

The Governor General in Council is pleased to direct that the Office of Adjutant to the Corps of Native Invalids, which was abolished by General Orders of the Governor General in Council of the 16th June, 1797, be re-established with the same allowances as were drawn by the Officer holding that appointment, previous to its abolition. G. O. G. G. 16th Oct. 1806

As the Adjutant of the Corps of Native Invalids is to superintend the annual distribution and allotment of the Native Invalids of the Army, he is to be stationed at Allahabad, where the Invalids assemble, although the senior Officer doing duty with the Corps of Native Invalids may be stationed elsewhere. G. O. G. G. 19th Feby. 1807

The Adjutant to the Corps of Native Invalids is directed to prepare, annually, correct Registers of all the men of the several Native Corps and Departments of the Army who may be finally transferred to the Invalid Establishment by the General Committees, which are to be carefully preserved in his Office for reference. G. O. P. C. 29th Mar. 1807

It will also be the duty of this Officer to draw the arrears and advances for the Invalids, according to their several destinations; and to furnish to each distinct certificates thereof, agreeably to the allotment made by the General Committee when confirmed in General Orders.

Monthly Returns from all Corps and Detachments of Native Invalids are to be forwarded to the Office of the Adjutant of Native Invalids, by whom a General Return of the Native Invalids is to be prepared and forwarded for the signature of the Senior Officer doing duty on the Invalid Establishment, by whom it is to be transmitted to Head-quarters.

Returns of the Corps of Native Invalids, how to be transmitted and prepared.

M.C. 20th June 1798

Resolved, with a view to accommodate the men of the Marine Battalion and Gun Lascars, Natives of this Province of Chittagong, who may be invalided, that an Invalid Company of Sepoys and an Invalid Company of Lascars be formed and stationed at Chittagong, under the command of an European Officer.

Establishment of a Company of Invalid Sepoys, and of Lascars, at Chittagong.

The Establishment of the Sepoy Company in Native Officers and men to correspond with that of the Companies at Monghyr, viz. 2 Subadars—4 Jemadars—8 Havildars—8 Naicks—90 Privates.

The Establishment of the Lascar Company to be 2 Serangs—4 First Tindals—4 Second Tindals—90 Lascars.

M.C. 15th Feb. 1799

Resolved, that the undermentioned disabled and worn-out men belonging to the Arsenal be sent to Chittagong and enrolled on the strength of the Invalid Lascar Company lately established there; the Sirdars to receive the pay of First Tindals, and the workmen the pay of Lascars.

M.C. 1st Augt. 1799

It appearing from representations laid before the Vice President in Council that several Invalid Lascars, who were sent to Chittagong in the year 1786, have not obtained possession of Lands as was intended, nor received any Pensions in lieu of Lands; resolved that the Commander in Chief be requested to issue orders for enrolling, on the strength of the Invalid Lascar Company in that Province, such of the Lascars, as upon an investigation of their claims, shall appear to his Excellency to be of the above description; and that they be entitled in future to the Invalid pay of their rank until lands can be provided for them.

G. O. G. G. 13th Augt. 1801

The indulgence granted by Government by the Orders dated 1st August, 1799, conformably to which several Invalid Lascars, who from unavoidable causes had not been furnished with lands in the District of Chittagong, as was intended, were enrolled on the strength of the Invalid Company at that Station, having brought forward a considerable number of similar claimants; the Governor General in Council, with a view to prevent improper objects being placed on the Invalid Establishment, orders and directs all future similar claimants to be referred in the first instance to the Regulating Officer at Chittagong, who will report the result of the investigation to the Commander in Chief, in order that such of the Lascars as the Commander in Chief shall consider to be entitled to the indulgence, may be enrolled accordingly on the strength of the Invalid Company at Chittagong.

G. O. G. G. 21st May 1807

The Invalid Company of Sepoys and that of Lascars, authorized to be formed at Chittagong by the orders of Government of the 20th June, 1798, having been intended as a temporary measure only, on account of Native Invalids then waiting for Lands in that District, and not as a permanent Establishment, the Governor General in Council directs, that in future no Native Invalids be sent to Chittagong except such as may be entitled, under the Regulations of the 9th September, 1802, to be sent to that District for the purpose of receiving their Pensions of Invalid pay.

Prohibition of the transfer of any persons hereafter to those Companies.

M.C. 17th May 1787

The Paymaster of Artillery and Garrisons is the Paymaster of all Divisions of Native Invalids.

Regulations for the payment of the Corps and Detachments of Native Invalids

M.C. 11th Oct. 1785

The Commanding Officers of the Invalids at Patna and Monghyr, Native Supernumerary Invalids, &c. are, at the beginning of every month, to forward their Abstracts and Vouchers for the established monthly charges of their respective Corps, to the Pay-

master of Artillery and Garrisons, and bills of exchange will be immediately returned in payment of their Abstracts.

Any errors which may be discovered, by the Military Auditor General, in the audit of the accounts of any one month, are to be deducted from the next month's remittance.

NATIVE INVALID PENSION ESTABLISHMENT.

Provision esta-
blished for In-
valid Native
Officers & Pri-
vates unfit for
Garrison Duty.

I.—By the rules in force for the maintenance of Invalid Native Commissioned and Non-commissioned Officers, who may not be fit for Garrison duty, an option is allowed to such Officers of receiving lands on the Jagheerdar Establishment, and of enjoying at the same time the reduced Pay of their respective Ranks, or of retiring on that Pay to any part of the Company's Territories. In assigning lands for the support of the Invalid Commissioned and Non-commissioned Officers, it was of course the intention of Government to render the latter part of their lives as comfortable as possible; but material inconveniences have arisen from that arrangement both to the Government and to the Invalids themselves and their families. A difficulty has frequently occurred in obtaining the lands required for their support: considerable delay has consequently been experienced in assigning to them that provision. The Lands, when purchased and rendered fit for tillage, being ordinarily situated in the vicinity of other Lands overgrown with extensive forests, have necessarily proved in many instances very insalubrious; the habits, age, and infirmities of the Invalid Soldier disqualify him in a great measure for the labour and pursuits of an Husbandman: the tendency of the existing arrangements to draw his immediate connections from the Villages, in which they had been accustomed to reside, to places recently reclaimed from jungle (frequently, as already noticed, extremely insalubrious) has had a prejudicial influence on the comfort and health of that class of people. For these and other reasons, connected with the happiness of the Native soldiery, and the convenience of the public Service, the Vice President in Council has been pleased to pass the following rules, to be in force from the period of their promulgation, throughout the Territories immediately dependent on the Presidency of Fort William.

A. D. 1811
Regulation II.
G. O. V. P.
4th June and
30th July 1811

Certain Provi-
sions in Regu-
lation I, 1804,
and Regulation
XI, 1806, re-
scinded.

II.—The Provisions contained in Regulation I, 1804, which declare, that all Native Commissioned and Non-commissioned Invalid Officers, not being fit for Garrison Duty, shall be allowed the option of being transferred to the Jagheerdar Establishment, and Section XX, Regulation XI, 1806, by which it is enacted, that Native Commissioned and Non-commissioned Officers, who may be transferred to the Jagheerdar Establishment, shall be entitled to the reduced Pay of their Rank, at the established rates, in addition to the benefits which they may derive from the Lands assigned to them, are hereby rescinded. (The Provisions above referred to continue in force with respect to the Invalids at present on the Jagheerdar Establishment.)

Native Officers
& Privates inva-
lided & unfit for
Garrison duty,
to receive six
months Invalid
Pay with per-
mission to retire
to such part of
the Company's
territories as
they may prefer.

III.—First. Commissioned and Non-commissioned Native Officers, who may be Invalided subsequently to the date of this Regulation, shall not be deemed entitled to lands on the Jagheerdar Establishment: but such of those Officers, as shall not be considered fit for Garrison Duty, as well as Privates not fit for such duty, shall be entitled to an advance of six months Invalid Pay of their respective Ranks according to the rates hereafter specified, with permission to retire to any part of the Company's Territories which they may prefer.

Such Officers
and Privates en-
titled to draw
the reduced pay
of their Ranks
for life.

Second. All Commissioned and Non-commissioned Native Officers, as well as Privates, who may be invalided subsequently to the date of this Regulation, and who may not be fit for Garrison Duty, shall be entitled to receive for their future support, during their lives, the Pay of their respective Ranks established by the Orders of Government, under date the 15th February, 1811, as follows:

Regulations for the payment of the stipends to Native Invalids on the Pension Establishment.

IV. The rules contained in Sections XXIII, XXIV, XXV, and XXVI, Regulation I, 1804, shall be strictly observed in issuing the pay to the persons, who may become entitled to that provision, under the present Regulation, viz.

SECTION XXIII.—Every Native Commissioned, Non-commissioned and Private Invalid, admitted on the Pension Establishment, shall, on being allowed to retire on Invalid Pay, receive a descriptive Roll addressed to the Collector of the District specifying the name, age and height of the Invalid, the place at which he was born as well as that at which he may choose to reside; the period of his services and in what Regiment or Regiments he may have served; his wounds, if he shall have received any; and any corporal peculiarities or marks tending to identify his person; copies of these Rolls shall be regularly forwarded to the Military Auditor General.

Regulation I,
1804

XXIV.—The half yearly or annual presentation of this Roll to the Collector of the District to whom it is addressed, shall entitle the Invalid Pensioner to receive the Invalid pay of his rank, and on receipt of the Roll, after his death, the Collector shall pay to his heirs, or other person properly empowered to receive the same, the amount of the arrears which may have been due at the time of his decease.

XXV.—At every half yearly or annual payment, the Invalid Pensioner shall give a receipt for the amount of pay then due to him, which shall be transferred by the Collector to the Military Auditor General for Audit, by whom it shall be returned to the Collector in order to its being received as a voucher by the Accountant General, to be charged in the Military Department.

After the decease of an Invalid Pensioner the Collector shall transmit his Descriptive Roll to the Military Auditor General, having first noticed upon it the amount paid to the heirs of the deceased.

XXVI.—Whenever a voucher of a Pensioner's existence shall not be furnished within twelve months from the date of his last receipt of pay, he shall be struck off the Roll of the Collector, and not again be admitted without the orders of Government.

Collector to make proposals in writing to the proprietors of lands selected

for the Inva- writing to the proprietor of the land to take a lease of it in portions or entire, according
lids. as it may be wanted for one or more Invalids, on the part and in the names of the Invalids
respectively, and on the terms specified in the following articles.

Terms on which the lease is to be concluded. *Second.—Art. 1st.* The land shall continue the property of the Zemindar or other proprietor, and shall not be separated from his estate.

Third.—2d. The pottah, or deed of lease, shall include the julker, bunker, and phulker, or all trees and the produce of them, fisheries and pasture land.

Fourth.—3d. The Invalids shall hold the land free of rent, or any demand whatever during their lives; and after their decease the land shall devolve to their heirs.

Fifth.—4th. The heirs of Invalids, for the first five years after they shall come into the possession of land, shall pay to the Zemindar a sum equal to one-tenth of the produce of the land as Malikanah.

Sixth.—5th. After the expiration of the period of five years, the payment of Malikanah shall cease, and the proprietor of the land shall be entitled to rent it in the proportion of two-fifths of the annual produce, whether it be in kind or in money, as may be agreed on between the parties concerned in the adjustment. This rent shall not be liable to any variation, and shall be paid to the Zemindar, or other proprietor.

Seventh.—6th. If the original grantee shall die within seven years from the date of his being put in possession of his lands, his heir shall continue to hold them rent-free until the expiration of such period of seven years, from which time the lands shall become subject to the rules contained in the two preceding articles, in the same manner as if the heir had then first succeeded to them, and his ancestor had held them for a term exceeding seven years.

Eighth.—7th. If an Invalid shall die without heirs, it shall be left to the option of a fresh man coming upon the Establishment, to supply his place in the Tannah, upon such fresh man agreeing to take the lands upon the terms to which he would have succeeded to them, had he been the heir of the deceased. If no fresh man will agree to take the lands upon these terms, the lands shall revert to the Zemindar or other proprietor, who shall be entitled to dispose of them in such manner as he may think proper.

Ninth.—8th. If an Invalid shall die, and leave heirs who are not willing to receive the lands upon the foregoing terms, or are incapable of cultivating them, the heirs shall be allowed to dispose of their rights to any of the Invalids belonging to the Tannah, the purchaser becoming subject to all the conditions in the articles regarding such heirs.

Tenth.—9th. If an heir to a jagheer, without reasonable cause, leave the land uncultivated for one year after he may claim it, and shall have been ordered to be put into possession, the land shall be deemed forfeited, and shall be transferred to any other Invalid, who will take it upon the same terms as he would have been entitled to hold it had he been the heir of the deceased. In the event of no Invalid agreeing to take the jagheer upon the above terms, the jagheer shall revert to the Zemindar or other proprietor, as in the cases provided for in the Seventh Article.

Eleventh.—10th. Upon the arrival of the period for assessing lands which shall have devolved to the heirs or successors of Invalids, such parts of the lands as might have been cultivated, and are not brought into cultivation, shall be resumed; and the Zemindar or other proprietor shall be at liberty to grant pottahs for them to whomsoever he shall think proper, unless the person who shall have omitted to cultivate them, shall enter into an engagement to bring them into cultivation in the course of one year, calculating from the commencement of the year in which they became liable to the final assessment, and in all future years, to pay for them as cultivated lands.

Twelfth.—11th. The malikanah and rent, to which the lands are declared liable in the Fourth and Fifth Articles, shall be recovered from the incumbent in the same manner as from his other renters and ryots. No increase of revenue shall be levied from the Zemindar or other proprietor, on account of the rent or malikanah, which shall become payable to him from the lands of the Invalids.

Thirteenth.—12th. Whenever an Invalid, or successor, shall be put in possession of a jagheer, previous to its being charged with the permanent assessment, the Regulating Officer shall obtain from the proprietor, through the Collector, a separate pottah for such person, which shall express the terms on which he is to hold the land, as specified in the preceding articles. When a jagheer shall become liable to the permanent assessment, the Regulating Officer shall obtain from the Zemindar, or other proprietor, through the Collector, a pottah in the name of the possessor, specifying the rate of the rent or assessment; the quantity of land; the boundaries of it; and the terms of the tenure, as above defined.

Fourteenth.—13th. The Zemindars, or other proprietors, shall be allowed to station a mutfuddie in the tannahs, to take copies of the accounts of the rent and malikanah which may become due to them, and to inform them of every infringement of the terms under which the lands in the Tannahs are held, as specified in the agreement between them and the Zemindar or proprietor.

Fifteenth.—14th. Whenever all the lands included within the limits of a Tannah shall have become liable to the permanent rent or assessment specified in the Fifth Article, Government shall withdraw the authority of the Regulating Officer, and the Tannah shall be considered to be upon the same footing as other Villages in the Zemindarry or estate; the heirs and successors of the original grantees continuing to hold their lands upon the terms specified in their Pottahs.

Sixteenth.—15th. After the Officers of Government shall have been withdrawn from a Tannah, in the case specified in the Fifteenth Article, if an Invalid, or his heirs or successors, shall die without heirs and intestate, the Jagheer, or such parts of it as may have been held by the deceased, shall devolve to the Zemindar or proprietor, who shall be at liberty to grant a pottah for it, or to dispose of it to such person, and upon such terms, as he may think proper.

Seventeenth.—16th. Any other stipulations which shall be made between the Invalids and the Zemindar, or other proprietor of the land, shall be binding on the parties. All differences between the Zemindar, or other proprietor; and the Invalids, or their heirs or successors, respecting the nature of the Invalid tenures, shall be decided in the Dewanny Adawlut of the Zillah.

X. If the estate, or any part of the estate of a Zemindar or other proprietor, in which lands leased to Invalids under this Regulation shall be situated, shall be disposed of at public sale, or be transferred, or devolve in any manner to any other person, neither the lease nor the terms of the tenures of the Invalids, or their heirs or successors, shall be in any respect affected; but the new proprietor shall be bound by the terms of the deeds in the same manner, as the proprietor who granted them would have been, had he retained the property, notwithstanding any thing that may be expressed to the contrary in Regulation XLIV, 1793, or any other Regulation passed on the 1st May 1793, or on any subsequent date.

XI. Whenever Invalids shall be established upon lands the property of Government, they shall hold the lands of Government upon the same terms, as Invalids settled upon lands belonging to Zemindars, or other proprietors of land paying revenue to Government, or upon such other terms as the Governor General in Council shall judge it proper to prescribe, previous to establishing the Invalids upon the lands.

Invalids to hold lands the property of Government upon the same terms as those of individuals.

XII. Widows being heiresses to the Jagheers of their husbands, shall be allowed to marry whom they please without forfeiture of their Jagheers, which, after their death, shall devolve to their heirs at law.

Widows being heiresses may re-marry without forfeiting their Jagheers.

Regulating Officers to settle all internal affrays, differences, &c.,

XIII.—It shall be the duty of the Regulating Officer to settle, as far as he may be able by his advice and admonitions, all internal affrays, differences, and claims, which may arise between the Invalids themselves and between them and other inhabitants of the District, in such manner as shall be deemed equitable; leaving the parties, if his endeavours prove ineffectual, to have recourse to the established Courts of Justice. Provided however, that the rule contained in this section shall not be construed to empower the Regulating Officer to exercise any authority whatever without the limits of the Tannahs under his charge.

Vakeels of Government to plead the causes of Invalids free of cost.

XIV.—To prevent Invalid Jagheerdars from being harrassed with law suits, and to enable them to defend or prosecute suits, in the Courts of Judicature, without being obliged to attend in person, or being subjected to trouble and expence, it shall be the duty of the Vakeel of Government, on the requisition of the Collector, to plead the causes of such Invalids free of cost.

Process of civil and criminal Courts, to be current in the Invalid Tannahs.

XV.—The process of the Civil and Criminal Courts of Judicature and of the Police Officers shall be current, in the Invalid Tannahs, in the same manner as in other parts of the Country; and the Invalids, and all inhabitants of the Tannahs, shall observe a strict obedience thereto, under pain of paying such fine or suffering such punishment, as the Courts are empowered by any Regulation passed and printed in the manner directed in Regulation XLI, 1793, to impose or inflict on persons disobeying or resisting their process.

Jagheers not to be assigned as security for money borrowed; and in what cases to be answerable for debts.

XVI.—Jagheers, whilst possessed by Invalids, shall not be assigned as security for money borrowed by them, nor be answerable after their decease for debts contracted by them. But when Jagheers shall devolve to heirs or successors of Invalids, such Jagheers shall be answerable for debts contracted by such heirs and successors.

Distribution of lands to be made by the Regulating Officers under the orders of the Collectors.

XVII.—The distribution of the lands in Tannahs shall be made by the Regulating Officers under the orders of the Collector, agreeably to the instructions with which they shall be furnished; and the Courts of Judicature shall not interfere in any manner, or receive any complaints or representations whatever regarding such distribution.

Rules in Section IX. in what manner to be applied to Lands granted to Invalids.

XIX. The rules contained in Section IX. shall be considered to be immediately applicable to such lands as shall henceforward be granted to Invalids. With a view however to ascertain and fix the tenure of the occupants, and to protect the rights of the proprietors, and to establish, as nearly as may be practicable, an uniformity of system throughout the Invalid Tannahs, the Collectors shall endeavor to conclude agreements with the Zemindars, rendering all lands now held by Invalids, (excepting the lands granted to Invalids under the Regulations of the 18th February, 1789, *vide page 514*) subject to the conditions specified in Section IX. of this Regulation.

It shall likewise be the duty of the Collectors to new-model the Tannahs as far as relates to the proportions of land, and to fix for each Invalid now on the Establishment the quota of land assigned for his rank by Section VII. The Collectors shall also extend this rule to the heirs and successors of Invalids, who have come into possession of Jagheers; refusing both from Invalids and from the heirs and successors of Invalids, whatever quantity of land shall appear to have been granted to them exceeding that proportion; excepting where the occupants have brought into cultivation a larger quantity of land than is now fixed for their respective Ranks, or for the ranks of their ancestors and predecessors; in which cases the occupants shall not be deprived of any part of the land, which is in actual cultivation, but shall continue to possess the whole under the conditions above prescribed. Provided however, that nothing contained in this Section shall be construed to annul or set aside any of the rights of the Jagheerdars, or of the proprietors of the land under any existing engagements, or under the rules contained in Regulation XLIII, 1793, and Regulation LVI, 1795, until the arrangements prescribed in this Section shall, with the consent of the Zemindars concerned, have been carried into complete effect.

Particulars to be specified in Pottah for

XXI.—*Firft.* The land required for the residence of an Invalid, and comprehended within the boundary of his House, Garden, and Offices, shall be included under a distinct head in the Pottah for his Jagheer, and the rate which he is to pay for this portion

of land shall be fixed by the Collector at two-thirds of the usual rates of the District for such land.

Reg. I. 1804,
Section XVII. The several Invalids are required to be present at their respective Villages at the two stated periods of inspection and payment: and in failure thereof they are to be struck off the Establishment and not re-admitted but by the express authority of the Commander in Chief, excepting in cases in which the Invalids shall be absent with permission, or from sickness, or other unavoidable cause, which shall appear satisfactory to the Regulating Officer and to the Collector. The Courts of Judicature shall not receive any complaints or representations which shall be presented to them by an Invalid for having been struck off the Establishment under this Section.

Regulation XI.
1806 **SECTION XX.**—With the view of promoting the convenience and happiness of the Native Commissioned and Non-commissioned Officers, &c. who may be transferred to the Invalid Jagheerdar Establishment; such Officers shall in future be entitled to the reduced pay of their Rank at the established Rates, in addition to the benefits which they derive from the lands assigned to them, viz.

All the casualties of the widows and orphans of Invalid Jagheerders are to be carefully reported to the Office of Audit.

M. C. 19th Dec.
1794 In addition to the Rules laid down, it is ordered that the bills shall be accompanied by lists of the widows and orphans, on whose account disbursements shall have been made, specifying the names and rank of the deceased persons whose widows and children are thus aided; the ages and casts of the widows and orphans; and the Villages and Tannahs to which they belong.

M. C. 25th Feb.
1793 The heirs of deceased men who may be claimants for portions of pay due to any Invalid dying in the intermediate periods of Muster, shall attend the Inspecting Officer and be paid their dues at the same time and in the same manner as ordered for the disbursement of pay at the respective Villages.

Payment of Ar-
rears due to men
deceasing how
to be made.

Any claims not preferred at the first ensuing period of payment after the casualties have happened shall be deemed inadmissible.

Regulations for the payment of the Invalid Jagheerdars by the Collectors of the several Districts.

The Collector is to be considered the Paymaster of the Establishment, and the pay is to be disbursed by his Servants in the presence of the Regulating Officer, who is to carry with him a Roll of the men in the several Villages exhibiting the dates when they were actually put in possession of their portions of land; and the Officer under whose inspection the pay is issued is to certify at the end of his circuit to the Commander in Chief, that the just claims of the several men have been satisfied in his presence.

As the Native Invalid Jagheerdars suffer much inconvenience by not receiving their pay until such time as the Collectors obtain a Bill of Exchange from the Paymaster, upon the Military Paymaster General, for the amount of the Abstract; Resolved, with a view to prevent such inconvenience in future, that the Collectors be directed to disburse the periodical payments regularly on the 1st April and 1st of October, or as soon after as may be practicable, instead of retaining the pay until Bills of Exchange shall have been granted to them for the amount, on the Military Paymaster General.

M. C. 25th May 1797

The Governor General in Council is pleased to direct that disbursements shall not on any account be made by the Regulating Officers, but that the pay of the Native Jagheerdar Invalids, and all other expences of the Tannahs, shall be paid at the stated half yearly periods, either by the Collector or by persons deputed by him to the Tannahs for that purpose, according to the Review Rolls which it is the duty of the Regulating Officer to prepare and furnish to the Collector; which Review Rolls should accompany the Pay Abstract of the Collector to the Office of Audit, as the voucher for the disbursements made by him.

G. G. G. C. 20th Mar 1804

The authorized disbursements made by the Collectors of Revenue to Native Invalids, Pensioners, and occasionally on account of ferrying Troops over Rivers in their respective Districts, will continue to be made as heretofore; the Pay Abstracts or Bills for such disbursements are not, however, to be charged on the Treasury Account of the Collector, until they shall have been passed in the Office of the Military Auditor General.

Arms, Ammunition, &c under what circumstances allowed to the Invalids.

A proportion of Balled Ammunition and a few Stands of Arms are to be given to some particular Tannahs, where they happen to be much exposed to the devastation of wild beasts, and the Regulating Officer is to indent for those articles through the Military Board.

M. C. 25th Feb. 1793.

XXIII. Section XXXIII. Regulation XLIII. 1793, is hereby declared to remain in force.

Regulation I. 1804 Regulation XLIII. 1793

Native Invalids who formerly accepted a double portion of land in lieu of all claims upon Government, are not affected by any subsequent Regulations.

XXXIII. No part of the Rules in the preceding Sections of this Regulation are to be considered applicable to the Invalids who have accepted of double portions of land under the Regulations of the Governor General in Council, passed on the 18th February, 1789, and 24th December, 1790.

Those Invalids are dispersed in different parts of the Country, receive no pay, are under no Military controul, and are entirely unconnected with the Service.

They are to be considered as Tenants of the Landholders in whose estates they are settled, and are subject to the Jurisdiction of the Civil and Criminal Courts of Judicature in the same manner as other individuals.

To secure them and their Heirs in possession of the lands which have been made over to them, the Collectors are to apply to the Zemendars to grant them Pottahs, confirming the land to them and their heirs, as Pottah Talooks, agreeably to the terms of the above-mentioned Regulations under which they received the lands, and by which all questions regarding any such grants as may have been made are to be decided.

Appointment of the Superintending Officer at the Invalid Establishment as Haupper and Regulations for his observance.

ESTABLISHMENT FOR INVALIDS AND PENSIONERS OF IRREGULAR NATIVE CORPS.

The Governor General in Council conceals in the appointment by the Right Hon'ble the Commander in Chief of Lieutenant Hunter to be Superintendent of the Invalid Establishment at Haupper, with a Salary of two Hundred Rupees per mensem, and an

allowance of one hundred and twenty Rupees per annum for Moonshies, Native Writers, &c. independent of the Pay, Batta, Tent Allowance, &c. of his Regimental Rank.

Ext. Let. Adj.
Gen. 17th Mar.
1806

A Monthly Return of the whole Establishment, under their several denominations, to be sent to Head-quarters; and a Quarterly Muster Roll to the Military Auditor General to correspond with the Pay Abstracts.

The Superintending Officer will always consult the Collector and attend to any suggestions he may offer for the better Regulation of the Department.

A Monthly Return of the Establishment to be furnished to the Collector.

The Superintending Officer will personally superintend the issue of pay, and see that every individual's claims are fairly adjusted.

In all cases of trivial dispute among the parties he will arbitrate and decide upon them, and whenever they have occasion to appeal to the Collector or Magistrate, he is to sign their Arzees in testimony of their application not being frivolous.

The Superintending Officer will grant leave of absence from time to time such extent as may gratify the wishes of the men under his charge, without allowing the indulgence to be abused; at the same time it is desirable to excite emulation and afford every encouragement, and when occasion may require it, by application to the Collector, to promote the cultivation and improvement of the lands held by the parties under his charge.

G. O. C. C.
13th Mar. 1806

The Native commissioned and non-commissioned Officers of the 1st Telinga Battalion are to be paid up and transferred to the Pension Establishment at Haupper on the full pay of their respective ranks, as received in Hindoustan in the service of Doulut Rao Scindab, with a corresponding allotment of land.

REGULATIONS FOR PENSIONS TO NATIVES IN THE ORDNANCE DEPARTMENT.

Circumstances under which Pensions are to be granted to Artificers, &c. of the Ordnance Establishments.

The Governor General in Council considers it to be of the highest importance to the Military Service of the Company, as well in a political point of view as from considerations of proper economy, that neither the Invalid Establishments or pension lists should be loaded or increased by improper objects, but that those privileges and indulgences, which are considered rewards for long services, should be granted exclusively to those entitled to them by the Public Regulations. Proc. G. G. 30th July 1801

The Governor General in Council observes that Magazine-men are not entitled by the Regulations to the Invalid Establishment, nor does his Excellency consider it to be either necessary or proper to extend the benefit of the Invalid Regulations to men of that description.

Similar objections occur against authorizing a Pensionary Establishment for Magazine-men.

The Governor General in Council is not aware of any circumstance which would afford grounds for admitting a deviation from the general rule, and for placing any of the Magazine-men upon either of the Invalid Establishments, excepting that of being rendered incapable of further duty by wounds received on actual service in the Field.

The orders of the Governor General in Council of the 30th July, 1801, are to be particularly adverted to by Officers of Ordnance upon all occasions, where claims to the benefits of the Invalid or Pensionary Establishments are preferred by Magazine-men. Proc. M. B. 27th Aug. 1801

As the grant of Pensions to ordinary Artificers of the Magazines, on account of length of service, would entail on the public a burthen some and unnecessary expence, the Military Board positively direct that no similar pretensions may ever again be so far countenanced as to be made the subject of an application to this Department. Res. M. B. 18th Oct. 1808

The Governor General in Council, adverting to the Orders of Government communicated to the Military Board under date the 30th July, 1801, concurs generally in the sentiments expressed by the Board in regard to the inexpediency of extending the indulgence of pensions or the privileges of the Invalid Establishment to people employed in the Magazine Departments under this Presidency, including the Arsenal of Fort William, and is in consequence pleased to resolve, that the mode in which provision is made for these people shall continue in force, and that each particular case shall be separately reported for the consideration and orders of the Governor General in Council, who will at all times be desirous of affording a reasonable support to persons in situations requiring such a provision to be made for them. Proc. G. G. 3 April 1809

In consideration of the circumstances stated by the Military Board relative to the situation of thirteen Sicligurs belonging to the Arsenal of Fort William, the Governor General in Council is pleased to grant to each of the persons in question a pension of Sicca Rupees three per mensem, during the period of their respective lives. The Board are accordingly directed to state where these men with their pensions, respectively, may be paid them. Proc. G. G. 28th Oct. 1807

The Governor General in Council, on a consideration of the length of service of the three Magazine-men formerly attached to the Magazine at Chunar, and of the principle Proc. G. G. 10th Apr. 1809

adopted by Government with regard to people of this description in former instances of a similar nature, is pleased to authorize their being admitted to the benefits of Pensionary support during the periods of their respective lives.

Regulations for Pensions to the Families of Men killed at the Powder Works—and to Persons belonging to the different Establishments in the Military Department.

Proc. G. G. Resolved, that a pension of 4 Rupees per month be granted to the Widows and Children of men who have served at the Powder Works; and who have been killed by explosions, upon the necessary certificate being produced.

Amount of Pensions to be granted to the widows & children of men killed by explosion at the Powder Works

Proc. G. G. The Governor General in Council referring to the Proceedings in the Department of Inspection of the 14th May, 1783, establishing Pensions for the families of men killed at the Powder Works, observes that the Pensions are confined to the Widows and Children of such men.

The Pensions, which are to be equal to the pay of the men killed, are to be paid to Widows during their widowhood, and to Children until such time as they are capable of providing for themselves.

All future certificates to be prepared according to the above explanation.

Proc. G. G. The Governor General in Council directs that the Regulation of 1783, regarding the pensions to the relatives of men killed at the Powder Works, be adhered to, in future, conformably to the orders of the 11th June last.

Children becoming entitled are to receive the pensions until they arrive at the age of twelve years, excepting in the case of females marrying before that period, in which case such females are not to receive the pension after marriage.

No children are to receive it after they shall have attained the age of twelve years.

All persons, (from the Pultah Manufactory) widows and children, entitled to the pension, are to appear before the Military Board; and the certificates to be granted them by the Agent for the Manufacture of Gunpowder, are to contain the names, age and description of each person, with the name of the village and Pergunnah or District in which they intend to reside for the future.

And Regulations for authentication of their claim and for payment of the amount.

All persons receiving the pension who reside near the Presidency should be required to appear before the Military Board once or twice in each year, to prevent the pension being paid to persons not entitled to receive it.

Those at a distance from the Presidency are required by the Regulations to appear personally before the Collectors by whom they are respectively paid.

Proc. G. G. The Governor General in Council authorizes the application of the Regulations for pensioning the Families of men, who lose their lives by explosion at the Powder Works to the families of such men as may lose their lives at the Gun Powder Works in the vicinity of Allahabad.

The Governor General in Council, however, does not deem it necessary that the persons preferring claims for Pensions should appear before the Commanding Officer at Allahabad.

The claims are to be examined into by the Agent at Allahabad in the same manner as claims of a similar nature are by the Agent at Pultah, and to be submitted to Government through the Military Board.

FORM OF CERTIFICATE.

Res M. B. 14th Sept. 1807 This is to certify, that the bearer hereof, Mahomed Huseyn, aged about 7 years, is the only child of the late Dooft Mahomed, who was killed by the explosion of the Pilon Mill No. 7, on the 7th April last; that his residence is in the Pergunnah of Abdalnugur in Chittagong, whither he purposes to return; that there being no other person who has any claim on the deceased, three Sicca Rupees per mensem, from the above date, will be an adequate provision for him.

PULTAH, 1st of ————, 1807.

The certificates of the Pensioners are to be sent to Government, with a request from the Military Board, that the Board of Revenue may be instructed to issue orders for the Pensioners being paid the arrears that may be due, and the monthly stipend, by the Collectors.

The certificate will be returned to the Military Board, whence a duplicate on parchment is to be issued to the Pensioner.

Directions to be observed in fixing the amount of Pensions which may be granted to Natives, &c. for whom no Provision is made on the Invalid Establishment.

PARA. 146th.—We do not object to the principle of granting, in particular instances, Pensions to Natives who have served the Company long and faithfully; but we are of opinion that a pension considerably less than the whole pay received by such Native servants, during the time of their efficient employment, would be an adequate remuneration and provision for them.

147th.—This rule is invariably observed in all pensions granted to Invalid Native Officers and Soldiers, and we direct that in future no more than the same proportional pension be granted to any Native servant.

TO THE PRESIDENT AND COUNCIL AT FORT WILLIAM, IN BENGAL.

TO all to whom these presents shall come

The Court of Directors of the United Company of Merchants of England, trading to the East Indies, send greeting ; Whereas by an act made and passed this present session of Parliament, held at Westminster, entitled an act for punishing mutiny and desertion of Officers and Soldiers, in the Service of the United Company of Merchants of England, trading to the East Indies, and for the punishment of offences committed in the East Indies, and at the Island of St. Helena ; it is amongst other things enacted, that His Majesty may grant a Commission or Warrant, under His royal sign manual, unto the Court of Directors of the said United Company, who by virtue of such Commission or Warrant, have power, under the seal of the said United Company, to authorize and empower their President and Council, for the time being, at their principal Settlements respectively, or the major part of them, and their Governor and Council, for the time being, or the major part of them at the Island of St. Helena, from time to time, to appoint Courts Martial, and to authorize and empower the Commander of any Detachment of any of the Officers and Soldiers employed in the said Company's Service, to appoint Courts Martial for the trial of any of the Officers or Soldiers under their respective commands, in which Courts Martial all the Officers in the act mentioned should be tried and proceeded against in such manner as by the said act is directed. And whereas it is enacted in and by the aforesaid act of Parliament, that it shall and may be lawful to and for His Majesty to form, make and establish Articles of War, for the better government of the said United Company's Forces, and for bringing offenders against the same to justice, and erect and constitute Courts-martial, with power to hear, try and determine any crime or offence by such Articles of War, and inflict penalties by sentence or judgment of the same, as well within the said United Company's limits of trade, as in the said Island of St. Helena ; and whereas in pursuance of the said act of Parliament His Majesty hath made and established Articles of War, for the better government of the said United Company's Forces, and for bringing offenders against the same to justice, and His Majesty by His Commission or Warrant under His sign manual bearing date 6th March, 1754, hath given power to the Court of Directors of the said United Company, under the seal of the United Company of Merchants of England, trading to the East Indies, to authorize and empower each President and Council, or the major part of them, for the time being, at the said Company's principal Settlements at Fort William, at Calcutta in Bengal, Fort St. George, and the Island of Bombay respectively, and the Governor and Council, or the major part of them, at

the island of St Helena, to give power to them respectively, to authorize and empower the Commander-in-Chief, for the time being, of any Detachment of Officers and Soldiers in the Company's Service, to appoint, from time to time, General or Regimental Courts-martial, to be constituted and consist of a President (who is not to be the Commander-in-Chief, nor Governor of the Garrison where the offender shall be tried) and such a number of Officers of such ranks and quantities as by the Articles of War are directed and required, which Courts-martial shall be held where and when the person or persons empowered to appoint Courts-martial shall think proper and necessary, for the trial and punishment of mutiny, desertion, immoralities, misbehaviour, neglect of duty, or other offences, mentioned in the said Act of Parliament and Articles of War; and to authorize and empower the person or persons, by whose warrant or authority the Courts-martial should be held, to cause sentence to be executed according to the judgment pronounced by the Courts-martial so constituted and appointed aforesaid, against the person or persons so offending, either pain of death, or such other pains or penalties as shall be thought fit to be inflicted by the said Courts-martial, or to mitigate, pardon, or suspend the same, as in their discretion they shall see cause; and that the said Court of Directors shall give authority for appointing persons to officiate from time to time as Judge-Advocate, at such General Courts-martial and on all other occasions. Now know ye, that the Court of Directors of the United Company of Merchants of England, trading to the East Indies, in pursuance of His Majesty's aforesaid Warrant or Commission, under His royal sign manual, bearing date St. James's, 6th of March, 1754, do authorize and empower the President and Council, or the major part of them, for the time being, of the said United Company's Settlement at Fort William, in the East Indies, to authorize and empower the Commander in Chief, for the time being, of any Detachment of Officers and Soldiers in the Company's Service, detached from the aforesaid principal Settlement of Fort William, to appoint, from time to time, General or Regimental Courts-martial, for the trial of any of the Officers or Soldiers under his command, to be constituted and consist of a President, (who is not to be the Commander in Chief, nor Governor of the Garrison where the offenders shall be tried) and such a number of Officers of such ranks and quantities, as by the Act of Parliament and Articles of War are directed and required, which Courts-martial shall be held when and where such Commander in Chief for the time being, shall think necessary, for the trial and punishment of mutiny, desertion, immoralities, misbehaviour, neglect of duty, or other offences mentioned in the said Act of Parliament and Articles of War; and the said Court of Directors, in pursuance of the said Commission or Warrant, do further authorize and empower the said President and Council, or major part of them, for the time being, at Fort William, to authorize such Commander in Chief, for the time being, to cause sentence to be carried, according to the judgment pronounced by the Courts-martial so constituted and appointed as aforesaid, against the person or persons offending, either of pains of death, or such pains or penalties as shall be thought fit to be inflicted by the said Courts-martial; or to mitigate, pardon, or suspend the same, as in discretion he shall see cause; and the said Court of Directors do hereby give authority for appointing persons to officiate, from time to time, as Judge-Advocates at General Courts-martial, and on all other occasions. In witness whereof, the said Court of Directors have caused the common seal of the United Company of Merchants of England, trading to the East Indies, to be hereunto affixed, at the East India House in London, this twenty-seventh year of the reign of our Sovereign Lord, George the Second, by the Grace of God, of Great Britain, France and Ireland, King, Defender of the Faith, &c. and in the Year of our Lord, One Thousand Seven Hundred and Fifty-four.

The penalty of running away from the enemy or speaking words to induce others to do the like, or of plundering

ART. XIII.—Whatever Officer or Soldier shall misbehave himself before the Enemy, and run away, shamefully abandon any Fort, Post, or Guard, which he or they shall be commanded to defend, or speak words inducing others to do the like; or who, after victory, shall quit his Commanding Officer or Post, to plunder and pillage: every such offender, being duly convicted thereof, shall be reputed a disobeyer of Military Orders; and shall suffer Death, or such other punishment, as by a General Court-martial shall be inflicted on him.

The penalty of casting away Arms or Ammunition

ART. XIV.—Any person belonging to the Forces, who shall cast away his Arms or Ammunition, shall suffer such Punishment as shall be ordered by the Sentence of a Court-martial.

The penalty of making known the watchword or giving a false one.

ART. XV.—Any person belonging to the Forces, who shall make known the Watch Word to any Person, who is not intitled to receive it according to the Rules and Discipline of War, or shall presume to give a Parole or Watch Word different from what he received, shall suffer such punishment as shall be ordered by the Sentence of a Court-martial.

Officers and Soldiers are to be orderly in quarters, and on their march.

ART. XVI.—All Officers and Soldiers are to behave themselves orderly in Quarters, and on their March; and whosoever shall commit any Waste or Spoil, either in Walks of Trees, Parks, Warrens, Fish-ponds, Houses, or Gardens, Corn-fields, Inclosures, or Meadows, or shall maliciously destroy any property whatever, unless by Order of the then Commander in Chief of the Forces (where the Service may require it), he or they that shall be found guilty of offending herein, shall be punished according to the nature and degree of the offence, by the Judgment of a Court-martial.

The penalty of spoiling the property of any person, unless by order to annoy the enemy.

ART. XVII.—Whosoever shall relieve the Enemy with money, victuals, or ammunition, or shall knowingly harbour or protect an enemy, shall suffer such punishment as by a Court-martial shall be inflicted.

The penalty of relieving or harbouring an enemy.

The Penalty of holding a correspondence, or giving intelligence to the enemy.

ART. XVIII.—Whosoever shall be convicted of holding correspondence with, or giving Intelligence to, the Enemy, either directly or indirectly, shall suffer Death, or such punishment as by a Court-martial shall be inflicted.

ART. XIX.—All Public Stores taken in the Enemy's Camp, Towns, Forts, or Magazines, whether of Artillery, Ammunition, Cloathings, Forage, or Provisions, shall be secured for the Service. Public Stores to be secured for the Service.

ART. XX—If any Officer or Soldier shall leave his Post or Colours to go in search of Plunder, he shall, upon being convicted thereof before a Court-martial, suffer Death or such other punishment as by a Court-martial shall be inflicted. The penalty of going in search of plunder.

ART. XXI.—If the Governor or Commander of any Garrison, Fortress, or Post, shall be compelled by the Officers and Soldiers under his command to give it up to the Enemy, or to abandon it, the Commissioned Officer, Non-commissioned Officer, or Soldier, who shall be convicted of having so offended, shall suffer Death, or such other punishment as may be inflicted upon them by the Sentence of a Court-martial. The penalty of compelling the Commander of any Fortress, or a Post, to give it up to the enemy.

ART. XXII.—All Suttlers and Retainers to a Camp, and all persons whatsoever serving with the Forces in the Field, though not enlisted Soldiers, are to be subject to Orders, according to the Rules and Discipline of War. Suttlers and Retainers to the Camp to be subject to Military Orders.

ART. XXIII.—Officers having Brevets, or Commissions of a prior date to those of the Regiment in which they now serve, may take Place in Courts-martial and on Detachments, when composed of different Corps, according to the Ranks given them in their Brevets, or Dates of their former Commissions; but in the Regiment, Troop, or Company, to which such Brevet Officers and those who have Commissions of a prior Date, do belong, they shall do duty, and take Rank both on Courts-martial and on Detachments, which shall be composed only of their own Corps according to the Commissions by which they are mustered in the said Corps. Brevets.

S E C T. XII.

ADMINISTRATION OF JUSTICE.

ART. I.—A General Court-martial in the East Indies shall not consist of less than nine Commissioned Officers, and the President of such Court-martial shall not be the Commander in Chief, or Governor of the Garrison, where the offender shall be tried, nor under the degree of a Captain. General Court-martial in the East Indies.

ART. II.—A General Court-martial in the Island of Saint Helena shall not consist of less than five Commissioned Officers, and the President of such Court-martial shall not be the Commander in Chief, or Governor of the Garrison, where the offender shall be tried, nor under the degree of a Lieutenant. General Court-martial in the Island of Saint Helena.

ART. III.—The Members both of General and Regimental Courts-martial shall, when belonging to different Corps, take the same Rank which they hold in the Army; but when Courts-martial shall be composed of Officers of one Corps, they shall take their Ranks according to the dates of the Commissions by which they are mustered in the said Corps. Members of Courts-martial are to take the same rank in their Sitzings, as they hold in the Army.

ART. IV.—The person officiating as Judge-Advocate shall prosecute in His Majesty's name; and, in all trials of Offenders by General Courts-martial, administer to each Member the following Oaths: Exception.
Judge Advocate to prosecute, and administer the Oaths.

YOU shall well and truly try and determine, according to your Evidence, in the matter now before you, between Our Sovereign Lord the King's Majesty, and the Prisoner to be tried. The Oaths to be administered to the Members of the Court.

I, A. B., do swear, that I will duly administer Justice according to the Rules and Articles for the better Government of the Officers and Soldiers in the Service of the United Company of Merchants of England trading to the East Indies, and according to an Act of Parliament now in Force, for the Punishment of Mutiny and Desertion of Officers and Soldiers in the Service of the United Company of Merchants of England trading to the East Indies, and for the Punishment of Offences committed in the East Indies, or at the Island of Saint Helena, without Partiality, Favour or Affection; and if any Doubt shall arise,

which is not explained by the said Articles, or Act of Parliament, according to my Conscience, the best of my Understanding, and the Custom of War in the like Cases. And I do further swear, that I will not divulge the Sentence of the Court, until it shall be approved by the General or Commander in Chief, or the Person or Persons by whose Warrant or Authority the Court-martial shall be held; neither will I, upon any account, at any time whatsoever, disclose or discover the Vote or Opinion of any particular Member of the Court-martial, unless required to give Evidence thereof as a Witness by a Court of Justice in due Course of Law.

The Judge-Advocate to be sworn.

And so soon as the said Oath shall have been administered to the respective Members, the President of the Court shall administer to the Judge Advocate, or the Person officiating as such, an Oath in the following Words :

The Oath.

I, A. B., do swear, that I will not upon any Account, at any time whatsoever, disclose or discover the Vote or Opinion of any particular Member of the Court-martial, unless required to give Evidence thereof, as a Witness, by a Court of Justice in the Course of Law.

Decency to be observed in Courts, and the youngest to give his vote first.

ART. V.—All the Members of a Court-martial are to behave with Decency ; and, in the giving of their Votes, are to begin with the youngest.

Rules to be observed in the Proceedings of a General Court-martial.

ART. VI.—All Persons who give Evidence before a General Court-martial, are to be examined upon Oath ; which Oath the General Court-martial is hereby required and impowered to administer to every Witness, in order to the Examination or Trial of any of the offences that shall come before them ; and no Sentence of Death shall be given against any offender by any General Court-martial, unless two Thirds of the Officers present (or Four, where the General Court-martial consists of no more than Five) shall concur therein.

Rules to be observed in the trial of Field Officers.

ART. VII.—No Field Officer shall be tried by any Person under the Degree of a Captain ; nor shall any Proceedings or Trial be carried on, excepting between the Hours of Eight in the Morning, and of Three in the afternoon ; except in cases which require an immediate Example.

Rules to be observed before execution of the Sentence of a General Court-martial.

ART. VIII.—No Sentence of a General Court-martial shall be put in Execution, till after a Report shall be made of the whole Proceedings to the General or Commander in Chief, or the Person or Persons by whose warrant or authority the Court-martial shall be held, and his or their Directions shall be signified thereupon.

Rules to be observed in composing the Members of Courts-martial.

ART. IX.—For the more equitable Decision of Disputes, which may arise between Officers and Soldiers belonging to different Corps, we direct, that the Courts-martial shall be equally composed of Officers belonging to the Corps in which the Parties in question do then serve ; and that the Presidents shall be taken by Turns, beginning with that Corps which shall be eldest in Rank.

Every Regiment may hold a Regimental Court-martial for trial of lesser offences

ART. X.—The Commissioned Officers of every Regiment, Troop, or Company, may, by the appointment of their Commanding Officer, hold Regimental Courts-martial for the enquiring into such Disputes, or criminal matters, as may come before them, and for inflicting corporal Punishments for small offences, and shall give Judgment by the Majority of Voices ; but no Sentence shall be executed till the Commanding Officer (not being a Member of the Court-martial) or the Governor of the Garrison shall have confirmed the same.

Rules to be observed in Regimental Courts-martial.

ART. XI.—No Regimental Court-martial shall consist of less than Five Officers, (excepting in cases where that Number cannot be conveniently assembled, when three may be sufficient) who are likewise to determine upon the Sentence by the majority of Voices ; which Sentence is to be confirmed by the Commanding Officer, not being a Member of the Court-martial.

Officers commanding in Forts, or Barracks, may appoint Regimental Courts-martial

ART. XII.—Every Officer commanding in any of the Forts, Castles, or Barracks, or elsewhere, where the Corps under his command consists of Detachments from different Regiments, Troops, or Companies, may assemble Courts-martial for the trial of Offenders, in the

same manner as if they were Regimental, whose Sentence is not to be executed till it shall be confirmed by the said Commanding Officer. 1st Court-martial.

ART. XIII.—No Person whatsoever shall use menacing words, signs, or gestures, in the presence of a Court-martial then sitting, or shall cause any Disorder or Riot, so as to disturb their Proceedings, on the Penalty of being punished at the Discretion of the said Court-martial. The Penalty of menacing Words, Gestures, or Disturbance, before a Court-martial

ART. XIV.—To the end that offenders may be brought to Justice, we hereby direct, that whenever any Officer or Soldier shall commit a crime deserving Punishment, he shall by his Commanding Officer, if an Officer, be put in Arrest; if a Non-commissioned Officer or Soldier, be imprisoned till he shall be either tried by a Court-martial, or shall be lawfully discharged by a proper Authority. How a Commanding Officer is to proceed when an Officer is put in Arrest, or Soldier committed to Custody.

ART. XV.—No Officer or Soldier who shall be put in Arrest, or imprisoned, shall continue in his confinement more than Eight Days, or till such time as a Court-martial can be conveniently assembled. The Time limited for Confinement.

ART. XVI.—No Officer commanding a Guard, or Provost-martial, shall refuse to receive, or keep any Prisoner committed to his charge, by any Officer belonging to the Forces; which Officer shall, at the same time, deliver an account in writing, signed by himself, of the crime with which the said Prisoner is charged. Officer of the Guard, or Provost-martial, to receive Prisoners.

ART. XVII.—No Officer Commanding a Guard, nor Provost-martial, shall presume to release any Prisoner committed to his charge, without proper Authority for so doing; nor shall he suffer any Prisoner to escape, on the Penalty of being punished for it by the Sentence of a Court-martial. The Penalty if an Officer, or Provost-martial release a Prisoner without Orders.

ART. XVIII.—Every Officer or Provost-martial, to whose charge Prisoners shall be committed, is hereby required, within twenty-four hours after such commitment, or as soon as he shall be relieved from his Guard, to give in writing to the Commanding Officer of the Regiment, Troop, or Company, to whom each Prisoner belongs, their names, their crimes, and the names of the Officers who committed them; and where the Prisoner is confined, on the Penalty of his being punished for his disobedience or neglect, at the discretion of a Court-martial. Prisoners' names and crimes to be returned within 24 Hours.

ART. XIX.—And if any Officer under arrest shall leave his confinement, before he is set at liberty by the Officer who confined him, or by a superior power, he shall be cashiered for it. The Penalty if an Officer break his Arrest

ART. XX.—Whatever Commissioned Officer shall be convicted before a General Court-martial, of behaving in a scandalous infamous manner, such as is unbecoming the character of an Officer and a Gentleman, shall be discharged from the Service. Officers convicted of ill behaviour to be cashiered.

ART. II.—For differences arising amongst themselves, or in matters relating solely to their own Corps, the Courts-martial may be composed of their own Officers; but where a number sufficient of such Officers cannot be assembled, or in matters wherein other Corps are interested, the Officers of Artillery shall sit in Courts-martial with the Officers of the other Corps, taking rank according to the dates of their respective Commissions, and not otherwise.

S E C T. XV.

RELATING TO THE FOREGOING ARTICLES.

These articles
to be read once
every two
months.

ART. I.—The foregoing articles are to be read and published once in every two months at the head of every Regiment, Troop, or Company, mustered or to be mustered in the Service; and are to be duly observed, and exactly obeyed, by all Officers and Soldiers who are or shall be in the Service.

Crimes not capi-
tal, prejudi-
cial to order
and discipline,
cognizable and
punishable by
Court-martial.

ART. II.—All crimes not capital, and all disorders, or neglects, which Officers and Soldiers may be guilty of, to the prejudice of good Order and Military Discipline, (though not mentioned in the above Articles of War) are to be taken cognizance of by a Court-martial, and to be punished at their discretion.

The foregoing
Rules to be ob-
served by His
Majesty's Land
Forces sent to
the East Indies.

ART. III.—And it is our further will and pleasure, that whenever any of our Land Forces shall be sent into the *East Indies*, they shall, whilst employed there, duly observe and obey the foregoing rules and articles for the better Government of the Officers and Soldiers in the Service of the United Company of Merchants of *England* trading to the *East Indies*; and be subject to the pains and penalties therein specified for crimes and offences against the same.

ART. IV.—The Officers of our said Land Forces, so employed in the *East Indies*, are on all Detachments, Courts-martial, or other duty, wherein they may be joined with Officers of the said United Company, to command and take Part of the said United Company's Officers, though the Commissions of the said Company's Officers, of the like rank, should be of elder dates. (The Officers of the Company's Army receive His Majesty's Commissions corresponding to those of the rank they attain in the Company's Service.)

Officers, on Duty, of the King's Forces, to command and take Part of the Company's Officers.

ART. V.—Whenever any of the Troops shall be employed, where there is no Court of Civil Judicature, the Officer Commanding in Chief, having the Warrant or Power of appointing General Courts-martial, shall order any person of the said Troops, who may be guilty of wilful murder, theft, robbery, rapes, coining, or clipping the current coin of the Country where they may be, or of any other capital crime or offence, to be tried by such General Courts-martial, and be punished with death or otherwise, according to the sentence of the Court. And whenever any of our Forces shall be employed in the *East Indies*, the Officer Commanding in Chief shall appoint General Courts-martial for trying and punishing offenders in our said Forces; who may be guilty of the aforementioned crimes, in the manner above directed.

Commander in Chief to appoint Courts-martial for Trial of Capital and other offences, where there is no Court of Civil Judicature.

Regulation II.
1809. passed
24th Feb. 1809

I. By the annual Acts of Parliament for the Government of His Majesty's Forces; provision is made for empowering Officers Commanding in Chief, not only to appoint Courts-martial, but to authorize Officers under their command with certain restrictions to convene such Courts, and a similar provision for the delegation of this authority is contained in the Act passed in the twenty-seventh year of GEORGE the Second, for the prevention of mutiny and desertion in the Company's Force. But this latter act applies only to European Officers and Soldiers in the Company's Service, and no regular provision has hitherto been made for enabling the Commander in Chief to delegate the power of appointing Native General Courts-martial. When detachments from the Bengal Army may be sent on Foreign Service; or to Stations beyond Sea; it is obviously necessary, that such a power should exist; in such cases it may frequently be difficult to procure the number of Officers at present requisite for the formation of a General Native Court-martial. In the acts above referred to, in contemplation of the same difficulty, it is provided, that in Africa, and New South Wales, (in respect of the King's Troops,) and in St. Helena (in respect of the Company's Troops,) General Courts martial may consist of any number of Officers not less than five; but no sentence of death is to be passed unless two-thirds of the Officers present, or four where the Court consists of five, may concur therein. With a view to uniformity in the Law Martial for the Government of the Native Troops, the following rules are enacted by the Governor General in Council.

Regulation enabling the Commander in Chief to delegate the power of appointing General Courts-martial on Native Officers and Soldiers of the Bengal Army serving beyond sea.

II. Whenever a Detachment of the Bengal Native Troops may be on Foreign Service, or at Prince of Wales's Island, Fort Marlborough, Malacca, or any other part of the British possessions beyond sea, the Commander in Chief of the Forces in Bengal shall have power to issue his warrant to the Officer Commanding in Chief where such Detachment is stationed or serving, authorizing him to convene Native General Courts-martial as occasion may require. The Commander in Chief may also delegate by his Warrant to such Commanding Officer, either absolutely or under such restriction as he shall think fit, the power of confirming or directing the revision of the sentence of Courts martial.

Commander in Chief may issue his warrant to the Commanding Officers of Native Detachments on Foreign Service, or beyond sea, to convene General Courts-martial.

III. A Native General Court-martial shall not consist of fewer than nine Native Commissioned Officers, Subadars, or Jemadars, unless such Court-martial be holden by virtue of a Warrant from the Commander in Chief, in the situations and under the circumstances mentioned in the preceding section. In cases of General Courts-martial to be holden, where the number of nine Officers cannot, in the judgment of the Officer convening the same, be conveniently assembled, any number of Native commissioned Officers, Subadars, or Jemadars, not less than five, shall be competent to form such General Courts-martial for the trial of Native Officers or Soldiers belonging to such Detachments. But no sentence of death shall be passed by such Courts-martial, unless two-thirds of the members, or four where the Court consists of five, shall concur therein.

Of what number of Native Officers such Courts-martial shall consist and what number to concur in sentence of death.

Adv. General
25th Sept. 1806

"I am of opinion Government cannot legally adopt the Articles of War referred to, (those established for His Majesty's Troops) with regard to any British Subjects in the

Articles of War for His Majesty's Troops

cannot be adopted for the European Troops in the Company's Service.

Company's Military Service, because the Law, as to them, is fixed by the Act of the 27th of George the 3rd and the Articles of War made under it, which this Government has no power to alter or extend."

The Commander in Chief for the time being may give directions on the Proceedings of Courts-martial held under the Orders of his Predecessor.

"I request you to report to the Right Hon'ble the Governor General in Council, that I am of opinion the Commander in Chief for the time being has authority to give directions upon the Proceedings of Courts-martial appointed by his predecessor.

Ext. Let. Adv. Genl. 10th July, 1807

The words of the 8th Article 12th Section of the Company's Articles of War are, that a report shall be made to the General or Commander in Chief, or the person by whole Warrant the Court-martial shall be held; their meaning appears to me to be very plain, independantly of the reason of the thing, and the mischief which would follow from a contrary construction.

As the cases are those of Officers and Soldiers in the Hon'ble Company's Service, it is upon this Article alone that the question turns."

JUDGE ADVOCATES.

Appointments of Judge Advocate General, &c whence to originate.

Conformably to the orders of the Governor General in Council, dated 9th April, 1801, on the appointment of Captain W. Hawkes, to be Deputy Judge Advocate General to the Stations of Danapoor and Chunar, the nomination or recommendation of persons to fill the situation of Judge Advocate General, or Deputy Judge Advocate General, should originate with the Governor General.

Proc. V. P. 12th Sept 1805

Allowances to the Judge Advocate General.

Salary to the Judge Advocate General, per mensem, --- Sonat Rupees 400
Allowance for Writers, ---- 150
The Judge Advocate General is also allowed for Office Rent, per mensem, St. Rs. 250

Ext. Code of Bengal Milit. Regns published 1st Jan. 1791

The Board concurring in opinion with the Commander in Chief as to the inadequacy of the allowances of the Judge Advocate General to the importance of the Office; Agreed, that an increase of Salary of 300 Sicca Rupees per mensem be annexed to that Office.

M. C. 17th Oct. 1796

Deputy Judge Advocates General appointed and their allowances fixed

Resolved, that the Governor General be requested to appoint two Gentlemen of ability to officiate as Deputy Judge Advocates General, one at the Stations in the Field, and the other at those of Danapoor and Chunar.

M. C. 27th Dec. 1787

Resolved, that the Gentlemen who shall be nominated to these Offices be permitted to draw the following allowances, viz. the Pay and Batta of their Military Rank, and Staff allowance, 210 Sonat Rupees, per month, in lieu of all charges whatever, except the boat allowance of the Rank of Captain, which they are permitted to draw when they shall have occasion to remove from one Station to another in discharge of their duties.

Agreed, at the recommendation of the Commander in Chief, that the Staff allowance of Sonat Rupees 210, per mensem, to the Deputy Judge Advocates, be increased to Sonat Rupees 300, including every charge.

M. C. 3d July 1795

The Deputy Judge Advocate in the Field is to receive the Tent allowance of Captain if not entitled to superior Tent Allowance by his established rank.

M. C. 24th June 1796

The Governor General in Council confirms the Retrenchment made by the Military Auditor General of the Tent allowance drawn by Captain Hawkes, Deputy Judge Advocate at Danapoor and Chunar.

Proc. G. G. 19th May 1803

Allowances to be received by Officers officiating as Deputy Judge Advocates General

The whole allowance to be received by persons appointed to do the duty of Deputy Judge Advocate, as occasion may require, is to be Sonat Rupees 7 per diem during the sittings of Courts-martial, as well within as without the Provinces.

M. C. 28th Aug. 1789

To ascertain the number of days for which the occasional Deputy Judge Advocates are to draw the allowance of Sonat Rupees 7, it is resolved, that the sittings of the Courts-

G. O. C. 12th Sept 1788

martial shall be considered to commence with the day upon which the Court assembles, and to end with the date of the order directing it to be dissolved, both days inclusive.

G. O. 18th
March 1787

It having been represented to Earl Cornwallis, that the Officers belonging to the Danda-poor Station have declined to officiate as Judge Advocates on the allowance at present granted for such occasional duty, it is directed, in order to remove the inconvenience in the present instance and to provide against it in future, that the Adjutants of the several Native Corps at that Cantonment shall be ordered to superintend, by turns, the Proceedings of all Native General Courts-martial that may be assembled there.

Provision for the performance of the duties of Judge Advocate at Native General Courts-martial in event of Officers declining to officiate.

The only allowance to be granted during the sittings of the Court is two Rupees per day to an European Non-commissioned Officer for transcribing the Proceedings and furnishing Stationery.

This allowance is to be drawn in a bill, signed by the Brigade Major, and accompanied with a certificate to ascertain the number of days for which it may be due.

This Regulation to extend to every Station of the Army where it may be found necessary to carry it into execution.

G. O. C. C.
27th June 1811

It having come to the knowledge of the Commander in Chief that the Public Documents and Records, appertaining to the Office of Deputy Judge Advocate General, have not always been preserved and delivered over to the Officers who have successively held that situation, with that care and attention which the importance of all documents of this nature deserves,—His Excellency is pleased to prescribe the following Rules for the future guidance of the Deputy Judge Advocates General on this Establishment, and all Officers who shall hereafter officiate in that capacity.

Regulations for the preservation and transfer of the records in the Office of the Deputy Judge Advocate General.

All Official Letters written by the Deputy Judge Advocates General are to be fairly entered into a Book specially appropriated for that purpose, and all original papers and documents of every description which they may receive in their official capacity must be carefully preserved and docketed.

Office Copies of the Proceedings of all Courts-martial and Courts of Enquiry are in future to be carefully preserved by the Deputy Judge Advocates General, and a Register made of them: a transcript of which is annually to be sent, on the commencement of every year, to the Judge Advocate General in Calcutta.

In the event of any established Deputy Judge Advocate General being removed by promotion or otherwise, an inventory is to be made of all documents and books in his Office, which are to be delivered over to his successor on his giving his receipt for the same.

A Copy of this Inventory, together with the succeeding Deputy Judge Advocate General's acknowledgment that the Office and Records have been delivered over to him in due form, is to be sent for record to the Judge Advocate General in Calcutta, and a similar Copy to the Adjutant General at Head-quarters.

Whenever it may happen that the Proceedings of a Court-martial may not be conducted by one of the established Deputy Judge Advocates General, the Officer who shall officiate in that capacity will lodge, in the Office of the Deputy Judge Advocate General of the Division in which such Court-martial shall have been assembled, as early as may be practicable, the original Draft of its Proceedings, with all original documents connected therewith, taking a receipt for the same for his own security and indemnification, in the event of their being required subsequently for reference.

Ext. Let. Adv.
Genl. 16th
Dec. 1806

"There is not only no legal objection to the Deputy Judge Advocate General's officiating in that capacity at a Court-martial after having assisted at a Court of Enquiry ordered for the purpose of ascertaining whether there were sufficient grounds for ordering such Court-martial, but I apprehend that it is regularly a part of the duties of his Office to assist, when he is required to do it, at Courts of Enquiry for the purpose of informing the Court, as well as at Court-martial for the purpose of prosecuting."

Judge Advocates may officiate at Court-martial held in consequence of Courts of Enquiry at which they have assisted.

Interpreters.

G. O. C. C.
25th May 1806

Whenever it may be necessary to employ Interpreters at Courts-martial, a temporary appointment during the sittings of the Courts-martial, with an allowance proportioned to the nature and extent of the Service, will be authorized.

Regulation for the appointment of Interpreters at Courts-martial, &c. and for their allowance while employed.

The Vice President in Council is pleased to vest a discretionary power in all General Officers, or others possessing authority to order Courts-martial or Courts of Enquiry, to appoint Interpreters whenever such a measure may appear to them necessary, and to authorize the Military Auditor General, upon the Orders for such purpose being confirmed by the Commander in Chief, to pass the allowance granted to Interpreters at General Courts-martial. G. O. V. P.
19th Decr. 1809

In future Officers appointed to officiate as Interpreters at General Courts-martial, with the sanction of Government or of the Commander in Chief, will be allowed, during the actual sittings of the Court, (to be certified by the President) at the rate of a Gold Mohur per diem. Proc. G. C.
4th Aug. 1803

All Interpreters assisting at Courts-martial are to be sworn.

The Vice President in Council is pleased to direct that all Interpreters to Courts-martial be sworn when officiating in such capacity. G. O. V. P.
19th Decr. 1809

Form of the Oath,

The Oath to be administered to Interpreters may be as follows:

"You shall well and truly interpret and translate in all cases in which you shall be applied to in the course of the present trial; and you shall not communicate or discover to any person or persons any part of the Proceedings, until the Sentence to be pronounced shall have been approved by his Majesty or by the Commander in Chief."

The Proceedings of the Court appear to the Commander in Chief to be illegal, there being no record on the whole course of the trial from which it can be understood that the Interpreters employed on the occasion were duly sworn.

When the arrest of an Officer has been reported to Headquarters, he is not to be released without permission from thence.

Restrictions to be observed by Officers when under arrest.

The Commander in Chief takes this occasion to explain that whenever an Officer is put under arrest, he is strictly and invariably to consider himself confined to his Quarters, Tent or other place of Residence, until regular application be made to the Commanding Officer for the liberty or range of the Garrison, Cantonment or Camp; by whom it will in most instances be granted, or when necessary referred to the Commander in Chief. Courts of Enquiry to be assembled for the investigation of charges

The frequent assembling of General Courts-martial being productive of much inconvenience to the Public Service, the Commander in Chief directs that when a charge shall be preferred against either an European or Native, the Senior Officer on the spot shall order a full investigation to be made into the grounds of the complaint, the result of G. which, accompanied by his own report and a list of the witnesses who have been examined, is to be forwarded to the General Officer Commanding in the District.

In the event of the General Officer Commanding in the District not being satisfied that there are sufficient grounds to bring the person accused to trial, or that the Enquiry has been carried to the extent which circumstances of the case admitted, he will hereupon direct such further investigation to be made as he may deem necessary; and if, on consideration of the whole of the Proceedings, he shall be convinced that the charges are frivolous or ill founded, he will thereupon order the Prisoner to be enlarged; and report the whole particulars to Head-quarters.

In drawing up the charges, accuracy and precision are indispensable.

All charges ought to be drawn out in so full and clear a manner as to leave no room for doubt or misconception; and it is the duty of the Judge Advocate to remonstrate against the Court's proceeding to trial on a charge that is deficient in accuracy or perspicuity.

All charges to

and precision;
Directions to

the preparation
of charges.

G. O. C. C. The Commander in Chief directs, that the utmost accuracy and precision be observed in drawing up such charges as are meant to be tried at a Military Tribunal, that the nature of the offence, the time when the Act or Acts were committed, and the principal circumstances connected with the crime, be particularly specified; and persons officiating in the capacity of Judge Advocates are enjoined to pay particular attention to the regularity of the Proceedings of Courts-martial on which they shall be employed.

G. O. G. G. The charge preferred against Lieutenant Patman, of the 18th Native Regiment, is improperly limited to the conduct of that Officer on the 31st July, 1802.

The charge should have been drawn out with sufficient latitude and perspicuity of expression to have distinctly comprehended the examination of such circumstances in the conduct of Lieutenant Patman, previously to the 31st of July, as might have afforded further illustration of the nature of the offence committed by that Officer on that day.

It was, however, an error in the Proceedings of the Court-martial on this Trial to limit the examination of the evidence to the transactions of the 31st of July.

The Prisoner could not have been found guilty upon the proof of any fact committed previously to the day specified in the charge; but evidence of any circumstance which happened previously to that day was admissible for the purpose of illustrating and confirming the criminality of the facts which formed the substance of the charge.

The procedure of the Court in this instance has circumscribed the enquiry within limits so confined as to admit of a doubt, whether the result of the evidence required the Sentence passed by the Court.

G. O. C. C. His Lordship directs, that the practice of warning Officers to remain in waiting, in addition to those who are ordered to sit as members of the Court, be discontinued; but, instead of that precaution, to obviate the delay and inconvenience which would arise to the Service from the Proceedings of General Courts-martial being interrupted, by the number being reduced below thirteen, from illness or any other accident happening to any of the members, it is to be considered as a Standing Regulation, that all General Courts-martial shall in future consist of a President and fourteen, and never of less than a President and thirteen Members, except in situations where the extra Officers cannot be obtained without detriment to other services.

G. O. C. C. The Commander in Chief directs that it be considered a Standing Regulation, that at all European and Native General Courts-martial, the Judge Advocate shall, previous to swearing the Members, allow to the Prisoner the exercise of the established and important right of objecting to any of the Members composing the Court, and that in all cases the question offering the option of Challenge to a Prisoner, together with his reply thereto, and the consequent Proceedings thereon, shall be entered at length in the Proceedings.

The option of

G. O. C. C. The Commander in Chief has to remark a great negligence and want of precision in the examination of witnesses.

In some instances the enquiry has not been pushed sufficiently to insure the ends of Justice, although it appeared clear from the Proceedings that, with more attention on the part of the Court, the charges might have been substantiated.

Orders relative
to the examina-
tion of evidence

It is the peculiar province of the Judge Advocate to summon every person whose testimony is in any shape necessary to the Prosecution or Defence, and to guard against the examination of evidences being hurried over in a negligent or careless manner.

The Commander in Chief has been led to make the foregoing observation from having remarked that persons on whose testimony, as given at a Court of Enquiry, the crimination or acquittal of the Prisoner seemed principally to rest, have not been examined at the Court-martial which has been assembled in consequence of such previous investigation.

To prevent the recurrence of such unpardonable inattention and neglect, the Commander in Chief directs that, in all cases where a Court of Enquiry has been held, the proceedings shall be submitted to the Judge Advocate, previously to a General Court-martial being ordered to assemble, and the Judge Advocate is held responsible that all the witnesses whose names appear in the Proceedings of the Court of Enquiry, and whose evidence is necessary to the trial, shall be duly summoned and properly examined.

The Board take this occasion to observe that in consequence of a doubt having arisen in a late Trial before a Court-martial, whether any new evidence could be examined after the prosecution had been closed, the question was submitted to the highest legal authority, and the following being the opinion delivered on it, they think proper to direct that the same be published in General Orders for the information of the Army, viz.

M.C. 8th Feby.
1781

"The ordinary course of a Trial is this: the person managing the Prosecution states the charge, calls his Witnesses who are to prove the facts which constitute the charge, and proves and reads any written evidence which he may have to the same purpose.

The Prisoner has a right to cross-examine every Witness of the Prosecutor immediately after he has given his testimony; and the Prosecutor has a right to examine him in reply to all such matters as have been examined into by the Prisoner.

It is a general rule in every stage of the cause, that he who calls a Witness (if that Witness is cross-examined) has a right to re-examine into the same matter; if the Prisoner has any objection to the competency of Witnesses, or can shew any cause why their testimonies ought not to be admitted at all, (as that he is interested, has been convicted of perjury or any other infamous crime) he must make his objection before the Witness is examined; but if his objection be only to his credibility, and if he can shew why full credit ought not to be given to him, as that he has a general bad character, is in enmity with the Prisoner, &c., this being not a bar to his examination, must be reserved by the Prisoner until he makes his defence.

The Prosecutor, before the Prisoner makes his Defence, must produce all the evidence he has to support the accusation, that the Prisoner may not disclose the defence until he knows the whole he has to answer to.

The Prosecutor having finished his evidence, the Prisoner states to the Court his Defence, calls and examines his Witnesses, proves and reads his written testimony.

The Prosecutor may cross-examine and the Prisoner re-examine, as in the case of the Prosecutor's evidence.

If the Prisoner confines his defence to the simple contradiction of the evidence adduced by the Prosecutor, here all the evidence is finally closed, (unless the Prosecutor calls Witnesses to impeach the character or testimony of those of the Prisoner.)

The Prosecutor can then observe upon the whole evidence, but can produce none: the Court are then to consider of their Judgment.

But if the Prisoner in his defence introduces any new matter, or any evidence thereof, not examined by the Prosecutor, which is frequently done when the Prisoner either cannot contradict the evidence against him, or does not think he has to fully done it as to rely merely on the contradiction, and has other collateral matter to give in evidence from which his innocence is to be presumed,—as the attempt to prove an alibi or to discredit the witnesses of the Prosecutor,—then the Prosecutor has a right to examine witnesses on this new matter."

Caution ought to be observed against receiving in evidence extraneous matter that may tend to criminate a person not under trial.

G.O. 16th Jan'y.
1787

The attendance of a witness, though once dismissed, if again wanted for further information to the Court, may be demanded without an infringement of the strict Rules of Procedure.

G. O. 19th
October 1775

It appearing to the Board, that persons have often been summoned to give evidence at Courts-martial at the requisition of the prisoners, whose evidence has not been material to the defence, and whose absence from their Stations has been detrimental to the Service; and it being the practise in all Courts of Justice that the persons at whose requisition witnesses are summoned should defray the expences of their attendance,—it is resolved, that it be made a standing rule, that the charges of all persons, who may in future be summoned at the requisition of the prisoners, be paid by them, the Board reserving to themselves the power of indemnifying such persons from the burthen of this expence, (which they mean to do) except in cases wherein it shall plainly appear to them that the evidence has been wantonly and unnecessarily called upon.

The Expence attendant on summoning evidences for the Prisoner how to be defrayed.

M. C. 8th Feb.
1781

Instances having occurred in the trials of persons before Courts-martial in which the prosecutor having delivered his evidence has been ordered by the Court to withdraw, and not permitted to enter the Court again except when called upon to answer to any additional question required to be put to him, and this practise having appeared to the Board repugnant to the usage and principles of all Courts of Judicature established by the English Law, they thought proper to take the opinion of the Judge Advocate General upon this question, which they have commanded to be published in General Orders, viz.

The Prosecutor is to be permitted to remain in Court during the trial

“ That a Prosecutor, being in the nature of a party to the cause, should remain in Court during the trial in which he is Prosecutor, I take to be founded on the most obvious principles of Justice.

It is as much a matter of course that the Prosecutor should reply as that the Prisoner should answer the charge; and therefore it is as necessary that he should hear the evidence produced by the Prisoner, as that the Prisoner should hear the evidence produced against himself; they have both a right to examine their own witnesses and to cross-examine the witnesses of the opposite party; they have both a right to see that the evidence on both sides is fairly given, and that justice be rendered impartially.

From the respect which I profess for the abilities of the Chief Justice, and the desire which I have of adding the sanction of his name to any opinion of mine in matters of law, I have been induced to submit my sentiments on the subject in question to his perusal, and it is with peculiar satisfaction that I now avail myself of his authority to declare they have received his full approbation.”

G. O. C. C.
29th Apr 1809

The Commander in Chief is sorry to observe that the Proceedings of the Court-martial (assembled at Fort William for the trial of Captain Shaw) were frequently embarrassed and interrupted by the Council for the Prisoner having been permitted personally to address the Court or the Judge Advocate General, and even to arraign the Proceedings of the former and pass strictures on the conduct of the latter.

The Counsel for the Prisoner is not to be allowed to interfere with the Proceedings of the Court.

The Commander in Chief therefore directs that the irregularity which has called forth these observations may be never adduced as a precedent, nor any such improper interference be allowed again at any Courts-martial which may be held under his Excellency's authority.

G. O. C. C.
29th June 1805

The Commander in Chief conceives it was the duty of the Court, having found the Prisoner guilty of the first part of the first charge and of the first part of the second charge, to have awarded punishment, according to the nature of the offence of which the Prisoner was found guilty, on those charges.

Punishments are to be separately awarded for each charge of which the Prisoner may be found guilty; not collectively for the whole.

M. C. 21st
Dec. 1773

It is the undoubted right and even the duty of every President and Member of a Court-martial to reject any illegal or erroneous charge; they are nevertheless bound to record their proceedings and resolutions upon it.

Illegal or erroneous charges will be rejected by the Court.

G. O. 18th July
1780

Lord Cornwallis thinks proper to point out to the Army some irregularities respecting General Courts-martial that must have crept in by inadvertence, but which it is necessary to avoid; he alludes to the frequent custom of delivering the Proceedings of General

Regulations to be observed in transmitting the Proceedings of General Courts-martial.

Courts-martial open to Commanding Officers of Stations and Detachments to be transmitted to the Commander in Chief.

His Lordship therefore directs that it be observed as a standing Order, that the Proceedings of all General Courts-martial held at any of the Stations or Detachments of this Army, where the Commander in Chief may not be present, shall be delivered sealed by the Judge Advocate General, or by the Person officiating in that capacity, to the Commanding Officer of the Station or Detachment to be transmitted by him to the Commander in Chief.

Sentences on non-commissioned and Privates to be inflicted in presence of the Corps to which the Prisoners belong.

Prohibition of the infliction of Punishment under circumstances of ignominy not warranted by the sentence of the Court-martial.

Whenever sentences of Courts-martial, on European or Native Non-commissioned Officers or Soldiers, are to be carried into execution, the Corps to which the Prisoners belong are to be under Arms, and all Officers are to attend.

G. O. 15th May 1787

A practice appears to have prevailed of departing from the tenor and spirit of Sentences of Courts-martial by inflicting the punishment, under circumstances inferring a greater degree of disgrace and ignominy than that which it was the intention of such Sentences to inflict.

G. O. G. G. 22d Nov. 1802

Every circumstance tending to encrease the ignominy of a Punishment must be deemed an aggravation of its severity; in Military Punishments the most severe penalty is that which affects the honor of the Soldier, and which tends to degrade his Military character.

It is therefore a practice contrary to law and justice to aggravate the ignominious tendency of any Military Punishment without due authority, nor can the Service receive permanent benefit from any such irregular course, however sanctioned by custom.

Officers entrusted with the execution of sentences of Courts-martial will therefore be careful henceforth not to exceed the extent of the Punishment prescribed by lawful authority, and not to aggravate, without due authority, the ignominy of such Sentences by the mode of inflicting punishment.

Native witnesses at Courts of Enquiry to be cautioned relative to the correctness of their evidence.

The Commander in Chief has perceived with much dissatisfaction a total difference between the depositions of Native Officers and Soldiers before a Court of Enquiry and the evidence subsequently given by the same witnesses on Oath at a General Court-martial.

G. O. G. G. 8th Feb. 1802

This behaviour deserves the severest censure, and hereafter, when it shall be found necessary to assemble a Court of Enquiry, the Commander in Chief directs, that it be clearly and fully explained to all Native Witnesses that if there shall be found any material difference between the evidence they shall have given at a Court of Enquiry and that which they shall give on Oath before a General Court-martial, unless some satisfactory reason for such a difference be assigned, the Commander in Chief will punish such unwarrantable prevarication in the severest manner.

Native Officers are not to be brought to trial unless adequate Proof can be adduced to substantiate the charges.

The Commander in Chief is sorry to observe that Native Officers have in two late instances been brought to trial before a General Court-martial, on the complaint of two European Officers, for crimes of which from the evidence produced they could not be convicted; and though he is satisfied that the European Officers were, on these occasions, actuated by good motives alone, yet he hopes that the two instances above mentioned will be regarded by the Officers of the Army as a warning against bringing Native Officers to trial without duly weighing the grounds of accusation, and having good reason to believe that sufficient Proof can be adduced to substantiate the charge.

G. O. G. G. 24th June 1793

Directions to be observed on passing Judgment at Native Courts-martial;

The Commander in Chief has understood that at Native Courts-martial, when the Courts come to pass judgment, it is frequently the practice to allow the Members to consult among themselves and a General Verdict to be given in through the President: and; as this Practice is not consistent with the mode laid down in the Articles of War, he positively directs that it be never suffered by Judge Advocates, or Superintending Officers at Native Courts-martial of any kind; but when a Sentence is to be given, that the question "Guilty or Not Guilty" be put separately to each Member, beginning with the youngest, and the same as to the punishment and the measure of it.

He also directs, that when there is a difference of opinion among the members of a Court-martial on any material point, the Judge Advocate or Superintending Officer do make a memorandum of the opinion of each individual member, which he is to preserve and have ready to produce in case it should be called for by due authority.

G. O. C. C. Extract from the Proceedings of a Native General Court-martial held at Danapoor
24th May 1797 the 17th April, 1797.

"The Court likewise, taking into consideration the disrespectful expressions and behaviour of the Witness Ramdeen on his last examination, sentence him to receive 100 lashes; but, in consequence of his being recently entertained and ignorant of the customs of the Service, recommend that his punishment be remitted, and the lenity of the Court fully explained to him.

"And the Court having further considered the falsehood and evident prevarication of the Witness Maunkooah, as a contempt of the Court, they sentence her to have her head shaved, and to be tomtom'd through the Cavalry Lines with her face whitened, and her crime publicly declared."

I cannot confirm the sentences which the Court have passed on Ramdeen and Maunkooah, because there is nothing recorded on the Proceedings to shew the contempt of the former towards the Court; and if there were falsehood and prevarication in the testimony of Maunkooah, the Court ought to have proceeded to a regular trial on those charges.

Head-quarters Calcutta,

(Signed)

ALURED CLARKE.

And upon occasions of awarding punishment to evidence, &c. for disrespect of the Court.

G. O. C. C. The Right Hon'ble the Commander in Chief highly disapproves of the conduct of the
9th Aug. 1805 President and Members of the Native General Court-martial which was assembled in the Camp of the Troops under Lieutenant Colonel Martindell's command for the trial of Woodount Sing, Subadar of the 1st Battalion 1st Regiment of Native Infantry.

Strictures upon the conduct of a Native General Court-martial in awarding an inadequate sentence.

His Lordship is of opinion that the charges exhibited against the Prisoner, of which he is acquitted by the Court, are fully proved by corroborative and substantial evidence, and that the punishment awarded on those charges, of which the Court finds the Prisoner guilty, is entirely inapplicable and inadequate to the offences committed:

The conduct of the Prisoner Woodount Sing, Subadar, appears to be of so flagitious a nature, and so totally subversive of all Military subordination and respect for authority, that his Lordship considers it his indispensable duty to make an example of such a lawless offender, as well as to convince the Native Officers of this Army that no spirit of combination and shameful dereliction of their duty, tending to encourage disrespect towards their European Officers, and holding forth a dangerous example of insubordination to the Native soldiery, will ever be allowed to screen the Guilty, or pervert the principles of Military Arraignment. His Lordship is therefore pleased to direct, that on the receipt of this order Lieutenant Colonel Martindell will be pleased to assemble the President and Members of the Court-martial, as well as all the Native Commissioned Officers of the several Corps under his command, and express to the President and Members of the Court his Lordship's opinion and high disapprobation of their conduct.

Lieutenant Colonel Martindell will then be pleased to order the Prisoner Woodount Sing, Subadar of the 1st Battalion 1st Regiment, to be paid up and to be discharged the Hon'ble Company's Service, with such marks of ignominy as Lieutenant Colonel Martindell may judge suitable to the occasion.

G. O. 17th March 1774 Regimental Courts-martial, which are only to take cognizance of Military Offences, and are established for the preservation of good order and discipline in the Corps, are to be summoned by the authority of the Commanding Officer of the Regiment or Battalion, and the Sentence is to be confirmed or disapproved by him.

Regimental Courts-martial under what circumstances to be assembled.

G. O. G. G. The Governor General in Council is pleased to direct, that the following Paragraph
15th Jan. 1811 of a General Letter from the Hon'ble the Court of Directors, dated the 31st August, 1810, be published in General Orders.

PARA. 2d—An Act of Parliament having been passed in the last Session, authorizing and directing that at all Courts-martial, the Members should be sworn and the witnesses examined upon Oath; and His Majesty having been pleased, under the authority conveyed by that Act, to frame additional Articles of War for the better Government of our Forces, we transmit in the Packet a correct copy of the said Articles for your information and guidance. (Vide Articles 21st and 22d—Section XII. Page 58r.)

At all Regimental, Line and Garrison Courts-martial, the Members are to be sworn & the witnesses examined on Oath.

G. O. C. C. The Commander in Chief directs that the additional Articles of War, published in
25th Jan. 1811 General Orders by Government, under date the 19th instant, authorizing and directing

that at all Courts-martial the Members shall be sworn, and the witnesses examined upon Oath, shall be strictly and invariably attended to by the Army serving under this Presidency.

In all trials of Europeans by Courts-martial (other than General Courts-martial) the President and Members thereof shall be sworn, as prescribed by the additional Articles of War now referred to; and in all trials of Natives by Courts-martial (other than General Courts-martial) the President and Members thereof shall be sworn according to the rites of their respective religions.

In like manner, all persons who give evidence before any General or other Courts-martial, whether European or Native, are to be examined upon Oath, to be administered according to the tenets of their religious faith.

Allowances for Persons employed to administer Oaths to Mahomedans and Hindoos at Courts-martial.

The Vice President in Council adverting to the General Orders under date the 19th G. O. V. P. January last, which direct that at all Courts-martial the Members shall be sworn and the witnesses examined upon Oath, is pleased to authorize an allowance of six Sicca Annas per diem, being granted to each Moolla or Bramin whom it may be necessary to employ for the administration of Oaths, in the proper form, to Mahomedans and Hindoos at all Native Courts-martial.

Regimental Courts-martial in Native Corps how to be constituted, and by what authority assembled.

Regimental Courts-martial (in Native Corps) shall be held by the appointment of the Officer Commanding, for the trial of all crimes that are not capital, according to the Articles of War; and these Courts-martial shall be constituted of an equal number of Members from each Battalion, and shall be superintended by a Subaltern Officer, in the usual manner. M. C. 7th May 1781

When a Battalion shall be detached, the Commanding Officer shall possess the power of holding Battalion Courts-martial; and also the Commanding Officers of lesser Detachments, to have the power of holding Detachment Courts-martial for the punishment of petty crimes.

There will be no Battalion Courts-martial held at the Head-quarters of Native Regiments—but only Regimental Courts-martial. M. C. 30th May 1796

When Battalions or parts of Battalions are detached, Battalion and Detachment Courts-martial may be held.

Duty of the Superintending Officer at Native Courts-martial.

At all Native Courts-martial a Lieutenant of that Corps must superintend the Proceedings; he is to regulate the Court so that the prosecution and the evidence in support of the charge, with the defence, are carried on in due form; he is to countersign the Proceedings, and to deliver or forward them to the person by whose authority the Court was held. G. O. 8th May 1770

Should it happen that the Lieutenants are absent on duty, or otherwise, the oldest Ensign in the Corps may superintend the Court-martial.

(By General Orders of the 24th June, 1793, the Superintending Officer is to put the questions on passing judgment; and to record (if necessary) the opinions of the several Members.—*Vide page 540.*)

For the period of Service required with their Corps previous to Subaltern Officers being appointed to superintend Native Courts-martial, and for further Regulations relative to the class of Officers to be appointed to the Superintendence of Native Line or Regimental Courts-martial. *vide page 143.*

COURTS OF ENQUIRY.

Courts of Enquiry under what circumstances assembled.

In cases of much importance in the Army, and where the facts to be investigated by Courts-martial are doubtful, and involved in a variety of collateral circumstances, tending, in the first instance, to perplex and mislead the judgment of the Superior Power in forming a correct opinion with respect to the criminality of the Person suspected; or where McArthur. Vol. 1. page 200

there are several Persons implicated in the same crime or offence, and doubts remain on whom the culpability should fall or ought to attach ; a Court of Enquiry should take the matter under investigation, and, from the evidence before the Members, report to the Power vesting them with authority to enquire, whether or not there be sufficient grounds for bringing the person or persons, whose conduct has been the subject of enquiry, to a Court-martial.

No one is obliged legally either to give his testimony or plead before a Court of Enquiry. In case an opinion is given by a Court of Enquiry, that opinion ought not to point out what were or were not the causes of the supposed ill conduct which occasioned the sitting of the Court, but be simply, *whether there does or does not appear a sufficiency of cause to render a Court-martial necessary*; for though there may be matter apparently sufficient to make a further investigation on Oath proper, it does not follow that the individuals who may be called to answer to an accusation are consequently culpable.

Material justice requires that all offences should become the subject of investigation and trial as speedily as possible after the time of their commission.

"His Majesty adverting to what has in some measure appeared in the course of both these trials, has expressed his extreme disapprobation of keeping charges against an Officer or Soldier in reserve, until they shall have accumulated, and then bringing them before a General Court-martial collectively; whereas every charge should be preferred at the time when the fact or facts on which it turns are recent, or, if knowingly passed over, ought not either in candour or in justice to be in future brought into question."

In whatever terms the accusation in the charge may be conceived, it is necessary that the crime or offence be clearly specified or expressed, and the act or acts of guilt pointedly charged against the prisoner.

Particulars to
be observed in
the preparation
of charges.

McArthur, Vol.
II. Pages 6 & 7

The time, when the act is charged to have been done, should, if possible, be correctly set forth, more especially if the offence be of a capital nature.

Thus, the particular day of the month should be assigned, which may be essentially necessary to a prisoner's defence; because, if innocent, he will thereby have an opportunity of exculpating himself by the proof of an alibi.

But as the crime charged may have been committed, and yet there may be a mistake or doubt as to the precise day, the consequences of such mistake may be guarded against by adding "or on the day or days immediately preceding, or on the day or days immediately following"—or the time may be extended to one of the days of the month immediately preceding or following.

The greatest possible caution is, however, to be adopted in using this latitude; indeed it is to be allowed in those cases alone when, from the peculiar circumstances, it cannot be avoided.

The place is necessary to be named, in order to ascertain that the crime was committed within the jurisdiction of the Court; also that the prisoner may have an opportunity to prove in his defence an alibi, or being in another place at the time the offence is charged to have been committed.

In drawing up charges against an offender it is not customary or necessary to refer to any particular Article of War, of a breach of which he may be deemed guilty. Tytler — Page 220

Timely notice of his intended trial and copies of the charges to be forwarded by the Judge Advocate to the Person accused.

The Judge Advocate or person appointed to officiate on that occasion is to give the person accused timely notice of his intended trial. McArthur, Vol. 11. Page 18

A true copy of the charges on which the prisoner is to be tried must be furnished him by the Judge Advocate, in such time that he may have full opportunity of preparing himself for his defence; after which it is not competent for the Judge Advocate or the Prosecutor to make any alteration on them, either in substance or in form, when they come before the Court. Tytler — Page 221

If a material alteration occurs to be made before trial, the consent of the Commander in Chief, or the Person on whose warrant the trial is to proceed, must be obtained for that alteration, of which, likewise, the Prisoner is entitled to have the most timely notice that can be given him.

The Judge Advocate to inform himself of the circumstances of the case and to summon the evidences to be adduced on part of the Prosecution and Defence.

The Judge Advocate should also inform himself of all the circumstances of the case, and by what evidence the Articles of Accusation are to be proved against the Prisoner; he ought to require from the Prisoner a list of those witnesses whom he wishes to be summoned in his exculpation; and the witnesses on both sides should be summoned in due time to give their attendance at the time and place appointed for trial. McArthur, Vol. 1. Page 167

FOR THE PROSECUTOR'S WITNESS.

Sir,

A General Court-martial being appointed to be held at—day of— at ten o'clock in the morning, for the trial of— Regiment, upon charges preferred against him by— of the same Regiment, and the said—, having represented that your testimony will be material in support of the said charge, I am to desire you, and you are hereby summoned to give your attendance at the said Court-martial, in order to your being examined as a witness.

I am, &c.

You will please to acknowledge the receipt of this letter of Summons.

For the Prisoner's witness the following variation: "and the said— having represented that your testimony will be material towards his defence," I am to desire you, &c.

Evidences not subject to Military authority how to be summoned.

It frequently happens that there are evidences on both sides, whose testimony may be essential for the elucidation of truth in the trial at issue, and who are not subject to Military authority; in such cases Summonses are issued to them as to other witnesses. McArthur, Vol. 11. Page 18

Should it so happen that the President be taken ill in the intervening time, and that it is necessary on that account to postpone the trial until a future day, the Judge Advocate McArthur, Vol. 11. Pages 19, 20 21 and 34

must announce the circumstances to the Prosecutor and party accused, that directions may be given to the evidence on both sides to attend the Court on the new day appointed, instead of that in the former summons. illness of the President.

If any member has absented himself on account of ill health, the same is to be minutely certified to the Court. Of a Member.

When the testimonials of a Member's inability to attend are admitted, the Court may be formed, and the Judge Advocate takes the fact down in the minutes, immediately after the names of the Members present, in the form prescribed.

The Court will postpone a trial on the affidavit of a medical person stating the Prisoner is in such a state of health as not to admit his being brought into Court.—Or, on satisfactory affidavit that a material witness is dangerously ill and unable to attend, the Court will put off the trial ; but the truth of the allegation in the affidavit is to be judged of by the Court. Of the Prisoner Or any material evidence.

Tytler—Pages 223, 224, 225, 229 The President and Members of the Court being assembled on the day appointed for its meeting, and intimation having been previously given for all the necessary witnesses to attend, the Prisoner is brought into Court and called to the bar by his name. Forms to be observed on the assembly of the Court.

The President now delivers the warrant for holding the Court into the hands of the Judge Advocate, who reads it aloud, as also his own warrant for attending as Prosecutor and Recorder of the Court.

He then calls over the names of the whole members, who are desired to take their places according to their rank in the Army and the dates of their commissions, arranging themselves in that order alternately on the right and left hand of the President.

The Judge Advocate then demands of the Prisoner whether he has any objection against, or challenge to make of any of the members present ; and if he has, he is required to state his cause of challenge, on which the President and Members must order the Court to be cleared and deliberate on the import and validity of the same.

The most valid causes of challenge are suspicion of prejudice or malice, or infamous character. The option of challenging the Members to be offered previous to swearing the Court ; observations on causes of challenge, &c.

Two causes of challenge, impossible to be overruled, are the charge of corruption or bribery verified by competent proof, and malice or hostile enmity expressed by word or deed against the Prisoner.

McArthur, Vol. I. Page 107 It would be a sufficient challenge against the Member of a Court-martial that he had previously sat on a Court of Enquiry for examining into the conduct of the party to be tried. *.

Sullivan—Page 14. No Member can be excepted against after the formation of the Court, neither can an ignorance of his former character be pleaded against him.

Tytler—Page 230 The privilege of challenging is mutual to the Prisoner and the Prosecutor : for there may be sources of prejudice in favor of the Prisoner as well as against him, and urgent motives that may sway to acquit as well as to condemn.

McArthur, Vol. I. Page 168 Upon the principle that Members of a Court-martial are Judges both of the Law and the Fact, and as such are to be considered in the double and compound capacity of Judges and Jurors, they ought to be extremely delicate and cautious of rejecting any challenges or objections made by a Prisoner previous to the Court's being sworn without first admitting him to shew cause ; because, upon consideration of the reasons assigned for such challenge, if they be not sufficiently valid, a majority in opinion may always overrule the challenge, and afterwards proceed on the trial.

Sullivan—Pages 25, 27 General Courts-martial have looked upon the first swearing in of the Court as a sufficient authority to warrant their Proceeding on the trial of a variety of offences, whereas the Court should be sworn afresh at the commencement of every new Prosecution ; for, if the first Prisoner to be tried has a right to challenge an Officer who may be appointed to sit on an investigation of his offence, why shall not the second or third Prisoner be entitled to the same merciful indulgence ? The Court to be sworn afresh at the commencement of every new trial.

If it be necessary to introduce a new member the Proceedings of the Court must recom- If it becomes necessary to call in a new Member, the Court must proceed *de novo*.—Adye—Page 54
However, the records of a former Court are often admitted, particularly by consent of the contending parties, as evidence on a future one under certain restrictions and regulations, as was done in the case of Lord George Sackville in the year 1760.

Forms observed in swearing the Court. Where the Prisoner and Prosecutor decline to challenge any of the Members, or where the causes of challenge have been disallowed, the Judge Advocate proceeds to administer first to the President alone, and afterwards to the Members of the Court, the Oath prescribed by the Articles of War. Tytler—Pages 230, 236

The Oath is taken by each person holding his right hand upon the Evangelists, repeating the words after the Judge Advocate, and finally kissing the book.

After the Oath has been administered to the whole Members, the President administers to the Judge Advocate the particular Oath required to be taken by him.

And in receiving the plead of the Prisoner. The Court being thus regularly constituted, and every preliminary form gone through, the Judge Advocate, as Prosecutor for the Crown, desires the Prisoner to listen to the charge or charges exhibited against him, which he reads with an audible voice; and then the Court asks the Prisoner, "whether he is guilty of the matter of accusation."

Upon a plain and simple confession the Court has nothing to do but to award judgment; but it is usually very backward in receiving and recording such confession, and will generally advise the Prisoner to retract it and plead. Adye — Page 253

Duties of the Judge Advocate during the trial. The Judge Advocate, after opening the prosecution by a recital of the charges, together with such a detail of circumstances, if the case is circumstantial and complicated, as he may deem necessary, proceeds to the examination of witnesses in support of the charges; at the same time taking down the evidence in writing at full length, and as nearly as possible in the words of the witnesses. Tytler — Pages 368, 396

At the close of the business of each day, and in the interval before the next meeting of the Court, it is the duty of the Judge Advocate to make a fair copy of the Proceedings; which he continues thus regularly to engross to the conclusion of the trial.

The Adjournment from day to day, and the meetings in pursuance thereof, should always be noticed on the Proceedings. Sullivan—Page 103

The Judge Advocate is to advise the Court of the proper forms, when there shall be occasion, and to deliver his opinion on any doubts or difficulties which may arise in the course of the trial. McArthur, Vol. I. Page 238

Should it happen that an illegal measure or unjust opinion is persevered in, the Judge Advocate, though not warranted to enter his dissent in the form of a protest upon the Proceedings, (for that implies a judicative voice) ought to engross therein the opinion delivered by him on the controverted point. Tytler—Pages 361, 362

Though a Judge Advocate may be considered in the light of a prosecutor for the Crown, it does not from thence follow that he is to deny any reasonable assistance to the Prisoner in his defence either in point of Law or of Justice; it is his duty that the proof, both on the part of the Crown and of the Prisoner, should be properly laid before the Court; and when any doubtful point may arise he should incline on the part of the Prisoner; and nothing should induce him to omit any circumstances in the Minutes of the Proceedings, that might have a tendency to palliate the charges exhibited against the party accused. McArthur, Vol. I. Pages 239 and 283

The Judge Advocate should carefully preserve the original Minutes of the Proceedings, as recorded by him during the course of any trial; and he should also keep in his possession distinct notes of the opinion and votes of the several Members on deliberating upon the articles of accusation and pronouncing judgment, in order that he may be fully prepared to answer any questions, in the event of his being called upon to give evidence to that effect.

Number of witnesses to be examined. Opinion of the Attorney and Solicitor General respecting the number of witnesses to be examined at Courts-martial—dated 25th April, 1746. McArthur, Vol. I. Page 391

" We think the Court should not refuse any witnesses that are ready to be examined, if the Prosecutors insist they are material.

But, as we are of opinion it is in the power of the Court to limit a certain time for concluding the examination, what time that should be, must depend upon all the circumstances, of which the Court can only be the judge."

McArthur, Vol.
II. Pages 55, 56
and 57

It seems to be the practice at Courts-martial to produce two or more witnesses when they can be procured, but when two or more cannot be had, one positive and credible evidence to the fact is often deemed competent to convict the party accused; but this must be very warily admitted; and the objections that may arise to the credit of a single evidence, under the circumstances of the case before the Court, ought to be duly considered.

Observations on
the testimony
of a single wit-
ness.

When the privacy of the offence is of such a nature as to exclude the possibility of having more than one evidence, it is the practice at Courts-martial to admit it.

The instance here alluded to happened at the Court-martial held in January, 1789, for trying Lieutenant Thackary, of H. M. Sloop Thorn, on charges exhibited against him by Captain William Taylor; and amongst others for going into the Captain's cabin when he was alone and calling him scoundrel and liar.

The privacy of this offence excluded all other positive evidence, but that of the Prosecutor; and when the Court assembled, Captain Thompson, the President, had his doubts of the propriety of the Court's admitting Captain Taylor to give his evidence; the Court was therefore adjourned until they had the opinion of Counsel.

The Court afterwards re-assembled, the Prosecutor's evidence was admitted, and Lieutenant Thackary was dismissed His Majesty's Service.

McArthur, Vol.
II. Page 104

The Members of a Court-martial may, under particular circumstances, exercise their discretion in calling any witness before them from whom they have reason to think the truth may be obtained, whether adduced by the Prosecutor or not; but it might be considered as a very improper exercise of that discretion, indeed as illegal, if the Court should adjourn the Proceedings to a distant day in order to enable a Prosecutor to bring forward a fresh witness.

Courts-
martial have the
option of sum-
moning evi-
dence whose in-
formation they
may deem to
be material.

If any person at hand, and who can without delay be called upon, is supposed to be capable of giving material testimony, undoubtedly the Court may require his attendance and examine him.

In a case of the nature alluded to, which occurred at a General Court-martial held at Bastia in Corsica, (January 1795) the Deputy Judge Advocate objected to the summoning a new witness after he had closed the prosecution; but the Court stayed the Proceedings, the witness was examined, and his evidence proved to be of moment.

A question on the propriety of this measure was submitted to the Judge Advocate General, and he was of the opinion now given.

McArthur, Vol.
II. Page 89

Circumstances may arise in the course of a trial to render the testimony of a Member of a Court-martial most essential evidence for or against a Prisoner; and, as the investigation of truth is the principal object in view, it does not seem incompatible with the principles of law or of equity that such Member be sworn in open Court, and, after having given his testimony to the matter of fact at issue, that he resume his seat as a Member of the Court.

The Judge Advocate, or the person officiating for him at a Court-martial, may be examined as a witness for either party as to matters of fact previously known, and after having the usual Oath administered to him as a witness by the President, and having given his testimony, he may resume the functions of his Office on the trial.

The Person accused may call on the Prosecutor to give evidence to facts in exculpation of the charge, as well as to the general conduct and tenor of his character.

The Prosecutor,

McArthur, Vol.
II. Page 56

It is not a legal objection in criminal prosecutions to the competency of a witness, or to the admissibility of his evidence that he is the Prosecutor, whatever objections to his credit may arise under the circumstances of the case.

And Counsel or Solicitors, how to be given.

Counsel, or Attorneys or Solicitors, cannot in any case be called upon to give evidence which may disclose the private business or secrets of their clients. It is now understood to be the rule that a Counsel or Attorney must be asked the previous question, whether he possesses the fact of his own knowledge, and previous to his being retained, or has learnt it from his client; and the witness will give his answer agreeably to that distinction.

Tytler — Page 282, 283

On the same principle Counsel and Attorneys are not obliged to produce Papers, which may have been delivered to them by their client as evidence against him.

But this privilege is strictly confined to the Attorney or Counsel acting in the cause, and cannot be extended to others, although professionally and confidentially employed.

Observations relative to the competency of witnesses and causes of exception thereto.

All witnesses of whatever religion or country, who have the use of their reason, are to be received and examined; except such as are infamous, or such as are interested in the event of the cause.

McArthur, Vol. II. Page 94

All others are competent witnesses, though the Jurors, from other circumstances, will judge of their credibility.

Persons convicted of Felony or Perjury, though pardoned, cannot be received as witnesses; for the pardon, though it remit their punishment, cannot wash out their moral turpitude.

Tytler — Page 284

As the punishment of whipping has not that degree of infamy annexed to it, when adjudged by Courts-martial or Military Discipline, as when adjudged by Courts of Law, it therefore at Courts-martial cannot affect the competency of a witness in the same manner as at Courts of Law.

McArthur, Vol. II. Page 105

An exception to a parent, or to kindred in general, although a good cause of challenge against a Juror, is no cause of challenge against a witness.

Sullivan — Page 86

A servant in the cause of his Master, although not an inhabile, is yet a suspected evidence.

Tytler — Page 282

The Prosecutor or party accused may take exceptions to the competency of a witness, which are to be publicly stated and inserted in the Minutes of the Proceedings.

McArthur, Vol. II. Page 94

All objections to the competency of a witness must be stated in open Court; the Court must be cleared in order to weigh the import of the objection; and the resolution is afterwards communicated in open Court to all the parties.

Tytler — Page 310

The evidence of a valetudinary witness how to be received.

The whole Court should adjourn themselves to the house or quarters of a sick person, and there, and in the presence of the prisoner, examine and take his deposition.

Sullivan — Page 32 — Tytler — Page 312

His Majesty annulled the Proceedings of a Court-martial for having appointed six of their members to take the evidence of a valetudinary witness.

Observations on the examination of evidence.

All witnesses, either for the Crown or the Prisoner, must be sworn and give their evidence in presence of the whole Court.

Adye — Page 199

No evidence can be given against a Prisoner but in his presence.

Sullivan — Page 87

Those who are cited to appear as witnesses are not allowed to be present in Court during the examination of any of the previous witnesses, as this circumstance would of itself afford a valid objection to their testimony, being a species of subornation.

Tytler — Page 252

It is proper, therefore, that in the outset of every day's Proceedings, the Judge Advocate should give warning to all who are cited as evidences, and who may chance to be present, to retire, and not to enter the Court until they are officially called upon to be sworn.

It is the practice of Courts-martial, after the witnesses are sworn, for the Prosecutor to put all proper questions to them, or the President of the Court may, in the first instance, desire them to relate what they know respecting the charge against the Prisoner, and afterwards the Members, with the approbation of the President, put such interrogatories as they may think proper and necessary for investigating the truth.

McArthur, Vol. II. Page 36

Sullivan—Page
34

The Judge Advocate should have concluded with the examination of a witness before the interrogatories of the Court are in general propounded.

For although such interrogatories may be pertinent and applicable, yet, as the several Members have in the end an opportunity of drawing forth answers to such questions as they may put, and as the interruption of the Judge Advocate may probably break in upon a chain of leading and necessary information, it were to be wished that he were suffered to finish with his examination before the introduction of new matter be admitted.

McArthur, Vol.
I. Page 281

It is usual for the Judge Advocate to put all interrogatories proposed by the President or the Members of the Court to the witnesses, and should the President think proper to decline allowing the Judge Advocate to put a question proposed by a junior Member, it is the practice for the Court to be cleared, and it is to be determined by a Majority of votes whether the question proposed should be stated or not.

As the Judge Advocate is considered as Prosecutor in behalf of the Crown, and as by his having previously to the trial collected the evidence he is supposed by law to be able to judge what questions are proper to be put to witnesses, he has therefore a right to ask them all proper and fit questions.

Tytler — Page
308

It frequently happens that the tendency of a question put to a witness may be to the prejudice of a third person, who is no party on the trial. This consequence ought in justice and humanity to be avoided, wherever it is possible; and in no case ought the Prosecutor to be allowed this liberty of indirectly impeaching or affecting the characters of third parties; but it may sometimes happen that the party accused may find it absolutely necessary, in defence of himself, to throw blame and even criminality on others who are no parties to the trial, nor can a Prisoner be refused that liberty, which is essential to his own justification.

McArthur, Vol.
II. Page 39

Though a witness be sworn to give evidence of the whole truth, yet the law humanely protects him from answering questions which tend to accuse himself of any crime or punishable offence; neither can a witness be compelled to answer any question to shew his own turpitude or infamy.

Tytler — Pages
251, 252

No witness is permitted to read his evidence to the Court, for this might give room for subornation of evidence.

It is not, however, illegal or improper in circumstantial cases, or in cases where dates are to be detailed or matters of account, for the witness to make use of written notes, for the aid of his memory and for the greater precision of his testimony.

Witnesses not to read their evidence, but may refer to notes.

McArthur, Vol.
II. Page 34

It has frequently occurred at Courts-martial that a witness has been desired, under particular circumstances, to give his opinion to the Court; and this on many occasions may be strictly proper and necessary for a witness to do when called upon, particularly in such cases as relate to the operations or evolutions of an Army; and whether in the opinion of the witness they were carried into complete or imperfect execution by the person under trial.

Circumstances under which witnesses may be required to give an opinion.

McArthur, Vol.

and 69, 74

No evidence of a discourse with another will be admitted, but the man himself must be produced; and hearsay evidence to any particular facts is never received.

For, in order to give full force and weight to the testimony of any witness, he must relate to the Court the very fact which was done by the party accused, or the identical words that were spoken by him relative to the point at issue.

Hearsay evidence may be made use of by way of illustration of what is properly evidence.

Verbal confessions, and what a Prisoner has been heard to say at any time in conversation, or by observation relative to the matter at issue, may be given in evidence against him.

Verbal confessions and similitude of hand writing in what cases received as evidence.

The comparison of hands is no more than a presumption founded on the likeness, which may easily fail, because they are very subject to be counterfeited; therefore, when the comparison of hands is the only evidence in a criminal prosecution, there is no more than one presumption against another.

Usage establishes that a similitude of hands is no evidence in a criminal case, although Sullivan — Page 51
it should be capital, unless the papers shall be found in the possession of the person; then the Law accounts it a corroboration of the charge.

Circumstances under which the Prosecutor or Prisoner may be called on to produce papers.

A Prosecutor can at all times call on a Prisoner to produce any particular written order or instructions given him, and his disobedience of which may be the subject of the trial at issue; and, in case he refuses to produce the original paper, the Prosecutor may prove by parole evidence its contents and exhibit copies of such original order. McArthur, Vol. 11. Page 6a

On similar principles of justice, a Prisoner may call on the Prosecutor to produce certain orders, records, letters or papers, that he thinks may tend to his exculpation from the charges brought against him.

Observations relative to the credibility of witnesses.

A witness may be perfectly competent, and swear positively to a charge material to the issue trying, and yet not deserve credit from the Court. McArthur, Vol. 11. Page 47

The infamy of his character given in evidence against him by other witnesses; his interest in the event of the trial or prosecution; an apparent influence on his mind, and various other circumstances, may render him unworthy of credit, even on his Oath.

In the case of informers, whose veracity should ever be suspected and whose conduct should carefully be watched, experience shews the necessity of caution in the admission of their evidence. Sullivan — Page 45

The testimony of an accomplice, who is pardoned, must often be resorted to for the discovery and punishment of crimes; but it will in no case merit the same weight with that of an impartial or unprejudiced witness. Tytler — Page 87

If the credibility of any of the witnesses, either for the Prosecutor or Prisoner, is impeached by the opposite party, it becomes proper to re-establish their credibility by examining new evidence thereto. Tytler — Page 309

Any testimony from the evidence for the Prosecution in favor of the Prisoner, to be carefully recorded.

If any thing shall drop from a witness during the course of the prosecution, or while in cross-examination for the Crown, that can in any wise be conducive to the acquittal of the criminal, such matter, however in his favor, shall carefully be admitted, and in the decision on the merits of the cause, it shall without reserve be considered and received as explicit testimony in his behalf. Sullivan — Page 6a

At the conclusion of the Prosecution the Prisoner to adduce his defence.

The Court having gone through the examination of all the witnesses in support of the charge, and allowed the Prisoner to cross-question them, severally, he is then put on his defence; which, if already prepared, he is allowed to read to the Court, or he may dictate it to the Judge Advocate, in order to its insertion in the Minutes. McArthur, Vol. 11. Page 135

But, should the trial be of importance, and a variety of circumstances have been brought forward upon which the Prisoner was unprepared, he may, upon soliciting the Court, be indulged with an adjournment to a subsequent day for the purpose of the better preparing himself for his defence, and the examination of his witnesses, in support of what he may have occasion to affirm.

Assistance of Counsel in what particulars allowed to the Prisoner.

Courts martial being in general composed of men of ability and discretion, but, who from the nature of their profession and general mode of life are not to be supposed versant in legal subtleties, or abstract and sophistical disquisitions; and the cases that come before them giving rise to few questions of law, it has hence been considered as founded in established usage that Counsel or professional Lawyers are not allowed to interfere in their Proceedings, or, by argument or pleading of any kind, to endeavour to influence either their interlocutory opinions or final judgment. Tytler — Page 853

It is at the same time not unusual for a Prisoner to request the Court to allow him the aid of Counsel to assist him in his defence, either in the proper conduct of his exculpa-

tory proof by suggesting fit questions to the witnesses, or, in drawing up, in writing a connected statement of his defence and observations on the general import of the evidence.

McArthur, Vol.
11. Page 42.

This benefit the Court will never refuse to a Prisoner.

It is the practice at Courts-martial to indulge the Prisoner with Counsel, or at least Amici Curiae, (or friends of the Court) who may sit or stand near him and instruct him what questions to ask the witnesses; and they may commit to paper the necessary interrogatories as they arise, which the Prisoner may give on separate slips to the Judge Advocate, who reads them to the Court; and, if allowed to be put, inserts them literally in the Minutes with the witnesses's answers thereto.

McArthur, Vol.
11. Page 136.

The witnesses in support of the defence are to be separately called into Court, sworn and examined; the Prisoner first of all asking them such questions as he may deem proper and material, whether to invalidate the Prosecutor's evidence, or to establish his general character and good behaviour; and he is allowed to produce written documents, either in his exculpation or as to character and good behaviour.

Examination of
the evidence for
the defence.

When the Prisoner's interrogatories are ended, the Members of the Court or Judge Advocate may put such questions as appear to them proper for bringing out the truth; the Prosecutor is generally allowed to cross-examine the witnesses upon the points brought forward by the Prisoner, but he is by no means to introduce new or extraneous matter, and, after that, the Prisoner may again put any additional interrogatories to his witnesses.

Tytler — Pages
256, 257, 258,
259, 260, 261

When the whole evidence on both sides is closed, the Prisoner may, if he thinks proper, demand leave of the Court to sum up, either verbally, or in a written statement, the general matter of his defence, and to bring into one view the import of the proof of the charges, with such observations as he conceives are fitted to weaken its force; and the result of the evidence in defence, aided by every argument that is capable of giving it weight.

Address of the
Prisoner to the
Court upon the
conclusion of
the evidence for
the defence.

To this statement on the part of the Prisoner the Prosecutor has a right to make a reply; and, under this privilege, he may either recapitulate, methodize the import of his evidence, and strengthen it by pertinent argument, or shew the weakness or insufficiency of the proof in exculpation; and here in strict regularity the trial ends.—But, if the Prisoner shall, in his defence, have impeached the credibility of any of the witnesses for the Prosecution, or introduced any new matter encountering the evidence of the charge, but to which that evidence was not directed, the Prosecutor is allowed to establish their character by new evidence, and to examine witnesses to that new matter.

Reply of the
Judge Advocate
or Prosecutor.

In such cases it is customary for the Court to allow the Prisoner the liberty of a rejoinder or answer to the Prosecutor's reply; an indulgence to which, in ordinary cases, he is not entitled.

Tytler — Page

It is customary, before proceeding to deliberate upon the Judgment, that the Court should hear the Proceedings read over by the Judge Advocate, which answers the double purpose of bringing the whole body of evidence in one connected view to the recollection of the Members, and ascertaining the accuracy and fidelity of the Record, by comparing it with the notes taken by individual Members.

Previous to
passing Judgment
the Proceedings
to be read over
by the Judge Advocate.

In complicated cases, in circumstantial proofs, in cases where the evidence is contradictory, or in trials where a number of Prisoners are jointly arraigned, it is expedient that the Judge Advocate should arrange and methodize the body of the evidence, applying it distinctly to the facts of the charge, and bringing home to each Prisoner, where there are more than one, the result of the proof against him, balanced with the evidence in exculpation or alleviation.

After the examination of all the witnesses, as well in support of the charge, as of those in favor of the party accused, the Court being cleared the Members are to proceed in finding the charge exhibited against the Prisoner proved or not proved; and, if found guilty, in pronouncing that judgment on him which the Articles of War have annexed to the crime or offence. McArthur, Vol. 11. Page 150

In passing judgment a separate sentence to be awarded on each Article of charge that may have been adduced.

A Court-martial must exhaust the whole charges that come before them, either by separate opinions and judgment upon each separate article; or where the several charges are connected, and form altogether one offence, by a sentence referring to the whole. Tyler — Page 147, 148

It is not competent for the Court, after taking trial of one or more of the Articles of charge, and pronouncing sentence on them, even though that sentence should award the *ultimum supplicium*, Death, to wave on that account the discussion of other articles of charge that may remain.

All Irrelevant charges are to be dismissed by the Court.

It frequently happens that the Prosecutor, either from over anxiety or error in judgment, specifies certain matters as articles of charge which a Court-martial may judge to be of a nature entirely blameless, and that, although proved or acknowledged by the Prisoner, they infer no criminality; in such a case it is the duty of the Court to dismiss the charge altogether, and throw it out of their consideration as irrelevant. Tyler — Page 150.

The opinions of the Members how to be recorded.

The Judge Advocate puts the question of guilty or not guilty of the charge to each of the Members, beginning with the youngest, and so on, progressively, up to the President, and writing down from the mouth of each person his vote or opinion for acquittal or conviction. Tyler — Page 157.

The Votes are then counted, and if the Majority declare the Prisoner not guilty he is accordingly acquitted.

If, on the other hand, the Majority declare the Prisoner guilty, the Court proceeds next to determine what punishment shall be awarded, and to pronounce their sentence for its infliction.

The opinions or votes of the Members are taken on the last question in the same manner as on the former.

In cases where an optional power is vested in the Court to punish with Death or otherwise, the question to follow that of "guilty" (upon the Majority declaring for the former) is, "whether or not the Prisoner shall suffer death?" Adyc — Page 116

If two thirds of the Court do not concur in the affirmative, the votes of the affirmants are considered as void, and another question becomes necessary to be proposed to every Member, indiscriminately, viz—"what punishment (other than death) shall the Prisoner undergo?" And each Member gives his voice, *de novo*, on this question, wherein a Majority of the Members is competent to determine.

Where the Court is equally divided, the President to have a casting voice.

At all Courts-martial it is customary to have, if possible, the number of Members odd or unequal; but it may happen by the death or sickness of a Member that it might be reduced to even or equal numbers, and that there might be an equality of votes; in similar predicaments it is the usage of Army Courts-martial to allow the President to have a double or casting vote where the Court is equally divided. McArthur, Vol. 1. Pages 171, 176

If the date be incorrect on which a crime is charged, the Prisoner must be acquitted.

If a Prisoner be tried for a crime said to have been committed on a particular day of the month, and in the course of the trial it is proved to have happened on a day different to that which is set forth in the accusation, it is incumbent on the Court-martial to acquit him, and he is not liable to be tried a second time for the same offence. McArthur, Vol. 11. Page 159

On the trial of Richard Bird, seaman, on the 2d January, 1759, who was accused of having attempted to desert by swimming or shore on the 14th November, 1758, as it was proved to have been attempted on the 15th November, he was acquitted.

McArthur, Vol.
II. Page 157.

In discriminating the degree of guilt of a crime with which a Prisoner stands charged, it frequently happens at Courts-martial that, on summing up the evidence on both sides, he may appear not guilty of the identical crime laid to his charge, but guilty of an offence of less magnitude, though of the same species or nature, and as such nearly connected with it; in this case it is customary for the Court to acquit him of the greater, and find him guilty of the offence of the inferior magnitude; and to inflict a corresponding punishment.

If the Prisoner appear to be guilty of a lesser offence than that he is charged with, sentence is to be awarded accordingly.

Adye — Page
209

A Court-martial cannot declare a Prisoner guilty of any distinct crime or offence, (though there may appear strong suspicion of his being so) unless it be likewise in the charge given against him before the trial commenced.

If guilty of a distinct crime, which he is not charged with, the Court cannot notice it.

McArthur, Vol.
II. Page 141

Although the Mutiny Act does not authorize Military Courts-martial to inflict a summary punishment for perjury, yet there is no doubt but that offenders, subject to Military authority, may be proceeded against by indictment or punished by the sentence of a General Court-martial to be assembled for that purpose.

Courts-martial are competent to inflict a punishment for perjury.

McArthur, Vol.
II. Page 44

If the charge, proved against a Prisoner, should fall under any of those Articles of War in which the punishment is expressly annexed without any alternative or deviation, under circumstances however alleviating, no further questions or deliberations of the Court are necessary to impede pronouncing the judgment incurred.

Where the Articles of War annex a punishment to the offence, of which the Prisoner may be guilty, no deviation therefrom to be allowed.

McArthur, Vol.
II. Page 249

Discussions have taken place at Courts-martial, when, upon collecting the opinions of the Members, the conviction of the Prisoner has been determined by a bare majority of votes, whether, in such case, the minority are to be directed by the majority in voting for the punishment to be awarded, or if they can refuse to vote, under the plea of not having found the Prisoner guilty?

Observations relative to the votes of the Members that may acquit the Prisoner being received in mitigation of the punishment;

Although, strictly speaking, the members whose votes have absolved the Prisoner of the crime charged ought not to be called to award any punishment, which they cannot consistently with reason or justice do, (the question of punishment addressing itself to those members exclusively who have found the Prisoner guilty;) yet, it may perhaps be not amiss to intimate that, if it should happen that the Officers who composed the Majority of the Court, and who have concurred in the conviction of the Prisoner should differ in sentiment with respect to the punishment, in such case the Prisoner ought to have the benefit of a presumptive opinion of those Members who have absolved him, thrown into the scale with the votes of those who incline to the lesser punishment; for otherwise the Prisoner would be put in a worse situation than if those Members had deemed him in some degree culpable.

"A sentence of transportation has not, in any instance within my knowledge, been carried into effect, except for the crime of desertion; nor in the instance of desertion until an express clause was inserted in the Mutiny Act for that purpose; and I have had occasion to know that much doubt has been entertained whether, without such particular provisions, the judgment would be warrantable; and the conferring authority by an express clause to give such sentence for the crime of desertion; at the same time that it furnishes a presumptive argument that it would not otherwise have been correct, begets a still stronger presumption that in any other case than that which is provided for, it is not regular to award such a punishment."

It may often happen that the Court is unanimous both in their opinion concerning the Guilt of the Prisoner, and the judgment passed upon him; but the Judge Advocate, in registering such opinion and sentence, is by no means authorized to insert the word unanimous.

The opinion of the Court, although unanimous, is not to be inserted in the Proceedings.

or suspend its sentences, a power of high expediency and good policy, and which has often been exercised to the most beneficial ends.

FIELD COURTS-MARTIAL.

Circumstances under which Field Courts-martial are held.

Field Courts-martial, that is the assembling a proper number of Officers immediately on the spot, who examine into the matter in a summary manner, and pass sentence, which is instantaneously executed, without any record or register of their Proceedings being made, may be deemed necessary on actual Service, where immediate examples are often required; but this will not hold good in times of peace, when the Proceedings against offenders will admit of the legal and necessary delays.

Adye — Page 194

REGIMENTAL COURTS-MARTIAL.

Number of Members to constitute Regimental Court-martial, and its Proceedings how to be conducted.

The usual practice in constituting a Regimental Court-martial is to appoint one Officer of the Rank of Captain as President, and the other four Members subalterns, if they can be conveniently assembled; if not, a Captain and two subalterns will be sufficient to constitute the Court.

McArthur, Vol. I. Page 133, 135, 136, 144

The Members of a Regimental, Garrison or Detachment Court-martial, have not, as at a trial before a General Court-martial, the assistance of a Judge Advocate or his Deputy. The Proceedings are regularly committed to writing, either by the President or by any of the Members of the Court named by the President; and the sentence is signed only by the President.

Observations relative to appeals from the sentences of Regimental Courts-martial.

Should a non-commissioned Officer or Soldier be brought before a Regimental Court-martial for mutiny, desertion, or any of the higher crimes cognizable by a General Court-martial, he might not only plead the incompetency of the Regimental Court-martial to try him; but should this Regimental Court, even without a Soldier's availing himself of such a plea, proceed to the Trial and adjudge a punishment for a crime not within the Jurisdiction of the Court, the Members would, collectively or individually, be liable to a Prosecution in a Court of Justice for the illegality of their Proceedings.

A right of Appeal is understood to be competent from the Sentences of Regimental or Garrison Courts to General Courts Martial; and as there is not to be found, in any part of the Mutiny Act or Articles of War, any limitation of this right of Appeal to particular cases, or any prohibition of it in others, it must be presumed that a right thus recognized in general terms, and which is founded both in justice and expediency, is competent, whatever be the matter or subject of Trial, to any Party who judges himself aggrieved by the Sentence of a Regimental or Garrison Court-martial.

Byler — Pages 337, 340

There is but one particular case in which the Articles of War confer a positive right of demanding trial, in the first place, before a Regimental Court, and afterwards the Right of Appeal to a General Court-martial; which is the case of an inferior Officer, Non-commissioned Officer, or Soldier, who conceives himself to be wronged by his Captain, or other Officer commanding the Troop or Company to which he belongs.

Should an appeal be made from a Regimental or a Garrison Court to a General Court-martial, the declarations made by the witnesses before the Regimental or Garrison Court-martial would be confirmed before the General Court-martial.

McArthur, Vol. I. Page 142

All proper questions would be put to the witnesses, and they might be cross-examined by the Court or the parties.

Should it be necessary, additional evidence might be adduced, and the whole Proceedings would be recorded by the Judge Advocate, and Sentence pronounced with the same formality as if the offence were of that magnitude to have been in the first instance cognizable by a General Court-martial.

G. O. V. P. **T**HE Vice President in Council, having had under his consideration the adoption of a system for victualling the European Troops, and for the provision and maintenance of Army Cattle by Agency, instead of contract, has determined on the Establishment of a Commissariat on an extended plan, calculated to embrace every Department of Military Supply for the Army of this Presidency.

Establishment of the Commissariat, and specification of the duties of the Departments

The Department is to embrace the following Branches of Military Supply,—viz.
 Victualling the European Troops and providing Rum for Store.
 Provision and feeding of Elephants, Camels and Bullocks.
 Provision of Horses for the Service of the Cavalry and Horse Artillery.
 Supply of Grain for the Cavalry and Horse Artillery.
 Provision of Boats for the Transportation of Troops and Stores.
 Provision of Petty Stores for the use of the Magazines at the several Stations.
 Supplying Draught or Carriage Cattle, Hackeries or Carts, when occasionally required.

Provision of Galloper Harness and Saddlery.

Supplying Bunjarrah Bullocks; and Grain for the Troops or for Store.

Supplying Timbers and Planks; half-wrought Materials for the Gun Carriage Agency; and Camp Equipage, Military Stores, &c. &c.

The Establishment of the Commissariat will commence on the 1st of February, 1810.

G. O. V. P.
 22d Dec. 1809

The Commissariat is to be placed entirely under the direction and military General, with the Rank of Lieutenant Colonel, when not holding the higher rank in the Army, assisted by one Deputy Commissary General with

Major, when not holding that or a higher rank in the Army, and by such persons and Sub-Assistants as Government may hereafter determine.

The Commissary General to correspond with Government on the business of his Department.

The Station of the Commissary General is not to be fixed.

The Commissary General is authorized to address the Governor General in Council on the business of the Commissariat through the Secretary to Government in the Military Department.

The Station of the Commissary General is not fixed, but he will take up his residence from time to time at such places where the business of the important department committed to his charge may seem to require his presence.

Allowances established for the Officers of the Commissariat.

The following allowances are established for the Officers of the Commissariat:
Commissary General,—Salary Sicca Rupees Three Thousand per mensem, with the pay, full batta, and tent allowance of his Regimental Rank.

Deputy Commissary General,—Salary Sonat Rupees Twelve Hundred per mensem, with the pay, full batta, gratuity and tent allowance of his Regimental Rank.

Salary of Assistants,—from Sonat Rupees 700 to 1,000 per mensem, with the pay, full batta, gratuity, and tent allowance of their Regimental Rank.

Salaries of Sub-Assistants,—from Sonat Rupees 200 to 500 per mensem, with the pay, full batta, gratuity, and tent allowance of their Regimental Rank.

Their uniform fixed.

The following Regulations for the dress of the Commissariat Department, sanctioned by his Excellency the Commander in Chief, previous to his departure for Fort St. George, are published for general information, and are to be adopted accordingly.

G. O. V. P. The actual travelling expenses of the Commissary General, his Deputy or Assistant, travelling are
and Dec. 1809 when unavoidably incurred on the public service, by dawk or by water, will be defrayed by Government; the amount is to be accordingly charged on their monthly accounts, and supported by such receipts for the disbursement, as the nature of the service may require.

Proc. V. P. 9th The Post-master General is directed to furnish the Post-masters at the subordinate Stations, Civil and Military, with general authority to comply with all applications which they may receive from the Commissary General, his Deputy and Assistants for posting Dawk Bearers.

The expenses to be charged in the first instance to the Officers making the application, and to be ultimately charged in the accounts of the Commissariat conformably to the Regulations.

G. O. V. P. The Commissary General, his Deputy and Assistants are authorized to correspond free of postage with the Agents of the Commissariat, and with all Officers, Civil and Military, with whom they may have occasion to transact business; conforming in every respect to the Post Office Regulations on that head.

The Commissary General will furnish the Post-master General with a list of the Agents and Public Officers with whom it will be necessary for himself and the Officers of his Department to correspond, in order that the persons to whom this privilege is to be permanently extended, may be accurately defined.

Letters addressed by Native Agents of the Commissariat to the Commissary General, or other Officers of that Department, are to be franked by the Commanding Officers of Stations or Posts.

G. O. V. P. The Establishment of servants, whether Europeans or Natives, are to be left entirely to the discretion of the Commissary General, and no subordinate Officer of the Department is to employ any servant without the special sanction of the Commissary General, whose authority in writing will necessarily be furnished as a voucher for the expence.

The manner of making the different supplies is to be left entirely to the discretion of the Commissary General, who will of course avail himself of the means which Contract or Agency may afford, as to him shall appear advisable.

The disbursements of the Department of the Commissariat in all its branches are to be immediately under the direction and controul of the Commissary General, and all accounts thereof are to be verified half yearly, that is, on the 30th of June and 31st of December, upon oath to be taken before the nearest Magistrate or Justice of the Peace, by which it is to be testified, that neither directly, or indirectly, have the Officers by whom the accounts are signed, derived, or will derive, any profits or emolument whatsoever from their situations beyond their regular salary of Rupees ————

I, A. B., Commissary General, (or Deputy Commissary General, or Assistant Commissary General, or Sub-Assistant Commissary General,) do solemnly swear, that neither directly or indirectly have I derived, nor will I derive, any profit or emolument whatsoever from my situation, (by the receipt of Dufforee or otherwise) beyond my regular Salary of ———— Rupees ———— per Month; and that no person or persons in my employ have, with my concurrence or knowledge, derived any benefit, directly or indirectly, (by the receipt of Dufforee or otherwise), beyond their prescribed wages, as charged in my accounts from the ———— of ———— to the ———— of ———— inclusive.

Magistrate, or

Justice of the Peace

No disbursement is to be made by any Officer of the Department, which shall not previously have received the sanction of the Commissary General.

In cases however where this rule may be found inconvenient from local considerations, the authority of Government (for which application should be made through the Military Board,) will be deemed indispensable.

The accounts of the Deputy Commissary General, as well as those of the Assistants and Sub-Assistants, are, in the first instance, to be rendered to the Commissary General, who will incorporate them into one general account, which, with the requisite vouchers, is to be transmitted by him for audit as soon after the expiration of each month as possible, through the Office of the Military Paymaster General.

The Officers of the Commissariat will furnish Accounts Current of Cash and Grain as per Forms No. 1 and 2, to the Commissary General, with their Monthly Accounts.

In cases, however, where, from distance of situation or other particular circumstances, transmission of the Accounts of the subordinate Officers to the Commissary General may be attended with inconvenience to the Service, the Military Board, if they should see occasion, will authorize them to transmit the Accounts accompanied by the requisite Vouchers for Audit, directly through the Office of the Military Paymaster General, furnishing however at the same time a copy of the General Abstract to the Commissary General, in order that his observations thereon may be stated to the Military Auditor General before the Accounts are passed.

The Governor General in Council desires the Commissary General will furnish the Accountant General with an abstract cash account, in such form and at such periods as may be pointed out by that Officer, to enable him to execute instructions which he has received from Government relative to the preparation of the accounts of his Office, as connected with Military Expenditure.

Proc. G. G.
16th Oct. 1810

The Commissary General will be pleased also to give instructions to the subordinate Officers of the Commissariat to the above effect.

All advances of money are to be restricted as much as possible to the Commissary General, and should not be applied for by any of the subordinate Officers, except in special cases, the circumstances of which must be fully detailed, through the Military Board.

G. O. V. P.
2d Dec. 1809

Advances of cash for the service of the Commissariat at and below Allahabad will be furnished upon the application of the Commissary General to the Governor General in Council for that purpose, by Drafts upon the Provincial Treasuries, and at the Presidency; and the Superintendent of Resources in the Ceded and Conquered Provinces will be directed to furnish advances of cash for the service of the Commissariat at Stations or Posts at and above Allahabad, upon the application of the Commissary General to him for that purpose.

For each advance of cash made to the Commissary General, he shall furnish the Collector or other Officer of Government making the Advance, with a regular Bill of Exchange drawn upon the Military Paymaster General, which Bill of Exchange will be transmitted to the Accountant General as a voucher for the payment, and to enable that Officer to charge the amount of advances to the Military Department.

The Accountant General will instruct the several public Officers to pay to the Commissary General the amount specified in the statement furnished, of required monthly advances, for which the Commissary General will grant bills on the Military Paymaster General.

Proc. V. P. 9th
January 1810

In the event of any changes in the amount of the monthly advances being requisite, immediate communication is to be made to Government, in order that the necessary provision may be made in the advances for the ensuing month.

The Accountant General and Superintendent of Resources in the Conquered and Ceded Provinces will be authorized, on the application of the Commissary General, to transfer the Treasuries now linked to any other Station at which it may be more advisable to receive the amount.

The Vice President in Courtship, however, is the responsibility of the Community. The Community, furnished in the Courtship, will be responsible for the Courtship, and the additional difficulties which the Community will be responsible for in the Courtship. The Community is desired to have as nearly as possible the specific name for which there will be required, and the Community is desired to have the specific name for which there will be required, and the Community is desired to have the specific name for which there will be required, when the Community is desired to have the specific name for which there will be required.

Commissioning Officers in all institutions are expected to afford every facility in their power to the business of the Commission, and to the duties and exertions of the Officers of that Department.

Guards for the protection of Public Cash, Treasure Chests, the Coin-Masters, and the Escorts for Treasure, Cash, or Stores, are to be duly furnished, an appointment being made.

The Commissary General, his Deputy or Assistants having at any time good cause of objection to the Narrative or prices current of provisions or labor as fixed at any of the Military Buzars, or in the possible case of their experiencing any impediments to the free ingress and egress of their supplies, are strictly required to state the circumstances in writing to Commanding Officers for their consideration and orders.

The Vice President in Council is pleased to direct all the Civil Officers of Government to afford every aid in their power, consistent with the Regulations and Orders of Government, to the Officers of the Commisariat in the execution of their duty, and to pay prompt and punctual attention to all applications which they may receive from the Officers of that Department.

Orders are to be issued from the Revenue, Judicial and Public Departments to the Officers under those Departments, respectively, and from the Political Department to the Residents at Delhi and Lucknow, to give to the Officers of the Commissariat all the assistance which their public situations will enable them to afford.

The Vice President in Council concurring in opinion with the Commissary General in the expediency, on public grounds, of the Commissariat at the Presidencies of Fort William, Fort St. George and Bombay opening, under the sanction and through the channel of their respective Governments, a regular communication with each other, with the view of ensuring, when required for the Public Service, a constant source of mutual aid, he has suggested to the Hon'ble the Governors in Council at Fort St. George and at Bombay the immediate adoption of the plan proposed by the Commissary General; and has requested that the whole or such proportion of such number of the description specified as can conveniently be supplied, may be forwarded to Fort William for the use of the Commissariat at this Presidency.

Supply of Provisions, Quilts, &c. for European Troops.

European Troops in Garrison at Cantonment, at and below Allahabad, are to receive half bath, or rations every second day only; and the European Troops stationed above Allahabad, including Benares, or at Out-posts, either above or below Allahabad, or proceeding by water, are to receive full bath or rations daily.

44.1) **European**
Troops **and**

They **are** **the**

world.

Full Rate is allowed to European Soldiers on New Year's Day, Christmas Day and the Soldier's Birthday, and if in Contingents without the Privilege, or in the Field within the Trenches, they are entitled to extra full rate on these days.

European troops used all measures to improve the living conditions of the population in the occupied territories. For example, in the occupied territories of Poland, the German authorities carried out a program of mass resettlement of the Polish population to the German Reich. This program was aimed at reducing the Polish population in the occupied territories and increasing the German population in the Reich. The program was carried out in several stages. In the first stage, the German authorities resettled Polish citizens to the German Reich. In the second stage, they resettled Polish citizens to the occupied territories of Poland. In the third stage, they resettled Polish citizens to the occupied territories of Poland. The program was carried out in several stages. In the first stage, the German authorities resettled Polish citizens to the German Reich. In the second stage, they resettled Polish citizens to the occupied territories of Poland. In the third stage, they resettled Polish citizens to the occupied territories of Poland.

Europeans in Garrison or Cantonments upon half batta shall receive the Rations above mentioned every second day.

Mutton shall be served out from the 1st of April to the 30th September, and mutton and beef alternately for the other months.

Extra batta authorized by Commanding Officers, &c. how to be served.

The Commander in Chief is pleased to prescribe the following rules, which are to be invariably observed, in future, upon every occasion on which Commanding Officers of Stations, &c. in their discretion, may deem it proper to authorize the indulgence of extra batta to the European Troops; and Commanding Officers of Corps and Details, to which the indulgence of extra batta may be granted, will consider themselves responsible for the most correct observance of these orders.

The grant of extra batta, as the term clearly implies, was, in its original object, intended to give to the Soldiers a second or complete additional Ration of the several articles of provision and of liquor with which they are daily supplied.

To this principle the system is henceforward to revert, and whenever extra batta may be ordered to be served to Troops on full batta, an extra or additional ration of the several articles of provision and of liquor, with which they are daily supplied, is to be issued to every individual concerned.

And to all Troops on half batta, when extra batta may be authorized, two drams in addition to the one dram, their daily allowance, with such additional quantity of meat, bread or rice, and firewood, are to be served as shall altogether, including the two additional drams, amount to the value or cost of a complete additional ration of each man's daily allowance on half batta, and the portions of the latter, viz. meat, bread, &c. in addition, are to be ascertained by Commanding Officers of Stations in communication with the (Commissariat,) by allowing such deduction from the additional Ration of those articles, as shall be equal in amount to the cost of the extra dram per man now authorized to be served on occasions of extra batta being granted, in excess to the additional ration of liquor, according to the daily proportion supplied to Troops on half batta.

The Commander in Chief recommends to Officers Commanding Corps to cause the liquor which may be served to the Troops on occasions of extra batta being allowed, to be mixed with such a proportion of water, as may obviate the pernicious effects arising from the use of unmixed spirits.

Supply of earthen Pots, &c. on a march; and to Europeans arriving from Europe.

On a march, each European is to be furnished daily with two earthen pots, and each Company with one Arrack pot. Recruits, on their first landing, are to be furnished, each mess of five men, with two earthen pots, and every Company of Recruits with one Rum pot.

Proportion of liquor to be issued to cover wastage in serving it out to the Troops.

The Vice President in Council is pleased to authorize the Commissary General and his Deputy to issue one Dram of liquor per gallon to the European Troops to cover the wastage which occurs in serving it out.

Batta Rolls upon which the Rations are issued how to be prepared.

Rations shall be issued by the Commissariat upon Batta Rolls, according to the Form No. 3, which are to be signed by the Officers Commanding Companies or (small Detachments of Europeans; and Rations are not to be furnished by the Commissariat for men sick in the Hospital.

The Governor General in Council is pleased to direct that in future the Batta be drawn by the Commissariat for the day on which the Patients are admitted into the Hospital, and by the Surgeon for the day on which they are discharged.

Rates to be allowed as dry batta when provisions cannot be supplied. Dry batta is to be drawn in abstract for staff

In cases when provisions cannot be furnished, the Commissariat shall pay to each man on half batta, daily, dry batta, or one Rupee and eight Pies, and ten Pies when not furnished with Drums; and double those rates shall be paid to each man on full batta.

Dry batta, according to their Station, being authorized to be drawn in abstract for the Sergeant Majors, and Quarter-master Sergeants attached to Native Corps, or Sergeants holding Staff appointments, and for Europeans at Stations or Out-posts, when their number does not exceed seven; no charge for Rations to Non-commissioned Officers or Pri-

water, that circumstances, will be allowed on the accounts of the Commissariat, and it is to be understood, that no charge for extra hats or drums will be allowed for Europeans, for whom dry hats is understood to be drawn, in abridgment. — (For rates of dry hats allowed to be drawn in Abk. & in 1891.)

The Commissariat shall retain with each detachment of Europeans exceeding seventy in number, and at every Garrison or Cantonment, a licensed European or a Native for conducting the duties of the Department.

The Commissariat will be held responsible that Rum is not sold, by its Servants attending a Detachment or at any Garrison, Cantonment, or Post.

It is positively forbidden to allow of Drums being given to Non-commissioned Officers on any plea of rewarding them for the trouble of superintending the issue of Rations to the Troops; but, in order the more effectually to prevent the toleration of this abuse by subordinate Agents, the Officers of the Commissariat are held respectively responsible, on pain of removal from office.

Drums stopped from the men to be invariably carried to the account of Government.

Should bad Rum or bad Provisions be tendered for the use of the Troops, a report thereof shall be made to the Commanding Officer of the Station, who shall order a Committee to inspect them, and if on their report the Rum or Provisions shall be condemned, they shall not be issued to the Troops, and the report of the Committee, together with what the Commissariat may have to advance on the subject, shall, if the Commanding Officer thinks it necessary, be transmitted to the Military Board to be laid before Government, and the loss shall fall either on the Commissariat, or on the Public, as the nature of the case may require.

Rum shall not on any account be served out to the Troops of an age less than three years.

The Rum to be deposited in the Garrisons of Allahabad, Agra, and Fort William, D shall be drawn from time to time by the Commissariat as it may be required for the service of the Troops after having been one year in store; care being taken to have Rum in sufficient quantity ready to replace the same.

The Commissary General shall always have in hand a store of Rum equal to the probable expenditure of the Troops for six months, and Store Rooms will either be allotted at the different Stations for the reception of the Rum, or buildings, if necessary, will be constructed under the direction of the Commissary General.

A quarterly report of the Rum deposited in store shall be transmitted to the Military Board, on the 31st January, 30th of April, 31st July, and 31st October, stating the quantity, quality, and the period of time the Rum has been in store, in order that the necessary measures may be taken for bringing it into use, and to have the Rum issued duly replaced.

Proc. G. G.
29th Sept. 1890

The Governor General in Council resolves, that the propositions of the Military Board relative to the supply of Rum shall be carried into effect, and the Commissary General is accordingly desired to consider the same as a rule for his guidance in the important branch of the Commissariat to which they refer, — viz.

That 371,700 Gallons, or three years' consumption for the Troops, should at all times remain in store.

That at from one to two years of age in casks it may be safely issued to the Troops.

That there is no danger to be apprehended from the liquor being stored in casks of foul or oak.

That the annual consumption of Rum for the Troops under this Presidency is about 225,000 Gallons.

That it should be left at the discretion of the Commissary General to regulate the provisional arrangements with the Juggernaut Dilliwary, as gradually to bring the general stock to about 200,000 Gallons, or within three years' consumption.

Proc. V. P. G.

The Vice-President in Council entirely approves the arrangements and suggestions for the conveyance upon Camels of a certain quantity of spirits in casks, (to be used for the service of the Troops.)

of Rum for the
European
Troops when in
the Field.

specified in a particular manner for that purpose the use of the European Troops when actually employed in the Field, also for the preparation of a suitable number of carts for the carriage of a Store of that article to sustain the camel loads.

Two hundred and Month's supply of 1 Regiments of European Infantry of 2000 each, and for a Detail of 250 Artillery; and for the carriage of these 121 Camels are to be added to the Establishment.

Twelve hundred and eight more casks of the same dimensions to be constructed, which will contain an additional supply of liquor, (allowing for space and weight) for five months, or, blending the two arrangements, means of transporting liquor for six Months' consumption for the detail above mentioned, or in a reduced proportion for a larger detail; which, in the event of Foreign War, would probably be employed in the Field.

For the carriage of 121 casks of the above proportion, which would contain two Months' Supply, in addition to that for one Month upon Camels, one hundred and twenty one carts will be required, to which extent his Excellency the Commander in Chief recommends that carts may be constructed; and eventually the further number of 181, to complete the carriage for the proportion of casks above proposed. (The above proportion of 121 carts has been completed.)

Agreed, that the Commissary of Ordnance at Cawnpore be desired, on the arrival Spirit Casks, to paint and issue them to the Commissariat Officer, bringing the Magazine Books as "lent to the Commissariat Department," and retaining 1 books under that Head.

Rations of Pro-
visions, &c. how
to be supplied
to the European
Troops at the
Eastern Island.

All European Non-commissioned Officers and Privates composing the Detachments doing duty at Prince of Wales's Island, Malacca, and Bencoolen; and generally on Foreign Service, wherever employed; shall in future be regularly supplied with Rations of provisions and liquor, in the same manner as European Troops are supplied under this Presidency, and on no account shall they be permitted to receive their Batta in money.

Proc. V. P. 318
Jan'y 1810.

To carry this Resolution into effect, a Supply of Rum is to be annually shipped from Bengal, for Prince of Wales's Island and Fort Marlborough, calculated for the consumption of the European Troops doing duty at those Settlements and their Dependencies.

As it may be often found impracticable to supply fresh meat to the European Details at the above-mentioned Settlements, good Bengal Salted Beef is annually to be sent with the Rum, for the purpose of the occasional supply of Rations of Salt Meat, and fresh alternately, according to the necessity of the case.

The Military Board will give orders for providing the requisite supply of Salt Beef and Rum in the manner proposed, viz.

Proc. V. P. 318
Jan'y 1810.

"Rum equal to a supply for 18 Months, according to the established daily allowance for each man, to be dispatched in the first instance to the Settlements respectively, and afterwards annually a supply of Rum for 12 Months, leaving a surplus equal to the probable consumption for Six Months in Store."

And equal to the supply of the European Troops for Six Months, allowing 1 lb to each man, to be dispatched in the first instance, and thereafter to the Stations for four Months, and fresh Meat to European Troops to be the same as allowed on the Presidency.

As the duty of supplying them in future is to be discharged by this branch of the arrangement, the supply now dispatched may be confined to the Settlements.

The Board be desired to communicate with the Owners of the Ships, which may be hired for the purpose of conveying Supplies to the Troops stationed at the Eastern Settlements, that the Rum, Oil, and other Stores be loaded between the Deck, and not in the Hold.

The quilts annually furnished to the European Troops, including the European Non-commissioned Officers and Drummers of Native Corps, to be 7 feet 4 inches long, and 4 feet 4 inches broad; to consist of double chints and to contain 3 fcers of cotton in chequers of 3 inches square; deliverable to Corps on or before the 1st of October, on Survey at the Stations where the quilts shall be made.

Regulations for the supply of Quilts for the European Troops, &c.

New materials and the best cotton, with the full quantity and dimensions prescribed by the orders of Government, are to be used in preparing the quilts, which are to be surveyed occasionally during their preparation, and finally on the 30th September, in order that the whole may be issued annually on the 1st day of October.

Indents from Corps and Detachments to be sent to the respective Brigade Offices for the number of quilts required.

The Indents to be countersigned by order of Commanding Officers of Stations and Divisions, and to be delivered to the Officers (of the Commissariat) appointed to provide the quilts.

(Quilts are not allowed for the European ~~unmarried~~ soldiers; nor is compensation in lieu of quilts allowed to European Non-commissioned and Privates for whom they have not been applied for at the proper period. — Vide pages 175 and 169.)

PROVISION OF HORSES, AND OF GRASS FOR THE HORSE ARTILLERY AND CAVALRY.

M. C. 8th
April 1793

The Agent (Commissariat) is not to purchase Horses until he shall be advised of the want of them by Commanding Officers of Regiments.

Horses to be purchased on the application of Commanding Officers of Regiments, and to be approved by Committees.

Resolved, that before any Horse shall be received into the Service, he shall be inspected and approved by a Committee of Officers.

The expense of feeding the Horses, and providing Oyces and necessaries for the period between the purchase of the Horses and their admission into the Service, is to be charged in the bills (of the Commissariat.)

The Expense of feeding them previous to admission how to be charged.

G. O. V. P.
15th Aug. 1809

The Vice President in Council is pleased to resolve that, until further orders, a sum not exceeding 450 Sonat Rupees shall be allowed for every Horse which may be pronounced by the Committees of admission eligible for the European Dragoons or Horse Artillery; and for every horse admitted into the Service for the Native Cavalry a sum not exceeding 400 Sonat Rupees.

The cost of Horses purchased not to exceed the prescribed amount.

previous to admission, how to be prepared given to the (Commissariat) which certificate, together with the receipt of the Merchant or other Person from whom the horse was purchased, specifying the amount paid for the Horse, shall accompany the bills.

Officers receiving charge of remount Horses are to be furnished by the Committees of admission with extracts from their reports, fully describing each Horse, to enable them to grant a receipt in duplicate to the Commissariat for the number and description of Horses delivered to their custody. One of these receipts will accompany the bills of the Commissariat for audit.

15th Jan. 1811

The Governor General in Council deems it essential that the bills of the (Commissariat) for Horses that may have died, previous to their admission into the Service, be accompanied by a certificate of the Horses being in health when purchased, and that their death was not occasioned by a want of proper care subsequent to their being purchased.

The ration of each Horse shall not exceed five seers per diem, Calcutta Sicca Weight; and the Officers commanding Troops will be held responsible that they do not indent for a greater quantity, than is consumed daily by the Public Horses of their respective Troops. If the Gram offered by the (Commissariat) be considered of bad quality, the Commanding Officer of the Station or Detachment, to whom the matter is to be immediately reported, shall order a Committee of three Officers to inspect it; and, if on their report the Gram shall be condemned, it shall not be served out to the Horses, and the report of the Committee, together with what (the Commissariat) may have to advance on the subject, shall be laid before Government, and the loss either fall on the (Commissariat) or the Public, as the nature of the case may require.

Accounts of the supply of Gram how to be prepared, vouched and adjusted.

A certificate of the price of the different sorts of Gram in the Bazar, reduced to the Calcutta Standard of 80 Sicca Weight, and which is to be expressed in full length, not inserted in figures only, shall accompany the accounts of the (Commissariat) and where there is no Commissary of Bazaars the certificate shall be signed by the Commanding Officer of the Station or Detachment.

It is however to be expected that the Gram supplied by the (Commissariat) will be generally at a much lower rate than the Bazar Price, because it is to be their business to purchase in large quantities, and to procure it from countries where it is produced in the greatest abundance.

The prime cost of the Gram to be stated in a separate account (*vide Form No. 6*) transmitted at the end of every month, in which purchases shall have been made, to the Paymaster General, accompanied by the proper vouchers; but this account being only intended as a check upon the accounts of expenditure, to be furnished monthly by the (Commissariat), the Military Paymaster General is not to write off, to the credit of the Commissary General, any of the articles stated in the Debtor side of this account, but only such as shall be admitted in the accounts of Contingencies and Expenditure.

The whole of the expences of wages of Servants and places for lodging the Gram in, for the hire of boats and all contingencies, also whatever loss may be sustained by the Gram being destroyed by insects in transportation, by re-measurement, or otherwise, to be charged in a separate account, to be transmitted to the Military Paymaster General. — (*For the Form of Account vide Form No. 7.*)

The accounts of expenditure to be made up according to the annexed Form (No. 8,) and transmitted monthly, with the vouchers, (Monthly Gram Indents) to the Paymaster General, by whom they will be sent to the Military Auditor General's Office for audit. These accounts, after audit, to be returned to the Paymaster General, with directions to carry the amount allowed on them to the credit of the (Commissary General.)

The Military Auditor General shall compute and report to Government every three months on the saving which may have arisen by making purchases of Gram at the proper seasons and at places where it could be procured cheap, instead of purchasing it monthly in the Bazaars, at the several Stations of the Army.

**REGULATIONS FOR THE INSPECTION REPORTS, RETURNS, SURVEYS, PROVISIONS,
FEEDING, &c. OF THE PUBLIC DRAUGHT AND CARRIAGE CATTLE.**

G. O. C. F.
6th May 1791

Resolved, that if at any time it should happen that the movements or operations of any body of Troops should be impeded by the unfitness or ill condition of the Cattle, or by the prescribed establishments of Cattle and Drivers not being constantly kept complete at their proper Stations, the respective Commanding Officers of Stations or Detachments shall be held personally responsible for the consequences; unless every circumstance of deficiency or unfitness shall have been duly reported to the Commander in Chief; and in order to impress more strongly a due sense of the importance of this duty,—Resolved, that Commanding Officers be required to certify monthly to the Commander in Chief by letter to the Adjutant General, that the Establishments of Cattle and Drivers for their respective Stations or Divisions of the Army, mentioned in their Muster Returns, are in point of number, strength and condition, as well as in every other respect, fit and equipped for immediate service; or, if there should happen to be deficiencies in the number of Attendants or Cattle, or defects in the quality of the Cattle or Furniture, these shall be particularly stated.

Regulations for the monthly Inspection and Report of all Draught and Carriage Cattle and their attendants, &c. by Commanding Officers of Stations, &c.

Resolved, that it shall be the duty of the Commanding Officers of Stations or Detachments to insert, in these letters, Abstracts of the Cattle mustered monthly.

Ordered, that these letters, after having been regularly laid before the Commander in Chief monthly, shall be carefully preserved in the Adjutant General's Office for the purpose of fixing the responsibility on the Officers who make the reports.

Resolved, that it shall be the duty of the Adjutant General to report to the Commander in Chief if any Officer, whose duty it shall be to make the reports above prescribed, shall neglect to do so.

G. O. C. C.
27th Feb. 1809

The state of the Public Cattle attached to the Army under this Presidency having lately engaged the Commander in Chief's particular notice and attention, his Excellency is concerned to find that the standing orders of the Service respecting the monthly letter and Abstract directed to be forwarded to the Adjutant General's Office, reporting the state and condition of the Cattle, their Attendants and Appointments, for the information of the Commander in Chief, have, of late, been so generally neglected that the only regular and proper report which has been received at the Adjutant General's Office, for the month of January last, is that transmitted by the General Officer Commanding the Chunar Station.

The Commander in Chief expects the Standing Orders on this head will be strictly observed in future, not only by transmitting the Letter and Abstract prescribed, but also by a minute and strict examination of all the Public Cattle, their attendants and appointments, once a month, or oftener, if necessary, by all Commanding Officers of Stations, Posts, Divisions, Detachments, or detached Corps, wherever Public Cattle may be employed.

The following is the Form of the Report and Abstract of the Public Cattle required to be forwarded on the first of every month to the Adjutant General's Office, viz.

A letter on foolscap paper, or paper of that size, to the Adjutant General's address, stating, according to the tenor and spirit of the foregoing standing orders, the condition of the several descriptions of Cattle, their Attendants and Appurtenances, also under what arrangements of Superintendence and Inspection the feeding and attendance upon the Cattle are provided for; and at the bottom of the letter a figured Abstract, agreeable to the following Form, is to be annexed. (*Vide Form No. 9.*)

G. O. C. C.
1st July 1809

After inserting the Cattle present at the Station, Post, &c. under the heads "Present at Muster fit for duty" and "Sick Present," all which are on command or otherwise absent from Stations, Posts, Corps, &c. are to be entered under the requisite number of separate Heads, describing the place to which detached, or duty on which employed, and since what date, with the total number appertaining to the Station, Post, &c. for each month; with a memorandum accounting for the difference, whatever it may be, since the last Return.

The number wanting to complete, in all situations for which the proportions may be fixed, is to be inserted.

The Returns from all Out-posts, Detachments, &c. are to specify the principal Stations on which the Cattle are considered to be dependent, or on the General Returns of which they are borne.

Resolved, that it be made a standing order that Monthly Reports of the condition of the Cattle Sheds be made to the Commander in Chief, and to the Military Auditor General, at the foot of the Monthly Review Rolls of the Cattle. M. C. 27th April 1798

All Draught and Carriage Cattle to be mustered monthly. Muster Rolls how to be prepared.

The Draught and Carriage Cattle of the Army are to be reviewed and mustered monthly, and the different Returns to be signed by the Officer Commanding the Artillery at the Station and the Brigade Major, or where there is no Brigade Major by the Adjutant or other Public Officer, and countersigned by the Officer Commanding the Station, or in his absence by the senior Officer present at muster.—(Cattle attached to the Powder Works are mustered by the Officers Commanding at Barrackpore and Allahabad.) M. C. 22d August 1796

The Governor General in Council hereby calls the attention of Officers Commanding Stations, Posts and Detachments of the Army, to the Section of Musters published in Minutes of Council dated the 22d August, 1796, and directs that the Monthly Muster Rolls of Elephants, Camels, Draught and Carriage Bullocks shall be transmitted, with the other Muster Returns of the Troops, by the Mustering Officer direct to the Military Auditor General. G. O. G. G. 22d Aug 1806

The Governor General in Council is pleased to direct that the following form of a Return of Elephants, Camels and Bullocks be substituted for the Return now in use. (*Vide Form No. 40.*) G. O. G. G. 30th Oct. 1810

Officers Commanding Divisions, Stations, Posts and Detachments, and all other Officers to whom the duty of mustering Public Cattle may be delegated, are directed to be very particular in making a minute inspection and report (to Head-Quarters) with respect to the condition and efficiency of the Cattle for Service, as well as of their numbers at every monthly muster; and the number, description and condition of all Public Cattle with Corps and Parties detached, is to be stated on the back of the Monthly Returns, noting what are appropriated for Camp Equipage, and what for Ammunition. G. O. C. C. 26th May 1806

Disposition Return of all Public Cattle to be furnished by the Commissary General monthly.

The Commissary General will transmit to the Adjutant General's Office, Monthly Abstract Disposition Returns of the Public Elephants, Camels, Draught, and Carriage Bullocks on the Establishment of this Presidency, as soon after the 1st of every month as they can be conveniently prepared. G. O. C. F. 11th July 1812

Public Elephants, Camels, &c. where to be kept for the facility of grazing.

Officers Commanding Stations, Posts and Corps will be pleased to allow all the Public Elephants and Camels appertaining to their respective Commands, to be kept at a convenient distance for the benefit of forage and grazing, with suitable guards for their protection, retaining for any sudden demands the proportion of six camels with each Regiment of Native Cavalry and each Battalion of Native Infantry; four Elephants with each European Corps; and one Elephant with each Regiment of Native Cavalry or Battalion of Native Infantry, to which Elephants may be attached. G. O. G. G. 10th Mar. 1827 and G. O. C. C. 27th Apr. 1809

Such Cattle are to be relieved every two months.

Cattle stationed in the Doonib (from Agra and Muttra) are to be brought to the Banks of the Jumna for the monthly muster or inspection, or Staff Officers are to be deputed to muster them at their foraging ground, as may be found advisable, with reference to the distance and the seasons of the year.

Public Cattle on no account to be employed for private purposes, and under whole direction, to be loaded, &c.

The Commander in Chief calls the attention of Officers Commanding Divisions, Stations, Detachments and Corps to the responsibility which attaches to their situation, and to the duty they owe to Government in strictly enforcing the Orders and Regulations, which forbid any of the Public Cattle whatsoever being, under any circumstances, employed by or used for the business of Individuals. G. O. C. C. 20th June 1836

When Elephants, &c. are employed in carrying the Field Equipage, the Contractor or his Agents (ommissionariat) shall have the sole direction in loading the Elephants, Bullocks, &c. The Quarter-master and his People shall give every possible assistance. M. C. 5th Aug. 1779

G. O. C. C. 3d
March 1808.

The following directions are to be observed as standing orders on the subject of Draft and Carriage Cattle.

First.—Officers in command of Troops are held responsible for the condition of the Public Cattle appointed to proceed with them on a march, inasmuch as it is their duty to ascertain that the Cattle receive their full feed of Gram and Fodder, are carefully cleaned, carried regularly to water, have their gear, particularly their pads, in proper trim and well put on; that they are never suffered to take up private Baggage, to be overloaded on the public account, or subjected to the fatigue of forced marches, without special Reports of the necessity of the case being made to Head-quarters.

Second.—Any thing to the contrary, with respect to taking up private Baggage, or overloading the Cattle on any account, shall be duly noticed to Commanding Officers by the Agents of the (Commiffariat,) and reported to the Head of their Department, for such communication to Head-quarters as the nature of the circumstances shall appear to deserve.

Third.—All Cattle belonging to the several Establishments, having good teeth to masticate their food, are to be considered serviceable in point of age.

Fourth.—All Cattle being out of condition after the fatigue of marching, or having suffered by the extremes of heat and cold, which are known to have the same effect in either case, are never to be rejected on that account; but in the event of any indifference on the part of the Agents, or other people entrusted with the management, to use extraordinary endeavours for the speedy and complete recovery of Cattle out of condition, from whatever cause, the negligence is regularly to be reported to Head-quarters by Commanding Officers of Stations and Detachments, for the information of the Commander in Chief.

Fifth.—No Cattle are to be rejected at any Out posts of the Army.

Sixth.—Cattle deemed unserviceable at Out-posts are to be sent to the nearest Dépôt or principal Station for Survey, at the stated annual period; when such as shall be finally condemned will be disposed of as directed by the Regulations of the Service, and Vacancies to be filled replaced from the Dépôt or principal Station.

Seventh.—Cattle sent in from Out-posts as unserviceable, but pronounced otherwise on Survey, are invariably to be returned to the Detachments or Posts from whence received.

Eighth.—The Annual Surveys of the Cattle to take place on or as soon after the 1st of April, in each year, as the Cattle can be assembled. (The Annual Valuation and Survey Reports of Cattle to be prepared in duplicate, one for the Military Paymaster General and one for the Commiffariat.)

Ninth.—Commanding Officers of Out-posts or Detachments are directed to report by Dak, to the nearest Dépôt or principal Station, the number and descriptions of Cattle they have deemed necessary to forward for the purpose of being presented to the Annual Survey, and to report in like manner when they have none to send.

(For Regulations for the preparation of Survey Reports of Cattle, &c. and for the duty of the Officers composing the Committees, *vide* pages 462 and 443.)

Regulations for the Surveys of Cattle, and circumstances under which they are to be rejected at Stations and Out-posts.

BULLOCKS.

D. V. P. and
Dec. 1809

Whenever Bullocks are purchased for the Public Service, they shall be surveyed by a Committee of Officers, whose report on the Bullocks shall accompany the bill as a voucher for the purchase. The report is to specify the age of the Bullocks, which shall not be less than five years, nor exceed eight years. Draft Bullocks are not to be admitted into the Service of a height less than fifty inches, and Carriage Bullocks not less than forty eight inches. Each Carriage Bullock, when admitted for the Service, must be certified by the Committee to be, in their judgment, able to carry a load equal to two hundred and ten pounds Avoudupoise weight, exclusive of his gear; and Draft Bullocks shall be strong enough to draw Pieces of Ordnance of the following proportions:—

Committees for the inspection of Bullocks how to be composed.

The Committees for inspecting Bullocks, whether for reception, or being cast, shall be composed of Officers of whatever Corps at the Station, who are supposed to possess the greatest skill and judgment in Bullocks, and not by any roster of duty.

The Survey Reports of all Bullocks that may be henceforward admitted for the Public Service, are, in addition to the usual heads of information in those Reports, to contain a description of the Cast or Country in which the Bullocks may have been bred, according to the best information that can be obtained, as well as a general description of the figure, and apparent degree of bone, strength and fitness of the animals.

G. O. C. C.
13th Nov. 1809,

Each Bullock, when admitted into the Service, shall be marked, in the presence of the Committee, on the haunch with the two final figures of the year; the Draft Bullocks shall be also marked with the letter D. and the Carriage Bullocks with the letter C.

G. O. V. P.
22d Dec 1809
and 6th Feb. 1810

Proportion of Gram and Fodder allowed to the Carriage and how to be served out and charged in the accounts.

The proportion of Gram and Fodder to the Bullocks to be regulated at the discretion of the Commissary General; but in no case to exceed three seers of Gram and seven seers of dry Fodder, and to be issued in the presence of a Sirdar of Gun Drivers, under the Superintendence of the Artillery Officer of the day, who will at every principal Station be appointed for that purpose.

A certificate signed by the Magistrate of the District, stating the current price of Gram, at 80 Sicca Weight in the Buzar, also the price of Boofah, shall accompany the accounts. It is however to be expected, that the Gram and Boofah supplied by the Commissariat shall be generally at a much lower rate than the Buzar Prices, because it is to be the business of the Department to purchase both articles in large quantities, and procure them from Countries, where they are produced in the greatest abundance.

Sheds for the Bullocks how to be prepared.

The sheds for accommodation of the Bullocks shall be built in all practicable cases within the limits of the Cantonment to which they are attached, and at a convenient distance from the Artillery Barracks; but when this is not practicable, they shall be built in such situation in the immediate vicinity of the Cantonment or Post as the Commissary General shall deem proper. The dimensions of the sheds are to be so regulated as to allow for each

Bullock ten feet by four, and the sheds are to be constructed and repaired by the Commissariat upon the usual survey and estimates, which are to be submitted to the Military Board.

The Bullocks, whether Draft or Carriage, at each Station, shall be mustered monthly on the 1st of each month by the Commanding Officer of the Station, by whom a muster Roll specifying their number, the state of their gear, their condition, and also any Casualties that may have occurred, shall be transmitted to the Office of the Military Auditor General. (*Vide Form No. 10.*)

The Pads, Pickets, and Ropes of the Bullocks shall be furnished, when required, according to patterns which will be furnished by the Commissary General, and each Bullock shall be furnished by the Commissariat with a jhool or covering, as already authorized, at and above Dinapore, whenever the inclemency of the weather may render it necessary.

G. O. V. P. 10th Oct. 1809. The Jhools are to be inspected monthly upon the Cattle at Muster.

G. O. V. P. 22d Dec. 1809. One Driver from the Corps of Ordnance Drivers will be appointed to every two Bullocks, and one Sirdar to every twenty-one Drivers, or to forty-two Bullocks, and the Drivers as well as the Bullocks will be placed under the command and direction of the Senior Officer of Artillery at the Station; as provided for in the Regulations for the Corps of Ordnance Drivers. — (*Vide page 194.*)

	TOTAL	592		38	

The whole of the above Cattle, both Draft and Carriage, to be supplied with Drivers by the Commissariat, at such rate of hire as may be deemed expedient by the Commissary General under the sanction of Government.

What duties are to be performed by the Drivers attached to Cattle at the Powder Works. Ordered, that the Deputy Commissary General be informed that the Military Board perceive no sufficient grounds upon which the Drivers of Cattle, employed at the Powder Works, ought to be exempted from the customary duties of cleaning and feeding them; and that the Board accordingly request he will carry this simplification of their attendance on the Cattle into execution. No. M. P. 10th March 1810.

The Drivers are not to be viewed as a part of the labourers employed in the Manufacture, but to be considered as attached to and charged with the care of the Bullocks, and must be paid under the Commissariat; but enjoined to obey all orders from the Agent whilst in the Mills.

Directions of the Officer Commanding the Artillery in the Field for the disposition of Ordnance Cattle to be completed with. To enable the Commanding Officer of Artillery in the Field to carry into effect occasional arrangements in the disposal of Ordnance Cattle under his Superintendence, Commanding Officers of Stations and Out-posts will sanction such directions and changes relative to that Department, as Lieutenant Colonel Hardwicke may find it necessary to intimate to Officers in charge of Ordnance Cattle, for the purpose of keeping them complete. G. O. C. P. 7th April 1810.

Cattle to be supplied from the Commissariat for Qr. Master's Carts of European Corps. The requisite Cattle for Quarter-master's Carts of European Corps are to be supplied, when wanted, under the Commissariat. G. O. V. P. 3rd April 1810.

Bullocks becoming unfit for service how to be disposed of. When Bullocks become unfit for service, either from age or accident or incurable dispositions, they will of course be cast upon regular survey according to the custom of the Service, the report of the Committee of Survey being transmitted to the Office of the Military Auditor General in the usual manner. If the Bullocks so cast are of any value, they shall be sold, the Commissary General giving credit for the amount sales in his monthly account current; if of no value, they shall be shot, and their places are to be supplied by the Commissary General with fresh Bullocks as soon as he can procure them. G. O. V. P. 2nd Decr. 1809.

Accounts of the expenses of the Bullocks how to be prepared and adjusted. The subordinate Officers shall transmit, as soon after the expiration of each month as possible, to the Commissary General, a detailed account of the expenses of the Bullocks for the preceding month, accompanied by the prescribed vouchers of the current prices of Gram and Boofah at the several stations where the Bullocks may be employed, and detailing such increase in the number of Bullocks as may have happened in the course of that month, according to the annexed Form No. 11.

The Accounts will be sent by the Commissary General to the Military Auditor General, where the number of Bullocks and their condition for service will of course be checked by the returns of the Bullocks received from the different Army Stations. These Accounts, after audit, will be returned to the Military Paymaster General, with directions to credit the Commissary General for the amount admitted on them.

The Military Auditor General shall compute and report to Government, every three months, the average monthly expence of maintaining each Bullock in the Upper and Lower Provinces respectively.

M. C. 26th July 1793 Resolved, that as so many Serjeants as are now employed in the capacity of Bullock Serjeants cannot be spared from the European Corps of the Army, the situation of Bullock Serjeant be not considered as permanent, but that the Commanding Officers of Artillery and the Commanding Officers of Stations and Detachments do occasionally, and as often as they shall think fit, employ one or more of the Non-commissioned Officers under their command to see that the proper quantity of food be served out to the Cattle.

Regulations for the appointment of Bullock Serjeants; for their allowances, &c. and how to be drawn.

M. C. 6th March 1797 Resolved, that a Bullock Serjeant at 14 Rupees per month be allowed to each of the Stations of Fort William, Berhampoor, Danapoor, Chunar, Cawnpoor and Futtighur.

P. G. G. 26th March 1807 The Governor General in Council sanctions the construction of a Bungalow or the Esplanade for the Bullock Serjeant attached to the Presidency.

G. O. 7th June 1794 The Staffallowance (of the Bullock Serjeants) to be drawn, at those Stations where there are Artillery, by the Commanding Officers of Artillery, and at other Stations by the Brigade Majors or other Public Officers, in separate bills, countersigned by the Commanding Officer of the Station.

THE ABOVE ACTED ON 18th Sept. 1805. It is determined that Camels shall be substituted for Carriage Bullocks for the use of the Army in the Upper Provinces.

Camels to be substituted for Bullocks for the use of the Army in the Upper Provinces; and under what inspection to be admitted into the Service.

Whenever Camels are purchased for the Public Service, they shall be surveyed by a Committee of Officers, whose report on the Camels shall accompany the bills of the (Commisariat) as a voucher for the purchase; the Report shall specify the age of the Camel, which is not to be less than 5 nor more than 9* years; and the conviction of the Committee that each Camel is able to carry a load of at least six maunds.

G. O. C. C. 28th Sept. 1805 Each Corps is to furnish a guard for the protection of the Camels attached to it, and a convenient place in the lines of the Corps is to be allotted to them.

Regulations for the charge, superintendence, &c. of Camels attached to Corps.

A careful Non-commissioned Officer is to be appointed to see that the Camels are properly fed and get their full allowance, and that the Forage and Grain they may get is not sold or made away with by the serwans.

G. O. C. C. 20th March 1805 In places where green forage is procureable, part of the Guard is to be sent with the Camels that go for it, and the Sepoys are to be particularly enjoined to prevent the serwans committing any acts of oppression or impropriety towards the Inhabitants of the Country, and also to guard against their being obstructed in cutting the usual Forage.

G. O. C. C. 28th Sept. 1805 Officers commanding Corps are particularly enjoined to prevent the Public Servants employed with the Camels being ill treated, by any person whatsoever.

The Adjutant and Quarter-master, or Person acting as such, is to receive the Report of the Non-commissioned Officer (superintending the feeding of the Camels) and immediately to inform the (Commisariat Officer) of any fraud or neglect being discovered on the part of the serwans.

The Gram allowed to each Camel, when marching, is 3 seers per day.

The Non-commissioned Officer is to see the saddles daily taken off, and examine whether the backs of the Camels are galled.

The Adjutant and Quarter-master will, as soon as any Camel is reported to be galled, however slightly, cause it and the serwan attending it to be sent to the (Commisariat Officer) when it will be exchanged, should the Stock of Camels admit of it.

G. O. C. C. 5th Dec. 1809 The direction, contained in General Orders of the 28th September, 1805, which provides for all Camels, however slightly galled or otherwise temporarily ailing, being sent to the

(Commissariat Officer) must be understood to be applicable to the circumstances of war, when the (Commissariat Officer) may be, with a large portion of the Establishment of Camels, with an Army in the Field.

In all other situations, whenever Camels attached to Corps may be in an inefficient state, the Person on the part of the (Commissariat) is to be required to use means for their recovery, and in every case of serious or protracted sickness, Reports are to be made to the (Commissariat) who will take measures for having such Camels exchanged.

Commanding Officers of Stations and Out-posts to which Establishments of Camels are attached are directed to order them out to graze annually, after the 1st of October, detaining only such a portion of them in Cantonments as is absolutely necessary for the Cantonment duty. (*Vide page 566.*)

A small Guard is always to accompany the Camels, and they may be permitted to graze within four day's march of each Cantonment, at the discretion of the Officers Commanding.

Augmentation
of the Estab-
lishment of
Camels for
purposes spe-
cific.

The Vice President in Council sanctions the purchase of 121 Camels for the conveyance of liquor in addition to the present Establishment.

Proc. V. P. 5th
and 10th Sept.
1809

The Vice President in Council is pleased to authorize 20 Camels being added to the existing Establishment of those animals, to be employed in conveying Expresses, Dispatches, Intelligence, &c. and to determine that a brace of pistols, with a Carbine and a Pouch and Ammunition, shall be supplied to each Shooter Suwar attached to the additional Camels above authorized.

Government having been pleased to authorize an addition of 306 Camels to the present Establishment of Public Camels. (viz. 198 for the conveyance of Troop Stores of Regiments of Cavalry, and 108 to complete the carriage of 3 day's Gram for the Cavalry to 483 Camels,) when the augmentation now ordered shall be completed, three Camels per Troop are to be always supplied for the conveyance of Troop Stores, whenever Cavalry may be ordered to march.

G. O. C. G.
11th Jan. 1810

The Vice President in Council is pleased to determine that 82 Camels be immediately added to the present Establishment of Army Cattle to provide for the Public Service of the Commander in Chief, General Staff, and the augmented Corps of Horse Artillery,—viz.

G. O. V. P. 13th March 1860 Sixty-seven Camels being necessary for the carriage of the Pawlins, for the preservation of Saddlery and Horse Artillery Harness, that number is accordingly added to the present Establishment of Army Cattle, and directed to be supplied as soon as possible under the Commissariat.

G. O. C. C. 10th May 1861 The Regiment of His Majesty's Infantry at Ghazeepeer will be supplied with Camels for the carriage of its Ammunition, the same as the other Corps serving in the Benarus District; but the proportion of Camels allotted for the use of that Corps is to be kept at Cawnpoor instead of Ghazeepeer, and in a perfect state of readiness for movement.

No delay or other inconvenience to the Service need arise from this arrangement, as the commanding Officer at Benarus will always possess means in the Public Cattle allotted to other Corps at that Station of providing temporarily for the carriage of the Ammunition belonging to his Majesty's 67th Regiment, until it can be met by the Cattle properly allotted for that purpose.

Proc. V. P. 18th Sept. 1869 The Vice President in Council approves and sanctions the Orders issued by his Excellency the Commander in Chief directing the Establishment of Camels to be kept complete. The Establishment to be kept complete.

 nearest to the Post or Station where Camels may be in an inefficient state.

But no Survey Report of Camels in detached situations is to be considered conclusive, with respect to the act of shooting or selling such Camels, except in cases of broken limbs or other causes rendering them actually incapable of travelling.

A copy of the Survey Report will of course be also forwarded to the Officer Commanding in the Field, who will require the Commissariat Officer to exchange the exceptionable Camels without delay, as often as the case occurs.

 mittees, and in the event of any difference of opinion between the Committee and the

(Commissariat) with regard to the unsuitness of Camels for the Public Service, a reference is to be made to the Commanding Officer on the spot, who will either order another Committee, or decide himself upon the question at issue, whose decision in either case is to be final.

(Duplicates of Survey or Valuation Reports of Camels are to be sent to the Commissariat.)

G. O. G. G. The (Commissary General) shall transmit (as soon as possible after the expiration of Accounts of the
16th Sept. 1805 each Month) to the Military Paymaster General, a detailed account of the expenses of the Camels for the preceding Month, accompanied by Vouchers of the Price of Gram at the several Stations where the Camels shall have been employed, and detailing such increase or decrease in the number as may have happened in the course of that Month, according to the Form No. 12.

The number of Camels, and their condition for Service, will of course be checked in the Military Auditor General's Office by the Monthly Returns of Camels, received from the several Army Stations.

These Accounts, after Audit, shall be returned to the Military Paymaster General, with directions to carry the amount allowed on them to the credit of the (Commissary General.)

G. O. C. C. Captain Bradford will be pleased to supply (Rewari) Camels immediately to the Corps hereafter mentioned, for the carriage of the men's baggage. Directors for
18th Sept. 1805 the protection and charge of
Rewari (or hired) Camels.

The hire of these Camels to be paid for by the men at the rate of — Rupees for each Camel per month.

The Quarter-masters of Corps, respectively, are to have charge of those Camels, and will collect the amount of their hire as often as may be practicable and pay it to the owners of them.

The Quarter-masters in charge will also, under the authority of Commanding Officers, prevent the Camels being overloaded, nor allow the Owners or Drivers to be ill-treated in any manner whatsoever.

G. O. C. C. All Rewari Camels required for public or private employment, connected with the Troops and Departments now assembling on this Frontier, are to be entertained by the Agent for Camels, by whom the rates of hire and conditions of service are to be settled, and communicated by him to the parties concerned. All applications on this head are to be made to the Agent accordingly.

The Commander in Chief embraces the occasion of calling the attention of the Officers and Troops to the indispensable necessity of adopting the most conciliatory conduct to the Owners of hired Camels; and his Excellency strictly forbids any persons of that description being punished by any individual whatsoever.

In the event of any serious misbehaviour on their parts, the circumstances are to be stated to Commanding Officers of Corps, or, if necessary, to the Officer Commanding in Camp, who will order such redress as the occasion may appear to require, referring all points respecting Rewari Camels to the Agent for Camels, whenever he may be present.

Although these people engage for the service of Individuals, yet it must be obvious that they look for Public protection; without which desertion and disgust on their part, with distress and injury to the Public Service, must be necessarily expected to result.

The Commander in Chief therefore enjoins it as a particular duty of Commanding Officers of Corps, and those in charge of Departments, to cause the strictest observance of these orders, by such attention and arrangements on their parts as shall insure every good effect, which they are intended to produce.

G. O. C. C. Deputy Paymaster Lieutenant Arnold is directed to pay to the Agent for Camels the Compensation
10th May 1809 amount of the remuneration authorized by Government on the 13th instant, at the rate of 50 Rupees per Camel, to the owners of Rewari Camels which were taken away by Robbers, or others, whilst in the employ of Government with the Troops in Sindh. the owners of hired Camels lost when in the employ of Government.

ELEPHANTS.

Regulations for the admission of Elephants into the Service, and for the disposal of those received from the Keddah Establishment.

Whenever Elephants are procured for the public service, they shall be surveyed by a Committee of Officers, to be formed for that purpose at the nearest Military Station, and the report of the Committee shall accompany the bill of the Commissary General, as a voucher for the expence. The report of the Committee is to specify the age of each Elephant, which shall not be less than twelve years, his stature not less than seven feet; and also the conviction of the Committee that each Elephant is able to carry a load of at least twenty maunds, exclusive of his gear. G. O. V. P. 22d Dec. 1809

On no account shall Elephants be tendered for the Service which have not been caught at Chittagong, or in the country to the southward of that province, or, if specially authorized by Government, in Sylhet or Tipperah.

The Governor General in Council sanctions the transfer of the whole of the Elephant Property forming the Keddah Establishment of the late Contractor to the Commissariat. Proc. G. G. 24th Sept. 1810

The Commissary General having reported the successful termination of the Keddah business for the present season, a Committee, composed as hereafter specified, is appointed to meet at Chittagong to inspect and report upon the Elephants, according as they shall be reported by the Commissariat Officer on the spot to have arrived on the plains. G. O. G. C. 12th May 1811

In addition to the Survey Reports the Committee will furnish a correct statement of the height, the age, and valuation of Elephants presented, particularizing those of more than ordinary perfection.

All of six feet in height and upwards are to be transferred immediately after the Survey to the Pheel-khannah at Chittagong, or to the Depot at Dacca, according to the instructions which will be given to his Department by the Commissary General, for the purpose of training and seasoning the Herd; for the distribution of which orders will be issued hereafter.

PRESIDENT OF THE COMMITTEE.

Lieutenant Colonel James Price.

MEMBERS.

The Commanding Officers of the Regular Infantry on duty at Chittagong; and of the Provincial Battalion.

Directions for the Gear, Rations, and Sacks for the Elephants.

The pads, chains, and ropes of the Elephants, when it may be necessary to supply new ones, shall be provided according to patterns which will be furnished by the Commissary General. G. O. V. P. 22d Dec. 1809

The daily Ration of Rice or Otah for each Elephant will be regulated according to their size, at the discretion of the Commissary General; a certificate however, signed by the Magistrate of the District, stating the current price of coarse Rice, and of Otah at 80 Sicca Weight, expressed at full length, and not entered in figures only, shall accompany the Agent's Accounts. It is nevertheless to be expected, that the Rice and Otah supplied by the Commissariat will be generally at a much lower rate than the Bazaar prices, because it is to be the business of that department to purchase in large quantities, and to procure those articles of supply from countries, where they are produced in the greatest abundance.

The sheds will be constructed and repaired by the Commissary General upon the usual Survey Report and Estimate to be transmitted to the Military Board.

The Elephants to be mustered monthly.

The Elephants shall be mustered monthly on the 1st of each month, by the Commanding Officer of the Station, by whom a Muster Roll, specifying the state of their gear, their condition, and also any casualties, that may have occurred, according to the Form No. 10, shall be transmitted to the Office of the Military Auditor General.

And where to be kept.

The Elephants will be lodged at such place, in the vicinity of the Station to which they belong, as the Commissary General shall deem eligible, with a view to their being sufficiently provided with forage.

If the Elephants to cast are of any value, they shall be sold, the Commissary General giving credit for the amount sales in his Monthly Account Current; if, of no value, they shall be shot, and replaced as soon as possible.

Regulations for the survey and disposal of Elephants becoming unfit for further service.

The subordinate Officers shall transmit, as soon as possible after the expiration of each month, to the Commissary General, a detailed account of the expences of Elephants for the preceding month, accompanied by the prescribed vouchers of the price of Rice or Otah, at the several Stations, where the Elephants may have been employed, and detailing such increase or decrease in the number of Elephants as may have happened in the course of that month, according to the Form No. 13.—The accounts will be sent by the Commissary General to the Office of the Military Paymaster General for audit in the Office of the Military Auditor General, where the number of Elephants and their condition for Service will of course be checked by the returns of Elephants received from the different Army Stations. The accounts, after audit, will be returned to the Military Paymaster General, with directions to credit the Commissary General for the amount admitted on his disbursements.

The Accounts of the expences of the Elephants how to be prepared and admitted.

The Military Auditor General shall compute, and report to Government every three months, the average monthly expence of maintaining each Elephant during the quarter, in the Upper as well as in the Lower Provinces.

SUPPLY OF HIRED CARRIAGE AND CATTLE FOR OCCASIONAL SERVICES; OF
BUNJARRAH BULLOCKS, AND GRAIN FOR THE TROOPS, &c.

G. O. C. C.
2d June 1808

The Commander in Chief is pleased to direct that in future, whenever it shall be necessary to hire Hackeries for the Public Service at any of the Stations of the Army, ap-

Regulations to be observed on occasions of

hiring. Applications for the purpose are to be made to the (Commisariat), who will be furnished by the Brigade Major of the Station with a certificate stating the date of employment and of discharge, the service for which the Hackeries may have been required, and the number of Bullocks by which they may have been drawn.

It having been represented to the Commander in Chief that Hackeries, dispatched with Stores to subordinate Magazines, Posts, and Corps, suffer much unnecessary detention, thereby defeating the object of the Commisariat arrangements with the proprietors, and consequently entailing considerable expence upon the Government, which would otherwise be avoided.—His Excellency is pleased to direct that, in all practicable cases, such Hackeries shall be unloaded and set at liberty on the day of their arrival at their destination, and that on all occasions where it may be necessary to re-employ any portion of them to convey unserviceable Stores, or for any other public purposes, an order to that effect, specifying the number and description, whether of two, three or four Bullocks, is to be invariably issued by the Officer commanding the Detachment, to the Commisariat, on the day of their arrival, particularly adverting to the spirit and true meaning of the orders of Government, under date the 14th July last, (*vide page 463*) relative to the disposal of unserviceable Stores at Out-posts.

As the Staff of Corps are always timely apprized of the dispatch of Stores by the Ordnance Officer of the Magazine from whence they are sent, it is expected that no delay whatever will take place in the preparation and loading of such convertible articles as it may be found expedient to return; and all Escorts, as well as Magazine-men proceeding in charge of Stores, are to be strictly enjoined on no pretence to be any hindrance to the Hackery Drivers performing daily stages to the full extent of the ability of their Cattle.

A copy of all orders, directing the re-engagement of Return Hackeries, is to be regularly furnished to the Commisariat Agent as a voucher to accompany his disbursements, and to entitle him to credit for the same with the Commissary General.

The Vice President in Council is pleased to authorize the Military Board to instruct Colonel Marshall to cause sixty Hackeries or tough Carts to be immediately made up by way of experiment, at Kurnul, for occasional calls of Service at that Station and at Lodhiana.

The Governor General in Council is pleased to direct that all Bunjarrah Bullocks, without distinction, as well as all supplies of Grain, be provided and paid for by the Commisariat.

All Officers, receiving Grain from the Civil Officers of Government, are directed to make a return of such Grain immediately to the Military Auditor General, stating the person from whom received, and for what purpose, and afterwards to report from time to time the deliveries as they occur, and the balance in Store.

The Vice President in Council having determined that a supply of provisions, equal to one month's consumption for the Troops, regular and irregular, stationed at Harshi, shall be stored in that Fort, the Commissary General will take immediate measures for providing and storing the requisite supplies; regulating the quantity and description by statements which the Officer commanding in Harshi will be directed to furnish on his application. The Commissary General will in like manner take measures for storing in the Forts of Saharunpoor, Aligarh, Agra, Aonbhur and Allahabad, a supply of Provisions for one month, calculated according to the present strength of those Garrisons, respectively.

SUPPLY OF BOATS FOR THE TRANSPORTATION OF TROOPS AND STORES, AND OF FERRY BOATS, AT MILITARY STATIONS.

Officers commanding Stations are required to express very particularly, in all Orders authorizing the hire of boats, the number of Troops and nature of the Stores to be transported on them; and the bills for such Service should invariably be accompanied by certificates of the number of men, and lists of Ordnance, Ordnance Carriages, and other bulky articles.

G. O. V. P. 17th Apr 1819 The Vice President in Council is pleased to direct that the surveys prescribed by the existing Regulations on all boats provided for the transportation of Troops and Stores, be discontinued, and that the Officers providing boats be held personally responsible for their good condition, and fitness for the Service for which they may be engaged.

Officers furnishing Boats are held responsible for their being in good condition

G. O. G. G. 5th May 1819 The Governor General in Council is pleased to resolve, that the following rate of Tonnage for Troops and Stores ordered to proceed by water shall be allowed from this date :

Rates of Tonnage established for Troops, &c.

For each European,	----	----	----	Maunds	50
For each European sick,	----	----	----	----	75
For each European woman,	----	----	----	----	30
For each European child,	----	----	----	----	10
For each Native,	----	----	----	----	30

For the Stores of each European Regiment proceeding by water one boat of 500 maunds.

The allowance of 1 8th Extra Tonnage, to replace accidents, and for the accommodation of the sick, is to cease.

His Lordship in Council is further pleased to notify, for the information of the Army at large, that any Officer presenting an Indent for boats, in excess to the foregoing rates of tonnage, will be held responsible for the expence which may be thereby occasioned, (For the Form of Indent *vide Form No. 14.*)

G. O. V. P. 1st Sep 1805 The Vice President in Council passes the bill from Major Daniell for the hire of boats for the transportation of a Detachment of the Body Guard with their Horses from Benarus to the Presidency, at the Proportion of Tonnage charged; viz, for each Horse, maunds 134.

And for Horses

G. O. G. G. 26th Mar 1807 The payment of money, which has been made in some instances to European Non-commissioned Officers and Soldiers in lieu of boats, which should be furnished for their accommodation, is in future prohibited.

Prohibition of the payment of money in lieu of Boats to European Soldiers

G. O. G. G. 13th May 1809 One Poundway is to be allowed to each fleet of boats conveying a Detachment of not less than one hundred Europeans.

Proportion of Poundways and Duggies allowed to fleets of Boats conveying Troops and

Two Poundways for a fleet conveying not less than four hundred Europeans; and three Poundways for a fleet on which a Regiment shall be embarked.

G. O. V. P. 6th Feb. 1815 The Vice President in Council is pleased to authorize double the proportion of spare Poundways, mentioned in General Orders of the 13th of May last, for the purpose of attendance on fleets of boats conveying Troops or Stores to the Upper Provinces, in the rainy season, or from the 1st of June to the 1st of October, annually.

G. O. V. P. 5th Sept. 1805 The Vice President in Council authorizes, in addition to the present regulated proportion of Tonnage for Military Stores, one Dingy of 100 maunds, with a Manglee and two Dandies, to every fleet of Store Boats consisting of ten Boats, and two Dingies to every fleet consisting of twenty or any greater number of boats, as proposed by the Military Board.

Ext. G. O. G. 15th July 1811 Whenever boats are required (the Commissary General) on receiving official notification of the same, shall collect the number specified, after which, having been examined and approved, an advance of two thirds of the amount of the hire shall be made to the several Manglees.

Regulations for the hire and payment of Dandies, &c.

Previous to the boats quitting the ghaut, whether with Troops or Stores, (the Commissary General) shall take effectual measures for ascertaining whether the crews are satisfied; and the Officer, Conductor, or other person proceeding in charge of the fleet, shall take similar measures, with a view to prevent any imposition on the Dandies by the Manglees withholding their wages, or making undue exactions.

The (Commissary General) shall deliver to the Officer, Conductor, or other person proceeding in charge of a fleet of boats, a roll of the boats with their crews.

Commissary General.

In the event of Dandies deserting before the conclusion of the voyage, the Mangies are bound immediately to provide fresh Dandies; and, in case of failure, a proportionate reduction shall be made from the sum which they would otherwise be entitled to receive on the completion of the trip, and the Officer, Conductor or other person in charge of the Fleet shall endeavour to procure Dandies in their stead, by application to the civil authority. (For the mode of application, *vide* Chapter XIX.)

Casualties among the Dandies, from sickness or any other cause, are likewise immediately to be replaced by the Mangies, and, in case of failure, deduction shall be made as above prescribed.

Any Mangee, Golyah, or Dandee, or other person belonging to a Boat in the Public Service, who shall absent himself therefrom, shall be liable to be apprehended by the Magistrate of the District in which he resides, or may be found, and to be punished in such a manner as the Magistrate, on a consideration of the circumstances and nature of the offence, shall consider to be proper under the powers vested in him by the General Regulations; such Mangee, Golyah, or Dandee shall also be obliged to return the full amount received by him, in consequence of his failure to perform the conditions of his hire.

The Officer, or Conductor in charge, shall furnish the nearest Magistrate with the necessary information to enable him to take measures for apprehending the absconding party.

Circumstances under which they will be required to assist in unloading Boats, Agreed to request the Deputy Commissary General will make such arrangements in the hire of Boats for the transportation of Stores from the Presidency, as will prevent the recurrence of the inconvenience complained of by Lieutenant Nugent, viz. "The refusal of the Boat-men to convey the Woollens to the Godown from the Boats:" it being Recd. M. G. 20th Feb, 1812

understood that the crews of Boats, in all ordinary cases, are bound to assist in delivering the landing of them at the place of deposit, if not unreasonably distant from the Ghaut.

Proc. V. P. The Vice President in Council is pleased to authorize a careful Peon being sent on each of the Boats loaded with Rum, for the purpose of taking care of the casks and seeing that water is thrown over them daily; and also two Coopers with the requisite Tools to accompany each fleet of Rum Boats. **Establishment to be furnished for Boats conveying Rum.**

G. O. 25th When Officers, or other persons, charged with Stores, proceeding to the Upper Stations, find it necessary to replace such Boats as are lost or rendered unserviceable from weather, the Boats so provided shall be charged for agreeably to the Boat Regulations, as far as circumstances will admit. **Contingent Expenses necessarily incurred on account of Store Boats &c. how to be charged.**

Charges attending Boats, from any necessity of assistance they may require from the Natives, must be made under the general term of contingent service.

M. C. 18th Feb. Bills for the transportation of Troops or Stores should be accompanied by an attested copy of the orders, authorizing the hire of the Boats, which should state the place of destination and the number of Troops (and lists of Ordnance, Stores, &c. &c.) for which Tonnage is required. **1783**

Proc. V. P. 30th The Vice President in Council is pleased to determine that the charge of the Public Ferry Boats, and of Boats for ferrying the Grah-cuttries of Cavalry Regiments on the Ganges and Jumna above Allahabad, and at Sultanpore Benares, be immediately transferred to the department of the Commissary General. **Charge of Ferry Boats at Military Stations in the Upper Provinces vested in the Commissariat.**

(Sloops required for the transportation of Troops and Stores between Fort William and Vessels at and below Diamond Harbour are provided by contract, and are furnished at the requisition of the Town Major and Garrison Storekeeper. For the terms of Contract *vide Chapter XX.*)

SUPPLY OF PETTY STORES TO THE MAGAZINES AT STATIONS.

Extract G. O. The Deputy Paymasters (now Commissariat Officers) are to furnish such articles of Stores as may be required for the service of the Magazines at Stations, according to the following list, (*vide Form No. 15,*) in such quantities as shall be required of them, within one month at furthest from the date of the requisition, unless satisfactory reasons shall be produced for further delay. **Regulations under which Petty Stores are to be supplied to Magazines at Stations by the Commissariat, and how to be charged.**

In order to ascertain the time within which it is incumbent on the Commissariat Officer to furnish the articles required of him, he shall, whenever an Indent is presented to him, and that the Stores are not supplied forthwith, endorse it "accepted," and add the date of presentment.

Stores supplied in any considerable quantity are in every practicable case to undergo a regular Survey agreeably to the established rules of the Service, previously to their being received into the Magazine; and in cases where a Survey shall have not been practicable, as on occasion of any sudden emergency, from a want of Officers or from the supplies being too inconsiderable to require a particular Survey upon them, the Commissary, Deputy Commissary, or other Officer in charge of the Magazine, is himself to survey, and minutely examine the Stores, to see that they are, in quality, weight and measure, conformable to what is required by the Indent, and that they are in every respect in good condition and adapted for the purposes they were intended for.

The Survey Report, together with the Indent on which the Stores were passed by the Military Board, is to be tacked to the Bill, and forwarded with it as a necessary voucher to the Office of the Military Auditor General.

In cases when Stores have been supplied on emergent Indents, under the authority vested in Commanding Officers of Stations, without the previous sanction of the Military Board, such Indents accompanied by the bills for the stores so supplied, together with the Survey Report upon them, are to be transmitted, through the regular channel of the Brigade Major of the Station, to the Secretary to the Military Board, for the purpose of being submitted for their sanction.

When the Indents shall have been passed by the Board, they will, together with the bills, be forwarded to the Office of the Military Auditor General, of which due information will be given to the (Commissary General) by the Secretary to the Military Board.

If any (Commissariat Officer) shall furnish Stores without the authority of the Commander in Chief, or the Military Board, (except in cases of emergency) he shall not be held entitled to make any charge for Stores so furnished; and the Military Auditor General shall reject all such bills as may be presented to him for Stores supplied without either of the authorities above mentioned, or without the emergency of the case requiring that they should be so supplied.

The (Commissariat) are however authorized to comply with the Indents of Ordnance Officers in charge of Magazines, for such articles as may be required to complete the proportions of Petty Stores allowed to be issued to Quarter-masters, (*vide Form No. 5 Chapter XIII*) taking care that the quantities issued on such Indents do not exceed the regulated allowances, and that the Indents, with the receipts of the Ordnance Officers for the contents, are transmitted, regularly, every month to the Military Board Office for the sanction of the Military Board.—(For Regulations to be observed by Ordnance Officers on occasions of indenting for and receiving Petty Stores, *vide page 458*).

Officers delivering articles on emergent Indents, part of which may be intended for eventual use, will be held responsible for such deliveries. It will therefore be their duty always to withhold such articles until an Indent for them shall have been submitted for the Board's consideration, and eventual sanction; and, in all cases where emergent and eventual demands appear in the same Indent, to comply with the emergent only (if not already passed by the Military Board;) and in cases of the emergency of a demand not being fully expressed in the Indent, they should make themselves acquainted with it previous to granting compliance.—(By a Resolution of the Military Board of the 1st October, 1811, to obviate the necessity of indenting on Emergency for Petty Stores, Ordnance Officers are required to prepare, on the 1st day of each quarter, an Indent for such Articles as they may require during the succeeding quarter, thereby allowing a supply to be constantly in Store for a term of six months.)

October 1808.

SUPPLY OF GALLOPER HARNESS, ACCOUTREMENTS, CAMP EQUIPAGE, MILITARY STORES, &c. &c.

Provision of Galloper Harness, Accoutrements, Camp Equipage, Military Stores, &c. vested in the Commissariat; and Regulations under which the several Supplies are to be furnished and charged for.

The Vice President in Council is pleased to determine that the provision of Galloper Harness and Saddlery, for the service of this Presidency, shall devolve upon the department of the Commissariat.

G. O. V. P.
27th Feb. 1810

Ordered, that the two traces of white untarred Rope upon which the experiments were made (to each of which the Secretary is directed to affix the Seal of his Office) be sent up to Cawnpore for deposit at that Station, in order that the quality of all Rope of that description, and for that important service, (for the Horse Artillery) which shall be hereafter supplied, may be carefully compared with that on which the experiments have been so successfully tried.

Res. M. B. 27th
Feb. 1810

The Vice President in Council is pleased to determine, that it be immediately notified to the Commissary General, that the supply of Military Stores, after the 16th January, 1812, will be provided under the Commissariat, subject until further orders, with regard to previous examination and eventual receipt and rejection, to the Regulations published in the Calcutta Gazette of the 26th October, 1808, viz.

Proc. V. P.
23d July 1812

The Stores are to be supplied on Indents passed by the Military Board, setting forth the specific purpose for which they are required.

Immediately on an Indent being presented to (the Commissary General) passed by the Military Board as above, he is to endorse the same "accepted," adding the date of presentation.

No Stores are on any account to be received in large quantities from (the Commissariat) until they shall have been surveyed and approved as good and serviceable and corresponding with the prescribed muster, (in cases where musters are fixed) by a Committee of Officers nominated for that purpose.

The Commissary of Stores, Garrison Store-keeper and Agent for Gun Carriages and Powder Barrels are to attend the Committees of Survey in their respective Departments, and to point out to the Committees such Stores as may be tendered by (the Commissariat,) which in their judgment may in any respect be objectionable or unfit for the service; and these Officers will be held responsible for any Stores admitted by the Committees of Survey with their consent, which may afterwards be found unfit for the purposes for which they were intended.

The Commissary General is to furnish the Commissary of Stores and Garrison Store-keeper with lists of the articles, which he shall, from time to time, offer to deliver in to the Arsenal or Garrison Stores, in which lists are to be expressed the number of the Indents as registered in the Military Board Office, by which the supplies of the articles so offered shall have been authorized; and Committees of Survey, being furnished with the said lists, shall insert the corresponding Numbers of the Indents in their Reports of the Survey, which are to be forwarded, in the usual manner, through the Town Major's Office to the Military Board.

In all cases where a large quantity of Stores of considerable value may have been rejected, (the Commissary General) shall be at liberty to appeal to the Military Board, whose decision, or that of a Committee to consist of no less than two of its members, deputed by them for the purpose of inspecting the rejected Stores, shall be final.

No unnecessary delay is to attend the reception of Stores from the (Commissariat), it being the duty of the Commissary of Stores, Garrison Store-keeper and Agent for Gun Carriages and Powder Barrels, in their respective Departments, to make the requisite application to have Committees of Survey appointed for the inspection of Stores, whenever they shall be tendered by the (Commissariat).

The Indents on the (Commissary General), after they shall have been complied with and endorsed "received serviceable" by the Officer for the use of whole Department the Stores may have been supplied, are, together with a duplicate copy of the Survey Report of the Stores so supplied, to be tacked to the bills for the same, and to be forwarded with them to the Military Auditor General, by whom they will be paid conformably to the prescribed mode for adjusting accounts in the Military Department.

Quarterly Estimates of expected demands are to be furnished by the Departments for whose use, respectively, the Stores shall be required.

(By Res. M. B. 4th February, 1808, these estimates are to be prepared so as to reach the Military Board Office the first day of the month preceding the quarter for which they are framed.)

All Stores required for the department of the Commissary of Stores are to be delivered at the Arsenal of Fort William.

(Stores for the Garrison Store-keeper at the Garrison Store Rooms, and those for the Agent for Gun Carriages at the Agency Yard at Collipoor.)

Accoutrements for two thirds of the Army are to be delivered at Cawnpore, and it will be at the option of the (Commissary General) to deliver at the Line Magazine such number of Tents as may be required at the Stations above Allahabad.

Accoutrements, Tents, &c. so delivered to be subject to the same risk of injury, rejection and check as are hereby provided.

The Calamite in Fort William, hitherto appropriated to the use of the Agent of Stores, is to be allowed to the (Commissariat) for the lodgement of their Stores.

By Res. M. B.
10th Jan. 1809

The Military Board approving the Charcoal Skreen made in Arsenal, the Seal of the Military Board Office is to be affixed to it.

The skreening and measurement of all Charcoal tendered by the (Commissariat,) is in future to be made with the above-mentioned Skreen, in conjunction with the servants of the different departments, and those of the (Commissariat); and for this purpose a careful European is to be lent from the department for which the Charcoal is required, to see that it is properly sifted and measured.

PROVISION OF TIMBERS AND PLANKS; AND HALF-WROUGHT MATERIALS FOR
THE GUN CARRIAGE AGENCY, AND FOR THE FIELD MAGAZINES, &c.

Provision of
Timber and
Planks and of
half-wrought
Materials for
the Gun Carriage
Agency vested in the
Commissariat.

G. O. C. G.
18th July 1810

The departments in Fort William are directed to Indent for any Timbers and Planks that may be required, on the Commissariat, from which department all Timbers and Planks are to be supplied from and after the 1st current.

Regulation. The future provision and supply of the various articles of half wrought materials for the use of the Gun Carriage Agency is to be forthwith transferred to the Commissariat, subject to the prevailing rules with respect to previous examination and survey, &c. until proper modification of those regulations, adapted to the change of system, shall be framed and established under the authority of Government. Proc. V. P.
23d July 1811

The several articles are to be supplied on Indents passed by the Military Board.

Immediately on the Indent being presented to the (Commissary General) passed by the Military Board, as above, he shall endorse the same, accepted, adding the date of presentation.

The materials are to be deliverable at the Cossipoor Gun Carriage Agency Manufactory Yard.

The deliveries will be made once in each month, or more frequently, if necessary; the (Commissary General) is to furnish the lists of them, specifying the Military Board Office number of Indents on which authorized, in order that the same may be expressed in the reports. (A copy of the Survey Report, together with the Indent endorsed by the Agent, "received serviceable," to accompany the accounts of the Commissary General for audit. Quarterly estimates of expected demands are to be furnished by the Agent for Gun Carriages. For Rules for the Survey and Receipt of Half-wrought Materials by the Agent, *vide page 477.*) Res. approved

Agency established for the supply of timber and half-wrought materials at the Field Stations under the control of the Commissary General. Conformably to the suggestion of the Military Board, the Vice President in Council is pleased to authorize them to make an arrangement with Mr. Rutherford, for procuring, on Agency, half-wrought materials of filloo and faul in the manner proposed by that Gentleman for the use of the Ordnance Department at the Magazines of Allahabad, Cawnpoor, Futtighur, Agra and Delhi. Proc. V. P.
13th Feb. 1810

Mr. Rutherford's services in the provision of timber are to be declared under the controul and orders of the Commissary General, in all matters regarding his present Agency in that line. Proc. V. P. Bd
July 1811

Resolved, that a Depôt of half-wrought materials sufficient for the wheels of a complete set of light and heavy Ordnance, (calculated upon the Table submitted by the Commandant of Artillery) be lodged in the Magazines of Cawnpoor and Agra, exclusive of what is required for current repairs. Res. M. B. Bd
March 1810

Half of the above Depôt to be supplied as soon as possible from the Presidency; the remainder hereafter by Mr. Rutherford.

Resolved, that Mr. Rutherford be furnished with a Table of the dimensions for Mortar Beds and instructed to dispatch to Allahabad, Cawnpoor and Agra, sufficient Timber for the construction of the Mortar Beds deficient at each of those Stations, respectively, accompanied by as much more as his stock of Timbers ready for consignment will allow; also that he be enjoined to observe the rule suggested by the Commandant of Artillery for the allotment to Stations of the whole number of Timbers to be supplied by him, viz. Res. M. B.
17th July 1810

$\frac{1}{2}$ Allahabad,— $2\frac{1}{2}$ Cawnpoor,— $\frac{1}{2}$ Futtighur,— $\frac{1}{2}$ Agra,— $\frac{1}{2}$ Delhi; and to send them down whole, and in no instance cut up in blocks, if it can be avoided, unless particularly required to do so.

Periodical advances will be issued to Mr. Rutherford by the Military Paymaster General, through the Collector at Moradabad, when necessary; upon timely application for the requisite sum being made. Res. M. B.
20th Mar. 1810

The trees felled to be either removed when cut down, as may be necessary, or allowed to remain in the Jungle until wanted.

The workmen and carriage to be procured at the cheapest rates possible.

After the Timber shall have had a sufficient seasoning, the provision of materials in the half-wrought state will be proceeded upon agreeable to models of each separate piece, which will in due time be sent for guidance.

Ordered, that Mr. Rutherford be informed the future transmission, twice in each month, of Reports of his progress in felling trees, &c. will be considered sufficient. Res. M. B. Bd
July 1810

Proc. V. P. The Vice President in Council is pleased to grant a personal salary to Mr. Rutherford
24th Apr. 1810 of Sonat Rupees 500 per mensem, and to authorize him to charge his bonâ fide travel-
ling and office expences in a contingent bill, properly attested.

Res. M. B. 22d Ordered, that Mr. Rutherford be authorized and instructed to pay all Post Office
May 1810 charges, and to present a monthly or quarterly bill for the amount properly vouched.

Proc. G. G. The Governor General in Council directs that the Military Board be desired to com-
30th Oct 1810 municate to Mr. Rutherford the necessary authority for entertaining Burkundazes to ac-
company and protect him whilst on his tour, and procuring an Elephant for himself, and
Paals to shelter his people, charging the expence in a contingent bill.

Ordered, that the Commander of the Forces be requested to give orders for furnishing
Mr. Rutherford with a guard of Sepoys for the protection of the Treasure under his
charge, when stationary at Moradabad.

Proc. V. P. The Magistrates of Saharanpoor, Northern and Southern Divisions, Moradabad,
22d Sept. 1811 Bareilly, Alighur and Etawa, will be desired, through the Judicial Department, to afford
Mr. Rutherford every assistance which may be consistent with the regulations and
general powers vested in them, in preventing the Zemeendars from appropriating to
their own use the timber belonging to Government.

Assistance to be
afforded by the
Civil Officers in
recovering tim-
bers which may
be lost in con-
sequence of
storms or the
flooding of the
River.

- Proc. G. G. 19th June 1807** The Military Paymaster General is directed to take measures for having a monthly advance of Sa. Rs. 200 made to the Garrison Store-keeper on account of the expence of the Depôt and Cooperage, for which credit is to be given in the Garrison Store-keeper's Annual Accounts.
- Res. M. B. 12th June 1810** It is considered by the Military Board to be a most important duty of the Garrison Store-keeper to report to them, from time to time, any articles composing the Depôt of Fort William, the good condition of which may be so much affected by age or other injury, as to render it expedient to have it exchanged or sold on the public account.
- Res. M. B. 14th June 1807** Agreed, to inform the Garrison Store-keeper, that by the Board's Orders of the 6th June, 1806, all sales in his Department are to be advertised in the Calcutta Gazette.
- Res. M. B. 10th Dec. 1793** The Garrison Store-keeper is to make it an invariable rule to transmit the account sales immediately after the sales are completed.
- Proc. M. B. 28th October 1775** Monthly returns of receipts and issues of all Provisions laid up in Forts, or Military Granaries; and quarterly Returns, including the receipts and issues, and Balance remaining, are to be made to the Military Board.
- Proc. G. G. 6th June 1805** The Governor General in Council authorizes the Depôt Books and Accounts to be in future made up to the 31st of January, in each year, in order that they may correspond with the General Books of the Military Board Office with which they are connected.

- Proc. G. G. Pub. Dept. 20th Feb. 1803** The necessary orders are to be issued from the Military Department to the Garrison Store-keeper to provide the several articles specified in the Annual Indent for Provisions and Cloathing for the Bengal and Bombay convicts, at Prince of Wales's Island, and to send them properly packed for the purpose of being forwarded by the Marine Board, viz.
Rice at 1 seer per day, for each man.
Salt 1½ seer per month, each man.
Ghee 1½ seer “ “ “ “
Coffee, Foolbareish, 1 piece, per annum, each man.
- Res. M. B. 11th Nov. 1808** Ordered, that the Garrison Store-keeper be informed, that the Military Board see no objection to the packing biscuit in Boxes, or flour in Madeira casks.
(For directions as to the stowage of Salt Provisions, &c. for the Troops at the Eastern Settlements on ship board, *vide page 562.*)
- Res. M. B. 22d January 1804** Ordered, that the Garrison Store-keeper do report immediately, for the information of the Military Board, his receipt of orders, either direct from Government or any of the Departments by their Authority, for the issue of Provisions or Stores, in order that the necessary measures may be taken for the adjustment of the amount of such supplies.
- Res. M. B. 5th October 1803** In order to obtain a more effectual check on the receipts and issues and re-delivery of Provisions and Stores, shipped on board Country vessels,—Resolved, that the following orders be transmitted to the Garrison Store-keeper.
- Whenever the Garrison Store-keeper may receive orders from Government, from the Military Board, or from the Commanding Officer of Fort William, to victual Troops, Convicts, or others on board of Country ships, a list of the articles should be sent to the

Cooperage of the Garrison Store-keeper where to be constructed.

Monthly advance to be made to the Garrison Store-keeper on account of the Depôt, &c.

The Garrison Store-keeper to report whenever it may be necessary to exchange any of the Provisions in the Depôt.

Sales in the Garrison Store-keeper's Department how to be advertised and the accounts when transmitted.

Monthly and Annual Accounts and Returns of the Depôt how to be prepared.

Supplies of Grain &c. for Native Troops on Foreign Service and for Convicts to be provided by the Garrison Store-keeper.

Directions relative to the Stowage of Provisions.

Receipts, Lists of Stores, &c. to be furnished by the Garrison Store-keeper on all occasions of issuing or dispatching Provisions, &c. on ship board or otherwise.

Marine Board, with the view of enabling that Board to call on the Commander of the vessel to account for the said Provisions and Stores.

The Garrison Store-keeper is further directed to transmit invoices of all Provisions, Stores, &c. shipped in consequence of the Orders of Government, on board any of the Hon'ble Company's ships, to the Military Board, for the purpose of enabling that Board to transmit the same to Government, for transmission to the Presidency to which the ship may be destined.

Whenever supplies for the use of Troops on board transports are furnished under the Orders of the Military Board, lists in duplicate of such supplies are to be regularly forwarded to the Secretary to Government in the Military Department, for transmission to the Presidency for which the Troops are embarked, to enable the proper Officer there to adjust with the Commanders the account of supplies remaining unexpended on their respective ships. Res. M. B. 13th Dec. 1808

The several Officers from whose Departments such supplies may be made will therefore consider it their particular duty in future to furnish the Military Board with the requisite lists in proper time, with a view to their being regularly transmitted as above prescribed.

The Garrison Store-keeper is directed to furnish, on all occasions of sending supplies on board ships, lists of the Stores which he may have embarked, for the information of the Commanding Officers of the Troops for whom the supplies may be delivered, taking care to report to the Military Board where such lists shall have been sent. Res. M. B. 29th Oct. 1802

Ordered, that the Garrison Store-keeper be required to furnish the Accountant General with invoices of all supplies that may be furnished on the public account from his Department. Res. M. B. 21st May 1811

REGULATIONS FOR THE SUPPLY OF GRAIN, &c. TO THE NATIVE TROOPS AT THE EASTERN SETTLEMENTS.

Supplies of Grain for the Native Troops at the Eastern Settlements, how to be provided and served out.

The Vice President in Council, on consideration of the exorbitant price of all the necessaries of life at Prince of Wales's Island, Malacca and Bencoolen, has it in contemplation that the whole of the Native Troops of this Establishment, serving at those Settlements, shall be supplied with Rice, Dhol and Ghee from the Public Stores, for the average price at which those articles are procurable in Bengal. Proc. V. P. 10th and 30th Jan. and 6th February 1810

The Vice President in Council is pleased to determine, that the supplies for the Native Troops at the Eastern Settlements shall be provided by the Garrison Store-keeper.

The requisite supplies of Grain and Ghee are to be forwarded to Prince of Wales's Island and Fort Marlborough, from time to time, as opportunities may occur.

Government does not think it necessary, at present, to extend the privilege of purchasing from these Stores to the servants of the European Officers.

The supplies for the Native Troops will be received and issued by the Store-keepers, (Commisariat) at the different Settlements, under the Orders of the local authorities, and subject to the rates, &c. suggested, *viz.*

"The quantity of Rice, Dhol and Ghee, which each Native Commissioned Officer and Soldier is to be allowed to purchase, daily, from the Public Stores, is to be calculated according to the established Ration for Native Troops on board ship, and the same for each relative attached to him at the place, and to be charged at the following Rates, being the average Calcutta market price,

Rice	30	Seers per	Sicca	Rupee.
Dhol	22	Seers per	"	"
Ghee	2½	Seers per	Sicca	Rupee.
at	80	Siccas to the Seer.		

The Grain and Ghee to be issued from the Public Stores weekly, every fortnight or monthly, at the discretion of Commanding Officers ; but in quantity not less than for a week, upon an indent to be signed by the Officer Commanding the Company, to which the men belong, and the Grain required is to be paid for immediately on delivery, without any account or reference to the Paymaster.

To secure this indulgence from abuse, the Officers of Companies should be most careful in their examination of the Indents for Provisions, and previously to giving them the sanction of their signature they should satisfy themselves that no more Grain, Dhol or Ghee is allowed to be purchased from the Public Stores than is bonâ fide required for the Troops and their Families.

It should moreover be announced to the Troops that any man, who shall be found to sell any part of the Provisions received by him from the Public Stores, will be severely punished."

APPOINTMENT OF THE AGENTS.

G. O. V. P. THE Vice President in Council having determined to establish a new system for the management of the Department of Army Cloathing by Agency, the following Regulations are published by order of His Excellency in Council.

Establishment of Agencies for the preparation of Army Cloathing and appointment of the Agents.

G. O. G. G. The Cloathing of the Army to be made up under the superintendence of a Principal and a Deputy Agent ; the former to be denominated Agent for Army Cloathing and to be stationed at Futtighur.

G. O. G. G. The Cloathing of European and Native Corps is to consist of one coat according to the mufflers.

The Cloathing to be prepared in exact conformity to the established mufflers.

The twist, cord, lace, trimmings, with every other mark distinguishing the different Ranks on the mufflers, to be carefully observed ; and the Cloathing to be prepared in every respect equal in size ; and the materials to be equal in quality to the mufflers.

G. O. C. F. The several muffler coats forwarded from the Adjutant General's Office to the Divisions of Army Cloathing, and which were labelled as mufflers for Cloathing for the Year 1809, are to be considered as the established patterns for Army Cloathing for future years, and to be conformed to accordingly.

Ext. Let. Adj. Genl. " It is to be understood that the several muffler coats are intended, not only as mufflers of form and fashion, but also of the various descriptions and qualities of cloths and purpets, which are to be used in the Cloathing of Ranks and Classes respectively."

G. O. G. G. The qualities of the cloths of which the coats of the several Ranks are to be made shall be as follows :

Resolved, that the Agent for Army Cloathing be directed to transmit to the Office of the Military Board copies of all letters he may receive from the Adjutant General respecting his Department; and to make this a matter of instruction to the Officer in charge of the 2d Division.

Res. M. B. 6th August 1811

Directions for the preparation and transmission of Indents for Cloathing.

Indents dated the 1st of January of each year for Coats, corresponding with the number of effectives in the several ranks borne on the Rolls of that date, are to be prepared annually, in duplicate, and to be signed by the Commanding Officers, and Battalion and Regimental Staff, as the case may require.

G. O. V. F.
5th Decr. 1809
G. O. G. C.
13th Nov. 1810

One copy to be transmitted from Corps, respectively, to the Adjutant General's Office at the Presidency.

The Indents, after being examined and corrected, when necessary, will be countersigned by the Adjutant General, or Officer in charge of the Office at the Presidency, and thence forwarded to the Office of the Military Board for reference in passing the General Indents from the Agents for Cloathing and ultimately for deposit in that Office.

The other copy to be forwarded, in the first instance, to the Major of Brigade, or other Staff Officer in testimony of their being prepared according to the Rules prescribed, and to be by them then transmitted directly to the Agents for Divisions, respectively.

Indents for Cloathing are to be forwarded by Majors of Brigade or other Staff Officers, when received from Corps, to that Division of Army Cloathing to which the Corps will belong after the Relief in progress may be accomplished.

G. O. C. G.
31st Decr. 1809

The following revised Form is to be strictly conformed to in the preparation of all future Indents for Cloathing. (*Vide Form No. 1.*)

G. O. C. F.
20th Nov. 1810
G. O. C. C.
8th Decr. 1809

The Indents to be prepared on Foolscap Paper.

The Indents from Corps of Native Infantry to be prepared by Battalions.

A figured Abstract is to be packed to each Indent, exhibiting the number of each Rank to whom compensation in lieu of Cloathing for the year preceding may have been issued during the year, previous to the receipt of Cloathing for the former year. Corresponding to the number of ranks, respectively, in this Compensation Abstract, will be the number of Coats included in the 2d transverse column of each Indent, under the head "Remaining in Store with the Corps."—A General Roll of all Casuals to whom Compensation shall have been issued for each year, with a statement of the amount annexed, is to be forwarded to the Adjutant General's Office, annually, with the Indent for Cloathing.

In cases where no Compensation may have been issued in lieu of Cloathing during the past year, the same is to be expressed in a memorandum at the foot of the Indent.

G. O. C. G.
4th Nov. 1810

In preparing the Indents for Cloathing on the 1st of January, annually, according to effective strength of Corps on the 31st of December, it is to be understood that coats are to be indented for, for any vacancies in the ranks of Native Commissioned and Non-commissioned Officers that may have recently occurred, but which, owing to the remote situation of Corps from Head-Quarters, or other cause, may not have been filled up by promotion previous to the date of the Indent, and adverting to the deduction which the required promotions will occasion in the number of effective Privates, the entries in the Indents under the head of "Effective Strength on the 31st of December" are to be made with reference to such calculation, with a note explanatory of the difference between the Indent, in that respect, and the Returns of Corps for the month of December.

G. O. C. F.
20th Nov. 1810

Upon this principle the Cloathing indented for in the ranks of Native Commissioned and Non-commissioned Officers will (inclusive of the coats for any of those ranks remaining in Store,) correspond with the fixed Establishment of Commissioned and Non-commissioned Officers of Corps respectively.

As explicit and ample directions on all points regarding the preparation and transmission of Cloathing Indents are contained in General Orders by the Commander in Chief under dates the 8th December 1809, and 20th November 1810, and those by Government of the 5th December 1809, and 13th November 1810,—the Commander in Chief will hold all Officers concerned strictly responsible for an exact compliance with those orders in the several points to which they relate.

G. O. C. G.
4th Nov. 1810

- G. O. C. C.** 15th Dec. 1810 Representation having been made to the Commander in Chief, that in many instances the General Orders directing the transmission of the measures of all men above the common size to the Agents for Army Cloathing, with the Cloathing Indents of Corps, have been quite unattended to, by which means individuals of the above description have suffered material inconvenience, if not the entire loss of their Cloathing, the attention of Commanding Officers of Corps is again required to this object, and His Excellency will hold them strictly responsible for a due observance of the directions on this head.
(Vide Form of Indent No. 1.) Measures of Extra sized men to accompany the Indents.
- G. O. P. C.** 18th May 1807 Regiments of Native Cavalry, instead of indenting for the Establishment or Complement of Corps, are to omit the proportions applicable to the Details borne on the strength of those Corps which are doing duty with the Body Guard of the Hon'ble the Governor General. Indents from Regiments of Native Cavalry to omit the Detail doing duty with the Body Guard.
- G. O. C. C.** 15th Nov. 1806 The Cloathing for the Details, both European and Native, attached to Gallopers with His Majesty's Regiments of Light Dragoons is to be included in the Indents for their Quarter-master's Establishments. Indents for the Galloper Establishment with H. M. Dragoon Regiments how to be prepared.
- G. O. C. F.** 20th Nov 1810 European Non-commissioned Officers and Privates, borne as Supernumeraries on the Rolls of the Artillery, Honble Company's European Regiment or European Invalid Companies, and employed as Garrison Staff Serjeants or in other Staff situations or out employs, are not to be included in the Cloathing Indents of those Corps; but Cloathing for all such Persons is to be separately indented for on the nearest Agent for Army Cloathing, by the Staff Officers under whose immediate authority they may be respectively placed.
(The Indents to be prepared in duplicate and forwarded as directed for Indents from Corps.) European Non-commissioned, borne as supernumeraries how to be indented for.
- G. O. C. C.** 1st Nov 1806 A General Indent is to be made out for the whole of the European Foot Artillery and Gun Lascars, (including the Independent Golundaz Companies at Prince of Wales's Island, &c.) and to be signed by the Commanding Officer and Major of Brigade. Indents for the Regiment of Artillery, Golundaz and Lascars attached
- G. O. C. G.** 29th Dec 1810 The Governor General in Council is pleased to authorize the Officer Commanding the Marine Regiment to prepare and transmit, annually, on the 1st of January, Cloathing Indents for the full Establishment of each Battalion of the Regiment, without reference to the strength of that which may be on duty at the Islands for the time being. And for the Marine Regiment how to be prepared.
- G. O. C. C.** 31 Dec. 1811 It occurs to the Commander in Chief that, in consequence of General Orders by Government under date the 29th December, 1810, authorizing Cloathing for the full Establishment of both Battalions of the 20th Regiment to be indented for without reference to their strength on the 1st January, annually, it will occasionally happen that some portion of the Cloathing of the preceding year will remain unappropriated; whenever this may be the case, such surplus Cloathing is to be carried to the account of the following year, and deducted from the amount of the indent accordingly.
The entry of such Cloathing is to be made under the head "Deduct remaining unappropriated of last Year's Cloathing"—and kept distinct from that which may remain in store, in consequence of compensation paid in lieu of Cloathing during the preceding year.
The Cloathing Indents of the 20th Regiment, as well as of all other Corps of Native Infantry, are in future to be prepared by the Commanding Officers of Battalions respectively, and transmitted to Bengal, when the Corps happen to be stationed beyond Sea, as soon after the 1st of January, annually, as may be practicable; duplicates thereof being always transmitted by the next subsequent opportunity. Periods at which the Indents of Corps leaving beyond sea are to be transmitted.
- G. O. V. P.** 5th Dec. 1809 From (the Cloathing Indents of Corps) General Indents for the Woollens, required on account of the Cloathing of each Division, will be framed by the Agents employed in the preparation of it, according to a Form to be furnished by the Military Board; and these Indents will be transmitted by the Agents, respectively, to the Military Board for the final sanction of Government. The Indents are to specify the quantities, in yards not in pieces. Indents and Estimates for the Woollens required by the Agents how to be prepared and transmitted
- Res. M. B.** 19th June 1810 The following Form of Indent, to be framed upon a Statement exhibiting the quantity of each description of Woollens actually requisite for the purpose for which they may be indented for, the quantity in store, and balance still required (with which last quantity

the Indent must of course correspond) are to be furnished to the Cloathing Agents for their future guidance and entered in the standing Regulations of the Cloathing Department.—(For the Form of Indent, *vide* Form No. 2, and for the Form of the Statement No. 3.)

In order that a supply of Woollens, of the sorts and quantities required for the 1st G. O. V. P. Division, may always be lodged in store at Futtighur, the Agent for that Division will 5th Dec. 1800 transmit to the Military Board, in sufficient time to enable the Woollens to be dispatched at the commencement of the Rainy Season of each year, rough estimates framed on the Indents of the preceding year, of the quantity of Woollens which will be required for the Cloathing of the year following.

Any surplus that may remain will be transferred by the Agent to the Cloathing of the next ensuing year, and adjusted by the Committee for the examination and check of the Off-reckoning Accounts.

Timely applications to be made by the Agent of 1st Division for articles wanted from the Presidency.

The Military Board expect that by timely applications from the Cloathing Agent for all Res. M. B. 10th March 1810 articles required from the Presidency, it will never be found necessary to dispatch any articles, however trifling, by the expensive conveyance of Dāk Bangy.

A proportion of Woollens for one year's cloathing to be retained in the Import Warehouse.

The Import Warehouse-keeper will be instructed to retain in Store in future a proportion of Woollens equal to the preparation of one year's Army Cloathing, provided it Proc. G. G. 21st July 1810 shall appear, on reference to the Board of Trade, that no inconvenience would result therefrom.

Regulations for the delivery, custody, transmission, &c. of the Woollens.

The Officer in charge of the Import Warehouse will be empowered, on the receipt G. O. V. P. 5th Dec. 1810 of an intimation from the Military Board to that effect, to deliver the Woollens to the Agent for the 2d Division of Army Cloathing.

The whole of the Cloth is to be surveyed by a Committee of Officers, previously to its being removed from the Import Warehouse.

From the time the Woollens are delivered from the Import Warehouse they will be at the risk of the Off-reckoning Fund, and the Agents will be held responsible for any loss or damage that may happen from inattention or neglect on their part.

It will be the duty of the Agent of the 2d Division to superintend the package and transportation of the Woollens for the 1st Division, under the Rules hereafter stated.

The Cloathing Godown in Fort William will be assigned for the deposit of the Woollens until dispatched or delivered out for the preparation of Cloathing.

(The requisite number of Godown Stools are provided by the Barrack-master.)

The Woollens for the 1st Division are to be transported on Dacca Pulwaris or good Woollacks of medium size, to be provided by the Agent for the 2d Division, and when laden are to be inspected by a Member of the Military Boards. A careful non-commissioned Officer or a Conductor of Ordnance (as opportunity may occur) is to be sent in charge of each dispatch of Woollens from the Presidency, and two careful Magazine-men from the Arsenal Establishment on board of each boat.—(The charges for boat hire to be submitted through the Military Board and debited to the Off-reckoning Fund of the year.)

Any charge that may be found indispensably necessary for the transportation of the Res. M. B. 20th Feb. 1810 Woollens, &c. from the boats to the Godown should of course be charged for in the Agent's accounts, subject to the prescribed ventilation.

The Woollens, on being received by the Agent, are to be surveyed by a Committee G. O. V. P. 5th Dec. 1809 of Officers.

The 2d Range of Artillery Barracks at Futtighur has been ordered to be put in repair and allotted for the use of the Cloathing Department at that Station.

Agreed to request Major Ainslie will immediately undertake the repairs of the spare Res. M. B. 24th Oct. 1809 and 9th and 23d Jan. 1810 Range of Artillery Barracks at Futtighur; tiling the whole of the building, and enclosing with Venetian doors and windows the north and south ends for an Office, Godown, &c.

Agreed to request the Commanding Officer at Futtighur will authorize Major Ainslie to repair two of the Serjeants' Bungalows in the vacant lines, for the accommodation of the two Serjeants in the Cloathing Department.

The expence of converting the Artillery Barrack into a workshop, &c. &c. is to be charged to the Off-reckoning Fund.

G. O. V. P. 5th Dec. 1809 The packing and transportation of the Cloathing, when made up, will constitute a part of the duties of the Agents of each Division respectively.

Regulations for the Package of the Woollens, Cloathing, &c.

Res. M. B. 15th May 1810 The Agent for the (2d Division) of Army Cloathing is instructed to apply for tin packing cases from the Arsenal, whenever he may have occasion to dispatch Hats, Caps, Helmets, &c. to the Agency at Futtighur, in order to protect them as much as possible from the ravages of Mice, or other destructive vermin, generally infesting Boats, also to see that the greatest attention be paid to their packages, so that they may not be exposed to injury from the wax cloth.

Res. M. B. 20th May 1810 Resolved, that Captain Browne be requested to pack the Woollens in wax cloth and gunny as well as the Cloathing for Corps; and the Hats in boxes to be covered with gunny.

The contents of each bale and box to be always marked on the out-side, so as to prevent the possibility of mistakes.

Ordered, that the Agents be informed, that, by due attention to the opening of the bales and subsequent preservation of the wax cloth and gunnies, the expence of package, which will otherwise be a heavy burthen on the Off-reckoning Fund, may be reduced to a mere trifle in the next and following years, by proper arrangements for sending such articles of package back for future similar service; and that the Board have every confidence in the exertions of the Agents to promote economy in this respect.

Res. M. B. 14th Nov 1810 Ordered, that Lieutenant Nugent be informed that the proposition contained in his letter relative to retaining the wax-cloth package of the Woollens for future use in packing the boats, when ready for dispatch to Corps, is entirely approved of.

Res. M. B. 1st May 1810 The Agent for Army Cloathing is directed to take measures for having the wax-cloth dispatched as package with the Cloathing, when transmitted to Corps, returned for future similar purposes.

G. O. V. P. 9th Dec. 1810 In order to prevent delay in the preparation of the Cloathing of each year, the Agents are authorized to commence the Cloathing immediately on the receipt of the Indents from Corps, &c. or as soon as the Cloathing of the preceding year is finished, without waiting for notice of their General Indents being passed by Government.

Directions to be observed by the Agents in the preparation of the Cloathing.

Res. M. B. 3d April 1810 The Cloathing Agents are required to keep a very particular and accurate account of the breadth of every piece of cloth received.

G. O. G. G. 8th Jan. 1807 The (Agents) are to attend particularly to the three distinct sizes of which the muster coats are prepared, and to furnish each Corps with an equal proportion of coats of the different sizes; and such of the Corps as may be at the Presidency (or at Futtighur) are to be allowed to send any men they may have of an extraordinary size, and whom the largest muster coats could not be made to fit, to the (Agent's) Tailors to be measured.

Extra-sized coats to be distinguished by a label, mentioning the persons for whom intended.

Spate cloth is to be left at the seams, in the same manner and to the same extent as in the muster coats.

G. O. C. C. 15th Dec. 1809 Small parties of Non-commissioned Officers and Privates are to be ordered by Commanding Officers of Corps, Stations, &c. on the application of the Agents, to attend for such a time as their presence may be necessary to assist in making up the Cloathing; and for this purpose, men, as often as required, are to be chosen of three medium degrees of size, viz. largest, middling, smallest, to afford constant opportunity for measuring and trying on the coats; whereby it is expected that the Cloathing will be well fitted, and not require any alteration when issued to Corps.

Committees of Survey to report upon the Cloathing previous to its being dispatched ;

How to be constituted; and Regulations for their guidance.

Committees of Survey are to be ordered from time to time on the application of the Agents to report upon the Cloathing when prepared for Corps, previous to its being packed. G. O. V. P. 5th Dec. 1809

The Officer Commanding at the Presidency will be pleased to order a Committee, consisting of a Field Officer President, and two Captains and two Quarter-masters belonging to the Corps at Barrackpore, Members, to assemble for the purpose of making a particular and strict examination of the Cloathing, counting the number of coats, and comparing the whole with the muster coats of each Rank, which are to be furnished to the Committee; separate Reports in triplicate of the Cloathing for each Battalion are to be prepared, and one copy of each to be sent to Head-Quarters as soon as the Proceedings shall be closed.

G. O. C. C. 13th Dec. 1808

Should any Cloathing be deemed objectionable by the Committee, it is to be marked with chalk, and separated from such as may be found in every respect agreeable to Muster. (For the Form of Survey Report *vide Form No. 4.*)

The Commander in Chief expects a scrupulous performance of the duty required from Officers who may be ordered on Committees of Survey on Army Cloathing; a duty which his Lordship has had frequent occasion to observe has been hurried over with much negligence and consequent injury to the public service.

In addition to the order of the 13th instant, the Committees will be very particular in ascertaining that the Cloathing for all Ranks fully corresponds with the Musters, and that the numbers of each agree with the Indents from Corps which are to be submitted to the Committee.

G. O. C. C. 31st Dec. 1806

The Cloathing at what periods and in what manner to be dispatched to Corps.

The whole of the Cloathing is to be completed and dispatched so as to be received by Corps at their several Posts and Stations by the 20th October of each succeeding year.

G. O. V. P. 5th Dec. 1809

Such Cloathing as it shall be necessary to convey by land carriage is to be dispatched generally so as to reach Corps on or before the 20th October, as above prescribed.

Cloathing to be conveyed by water is to be dispatched in all practicable cases as soon after it shall be surveyed as the season may be favorable, with reference to risk and distance. (Cloathing for Troops on Foreign Service is allowed to be transported on vessels freighted by Government.)

The Agents for Army Cloathing are directed to make it a rule to prepare the Cloathing for the Troops at Lodhiana and in the Province of Cuttack prior to any other, and to dispatch it by land carriage to those places, respectively, by the 15th April, annually, so as that it may reach its destination previous to the setting in of the Rainy Season; and when received by Corps at those places, it will, after Survey, be lodged in the custody of the Quarter-master (or Adjutant when no Quarter-master may be present) of each Corps, who will be responsible for its being duly taken care of until the 1st October, when it is to be issued to the Troops.

G. O. C. C. 15th Dec. 1809

The Vice President in Council is pleased to sanction the employment of the public carriage for the occasional transportation of the Cloathing, when it is not required for any other public purpose.

G. O. V. P. 5th Dec. 1809

This arrangement is intended merely as a relief to the Off-reckoning Fund, and will not be allowed to impose any additional expence upon Government; the cattle and carts are therefore never to be diverted from the immediate purposes of those Establishments, to be employed in the Cloathing Department.

The Commander in Chief is requested to issue such orders as he may judge proper to secure the punctual observance of this rule.

When this means of transportation is not available, Hackeries are to be hired by the Agents for the conveyance of the Cloathing, and the Agents will be careful to regulate the package of the Cloathing, with reference to the description of Carriage to be employed.

Tarpaulins of suitable sizes are to be provided by the Agents to guard against injury from the weather to the Cloathing on its progress to Corps.

Establishment, salary, &c. of the Agents.

Two European Non-commissioned Officers to be attached to the 1st Division, and one to the (2d Division) of Army Cloathing, with an additional Staff allowance of 14 Rupees each per month.

G. O. C. C. The Agents are directed to make enquiries for proper and useful Non-commissioned Officers for the duties of the Cloathing Department; and to transmit their names to Headquarters.
 15th Dec. 1809

G. O. V. P. The Agents are permitted, until further orders, to charge separately for such expence as shall be actually incurred by them, respectively, on account of Office Establishments, to be verified, like the rest of their disbursements, on oath.
 5th Decr. 1809

G. O. G. G. The Office Establishments (of the Agents for Army Cloathing) are limited to the actual expence, which is never to exceed the sum of Sicca Rupees 120 per mensem. Instead of a fixed Salary the two Agents are each to receive an equal dividend with the Colonels entitled to share in the surplus Off-reckonings: (the Agent for the 1st Division receiving the pay, full batta, gratuity and tentage of his Regimental Rank; and the Agent for the 2d Division, pay, full batta and gratuity as Assistant Commissary of Stores.)
 3d Dec. 1811

G. O. V. P. The Vice President in Council is pleased to authorize the Agents of the 1st and 2d Divisions of Army Cloathing to correspond with the Officers and Departments hereafter specified, free of Postage, on all matters relating to the concerns of their respective Departments, as Agents for Army Cloathing. Their letters to be superscribed "on the Service, Cloathing Department:—"
 27th Feb. 1810

Their public correspondence to be exempted from Postage.

Adjutant General.

Military Secretary to the Commander in Chief.

Military Paymaster General and Paymaster at the Presidency.

Military Auditor General.

Secretary to the Military Board.

Commanding Officers of Corps, and their Staff, comprehended in the Division of each Agent respectively.

Brigade Majors or Public Staff Officers of Stations within the Division of each Agent, respectively. Agents for Army Cloathing. Import Warehouse-keeper.

Barrack-master at Cawnpore. (The Agent for the 1st Division only.)

Officers Commanding Detachments of Artillery from the Presidency, agreeably to a List to be furnished to the Postmaster General by the Brigade Major of Artillery. (Agent for the 2d Division only.)

G. O. V. P. All advances of cash on account are to be made to the Agents for Divisions, respectively.
 5th Dec. 1809

Advances of Cash how to be made; and amount of security required from them.

M. C. The different accounts of advances made to the Cloathing (Agents) shall be checked by the Military Paymaster General previous to their being laid before the Off-reckoning Committees.
 1st July 1793

G. O. V. P. The Agent for the 1st Division is to furnish two good and sufficient securities to the amount of Sonat Rupees 50,000, and (the Agent for the 2d Division) to the amount of Sonat Rupees 25,000; to secure the Off-reckoning Fund from loss.
 5th Dec. 1809

The Accounts of the Agents for Cloathing are to exhibit distinctly the actual average expence of a coat of each Rank, and the quantity of cloth and other materials which may be used.

Their Accounts how to be prepared, vouched and transmitted.

Res. M. B. Resolved, that the Agents for Army Cloathing be directed, on submitting their annual Accounts, to accompany them with general Statements exhibiting the quantities and descriptions of Woollens received in their respective Divisions during the year, and the number of Coats furnished, agreeably to the receipts of Corps to be laid before the Off-reckoning Committee.
 16th June 1810

G. O. V. P. The Accounts are to be closed on the 31st of December of each year, and transmitted to the Office of the Military Paymaster General at the Presidency, for the purpose of being laid before a Committee of Officers, which is to be assembled annually at the Presidency on the 1st of February, for the adjustment of the Off-reckoning Accounts of the preceding year.
 5th Dec. 1809

The Agent at the Presidency is to attend the Committee, when required, to afford it every information that may be wanted regarding the concerns of the Cloathing Department.

BOUNTY CLOATHING UNDER WHAT CIRCUMSTANCES ALLOWED ; AND HOW TO BE PREPARED.

Bounty cloathing is allowed to new Levies, but not to Recruits entertained to fill vacancies.

The first Cloathing of all new raised Corps of Native Troops shall be furnished at the expence of the Company, but nothing is to be allowed for Natives introduced to fill up vacancies. M. C. 11th October 1786

Indents for Bounty Cloathing for the additional Troopers authorized for the several Regiments of Native Cavalry, by General Orders of the 26th February, 1803, are to be transmitted to the Adjutant General's Office at the Presidency.

Articles of Bounty Cloathing supplied to Native Troops detached to the French Islands.

(By General Orders by the Governor General in Council of the 1st August, 1810, G. O. C. C. 3th Sept. 1809 Woollen Watchcloaks and Pantaloon were authorized to be issued gratuitously to the Native Volunteers proceeding on Service to the French Islands.)

Bounty Cloathing for European Recruits how to be prepared.

The Vice President in Council resolves that the Bounty Cloathing, supplied to European Recruits on their first arrival from Europe, shall be prepared by the Agent for Army Cloathing at the Presidency, upon Indents according to the number of men, with which he will be furnished by the Town Major of Fort William. G. O. V. P. 27th Feb. 1810

The Cloathing of European Recruits is to be fitted at the Presidency, labelled, and then packed and sent to the Corps to which the Recruits are ordered, under the charge of the Officer who may have charge of them. G. O. 1st May 1787 and 24th March 1788

(For Bounty Cloathing to European Recruits entertained in India, and for the articles of Half Mounting furnished to all European Recruits on their being enrolled, *vide pages 166 and 171.*)

The Cloathing Agents to provide all Bounty Cloathing;

Their Accounts how to be charged.

The Vice President in Council resolves that such Bounty Cloathing, as may be required hereafter, be prepared by the Agent in whole Division the want occurs. G. O. V. P. 27th Feb. 1810

The Agents are to maintain separate accounts for Bounty Cloathing, and to transmit them from time to time for Audit, through the Office of the Military Paymaster General, without waiting for the annual adjustment of the General Accounts of the Office-keeping Fund, to which the expence of Bounty Cloathing is not chargeable.

RULES TO BE OBSERVED IN ISSUING CLOATHING TO THE TROOPS.

Directions for the Survey and Issue of the Cloathing when received by Corps.

As soon as Cloathing shall be received by the Corps for which it is intended, it is to be immediately surveyed by a Committee, to be nominated from the Senior Officers present, Reports whereof are to be prepared in triplicate ; one copy to be transmitted to the Adjutant General at Head-Quarters, one to the Agent by whom the Cloathing may have been prepared ; and the other to be deposited with the Public Records of the Corps. G. O. C. F. 24th Nov. 1810
(For the Form of Survey Report *vide Form No. 4.*)

All coats remaining in Store, in consequence of compensation in lieu thereof having been paid for 1809, are to be added to the Cloathing for 1810 to Officers and Men then present who were borne on the Returns on the last day of that year ; and in like manner are the coats remaining in store to be appropriated for each succeeding year.

Under the arrangements now adopted for the preparation of the Cloathing of the Army it is expected that it will be made up in such a correct manner, as to obviate the necessity of any alterations on its being issued to the Troops. No expence therefore for altering and fitting the Cloathing of Corps will be henceforward allowed. G. O. V. P. 5th Dec. 1809

The 1st day of November in each year is the day on which the Army is to put on its new Cloathing. G. O. 17th May 1787
G. O. C. F. 20th Nov. 1810

When new Cloathing shall be issued to the Troops, the circumstance, with the date of issue, is to be reported upon the back of the Monthly Returns of the Corps for the month in which the Cloathing shall have been issued to the Troops.

REGULATIONS FOR THE PAYMENT OF COMPENSATION WHEN CLOATHING IS NOT SERVED.

M. C. 30th May 1796 In cases when the Annual Cloathing is not issued to Corps, an equitable compensation is to be made in lieu of it.

G. O. 17th May 1787. Compensation in lieu of Cloathing is regulated by the price of Cloathing in the different Ranks respectively.

G. O. G. G. 24th Nov. 1810 The Governor General in Council is pleased to direct, that the rates of Compensation in lieu of Cloathing for the Army on this Establishment be henceforth calculated in Sonat Rupees.

His Lordship in Council, adverting to the introduction of one uniform system of Cloathing for the whole of the Native Infantry on this Establishment, is pleased to sanction the following revised Rates of Compensation in lieu of Cloathing to be paid to all the Corps of the Army, including the Hill Rangers and the Ramghur Battalion.

Revised Statement of the Rates at which Compensation in lieu of Cloathing is to be paid to the several Corps composing the Army.

Compensation in lieu of cloathing to be paid to all men who may die, or be discharged or transferred from Corps, respectively.

The Governor General in Council, in order to facilitate the adjustment of claims for Cloathing, has been pleased to establish the following Regulations :

G. O. G. G.
26th Feb. 1867

In all cases of casualties arising from death, discharge, transfer to other Corps, or to the Non-effective Establishment of any European Non-commissioned Officer or Private, or of any Native Officer or Soldier, of Cavalry, (Golundaz,) Infantry, Pioneers, Artillery Lascars, (or Ordnance Drivers) to whom Cloathing may be due ; the Officer Commanding the Corps in which such casualty occurs shall draw from the Paymaster of the Station, in separate Abstracts for each year, accompanied by a Roll of the Names and Rank of the Persons to whom Cloathing is due, the value of such Cloathing, according to the (prescribed) Rates ; (*vide page 601*) which he shall pay to the Officers or Soldiers discharged or removed, or to the Heirs of deceased Soldiers on their receipts, prior to their quitting the Corps.

In no case are Native Troops to be allowed to quit the Corps to which they may be attached, until their claims shall have been adjusted.

The Governor General in Council, with a view to prevent any misconception of the General Orders dated the 26th February last, authorizing Compensation in money being paid in lieu of Cloathing to European or Native Troops, who may die, be discharged, or transferred, deems it to be proper to notify, that those orders are to be understood as admitting the claim to Compensation to those individuals only, who have been on the strength of their Corps a complete year, or from the 1st January to the 31st December of that year for which Compensation may be drawn ; and not for any broken periods over and above the full year or years for which Cloathing may be due.

G. O. G. G.
4th Aug. 1867

The Paymasters of Stations shall enter all payments, made on account of Arrears of Cloathing to European or Native Troops, on a separate Account, a copy of which, accompanied by the Abstracts as vouchers, they shall regularly transmit to the Military Paymaster General, who will carry the whole to the Annual Debit of the Off-reckoning Fund for the years specified in the Abstracts.

G. O. G. G.
26th Feb. 1867

An Annual Roll of Casualties, to whom compensation may have been paid, to be transmitted with the Cloathing Indent.

A General Roll of all Casualties to whom Compensation shall have been issued for each year, with a statement of the amount annexed, is to be forwarded, annually, on the 1st January with the Indents for Cloathing, to the Adjutant General's Office, and in the column of Remarks, in each Roll, is to be inserted the cause of casualties, and in all cases of discharge the reason is to be stated.

G. O. G. G.
20th Nov. 1867

When Caps are not issued to the European Troops, compensation in lieu thereof is to be granted.

The number of Hats or Caps received from Europe for the European Troops serving under this Presidency, having proved inadequate to the supply of several of the Non-commissioned Officers, Drummers and Privates entitled to receive that article of dress with the Cloathing issued for 1869, the Governor General in Council is pleased to grant Compensation in lieu of Hats to such of the Troops as have not received that part of their Cloathing for 1869.

G. O. G. G.
15th Feb. 1869

Claims to Compensation under the foregoing orders are to be transmitted by Command.

ing Officers of Corps to the Committee of Off-reckonings now sitting, in order that the amount due to each individual may be ascertained and submitted through the regular channel to Government.

Ext. G. O. C. C. 11th Dec. 1803. In pursuance of the Orders of Government, granting Compensation to the Army in lieu of Cloathing for the year 1807, the Officer Commanding at the Presidency will be pleased to order a Committee of Officers to assemble at the Presidency for the purpose of adjusting the claims of the several Corps of the Army to Compensation in lieu of Cloathing for the year 1807, in the discharge of which duty the Committee will proceed with all practicable expedition, entering on the examination of the several documents that will be furnished on the occasion, according to priority of receipt, without waiting until the whole shall have reached the Presidency.—(The public correspondence of the Compensation Committees is exempted from postage. *Vide page 608.*)

Committees for the adjustment of compensation in lieu of Cloathing to the Army how to be formed.

The Commander in Chief is pleased to direct that the following Rules be strictly attended to, in preparing the necessary documents for adjusting the claims of the Army to Compensation in lieu of Cloathing for the year 1807; according to which all Officers concerned are directed to prepare the necessary Rolls and Abstracts, and to transmit them with all practicable expedition, addressed to the Committee for adjusting the claims to Compensation in lieu of Army Cloathing for the year 1807.

Regulations for the preparation of compensation on Rolls & Abstracts in Corps of the Line.

CORPS OF THE LINE.

First.—All men now present with Troops or Companies, who were borne on the Rolls of any Troop or Company in Regular Corps on the 1st of January, 1807, and who have not been out of the Service during the year 1807, are entitled to Compensation in lieu of the Cloathing for the whole of that year, and the necessary remarks are to be inserted against their names accordingly, as exemplified in the accompanying Form No. 5.

Second.—All Recruits entertained, or men who may have been received from Provincial Battalions, or other Independant Corps, into Regular Regiments of Native Cavalry and Infantry, between the 31st December 1806, and the 1st of January 1808, who are now present with Troops or Companies, respectively, are entitled to Compensation in lieu of Cloathing, only for the number of months they were borne on the Rolls of Regular Corps, during the common year 1807, and the necessary remarks are to be carefully inserted against their names, accordingly, as exemplified in the accompanying Form No. 5.

Third.—Commanding Officers of Corps being authorized, by the Orders of the Governor General in Council of the 26th February and 4th August, 1807, to draw Compensation in lieu of Cloathing for men who may have died, been discharged, or transferred to other Corps; no men coming under those descriptions are to be drawn for in the documents now required, and their names are to be omitted in the Rolls and Abstracts accordingly.

Fourth.—All Recruits arrived from Europe and men entertained in India for the European Artillery and European Infantry Corps, during the year 1807, having received Bounty Cloathing for that year, are not (conformably to the usage which has hitherto obtained in the Service) entitled to Compensation in lieu of Cloathing for 1807, and are to be omitted in the Rolls and Abstracts accordingly.

Fifth.—In order to avoid unnecessary trouble and confusion, no men's names are to appear on the Rolls but such as are actually entitled to Compensation for the whole or part of the year 1807, as mentioned in the 1st and 2d Paragraphs.

Sixth.—The Rolls to be carefully examined and counterfigued by the Adjutant, the Quarter-master, and Commanding Officer of each Regiment of Native Cavalry, Artillery, European Infantry, and of each Battalion of Native Infantry, previously to their being transmitted to the Committee.

Quarter-master's Establishments, Cavalry Galloper Establishments, and other Departments entitled to Cloathing, are to be drawn for upon the principles prescribed for Troops and Companies.

Quarter-master's Establishments, &c.

FIRST AND SECOND BATTALIONS OF NATIVE INFANTRY INVALIDS.

Seventh.—All men now present with the 1st and 2d Battalions of Native Infantry Invalids, who were borne on the Rolls of those Corps on the 1st January, 1807, and whose names appeared effective on the Rolls during the whole of that year, are entitled to

And in the Invalid Corps.

Cloathing for the whole of the common year 1807 ; and the necessary remarks are to be inserted against their names accordingly.

Eighth.—Men now present who may have been invalided from Regular Corps and transferred to the 1st and 2d Battalions of Invalids, during the year 1807, are to be drawn for in the Invalid Corps, as Invalids, only for the number of months they may have been borne on the Rolls of those Corps in that year ; and separate Rolls and Abstracts are to be made out by the Officers Commanding the Invalid Corps for the Arrears, if any, which may appear to be due to such men from their former Corps, conformably to the certificates with which they were directed to be furnished, by the General Orders of the 12th June, 1806, as well as for any intermediate periods.

These rules are also applicable to the Companies of European Artillery and Infantry Invalids.

When the amount of compensation shall have been adjusted by the Committee, statements thereof are to be furnished to Corps respectively,

The Governor General in Council directs the following Statements of Compensation, in lieu of Cloathing for 1807, to be published for the information of the Army ; and the Paymasters of Corps, respectively, are directed to pay the amount of each Abstract therein stated, to the Commanding Officer of the Troop or Company to which it appertains. G. O. G. G. 8th Dec. 1806

His Lordship in Council is further pleased to direct the Committee for the adjustment of Off-reckoning Accounts and of Compensation in lieu of Cloathing, of which Colonel Mailey is President, to explain by letter to Commanding Officers of Corps the nature and causes of any alterations which may have taken place in the sums originally stated in the Abstracts of Troops or Companies of their respective Corps.

As soon as the Statements directed to be transmitted to Commanding Officers of Corps, explanatory of the alterations made by the Committee for adjusting the claims for compensation in lieu of Cloathing, shall be received by Commanding Officers respectively, they will transmit the Abstracts for payment to their respective Paymasters, and issue the amount of Compensation to all individuals concerned without delay, reporting in the Monthly Returns of Corps the date of issue, and period for which compensation shall be paid. G. O. G. G. 8th Feb. 1807

Directions for the issue of the Compensation to the Troops.

The compensation to the Native Troops to be paid in money, subject to their own disposal ; that for the European Troops to be issued under the authority of Commanding Officers, respectively, either the whole or a part in cash, and a proportion to be appropriated for the supply of such necessaries as may be requisite and useful to the men. G. O. G. G. 10th Dec. 1806

Reports of the arrangements that may be proposed, with respect to the appropriation of the Compensation in European Corps, are to be previously submitted for the approbation of the Commander in Chief.

All claims that may be in future preferred against the General Off-reckoning Fund for periods anterior to the 1st January, 1806, are to be transferred to the Off-reckoning Accounts of the year 1806, to which year the surplus balance has been credited.

Ex. Let. C. D.
20th April 1803

After mature deliberation we have resolved on the following arrangement for distributing the Off-reckonings.

Regulations for the formation of a General Off-reckoning Fund of the three Presidencies, and Specification of the Officers entitled to share.

The Off-reckonings at all the Presidencies are to be thrown into one General Fund.

Each of the Generals or Colonels upon the Retired List is to be allowed the sum of £. 543-15 per annum from the Off reckoning Fund, in addition to the full or half pay they may be entitled to, according to the length of their actual service in India.

The remainder of the Off-reckoning Fund is to be divided among the Colonels of Brigades of Cavalry, Regiments of Infantry and Battalions of Artillery.

G. O. G. G.
15th April 1804

The Governor General in Council orders and directs, that the Off-reckonings of the several Regular Corps of the Army of this Establishment, viz. the European (Horse and Foot) Artillery; (Companies of Independant Columnaz.) Gun Lascars (and Ordnance Drivers) attached; European Infantry; European Artillery and Infantry Invalids; Regiments of Native Cavalry and Native Infantry; (Corps of Miners; Provincial Battalions and other temporary local Corps; vide page 611) be thrown into one General Fund.

The surplus, after all expences of making, packing, and transporting the Cloathing, shall have been defrayed, shall be ascertained in the usual manner by a Committee, for the adjustment of the Cloathing Accounts of the Army. From the amount of such surplus Off-reckonings, the sum of £. sterling 543 15, to be calculated at the established rate of exchange, viz. 2-s. 6-d. the Sonat Rupee, shall be appropriated to each of the nine Officers placed on the Retired List from this Establishment; and the remainder shall be divided amongst the Colonels of Brigades of Cavalry, of Battalions of Artillery, and of Regiments of European and Native Infantry, in equal proportions, according to the periods of time they shall have been in those situations, respectively.

M. C. 16th Jan-
by 1799

The full benefit of a share in the Off-reckonings as Colonel is assigned to the Officer who shall be appointed to succeed to the command of a Regiment, from the date of the resignation or death of his predecessor in the command of the Regiment; and the same rule extends to the succession to the command of Independant Corps.

Period from which Officers become entitled to share in the Fund on their Promotion.

Let. C. D.
20th April 1803

The Officers last mentioned (Colonels) are allowed to reside in Europe with their shares of Off-reckonings, and their Pay, subject always to the Court's Orders for their return to their duty in India; and, if they decline to do so, they are to relinquish their shares of Off reckonings, and retire from the Service on their pay, only.

Conditions upon which Colonels residing in Europe may retain their shares.

When an augmentation of the Armies in India takes place, encreasing the General Fund, the shares to the Colonels above mentioned in the Service are to be augmented, accordingly; on the other hand, if the Armies be reduced so as to diminish the General Fund, their shares are to be reduced in proportion, it being our intention that whatever surplus remains after providing for the Retired List, in the manner stated, is to be divided among the Colonels who continue in the Service.

Any augmentation or reduction of the Army is not to affect the shares of the Officers on the Retired List.

If a reduction in the number of Regiments takes place, the Colonels of the reduced Regiments are not, hereafter, to participate in the Off-reckonings, until, by vacancies occurring, they are reinstated in the command of Regiments.

Colonels of Regiments that may be reduced are not to share, until reinstated in the Command of Regiments.

Two thirds of the amount of the Shares to be paid annually in advance.

As it appears proper that the Off-reckonings of the Colonels entitled to share in the Off-reckoning Fund should be paid to them within a reasonable time after they become due; and it appearing also, from the distribution of Off-reckonings lately published, that the average of a Colonel's share for a year may be calculated to amount to about 7000 Sicca Rupees;—Resolved, that, whenever it shall happen that the Cloathing Accounts are not adjusted by the end of three months after the expiration of the year, that a proportion of the above sum, viz. Sicca Rupees 4,500, be paid to each Colonel entitled to a full share in the General Off-reckoning Fund; and proportionately to Officers entitled for broken periods, leaving the balance to be adjusted by the Off-reckoning Committee.

M. C. 16th June 1799

If any alteration should take place in the establishment of the Army, so as to effect the share of Colonels, either by an increase or decrease thereof, in any material degree, the proportion to be paid in advance is to be regulated accordingly, and so as never to exceed two thirds of the estimated profits of the year.

A list of the Colonels and of the advance they are respectively entitled to receive, on account of Off reckonings, shall be prepared by the Military Auditor General and laid before Government on the 1st of June, annually.

Shares how paid to Officers in India,

The shares allotted for Colonels of Brigades, Regiments, or Battalions, who are in India, will be paid to them, or to their Agents duly authorized to receive the amount, according to the present practice: a proportion of the shares of such of the Colonels as may be in Europe, equal to £1,500, will be paid to them annually in England; the remainder of the shares of those Officers will also be paid by the Honourable the Court of Directors whenever the amount of the annual shares of the Colonels of this Establishment shall be communicated to the Honourable Court.

G. O. G. C. 11th April 1804

And in Europe.

The certificates of the dates to which the Off-reckonings of Colonels, proceeding to Europe, shall have been paid, are to be furnished in triplicate by the Military Paymaster General: one of the certificates is to be delivered to the Officer whom it concerns, the other two are to be transmitted by the Secretary to Government for the purpose of being forwarded to the Honourable the Court of Directors.

The Vice President in Council being of opinion that any deviation from the general rule, for the payment of shares of Off-reckonings to Colonels in India and in Europe, might lead to confusion in the accounts, and be otherwise objectionable, is precluded from admitting the arrears of Off-reckonings due to Major General Baillie, up to his departure from Bengal, being made payable in India.

P. O. V. P. 2d April 1810

Regulations for consolidating the surplus of the Off-reckonings of the three Presidencies & ascertaining the amount of the respective shares

We have in our former dispatches noticed the great delay that occurs in adjusting the annual Off-reckoning Accounts at the several Presidencies, and trust that means will be adopted for remedying the inconveniences resulting therefrom in future. This becomes the more necessary by the plan now prescribed, because it will be impossible to make the distribution correctly, before a general account of the surplus at all the Presidencies is formed.

Let. C. D. 22d April 1807

The annual accounts of the Off-reckoning Fund will continue to be examined as heretofore by a Committee of Officers, who, after adjusting all charges for preparing, packing and transporting the Cloathing, and all other incidental claims upon the Fund, will be pleased to state on their proceedings the gross amount of the surplus Off-reckonings of each year, and also furnish a list of Officers entitled to share, noticing particularly thereon all Casualties, but without proceeding to make any division of shares.

G. O. G. C. 2d April 1807

The surplus of the Off-reckonings of each year, beginning 1st of January and ending the 31st of December, will then be carried to the account of the General Fund; and as soon as an account of the surplus Off-reckonings, accompanied by the necessary list of Officers entitled to share in the Off-reckonings of the corresponding year, shall be received from the Presidencies of Fort St. George and Bombay, it shall be the duty of the Military Auditor General to prepare and submit to the Governor General in Council, with the least possible delay,

First,—A statement of the Surplus Off-reckonings of the three Presidencies forming the General Fund.

Second.—A statement of the sums to be appropriated to the General Officers of the three Presidencies placed on the Retired List.

Third.—A statement of the remainder of the surplus Off- reckonings to be divided among the Colonels of the Regiments of Infantry and Cavalry, and Battalions of Artillery.

Ext G. O. G. 18th April 1804 It will be necessary to transmit annually to the Hon'ble the Court of Directors, at as early a period of time as may be practicable, a statement of the total surplus of Off- reckonings of the General Fund, with a list of the names of all the Colonels entitled to shares of the surplus Off- reckonings for the year, specifying the amount each Colonel is entitled to receive.

G. O. G. G. 30th Jan. 1809 The surplus Off- reckonings of the Presidencies of Fort William, Fort St. George, and Bombay for the years 1803 and 1804, having been drawn into a General Fund for each of those years, conformably to the Orders of the Hon'ble the Court of Directors, the Governor General in Council is pleased to direct that the statements prepared by the Military Auditor General of the distribution of the surplus Off- reckonings for those years among the Officers of the three Presidencies entitled to share therein, and the statements of the surplus Off- reckonings of the Independent Corps of this Presidency, shall be published in General Orders for the information of the Army.

Adjustment of the accounts of the General Fund to the 1st of Jan. 1805.

Ordered, that the Military Paymaster General be directed to take measures for the payment of the amount of the surplus Off- reckonings for the years 1803 and 1804; and that of the Independent Corps, due to the several Officers belonging to this Presidency.

The Off- reckoning Accounts of the Corps of Golundaz, Pioneers, Ramghur Battalion, Hill Rangers and Native Invalids, are to be kept distinct, and the Amount of the share paid at the same periods as those of the Corps of the Line

M. C. 30th Jan. 1797 G. O. G. 8th July 1808 G. O. 18th July 1799 The Off- reckonings of the Battalions of Native Invalids, Ramghur Battalion, Bhaugulpore Hill Rangers, (Corps of Golundaz and Pioneers) are to be kept distinct from the General Fund, and distinct from each other, and the surplus to be appropriated to the respective Commanding Officers. (The same rules obtain for the payment in advance, and for the final adjustment of the Off- reckonings of the Independent Corps, as are applicable to Corps of the Line.)

Rules to be observed in the payment of the Off- reckonings and preparation of Clothing of Local and Provincial Corps.

G. O. 18th July 1799 The Officers respectively entitled to the profits on the Cloathing of the Body Guard of the Governor General, the Escorts with the Residents at Hyderabad, (Poonah, Nagpoor) and at the Court of Doulat Rao Scindea, the Calcutta Native Militia (and Provincial Battalions while in charge of the Officers who at present command them), being their own Agents for the supply of the Cloathing of their several Corps, and constituting, therefore, in themselves the only check upon the accounts of the person who makes the Cloathing up for them:—Resolved, that they shall be entitled to draw from the Military Paymaster General the whole amount of the computation of stoppages for each year as soon as they shall produce to the Military Auditor General certificates of the Cloathing having been provided by them, and actually served out to their respective Corps; deducting therefrom the value of the cloth received from the Import Warehouse, and which may be obtained upon a duplicate draft from the Military Paymaster General, in exchange for which a receipt is to be given.

The certificate to be produced shall be expressed in the following terms, and signed by the following persons.

For the Escorts of Residents by the several Residents respectively.

For the (Governor General's Body Guard and) Calcutta Native Militia by such Officer of the Governor General's Staff as he shall please to direct.

CHAPTER XIX.

Regulations having reference to the Civil Authorities—Establishment of Military Buzars, &c.

Directions to be observed by Officers proceeding in charge of Troops, Stores, &c. through the Districts under the Jurisdiction of the Hon'ble Company, or by Water; also in furnishing Troops and Escorts to the Civil Authorities; and in cases of applications from Military Officers to Magistrates, &c.

Establishment of Regimental and Station Buzars.

Regulations for their supply and superintendence; for the Controul and Government of Persons therein residing; for the Regulation of the Police, &c. and for defining the Powers of the Civil and Military Officers in the performance of those duties.

DIRECTIONS TO BE OBSERVED BY OFFICERS PROCEEDING, BY LAND OR BY WATER, IN CHARGE OF TROOPS OR STORES, IN APPLYING TO THE CIVIL AUTHORITIES FOR SUPPLIES, &c. &c.

Timely notice to be given to Collectors and Magistrates, by Officers Commanding Detachments, proceeding through any part of the Company's Territories.

II. **W**HENEVER a Detachment of Troops, or a single Corps, shall be ordered to proceed, by land or by water, through any part of the Company's Territories, the Commanding Officer of such Detachment, or Corps, is required to give the earliest practicable notice to the Collectors of the Revenue of the Zillahs, through which the Troops are to pass, of the probable time of their arrival within such Districts respectively; together with information of the probable period of their arrival at the particular places where supplies may be required, and a specification of the supplies which will be wanted. The Commanding Officer will likewise notify to the Collectors the probable periods of the arrival of the Troops at the rivers or nullahs, intersecting their march, where boats or temporary bridges may be necessary for crossing the Troops, and the baggage attached to them. The Commanding Officer will, at the same time, communicate to the Magistrates of the Zillahs, through which the Troops are to pass, the probable time of the arrival of the Troops within their respective jurisdictions.

A. D. 1806.—
Reg. XI.

In what manner the Collector shall proceed, on receiving the above notice,

III. *First.*—On receiving the notification mentioned in the foregoing section, the Collector shall immediately issue the necessary orders to the Landholders, Farmers, Teeseldars, or other persons in charge of the lands through which the Troops are to pass, for providing the supplies required; and for making any requisite preparations of boats or temporary bridges, or otherwise, for enabling the troops to cross such rivers or nullahs as may intersect their march without any impediment or delay. The Collector shall, at the same time, depute a creditable Native Officer to accompany the Troops through his jurisdiction, for the purpose of aiding in procuring the necessary supplies, and of facilitating the march of the Troops. It shall also be the duty of such Native Officer to provide the Troops with whatever bearers, coolies, boatmen, carts and bullocks, may be indispensably necessary to enable the Troops to prosecute their route. Should he experience any difficulty in the performance of this duty, he is at liberty to apply for assistance to the nearest Police Officer, who is directed to afford his aid in providing the number of persons, and of carts and bullocks, required.

Police Officers to assist in providing Bearers, Coolies, Boatmen, Carts, and Bullocks.

At what rates, supplies furnished to the Troops shall be paid for.

Commanding Officers to make immediate enquiry into

Second.—The supplies furnished under the foregoing clause (including earthen pots, firewood, and every article of supply) shall be paid for by the persons receiving the same, at the current bazar prices of the place at which they may be provided; and all Officers commanding Detachments of Troops, or single Corps marching through any part of the Company's Territories, are enjoined to make immediate inquiry into any complaints

which may be preferred to them by the persons furnishing such supplies, or in their behalf against any person or persons under their command, and to afford such redress to the complainants as the nature of the case may appear to require.

complaints preferred to them against persons under their command.

IV. First.—Whenever a detachment of Troops, or a single Corps, shall be provided with boats, temporary bridges, or other accommodations, by any Landholder, Farmer, Tehseeldar, or other person, conformably to the orders of the Collector of the Zillah, for the purpose of crossing the Troops and their baggage over rivers or nullahs, the Commanding Officer of such Detachment, or Corps, will grant a certificate to the person furnishing the same, specifying the number of boats and persons employed, the burthen of each boat, and how long employed on the public service. In instances in which temporary bridges may be constructed for the above purpose, the certificate to be granted by the Commanding Officer is to specify, generally, the dimensions of the bridges and the materials of which they may be composed.

Certificate to be granted by the Commanding Officer, when Troops shall be provided with boats, bridges, or other accommodations, under this regulation, to enable them to prosecute their route.

Second.—The certificate mentioned in the foregoing clause shall be immediately transmitted to the Collector of the Zillah, by the person receiving it, accompanied by a detailed account of the expense incurred for the purposes therein specified. The Collector shall, without delay, communicate the particulars of the account to the Officer commanding the Detachment, or Corps, on whose account the expense may have been incurred, who shall certify, generally, thereon, whether the services charged for in it were performed, or shall state such exceptions as he may have to offer to any of the charges.

Third.—When the account above mentioned shall be returned to the Collector, he shall certify, whether the sums and rates charged in it are, in his opinion, reasonable, and conformable to the usual rates of labor and hire in the Zillah; and shall transmit the account, with the vouchers and certificates relating to it, with any requisite observations thereupon, through the prescribed channel, to the Governor General in Council. After the account shall have undergone the examination and report, prescribed for all military contingent charges, the Governor General in Council will pass such final order as may appear proper. In the mean time the Collector is empowered, in such cases, to pay the amount of the charge, or such proportion of it as he may consider reasonable, to the Landholder, Farmer, or other person entitled thereto; inserting the amount so disbursed by him at the foot of his treasury account, in explanation of his treasury balance, in the mode prescribed for similar cases.

V. First.—Whenever a proprietor, farmer, tenant or manager of land, through which any Detachment, or Corps, of the Company's Troops may march, or on which they may be encamped, shall consider himself entitled to compensation for any injury sustained from the march, or encampment of the Troops, he shall immediately furnish the Commanding Officer of such Troops with as accurate a statement as can be prepared of the nature and extent of the injury sustained; when the Commanding Officer is required to certify generally thereon, whether or not the damage represented to have been sustained has been actually committed, together with his opinion respecting the justice and extent of the claim.

In what manner Landholders, and other persons farming or holding land, are to proceed, who shall have sustained any injury from the march or encampment of Troops.

Second.—If the proprietor, farmer, tenant, or manager, after receiving such certificate, shall consider himself entitled to compensation, he will be at liberty to present the statement of his claim, with the Commanding Officer's certificate thereon, to the Collector of the Zillah (either in person or by his vakeel) within ten days from the date of the certificate; but no claim of this description shall be received by the Collector, after the expiration of that period, unless the person preferring it shall assign good and satisfactory reason for the delay. The Collector, on receiving a statement of the damage, and the Commanding Officer's certificate thereon, within the prescribed period, or afterwards, if sufficient reason be assigned for the delay, shall forthwith adopt such measures as may appear requisite to ascertain whether or not the claim be well founded; and shall report his proceedings to the Board of Revenue, accompanied by his opinion on the merits of the claim, for the consideration and orders of Government. It is however declared that no claim will be received, unless accompanied by the prescribed certificate of the Commanding

Certificate to be granted by the Commanding Officer on such occasions.

Officer of the Troops by whom the damage may be stated to have been committed; excepting in instances in which the claimant can shew good and sufficient cause for not having obtained such certificate. In such cases, if the Collector shall be satisfied with the cause alleged by the claimant for not having obtained the prescribed certificate, he shall transmit the petition and statement of the claimant to the Officer commanding the Troops by whom the damage may be stated to have been committed, and shall wait his reply thereon previously to determining whether or not the claim be entitled to investigation.

In what manner the Magistrates are to act, on receiving the notification mentioned in Section II.

VI.—Immediately on receiving the notification mentioned in Section II. the Magistrates shall transmit orders to the several Police Darogahs or other local Officers of the Police, through whose jurisdiction the Troops are to pass, to afford every assistance in their power to facilitate the march of the Troops through their respective jurisdictions, and to co-operate, as far as may be necessary with the person deputed on the part of the Collector, in procuring the requisite supplies; as well as in adjusting any disputes which may arise respecting the prices of the articles furnished, and in preventing any alarm to the Inhabitants of the Country.

Reports to be made by Officers commanding Troops on their march through the Company's Territories, by the Collectors, and by the Magistrates for the information of Government.

VII.—Officers commanding Detachments of Troops, or single Corps, on their march through any part of the Company's Territories, are already required, by the General Orders, issued under date the 1st of February, 1788, to report to the Commander in Chief, in what manner the Troops have been supplied, in passing through the Districts lying in their route. In like manner, the Collectors are directed to report to the Board of Revenue, and the Magistrates to report to the Nizamut Adawlut, for the information of the Governor General in Council, any complaints which may be made to them of the misbehaviour of the Troops, when such complaints shall appear to be well founded, and of sufficient importance to require communication to Government.

Directions to be observed by Officers proceeding in charge of Troops or Stores by water, and by the Magistrates respectively in applying for and furnishing Coolies, Dandies &c. and for preventing the Commission of Irregularities by the Troops or their Followers.

Officers commanding Detachments of Troops, as well as Officers, Conductors or other Persons in charge of Stores, proceeding to the Upper Provinces by water, are directed to pay the strictest attention to the various orders which have from time to time been published to the Army, for the conduct of Detachments marching through the Country or proceeding by water, particularly to the latter part of the Regulations of the Governor General in Council of the 26th May, 1790, and to the General Orders of the 11th June, 1799, (*vide page 144*) for securing the Inhabitants of the Country from molestation or oppression, and prohibiting Sepoys, Lascars and public followers being sent into Villages for the purpose of procuring Provisions and of pressing Coolies and Dandies. The different Civil Officers of Government being instructed to furnish every assistance to forward Fleets of Boats employed in the Public Service, and to provide for the wants of the Troops embarked on and of the people attached to them, such assistance will always be afforded on proper application from the Officer or person in charge of Boats to the Magistrates or Collectors, or to their respective subordinate Native Officers, in the different Towns and Villages remote from the Residence of the principal Civil authority in the District, and to whom Officers and persons in charge of Fleets of Boats will accordingly apply when requiring assistance, either in men, or supplies of any kind. Such applications are to be accompanied by the amount of the hire of the Dandies, Coolies, &c. and the value of the articles required, in order to obviate the necessity of having recourse to forcible measures, and all pretences for retarding the public service.

And, with a view to enable the Magistrates of Districts situated on either banks of the Rivers Hoogly and Ganges to take timely measures for forwarding an object of such importance to the public interests, as the transportation of Stores and Supplies for the Service of the Army, Officers and Conductors in charge of Fleets of Store Boats are hereby directed in all cases to give previous notice (in the manner prescribed respecting Troops proceeding by land, (*vide page 614*) to the Magistrates and Collectors, of their approach, and what assistance, if any, they are likely to require, and in what particular places; in order that the necessary instructions may be sent to the Police Darogahs and Head-men of Villages on the banks of Rivers to afford the same.

Magistrates will report the names of Officers commanding Detachments proceeding by water, or in charge of Fleets of Store Boats, by whose Soldiers, Lascars or Followers any acts of violence to the persons, or of injury to the property of the Inhabitants, may have been committed, in order that due investigation of the same may be made.

G. O. G. N
25th July 1806

The Magistrates, whose local knowledge will enable them to judge where the progress of the boats is most likely to be impeded, and where the extraordinary aid of their authority may more particularly be required, will, on the receipt of the above notification, take measures accordingly.

All Officers are reminded of the serious responsibility that will attach to them for any abuse of the authority with which they may be entrusted, or for any exertion of illegal power; they will report to the Magistrates any instances of neglect or inattention on the part of the Police Darogahs or Head-men of Villages, but by no means interfere in the exercise of their duty, or use any authority whatever over them; and in the event of any detriment or delay arising to the public service, or of having any well-founded cause of complaint, after they shall have given the notice prescribed by these Orders, they are to represent the same for the information of Government through the usual and regular channel.

Regulation. N^o.
A. D. 1860

VIII.—Whenever any Military Officer, not Commanding, nor proceeding with a Corps, or Detachment of Troops, or any other person, (whether European or Native) not restricted by Government from passing through the Country, may be proceeding within any part of the Company's Provinces, either on the public service, or on his private affairs, and shall be in need of assistance, during his route, to enable him to prosecute his journey, he shall be at liberty to apply to the nearest local Officer of Police to aid him in providing any requisite bearers, carts, or bullocks, or any necessary supplies of provisions, or other articles. On receiving an application of the above nature, the Police Officer to whom it may be made shall furnish the aid required, or cause it to be furnished by the proper person or persons; provided that a sufficient number of persons who have been accustomed to act as bearers, coolies, or boatmen, or the requisite number of carts and bullocks, not exclusively appropriated to the purposes of agriculture, and occasionally let for hire, can be procured within his jurisdiction. But all Police Officers are strictly forbidden, under pain of dismissal from Office, (under the rules prescribed by Regulation V. 1804,) on applications of the above nature, to compel any persons not accustomed to act as bearers, coolies, or boatmen, to serve on such occasions, or to furnish a traveller, or cause him to be furnished, with bullocks or carts, kept for private use and not for hire, or exclusively appropriated to the purposes of agriculture. Persons so employed, and the persons in charge of carts and bullocks so provided, shall be at liberty to return from the first Police Station in the next Zillah, through which the Corps or Detachment is to march, unless a voluntary engagement to the contrary may be entered into by such persons. The Police Officers are further enjoined to be careful, that a proper compensation for the bearers, coolies, boatmen, carts or bullocks, employed, and a just price for the provisions or other articles provided, be secured to the persons entitled thereto. For this purpose, the Police Officers are authorized to adjust the rate of hire to be paid for the bearers, coolies, boatmen, carts, or bullocks, required, and the price of any articles provided; as well as to demand, that the whole, or a part, according to the circumstances of the case, be paid in advance. Should any traveller refuse to comply with the adjustment or demand so made by a Police Officer, he will not be entitled to any assistance from the Officers of Government under this Regulation.

Police Officers are empowered in cases of necessity to assist travellers in prosecuting their route.

In what manner such assistance shall be afforded.

On what conditions assistance will be afforded to travellers.

IX. *First*.—The rules contained in the following clauses, which have been already established in the Province of Benares, by Sections LXVIII. and LXXII. 1795, are hereby extended, with amendments, to the whole of the Territories under this Presidency.

Second.—All persons, whether European or Native, within the Company's Provinces (excepting such privileged persons as the Government may specially exempt from the operation of the rule contained in this section) are positively forbidden to dress any of their servants, either for the purpose of parade or of business, in the uniform of the Company's Sepoys and Lascars, or in a dress so nearly approaching to that uniform as to enable the persons wearing it to impose themselves on the Country people for Sepoys and Lascars.

Prohibition against private servants appearing dressed like Sepoys and Lascars, with certain exceptions.

Third.—All natives, excepting those actually in the Military Service of the Company, or belonging to persons specially exempted by Government from the operation of this rule, are forbidden to wear a dress similar to that mentioned in the foregoing clause.

The above rule extended to all natives, with certain exceptions.

Officers are not to clothe their public servants with a military dress.

Native Officers, with certain exceptions, forbidden to wear the military dress, except when employed in the public service.

What Officers are empowered to deprive of a military dress any person who shall wear it in opposition to these orders.

Fourth.—Officers of every description, employed in the Service of the Company, who are allowed establishments of Burkundauze, Peons, and Pykes, in their official capacity, or who may have occasion to employ persons of any of those descriptions, in such capacity, are prohibited from cloathing them with a Military dress.

Fifth.—Native Officers and Sepoys, excepting Subadars, Jemadars, and Serangs, even though in the Service of the Company, who may temporarily reside or have occasion to travel in the interior parts of the Country, unless employed on the public service, are forbidden to wear their uniform coats.

Sixth.—With the view of giving full effect to the orders contained in the preceding clauses, the Military Commanding Officers of Stations, and of Detachments, in the interior parts of the Country, and the several Zillah and City Magistrates, are hereby authorized and required to deprive of a Military dress any person who shall wear it contrary to these orders, (unless it shall appear that such person is in the Military Service of the Company) in which case he shall be sent to the Corps to which he may belong, with a written complaint against him. The local Officers of Police are also empowered and directed to apprehend all persons of the above description, and to send them to the Magistrate, who will deal with them in the manner above prescribed.

All persons, to whom escorts may be allowed, are forbidden to send Sepoys or lascars into the villages to procure provisions, or to press bearers, coolies or boatmen.

No person, excepting the Officers of Government, to distinguish his servant with badges.

The Magistrates to apprehend and deprive persons of their badges who shall wear them contrary to the above prohibition.

Seventh.—Military Officers, or other persons, to whom escorts may be allowed, when travelling through the Country by land, or proceeding by water, are forbidden to send Sepoys or Lascars into the Villages, for the purpose of procuring any sort of provisions, or of pressing bearers, coolies, or boatmen. Every local Officer of Police, upon application, will, under Section VIII. of this Regulation, grant such assistance as he may be able to afford; and all violent measures, therefore, will be considered equally illegal and unnecessary.

Eighth.—No person shall be allowed to distinguish his Burkundauze, Peons, Pykes, or other servants, with badges, except the Public Officers (Civil or Military) employed in the Service of the Company, who are allowed Establishments of Burkundauze, Peons, or Pykes, in their official capacity, or who may have occasion to employ persons of those descriptions, in the public service. The several Zillah and City Magistrates are empowered and directed to apprehend any person, (not being in the service of a Public Officer of the Government authorized to entertain such servants) who shall wear a badge in opposition to the prohibition contained in this clause, and to deprive him of the badge. The local Officers of Police are authorized and directed to apprehend persons of the above description, and to send them to the Magistrate, by whom the offender will be dealt with as above directed. Any European, not being a Public Officer of the Government to whom any of such descriptions of Public Servants are allowed, employing badged peons, or other descriptions of servants wearing badges, contrary to this prohibition, will be liable to the severe displeasure of Government, on representation of the circumstances of the case by the Magistrate who is directed to report all such instances, for the information and orders of the Governor General in Council.

REGULATIONS RELATIVE TO FURNISHING MILITARY GUARDS AND ESCORTS TO THE CIVIL AUTHORITIES.

Rules for the guidance of the Civil Officers in applying for guards and detachments from the regular corps of the Army, and for the guidance of the Military Officers commanding Corps in such cases.

XIII.—It being necessary, in consequence of the reduction of the Provincial Battalions in the Upper Provinces, that rules should be established for the guidance of the Magistrates, and of the other Civil Officers in the several Zillahs, in applying for Guards or Detachments from the regular Corps, for the support of the Police, or for other duties connected with their public situations, and likewise for the guidance of the Military Officers commanding the Corps, from which such Guards or Detachments are to be furnished: the following rules have been accordingly enacted.

XIV. First.—Whenever the Magistrates may require Detachments of Troops from the regular Battalions, for the apprehension of public offenders, or for the maintenance of the peace in their respective Districts, they shall state in writing, as fully and circumstantially as may be practicable, the nature of the service required to be performed, to the Officer commanding the Corps or Companies, from which the Detachment is to be sur-

Applications to be made in writing, stating the service to be performed,

finished; leaving it to the commanding Officer, on a consideration of the circumstances stated, to judge of the strength of the force which should be employed in the execution of the duty in question.

and the Military Officer to determine the force required for such service.

Second.—The power vested in the several Magistrates by the foregoing rule, being founded upon the nature and exigency of the case, which may frequently require promptitude and decision, and will seldom admit of a reference to Government, it shall be the duty of Officers commanding Corps and Detachments immediately to furnish the necessary Military aid, whenever applications may be regularly and publicly made to them by the Magistrates, for Troops, for the maintenance of the peace, or for the support of the General Police of the Country. By those means, the responsibility of calling in the aid of the Military will rest with the Civil Magistrates; and the allotment of the force will depend upon the Officers commanding the Troops, who are not, however, on occasions of this nature, to exercise any discretion in granting or withholding the required aid. But as it is, at the same time, essential to restrict the employment of Military force to cases of absolute necessity, the Magistrates are hereby enjoined to confine their requisitions for Military force to cases of that description, and to report to Government, whenever they may apply for Military aid, under the rule contained in this section; at the same time, furnishing the Governor General in Council with the necessary information respecting the circumstances upon which the application for such aid may have been grounded.

Civil Magistrates responsible for calling in the aid of the Military, in cases of emergency, and Military Officers not to exercise any discretion in granting or withholding such aid.

Third.—The Officers commanding Troops, by whom such Detachments may be furnished, in pursuance of the applications of the Magistrates, shall immediately transmit the necessary reports thereof to the Commander in Chief.

Military Officers to report their compliance with such applications to the Commander in Chief.

XV. *First.*—The permanent Guards, required by the Magistrates, by the Collectors of the Land Revenue and Customs, by the Commercial Residents, and by any other Public Officers authorized to require such guards for the protection of the public treasuries, stores, or other property, shall be in future furnished in the Ceded and Conquered Provinces from the regular Battalions. The Civil Officers requiring permanent Guards shall accordingly state, fully and circumstantially, the nature of the service necessary to be performed, to the Officer commanding the Corps from which the guards are to be furnished. On receipt of such information, the Commanding Officer shall furnish guards of such strength as he may deem necessary, provided that no public objection shall occur to a compliance with the application, and that he shall be satisfied that the Civil Officer from whom the application may have been received was entitled to make it by the general rules and usages of the Service. But as the same necessity does not exist for vesting the Magistrates and other Public Officers, in cases of this nature, with the extensive powers entrusted to the Magistrates in the cases described in Section XIV. of the present Regulation, the Commanding Officer shall be at liberty, in case he shall deem it necessary or proper, on any public grounds, to suspend compliance with the application, and to refer the case to the Commander in Chief, who will forward the representation to Government for its decision, or pass such orders on the subject as may appear to him to be proper. With the view likewise of preventing abuse of the powers vested in the Civil Officers, in applying for guards from the regular Battalions, the Magistrates and other Officers in the Judicial Department shall, on the receipt of the present Regulation, transmit to the Governor General in Council a statement of the permanent Guards employed or required by them, for his consideration and orders. In like manner, the Officers in the Revenue and Commercial Departments shall transmit to the Board of Revenue, and Board of Trade, a statement of the permanent Guards required by them in the discharge of the duties of their respective Offices; and the Board of Revenue and Board of Trade shall forward the statements required, from the Officers acting under their authority, with any remarks which they may deem necessary for the consideration and orders of Government.

Rules for supplying the permanent guards required by the several Civil Officers.

Second.—When the permanent Guards required by the different Officers in the Civil Department of the Service shall have been fixed under the rule contained in the preceding section, no augmentation shall be made in the number or strength of such guards without the express sanction of the Governor General in Council. (For Regulations for the Inspection and Reports of Guards employed in the Civil Department, vide page 68.)

guards not to be increased without the previous sanction of Government.

Reqs for furnishing Civil Officers with temporary escort.

XVI.—The temporary Escorts which may in future be required by the Magistrates, by the Collectors of the Land Revenue and Customs, by the Commercial Residents, and by any other Public Officers authorized to require Military aid, for the remittance of treasure, of other public property, or for other purposes connected with their respective official situations, are in future to be furnished in the Upper Provinces from the regular Battalions; the Civil Officer requiring any such Escort is, accordingly, to state fully and circumstantially the nature of the service necessary to be performed, to the Officer commanding the Corps, from which the required Escort is to be furnished. On receipt of such information, the Commanding Officer shall furnish an escort of such strength, as he may deem necessary, for the performance of the duty in question; provided that no substantial public objection shall occur to a compliance with the application, and that he shall be satisfied that the Civil Officer, from whom the application may have been received, was entitled to make it by the general rules and usages of the Service. But if not, the Commanding Officer shall be at liberty to suspend compliance with the application, and to refer the case to the Commander in Chief, who will forward the representation to Government for its decision, or pass such orders on the subject as may appear to be proper.

Efforts to be furnished to Judges of Circuit.

"In obedience to the orders of His Excellency the Commander in Chief, Commanding Officers of Stations are directed to furnish to the Judges of Circuit, when passing through their Districts, a guard-consisting of 1 Jemadar, 2 Havildars, 2 Naicks, and 30 Sepoys, which will, as usual, be regularly relieved, agreeably to the General Orders on that subject."

Ext. Let. Adjt. Genl. 5th Nov. 1808

And to the Commissioners for the Settlement of the Ceded & Conquered Provinces.

The Escort on duty with the Commissioners for the Settlement of the Ceded and Conquered Provinces is to be increased to one hundred Rank and File, with the usual proportion of Native Commissioned and Non-commissioned Officers; and Lieutenant Dundas, of the 24th Native Infantry, is appointed to do duty with the above Escort.

G. O. C. C. 30th Oct. 1808

Provision for the trial and punishment of Military guards in charge of convicts by Martial Law, in certain cases.

X. *First*. The rules contained in the following clauses, which have been already established in the Ceded and Conquered Provinces by clauses Fifth and Sixth, Section XIV. Regulation VIII. 1805, are hereby declared to be in force throughout the rest of the Company's Territories under this Presidency.

Regulation 180

Second. Provision is made by Section VI. Regulation II. 1799, for the punishment of guards in charge of convicts who may have escaped, and, in certain cases, for committing or holding such guards to bail for trial before the Court of Circuit. This provision is extended to guards in charge of prisoners who may escape from their custody, whether before or after conviction; but shall not be considered applicable to military guards from the Provincial Battalions, (while such Battalions continue subject to Military Law) or from any regular Corps of the Army. Whenever it shall appear to the Magistrate, that a guard furnished from any of the regular Battalions, from any Provincial Battalion, or from any other Corps subject to Martial Law, has been guilty of wilful neglect in guarding the prisoners under his charge, or of connivance at the escape of any prisoner, or of any other act of criminal nature, in the discharge of his duty, the Magistrate shall cause the offender to be delivered over to the Officer commanding the Provincial Battalion, or the Detachment to which he may belong, with a charge in writing, that he may be tried, and punished, on conviction, by a Court-martial.

The foregoing rule not applicable to charges against such guards, which are cognizable in the Civil Courts.

Third. The mode of proceeding against military guards, directed in the preceding clause, shall be observed, with respect to any other offence involving a breach of military duty, and properly cognizable by Courts-martial, but shall not be held applicable to any criminal charge against such guards or other Sepoys, whether belonging to the Provincial Battalions or regular Corps of the Army, which may not involve a breach of military duty, and the cognizance of which may therefore appertain to the Civil Courts.

Civil Officers in the judicial, revenue, and commercial departments to send monthly statements of guards, detachments and escorts employed by them, to Government, the Boards of Revenue and Trade respectively.

XVII. It shall be the duty of the Magistrates and other Officers in the Judicial Department to transmit to Government, on the first of each month, a statement of the guards, detachments, and escorts employed by them in the preceding month. The Collectors, Commercial Residents, and other Officers in the Revenue and Commercial Departments, shall in like manner transmit to the Board of Revenue and Board of Trade, on the first of each month, a statement of the guards, detachments, and escorts employed by those Officers respectively in the preceding month; and the Board of Revenue and Board of Trade are hereby required to report to Government, whenever they may be of opinion, that the

guards, detachments, or escorts employed by the Officers subject to their controul, were not requisite for the public service.

XVIII. The foregoing rules have been framed, chiefly with a reference to the Ceded and Conquered Provinces, in which the military duties connected with the offices of the Magistrates, Collectors, and other public Officers in the civil branch of the Service, are to be performed by the men of the regular Corps.—Provincial Battalions having been established in the Provinces of Bengal, Behar, Orissa, and Benarus, for the discharge of those duties, it can seldom, if ever, be necessary for the Magistrates, Collectors, and other Civil Officers in those Provinces to apply for guards or detachments from the regular Battalions. Should any emergency, however, at any time occur, to render the services of the regular Corps necessary for the maintenance of the internal peace of the Country, or for any other public duty connected with the situations of the Magistrates or other Civil Officers, those Officers, and likewise the Officers commanding Corps and Detachments in the Provinces of Bengal, Behar, Orissa, and Benarus, are to conform to the rules contained in Sections XIV. XV. and XVI. of the present Regulation.

The foregoing rules framed chiefly with reference to the Ceded & Conquered Provinces.

Similar rules to be observed by the Civil and Military Officers in the Lower Provinces in cases wherein the former may have occasion to apply for Military aid.

G. O. P. C. 16th Oct. 1807 With a view to obviate the possible occurrence of any impediment to the due furtherance of the Public Service, in cases of emergency where applications shall be made for Escorts or other Military aid by any of the Civil Officers within the Provinces of Bengal, Behar, Orissa and Benarus, the Provincial Commander in Chief enjoins the most scrupulous attention on the part of all Commanding Officers of Troops serving in any situation within those limits to the 18th Section of Regulation XI. 1806, wherefrom, in conformity to the Rules contained in Sections 14, 15 and 16 of that Regulation, the sole responsibility must be understood to rest with the Civil Officers for the propriety and adequacy of the grounds on which such applications shall be made, leaving nothing discretionary with Commanding Officers as to granting or withholding aid, otherwise than as expressly provided for in Section 16th, before mentioned.

Regulation XI. 1806 XIX.—The foregoing rules are not to be considered applicable to the Presidency Station. Whenever Guards, Detachments, or Escorts may be required by the Magistrates of Calcutta, and of its vicinity, or by any of the other Civil Officers, for the discharge of any public duty connected with their respective official situations, they are to make the necessary application for that purpose, agreeably to former usage, to the Governor General in Council, through the channel prescribed for conducting their public correspondence.

The foregoing rules not applicable to the Presidency Station; applications for guards, &c. in Calcutta or its vicinity, how to be made.

XI.—On receiving translations, in the Country languages, of the present regulation, the Magistrates of the several Zillahs and Cities shall transmit copies to the local Officers of Police; and the Collectors shall furnish copies to the principal Landholders, Farmers, Tehseeldars, and Managers of estates within their respective jurisdictions; with directions to publish and exhibit the same in their Cutcherries, for general information.

Measures to be adopted by the Magistrates and Collectors for promulgating the Regulation.

RULES TO BE OBSERVED BY MILITARY OFFICERS ON OCCASIONS OF CORRESPONDING WITH THE CIVIL AUTHORITIES.

G. O. 16th January 1787 When limits of authority are in dispute between Civil and Military Officers of this Government, the Supreme Council alone is competent to decide it.

Differences of opinion that may exist between Civil and Military authorities how to be decided.

G. O. V. P. 25th Sept. 1805 The Vice President in Council deems it to be proper to request that the Commander in Chief will be pleased to prohibit Officers from corresponding with the Judges and Magistrates, either publicly or privately, respecting any cases depending before the Courts of Justice, in which the Servants or Defendants of such Officers may be parties, either as Plaintiffs, Defendants or Witnesses.

Rules to be observed on occasions of correspondence occurring between Military Officers and the Civil Authorities.

Whenever any Officer at any Military Station may require provisions, boats or any other articles, in the supply of which he may deem himself authorized to demand the aid of any of the Civil Authorities, he should state the case to the Officer commanding at the Station; who will apply to the Collector or the Magistrate, or both of those Officers or

not, as he may deem proper: On the same principle, when parties are detached, the Commanding Officer only is to consider himself authorized to make application to any of the Civil Authorities for aid of the above nature.

Should any Officer have occasion to prefer a complaint to the Judge and Magistrate in a case in which that Officer is personally interested, such complaint must be considered to be in every respect Official, and is to be preferred according to the usual style and address of Official Correspondence. All private correspondence on such subjects is irregular, and is therefore to be prohibited.

(For further Regulations relative to Applications, &c. from Military Officers to the Civil Authorities, *vide page 64*; and for the prohibition of Native Troops proceeding on leave being furnished with letters to Magistrates, &c. *page 297*.)

The Governor General in Council is persuaded that applications from commanding Officers of Corps, for the purpose of ascertaining the propriety of retaining men in the Service after conviction for offences in the Courts of Justice, to the local Judicial authorities before whom the offences were investigated, will be always attended to. Proc. G. G.

Any refusal to afford the information requested would certainly be considered by his Lordship in Council as censureable, and would require only to be communicated to Government to find an adequate and immediate remedy.

The Governor General in Council entirely concurs with the Commander in Chief in opinion with respect to the expediency of the names of individuals, (subjects of Foreign States) who may be permitted to enter the Company's Territory with an armed Retinue, of the number of their Followers, and of their intended route, being in all practicable cases communicated to the Military Department. The Judges and Magistrates will be instructed from the Judicial Department in all practicable cases to apprise Commanding Officers of Stations of the arrival of persons within their Districts who may be attended by armed followers. Proc. G. G.

The Vice President in Council is pleased to authorize and direct that Darogahs, whose Tannahs are situated at a distance from the place of residence of the Magistrates, but in the vicinity of any Garrison, Post or Cantonment, be enjoined to give immediate notice to the Commanding Officer of the nearest Post of any predatory incursion, assemblage of an armed force, or any occurrence that may take place, endangering the tranquillity of the Country, at the same time that they report it to their immediate superior. Proc. V P

The necessary instructions will be given from the Judicial Department to the Magistrate at Cuttack relative to the countersignature of monthly Nerricks of the rates of Building Materials, and of Workmen's wages at that place, whenever such shall be presented to him, drawn out in conformity with the customary rates in that part of the Country. "I am directed by the Vice President in Council to desire you will inform the Military Board, that the Civil Magistrates possess no power by the Regulations to compel labourers to work, and that it would be inconsistent with the principles of the British Government to vest any such compulsory power in their hands." REGULATIONS FOR THE ESTABLISHMENT OF MILITARY BUZARS.

REGIMENTAL BUZARS.

The Right Honorable the Governor General in Council has been pleased to pass the following Orders:— G. O. G. G.
15th Jan. 1811

Establishment
of Regimental
Buzars.

Separate and independant Buzars are to be established from the 1st of March next, with every Corps serving under the Presidency of Bengal. These Buzars are in all situations, whether in Camp, Garrison, or Cantonments, to be placed under the exclusive authority and controul of Commanding Officers of Corps, respectively, subject of course to the superior authority and controul of the Officers in command of the Stations and Divisions of the Army in which Corps may be serving.

One Thousand Rupees will be advanced by Government, in the first instance, to the Commanding Officer of every Corps, including each of His Majesty's Regiments of Light Dragoons and of Infantry; the Regiment of Artillery at the Presidency and the Gun Lascars and Ordnance Drivers, &c. attached: the Honorable Company's European Regiment; the Corps of Horse Artillery; of Goolundar; and of Pioneers; each Regiment of Native Cavalry; and each Battalion of Native Infantry.

Advances authorized to the Bazar people on the formation of the Bazar.

For every two or more Companies of European Artillery, in any situation detached from the Presidency, an advance of one-third of the sum authorized for complete Corps, is authorized for the purpose of establishing a Bazar for such Companies, with their Lascars and Ordnance Drivers, &c. attached.

The amount to be issued by the Commanding Officers as advances on Loan to the Bunneshs, and other descriptions of Bazar people, viz. Bakers, Butchers, Buttermen and others, who are to be attached to Corps respectively. These advances to be repaid by monthly instalments, (for which the Chowdries are to furnish such security as Commanding Officers may deem sufficient), but not to commence until Twelve Months after the time of receiving the advances, unless at the desire of the parties to whom they are made.

and how to be issued.

In order to secure the due appropriation of the advances to be made by Government, Commanding Officers of Corps are directed to cause the advances to the Bazar people to be tendered to the parties in their own presence, and that of the two senior Officers with the Corps, taking receipts for all such advances bearing the countersignature of the Chowdries and of the Officers present at the payment. Such receipts to be registered, and preserved in the Adjutant's Office with the Bazar Rolls.

An Establishment to be allowed for the Bazar of each Corps, as follows:

	Sonat Rupees,	Establishment of Public Servants for the several Bazaars of Corps.
A Chowdry, at per month, ----	11	
A Mutfuddy, ----	5	
3 Men as Flagman and Weighmen, at 3 each, ..	9	

Sonat Rupees per month 25

For every two or more Companies of European Artillery, with the Gun Lascars and Ordnance Drivers attached, the following Establishment will be allowed in any situation detached from the Presidency.

	Sonat Rupees
A Mutfuddy, at	5
Two Weighmen, at 3 each,	6

Sonat Rupees per month 11

The allowances for the Establishment to be drawn in the Regimental and Battalion Staff Bills, and to be paid by the Commanding Officer in person to the people for whom it is drawn, in presence of the two senior Officers with the Corps, who shall countersign the receipt of the parties paid.

Their allowances how to be drawn & paid.

It being for the mutual interest and advantage of all parties to attach, by every practicable means, as many people to the Bazaars of Corps as can find occupation and demand for their services, it is presumed that no particular injunctions are required to promote so beneficial an arrangement, combining public advantage and private convenience. To ensure however this most important object, Commanding Officers of Corps are to be careful, both by exhortation and internal arrangement, to require both Officers and Men to deal with their own Bazar people in all situations, as well when at large Stations, where there may be a choice of markets, as in detached and remote situations.

Commanding Officers to afford encouragement and protection to the people attached to their respective Bazaars.

The Chowdries to give security for the people attached to each Bazar; who are to be registered after the manner herein prescribed.

The Chowdries are to give security for all the people in each Bazar, who are to be registered in the manner prescribed in Section IX. Regulation XX. 1810, viz.

IX.—The names of all persons attached to Bazar of Corps shall be registered in a Book, which shall be kept at the Head-Quarters of the Corps, and shall be open to inspection at all reasonable hours; the entries shall be made in the same manner in all respects as those in the Registers of Station Bazar. (*Vide page 627.*)

Regn. XX.
A. D. 1810.

Copies of the Register of all people residing in Military Bazar to be furnished to the Magistrates.

In all situations where Station and Regimental Bazar may have been established under the orders of Government under date the 15th January, 1811, the Commanding Officers, under whose controul such Bazar may be placed, respectively, are directed to furnish to the Magistrates within whose Jurisdiction the Bazar is situated, as soon after the receipt of this order as may be practicable, correct copies of the Register required to be kept of the names of all persons attached to Bazar, respectively, by Sections VII. and IX. of Regulation XX. 1810, (published with the General Orders above referred to); and copies of all alterations which may take place in those Registers, whether by the addition or erasure of names, are to be regularly furnished on the first of every ensuing Month for the Magistrate's information.

G. O. G. C.
15th May 1811

Rules for the registry and discharge of persons attached to the Bazar of Corps.

X.—No person shall be registered as attached to the Bazar of a Corps without his consent; and any person, so registered, shall be entitled at any time to require his discharge, except when the Corps is on actual service, or there is an immediate prospect of its being ordered to march, in which cases it shall be in the discretion of the Commanding Officer to withhold such discharge so long only as the immediate exigency of the public service requires.

Regn. XX.
A. D. 1810.

XI.—No person registered as attached to the Bazar of a Corps shall be entitled to any of the privileges of such registry, except those who ordinarily carry on the trade or employment, in respect of which they are registered; within the place allotted or commonly used for the Bazar of the Corps when it is stationary.

XII.—All persons registered as attached to Bazar of Corps shall, while they continue so attached, be subject to such regulations as shall be made by the Commanding Officers or other competent authority, for the maintenance of good order and fair dealing in the Bazar, and for the prompt and efficient execution of such services as belong to their respective occupations, and shall be liable to be tried by a Native Court-martial for any breach thereof.

Bazar people being all to be registered in the manner prescribed in Regulation XX. 1810, are never to go from one Bazar to establish themselves in another, without a regular discharge. In case of any persons acting so, it will be the duty of the Officer in whose Bazar they may take refuge, promptly to deliver them up on demand. All persons of this description are however entitled to a discharge whenever they may desire it, as provided by the Regulation of Government above referred to, and subject to the conditions therein specified.

G. O. G. C.
15th Jan'y. 1811

Public Servants, once dismissed for dishonesty, are not to be allowed to reside in the Bazar, but are to be turned out of it with disgrace.

G. O. 30th
September 1798

The Police over persons attached to Bazar of Corps vested in the Commanding Officer.

XXI.—The charge of the Police over persons registered as attached to Bazar of Corps, is vested to the extent specified in Regulation III. 1809, and in this Regulation, in the Commanding Officers of such Corps, so long such persons shall be *bona fide* carrying on the occupation in respect of which they are so registered: all such petty offences as are specified in this Regulation shall be tried and punished by a Court-martial, when committed by this description of persons, under the same rules and restrictions as to the mode and measure of punishment as are laid down with respect to offences committed by persons attached to Sudder Bazar, (*vide page 633*); provided that, when such offences are committed at the distance of above one coss from the Station of the Corps, or from

its actual position on a march, and the offender is taken in the fact, the Magistrate shall have a concurrent jurisdiction, and may proceed against the offender as in any other cases, or, at his discretion, remit him to the Commanding Officer to be tried by Court-martial.

The Magistrate to have concurrent jurisdiction on in certain cases.

XXV.—No person registered as attached to the Bazar of a Corps, and *bona fide* carrying on the trade or occupation in respect of which he is registered in the place allotted or ordinarily used for the Bazar of the Corps, shall be liable to be arrested on process before judgment out of any Civil Court, for any cause of action not exceeding Sicca Rupees two hundred. In all cases, in which persons of this description are arrested by Civil process, it shall be declared in the plaint, that the cause of action does exceed Sicca Rupees two hundred, in which case the Judge shall indorse on the process "cause of action exceeding Sicca Rupees two hundred," and shall sign the indorsement; and if the plaintiff, at the trial of the cause, shall not prove a cause of action exceeding Sicca Rupees two hundred, he shall be non-suited with costs: and in case any person registered as attached to the Bazar of a Corps, and *bona fide* carrying on the occupation in respect of which he is registered within the limits allotted, or ordinarily used for the Military Bazar, shall be arrested under any Civil process, which is not so indorsed, the Commanding Officer, if he shall after due inquiry be satisfied that such person was so *bona fide* carrying on the occupation, in respect of which he is registered within the limits aforesaid, shall make out and sign a certificate in the following form:

No process of arrest before judgment to issue from the Civil Courts against persons attached to Bazar of Corps, unless in cases exceeding 100 Rupees, Rules in cases exceeding that amount.

"I, A. B., Commanding Officer of _____ do hereby certify, that _____ of _____ was registered on the _____ day of _____ in the year _____ as a person attached to the Bazar of the Corps in the occupation of a _____ and that he did at the time of his being arrested on the _____ day of _____ last, actually and *bona fide* follow that occupation as a person attached to the Bazar of the Corps within the space allotted or ordinarily used for the Bazar."

Upon such certificate signed by the Commanding Officer being produced to the Judge who issued the process, he shall cause the same to be recorded in his Cutcherry, and shall make an order for releasing the person arrested from confinement; but the Plaintiff shall be at liberty, if he thinks fit, to proceed in his action, and shall be bound to prove at the trial either that the cause of action exceeds Sicca Rupees two hundred, or that the defendant was not registered as attached to the Bazar of the Corps, or that, although registered, he was not actually and *bona fide* carrying on the occupation in respect of which he was so registered at the time of the action brought; and in failure of such proof he shall be non-suited with costs.

G. O. C. C.
13th Jan'y. 1811

The Chowdries of Bazars are to give such security as the Commanding Officer may judge sufficient, for always maintaining in their Bazars, respectively, Carriage Bullocks adequate to the conveyance of four days' supply of every requisite article of consumption for the Troops.

Security to be given by the Chowdries for maintaining the Bazars in an efficient state.

Officers Commanding Corps will consider it their particular duty to call upon the Chowdry for a Monthly or more frequent Report of the State of the Bazars, and to use their influence to prevent any just dues being withheld from the Bunnahs or others whenever demanded, and to prevent any credit being given to Officers, the servants of Officers, or Troops, except on the condition of their accounts being settled, and paid on the issue of pay for the month or months, in which such debts shall have been contracted; and all such credit is to be strictly confined to the supply of a daily ration of food per man when necessary, and of grain for Officers' Cattle. In the execution of this duty, Commanding Officers will be careful to avoid any act inconsistent with the rules contained in Regulation XX. 1810, already referred to.

Regulations for the payment of Bazar debts that may be contracted by the Troops and their followers.

G. O. C. C.
13th Feb'y. 1811

Quarterly Reports of the State of the Bazars, with an Abstract of the several descriptions of People and Cattle attached to each, are to be annexed to the Monthly Returns of every Corps in the Army, at the end of each quarter; viz. those dated the 1st of April, 1st of July, 1st of October, and 1st of January annually.

Quarterly Reports to be made of the state of Bazars of Corps to Head-quarters and how to be prepared.

G. O. C. C.
24th Apl. 1811

The Quarterly Reports of the State of the Bazars, attached to the several Corps of the Army, which were directed by General Orders, dated the 13th February last, to be

transmitted to the Adjutant General's Office, annexed to the Returns of Corps, at the commencement of each quarter, having been in many instances included in the body of the Monthly Returns, it is now announced to Commanding Officers that the Reports in question are required to be made out, separately, on Foolscap Paper, and transmitted, annexed or tacked to the Returns of Corps, at the period specified in the General Orders above referred to. (For the form of the Quarterly Reports, *vide Form No. 1.*)

Bazars of Corps where to be situated.

Ground is to be always allotted for the Bazars of Corps, in Cantonments as in Camp, in the rear of the Troops, and, in all practicable cases, within the Rear Guards of Corps respectively. In stationary situations the ground allotted for Bazars of Corps is on no account to be blended with the General or Station Bazars.

G. O. G. G.
25th Jan. 1811

GENERAL STATION BAZARS AND CANTONMENTS.

Sudder Bazar at what Stations established.

General Station or Sudder Bazars are to be established at the following Stations, and at no other, without the special permission of Government, as such would tend to counteract the most important object of the present arrangement, which is to attach Bazars exclusively to Corps:—

Garrison of Chunar,
Agra,
Station of Berhampoor,
Danapoor,
Gawapoor,
Futtighur,
Meerut.

The Cooly Bazar near Fort William is placed under the Officers of Police for the Town of Calcutta. Regulations for the controul and superintendence of Station Bazars.

The Cooly Bazar in the vicinity of Fort William has been placed exclusively under the authority of the Officers of Police for the Town of Calcutta; and whatever duties are paid in that Bazar are to be collected by such persons as may be nominated for the purpose by the Police Officers.

Proc. G. G.
25th Aug. 1800

All General Bazars, appertaining to Garrisons and to Divisions, and principal Stations of the Army, are to be placed entirely under Military authority. Those in the Lower Provinces to be under the controul of Officers Commanding at Stations respectively, but subject of course to the superior authority of the Officer in Command of the District; and the general management and controul of those in the Field, comprizing the Ceded and Conquered Provinces, is to be vested in the Deputy Quarter-master General, under the authority of the Officer Commanding in the Field.

G. O. G. G.
25th Jan. 1811

It will be the duty of the Deputy Quarter-master General, in the capacity of Superintendent of Bazars, to correspond, under the authority of the Officer Commanding in the Field, with Commanding Officers of Stations and of Corps detached, within the Field Command, and to call for such information and issue such directions as the Officer Commanding in the Field may deem useful for the management of the Station or General Bazars. He is to visit the several Stations, and establish correspondence with the persons in charge, particularly enjoining them to render every possible assistance in their power towards furnishing people and supplies for the Regimental Bazars.

And for the appointment, &c. of Bazar & Provost Sergeants.

Commanding Officers of Stations (at which Sudder Bazars are allowed) are permitted to appoint Bazar Sergeants on the same footing as heretofore allowed.

G. O. V. P.
17th Sep. 1811

The Officer Commanding at each Station of the Army, where a Sudder Bazar is established, will be pleased to transmit to the Adjutant General's Office a Roll of a Non-commissioned Officer to fill the situation of Bazar Sergeant, as authorized by the Orders of Government dated the 17th Instant.

G. O. C. C.
25th Sep. 1811

(By General Orders of the 8th November, 1800, on vacancies occurring for Bazar Sergeants, the names and dates of appointments of persons intended to succeed to the situation are directed to be transmitted to the Adjutant General's Office for confirmation.)

G. O. C. C. The appointment of Serjeant Madden, of H. M. 24th Light Dragoons, to be Provost Serjeant, and of Serjeant Newry, of His Majesty's 17th Foot, to be Bazar Serjeant with the Division of the Army under Major General St. Leger, are approved by the Commander in Chief, subject to the confirmation of Government.

M. C. 26th Aug 1789 Resolved, that the Provost Serjeant in the Field do receive as such 20 Sonat Rupees per mensem. (The allowance of the Provost Serjeant at Cawnpoor has been augmented to 40 Sonat Rupees per mensem.)

G. O. V. P. 17th Sept 1811 The Vice President in Council is pleased to authorize the Officers, commanding at the several Stations of the Army where Sudder Bazars are established, to entertain the following Establishment of Public Servants for the purpose of preserving order, and conducting the internal economy of the Bazars under their controul:

Establishments authorized at Sudder Bazars

1 Cutwal, at per mensem, Sonat Rupees	----	----	----	21
1 Chowdry,	----	----	----	10
1 Mutsuddy,	----	----	----	7
3 Weighmen or Flagmen, at each 3,	----	----	----	9
1 Jemadar Peon,	----	----	----	8
1 Naib Peon,	----	----	----	5
8 Peons, at each 4,	----	----	----	32
Total per mensem, Sonat Rupees				92

The wages of the Cutwal and Mutsuddie are to include all contingencies of Oil and Hindostany Stationery.

His Excellency in Council, adverting to the great extent of the Sudder Bazar at Chunar, which is the sole market for the supply of that Garrison, and considering that Invalids are ill calculated for the active duties of supporting the Police in an extensive and populous Bazar, is pleased to authorize four additional Peons being added to the Establishment of that Bazar.

The Establishments of Public Servants, above authorized to be entertained, are to be drawn for and paid by the Station Staff Officers.

And how to be drawn for and paid.

Reg. XX. A. D. 1810.

VII. The names of all persons, having houses, shops, or other buildings or fixed places within the limits of the Garrison, Cantonment, or Station, as described in the plans, in which they carry on trade, or otherwise seek a livelihood by supplying or serving the Troops, shall be entered in a register, to be kept in the Office of the Brigade Major or other Station Staff Officer, and to be open to inspection at all reasonable hours; the name of each person shall be entered both in English and in the language and character commonly used in the District in which the Station is situated, and the occupation of the person written opposite to it, in like manner, with the place of his residence, and the date of the registration. (Copies of the Registers, and notification of any alterations that may take place, are to be furnished to the Magistrates.—*Vide page 624.*)

The names of certain persons residing within the limits of Cantonments, &c., to be registered in the Office of the Brigade Major or other Staff Officer.

VIII. No person shall be registered as attached to the Station Bazar, without his free consent; and any person, so registered, shall be entitled at any time to demand his discharge from the registry. Persons registered shall be entitled to the privileges of registry so long only as they continue to carry on trade, or other employment, relating to the supply or service of the Troops, at some house, shop, or fixed place within the limits abovementioned, and shall be subject during such time to all Regulations made by the Commanding Officer or other competent authority, for the maintenance of good order and fair dealing in the Station Bazar, and shall be liable to be tried by a Native Court-martial for any breach thereof. (*Vide page 623.*)

Rules as to the registry, discharge, &c. of such persons.

G. O. V. P. 17th Sept. 1811

Station Brigade Majors, or other Station Staff Officers described in the undermentioned list, are authorized to draw monthly the allowance therein specified, for the purpose of defraying the expence which must be incurred by them in the preparation for deposit, in their respective Offices, of Registers of all persons having houses or shops within the limits of Cantonments, and other papers connected with the formation of Bazars, as prescribed by the 7th Section of Regulation XX. 1810.

Allowances for Stationery, &c. to be drawn by the Staff Officers of Stations, for the preparation of the Registers.

The Fort Adjutant at Agra, The Brigade Majors at Meerut and Cawnpoor, The Station Staff at Futtighur,	1 Writer	St. Rs. 25
	Stationery	15
	Total Sonat Rupees	40

The Fort Adjutant at Chunar, The Brigade Majors at Danapoor and Berhampoor, The Station Staff at Barrackpore,	1 Writer	St. Rs. 16
	Stationery	10
	Total Sonat Rupees	26

Quarterly Committees to report on the state of the Sudder Bazar.

Committees of Officers are to be appointed quarterly at Stations respectively, by which Committees a General Report of the State of the Bazar and its several Establishments and Equipments (a considerable portion of each being always held in a moveable state provided with Cattle) will be made for the information of the Officer Commanding the Troops in the Field, and the Officers Commanding Stations respectively. (For the Report of the Committee, *vide Form No. 1.*)

G. O. G. G.
25th Jan. 1811

Limits of Cantonments, &c. how to be defined and established.

The limits of Military Bazar appertaining to principal Stations and Posts to be distinctly defined and separated from those of adjacent Towns, which will remain exclusively under the Civil Authorities, as at present.

V. On receipt of this Regulation, the limits of the Cantonments and Garrisons, including the Military Bazar attached thereto, at which any Division or Corps of the Army, or any considerable Detachment not being less than half a Battalion, may be quartered, shall be marked out, in all cases, in which it has not been already done under Regulation III. 1809, by the Commanding Officer, in concert with the Magistrate. The Commanding Officer at each of those Stations, from which a report of the nature hereafter described has not been already furnished under Section IV. Regulation III. 1809, will accordingly submit to Government, through the Commander in Chief, without delay, a report framed in concert with the Magistrate of the District in which the Cantonments or Garrisons may be situated, upon the local limits of the Cantonment or Garrison, forwarding at the same time any separate remarks which the Magistrate may wish to make on the subject, for the final orders of Government. As soon as the limits of the Cantonments and Garrisons shall be approved and confirmed by Government on the report of the Magistrate and Commanding Officer above required, plans shall be prepared of the limits of Cantonments and Garrisons, including the Military Bazar attached thereto.

Regulation XXVI
A. D. 1810

Plans where to be deposited.

VI. The plans shall be prepared in quadruplicate, and signed by the Commanding Officer and the Magistrate of the District: one copy shall be deposited at the Head-Quarters of the Station, another at the Cutcherry of the Magistrate; and the other two shall be transmitted to the Commander in Chief, by whom one copy will be forwarded to Government.

Commanding Officers not authorized to dispossess Proprietors of Land or Houses within the limits of Military Bazar. Rules as to Lands, the property of Government, within those limits.

XXVI. Nothing in this Regulation is to be construed to give any authority to Commanding Officers to dispossess proprietors of land or houses which may be situated within the limits of Military Bazar, although such persons shall refuse to be registered as attached to the Bazar, or shall have lost or forfeited, or resigned their privilege of registry. In all cases in which the ground allotted to those Bazar, or any part of it, is the property of Government, and the occupation of individuals has been declared by Government merely permissive, the Commanding Officer is empowered to make such general Regulations as he may think fit (subject to the approbation of the Governor General in Council) respecting the tenure or occupation of houses, shops, or other fixed places situated upon such ground as belongs to Government, which Regulations shall in all cases be reduced to writing, and shall, after receiving the approbation of the Governor General in Council, be published in Station Orders, with a translation in the language commonly used in the District, and the same shall not be in force until fourteen days after they shall have been so published within the limits of the Station Bazar.

 Excellency feels it to be his duty to certify to the Army, in the most explicit terms, that
 Officers who shall under any pretence levy any tax or duties of any description whatever
 in the Bazars subject to their controul, and for which they cannot produce an express
 Regulation, or Authority from Government, will subject themselves not only to the
 consequences of such conduct as a Military Offence, but to such further legal Proceed-
 ings as Government may think fit to institute against them.

No passport, Rowanneh, or order for the passage, conduct or transit of Goods, Cattle and Provisions, or of any article whatever throughout the Ceded Provinces, or from the said Provinces into the reserved Dominions of the Nuwaub Vizier, or from the said Dominions into the said Provinces, respectively, is to be issued or granted by any person

whatever within the Ceded Provinces, or within the said reserved Dominions, otherwise than under the Regulations which shall be prescribed by the Governor General in Council; and no fee or duty is to be levied or received on any such passport, Rowannah or order, otherwise than in behalf of the Hon'ble Company, and in such manner as shall be regulated by the Governor General in Council; or (within the Reserved Dominions of the Nawaub Vizier) otherwise than under such Regulations and in such manner as shall be prescribed by his Excellency's authority.

Circumstances under which an exemption from Duties will be allowed on articles of consumption for the use of the Troops stationed in the Vizier's Dominions.

The Governor General in Council has agreed that no exemption from duties shall be demanded by any person residing under the British protection in the Dominions of his Excellency the Nawaub Vizier, for any goods, or articles of merchandize, whatever, except for the quantity of Grain, Cattle, Ghee, Beetul-nut and Tobacco that may be actually wanted for the consumption of the Troops stationed in those Provinces; and on the other hand his Excellency has agreed to give effectual orders, that all persons who shall produce certificates, signed by the Commanding Officer of each Station or Detachment, of their being employed to provide supplies for the Troops, shall be permitted to pass the different Chokies with the above articles, without paying any duty, and without delay or interruption.

G. O. 6th Oct. 1787

All other articles of merchandize are to be subject to the duties that are usual in other parts of the Country; and it is also agreed that if any of the above articles of Grain, Cattle, Ghee, Beetul-nut and Tobacco shall be exported from the Military Bazaars, the Vizier's Officers shall be at liberty to levy the same duties upon them that they must have paid at the different Chokies, if they had not been exempted as supplies for the Troops.

Regulations for the manufacture and sale of Spirituous Liquors in the Military Cantonments and in their vicinity

Commanding Officers of Stations and Posts are directed to pay particular attention to, and consider it their duty to enforce, the Rules regarding shops for the manufacture and sale of Spirituous Liquors, established in General Orders of the 5th March, 1807.

G. O. G. G. 15th Jan 1811

The Governor General in Council is pleased to direct that the following Regulations for modifying the existing Rules respecting the Establishment of shops for the manufacture and sale of Spirituous Liquors in the vicinity of the Military Cantonments, at which Europeans are quartered, passed by the Governor General in Council on the 23d October, 1806, be published to the Army:

Ext. G. O. G. G. 5th March 1807

"Previously to issuing any licences at the commencement of the Bengal and Fussy Year for the manufacture and sale of Spirituous Liquors in the vicinity of any of the Military Cantonments at which European Troops are quartered, the Collector shall communicate with the Officer Commanding the Troops, regarding the distance from Cantonments to which it may appear advisable to extend the prohibition regarding the sale of Spirits; and, if no substantial objection shall occur to the distance which may be proposed to be established for that purpose by the Commanding Officer, the Collector shall be guided by such recommendation in issuing the annual licences for the manufacture and sale of Spirits; provided, however, that if the Collector shall be of opinion that the distance proposed by the Commanding Officer is unnecessarily great, or that it is calculated materially to injure the Public Revenue derived from the duties levied on the Sale of Spirits, or that it is otherwise liable to objections, the Collector shall represent the circumstances of the case to the Board of Revenue, who shall forward the Collector's Report, with their opinion on the subject, to the Governor General in Council for his consideration and orders.

"It may be expected from the operation of the foregoing Rule, that the shops for the manufacture and sale of Spirits will be removed generally to such a distance from the Military Cantonments, as shall preclude the inconvenience hitherto experienced from the Establishment of such shops in the vicinity of such Stations; if, however, it shall appear to the Governor General in Council, either from the representations of the Commanding Officer, or from any other source of information, after the annual issue of licences, that any shops have been established, which from their situations with respect to any of the Military Cantonments are injurious to the European Troops quartered at such Cantonments, the Governor General in Council will order such licences to be withdrawn, and the manufacture and sale of Spirits at those places to be discontinued.

"With the view likewise of further restraining the consumption of Spirituous Liquors by enhancing the price of the commodity, it shall be the duty of the Board of Revenue

to reconsider the rates of duty now laid upon the manufacture and sale of Spirituous Liquors in the Cantonment Town situated in any degree near to any of the Military Cantonments; and, in those cases in which it may appear to the Board of Revenue to be advisable, with a view to the attainment of the object above stated, that the rates of duty should be increased, to recommend the adoption of that measure to the Governor General in Council."

G. O. C. G. The Commandant in Chief is pleased to direct the Commanding Officers of the several
25th May 1801 Military Cantonments and Stations to pay particular attention to the undermentioned Regulations of Government respecting the sale of Spirituous Liquors.

"Should the Commanding Officer of any Military Cantonment be at any time desirous of having a shop or shops for the sale of Spirits established within the limits of his Cantonment, either with a view to prevent the Soldiers from straying into the Country in search of liquor, or to enable him to place the sale under proper regulations and restrictions; the Collector of the District, on receiving an application for this purpose, is authorized and required to grant a special licence for the Establishment of a shop or shops as above mentioned; and the party receiving it, if the manufacturer of the Spirit, shall be liable to the payment of the daily tax for the Still or Stills employed by him, as well as of the stamp duty on the licence, in the same manner as he would have been liable to the payment of it, had he taken out a licence for the manufacture and sale of Spirituous Liquors in any other situation.

"Should the Commanding Officer judge it advisable to grant separate licences for the manufacture and sale, the Collector is authorized to grant a special licence for the manufacture only, and a separate licence for the retail sale; subject to the payment of such daily or monthly duty, as, on consulting with the Commanding Officer, he may judge it expedient to impose. The collection of this duty is not to be considered as authorizing any interference with the authority of the Commanding Officer over the party as a Camp Follower; and the Commanding Officer is to continue to take such measures for the internal Regulation of the Cantonment, and for restricting the sale of Spirits to proper limits, as he may think necessary and proper, it being at the option of the person holding a licence to relinquish it on paying the tax due at the time, should he deem it advisable, in consequence of such restrictions."

G. O. 6th Lord Cornwallis hopes that with Detachments of Native Troops the sale of Spirits
March 1787 will be entirely avoided; and that this traffick may be subject to an easy inspection and controul, he peremptorily orders that Spirituous Liquors shall not be suffered to be sold at more than two shops at the Station of each Brigade, and licences are to be granted to such Europeans only, as can be depended on for attention to the quality of the Spirits, and a strict compliance with the Orders and Regulations of Commanding Officers; to enforce this compliance, ample security is to be required from them, and in case of misconduct the penalties are to be rigorously exacted.

G. O. 30th The shops for the sale of Spirituous Liquors are to be under the immediate direction of
Sept. 1793 the Commanding Officer, who will issue such Regulations respecting the quantity to be sold daily, and the hours of selling it, as shall appear to him to be best calculated to prevent disorders or irregularities in the Camp or Cantonment, by an immoderate use of it.

A preference should always be given to European Butlers, but it may sometimes happen that a fit European is not to be found; in such cases Natives may be permitted to sell Spirituous Liquors under the same restrictions and securities as are described in the Regulations on this subject, and which are never to be dispensed with.

G. O. 6th The intemperate use of Spirituous Liquors is attended with many fatal consequences,
March 1787 and Lord Cornwallis has learned with sincere regret, that, from the most unworthy motives, the consumption of them is condoned at or encouraged at some of the Stations of this Army.

Officers of all Ranks are called upon to take every means in their power to restrain this pernicious species of debauchery; but Officers commanding Brigades or Detachments, having the management of their respective Batta, will be particularly responsible to correct it among the Troop under their immediate command.

Lord Cornwallis will have the greatest satisfaction in acknowledging his sense of the good conduct of those Officers who shall, by an honourable discharge of their duty, put a stop to this scandalous and ruinous abuse; but, on the other hand, if any Officer shall be found who is capable of persevering in the pursuit of an unjustifiable profit, in contempt of his orders, and of the dictates of humanity, he thinks it proper to declare that he is on his part determined not to be wanting in what he owes to his Country, and that he will in the first instance consider such Officer as unworthy of being entrusted with command, and act otherwise as the circumstances of the case may render it incumbent on him.

**REGULATIONS FOR THE CONTROUL AND GOVERNMENT OF PERSONS ATTACHED
TO MILITARY ESTABLISHMENTS AND RESIDING IN THE
CANTONMENTS AND BAZARS, &c. &c.**

Reg. XX.
A. D. 1800

Regulation for
subjecting Per-
sons attached to
the Military
Establishments
to Martial Law,
in certain cases,
and for the bet-
ter Government
of retainers and
dependents of
the Army, and
of Persons seek-
ing a liveli-
hood by sup-
plying the
Troops in Gar-
rison, Canton-
ment, and
Station Milita-
ry Bazaars.

I. By the respective Articles of War for the Government of His Majesty's and the Honourable Company's Troops, all retainers to a Camp, and all persons whatever serving with the Forces in the Field, though not enlisted Soldiers, are to be subject to orders according to the rules and discipline of war. From the great number of native retainers and followers attached to Military Establishments in India, and the importance of a prompt and orderly discharge of their duties to the welfare of the troops, it is necessary that the principle of this Article of War should be extended to other cases than that of actual Service in the Field, to which it is at present confined; and that it should be applied, under certain restrictions, to the maintenance of a proper discipline among the retainers of the Army at all times. By Regulation III. 1809, the support of the Police and the maintenance of the peace within the limits of Cantonments and Military Bazaars, are vested in the Officers Commanding the Troops quartered at such places; but the powers of Commanding Officers under that Regulation are restrained to such measures, as may be calculated for the prevention of crimes and the apprehension of persons committing them, and they are prohibited from interfering in cases of petty breaches of the peace, and other offences of inferior magnitude, unless where the parties are taken in the fact; the cognizance of these offences, as well as those of greater magnitude, being expressly reserved to the Magistrate by that Regulation. As however it will further tend to the maintenance of good order, to subject the retainers and dependents of the Army to punishment for petty offences by a Military tribunal, it has been deemed expedient to transfer the cognizance of such cases, under the restrictions and in the mode hereafter mentioned, to Courts-martial, to be assembled for that purpose by Commanding Officers; and it has further been deemed expedient for the ease and security of dealers, and for encouraging their resort to Military Bazaars, to vest in Military Courts, to be assembled by Commanding Officers, a power of enforcing the payment of small debts, and of deciding on the spot in petty causes of a Civil nature arising between Officers, Soldiers or retainers of the Army, and persons carrying on trade in Military Bazaars, or between such retainers or traders; the Governor General in Council has therefore been pleased to enact the following rules:

Certain descrip-
tions of Persons
serving with the
Army and re-
ceiving Public
Pay, subject to
trial by Courts-
martial for
breach of duty
or offences ag-
ainst good or-
der, or local
regulations in
the Canton-
ments, or Sta-
tions to which
they are attach-
ed.

II. All persons serving with any part of the Army, and receiving public pay drawn by any Officer in charge of a Public Department appertaining to the Army, whether as Lascars, Magazine-men, Kalassies attached to Magazines, or any other Department or Establishment, native doctors, writers, bheeties, puckallies, fyces, grass-cutters, mahouts, furwans, or other subordinate servants attached to public cattle, bildars, artificers, or in any other capacity, shall, (provided they are borne upon the fixed establishment of the department in which they are employed and not otherwise) be subject to be tried by a Court-martial for all breaches of their respective duties, and for all disorders and neglects to the prejudice of good order and of the local regulations established by the Commanding Officer, or other competent authority in the Cantonment, Garrison, Station, or other places where the Troops, to which they are attached, may be serving.

Limitation of
the punishment
to be awarded
by Courts-mar-
shal in such
cases.

III. Provided that it shall not be competent for such Court-martial to sentence any persons of the above description to any other or heavier punishment than may now be lawfully inflicted on enlisted Soldiers under the 24th Article of the 24th Section of His Majesty's, or the 2d Article of the 5th Section of the Honorable Company's, Articles of War.

unless where the Forces are serving in the Field ; for which case provision is already made by the existing Articles of War, from which nothing in this Regulation is to be understood to derogate.

IV. Menial servants of Officers within the precincts of any Cantonment, Garrison, or Military Station or Military Bazar, although they shall not be in the receipt of public pay, shall at all times be subject to all such regulations as shall be made by the Commanding Officer, or other competent authority for the maintenance of good order in such Cantonment, Garrison, Station, or Bazar, and shall be liable to be tried by a Native Court-martial for any breach thereof.

Enl. Let. M. S.
G. 23d January
1856.

" I am directed by the Vice President in Council to acquaint you that Mr. Christie, and any other Person residing within the limits of the Cantonments at Berhampoor, must consider themselves subject to the Regulations of Government, and to the due authority of the Commanding Officer of the Station."

Reg. XX.
A. D. 1810

XIII.—No Court-martial shall inflict any heavier corporal punishment for the breach of a local regulation, on any person attached to Bazar of a Corps, or to a Station Bazar, or on any servant of an Officer, than fifty lashes with a cat-o'-nine-tails, or fourteen days' confinement, or in aggravated cases, both those punishments ; and persons attached to Bazar of Corps or Station Bazar, who are above the condition of petty dealers, menial servants, or workmen, shall not be liable to corporal punishment in the first instance for breach of local regulations, but shall be sentenced to pay a fine to the use of Government, which shall in no case exceed Sicca Rupees one hundred, and shall be levied, if not paid forthwith, under the written order of the Commanding Officer, grounded on the sentence of the Court, by seizure and public sale of such goods of the offender, as may be found within the limits of the Garrison, Cantonments or Bazar ; and if sufficient goods shall not be found within the limits, the offender may be arrested by a written order of the Commanding Officer, and confined for one month ; unless he sooner discharges the fine : and any person attached to a Bazar, who shall be sentenced to a fine by a Court-martial for the breach of any local regulation, and shall fail to discharge the same, shall be liable, in case of conviction for a second offence, to be sentenced to corporal punishment in the same manner as petty dealers, workmen, or menial servants, or to be struck off the register of the Station Bazar ; or Bazar of the Corps ; as the case may be.

XIV.—If any person deeming himself entitled to exemption from corporal punishment by the preceding section, shall be sentenced thereto by a Court-martial, the Commanding Officer shall upon appeal to him, and proof given to his satisfaction, that such person is entitled to the exemption, commute the punishment for a fine not exceeding Sicca Rupees one hundred ; which fine shall be levied in the same manner as if it had been originally imposed by the Court-martial.

XV.—With a view also to the more effectual maintenance of good order in the Garrisons, Cantonments, and Military Bazar, it is hereby enacted that, if any retainer of the Army of the description mentioned in Section II. of this Regulation ; or any menial servant of an Officer, or any person registered as attached to the Station or Sudder Bazar, shall be charged with the commission of an inconsiderable assault or affray, or other act immediately tending to the breach of the peace and good order of any of the said Garrisons, Cantonments or Bazar, within the limits thereof, as described in the plans to be approved by Government, the person so accused shall be tried by a Native Court-martial ; and such Court-martial shall be empowered to punish the offender, when convicted, by imprisonment for a term not exceeding twenty days, or by imposing upon him a fine not exceeding fifty Sicca Rupees, or to subject him to corporal punishment not exceeding fifty lashes with a cat-o'-nine-tails, unless the offender be of the description of person mentioned in Section II. of this Regulation, and the act done involves a Military offence and is so charged, in which case the degree of punishment is to be determined by the rule laid down in Section III. of this Regulation.

XVI.—If any retainer of the Army of the description mentioned in Section II. of this Regulation, or any menial servant of an Officer, or any person registered as attached to

Menial Servants of Officers are liable to trial by Courts-martial for breaches of the local regulations established in Cantonments or Stations.

Europeans residing in Cantonments are subject to the Regulations of Government and to the authority of Commanding Officers.

Limitation of punishment to be awarded by Courts-martial for breach of local Regulations.

Sentence of corporal punishment against persons exempted therefrom may be commuted for a fine.

Persons above described are liable to trial by Courts-martial for petty assaults and breaches of the peace within the limits of the Cantonments.

Also for petty thefts not involving violence or outrage.

the Sudder Bazar, shall be charged with having committed a petty theft, (that is to say, theft without circumstances of violence and outrage, not exceeding the value of Rupees one hundred,) within the limits of the Cantonments or Bazar, such charge shall be tried by a Native Court-martial, which shall have the power of inflicting on the offenders corporal punishment, not exceeding one hundred lashes with a cat-o'-nine-tails, or of imprisoning them for a term not longer than one month.

How persons are attached to Military Stations, charged with petty offences committed within the limits of those Stations, are to be proceeded against.

XVII.—If any such petty offences as are described in Sections XV. and XVI. of this Regulation, shall be committed within the limits of a Garrison, Cantonment, or Military Bazar, by any person not being a retainer of the Army, or the menial servant of an Officer, or registered as attached to the Bazar, the Commanding Officer shall cause the offender, if found within the limits of the Cantonment, Garrison or Bazar, to be arrested and sent to the Magistrate, who shall enquire into the facts and punish the offender, if convicted, in the same manner as in other cases of petty offences cognizable by the Magistrate under the existing Regulations.

All Persons accused of crimes committed in Military Stations, which are not cognizable by Courts-martial, shall be delivered over to the Magistrate. Directions for bringing to trial British subjects who may be charged with the commission of criminal offences in the Districts dependant on the Residency of Delhi.

XVIII. In all cases of crimes committed within the limits of Garrisons, Cantonments, or Military Bazaars, which are not cognizable before a Court-martial in the manner described in this Regulation, the offender, whatever be his description, if found within the limits, shall be arrested by the Commanding Officer, and delivered over to the Magistrate.

Whenever any British Subject may be charged with the commission of any criminal offence, in any part of the Territory subject to the superintendence of the Resident of Delhi, which may appear to be a fit subject for prosecution in the Supreme Court, the Vice President in Council requests the Officer Commanding the Forces will give the necessary directions for sending the Prisoner under safe custody to the Resident, who, in his capacity of a Justice of the Peace for the Places dependant on the Presidency of Fort William, will adopt the necessary measures for bringing the Person so charged to trial before the Supreme Court.

Proc. V. P. ad
May 1810

Provision for the trial of Native Subjects of the British Government charged with the commission of crimes out of the limits of the Company's Possessions.

I. Whereas, under the existing laws, Native Subjects of the British Government are not amenable to the established Criminal Courts for crimes, or misdemeanors committed in places out of the limits of the British Provinces; And, Whereas, the purposes of Justice require, that provision should be made for supplying this defect; the following rules have been enacted, to be in force throughout the British Territories immediately subject to the Government of the Presidency of Fort William, from the date of their promulgation,

Regulation V.
A. D. 1809

How Magistrates are to proceed against native subjects found within their jurisdiction in cases of serious offences committed within the limits of the British Provinces.

II. First. Whenever a Native Subject of the British Government shall be charged with murder or homicide of any sort, rape or other great personal violence, robbery, burning of houses, or violent affrays, or any other serious offence, committed in any place out of the limits of the British Provinces; either against the subjects of the British Government, or any other persons, and shall be found in any part of such Provinces; the Magistrate of the City or Zillah, in whose jurisdiction the accused person may be found, on the charge against him being deposed to on oath, or under a solemn declaration, either by the complainant, or by some other credible person, as required by Section IV. Regulation IX. 1807, shall issue process for apprehending or summoning the party accused, under the provisions of that Regulation; and, on his attendance, shall make such inquiry into the charge, as the circumstances of the case, and the evidence attainable may admit of; after which he shall report his proceedings to the Governor General in Council.

Rules for the commitment or holding to bail in such cases.

Second.—In such cases the Magistrate shall commit the prisoner, or hold him to bail, according as the nature of the charge in ordinary cases would require; in cases of commitment the form shall specify until the Orders of Government shall be received, and in cases of bail the form of the bail bond shall be, in the first instance, to appear before the Magistrate on a certain day assigned (leaving time for the receipt of the Orders of Government) and on such subsequent days as the Magistrate shall require. Should Government, in the latter case, direct the accused to be brought to trial, the Magistrate shall cause the bail bond to be renewed in the ordinary form to appear and take his trial at the Court appointed for that purpose.

III.—In cases referred to under the preceding Section, as well as in all cases of the like nature, which may, in any manner, come before the Governor General in Council, if it appear proper that the prisoner should be brought to trial for the offence imputed to him, the Governor General in Council shall be competent to direct that the prisoner be brought to trial before any of the established Courts of Criminal Judicature within the British Provinces, which he may be pleased to appoint; and the special Order of the Governor General in Council for the purpose shall be deemed full and sufficient authority for the trial and punishment of such prisoner by the Court so appointed; as well as by the Court of Nizamut Adawlut, if the case be referable, under the Regulations in force, to that Court.

The Governor General in Council competent to direct such persons to be brought to trial before any of the established Criminal Courts.

IV.—Whenever a Native Subject of the British Government shall be brought to trial, before any of the established Courts of Criminal Judicature under the provisions of this Regulation, the trial shall be conducted, and sentence thereupon passed and carried into execution, under the General Regulations in force, in like manner as if the offence had been committed within the British Territories, and the case subject to the ordinary Jurisdiction of those Courts.

Such trials to be conducted, and sentences passed in conformity with the general regulations for the trial of offences in ordinary cases.

Regn. XX.
A. D. 1810

XIX.—In all cases in which it may be necessary to execute any process of arrest, Criminal or Civil, within the limits of a Garrison, Cantonment, Military Station, or Military Bazar, (the process of the Supreme Court only excepted) the Officers intrusted with the execution of such process of arrest shall, in the first instance, carry the same to the Commanding Officer, or, if he shall happen to be absent, to the senior Officer actually present in the Garrison, Cantonment or Station; and the Commanding Officer or such senior Officer, upon such process being produced to him, shall back the same with his signature, and shall forthwith use his utmost endeavours to cause the person or persons named in such process to be discovered, and if within the limits of the Garrison, Cantonment, Station or Bazar, to be arrested and delivered according to the exigency of the process to the Civil Officer charged with the execution thereof, but nothing herein contained is to be construed to prevent the service, by the Civil Officer in the usual way, of summonses, subpoenas, or other processes of mere citation without arrest.

How process of arrest, either Civil or Criminal, is to be executed within the limits of Military Stations.

Such rules not to extend to the service of process short of arrest.

G. O. C. C.
10th Nov 1807

The Commander in Chief most perfectly according in opinion with the whole tenor of a late Regulation passed by Government, declaring that Officers Commanding Corps and Detachments are bound, by the general rules and usages of the Service, to afford every assistance in the execution of any process which may be issued from the Civil and Criminal Courts against persons under their command; His Excellency deems it of the highest importance to make his sentiments generally known to all Ranks in the Army, and he now most strictly orders all Commanding Officers to afford the prescribed aid in execution of all processes authenticated by the Judges, Magistrates or other authorities empowered to issue them, although there may be reason to suppose that the processes in question are defective in point of form.

Prohibition of opposition or interruption being under any circumstances attempted to the Officers of the Civil or Criminal Courts in the execution of their duties in Military Cantonments; and directing assistance and support to be afforded them.

In all cases of that nature, the responsibility of the supposed irregularity, if it should be found on enquiry actually to exist, of course rests with the person issuing the process; and the Commanding Officer, after furnishing the aid required, is fully at liberty to submit the case, should he judge it necessary, through the usual channel for the information of the Commander in Chief.

The foregoing Orders are directed to be read at the head of every Troop and Company of European Troops, and to the European Officers of Native Corps, who are to be assembled for the purpose; and they are also to be carefully explained to the Native Troops by Companies at the first parade, that no one may plead ignorance of the spirit and full force of the injunction.

G. O. C. C.
10th Feb. 1808

As in some instances the relative powers possessed by Military Officers and the Civil Magistrates do not seem to have been fully comprehended, his Excellency desires in future that it be clearly understood, that no power vested in a Military Officer can come in competition with or be lawfully exerted in opposition to that of the Civil Magistrate; that every Native Officer and Soldier is amenable to the Jurisdiction of the Company's Civil and Criminal Courts of Judicature; that residence within the limits of a Military

Cantonment or Station does not exempt any Native from the Jurisdiction of the Company's Civil and Criminal Courts, or from being apprehended by the Officers of those Courts. (In conformity to the Provisions of Regulation XX. 1810.)

The Commander in Chief particularly enjoins all Officers to be aiding and assisting to the Officers of Justice in the execution of their duty, and on no pretence whatever to interfere with the Civil Power; should any Military Officer be of opinion that the servants of the Civil Magistrate have behaved improperly, or exceeded their orders, a report of the circumstances of the case is to be made to Head-Quarters for the purpose of being regularly submitted to the Governor General in Council.

Lord Cornwallis thinks proper to notify to all Commanding Officers of Stations and Detachments, that as the honor and interest of the Nation is deeply concerned in the regular administration of Justice, he will hold them responsible that no obstruction shall be given within the limits of their respective Commands to the Civil Officers acting under the Supreme Court of Judicature, or the Courts of Adawlut, in the execution of Writs, Summonses, or any other legal part of their duty; and those Courts of Justice will be informed that their executive Officers will, upon application to the Military Commanding Officers be certain of meeting protection. G. O. 4th July 1787

If any Officer in any Garrison within the Jurisdiction of the (Supreme Court of Judicature) shall hereafter refuse to obey their Warrant, and any violence thereupon ensue, by whomsoever committed, to the Officer bearing the Warrant; or if any Military Officer shall excite or abet any assault or injury done to an Officer of the Civil Court, in the execution of his duty, or knowing that any such violence is intended, does not endeavour to prevent it; such Officer shall be dismissed from the Hon'ble Company's Service: and further it is required and expected of every Commanding Officer who shall be applied to by an Officer of the Civil Court for his protection in executing a Warrant on any Officer or Soldier of the Garrison or Cantonment under his Command, that he do comply therewith in so effectual a manner, as to prevent any mischief from being done to such Officer of the Civil Court, on pain of being deemed guilty of disobedience of Orders. G. O. 11th May 1774

Lord Cornwallis desires that the Army in general will carry in their recollection, that, if it shall ever appear that the lowest Officer belonging to the Supreme Court of Judicature shall meet with the smallest obstruction or opposition in the execution of any part of his lawful duty, from any person belonging to the Army, not only at the Stations, but even in the most remote Districts of these Provinces, the Commanding Officer of the Station or Detachment will, in the first instance, be rendered particularly responsible for it as an outrage which it was his duty to have prevented; and the conduct of every other person who may have been concerned will certainly undergo, at the same time, the most rigid investigation. G. O. 13th August 1788

What description of Military Stations the Provisions of Regulation XX. 1810, are for the present confined to.

XX.—The provisions of this Regulation respecting the trial of petty offences committed within the limits of Garrisons, Cantonments, Military Stations or Military Station Bazaars, and the provisions of this Regulation, respecting the execution of process of arrest before judgment against registered persons attached to Station Bazaars, are to be considered as applicable only to those Garrisons, Cantonments and Stations, the limits whereof shall be laid down in plans approved and confirmed by the Governor General in Council, in the manner described in Section V. of this Regulation; and they shall be in force in such Garrisons, Cantonments and Military Stations, respectively, from the time that the plans so approved and confirmed shall have been deposited at the Head-Quarters, and in the Catcherry of the Magistrate in the manner prescribed in Section VI.

* (Regulation XX. 1810, is not applicable to persons residing within Cantonments in the Territories of the Nuwaub Vizier, (excepting as far as it relates to those registered as attached to Bazars of Corps and to Departments of the Army;) nor to the Garrison of Fort William.)

With regard to those Garrisons, Cantonments, or Stations to which it may not be found practicable to assign local limits for the purposes of this Regulation, special provisions will be made hereafter, according to the circumstances of each case: in the mean time the provisions of Regulation III. 1809, are to be considered as in full force with respect to those Garrisons, Cantonments, and Military Stations, and the Station Bazars attached thereto, viz.

G. O. G. O. I.—Under the existing Regulations the charge of the Police in the Cantonments and Military Bazars is vested in the Magistrates and their Officers. This arrangement having however been in some instances attended with inconvenience, the following rules have accordingly been passed for the more effectual support of the Police in places of that description, and for defining the Powers of the Civil and Military Officers in the performance of that duty:

Regulation vesting the support of the Police and the maintenance of the peace in Military Cantonments, in the Commanding Officers, and Rules for their guidance.

II. *First*.—The support of the Police and the maintenance of the Peace within the limits of the Cantonments and Military Bazars are hereby vested in the Officers Commanding the Troops quartered at such places.

The Commanding Officers will accordingly adopt the necessary measures, by means of the Troops under their Command, for preventing, as far as possible, the commission of thefts, robberies, murders and other public crimes within the limits of the said Cantonments and Military Bazars; and for the discovery and apprehension of persons who may at any time be guilty of any such acts.

Second.—Nothing contained in the preceding rule shall, however, be construed to authorize the Commanding Officers of Cantonments, or the persons acting under their authority in the support of the Police, to interfere with respect to assaults and petty affrays, or other offences of inferior magnitude, unless the persons guilty of those offences shall be apprehended in the actual commission of such acts.

Third.—Any person apprehended under the preceding rules in any of the Cantonments or Military Bazars, on account of the commission of any public crime or offence, shall be delivered over with all practicable expedition to the Magistrate of the District in which such Cantonment or Bazars are situated, and the Magistrate shall proceed against the accused in the manner prescribed by the General Regulations.

III. *First*.—If any person shall have a charge or complaint to prefer against any individual resident in any of the Cantonments or Military Bazars, who may not have been

already apprehended by the persons entrusted therein with the support of the Police, or if the charge or complaint be of a nature not to authorize those Officers, under clause second of the preceding Section, to interfere in it, the party deeming himself aggrieved is at liberty to prefer his charges or complaint directly to the Magistrate, who is hereby authorized and required to proceed with respect to it, under the General Regulations, in the same manner as if the alleged crime or offence had been committed in any other part of his Jurisdiction.

Second.—Under the foregoing clause the Magistrates are of course empowered to issue their Warrants and Summonses against any persons residing in the Cantonments and Military Bazaars, in the same manner as if such persons resided in any other part of their Jurisdiction; and the Commanding Officers of Stations are hereby required to afford every protection to the Officers of the Judges, Magistrates and Justices of the Peace in the discharge of the duty entrusted to them, whether any special application shall have been made to them for such aid or support, or otherwise.

V.—The above Rules shall be considered applicable to all Cantonments in which any Body of Troops, not being less than half a Battalion, is quartered, whether the Cantonments be situated at the place of residence of the Judge and Magistrate, or in any other part of the District.

How actions of debt, or other personal actions not exceeding 200 Rupees, against Officers, Soldiers or others, are to be tried and determined.

XXII.—Actions of debt and all personal actions against Officers, Soldiers, Retainers of the description mentioned in Section II. of this Regulation, persons registered as attached to the Sudder Bazaars of Corps, or menial servants of Officers, shall be cognizable before a Military Court, and not elsewhere; provided the value in question does not exceed Sicca Rupees two hundred, and the defendant was a person of the description abovementioned, when the cause of action arose. Such Courts shall be composed of European Officers when European Officers may be parties concerned, and, in all other cases, of Native Officers with an European Officer to superintend and record the proceedings, and shall in all practicable cases consist of five members, and in no instance of less than three members, one of whom shall preside. Such Courts shall be convened monthly by the Commanding Officers of Corps and Stations, and shall be holden on some convenient day before the issue of the Pay for each Month; and it shall be competent to such Courts, upon finding any debt or damage due, either to award execution generally, or to direct, as they shall see fit, that the whole or any part thereof shall be stopped and paid over to the creditor out of any pay or public money which may be coming to the debtor, either in the current or any future month. Where the execution is awarded generally, the debt, if not paid forthwith, shall be levied by seizure and public sale of such of the debtor's goods as may be found within the limits of the Garrison, Cantonment, or Military Bazaar, under a written order of the Commanding Officer grounded upon the judgment of the Court; and, if sufficient goods are not found within the limits, the debtor shall be arrested by like order of the Commanding Officer, and imprisoned in some convenient place of confinement within the limits of the Garrison, Cantonment or Military Bazaar, for the space of two months, unless the debt be sooner paid; and his goods, if found within the limits at any subsequent time, shall be liable to be seized and sold in satisfaction of the debt, under a written order of the Commanding Officer.

Regn. X.
A. D. 1810

Courts-martial authorized to be held by the Provisions of Regn. XX. 1810, by whom to be convened.

XXIII. The Courts-martial and other Military Courts, authorized to be held by the provisions of this Regulation, are to be convened by Officers Commanding Stations, Garrisons, or Detachments, as the case may be; and, when single Corps are employed in separate or detached situations, by the Officers Commanding the Corps so detached.

No process of arrest before judgment to issue from the Civil Courts, unless in cases exceeding 200 Rupees.

XXIV. No process of arrest before judgment shall issue from any Civil Court in any action against a person residing or carrying on any trade or occupation, relating to the service or supply of the Troops at any house, shop, or fixed places within the precincts of a Garrison, Cantonment or Military Bazaar, unless it be averred in the plaint that the cause of action exceeds Sicca Rupees two hundred, or that the defendant, though resident or carrying on such trade or occupation within the Military limits, is not registered, or that, though registered, he has not within the space of three months preceding, truly and *bonâ fide*, exercised the occupation in respect of which he is registered within the limits. In all cases where such averment shall be made, the Judge issuing the process

shall indorse upon it, as the case may be, "Cause of action above Sicca Rupees two hundred," or "Defendant not registered," or "Defendant not entitled to privilege of registry," and shall sign the indorsement. All processes so indorsed shall, if the defendant be within the limits of the Garrison, Cantonment or Military Bazar, be delivered in the first instance to the Commanding Officer, and be executed through him as in other cases; but if the defendant be found without the limits of the Garrison, Cantonment or Military Bazar, he may be arrested by the Civil Officer on process so indorsed; and in all cases of such arrest, whether made within or without the limits, if at the trial the plaintiff shall not prove, according to the purport of the indorsement, either that the cause of action exceeds Sicca Rupees two hundred, or that the defendant, though resident or carrying on such trade or occupation as above-mentioned within the Military limits, was not registered, or that though registered he had not during the space of three months preceding, truly and *bonâ fide* exercised the trade or occupation in respect of which he is registered within the limits, he shall be non-suited with costs.

REGULATIONS FOR THE DISTRIBUTION OF PRIZE TO THE TROOPS.

G. O. G. G.
16th Feb. 1801

THE Governor General in Council has appointed the undermentioned Officers to be a Committee at Fort William, for the purpose of investigating and reporting on the claims of the European Commissioned and Non-commissioned Officers; and of the Native Commissioned and Non-commissioned Officers and Sepoys, &c. who were employed under the command of Captain Charles Chatfield in the Capture of Chinsurah, in the month of July, 1781, to share in the Prize Money arising from that capture, amounting to Current Rupees 4,16,450, with the view that the amount of the shares of such Claimants, as shall be admitted, may be paid to them or to their legal representatives or Agents.

Directions for the distribution of prize to the Troops employed at the captures of Chinsurah.

Major General Cameron, Commanding at the Presidency.

Colonel J. Pringle, Quarter-master General.

Captain W. S. Greene, Deputy Military Auditor General.

The Chinsurah Prize Money is to be distributed according to the following plan, viz:

Proc V. P. *1st
Oct 1811

* (For Captain Chatfield, Commanding: one eighth of the whole.)

For each Lieutenant, Shares, ----	----	----	----	70
“ Serjeant Major “ ----	----	----	----	4

“ Havildar, First Tindal, & Native Doctor, ----	----	----	----	1 1-3
“ Naick, Drummer, Tindal, Sepoy, Lascar, Puckauly & Behishty, ----	----	----	----	2-3

The amount of each Share is Current Rupees 239 4 2.

Ordered, that a Committee composed of three Officers not under the Rank of Captain, of which the Major of Brigade shall be a member, be appointed at each of the Stations of Barrackpoor, Danapoor, Chunar, Allahabad, Cawnpoor, Futtighur, and with the Grand Army; and that those Committees be directed to meet once in every month, and oftener if necessary, for the purpose of identifying persons having claims to the Chinsurah Prize Money.

Ordered, that the Committees referred to in the preceding Paragraph, and the Regulating Officers of the Invalid Jageerdar Establishment, be directed to transmit monthly, to the Committee at Fort William, Lists of the men who may appear to have claims either in their behalf, or as heirs or executors of deceased Men entitled to share in the Prize Money arising from the Capture of Chinsurah in the Year 1781, accompanied by an explanation of the pretensions of each Claimant.

The bills are to be prepared in the Office of the Major of Brigade at each Station, and by the Regulating Officers of the Jagheerda Establishment, who are hereby respectively authorized to charge in a contingent bill, properly attested, the actual expence of Stationery incurred in preparing the list of claimants, &c.—These bills to be transmitted for the examination of the Committee at Fort William previous to their being submitted to his Excellency in Council, for his sanction.

The Committee at Fort William will submit quarterly to the Governor General in Council, or oftener if necessary, a statement of such claims as shall appear to them to have been established; and for the amount of such claims as shall have been admitted and confirmed an order on the General Treasury shall be issued in favor of the Military Paymaster General to enable him to pay the same, according to the information with which he will be furnished by the Committee at Fort William, bringing the amount of all orders on the Treasury issued to him on account of the Chinsurah Prize Money, in the first instance, to credit on his cash account.

That the claims on account of European Commissioned or Non-commissioned Officers shall be forwarded, without delay, either direct to the Committee at Fort William or through the Station Committees.—That after the expiration of 5 years from this date the Proceedings of the Committee at Fort William shall be closed, and no claims whatever, on account of the Prize Money arising from the Capture of Chinsurah in the Year 1781, will be received and investigated after that period.

That the claims on account of the Native Commissioned, Non-commissioned Officers, Drummers, Privates, &c. shall be forwarded without delay, either direct to the Committee at Fort William, or through the Station Committees: that after the expiration of three years from this date no claims on account of Native Officers, Drummers, Privates, &c. will be received and examined, and all shares of Native Commissioned, Non-commissioned Officers and Privates, &c. remaining unclaimed at the expiration of three years will become forfeited.

The Committee ordered at Fort William by General Orders of the 16th February, G. O. G. G. 1804, for the purpose of investigating and reporting on the claims of the European Commissioned and Non-commissioned Officers, and of the Native Commissioned, Non-commissioned Officers and Sepoys, &c. entitled to share in the Prize Money arising from the Capture of Chinsurah in 1781, having reported that the claims of all Europeans to share in the Prize Money have been adjusted, with exception to the claims of six Serjeants, which have not yet been preferred, and the time fixed by the Orders of Government above adverted to, for receiving claims on account of Natives to share in the Chinsurah Prize Money having expired, the Governor General in Council is pleased to direct that the Proceedings of the Committee ordered to assemble at Fort William be immediately closed, and that in conformity to the Orders of Government, above adverted to, the shares of the Natives remaining unclaimed be forfeited. 2d April 1807

The Committees ordered to be assembled at the several Stations of the Army, in consequence of the Orders of Government of the 16th February, 1804, are hereby dissolved, and the Committee at Fort William is directed to submit, with as little delay as possible, a copy of its Proceedings for the consideration and Orders of the Governor General in Council; accompanied with an Abstract Statement shewing the total amount of the Prize Property captured at Chinsurah, the amount which has been disbursed in discharging the claims admitted by Government, and the balance remaining in the General Treasury.

The Governor General in Council passes the bills for Stationery drawn by the Chinsurah Prize Committee, and authorizes a gratuity of Sicca Rupees 500 to Mr. Staunton, as a compensation to him for his trouble in examining Rolls, preparing Statements, and arranging the Proceedings of the Committee. Lieutenant Colonel.

Delhi & Agra.

The Governor General in Council having received from the Commander in Chief a Report of Treasure, being the Public Property of the Enemy, captured at Delhi after the brilliant victory of the 11th September, to the amount of 5,40,000 Rupees, deems it to be the duty of this Government to anticipate the sanction of His Majesty and of the Hon'ble the Court of Directors for the distribution of this sum, as a testimony of the applause and gratitude with which the British Government views the exemplary valour, the discipline, zeal and immobility displayed by the Army under the personal command of his Excellency General Lake during the present glorious campaign, and especially in the memorable Battle of Delhi.

His Excellency in Council accordingly authorizes and directs the Commander in Chief to make an immediate distribution of the sum above-mentioned to the Troops under his personal Command, in such proportions as may be conformable to the usage of the British Service in similar cases.

The Commander in Chief will be pleased to determine, and to name in Public Orders, the several Corps or Divisions of the Army which are to participate in the distribution, and also to determine and to publish the General Rules by which the shares of the respective Officers and Soldiers are to be apportioned; and the Commander in Chief will be pleased to report his Proceedings in the execution of these instructions to the Governor General in Council.

All Ordnance, Ammunition and Military Stores taken in the Battle of Delhi, or since the commencement of the campaign, are to be reserved entire for future instructions.

The general principle of these Orders will constitute the rule of the Proceedings of the Governor General in Council with respect to all Prize which may be captured by the British Troops in the progress of the war.

The Governor General in Council will not fail to afford to the zeal, gallantry and energy of the Army (employed in services of arduous labour and peril and remote from their Sovereign and their Country) the most liberal and prompt encouragement which may appear to be compatible with the rights of the Crown and of the Hon'ble Company, and with the due principles of discipline, public order, and just economy.

G. O. G. G.
Gen. O. L. 1203

G. O. G. C. The Governor General in Council having this day received from the Commander in Chief a report of Treasure to the amount of Rupees 24,00,000, the public property of the Enemy, having been delivered up by the Enemy's Garrison to the British Army on the evacuation of the Fort of Agra on the 17th October,—his Excellency in Council is pleased to signify his entire approbation of the Proceedings of the Commander in Chief in considering the sum above-mentioned to be lawful Prize, and in authorizing the distribution of the same, according to the tenor of the Orders of the Governor General in Council of the 8th October, relative to the Prize captured at Delhi.

The Governor General in Council is therefore hereby pleased to confirm the Proceedings of the Commander in Chief, respecting the sum of Rs. 24,00,000 captured at Agra.

G. O. G. C. The Committee assembled to ascertain the claims of those entitled to share in the Prize having left the subject to the decision of his Excellency the Commander in Chief, his Excellency has directed a copy of his answer to Major General Ware, President of the Committee, to be published for the information of the Army; the principles laid down therein having been approved and adopted by the Committee.

TO MAJOR GENERAL WARE,
President of the Prize Committee.

SIR,

In compliance with the wishes of the Committee I have the honor to communicate the following as my sentiments on the most just and equitable appropriation of Prize.

First—All Corps, Officers and Soldiers who were present with the Army on the 29th August and 4th September, 1803, are entitled to share in Prize taken by the Army during the War, with the exceptions hereafter mentioned.

Second—All Corps, Officers and Soldiers who joined the Army between the 4th and 11th of September, are entitled to share in Prize taken subsequent to the 11th September.

Third—Corps, Officers or Men who joined or shall join the Army subsequent to an action, or to the capture of a place, are not entitled to share in Prize which was the immediate consequence of such action or capture.

Fourth—Corps, Officers or Soldiers are to be entitled to share in Prize made subsequent to their junction, with the exceptions alluded to in the foregoing article.

Fifth—No Officer who quits the Army on leave of absence is entitled to share in Prize made during the period of his absence, unless such absence shall have been occasioned by wounds or ill health.

Sixth—Officers transferred from Corps with, or which have been with, the Army to Corps in other situations, are not entitled to share in Prize after their quitting the Army.

It appears to me to be the leading principles upon which the Division of Prize ought to be adjusted. I shall, however, with much pleasure, take into consideration any suggestions which the Committee may offer.

I have the honor to be,

SIR,

Your Obedient Servant,

G. LAKE.

AGRA,

Major General,	1500
The Commander in Chief one eighth of the whole, after deducting Prize Agent's Commission.	

Prize Agents are to receive 5 per Cent. Commission, paying all incidental expenses whatever.

Prize Money is to be drawn for all Officers and Soldiers who may have been killed in action.

Recruits, who have not fallen in with their Regiments or Battalions previous to the time of the action or actions for which Prize Money is given, are not to share.

The Prize Rolls of Corps, with figured Abstracts on the back or bottom of each, are to be made out conformably to the Rules above laid down by the Prize Committee, and are to be compared with the Monthly Returns, and countersigned by the Adjutant General or Deputy Adjutant General, as being correct, previous to their being paid by the Prize Agents."

Agreeably to the foregoing Proceedings of the Prize Committee, Commanding Officers of Regiments and Battalions are to send into the Adjutant General's Office for examination and countersignature three separate Prize Rolls of their respective Corps, viz. one for the 29th August and 4th September, one for the 11th of September, and one for the 18th October, and are not to include Deserters, or any other class of men than those admitted by the Prize Committee.

Officers Commanding Wings and Brigades are to make out similar Prize Rolls for themselves and their respective Staff.

The Adjutant General to make out similar Prize Rolls for the General Staff attached to Head-quarters.

Adjutants, Quarter-masters and Surgeons of Regiments and Battalions are to make out similar Prize Rolls for their respective Departments entitled to share, and all other Heads of Corps and Departments, not above specified, are to make out similar Prize Rolls for themselves and their respective Establishments.

The Prize Agents are authorized to commence the Division of the Prize found in Agra as soon as they shall be furnished with the requisite Rolls.

Bills for the amount of Prize Property to be recovered by Paymasters. The Governor General in Council directs that all bills against individuals, on account of the Fund arising from Property captured from the enemy during the late war, be sent to the Paymasters of Corps to which those Individuals belong, signed by a Prize Agent, and that the amount due to the Fund be recovered from those indebted to it by monthly stoppages from their pay. G. O. C. G. 1st Jan. 1807

OPINION OF COUNSEL ON THE DISTRIBUTION OF PRIZE.

Opinion of Council as to the Proportions in which Prize Property is to be distributed. "In all cases which have come under my immediate consideration since I have been in Office, the distribution of Prize has invariably been to the Commanders in Chief and to the Flag and General Officers, amongst them, one eighth, and no more; and I have known agreements between Commanders in Chief, by which it was proposed that the superior Officers should take a larger share, refused to be confirmed. Ext. Proc. G. G. 4th July 1805

"Few captures made solely by a Military Force have come within my observation; the Cochin Capture was one; and in that His Majesty's Grant was in the proportions already stated."

I. NICHOLL.

LONDON,

February 15th, 1804.

DIRECTIONS TO BE OBSERVED IN THE PREPARATION OF CONTRACTS.

- Lct. C. D. 8th July 1795** We have agreed, by way of experiment, agreeably to the suggestion in your last dispatch, to vest you with a discretionary power to authorize the construction of Public Works by Agency, in cases where the differences between the estimates of the proper Officers and the lowest proposals of Contract may afford grounds for expecting a certain and considerable saving from it; at the same time we must repeat the remark contained in the 31st Paragraph of our Letter in the Public Department of the 20th February, 1793, viz. "that in a Contract properly guarded, and formed with responsible persons upon notice publicly given a considerable time before hand, the Government is less liable to be deceived or ill served, than it is by the mode of Agency, where interest is more likely to prevail."
- Proc. G. G. 7th March 1806** The suggestion of the Military Board for referring drafts of advertisements inviting proposals of Contract, in the first instance, to the Hon'ble Company's Attorney, "for the purpose of receiving from him such observations as may occur to him as being calculated to render them more perfect," is entirely approved of by the Governor General in Council; but, in the adoption of that principle, all drafts of advertisements inviting proposals of Contract should continue as heretofore to be laid before the Government by that Board, in the first instance, that they may be advised as to the terms and conditions on which such proposals shall be accepted; after which the drafts will be referred to the Advocate General from the Military Department, for the purpose of his giving a legal form and precision to the conditions which Government may have determined to impose on the Contractors.
- Proc. G. G. 13th Mar 1795** All Advertisements for Public Contracts, drafted under the orders of the Military Board, shall contain the form in which the proposals are to be made, and a notification, that any deviation from such form will subject the proposals to rejection in the first instance.
- Proc. G. G. 7th Mar. 1794** The Governor General in Council has resolved, that in all future advertisements for Contracts for repairs or reconstruction of Military Buildings, clauses be inserted relating to the old materials for the use of the Company, to be applied either in such part of the repairs or reconstruction, as they may appear on due examination to be fit for, or to be sold by Public Auction, as shall be deemed most advantageous for the Public Service.
- Proc. V. P. 13th May 1811** Ordered, that the Military Board be desired invariably to insert a clause in all future drafts of advertisements inviting proposals of Contract, which may be prepared by them, purporting that good and sufficient securities will be required by Government for the due performance of whatever is therein required to be executed.
- Lct. C. D. 10th June 1801** **PARA. 5th ad.**—It occurs to us, that the reason why only one proposal was made to you to contract for Cloathing the Army might have been owing to the short notice allowed; we therefore direct that a period of one month at least is to be observed in future for the receipt of proposals of Contract.
- M. C. 31st March 1794** In regard to Military Contracts, when the engagements shall have been concluded, no deviation therefrom is to be made without the written sanction of Government or of the Military Board, by their authority, excepting trivial alterations not attended with additional expence to Government or accommodation to the Contractor, and to which the latter may give his written acquiescence.
- Lct. C. D. 29th May 1799** **PARA. 107th.**—As there is too much reason to believe that the Company has sustained losses to a considerable amount by the negligence of Contractors, particularly such as engage for the erection and repair of Public Works and Buildings, we direct that you make
- Directions of the Hon'ble the Court of Directors relative to the performance of Public Works, &c. by Contract.**
- Regulations to be observed in preparing the Drafts of Contracts.**
- Circumstances under which alterations are allowed to be made after Contracts shall have been concluded**
- In case of failure on the part of Contractors, the penalties are invariably to be exacted.**

it an invariable rule to exact the Penalties in every case of failure on their parts, and to extend this Rule to every Branch of the Service, and make the Securities answer for any misconduct or deficiencies of the Parties for whom they may have become bound to the Company.

Notice to be given to Government, previous to the expiration of Contracts, by the Military Board.

In all cases in which the expiration of any Contract in the Military Department renders it necessary for Government to issue any order, the Governor General in Council directs that the Military Board will report the period at which such Contract will expire, at least 15 days previously to that event taking place.

Contract for the Provision of River Sloops for the conveyance of Troops, Provisions and Military Stores.

The Governor General in Council has been pleased to accept proposals of Contract from Rammohun Dutt for supplying River Sloops for the conveyance of Troops, Stores, and Provisions, &c. from Calcutta to Diamond Harbour, Kedgerree and Cox's Island; and from ships at those places to Calcutta; the Contract to have effect for two years from the 31st instant.

G. O. G. C.
21st July 1810

TERMS OF THE CONTRACT.

Sloops for the conveyance of Troops are to be furnished at the written requisition of the Town Major, and for the conveyance of Stores and Provisions at the written requisition of the Garrison Store-keeper of Fort William.

The Town Major's requisition is to specify the number of men for whose conveyance Sloops are required, and the places at which they are to embark and disembark, and the Contractor is to supply Tonnage at the rate of 25 Bags of 2 Factory Maunds each, for each European, and 15 Bags for each Native.

The Garrison Store-keeper's requisition is to specify the description and quantities of Stores, or Provisions, for which he requires conveyance, and the places at which they are to be loaded; and the Contractor is to provide the required Tonnage according to the calculations subjoined.

Rice,
Dholl,
Salt,
Boot Gram,
Peas,
Tamarinds,
Turmeric,
Garlick,
Onions,
Sugar,
Tobacco,
Tobacco mixed with Goor,
Wheat,
Churah,
Biscuit,
Flour,
Fire-wood,
Sweetmeats and Raisins,

2 Factory Maunds of each of those articles to be considered as equal to one Bag.

Chillies..... 2 Seers equal to 1 Bag,
Tea, 30 ditto ditto.
Caboos, large, equal to 15 Bags.
Cooking Box, ditto to 6 ditto.
Water Jar, ditto to 14 ditto.
Pipe of 120 gallons, ditto to 14 ditto.
Ditto of 60 ditto, ditto to 7 ditto.

All other articles, not above enumerated, are to be allowed as 2 Factory Maunds weight to a Bag.

The Contractor engages to supply at the two undermentioned rates, per Bag, Tonnage (whether for men, or stores and provisions) to and from each of the following places, during the South West and North East Monsoons, that is :

First.—Rate for the North East Monsoon, or during the months of October, November, December, January, and February, per Bag of 2 Factory Maunds,

To and from Diamond Harbour.	To and from Kedgerree	To and from Cox's Island.
A. P.	A. P.	A. P.

Second.—Rate for the South West
Monsoon, or during the months
of March, April, May, June,
July, August, and September,
per Bag of a Factory Maunds,

1 6 8 11 3 3

The Sloops are to be ready in 24 hours, after a written demand shall have been made to the Contractor by the Town Major or Garrison Store-keeper, in failure of which the Town Major or Garrison Store-keeper are at liberty to hire vessels on the best terms they can, and the excess, if any, of such terms above the Contractor's Rates, is to be made good by the Contractor.

The Sloops are liable to be detained at Calcutta during 48 hours, and with the Ships 5 days, without any additional charge; should they be detained longer, or be ordered to Barrackpore, demurrage will be allowed during such extra detention, or during the time of the Sloops going to and returning from Barrackpore, at the rate of one Sicca Rupee per day for every Hundred Bags of Tonnage that shall have been required.

Should a Sloop at any time be required, the regulated tonnage of the men, or of the articles ordered on board of which shall not amount to 600 Bags, the Contractor is nevertheless allowed to charge for a Sloop of 600 Bags, in the same manner as if the regulated tonnage of the Troops or Stores sent had amounted to 600 Bags.

When Troops shall be sent to, or brought from, any of the places before mentioned, Provisions, &c. for six days shall be conveyed for the men, without any additional expense or charge.

The Contractor is to bear all charges on account of ballast and dunnage.

If any Sloops should be loaded with Gun-powder, and should by accident blow up, the Company is to pay the value of the Sloops to the Contractor, which value is to be adjusted on arbitration.

The freight will be paid in cash at the end of every month, for the business done in the month, after the bills shall have been audited by the Military Auditor General; the written requisitions of the Town Major and Garrison Store-keeper are to be tacked as vouchers to each bill, to which is also to be added the certificate of the Town Major or Garrison Store-keeper, that the Sloops required had been actually supplied.

The Sloops to be furnished with two Anchors and two Cables.

The Sloops that may be tendered for service are required to be in good condition and well found; they are to be subject to the inspection of the Town-major or Garrison Store-keeper, or any person appointed by them, and subject to their rejection or approval.

The Contractor is held responsible for the honesty, care, and diligence of the Sloop's crews, and is to make good any loss, clearly resulting from their fraud or negligence.

REGULATIONS FOR EXEMPTING FROM POSTAGE THE PUBLIC CORRESPONDENCE OF MILITARY OFFICERS; AND FOR THE TRANSMISSION OF DISPATCHES, EXPRESSES, &c.

Ext. Proc. G.
G. 18th August
1808

The Governor General in Council having had under his consideration the report from the Post Office Committee on the late Regulations for that Department, limiting the privilege of franking letters and authorizing certain Officers of Government to charge in contingent bills the Postage on all Letters and Dispatches addressed to and received by them; and having resolved that in addition to the List published under date the 31st March, 1808, the privilege of franking letters shall be extended to certain other Civil and Military Officers of Government,—the following amended List is now published for general information:

Engineer Officers, corresponding with the Chief Engineer.
Secretary to the Board of Superintendence, corresponding with the Superintendent of the Stud at Poona.
Regulating Officers, corresponding with the Board of Revenue, with the Military Auditor General, with the Paymaster General, and with the Paymasters.
Officers Commanding Provincial Corps, corresponding with the Military Auditor General, the Military Paymaster General, with Paymasters of Stations, the Military, Medical, or Revenue Boards.
Surveyor General, corresponding with Surveyors.
Surveyors, corresponding with Surveyor General.
Deputy Quarter-master General, when corresponding with the Quarter-master General, or with the Barrack-master at Agra, Muttra, Allahabad or Cawnpore, or with the Commanding Officer of any Post or Station above Allahabad.
Paymasters of His Majesty's Regiments, when corresponding with the Military Paymaster General, or with the Paymaster to the King's Troops at the Presidency.
All Officers Commanding Posts, Stations or Detachments, also Majors of Brigade when addressing either the Military Board, Medical Board, Military Auditor General, Military Paymaster General, a Paymaster, the Auditor General, or his Deputy (when absent from the Presidency), the Quarter-master General or his Deputy, or the Commanding Officer of any other Post, Station or Detachment.
Majors of Brigade, when addressing the Major of Brigade of any other Station, or the Commanding Officer of any Post, Station, or Detachment, or the Superintending Surgeon, Chaplain, Judge Advocate General or his Deputies, or the Fort Major of Fort William.
All Officers corresponding with the Secretary to Government in the Military Department, with the Commander in Chief, Adjutant General, Military Auditor General, Military Paymaster General, Paymasters of Stations, Military Board, or with the Medical Board, (except with respect to such Letters as are on their own immediate concerns.)
Commandant of Artillery, the Commanding Officer of Artillery in the Field, and all other Officers Commanding Corps, when addressing detached Officers of their own Corps, or the Commissary or the Deputy Commissary of a Magazine, or Conductor of Ordnance in charge of Stores, the Superintending Surgeon of the same District, or the Officer who pays the Stipends of the Families of Native Troops on Foreign Service.—The Official Correspondence of the Commanding Officer of Artillery in the Field, with the Officer Commanding the Corps of Pioneers, is also exempted from Postage, as also the Official Correspondence of the Commandant of Artillery, or the Commanding Officer of Artillery in the Field, with the Commanding Officer of the Horse Artillery.
Officers Commanding Posts or Detachments, when addressing the following Officers:—
The Commanding Officer of their own Corps, the Commanding Officer of any other Post, Station or Detachment; the Commissary or Deputy Commissary of a Magazine; a Conductor in charge of Stores, or Major of Brigade of a Station.
Officers detached, though not Commanding a Detachment, when addressing the Commanding Officer of their own Corps.
Superintending Surgeon addressing the Medical Board, or the Surgeons, or Assistant Surgeon within his own District, or the Commanding Officer of any Post or Station within his own District.
Surgeons, or Assistant Surgeons addressing the Superintending Surgeon of their own District.
Fort Major of Fort William.

Fort Adjutant of Fort William.

Judge Advocate General, when addressing the Deputy Judge Advocate General, or the Commanding Officer of a Station.

The Officer who pays the Stipends of Families of the Native Troops employed on Foreign Service, subscribing his Letters "Family Subsistence of Native Troops."

Assistant Adjutant General.

Conductor of Ordnance, addressing the Commissary or Deputy Commissary of a Magazine, or the Commanding Officer of any Post or Station.

Commissary or Deputy Commissary of Ordnance or Stores, addressing the Commissary of any other Magazine, a Conductor, or other Officer proceeding in charge of Stores, or the Commanding Officer of a Station.

All Official Letters which an Adjutant, or a Quarter-master of a Corps, may have to transmit to Officers of the same Corps who are detached, must be franked under the Official Signature of the Commanding Officer of the Corps.

The Apothecary General.

All Reports, Review Rolls, Indents and Returns, carefully tied up, but not sealed, with a label or ticket, on which is to be written the address of the Officer for whom the parcel is intended, as well as the Official Signature of the Officer by whom it is dispatched, but without any envelope, will be received at the Post Office, free of Postage.

Officers, Civil and Military, not named in the foregoing List, who may have occasion *bonâ fide* to address Letters on the Service, the Postage of which is properly chargeable to Government, will be indemnified in such expence by making an application to the Civil Auditor or Military Auditor General, stating the circumstance which rendered such correspondence necessary.

Letters, addressed on the Service, shall bear on the envelope the official designation of the Officer to whom they are addressed, as well as the name and official designation, in his own hand-writing, of the Officer by whom such Letters are written.

It is to be understood, that the exemption from Postage granted to the public Officers under Government, specified in the foregoing Paragraph, is confined to correspondence *bonâ fide* on the Public Service, and that such Letters must bear on the envelope the word "Service," and the name and designation of the person to whom they are addressed, as well as those of the writer: where this form shall not have been observed, the Letters are not to be received at the different Offices, excepting on payment of Postage. But as the Commanding Officer in the Field, the Secretaries to Government in the several Departments, the Private Secretaries to the Governor General and to the Commander in Chief, the Post Master General, the Residents at Foreign Courts, and the Agents to the Governor General, may have occasion to correspond with individuals on public business, though not in an official form,—private Letters on public business, from these Officers, shall be exempted from Postage, on their subscribing on the envelope their name and official designation, with the addition of the word "Private."

All Postage will be paid in Sicca Rupees.

Those Native Officers who are authorized by special Regulations to dispatch Letters on the Public Service, free of Postage, are not considered by the Right Honorable the Governor General in Council to be affected by the present Regulations for the Post Office.

In publishing the foregoing List, the Public are desired to take notice, that the privilege of franking Letters having been authorized by the Governor General in Council for the express purpose of affording every necessary facility to correspondence on the public business, his Lordship in Council confidently trusts, that this privilege will not be applied to correspondence on the private affairs of individuals. The Governor General in Council is at the same time pleased to declare, that any deviation from a strict observance of this rule will not fail to subject persons who shall either practise, or connive at, such abuses, to the most severe displeasure of Government; and if any instances of such practice shall come to the knowledge of the Post Master General or subordinate Post Masters, or to the knowledge of any of the Public Officers of Government, whether Civil or Military, they are directed to submit the same for the information of the Governor General in Council.

G. In conformity to an arrangement for the future Regulation of the indulgence allowed to Soldiers of sending their Letters free of Postage by the Public Mails, all Officers

Letters of Soldiers to be exempted from Postage, and to be countersigned by Commanding Officers of Corps.

Commanding Regiments or Detachments are authorized to direct the Letters of the Soldiers under their command who may appear entitled to that

(For the orders extending exemption from Postage to the public correspondents of the Committees of Compensation and Off-reckonings, of the Clothing Agents, Commissariat, Superintendent of Public Military Buildings, and Chaplains,—vide pages 608, 599, 557, 384, 303.)

Accounts of
contingent charges
for Postage
how to be kept.

Resolved, that the Post Master General be directed to keep a separate account of the Postage on all letters and dispatches which the Public Officers of Government are authorized to charge in contingent bills, and to submit the same to Government, at the period when the annual accounts of the Post Office are made up.

Proc. G. C.
27th May 1863

The Governor General in Council is further pleased to direct that the Post Master General shall keep separate accounts of the Postage on all letters and dispatches forwarded through the General Post Office and through the subordinate Post Offices, to and from those Officers, respectively, who are authorized to charge the amount in contingent bills; copies of those accounts are to be transmitted by the Post Master General, monthly, to the Civil Auditor and to the Military Auditor General to enable those Officers to check the contingent bills which are ordered to be submitted to them monthly for Audit.

Correspondence
of Officers with
their Paymasters
regarding their
own allowances,
and with Ad-
ministrators or
Executors, is
subject to Post-
age.

The correspondence of all Military Officers with Paymasters or other Public Officers of Government, on the subject of their individual allowances, or any other subject of a personal nature, is to be subject to Postage.

M. C. 9th April
1861

The correspondence of Commanding Officers, Brigade Majors and other Public Officers of Government with Executors or Administrators, is to be considered as private, and subject to Postage, payable by the parties with whom such correspondence may be found necessary, in like manner as above directed.

Regulations to
be observed in
the transmission
of Dispatches of
Papers, &c and
Expresses on the
Service of Go-
vernment.

All dispatches on the Service of Government, which shall exceed twenty-five Sica weight, are to be transferred to the Dawk Bhangy, unless, according to the degrees of importance attaching to them, the Public Officer by whom a Packet is franked shall deem it either expedient to forward his dispatch in separate parcels by the mails of successive days, or absolutely necessary to require the immediate transmission of it in the usual course of the mail on the same day; in which latter case, he will certify the emergency of the occasion on the envelope of the Packet, as authority to the Post Master for complying with the requisition. But it is at the same time expected, and required, that the exercise of this privilege, on the part of the several Public Officers, be strictly confined to occasions of real necessity.

Sicca G. O. V. P.
8th Oct. 1861

In situations where Bhangies are not laid, Packets of over-weight will be forwarded as heretofore, but on the outside of the mails, and with a separate Chillaun for the purpose of being conveyed to the nearest Station through which a Dawk Bhangy passes, and there transferred. With this exception, the transmission by Dawk of any Packets, either not conformable to the standard weight, or if exceeding it, not bearing the prescribed certificate of emergency, is every where peremptorily prohibited.

The weight and bulk to which Public Dispatches have been extended, and which under the preceding rule might exclude them from the Letter Mails, appearing in frequent instances to arise unnecessarily from the loose manner in which they are transcribed, and from the retention of the blank leaves attached to many separate enclosures; it will be the duty of the heads of Offices to direct their particular attention to these points, causing it to be observed as a standing rule in their respective Departments, that all dispatches must be copied within the smallest space, compatible with perfect legibility, and with $\frac{1}{2}$ instead of as at present with $\frac{1}{4}$ margin; all blank leaves be withdrawn, and enclosures, whenever practicable, written consecutively; and generally, that their Packets must be made up in the closest and most compact form which the nature of the contents may admit of their receiving.

On occasions when the number of Dispatches received at the Post Offices for transmission shall be such as would render the bulk and weight of the mail too burthensome, the Post Master General is authorized to detain, for one day only, any number of Official Dispatches, on the envelope of which the Public Officers who have transmitted them shall not have put the word "Dispatch." Letters and Packets, from Public Offices bearing that word, are not on any account to be detained. But all Public Officers are enjoined not to

superficially the envelope in that manner, unless the immediate dispatch of the Letter or Packet should be of importance.

With reference to the great inconvenience occasionally produced by frequent or simultaneous applications for the dispatch of express from the Presidency, all Public Officers and heads of Departments are enjoined to abstain from requiring the dispatch of an express, excepting only on occasions of unquestionable emergency; and whenever a compliance with such applications shall be productive of the inconvenience above alluded to, the Post Master General is authorized to represent the circumstances of it to the Officer or Officers requiring the dispatch of an express, and to request him or them to state, whether or not the urgency of the occasion be such as absolutely to require it, notwithstanding the inconvenience which may attend it; and the Post Master General is to be guided by the result of that reference.

All Public Officers at this Presidency, who may at any time have occasion to forward dispatches by express, are moreover required to send notice of their intention to the Post Master General, at long before the actual transmission of their dispatches as may be practicable; with a view to enable the Post Master General to make arrangements which may obviate the inconvenience of applications for the instant dispatch of express.

All Residents at Foreign Courts, and all Officers at Out-stations, under the immediate authority of this Presidency, are likewise enjoined to abstain from dispatching expresses, excepting only on occasions of absolute exigency.

(By G. O. G. G. 5th June, 1810, Officers authorized to travel by Dawk at the public charge are to apply to the Post Master of the District to furnish Bearers for their conveyance. *Vide page 140.*)

Officers ordered to travel by Dawk to apply for Bearers to the Post Masters of the District.

Directions for the observance of Post Masters with Divisions of the Army.

Proc. V. P. 13th Jan'y. 1810 The Post Master General is required to state the Allowances, Establishment, &c. which may be considered suitable to the situation of Deputy Post Master to the Troops assembled under Lieutenant Colonel Martindell's command for Field Service in Bundelkund, to which Cornet Franklin, of the 1st Regiment of Native Cavalry, is appointed.

The Vice President in Council deems it proper that Cornet Franklin should communicate with the Post Master General on the business of his Office, and be considered in a certain degree placed under his Orders, as far as relates to the Establishments and Postage to be charged.

Proc. G. G. 18th Mar. 1805 The Governor General in Council authorizes the Military Auditor General to pass the bill received from Lieutenant Marston, for his salary as Post Master to the Grand Army, at 100 Rupees per month, and 30 Rupees for an Office Tent.

Amount of Salary, &c. allowed.

Proc. G. G. 9th Feby. 1808 The Governor General in Council is pleased to authorize the Post Master General to comply with the suggestion of Major General Dickens of allowing him to nominate an Officer to superintend the duties of the Post Office at Muttra.

Appointment of Post Masters at Muttra.

Proc. G. G. 19th Oct. 1810 Resolved, that the appointment of Lieutenant D. Macleod to the situation of Deputy Post Master at Chals be confirmed: And Chals.

M. C. 3d April 1800 Small Detachments from the Army, marching by the regular Dawk route, are not allowed any charge for Hircarrahs and Guides for the conveyance of letters, but are directed, whilst moving on such route, to deliver their correspondence to the Arradhur of the nearest Dawk Station, by whom they will be received and forwarded as addressed, bearing Postage.

No charge for the conveyance of letters from small Detachments marching by the Dawk route is admissible.

In cases where the Detachment may consist of 4, 5 or more Battalions, and the Deputy Post Master of the Station shall not accompany it, the Commanding Officer in the Field, the Resident at Lucknow, or Commander of a Station, is authorized to direct the Deputy Post Master to send with such Detachment a Mutfuddy, and one, two or more Peons, as the service may appear to require, to continue with it, whilst so detached for the receipt and delivery of letters, and collecting of Postage, under the protection of such Staff Officer as the Commander of the Detachment may fix upon.

A Mutfuddy from the Post Office shall accompany large Detachments for the receipt and delivery of letters.

Dawks to be paid from the Station of permanent Detachments to the nearest Dawk stage.

In case of Detachments, being stationed for any permanent period at a distance from the established route of the Dawk, and it shall be necessary to keep a regular communi-

ation, in such cases, the persons mentioned in the preceding Article, are further authorized to direct the Deputy Post Master, in addition to the Mutsuddy and requisite number of Peons attending the Detachments for the purpose above specified, to station people at proper distances from the nearest Dawk Stage to the Camp for the regular conveyance of the correspondence of the Detachment, to act under the controul of the Mutsuddy.

Rules regarding the charges for the Dawks of Detachments.

The Deputy Post Master, on the receipt of Orders in any of the cases above described, or as soon after as may be practicable, will transmit to the Post Master General a copy of such Order or Orders, with a statement of the number of people which it may be necessary in consequence to entertain, specifying the wages to each and the date on which the same shall commence.

These statements to be submitted by the Post Master General to the Governor General in Council for his approbation. The amount afterwards to be drawn in a contingent bill monthly, but not to be charged in account until the same shall have been passed by the Post Master General.

Coffids employ- ed by the Com- mander in Chief to be charged as a contingency.

In the occasional correspondence with the Army, the Commander in Chief shall be authorized to employ Coffids or expresses, and charge them as a contingent expense. M. C. 5th Odr. 1778

List of names of Officers marching from one Station to another to be transmitted by the Command- ing Officers of the Corps to the Post Master.

It having been represented to the Commander in Chief, that, from want of proper information, letters are frequently transmitted from the Presidency addressed to Officers at Stations which they have quitted, or been removed from, several months previous to the dispatch of the letters, and as a great increase of Postage and considerable delay is occasioned thereby,—in order to obviate similar inconveniences occurring in future, the Commander in Chief recommends, that Officers proceeding in charge of Corps or Detachments, whether in effecting the relief, or on any other duty, do forward to the Post Master General a list of names of the Officers and Staff under their respective commands, specifying their place of destination, and the probable time of their arrival: and that individuals going on Detachment, or leaving a Station on account of sickness, or from any other cause, do adopt the same precaution.

G. O. C. C. 20th Odr. 1793

Majors of Brigade or the Staff Officers of Stations will furnish, on application to the Deputy Post Masters, such information on this subject as may be in their power.

*DIRECTIONS FOR CONTROLLING THE EXPENDITURE OF STATIONERY.

Indents for Stationery to be transmitted through the Military Auditor General.

All Officers in the Military Department, who are authorized by the present Regulations of Government to indent on the Public Stores for Stationery, are directed in future to transmit their Indents through the Military Auditor General, who will state on each of the Indents his opinion, whether he thinks the quantity of Stationery indented for necessary or otherwise.

G. O. V. P. 3d Decr. 1851

Directions to be observed in the expenditure of Stationery.

The necessary Orders are to be issued to the several Public Officers under the different Departments of Government to adhere strictly to the rules recommended by the Committee of Stationery for preventing the unnecessary consumption of Stationery, as follows:

Proc. G. C. 26th Feby 1857

First.—The envelopes of all public letters shall be of Bengal Paper.

Second.—Extracts of Proceedings shall be copied, in all practicable cases, in the same sheet with the letter which conveys them.

Third.—The Duffree or Assistant in each Public Office shall be directed to keep a regular account of the Stationery issued by him to each individual employed in the Office.

Fourth.—It shall be the duty of an Assistant in each Office, under the Superintendence of the head of the Office, to check the accounts kept by the Duffree.

"The Committee of Stationery observing that many public Officers are commonly in the habit of using whole sheets of Paper, where half sheets would answer the purpose, and adverting to the great and unnecessary increase in the expenditure of Stationery occasioned by this practice, have directed me to request, that, with the exception of letters addressed to the Government through any of the Public Secretaries, you will be pleased to carry on your Public Correspondence and other official business on half sheets of Paper, whenever these can be employed without inconvenience."

Ext. Letter of the Secretary to the Committee of Stationery. 16th Jan. 1858

ted to remain at our Seminary without prejudice to their rank a further time beyond the same examination to render them more eminently qualified for that particular line of Service, and which, according to all experience, requires a further time for instruction than the Artillery Service.

It is, therefore, our express desire that you should in no case fill up from the inferior ranks of the Artillery, or from the Cavalry or Infantry, the vacancies which may occur among the Commissioned Officers, either in your Artillery or Engineer Corps; but that on receipt of the List of Cadets intended for the latter service you do immediately post them to such vacancies as shall appear to have existed at the time when the said List was dated.

G. O. C. C. 7th Oct. 1811 With the view of obviating unnecessary expence to Cadets of Cavalry and Infantry, who have been appointed to do duty with Corps until their promotion, the Commander in Chief is pleased to extend to all gentlemen, so situated, the option of continuing at the Post or Station of the Corps with which they may at present be doing duty, and of being transferred to the relieving Corps, instead of marching with the former, where it may be destined to move by the Orders for the Relief.

Cadets temporarily appointed to Corps are not required to march with such Corps at the Relief.

Commanding Officers of Corps are accordingly directed to report the names of such gentlemen as may wish to avail themselves of this indulgence, in order that their removal may be sanctioned in General Orders.

M. C. 26th June 1796 Colonels on tent allowance are to receive in all situations 200 Sonat Rupees a month.

Colonels to receive full tent allowance at all times.

G. O. G. G. 10th Dec. 1811 One month and a quarter is fixed as the period for which boat allowance shall be admissible to Officers proceeding from the Presidency to Cuttack.

Period for which boat allowance is granted between the Presidency and Cuttack.

Proc. G. G. 17th Dec. 1811 The Governor General in Council is pleased to comply with the desire of the Officers of the Hon'ble Company's European Regiment stationed at Amboyna to establish a mess, and to permit them to draw a sum of Sonat Rupees 45 per mensem, being the proportion of the established allowance for three Companies.

Proportion of mess allowance granted to a Detachment of the European Regiment.

G. O. V. P. 6th Aug. 1811 The Vice President in Council, with the view of guarding against the payment of advances to individuals exceeding the amount of arrears actually due to them, is pleased to direct that the Officers of the Pay Department, on making advances authorized by Government to Officers absent from their Corps, shall, in addition to the usual duplicate receipt required from such Officers, invariably insert in future on the back of the pay certificate furnished to them the date and amount of each advance.

Regulations to be observed in granting advances to Officers absent from their Corps.

His Excellency in Council will further request of the Governments of Fort St. George, Bombay and Prince of Wales's Island, to direct, that, whenever advances may be made at those Presidencies respectively, to Officers belonging to the Bengal Establishment, intimation of such advance shall be conveyed to the Military Paymaster General at Fort William, within 24 hours after the same shall have taken place from the two former Presidencies, and by the earliest practicable opportunity from the latter.

In cases of advances being made at the several Presidencies by Deputy Paymasters, the Governments of Fort St. George, Bombay, and Prince of Wales's Island, will be requested to require those Officers, not only to notify the same to their own Paymaster General for communication as above directed, but also to report the circumstance direct to the Military Paymaster General in Bengal.

G. O. V. P. 23d July 1811 The Vice President in Council is pleased to extend to the late French Islands the operation of the General Orders of the 24th July, 1809, whereby Officers proceeding to the Cape of Good Hope or St. Helena for the benefit of their health, or other circumstances, are permitted to receive the full allowances of their Corps, according to their Regimental Rank, for a period of six months from the date of their landing at either of those Settlements.

The Regulations granting the allowances of their Corps to Officers proceeding to St. Helena on account of their health extended to the French Islands.

Let. C. D. 22d Feb. 1811 PARA. 72d—With regard to Officers wishing to resign the Service in India, and abandoning all claim to pay and pension from the Company, we authorize you to use your discretion in accepting the tender of such resignations; with the condition that all Officers so resigning return immediately to England, unless, in special cases, to be judged of by you, and submitted for our final decision.

Officers not entitled to the Pension are permitted to resign in India.

Regulations under which an advance of Pay may be granted to Officers proceeding to England for the purpose of resigning.

PARA. 11th.—In reserving to ourselves the power of granting pensions after certain periods of service to our Officers, we did not intend to refuse them the pay of their several Ranks during their passage home.

Let. C. D.
27th Feb. 1821

In all cases, therefore, where we shall allow Officers to retire on the pensions of their Ranks, we shall allow them pay from the date at which it shall appear, from their several certificates, that they shall have ceased to draw it in India.

PARA. 12th.—But as Officers may sometimes quit India with an intention of requesting our permission to retire on the pensions of their respective Ranks, and may yet afterwards decline to prefer; or may withdraw, those requests,—we direct that no advance may be in any case made to Officers who have already drawn three years' pay on furlough; but that the adjustment of their claims, after leaving India, may be left to us.

CHAPTER IV.

Recruits enlisted for the Company's Service how to be attested.

Ext. Art. LXXV.—And except also in the case of Recruits enlisted for the special purpose of serving in the East Indies in the Forces of the East India Company, only, in pursuance of an Act passed in the Fiftieth Year of the Reign of His present Majesty, intituled “An Act to amend two Acts relating to the raising men for the Service of the East India Company, and the quartering and billeting such men, and to trials by Regimental Courts-martial,” in which case every Recruit shall, instead of the said oath of fidelity, take the oath directed to be taken by the said Act of the Fiftieth Year of His present Majesty aforesaid, and contained in the Schedule to this Act annexed marked (G); and, instead of the oath of service contained in the Schedule (A) or (B) to this Act annexed, shall take the oath directed to be taken by the said recited Act of the Fiftieth Year aforesaid, and contained in the Schedule to this Act annexed, marked (H); and the Justice or Magistrate shall certify such enlistment and swearing accordingly, in the form mentioned in the Schedule to this Act annexed, marked (I).

Ext. Act. Part.
for punishing
Mutiny, Deter-
tion, &c. passed
22d Mar. 1812

SCHEDULE G.

I, A. B., being enlisted to serve in the Infantry or Artillery (as the case may be) of the East India Company, do swear that I will bear true allegiance to our Sovereign Lord King George; and that I will, as in duty bound, defend him in his person, crown and dignity, against all his enemies; and I swear that I will also be true to the said United Company, and will duly observe and obey all their orders, and the orders of their Generals and Officers who shall be lawfully set over me.

SCHEDULE H.

I, A. B., do make oath that I am (or have been, as the case may be) (state occupation if of any, or state if of none) and to the best of my knowledge and belief was born in (state county, parish or place, &c.) and that I am of the age of—years; and that I do not belong to the Militia or to any Regiment in His Majesty's Service, or to His Majesty's Navy or Marines; and that I will serve the United Company of Merchants of England trading to the East Indies, until I shall be duly and legally discharged, (or, if the Recruit enlists for limited service, then leave out the words *scored under*, and insert) for the period of 12 years (if the person is of the age of 18 years or upwards; but if under 18 years, then the difference between his age and 18 to be added to such 12 years, as the case may be, and such period to be inserted instead of 12 years,) provided the said United Company should so long require my service.

SCHEDULE I.

I, ——— one of His Majesty's Justices of the Peace of ——— (or Chief Magistrate of ———) do hereby certify that ———, appearing to be ——— years old, ——— feet ——— inches high, ——— complexion, ——— eyes, ——— hair, came before me at ———, on the ——— day of ——— and stated himself to be of the age of ——— years; and that he had no rupture and was not troubled with fits, and was no ways disabled by lameness, deafness or otherwise; and had the perfect use of his limbs and hearing, and was not an apprentice, and acknowledged that he had voluntarily enlisted himself for the bounty of

—, to serve the United Company of Merchants of England trading to the East Indies, and did engage to serve for the period——(this blank to be filled up by the Magistrate either "until discharged" or "for——years", as in the preceding form of enlistment): and I do hereby certify, that in my presence the third and fourth Articles of the Second Section, and the First Article of the Sixth Section of the Articles of War against Mutiny and Desertion, were read over to him, and he took the oath of fidelity mentioned in the Act of the Fiftieth Year of His present Majesty, and also the oath above set forth, and that he received the sum of——, on being attested, and that I have given to the said —, a duplicate of this certificate signed with my name.

(The above forms are to be considered as superceding those enacted by the Mutiny Act, of 1809.—*Vide page 163*)

Proc. G. G. 17th Dec. 1811 The Governor General in Council considers the ten men formerly in the Artillery Corps of St. Helena, and who have renewed their contracts to serve the Hon'ble Company on this Establishment, to be entitled to the pay of Infantry Privates only, during the period intervening between their attestation and selection for the Artillery branch of the Service.

G. O. V. P. 2d July 1811 His Majesty having been pleased to fix the following rates of indemnification for the loss of necessaries of the Non-commissioned Officers and Privates of Cavalry and Infantry employed on actual service, such loss not happening through any fault of their own, viz.

	£.	s.	d.
Sejeants of Cavalry	2	15	0
Corporals, Trumpeters or Privates	2	10	0
Sejeants of Infantry	2	10	0
Corporals, Drummers or Privates	2	2	2

The Vice President in Council has been pleased to determine, in consideration of the pay of the several Ranks in the Honorable Company's Service having been equalized with the pay of the corresponding Ranks in His Majesty's Service, that the compensation in future to be granted to the Non-commissioned Officers and Privates in the European Corps, and to the European Non-commissioned Officers in Native Corps on this Establishment, for the loss of necessaries under similar circumstances, shall be fixed at the following rates :

Sejeants of Horse Artillery, Artillery and Native Cavalry,-----	St. Rs.	22	0	0
Corporals, Trumpeters, Drummers, Gunners, or Privates of } Horse Artillery, and Artillery, -----		20	0	0
Sejeants of European and of Native Infantry, ----		20	0	0
Corporals, Drummers, or Privates of European Infantry, ----		16	12	9

(By G. O. C. C. 11th June, 1811, the period of their service is to be inserted in the certificates of all men obtaining their discharge from the Service.

The pay of European Soldiers discharged the Service is continued to the period of their embarkation.

For the Committees for reporting on the state of the health of all discharged Europeans immediately previous to their embarkation, *vide page 487*.

For the provision of quilts and hammocks for invalided and discharged European Soldiers proceeding to Europe, *vide pages 488 and 173*.)

CHAPTER V.

Proc. V. P. 16th Apr. 1811 The Vice President in Council, in consideration of the command with which Major Caldwell has been entrusted, consisting of two complete Companies of European Artillery,—120 Native Golundaz,—300 Gun Lancers,—and an extensive Train of Artillery, is, in the present circumstances, pleased to authorize a deviation from the established Regulations in granting to that Officer the batta of the next superior Rank, and an allowance for Stationery of 40 Sonat Rupees per mensem, during the period in which he is employed.

European Soldiers of the Establishment of St. Helena renewing their contracts to serve in Bengal are only entitled to the pay of Infantry Privates until posted to Corps

Rates of compensation for the loss of necessaries fixed for the European Non-commissioned and Privates

Native Troops The Vice President in Council, being desirous of extending to the Native Officers Proc. V. P. 25th June 1811
 exempted from the payment of duties established at the Temple of Jagernaut.

Monthly Casualty Lists of all Native Corps to accompany the Monthly Returns. Instead of the copies of discharge certificates required to be transmitted to Head-quarters, monthly, by General Orders under date the 25th May, 1810, the Commander in Chief directs that a Casualty List, according to the subjoined form, be in future transmitted to Head-quarters with the Monthly Returns of Corps, respectively, for record in the Adjutant General's Office. G. O. C. C. 22d Oct. 1811

Casualty List of, (here insert the Corps) for the month of _____, (here insert Station and Date.)

Rank.	Names.	Date of En- listing.	Date of Ca- sualty.	Period of Service.	Nature of Casualty.	Remarks.
-------	--------	-------------------------	------------------------	-----------------------	------------------------	----------

The Casualty Lists are to be invariably prepared on paper of the size of foolscap in its extended form, and in all cases of discharge the reasons to be fully stated opposite to the names of parties, in the column under the head of Remarks.

Directions to be observed in granting certificates to Native Troops quitting their Corps on foreign service to return to Bengal. Much inconvenience having been experienced from the practice of Native Officers and Soldiers having been permitted, while on Foreign Service, to quit their Corps without being furnished with pay certificates, by which means, on the return of the parties to Bengal, it has been found impracticable to effect any satisfactory adjustment of their accounts without a previous reference to their Corps,—the Commander in Chief enjoins the strictest attention, on the part of Commanding Officers and others concerned, to obviate the evils resulting from this irregularity by an invariable compliance with the following directions. G. O. C. C. 4th Feb. 1811

First.—Whenever Native Officers or Sepoys belonging to any Native Corps of this Establishment on Foreign Service may obtain permission to return to Bengal for the recovery of their health, or any other purpose, a settlement of their accounts is to take place up to the 1st of the month in which such permission may be obtained; from which date pay shall cease to be drawn for them until they rejoin their Corps, and regular certificates shall be furnished to every individual accordingly.

Certificates of cloathing due to individuals are also to be furnished to them previous to their quitting their Corps; and, in order to guard against the inconvenience which might arise from the loss of such certificates, duplicates thereof are invariably to be transmitted, by the earliest opportunity, by Commanding Officers of Corps, to Lieutenant Notary, Superintending Officer of Family Money at Barrackpoor, under whose charge the parties will be placed on their return to Bengal.

Second.—The Commander in Chief expects that under no circumstances whatever will Native Officers or Sepoys be permitted to return to Bengal without being furnished with such documents as may admit of regular advances of Pay being drawn on their account, or of a final adjustment of their accounts, as circumstances may render necessary.

CHAPTER VII.

Explanation of the Rates of pay for Native Cavalry. (N. B. The Rates of Pay for Native Cavalry, as fixed by M. C. 8th April, 1793, *vide page 263*, are to be considered as inclusive of the sum of 8 Annas directed to be stopped monthly from each Native Commissioned, Non-commissioned Officer, Trumpeter and Private, by G. O. V. P. 13th August, 1809, *vide page 264*, on account of the Off-reckoning Fund for the provision of leather breeches.)

Regulations for the transfer of Horses from the Stud at Poosa for the service of the Cavalry. The Vice President in Council is pleased to determine that horses shall not be drafted in future from the Stud at Poosa for the public service, until they shall have attained the age of 4 years. Proc. V. P. 8th Oct. 1811

Proc. V. P. 1st The Vice President in Council is pleased to direct the Board of Superintendence to
October 1811 instruct the Superintendent of the Hon'ble Company's Stud to select and report to Headquarters, at the proper period, the number of Horses at Poofa which in his judgment may be fit for the Service.

On the receipt of such Reports, his Excellency the Commander in Chief will appoint an Officer to receive charge of and proceed with the Horses to Cawnpoor, where they will be inspected and finally admitted to the Service by Committees of Cavalry Officers, which will be appointed for that duty under the authority of the General Officer commanding in the Field.

Should any of the Horses selected be ultimately rejected by the Committees to be assembled at Cawnpoor, such rejected Horses are to be delivered over to the Officers of the Commissariat Department for the purpose of being disposed of on the public account to the best advantage.

Proc. V. P. The Vice President in Council entirely approves of each Regiment of His Majesty's
15th Oct. 1811 and the Hon'ble Company's Cavalry being furnished with a bistoury or concealed knife and 4 scalpels of sizes; and also with a quantity of corrosive sublimate, not exceeding two drachms, from the public Medical Stores, for each Horse to be castrated.

Proportion of instruments, &c. for castrating Horses to be allowed to each Regiment of Cavalry.

The Medical Board are accordingly instructed to issue the necessary orders for the scalpels and corrosive sublimate being supplied to Regiments of Cavalry, on their being indented for in the regular manner.

CHAPTER VIII.

Res. M. B. Agreed, that it be made a Standing Regulation, that, exclusive of accurate scales of
25th Feb. G. all plans to be drawn for the Military Board, the dimensions of each part of the buildings
O. 4th March or works represented be expressed in figures upon the plan.

Total, per mensem, St. Rs. 100

G. O. V. P. Surveyors are in future to continue their labours in the Field from the 1st October
29th Oct. 1811 to the 1st of July, instead of from the 15th September to the 15th June as heretofore.

Period fixed for the employment of Surveyors in the Field.

Proc. V. P. The necessary orders are to be issued from the Judicial Department for a party of
28th May 1811 Convicts being kept in the Cantonment at Cawnpoor, for the purpose of repairing the Roads, or being employed on other works of public utility;—and the Commander in Chief will be requested to issue orders for the godowns which were made over to the

Convicts to be employed for the repairs of roads, &c. at Cawnpoor.

Commissariat by the Contractor's servants, being appropriated to the purpose of lodging the Convicts.

CHAPTER X.

Allowances of the Surgeon to his Excellency the Commander in Chief.

Provision for Medical attendance to Natives belonging to the Departments in Fort William who may meet with dangerous accidents;

and allowances granted for them to the Surgeon of the General Hospital.

Additional allowances granted to the Surgeon of the Ramghur Battalion.

Directions to be observed by the Surgeon of the General Hospital in charging for attendance on the sick of H. M. Navy; and Sergeants on the Pension List.

Establishment, allowances, &c. authorized for the Surgeon charge of the Hospital attached to the Calcutta Jail.

(The Surgeon to his Excellency the Commander in Chief receives the pay and gratuity of his Regimental Rank, with the full batta and house rent of a Surgeon.)

The Vice President in Council is pleased to determine that in cases where very dangerous accidents that require an operation shall happen to Natives employed in the Arsenal, or any other Department of the Garrison of Fort William, the men shall be sent into the General Hospital; but as it is at all times inconvenient and undesirable that Native Patients should be mixed with Europeans in the same Hospital, his Excellency in Council directs that this rule be confined to the dangerous cases above mentioned, and that for slight accidents some convenient place be allotted in Fort William, subject to the approbation of the Garrison Surgeon, where they may be properly accommodated and attended to by that Officer.

For every Patient of the above description, who may be sent into the General Hospital, the Surgeon of that Hospital will be permitted to draw from Government the same allowance which is authorized for sick or wounded Natives sent into a Field Hospital, by Paragraph 66th of the Medical Regulations, (*vide page 328*) viz. St. As. 2 per diem.

For this allowance the Surgeon of the General Hospital shall furnish every article for the Patients required to be provided by the Field Surgeon in Paragraph 67th of the Medical Regulations above quoted (*Vide page 328.*)

The Vice President in Council is pleased, as a special case, to grant to Mr. P. Breton, Assistant Surgeon to the Ramghur Battalion, an addition of Rupees 60 per mensem to the medical allowances to which he is at present entitled on account of that Corps.—(*Vide page 322.*)

The Surgeon in charge of the General Hospital at the Presidency will transmit, quarterly, all accounts for medical assistance to sick and wounded Seamen belonging to His Majesty's Navy to the Naval Commissioner at Fort St. George, who will immediately audit and return them: when the Sub-Treasurer will discharge the amount of the several bills, on receipts in triplicate being furnished to him by the Surgeon.

(For directions for charging for Sergeants on the Pension Establishment, when in the General Hospital, *vide page 494.*)

The Vice President in Council is pleased to authorize the following establishment of servants, allowance on account of buzard medicines, and compensation for attendance, being granted to the person to whom the charge of the sick prisoners in the Hospital, which has been built within the precincts of the Jail, may be committed.

1 Compounder, per mensem,	Sa. Rs.	8
1 Dresser, ----	----	6
2 Coolies, at each ----	----	8
1 Behistly, ----	----	5
1 Sweeper, ----	----	4

Total, per mensem, Sa. Rs. 31

Such Europe Medicines as are required are to be furnished from the Hon'ble Company's Dispensary.

Buzard Medicines are to be supplied by the Assistant Surgeon, for which, and as a compensation for his attendance, he will be allowed to draw the sum of Sonat Rupees 100 per mensem.

The Jail being contiguous to the General Hospital, his Excellency in Council is of opinion, that one of the Assistant Surgeons permanently attached to the latter, is the fittest person to be entrusted with the medical charge of the sick prisoners, and directs that the Medical Board will accordingly instruct Mr. Wingfield to continue in charge of that duty.

PARA. 4th.—We have agreed that Medicines from the Company's Stores should continue to be supplied, as usual, to His Majesty's ships in India, payment for the same being made to us by the Transport Board.—You will, therefore, give directions that regular accounts of such supplies be transmitted to us, accompanied by the necessary vouchers, amongst which the receipts of the respective Surgeons to whom the Medicines have been delivered, must be invariably included.

Medicines have to be supplied from the Dispensary to His Majesty's ships.

PARA. 5th.—This mode of adjustment will of course supercede the orders contained in the 9th Paragraph of our Military Letter of the 23d February, 1810, (*vide page 335*) in which it was directed that the Medicines were not to be delivered to the Surgeons of His Majesty's Ships until they were paid for.

CHAPTER XII.

G. O. C. G.
19th Nov. 1811

The Governor General in Council is pleased to direct that the rules prescribed in the Minutes of Council under date the 27th July, 1787, for the guidance of the Executive Officer of Fort William (in the case of Buildings being performed by estimate) be applicable to all Officers undertaking the construction of Public Buildings, of whatever description they may be, viz.

Directions to be observed in the preparation of estimates for the construction of Public Buildings.

Est. M. C. 27th July, 1787.

Resolved, when Buildings are performed by estimate, that plans, elevations, and sections, with a particular Specification of dimensions, shall be presented to the Military Board; the kinds of materials shall be particularly specified, and the best always used; that the estimate shall always express the number of solid superficial or running feet of work, such as walling, roofing, terracing, plaistering, &c. &c.

Increased dimensions ordered to be observed for the Hospitals of Native Corps.

The Governor General in Council is pleased to authorize the Hospitals for Native Corps, in all situations where separate Hospitals are allowed, to be constructed on the enlarged scale hereafter detailed. G. O. G. G. 19th Nov. 1811

Hospital and Offices for a Regiment of Native Cavalry to be 72 feet in length by 20 in breadth, with a veranda.

Hospital and Offices for a Battalion of Native Infantry to be 144 feet in length by 20 in breadth; and to be in all other respects the same as the Cavalry Hospital.

Buildings appropriated to the Stud at Ghazee-poor to be under the charge of the Barrack-master.

The Vice President in Council is pleased to determine that the Buildings at Ghazee-poor, which have been recently delivered over for the purpose of being appropriated, exclusively, to the use of the Hon'ble Company's Stud, shall be committed to the custody of the Barrack-master at that Station, whose province it is to keep them in repair. Proc. V. P. 18th Nov. 1811

Allowances for the repairs of temporary Buildings to be fixed by the Military Board.

The Governor General in Council is pleased to authorize the Military Board, on all future occasions, to fix and communicate at once to the Military Auditor General the rates of monthly allowances for repairs, in proportion to the superficial feet of roofing, for each new and enlarged Building; adhering strictly to the principle on which the existing fixed allowances have been framed. Proc. G. G. 10th Dec. 1811

The Barrack-masters at Agra and Chunar invested with the charge of the Public Buildings at Muttra and Secrole.

The Governor General in Council is pleased to direct, that the custody and repair of the whole of the Public Buildings at Muttra be transferred to the Barrack-master at Agra on the fixed monthly allowances. G. O. G. G. 3d Dec. 1811

The Vice President in Council is pleased to invest the Barrack-master at Chunar with the future charge of the Public Buildings at Secrole, as well as those of Sultanpore, the whole of which are to be maintained in constant repair by him on the monthly allowances fixed by the Regulations of Government, under date the 22d April, 1802. Proc. V. P. 27th Aug. 1811

The Buildings at Balloogunge to be repaired upon the allowances fixed on the 22d April 1802.

The Governor General in Council is pleased to authorize the adoption of the system recommended for keeping in repair the Public Buildings of the Governor General's Body Guard at Balloogunge, (upon the allowances fixed by the Regulations of the 22d April, 1802) and to permit the Staff Officer to draw the established allowances. Proc. G. G. 24th Dec. 1811

Allowances fixed for the repair of Buildings at Muttra.

In addition to the carts enumerated in the Proceedings of the 27th August, the Military Board have resolved to introduce one to be designated "Cart Store Magazine," and brought on the Magazine Books under that head, for the express purpose of conveying Stores to Magazines and Out-posts.

The Board have accordingly requested the Commanding Officer of Artillery in the Field to furnish Ordnance Officers in charge of Field Magazines with a model of the proposed Cart, and authorize and direct them to complete so on the same plan, as an Establishment for the Magazines under their charge, respectively, and accordingly prohibit the employment of the "Store Carts" hereafter, for any other than Field Service, except in cases of absolute and real necessity, which cannot be provided against.

Res. M. B.
26th Aug. 1811

Ordnance Officers are directed immediately to report to the Military Board whenever Ordnance Carriages of any kind shall hereafter be taken from the Magazines under their charge otherwise than by Station Orders or Indents, excepting in the cases of transporting Military Stores from the Magazines to other Magazines, or thence to Stations or Posts; and they are to lose no time in forwarding to the Military Board copies of all Station Orders directing carriages of any kind to be furnished from the Magazines.

Regulations for the receipt and examination of Military Stores arriving from Europe.

The immense loss sustained by the Company on the damaged and short deliveries of Military Stores consigned from this country, which in the last eight years has amounted to a very large sum, has called our serious attention to this subject; and we cannot but say we have reason to feel it has been in a considerable degree occasioned by a want of proper exertion and attention on the part of our Officers at your Presidency, to whom the duty of receiving and examining the Military Stores has been entrusted.

We have therefore, in order to prevent a recurrence of such losses, prepared a set of Regulations, which you will receive a number in the Packet, accompanying the invoices and other papers of the cargoes, and to which we shall expect the most correct attention of the Officers whom you may appoint to execute the duties required, as we have resolved to hold them personally responsible for the consequence of any remissness on their part.

Regulations to be observed relative to the receipt and examination of Military Stores at the several Presidencies in India.

First—Military Stores, like other consignments, are to be examined immediately on their being landed, in presence of a Committee of Officers on behalf of the Company; and of the Captain, Purser, or some other competent person, belonging to the ship: and as the ship owners are only liable to damages or short delivery of the goods when the packages are delivered in a defective state, the persons on the survey should be directed to pay every attention to the condition of the several packages, and to report particularly the state in which they were received, and the causes which, in their opinion, appear to have led to the injury or deficiency.

Second—If the ship should be confined to, or about to fail for, a further port of delivery, those packages, which shall have been marked on their first receipt from the ship as in a defective state, should be immediately opened, and the columns of the printed form of Report accompanying these Regulations filled up with elucidatory remarks, wherever damage or short delivery may appear, and signed by the persons attending the survey.

Third—Every possible exertion should be used that all the other packages, though apparently in good condition, should be opened in the presence of the Gentlemen on the Survey, previous to the departure of the ship; and the whole of the Military Stores should be examined, and the damages and deficiencies settled at the time, in the same manner as the goods and stores consigned to the Civil Department.

Fourth—The words of the Charter Party between the Company and the ship owners relative to damages being extremely clear and positive, they are quoted as under in order to enable persons attending the survey to judge of the information necessary.

“ Provided nevertheless, that the said party owners shall not be charged with any sum of money in respect to goods damaged on board the said ship, either in her outward or homeward voyage, exceeding the sum of three thousand pounds, except such as shall, by the condition and appearance of the package thereof, or by some other reasonable proof, appear to be damage received after shipping the goods.”

Fifth—Each package should be inspected before opening; and if broken, or the nails appear to have been drawn, the same should be noticed in the report, provided there appears short delivery or damage.

Sixth—Where short delivery or surplus articles appear in any package, they should be twice counted, and such surplus and short delivery should be noted.

Seventh—As flints cannot suffer from salt water, and would lead into endless delay in counting, they may be taken by weight without opening the packages.

Eighth—Cartridge paper may also be taken by weight; but it will be necessary to ascertain that the paper has not suffered on ship board.

Ninth—Fuzes for shells may also be taken in this way.

Tenth—Grape shot, and all articles now taken by weight, will continue to be so.

Eleventh—All articles not enclosed in packages are supposed to be counted or weighed by the Captain of the vessel on shipment, and consequently any loss is chargeable to the owners.

This is particularly to be attended to in bars of iron, which may be changed or mixed on ship board.

Twelfth—If any package, or loose article not described in the Military Invoice, is received, particulars should be given as specified for other Stores, and marked as surplus.

If belonging to another Presidency, information should be immediately sent to such Presidency.

Thirteenth—Articles that have suffered during the voyage should be described as sea damage; but no articles should be charged against the owners where the defects appear to have existed before shipment. Such articles should, agreeable to an order of the Court, be returned to Europe, in order that the particular Inspector may be brought to account, and reparation claimed from the Contractor.

Fourteenth—But in judging of sea damage attaching to iron work, the owners are only to be considered chargeable with such damage from rust, as appears to have occurred by the articles coming into contact with salt water; and not to be charged with broken springs in musket-locks, unless the muskets or chest appear otherwise damaged, as springs often fly from the action of the atmosphere without a possibility of blame attaching to any one.

Fifteenth—If such articles complained of for original defects are numerous, so as to make freight an object, a proportion only should be sent home, and the Committee of Survey should seal and certify that such proportion is a fair sample of the quality complained of, and taken promiscuously.

Sixteenth — In regard, however, to articles to be returned for original defect, this is meant as only applicable to such instances as shew a neglect which warrants complaint. In a Store of such magnitude, occasional trifling defects will escape in spite of every pains on the part of our Inspectors, and such, if sent home, would only involve the Court in elaborate investigations.

Seventeenth—All Stores in England are counted and sealed up in presence of a variety of individuals; and others at the water's edge examine that such seals are unbroken.

The individuals who attend the packing sign a certificate that they are ready to make oath to the contents of each package, and in most articles both the Contractor and an Officer on the part of the Crown do make oath, as it is only upon such oaths that Government allow a drawback on the duties. We mention this to shew the pains taken here to prevent short delivery.

EAST INDIA HOUSE,
25th June, 1811.

By Order of the Court of Directors,
H. BRUCE,
A. I. M. S.

1810-11—Packing Account of Military Stores per Minerva, for Bengal,
1810-11.

[illegible]

G. O. G. G. To give effect to the foregoing Regulation of the Court of Directors, the Governor
17th Dec, 1871 General in Council is pleased to resolve, that a standing Committee be appointed by
his Excellency the Commander in Chief, on the 1st of May of each year, for the ser-
vice therein prescribed; that the Committee be selected by his Excellency, and composed

of such Officers from the Hon'ble Company's Troops at the Presidency as may be supposed to possess the requisite qualifications for such inspections.

His Lordship in Council is further pleased to determine, that the Committee do consist of a Field Officer as President and two Captains as Members, and that the Corps of Artillery furnish the President; if convenient; or at least an experienced Captain as a Member.

The Committee is to be invariably assisted by the Deputy Commissary of Ordnance attached to the Arsenal, and by an intelligent, active Conductor of Ordnance.

The Rules and Regulations for the guidance of the Committee are to be constantly submitted for reference at each meeting, by the Deputy Commissary of Ordnance at the Arsenal.

The existing Regulations of the Hon'ble the Court of Directors, for opening packages of Stores from Europe on their arrival, and for reporting short deliveries, (*vide page 424,*) are to continue in full force, excepting where their necessity may be superseded by the more recent Regulations of the Hon'ble Court.

Serviceable
Ordnance
Stores how to be
received into
the Arsenal
from his Majesty's
Navy.

Ordered; that the Naval Agent be informed that there is no objection to the receipt of serviceable Stores into the Arsenal from His Majesty's Navy, but that the receipt of condemned Stores cannot be acquiesced in. Res. M. B. 15th Oct. 1814

Agreed, that the Commissary of Stores be authorized to grant receipts in triplicate for serviceable Ordnance, &c. when delivered into the Arsenal; from any of His Majesty's ships, or by the Naval Agent.

Stock of Timber to be kept up at the Arsenal, and how to be indented for.

Agreed, that the Commissary of Stores be authorized to indent for and keep up at all times a stock of timber, to the extent which he may consider absolutely necessary, acquainting him that he is by no means restricted as to number and size, but only required to put down as a guide to the Commissary General the exact length, breadth, and thickness of all timbers or planks that he may indent for. Res. M. B. 27th Sept. 1814

Proportion of half-wrought materials for ship carriages to be kept up at the Arsenal. Ordnance carriages for Horse or Foot Artillery to be designated accordingly in the Arsenal Returns.

The Commissary of Stores is directed to block out as early as possible the half-wrought component parts of twenty carriages for each description of ship guns, and to keep them at all times complete, in readiness for any emergent call. Res. M. B. 13th Aug. 1814

All 12-pounders, 6-pounders, and 5½-inch howitzers for field carriages for Horse or Foot Artillery, now in store or hereafter to be constructed, are to be distinctly designated as such in the Arsenal Returns,—as follows :

Carriages Field with limbers, for Horse or Foot Artillery, ---- 12-pounder : and so on.

Pawlins to be sent with store boats from the Arsenal for the protection of the stores.

Resolved, that the Commissary of Stores be directed to send pawlins with Store Boats in future, for the protection of Stores liable to injury from wet; including the pawlins as articles of issue to the Magazines, for which such Stores may be destined. Res. M. B. 17th Sept. 1814

Directions to be observed by Ordnance Officers in indenting for the specified proportions of petty Stores from the Commissariat.

The established proportions of Stores for the Magazines being fully adequate for all ordinary or current demands, the Military Board conceive that with proper management and foresight, on the part of Ordnance Officers, calls of emergency can very rarely occur; and, to obviate as much as possible the necessity of receiving Stores from the Commissariat Department, except on passed Indents, they further authorize and desire that in future, on the 1st day of each quarter, Indents for the Stores that will probably be required during the succeeding quarter may be regularly sent down for their eventual sanction, in order that, if necessary, the same may be passed, so as to admit of their being regularly presented and complied with in advance,—thereby allowing a supply to be constantly in Store applicable to a term of six months; and the Board will not admit of any plea for a deviation from this rule, which shall not have been clearly proved to have been unavoidable. Res. M. B. 18th Oct. 1814

No alterations to be made in Arms without the consent of the Court of Directors

We direct, that no alterations in any Arms shall in future take place, without our consent. Res. L. et. C. D. 27th Feb. 1817

Boxes for the stowage of

Resolved, that the Officer in charge of the Magazine at Danapoor be directed on no account to keep empty powder barrels in future for the stowage of cartridges, but to send Res. M. B. 6th Aug. and 17th Sept. 1814

them by every opportunity, when they shall have accumulated in the Magazine, to the Arsenal; and accordingly to lose no time in procuring sufficient mango planks, and making up proper boxes for that purpose, taking care only that the planks be properly seasoned.

The boxes to be of the same size as Bullock Ammunition Boxes.

Res. M. B. 17th Sept. 1811 Ordered, that the Agent for Gun Carriages be informed that on no account are the axletrees received from England to be appropriated in any other way, than for the construction of the several descriptions of Field Carriages for which they were forged; with the exception only to the curved axles of the 6-pounder limbers, which have been decidedly objected to by the Commandant of Artillery.

Directions for the appropriation of the axletrees for gun carriages received from Europe,

Res. M. B. 17th Sept. 1811 The transmission of the statement of half-wrought materials due to the Gun Carriage Agency, (*vide page 478*), is countermanded.

Prohibiting the transmission of the statement of half wrought materials from the Gun Carriage Agency.

Ordered, that the Agent for Gun Carriages be informed that the Board consider a supply of Staves, equal to the construction of casks for 50 Spirit Carts, as a sufficient Stock; the whole to be made of foul wood.

CHAPTER XIV.

Proc. V. P. 1st October 1811 The Vice President in Council is pleased to authorize the adoption of the suggestion of the Special Medical Committee assembled at Fort William for the final examination of European Invalids, on the present, as well as on all future occasions, for sending, for the recovery of their health to St. Helena, such of the European Soldiers as the local Medical Committees may consider likely to recover and be again fit for service in India, after a residence for some time on that Island.

European Soldiers invalided, but who may be likely to recover by a residence in St. Helena, to be sent there for the benefit of their health.

G. O. C. C. 29th Jan. 1812 The Commander in Chief having had before him the Proceedings of the Annual General Committees assembled at Allahabad and Monghyr, agreeable to General Orders of the 11th June, 1808, for the final examination and allotment of all the Invalids of the Native Corps and Departments of the Army stationed above and below Danapoor, for the year 1811, his Excellency approves and confirms those Proceedings, except in the instances noted thereon.

Orders for the final allotment of all the Invalids of Native Corps of the Army, for the year 1811, to the several branches of the Invalid Establishment.

The Committees are accordingly to be dissolved, whenever there may be no further duty for them to perform, with respect to the Invalids of the year 1811, and the Adjutant of the Corps of Native Invalids and the Fort Adjutant at Monghyr will be pleased to carry into execution the final distribution of the Invalids, as directed on the Proceedings of the Committees at those places, respectively, as soon as practicable, settling their accounts and arrears up to the end of the month, whatever it may be, in which they may be furnished with the funds requisite for that purpose, and for the advance of six months' Invalid Pay of their respective Ranks, according to the rates assigned them, to all who may not be considered fit for garrison duty.

All Privates found fit for garrison duty, and Commissioned and Non-commissioned Officers to the extent required to complete those Corps, are to join the Native Invalid Battalions.

Invalids being no longer eligible to the Jagheerदार Establishment, all Commissioned, Non-commissioned Native Officers and Privates who may not be fit for garrison duty, and Commissioned and Non-commissioned Officers who, though fit for garrison duty, may be in excess to the Establishment of the Native Invalid Battalions, are, in pursuance of the Orders of Government under date the 4th June, 1811, to be transferred to the Out-pension Establishment, on the rates of Invalid Pay established by the Orders of Government under date the 15th February, 1811, and permitted to retire to any part of the Company's Territories, where they may chuse to reside, furnished with an advance of six months of their respective allowances, as above mentioned.

The additional or increased rates of Invalid Pay applicable to those who may have lost limbs or become blind in the Service, or who may have been reduced to a helpless state by wounds received on service, are to be strictly confined to those to whom that scale of provision has been assigned by the General Committees, and now confirmed by the Commander in Chief.

The whole are to be furnished with all requisite and prescribed certificates, and each is to express the rate of Invalid Pay to which the individual is entitled.

The Native Officers and Non-commissioned Officers required to complete vacancies in the Invalid Battalions are to be selected, according to seniority in ranks respectively, from the whole of the Invalids of the season who may be considered fit for garrison duty, and are to be allotted accordingly by the Adjutant of Native Invalids, to whom the requisite rolls of those at Monghyr are to be forwarded by the Fort Adjutant at that place.

The Sepoys fit for garrison duty are also to be allotted to Battalions and Companies according to existing vacancies, in the progress of which arrangement the Adjutant of Native Invalids is directed to attend to the wishes of Individuals in regard to choice of Corps and Companies, as far as may be practicable, consistently with a due regard to the public service.

Directions for the issue of medals and gratuities to Native Invalids on the Pension Establishment.

The Vice President in Council, approving of the suggestions of the Commander in Chief, has resolved that the necessary instructions be issued to the different Collectors of Districts from the Revenue Department for carrying the same into effect, and to the Departments of Pay and Audit, as follows, viz.

Proc. V. P.
10th Sept. 1811
Ext. Let. Adj.
Genl 6th Sept.
1811

The Board of Revenue is to be instructed to communicate to Collectors of Districts positive orders to consider it their duty, whenever claims to Honorary Medals, or to the gratuity of two months' pay and full batta abovementioned, may be preferred to them by any person on the Invalid Pension Establishment, who may receive their stipend from their Treasury, to prepare a copy of the Descriptive Roll of the party, and to transmit the same with a statement of the claim either to the Adjutant of Native Invalids at Allahabad, or Fort Adjutant of Monghyr, according as the original Roll may be signed by one or the other of those Officers; and to request him to adopt the necessary measures for ascertaining whether or not the claim be well founded.

In the case of claims preferred to Honorary Medals, that it be stated by the Collector from what service the claim arises; whether forthole in the Dukhun and Mytoor, in Egypt under General Baird, or on the Island of Ceylon, in order that the Officers of the Invalid Departments may direct their enquiries accordingly.

That the replies which may be received by the Collectors, in answer to such references, shall, when they establish the justice of the claim, be considered sufficient authority for the immediate payment of the amount in cases of claims to the gratuity above mentioned; and, where the claim preferred may be on account of an Honorary Medal, a copy of the letter establishing the claim is to be transmitted by the Collector to the Adjutant General, by whom a medal in satisfaction of the same will be immediately furnished.

The receipts of the Invalid Pensioners, for the gratuity paid to them under the foregoing arrangement, are to be transmitted by the Collector to the Military Auditor General for Audit, and on being received back by the Collector will be admitted as a voucher by the Accountant General to be discharged in the Military Department.

To enable the Military Auditor General to audit the receipts for gratuities paid by the Collector as abovementioned, the Adjutant of Native Invalids at Allahabad and the Fort Adjutant at Monghyr will receive directions to transmit to the Military Auditor General regular notification of all claims to the gratuity of two months' pay and full batta, which they may report to the Collectors to be well founded under the arrangement now suggested.

Directions relative to the admission of the Arsenal Establishment to the benefits of pensionary support.

"No Lascars (Magazine-men of the Arsenal Establishment) are considered entitled to the benefits of pensionary support, who shall not have served with industry and good character at least 25 years, with an exception, only, in favor of such as may have been disabled by wounds received on actual service.

Ext. Let. Sec.
M. B. 15th Oct.
1811

His Excellency the Vice President in Council, being of opinion that the grant of pensions to Arsenal Artificers cannot be reasonably expected from the Public, has been pleased to direct that the Commissary of Stores will never again receive or forward a petition of any of the Artificers attached to the Arsenal, but reject any such at once."

CHAPTER XVI.

Pres. V. P. The Vice President in Council is pleased to permit Captain Alldin, Deputy Judge Advocate General to the Troops at Danapoor and Benarus, to draw the tent allowance of his Rank, in lieu of all claim to boat allowance and travelling charges.

Tent allowance granted to the Deputy Judge Advocate General at Danapoor and Benarus.

CHAPTER XVII.

Res. M. B. The Military Board request the Agent for the Manufacture of Gun-powder at Allahabad will consider the bullocks attached to the Allahabad Powder Works as being under his special and immediate care, subject, of course, to orders from the Commanding Officer, and inspection, as often as may be wished, by the Officer commanding the Artillery; and the Board request the Agent will frequently satisfy himself that due attention is paid to them in point of food and cleanliness, granting certificates on all occasions, when, on account of unusual labour, they may be entitled to extra food.

Directions for the superintendence of the cattle at the Powder Works at Allahabad.

CHAPTER XVIII.

G. O. G. G. The existing Regulations in regard to cloathing not providing for the case of men who may be rejected by the General Invaliding Committees, which assemble at Allahabad and Monghyr, annually, for the final examination of the Native Invalids of the Army, the Governor General in Council is pleased to authorize the provision of Cloathing for the year, in which they were temporarily transferred to the Invalid Establishment, for all Native Commissioned, Non-commissioned Officers and Privates ordered to rejoin Corps under the circumstances above mentioned, as follows:

Cloathing of men temporarily transferred to the Invalid Establishment and ordered to rejoin Corps by the General Invaliding Committees, how to be provided.

In cases where the Orders of the Commander in Chief, confirming the Proceedings of the General Invaliding Committees, shall have been received by the 1st January, individuals ordered to rejoin Corps under the circumstances now alluded to, are to be included in the Cloathing Indents of Corps with a suitable reference to this Regulation, and in the event of the Cloathing Indents being already dispatched, supplementary Indents for Cloathing on account of all such Persons are directed to be forwarded both to the Adjutant General's Office and to the Agents for the Divisions of Army Cloathing, respectively, immediately on the receipt of the General Orders by the Commander in Chief above mentioned.

Compensation in lieu of all Cloathing due to men recommended for the Invalid Establishment being ordered to be paid to them previous to their quitting their Corps for the purpose of repairing to Allahabad or Monghyr respectively, they will not, on rejoining, be entitled to any Cloathing until the issue of that authorized to be indented for by the preceding paragraph.

G. O. C. C. Officers, whose Cloathing Indents may be returned from the Adjutant General's Office for correction, are reminded of the necessity of a corresponding alteration being made in the Indents transmitted direct to the Agents for Army Cloathing, and will accordingly either recal those indents for that purpose, or transmit rectified ones to be substituted for the originals without delay.

Directions to be observed in case of alterations being made in the Cloathing Indents of Corps.

Ext. Let. Adj. Genl. "I am directed to express the Commander in Chief's recommendation that the Military Board will take such steps as may appear proper for placing in Store with the several Cloathing Agents, as early as the 1st of April in each year, a complete set of hats and caps, equal to one year's supply, for all Corps dependant on their respective Divisions, so as to enable them to dispatch those articles along with the Cloathing to Corps."

A complete set of hats and caps for the Cloathing of the Army to be placed in Store with the Cloathing Agents by 1st of April annually.

Establishment
of Sudder Buzar
authorized with
a Division of
the Army as-
sembled for
Field Service.

With the sanction of the Governor General in Council, the Commander in Chief is pleased to authorize the temporary Establishment of a Sudder Buzar with the Field Force assembled in Bundelkund, under Colonel Martindell, for such period as the Force may continue embodied under that Officer's command ; and subject to the Rules and Regulations prescribed for the management of Military Buzars in General Orders of the 12th February, 1811. G. O. O. C.
31st Jan. 1812

(For the extra Establishment allowed to the Deputy Quarter-master General as Superintendent of Military Buzars in the Field, *vide page 687.*)

G. O. C. C. THE Brigade Major of the Presidency Station will furnish the Medical Board once a fortnight with a list of all such Surgeons and Assistant Surgeons as had reported their arrival at his Office and still remained in Calcutta.

Brigade Major at the Presidency to furnish a list of Surgeons, reporting their arrival at his office, to the Medical Board.

G. O. C. C. The Governor General in Council having been pleased to authorize a third Company of the same strength as the 1st and 2d Companies of Independent Golundaz being raised for the Service of the Islands and the Lower Provinces,—the Acting Commandant of Artillery is directed to adopt the necessary measures for forming at the Presidency the 3d Company of Independent Golundaz in the following manner.

Orders for the formation of a third Company of Independent Golundaz

The present Corps of Independent Golundaz is to give the Senior Jemadar and the three Senior Havildars to be promoted; the first to the Rank of Subadar; the latter to the Rank of Jemadar. The consequent vacancies in the Rank of Havildar to be filled by the Senior Naicks; and in that of Naick by the Senior Golundaz or men of this Rank most fitting for the station.

The Privates to be completed from Volunteers from the Gun Lascar Corps, and from Recruits.

The Drummers to be taken from the Supernumerary Half-pay Drummers, attached to the Regiment of Artillery.

Descriptive Rolls of the Jemadar and three Havildars recommended for promotion to be forwarded to Head-quarters, and the Commissioned and Non-commissioned Officers in the 1st and 2d Companies promoted to fill the vacancies in the 3d Company to be sent round to Bengal by the first opportunity; a list of their rank and names to be also forwarded to Head-quarters.

Recruits for the Golundaz augmentation, and to complete the Gun Lascar Companies, to be raised at Chittagong by the Officer of Artillery there, under instructions from the Acting Commandant of Artillery; subsistence for these Recruits to be drawn for by the former Officer, until their arrival at the Presidency.

The Acting Commandant of Artillery will be pleased to detach two or three intelligent Serangs or Tindals of the Gun Lascares stationed at the Presidency to Chittagong, to assist in the levy of Recruits.

Bounty Cloathing, Arms, and Accoutrements to be indented for, for the 3d Company of Independent Golundaz; and the Officer, who may be appointed to the charge of it, is to draw the established allowance for a Company.

Formation Rolls and Returns of the 3d Company of Independent Golundaz to be forwarded to Head-quarters when the Company is completed.

G. O. C. C. The Commander in Chief is pleased to direct that the Reports of the Registers of Corps transmitted quarterly to the Adjutant General's Office shall invariably constitute a separate and distinct document, instead of being blended with other subjects, whereby the purpose of those Reports is in a great measure liable to be defeated.

Quarterly Reports of the Registers of Corps how to be prepared.

G. O. C. C. The Commander in Chief is pleased to direct that all Surgeons and Assistant Surgeons who arrive at the Presidency, whether immediately from Europe, on leave of absence from their Stations, or returned from medical duties of any description, report in writing their arrival in Calcutta, the probable period of their stay there, and their departure from thence, to the Secretary of the Medical Board. The above Reports are exclusive of those

All Medical Officers coming to the Presidency to report their arrival and departure to the Medical Board.

enjoined in General Orders of the 6th September, 1806, and 19th July, 1807. (*Vide pages 149 and 147.*)

Additional allowance granted for the repairs of Regimental Store Rooms.	In addition to the allowances at present drawn for the monthly repairs of Regimental Store Rooms, the undermentioned sums are authorized by Government, in consideration of the extension of those Buildings, as directed by General Orders of the 21st May, 1811. Proc. G. G. Ordered, that a circular letter be written to all Public Officers directing their attention to the Orders of the 21st May, 1801, relative to the expenditure of Stationery; and that they be informed that Bengal Paper is only to be used for envelopes of letters, and such other documents as are not intended to be preserved as records; and that all documents of an opposite nature are to be invariably written on Europe Paper.

G. O. G. G. Ordered, that all contingent bills for Stationery be in future transmitted in the first instance to the Committee of Stationery, for the previous examination and opinion of that Committee, with which opinion the bills are to be forwarded to the Paymaster of Extra-ordinaries, for further report, in the usual manner.

Contingent bills for Stationery where to be transmitted.

G. O. G. G. Lieutenant Colonel Hawkins, of 1st Regiment of Native Infantry, is appointed to succeed Lieutenant Colonel Richardson in the permanent charge of the Mysore Princes and of their families in Bengal.

Appointment; Salary, &c. of the Superintendent of the Mysore Princes.

(By the Orders of the Governor General in Council of the 6th Nov. 1806, and the 20th April, 1809, a Salary of Sicca Rupees 1500 per mensem, with the pay and full batta of his Regimental Rank, is allowed to the Officer holding the above appointment.)

Proc. G. G. In conformity to the arrangement suggested by the Government of Ceylon, all Officers belonging to that Establishment will be referred to Messrs. Trail, Palmer and Co. on the subject of advances during the period they may remain at this Presidency.

Advances how to be made to Officers on the Ceylon Establishment.

M.C. 11th July 1790 Resolved, that the usual Military Honors observed at the Funerals of the Civil Servants of the Company, or of any person not Military, be in future discontinued.

Military honors not to be observed at the Funerals of any other than Military Officers.

Let. C. D. PARA. 14th.—We have resolved that in future, previous to any black servant or the wife of any Non-commissioned Officer or Private, either of His Majesty's or the Hon'ble Company's Service, being allowed to come to England in attendance upon Passengers on board any ship whatever, a deposit of £. 100 instead of £. 50, as heretofore, be made in the Company's Treasury at your Presidency.

Directions to be observed in making deposits of Cash on all occasions of taking Natives of Asia, &c. and European Wives of Soldiers, as Servants to England.

Let. C. D. 11th Jan'y 1809 PARA. 17th.—We think it necessary to state that in giving the direction conveyed in the 14th Paragraph of our General Letter of the 19th August, 1807, respecting the deposit to be made on account of black servants coming to England, it was our intention that the deposit should be made not only for the return of Natives of India, but for that of black servants in general; and we therefore now direct that the prescribed deposit, viz. Sicca Rupees 1000, shall be made for the return of all servants who may be Natives of any part of Asia or Africa, or other Countries whatever, Continents or Islands, which are situated within the limits of the Company's exclusive Trade.

Deposits are not required to be made for Natives of the West Indies proceeding to Europe.

Salary to the Military Secretary to the Commander in Chief.

G. O. C. C. 30th May 1811 The practice observed in many Corps of this Army of including in the Monthly Returns, under the head "appointed not joined," all Officers who may not have joined their Corps, although the cause of absence of such Officers, arising from leave of absence, furlough to Europe, or employment in situations which preclude their joining, may have been notified in General Orders, is directed to be discontinued, and the reasons of the absence of all Officers under such circumstances is to be distinctly stated in the Monthly Returns, so far as they may be known; and in the case of Officers on furlough to Europe or on leave of absence in the country, the date of the General Orders granting such leave is to be correctly noted.

European commissioned Officers absent from their Corps how to be noticed in the Monthly Returns.

(By G. O. C. C. 22d October, 1811, Casualty Lists of all Native Corps are to be transmitted monthly to the Adjutant General's Office with the Monthly Returns.)

Casualty Lists of Native Corps to be transmitted with the Monthly Returns.

Proc. M. B. 13th Oct. 1811 The Military Board desire, that the future supplies for Hindoos, who cook on board ship, may include a set of rollers and tables and a broad flat spoon for turning the cakes to each frying pan, or for every 20 men.

Proportion of cooking utensils for Native Troops on ship board.

Proc. G. G. 6th Mar. 1811 The Governor General in Council determined on the 4th instant, that the Commanders of the Hon'ble Company's Ships and Masters of Transports which are taken up for the service of Government in the present expedition shall appropriate one half of the round-house of their respective ships to the accommodation of the senior Military Officer or Staff who may be embarked on board.

Accommodation allotted for the commanding Officer of the Troops on board the transports employed in the Expedition against Java.

G. O. C. C. 4th Feb. 1811 With the sanction of the Governor General in Council, the Commander in Chief is pleased to direct that an Embarkation Committee shall be immediately formed at the Presidency, to superintend and direct the Embarkation of the Troops, Stores, &c. of the expedition now preparing for Foreign Service.

Committee appointed to superintend the Embarkation of Troops, &c. proceeding on Foreign Service.

The Committee to be composed of the Quarter-master General of His Majesty's and of the Hon'ble Company's Troops.

Captain W. H. Wood, acting Assistant Adjutant General, is appointed Secretary to the Committee.

Ext. Proc. V. P. 4th June 1811 The Vice President in Council has been pleased to authorize Captain Wood to draw a salary at the rate of Sicca Rupees 500 per mensem, during the period he has held the situation of Secretary to the Committee of Embarkation, in consideration of the labour and unavoidable expence to which that Officer has been subjected.

Allowance granted to the Secretary.

Allowance for the hire of a vessel to the Officer superintending the Embarkation of Troops; when not furnished at the public expense

The Vice President in Council, under the circumstances stated, is pleased to authorize the Military Auditor General to pass the bill drawn by Brigade Major Gough, amounting to Sicca Rupees 264, for the hire of a vessel for the purpose of conveying him to Saugor to examine and report on the state of the accommodation, &c. allotted to the Troops on board the several transports employed in the expedition against the Isle of France.

Proc. V. 1
24th Sept. 1811

Limitation of the amount of family certificates to be granted by Sepoys.

It is to be considered as a standing Regulation, that in no case the amount of family certificates granted by Sepoys shall exceed the sum of Sonat Rupees three and eight annas.

G. O. C. C
12th Mar. 1811

Period of Service with the Army required to qualify Officers for holding Staff situations.

Copies of Orders of the Hon'ble the Court of Directors to the other Presidencies, which are equally applicable to Bengal.

G. O. V. 1
20th Aug. 1811

Having adverted to the propriety of every Officer's gaining, at an early period, a competent knowledge of his professional duties, as well as with the view to the rank and command which he may ultimately attain in the immediate line of his profession, as with a view to qualify him even for situations in our Military Offices,—we direct, that hereafter no Officer may be permitted to hold any Staff or Official Situation whatever, except the Regimental one of Adjutant, until he shall have served five years with the Corps to which he belongs.

We are decidedly of opinion that no Officers in our Service should be appointed to Staff situations, unless they have previously acquired a competent knowledge of the Hindoostany language, which is the vernacular language of Hindoostan, and more or less understood throughout the Decan.

Additional Deputy Adjutant General appointed for the duties of that Department at Head Quarters.

The Governor General in Council is pleased to revise the constitution of the Department of the Adjutant General at the Presidency, and to direct that, instead of the Adjutant General and two Assistant Adjutant Generals, as at present, it shall in future consist of the Adjutant General, a Deputy Adjutant General, and one Assistant Adjutant General, exclusive of the Deputy Adjutant General attached to the Officer commanding the Field Army.

G. O. C. G
17th Dec. 1811

The Governor General in Council is accordingly pleased to appoint Captain J. Nicol to the situation of Deputy Adjutant General in the Department at the Presidency, with the official Rank of Major, and a salary of Sonat Rupees 466 per mensem, with the pay, full batta and house rent of a Major, if not entitled to higher pay and batta by his Regimental Rank.

• (The Deputy Adjutant General at the Presidency also receives an allowance of 10 Sonat Rupees per mensem for two Peons.)

Additional Establishment authorized for the Deputy Adjutant General in the Field,

The Vice President in Council is pleased to authorize the undermentioned establishment for the Deputy Adjutant General's Department in the Field, instead of that fixed by the Orders of Government, dated the 23d April, 1807.

Proc. M. B.
18th June 1811

Ordered, that the sum to be disbursed monthly for the repairs of the Fort at Saharunpoor be regulated by the extent of work necessary to be performed in each month, not however exceeding in the year 1000 Rupees, without special authority founded on distinct previous representation of the grounds of necessity for such additional expense.

Limitation of the expense to be incurred annually for the repairs of the Fort of Saharunpoor.

G. O. 30th
July 1789

Earl Cornwallis having been informed that doubts are entertained by several Officers whether the Resident at Lucnow can with propriety demand any duties or compliments from the Battalion on duty at that place, unless by requisitions of the same nature and in the same form which are authorized to be made for the assistance of Troops by the Civil Servants in the different Offices within the Company's Provinces,—his Lordship desires that it may in future be understood by the Army, that it is the duty of the Officer commanding the Battalion that may be stationed at Lucnow to comply immediately, and

Directions to be observed by the Officer commanding the Battalion of Lucnow

without hesitation, as far as may be in his power, with all requisitions that may be made to him, either for duties from the Troops under his command, or for compliments by salutes, or otherwise, to any Native or European to whom the Resident may think it proper that such marks of distinction should be paid; but the Commanding Officer is strictly prohibited from paying a public compliment to any Native whatever, unless at the special requisition of the Resident, and he is on no account to order a salute of Artillery to any Officer, without having previously communicated his intention to the Resident: it is likewise to be considered as the duty of the Commanding Officer at Lucnow, upon his first arrival to take the duty of that Station, to deliver to the Resident a return of the number of men fit for duty in the Corps under his command, and if at any time during the period of his duty at Lucnow the original number of duty men should be diminished above 50, by sickness or other contingencies, he is to report it to the Resident.

His Lordship further directs, that if at any time a requisition of the Resident shall appear to the Commanding Officer to be irregular or improper, he shall, without declining or delaying to comply with it, state to the Resident the reasons for his opinion in temperate language; and should those reasons not have the desired effect with the Resident, he is to report the whole circumstances of the case to the Commanding Officer in the Field, who will either accommodate such difference of opinion between the Resident and Commanding Officer, or refer it for the decision of the Commander in Chief.

Attestations to be furnished by the Town Major to the certificates of Cadets, Officers, &c. reporting their arrival from Europe at his Office.

The Governor General in Council desires that in future the Town Major will affix to Cadets' Certificates, and to the Counterpart Covenants of Assistant Surgeons and Chaplains, an attestation under his signature of the date when each gentleman may report his arrival from Europe at his Office, previously to transmitting those documents to the Office of the Adjutant General, for the purpose of being submitted to Government; and that the Town Major be also informed that his Lordship in Council further desires that a similar attestation be also affixed by him to the Certificates furnished at the India House to Gentlemen on the Military Service returning to their duty on this Establishment.

Proc. G. G.
15th Dec. 1810

Directions to be observed by the Officer commanding at Cuttack on granting permission to the Native Troops to visit the Temple at Jagernaut.

With the view of obviating the inconvenience that might be experienced, were large bodies of the Native Troops permitted to visit the Temple at Jagernaut at one and the same time, the Officer commanding at Cuttack will be directed only to grant to them leave of absence from their Corps for that purpose in small parties, and to attend to any applications that may be made to him respecting that point by the Collector.

Proc. V. P.
15th June 1811

Guide allowance authorized for Detachments from Corps the commanding Officer of which is not in receipt of guide allowance.

The claim preferred by Captain Raper to an allowance for Guides and Hircarrahs at the rate of 50 Sonat Rupees per menssem, drawn by that Officer when detached in command of a Company from the Station of Dehli, at which the Commanding Officer (not being in command of the Battalion to which Captain Raper belongs) is in receipt of Sonat Rupees 150 per menssem for Guides and Hircarrahs, appearing to be supported by the Regulations laid down in Minutes of Council of the 18th April, published in General Orders of the 28th April, 1788, the retrenchment in question is remitted by his Excellency the Vice President in Council.

Proc. V. P.
4th June 1811

Directions to be observed by commanding Officers on occasions of issuing orders creative of expence.

Much inconvenience being found to attend the present practice of publishing in the General Orders circulated to the Army the Commander in Chief's confirmation of all such orders issued by Commanding Officers of Districts, Stations, Posts, or Detachments of the Army, creative of expence, as have been approved of at Head-quarters,—his Excellency is pleased to lay down the following rules with the view to obviate the continuance of the same, and directs that they be strictly and invariably attended to by all concerned.

G. O. C. C.
10th May 1811

Firft.—Copies, in duplicate, on foolscap paper and in half margin, of all Orders creative of expence which may be issued by Commanding Officers of Districts, Stations, Posts, or Detachments of the Army, are to be transmitted on the day of the date thereof, or as soon after as possible, direct to the Adjutant General at Head-quarters, accompanied by such explanation of the object and necessity of the same as the nature of the case may appear to require.

Second.—All documents which shall be received at the Adjutant General's Office, under the foregoing directions, will be submitted to the Commander in Chief at the earliest opportunity, after which the original orders will be transmitted back to the parties from whom they shall have been received, with the Commander in Chief's confirmation notified on the face of the same under the signature of the Adjutant General.

Third.—In all cases where the Commander in Chief may disapprove of Orders issued by Commanding Officers, the same will in like manner be notified on the face of the original Orders, which will be returned direct to the parties concerned without delay.

Fourth.—The original documents, with the Commander in Chief's decision thereon as above-mentioned, are to be preserved as records by the Public Staff Officers of Districts, Stations, Posts, or Detachments, as the case may be, and authenticated copies of them furnished to the parties concerned for the purpose of accompanying their bills for the expenditure to the Pay Department.

Fifth.—The appointment of Officers to act in General or Station Staff situations are to be submitted for confirmation in General Orders, as heretofore.

Sixth.—It being unnecessary to notify to the Army any arrangement which Commanding Officers of Corps may find it necessary to make for the due performance of the duties of Adjutant, or other Regimental or Battalion Staff during any temporary absence of the Regular Staff of Corps, from sickness or any other cause,—appointments of this nature will not in future be confirmed in General Orders, but they are invariably to be reported to Head-quarters.

In appointing Officers to act in General or Station Staff situations; or as Regimental or Battalion Staff.

G. O. C. C. 19th Oct. 1807 Officers commanding Stations are required to express very particularly in all Station Orders, authorizing the hire of boats, the number of Troops and nature of the Stores to be transported on them.

Station Orders regarding the hire of boats what to express

M. C. 31 Aug. 1779 It is directed hereby, that the Commanders of Battalions detached on the Frontiers do communicate all the information they receive to the different Chiefs or Residents of the Division where their Battalion or parties may be stationed; and that such Officers do refer every Vakeel or Agent who may at any time apply to them on an occasion in which the interests of the State may be concerned, in Peace or War, to the Chief of the Division, or to the Resident in whose District they may be stationed; giving immediate information to the Commander in Chief at the same time.

Directions to be observed by Officers in command of Frontier Posts.

G. O. C. C. 27th May 1811 Whenever Commanding Officers may find it necessary to order advances of cash to be made by their Station Paymasters, on account of the public service, the specific purposes for which the advances may be authorized are invariably to be expressed, in order to enable the Paymasters to enter all advances so made under their proper heads.

Commanding Officers in ordering advances to state the specific purposes for which they are required.

The Institution
for the educa-
tion of Cadets
at Barasut abo-
lished.

The Vice President in Council, under the Order of the Hon'ble the Court of Directors to that effect, is pleased to direct that the Institution at Barasut, for the instruction of Cadets in the several branches of education which appertain to their profession, shall be abolished.

C. O. P.
20th Aug. 1811

Regulations
observed
in
Ranking Cadets.

PARA. 2d—In consequence of our having come to the resolution to abolish the Military Institution which has been established at your Presidency for educating our Cadets in the Oriental Languages previous to their being posted to Regiments,—we feel it now highly necessary that the rank of all Cadets should be in future so clearly defined, that upon their actual arrival in India you should be enabled to post them immediately to those Corps in which they are to remain.

Exp. Let. C. D.
10th Apr. 1811

PARA. 3d—To attain this end, we have adopted the following Regulations.

First—That in future the rank of all Cadets, who may have actually taken their passage by any fleet of the season previous to its dispatch, be made out and delivered to the Secretary the morning on which the packets are to be closed.

Second—That should any Cadets defer taking their passage until after the above period, or should they not be nominated and permitted to embark until after the said list shall have been delivered to the Secretary, they shall be put at the bottom of the List of that fleet.

Third—That in order to determine the rank of such Cadets to whom the foregoing Regulation may be applicable, the name of the Cadet next to whom such subsequent nomination is to rank be inserted in the Secretary's certificate of appointment.

Fourth—Should you, therefore, hereafter discover that, upon the arrival of a fleet of ships, any Cadets whose names may have been inserted in the List of Rank so transmitted, have not arrived out by that fleet, you are hereby directed to strike their names out of the said List: as their proper rank will be found in the List of that fleet by which they may afterwards proceed.

And in the
education and
appointment of
Cadets for the
Corps of Engi-
neers and Ar-
tillery.

PARA. 36th—We have to acquaint you that we shall hereafter look solely to our own Establishment at our Military Seminary at Addiscombe, for a sufficient number of well-educated young men for our Artillery and Engineer Corps; and we have resolved that in future there shall be two public examinations during the year, viz. one in the month of October, and the second in the Month of April following.

Let. C. D. 22d
Feb. 1811

By this arrangement, those who are found qualified for the Artillery at the Public Examination in October will be enabled to proceed to India by the early ships of the season, and those reported qualified in April by the latter ships.

PARA. 37th—With a view to encourage genius and superior talents, and stimulate our young men to exertion, close application, and good behaviour during their residence at the Institution, we have further resolved to select, from the most promising among those who are reported qualified at the public examinations before mentioned, a certain proportion expressly for the Corps of Engineers; and we have determined that they shall be permit-
